Ms. Cate Dyer
Founder and CEO
StemExpress
778 Pacific Street
Placerville, CA 95667

Dear Ms. Dyer:

The Center for Medical Progress recently released videos that implicate Planned Parenthood Federation of America and its affiliates in potentially unlawful transactions involving fetal tissue.¹ In the videos, Planned Parenthood representatives discuss the demand for certain body parts, the manner in which patient consent is solicited, pricing considerations, and the methods by which doctors manipulate procedures to ensure that tissues remain intact.² For example, in one video, a Planned Parenthood official discusses how doctors modify procedures to preserve intact fetal specimens that can be provided to research firms in exchange for money. The Planned Parenthood official also discusses how reimbursement amounts can be manipulated.³ The videos raise questions as to whether federal funds are being used to finance the potentially illegal conduct described therein.

StemExpress has been identified as a company that procured fetal tissue from one or more Planned Parenthood centers.⁴ To help the Committee understand the process whereby StemExpress obtained fetal tissue from Planned Parenthood Federation of America, please provide the following documents and information as soon as possible, but no later than 5:00 p.m. on September 23, 2015:

1. All contracts, agreements, or other arrangements that StemExpress entered into with any Planned Parenthood center relating to the provision, donation, and/or sale of fetal tissue, since January 1, 2010.
2. All documents referring or relating to obtaining informed patient consent, and any related declaration forms utilized by attending physicians.

8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
