The Honorable Anthony Foxx  
Secretary  
U.S. Department of Transportation  
1200 New Jersey Avenue, S.E.  
Washington, DC 20590-9898

Dear Mr. Secretary:

The Moving Ahead for Progress in the 21st Century Act (MAP-21) was intended to restructure major highway programs to increase efficiencies and reduce costs. To accomplish this, the Act called for the reduction or consolidation of nearly two-thirds of existing programs.<sup>1</sup> The Committee is concerned about the delay in the rulemaking required to implement these provisions of MAP-21. Further, the Department has not clarified which programs it streamlined in pursuit of the performance goals identified in the law.<sup>2</sup>

To assist the Committee's effort to identify specific eliminated and consolidated programs, please provide the following information as soon as possible, but no later than 5:00 p.m. on July 24, 2015:

- 1) The Department's projections regarding when the rulemaking required by the law will be completed;
- 2) A table showing the past discretionary programs targeted for streamlining by MAP-21, including details on their current status and the performance measures currently applicable;

---

<sup>1</sup> Moving Ahead for Progress in the 21st Century Act, Pub. L. No. 112-141 (2012). Under the Act, activities carried out under some existing formula programs – the National Highway System Program, the Interstate Maintenance Program, the Highway Bridge Program, and the Appalachian Development Highway System Program—were incorporated into six core programs. The law further created two new formula programs and a new discretionary program, but eliminated most previous discretionary programs, though the eligibilities for these programs may have been covered in others.

<sup>2</sup> Gov't Accountability Office, *Surface Transportation: DOT is Progressing Toward a Performance-Based Approach, but States and Grantees Report Potential Implementation Challenges* (Jan. 16, 2015) (GAO-15-21).

- 3) The annual administrative costs and full-time employees (FTEs) for any programs targeted for streamlining under MAP-21 that continue to operate as distinct entities outside the MAP-21 framework; and,
- 4) The number of full-time positions that have been reduced as a result of programs consolidated or eliminated pursuant to MAP-21.

An attachment to this letter provides additional information about responding to the Committee's request. When producing documents to the Committee, please deliver production sets to the Majority staff in Room 2157 of the Rayburn House Office Building and the Minority staff in Room 2471 of the Rayburn House Office Building. The Committee prefers, if possible, to receive all documents in electronic format.

The Committee on Oversight and Government Reform is the principal investigative committee in the U.S. House of Representatives. Pursuant to House Rule X, the Committee has authority to investigate "any matter" at "any time."

If you have questions about this request, please contact Betty Ward-Zukerman or Michael Kiko of the Majority staff at (202) 225-5074. Thank you for your prompt attention to this matter.

Sincerely,

8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.

14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.
15. Unless otherwise specified, the time period covered by this request is from January 1, 2009 to the present.
16. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been located or discovered by the return date, shall be produced immediately upon subsequent location or discovery.

When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
