The Honorable Arthur A. Elkins, Jr.
Inspector General
U.S. Environmental Protection Agency
1200 Pennsylvania Avenue, NW (2410T)
Washington, D.C. 20460

Dear Inspector General Elkins:

The Committee has been conducting oversight of the Environmental Protection Agency's actions related to preliminary environmental permitting for the Pebble Project, a well-publicized mining venture in Southwest Alaska near Bristol Bay. Pursuant to that effort, the Committee has examined former EPA employee Phil North's role in the permitting process.¹

It is our understanding that your office obtained several emails to or from Mr. North. In a letter dated August 6, 2015, from EPA to the National Archives and Records Administration, EPA stated:

EPA became aware of a potential loss or removal of federal records after the Office of Inspector General (OIG) informed EPA that during the course of its ongoing evaluation, the 'Review of the EPA's Assessment of Potential Mining Impacts in Bristol Bay, Alaska,' it obtained from a third party a copy of five emails sent to or from the personal email account of Phil North potentially concerning government business.²

To assist the Committee, please provide those five emails. Additionally, please provide any documents or communications referring or relating to contact between your office and Mr. North. Please provide the requested information as soon as possible, but no later than 5:00 p.m. on October 23, 2015.

11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.

14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
