The Honorable Ashton Carter
Secretary
U.S. Department of Defense
1400 Defense Pentagon
Washington, D.C. 20301

The Honorable Anthony Foxx
Secretary
U.S. Department of Transportation
1200 New Jersey Avenue, SE
Washington, D.C. 20590

Dear Secretary Carter and Secretary Foxx:

We are alarmed that an individual was able to pilot a small gyrocopter over highly restricted airspace and land on the West Lawn of the Capitol on April 15, 2015.¹ This event is reminiscent of the January 26, 2015 incident where a “quad copter” device crashed on the southeast side of the White House complex.² Given the increased production and use of small unmanned aerial vehicles, the fact that an individual was able to land a gyrocopter on the lawn of the Capitol is disturbing. These events raise questions about similar manned and unmanned aircraft entering D.C.’s highly restricted airspace and threatening high value targets and individuals.

In order to better understand how the various federal agencies communicate and coordinate addressing and mitigating these threats, we request a response to the following questions as soon as possible but no later than 5:00 p.m. on April 29, 2015. In addition, we request your departments brief our staff no later than April 24, 2015.

1. A detailed timeline of when your department became aware of the gyrocopter pilot and the information pertaining to him, and that an unauthorized aerial vehicle had entered D.C.’s restricted airspace, and all communications about how to respond to this threat;
2. All protocols for referring threat intelligence and/or interacting with other law enforcement entities to address a potential threat to Washington, D.C. airspace; and
3. Any memorandums of understanding between the Secret Service and the Federal Aviation Administration, Department of Defense, Capitol Police, or any other law enforcement entity with jurisdiction over the Washington, D.C. airspace, including what agency or office has ultimate authority for responding to an aerial threat.

You should also produce documents that you have a legal right to obtain, that you have a right to copy or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party. Requested records, documents, data or information should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee.
2. In the event that any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.

8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.
13. If any document responsive to this request was, but no longer is, in your possession, custody, or control, identify the document (stating its date, author, subject and recipients) and explain the circumstances under which the document ceased to be in your possession, custody, or control.

If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.

When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
