The Honorable Jo-Ellen Darcy  
Assistant Secretary of the Army for Civil Works  
U.S. Army Corps of Engineers  
The Pentagon, Room 2E569  
Arlington, VA 20130-0108

Dear Ms. Darcy:

The Committee requires additional information about the Army Corps of Engineers (Corps) and the Environmental Protection Agency's (EPA) recently published rule, "Waters of the United States,"<sup>1</sup> which defines the scope of waters subject to the Clean Water Act (CWA). The Committee has in the past expressed an interest in learning more about the rule's development during the course of several hearings and letters to the EPA and the Office of Information and Regulatory Affairs (OIRA) of the Office of Management and Budget (OMB). The Committee recently learned, however, that you pursued finalizing this rule even after senior Corps staff raised serious issues and outlined deficiencies in the rule's development.

In a June 10, 2015 hearing before the House Transportation and Infrastructure Subcommittee on Water Resources and Environment, you acknowledged receiving an April 27, 2015 memorandum from Major General John Peabody, Deputy Commanding General for Civil and Emergency Operations at the Corps, detailing serious deficiencies in the rule. You testified that you made EPA aware of the issues raised in the memorandum, but, to your knowledge, the memorandum was not shared with OMB. The Committee is also aware of a second memorandum from Major General Peabody, dated May 15, 2015, that included an analysis conducted by a senior economist at the Corps' Institute for Water Resources expressing concerns with the economic analysis underlying the rule.

To better understand the Corps' process in finalizing the rule, please provide the following documents and information as soon as possible, but no later than 5:00 p.m. on August 7, 2015:

1. All documents and communications referring or relating to the April 27, 2015 and May 15, 2015 memoranda sent from Major General John Peabody or concerns raised therein, including, but not limited to, the memoranda and attachments. Please provide copies of these memoranda and attachments in a clean, unmarked, and unredacted form, without any non-original blemishes;

---

2. All documents and communications between and among Corps employees referring or relating to the rule, prior versions of the rule, or related guidance;
3. All documents and communications between and among Corps and EPA employees referring or relating to the rule, prior versions of the rule, or related guidance;
4. All documents and communications between and among Corps and USDA employees referring or relating to the rule, prior versions of the rule, or related guidance; and
5. All documents and communications between and among Corps and Office of Management and Budget, including OIRA, employees referring or relating to the rule, prior versions of the rule, or related guidance.

We understand that watermarked versions of the memoranda and attachments requested under item number one, above, have been produced to other congressional committees. As a result, we expect there to be no delay producing clean versions of these documents to this Committee as a preliminary production in response to this request.

The Committee on Oversight and Government Reform is the principal investigative committee in the U.S. House of Representatives. Pursuant to House Rule X, the Committee has authority to investigate "any matter" at "any time."

When producing documents to the Committee, please deliver production sets to the Majority staff in room 2157 of the Rayburn House Office Building and the Minority staff in room 2471 of the Rayburn House Office Building. The Committee prefers, if possible, to receive all documents in electronic format. An attachment to this letter provides additional information about responding to the Committee's request.

Please contact Christina Aizcorbe of the Committee staff at (202) 225-5074 with questions about this request. Thank you for your cooperation in this matter.

Sincerely,

1. In complying with this request, you are required to produce all responsive documents that are in your possession, custody, or control, whether held by you or your past or present agents, employees, and representatives acting on your behalf. You should also produce documents that you have a legal right to obtain, that you have a right to copy or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party. Requested records, documents, data or information should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee.
2. In the event that any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.
3. The Committee's preference is to receive documents in electronic form (i.e., CD, memory stick, or thumb drive) in lieu of paper productions.

7. Documents produced in response to this request shall be produced together with copies of file labels, dividers or identifying markers with which they were associated when the request was served.
8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.
13. If any document responsive to this request was, but no longer is, in your possession, custody, or control, identify the document (stating its date, author, subject and recipients) and explain the circumstances under which the document ceased to be in your possession, custody, or control.
14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.
15. Unless otherwise specified, the time period covered by this request is from January 1, 2009 to the present.
16. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been located or discovered by the return date, shall be produced immediately upon subsequent location or discovery.
17. All documents shall be Bates-stamped sequentially and produced sequentially.
18. Two sets of documents shall be delivered, one set to the Majority Staff and one set to the Minority Staff. When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
