The Honorable Neil Kornze
Director
U.S. Bureau of Land Management
1849 C Street NW, Room 5665
Washington, DC 20240

Dear Director Kornze:

The hydraulic fracturing rule finalized by the Bureau of Land Management in March 2015 will impinge on thousands of wells, impose significant costs, and expand federal oversight of hydraulic fracturing operations in the West.¹ As a result, several states, including Utah and Wyoming, Indian tribes and other affected parties, have litigated to prevent the rule from being implemented.² On September 30, 2015, a federal judge in Wyoming granted an injunction that blocked the rule on the grounds that BLM exceeded its authority to regulate hydraulic fracturing.³

Given the controversy surrounding this rule, and the impact that it will have on the West, the Committee is reviewing the process by which the rule was made. To assist the Committee, please provide the following documents and information:

1. All documents and communications that comprise the full administrative record relating to the hydraulic fracturing rule issued by BLM on or about March 20, 2015.
2. All documents and communications, including, but not limited to, maps, charts, diagrams, photos, logs, illustrations, memoranda, guidelines, orders, instructions, regulations, journals, notes, periodicals, studies, proposals, meeting minutes/agendas, agreements, reports, contracts, matrices, comments, correspondence, lists, and presentations, referring or relating to the hydraulic fracturing rule.

It is our understanding that much of this information has already been gathered as part of the litigation process and we expect that BLM will produce those records promptly. Records that BLM has withheld from plaintiffs as privileged should also be produced pursuant to this request.

Please provide the requested information as soon as possible, but no later than 5:00 p.m. on October 30, 2015. An attachment to this letter provides additional information about responding to the Committee's request. When producing documents to the Committee, please deliver production sets to the OGR Majority staff in room 2157 of the Rayburn House Office Building and the OGR Minority staff in room 2471 of the Rayburn House Office Building. The Committee prefers, if possible, to receive all documents in electronic format.

The Committee on Oversight and Government Reform is the principal oversight committee of the House of Representatives and has broad authority to investigate "any matter" at "any time" under House Rule X.

Please contact Bill McGrath of the Committee staff at (202) 225-5074 with any questions about this request. Thank you for your prompt attention to this matter.

Sincerely,

Jason Chaffetz
Chairman

You should also produce documents that you have a legal right to obtain, that you have a right to copy or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party. Requested records, documents, data or information should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee.
2. In the event that any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.

8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.

14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.
15. Unless otherwise specified, the time period covered by this request is from January 1, 2009 to the present.
16. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been located or discovered by the return date, shall be produced immediately upon subsequent location or discovery.
17. All documents shall be Bates-stamped sequentially and produced sequentially.

When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
