Mr. Stephen Arpie  
Director  
Absolute Standards, Inc.  
PO Box 5585  
Hamden, CT 06518

Dear Mr. Arpie:

The Subcommittee on Civil Rights and Civil Liberties is investigating the decision by the Department of Justice (DOJ) to resume federal executions using a lethal injection drug called pentobarbital. Our investigation indicates that Absolute Standards, Inc. may have information relevant to the acquisition and use of this drug by DOJ.

On July 25, 2019, DOJ announced that it would resume executions for federal inmates with death penalty convictions and that it would use pentobarbital instead of the three-drug cocktail used previously. This closely mirrors the lethal injection protocols of several states, including Georgia, Missouri, and Texas.<sup>1</sup>

We are deeply concerned about the use of pentobarbital in executions. Due to a lack of supply of the drug in the United States, the few states that use it for lethal injections have resorted to purchasing it from compounding pharmacies. Products of compounding pharmacies are typically not subject to the same rigorous approval process as those of other manufacturers, leading to many reported problems with the efficacy and potency of the pentobarbital they may sell. There have been several reports of inmates injected with the chemical saying before they died that they could feel themselves “burning.”<sup>2</sup>

DOJ and the Bureau of Prisons (BOP) have refused to disclose to the Subcommittee how and from whom they will acquire this chemical or who tests it for them, but DOJ has filed redacted testing reports indicating that your company has assisted DOJ in securing and/or testing pentobarbital for death penalty executions.

For these reasons, we request that you answer the following questions for the period of January 1, 2017, to the present, and references to “government entity” should be construed to mean federal or state governments:

1. What services or products has your company provided to any government entity or contractor acting on behalf of a government entity regarding the use of pentobarbital?
2. Has your company sold or compounded pentobarbital for any government entity or contractor acting on behalf of a government entity, and if so, how much pentobarbital has it sold, to which clients, when, and for how much?
3. Has your company conducted any tests on pentobarbital for any government entity or contractor acting on behalf of a government entity, and if so, for which clients, when, and for how much?
4. Has your company communicated with any compounding pharmacy or dosage manufacturer regarding the use or sale of pentobarbital, and if so, which pharmacies or manufacturers?
5. Does your company have any knowledge of compounding pharmacies or dosage manufacturers that have been in communication with or sold pentobarbital to any government entity or contractor acting on behalf of a government entity, and if so, which pharmacy or manufacturer?
6. When did your company become aware that it was testing or providing pentobarbital for use in human lethal injections?
7. Does your company have any internal guidance referring or relating to the sale of pentobarbital for use in executions, and if so, when was it instituted and how does it ensure compliance with that guidance?

In addition, we request that you provide, all documents for the period from January 1, 2017, to the present referring or relating to:

1. The sale or potential sale of pentobarbital to any government entity or contractor acting on behalf of a government agency, including but not limited to purchase orders, invoices, and task orders;
2. The testing of pentobarbital for use in lethal injections;
3. The client whose reports are included in the attached document; and
4. The potential sourcing of pentobarbital from compounding pharmacies or other manufacturing companies.

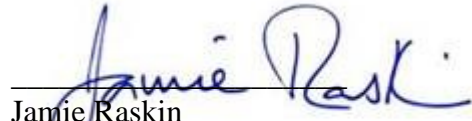

Mr. Stephen Arpie

## **Responding to Oversight Committee Document Requests**

1. In complying with this request, produce all responsive documents that are in your possession, custody, or control, whether held by you or your past or present agents, employees, and representatives acting on your behalf. Produce all documents that you have a legal right to obtain, that you have a right to copy, or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party.
2. Requested documents, and all documents reasonably related to the requested documents, should not be destroyed, altered, removed, transferred, or otherwise made inaccessible to the Committee.
3. In the event that any entity, organization, or individual denoted in this request is or has been known by any name other than that herein denoted, the request shall be read also to include that alternative identification.
4. The Committee's preference is to receive documents in electronic form (i.e., CD, memory stick, thumb drive, or secure file transfer) in lieu of paper productions.
5. Documents produced in electronic format should be organized, identified, and indexed electronically.
6. Electronic document productions should be prepared according to the following standards:
  - a. The production should consist of single page Tagged Image File ("TIF"), files accompanied by a Concordance-format load file, an Opticon reference file, and a file defining the fields and character lengths of the load file.
  - b. Document numbers in the load file should match document Bates numbers and TIF file names.
  - c. If the production is completed through a series of multiple partial productions, field names and file order in all load files should match.
  - d. All electronic documents produced to the Committee should include the following fields of metadata specific to each document, and no modifications should be made to the original metadata:

BEGDOC, ENDDOC, TEXT, BEGATTACH, ENDATTACH, PAGECOUNT, CUSTODIAN, RECORDTYPE, DATE, TIME, SENTDATE, SENTTIME, BEGINDATE, BEGINTIME, ENDDATE, ENDTIME, AUTHOR, FROM, CC, TO, BCC, SUBJECT, TITLE, FILENAME, FILEEXT, FILESIZE, DATECREATED, TIMECREATED, DATELASTMOD, TIMELASTMOD,

INTMSGID, INTMSGHEADER, NATIVELINK, INTFILPATH, EXCEPTION,

7. Documents produced to the Committee should include an index describing the contents of the production. To the extent more than one CD, hard drive, memory stick, thumb drive, zip file, box, or folder is produced, each should contain an index describing its contents.
8. Documents produced in response to this request shall be produced together with copies of file labels, dividers, or identifying markers with which they were associated when the request was served.
9. When you produce documents, you should identify the paragraph(s) or request(s) in the Committee's letter to which the documents respond.
10. The fact that any other person or entity also possesses non-identical or identical copies of the same documents shall not be a basis to withhold any information.
11. The pendency of or potential for litigation shall not be a basis to withhold any information.
12. In accordance with 5 U.S.C. § 552(d), the Freedom of Information Act (FOIA) and any statutory exemptions to FOIA shall not be a basis for withholding any information.
13. Pursuant to 5 U.S.C. § 552a(b)(9), the Privacy Act shall not be a basis for withholding information.
14. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.

18. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data, or information not produced because it has not been located or discovered by the return date shall be produced immediately upon subsequent location or discovery.
19. All documents shall be Bates-stamped sequentially and produced sequentially.
20. Two sets of each production shall be delivered, one set to the Majority Staff and one set to the Minority Staff. When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2105 of the Rayburn House Office Building.
