Dear Representative Cummings and Representative Conyers:

We are in receipt of your October 26, 2017 letter, and can assure you that our company has had no contact with nor received any information from a foreign government or foreign actor with respect to the products or services we provide. We respectfully decline to respond any further to your questions, as we have no first-hand knowledge of the events your letter cites as your area of concern.

Furthermore, as you know, there are at least three pending investigations by your congressional colleagues and an ongoing proceeding led by the Office of Special Counsel. We trust you understand that we must respectfully decline to produce to you rather than those charged with the responsibility of investigating these matters.
