The Honorable Beth F. Cobert
Acting Director
U.S. Office of Personnel Management
1900 E Street NW
Washington, DC 20415-1000

Dear Ms. Cobert:

On April 21, 2015, at Office of Personnel Management (OPM) headquarters in Washington, D.C., CyTech demonstrated its high speed forensic incident response tool, called “CyFIR.” The next day, an analysis of results produced by the CyFIR demonstration revealed malicious code on OPM’s network. CyTech subsequently provided incident response assistance to OPM, the Federal Bureau of Investigation, and the U.S. Computer Emergency Readiness Team. CyTech assistance included performing SQL Data Base and evidence acquisition using the CyFIR tool.¹

OPM remained in possession of CyTech’s appliance until August 20, 2015 when an OPM contractor returned it to CyTech. The property was returned the day after the Oversight and Government Reform staff made inquiries to several federal agencies to inquire about the location of the CyTech appliance. According to a CyTech analysis conducted after receiving the property, the data storage drive in CyTech’s appliance was deleted on August 17, 2015 — three days before it was returned.

The Committee is investigating breaches of OPM’s networks and the agency’s subsequent response. The data and evidence contained on CyTech’s appliance is relevant to the Committee’s investigation. The deletion or loss of that data – intentional or otherwise – would damage the Committee’s effort to determine how and why OPM’s networks were infiltrated. So the Committee can better understand the circumstances under which CyTech’s was deleted, please provide the following documents and information:

1. All documents and communications referring or relating to CyTech’s appliance, including, but not limited to, all documents and communications referring or relating to deletion of the data storage device.

2. All analyses and summaries of information gathered from CyTech's appliance.
3. All data on CyTech's appliance at the time the data storage device was deleted.

Please produce the documents and information requested herein as soon as possible, but by no later than 5:00 p.m. on September 23, 2015. When producing documents to the Committee, please deliver production sets to the Majority staff in room 2157 of the Rayburn House Office Building and the Minority staff in room 2471 of the Rayburn House Office Building. The Committee prefers, if possible, to receive all documents in electronic format. An attachment to this letter provides additional information about responding to the Committee's request.

The Committee on Oversight and Government Reform is the principal investigative committee in the U.S. House of Representatives. Pursuant to House Rule X, the Committee has authority to investigate "any matter" at "any time."

Please contact Julie Dunne or Mike Flynn of the Committee staff at (202) 225-5074 with any questions about this request. Thank you for your attention to this matter.

Sincerely,

Jason Chaffetz
Chairman

You should also produce documents that you have a legal right to obtain, that you have a right to copy or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party. Requested records, documents, data or information should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee.
2. In the event that any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.

8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.
13. If any document responsive to this request was, but no longer is, in your possession, custody, or control, identify the document (stating its date, author, subject and recipients) and explain the circumstances under which the document ceased to be in your possession, custody, or control.
14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.
15. Unless otherwise specified, the time period covered by this request is from January 1, 2009 to the present.
16. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been located or discovered by the return date, shall be produced immediately upon subsequent location or discovery.
17. All documents shall be Bates-stamped sequentially and produced sequentially.

When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
