In December 2014, the Federal Information Technology Acquisition Reform Act (FITARA) was enacted. The Committee is grading agency implementation of the following 4 key areas of FITARA. Based on available data, collected by GAO at the request of Committee, each agency was scored in the four areas, which were combined to yield an overall “A” through “F” grade.

1. Data Center Consolidation
2. IT Portfolio Review Savings
3. Incremental Development
4. Risk Assessment Transparency
