The Honorable Sally Jewell  
Secretary  
U.S. Department of the Interior  
1849 C Street NW  
Washington, DC 20240

Dear Madam Secretary:

The Committee on Oversight and Government Reform continues to conduct oversight of the budget adjustments of federal departments and agencies under sequestration pursuant to the Budget Control Act of 2011 (P.L. 112-25), as modified by the American Taxpayer Relief Act of 2012 (P.L. 112-240). It appears that the National Park Service (NPS), within the Department of Interior, is irresponsibly using tax dollars to notify the public that park closures and/or delayed openings are due to sequestration. At a time when agencies must seek ways to be more fiscally responsible and reduce spending, the Committee is concerned that NPS is using taxpayer dollars to publicize sequestration.

The NPS is using signage, such as the example below at a campground in the Blue Ridge Parkway, to inform the public that parks are closed “due to sequestration.” At a recent hearing before the Committee, NPS Director Jonathan Jarvis testified that he was “unaware of any signs[,]” but he admitted that such signs are “inappropriate” and that he “would instruct [a] park to take those down.”<sup>1</sup> Mr. Jarvis also stated that in light of sequestration he instructed parks to spend conservatively and defer non-essential contracts.<sup>2</sup> Therefore, it is troubling that NPS parks appear to have spent resources on contracts to advertise the impacts of sequestration.

<sup>1</sup> *Open to Visitors? Assessing the Federal Effort to Minimize the Sequester's Impact on Access to Our Nation's Capital and National Treasures: Hearing Before the Comm. on Oversight and Govt. Reform, 113<sup>th</sup> Cong (2013) (statement of Jonathan Jarvis, National Park Service).*

<sup>2</sup> *Id.*; see also Memo from Mr. Jonathan Jarvis, Director, National Park Service, to Regional Directors, Associate and Assistant Directors, USPP, January 25, 2013, Attachment 3: Sequestration Reduction Planning Template.

The signs seem to be another tactic used by the Administration to politicize sequestration, and the Committee is concerned that it is being done at the taxpayers' expense. Accordingly, we request the following information by May 6, 2013:

1. The total amount spent or contracted to be spent on signs referring or relating to sequestration, including an itemized list of amounts spent on each sign.
2. A list of all signs referring or relating to sequestration, including the locations where such signs are posted, are scheduled to be posted, or have been posted.
3. All documents and communications sent or received by NPS or Interior Department personnel referring or relating to public signage about sequestration, including but not limited, to those documents and communications between NPS or Interior Department personnel and staff of the Executive Office of the President.

When producing documents to the Committee, please deliver production sets to the Majority Staff in room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building. The Committee prefers, if possible, to receive all documents in electronic format.

The Committee on Oversight and Government Reform is the principal oversight committee of the House of Representatives and may at "any time" investigate "any matter" as set forth in House Rule X. An attachment to this letter provides additional information about responding to the Committee's request.

If you have any questions about this request, please contact Kristin Nelson or Tyler Grimm of the Committee Staff at 202-225-5074. Thank you for your attention to this matter.

Sincerely,

Darrell Issa  
Chairman

Mark Meadows  
Member of Congress

### **Responding to Committee Document Requests**

1. In complying with this request, you are required to produce all responsive documents that are in your possession, custody, or control, whether held by you or your past or present agents, employees, and representatives acting on your behalf. You should also produce documents that you have a legal right to obtain, that you have a right to copy or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party. Requested records, documents, data or information should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee.
2. In the event that any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.
3. The Committee's preference is to receive documents in electronic form (i.e., CD, memory stick, or thumb drive) in lieu of paper productions.
4. Documents produced in electronic format should also be organized, identified, and indexed electronically.
5. Electronic document productions should be prepared according to the following standards:
  - (a) The production should consist of single page Tagged Image File ("TIF"), files accompanied by a Concordance-format load file, an Opticon reference file, and a file defining the fields and character lengths of the load file.
  - (b) Document numbers in the load file should match document Bates numbers and TIF file names.
  - (c) If the production is completed through a series of multiple partial productions, field names and file order in all load files should match.
  - (d) All electronic documents produced to the Committee should include the following fields of metadata specific to each document;

BEGDOC, ENDDOC, TEXT, BEGATTACH, ENDATTACH,  
PAGECOUNT, CUSTODIAN, RECORDTYPE, DATE, TIME, SENTDATE,  
SENTTIME, BEGINDATE, BEGINTIME, ENDDATE, ENDTIME, AUTHOR, FROM,

6. Documents produced to the Committee should include an index describing the contents of the production. To the extent more than one CD, hard drive, memory stick, thumb drive, box or folder is produced, each CD, hard drive, memory stick, thumb drive, box or folder should contain an index describing its contents.
7. Documents produced in response to this request shall be produced together with copies of file labels, dividers or identifying markers with which they were associated when the request was served.
8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.
13. If any document responsive to this request was, but no longer is, in your possession, custody, or control, identify the document (stating its date, author, subject and recipients) and explain the circumstances under which the document ceased to be in your possession, custody, or control.
14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.
15. Unless otherwise specified, the time period covered by this request is from January 1, 2009 to the present.
16. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been

located or discovered by the return date, shall be produced immediately upon subsequent location or discovery.

17. All documents shall be Bates-stamped sequentially and produced sequentially.
18. Two sets of documents shall be delivered, one set to the Majority Staff and one set to the Minority Staff. When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.
19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
