The Honorable Brad Raffensperger
Secretary of State
State of Georgia
214 State Capitol
Atlanta, Georgia 30334

Dear Secretary Raffensperger:

The Committee on Oversight and Reform is investigating recent reports of serious problems with voter registration, voter access, and other matters affecting the ability of people in Georgia to exercise their right to vote. The Committee is particularly concerned by reports that Georgians faced unprecedented challenges with registering to vote and significant barriers to casting their votes during the 2018 election.¹

For example, the Georgia Secretary of State’s Office reportedly cancelled voter registrations for more than 1.4 million Georgians, including 670,000 in 2017.² In 2018, 53,000 Georgians who tried to register, most of them minorities, apparently had their applications placed on hold by the Secretary of State’s Office.³

In addition, county and state officials have closed more than 200 polling places across Georgia since 2012.⁴ Officials reportedly considered closing nearly all polling sites in one majority African American county, although they ultimately relented after public scrutiny.⁵ In other counties with significant minority populations, voters waited for hours to cast their ballots.

even though hundreds of available voting machines sat unused in government warehouses.\(^6\) In addition, a recent report found an unusually high number of “undervotes” for Lieutenant Governor among African American voters in the 2018 general election.\(^7\)

For these reasons, please provide the following documents by March 20, 2019, for the time period from January 1, 2017, through the present:

1. All communications related to any voter roll purges, list maintenance activity, or other government actions to remove voters from the rolls or cancel registrations pursuant to Georgia’s “use it or lose it” law, O.C.G.A. § 21-2-234, including the voter roll purge conducted in July 2017, which reportedly resulted in more than 500,000 people being removed from Georgia’s voter rolls for inactivity;\(^8\)

2. All communications related to the placement of voter registration applications on hold or in pending status under the Secretary of State’s “exact match” policy interpretation of the Georgia voter registration statute, O.C.G.A. § 21-2-220.1.6, or any other efforts to delay or deny approval of voter registrations in advance of the 2018 elections;

3. All documents related to closing, moving, or consolidating polling sites, including:
   a. any consideration of the closure of polling sites in Randolph County or other locations in Georgia;
   b. any consideration of using the Americans with Disabilities Act as a basis for closing polling sites or limiting polling site hours; and
   c. any communications with or regarding consultants hired by state or local officials in connection with this issue;

4. All documents related to the sequestration of voting machines, or other actions that prevented voting machines from being used on Election Day, including the sequestration of voting machines in Cobb, DeKalb, Fulton, or other counties;

5. All documents related to undervotes or drop-offs in voting rates in any state or federal races in the 2018 general election, including with respect to the Lieutenant

Governor race or other races;

6. All documents related to ethical or legal obligations or possible conflicts of interest of former Secretary of State Brian Kemp while he simultaneously ran for Governor and oversaw the state’s elections in 2018; and

7. All documents related to the allegation by the Georgia Secretary of State’s Office on November 3, 2018, that there had been a failed attempt to hack the state’s voter registration system, and that the Secretary of State’s Office had opened an investigation into the Democratic Party of Georgia.9

For purposes of this request, please produce responsive communications involving:

• You or other senior officials or managers at the Georgia Secretary of State’s Office, including anyone in the Secretary’s leadership team, Election Division management, or others;

• The Governor or other officials in the Governor’s Office;

• Georgia county election officials;

• Federal officials or officials from other states;

• Anyone affiliated with Governor Kemp’s gubernatorial campaign or any other campaign in the 2018 election;

• Anyone affiliated with a group that made political expenditures in the 2018 election;

• Employees of any election equipment vendors, including Election Systems & Software (ES&S); or
