The Honorable Peter V. Neffenger
Administrator
Transportation Security Administration
601 12th Street South
Arlington, VA 22202

Dear Administrator Neffenger:

On December 18, 2015, the Transportation Security Administration declared that “TSA may direct mandatory advanced imaging technology (AIT) screening for some passengers.”¹ Previously, all passengers were free to opt out of AIT screening and receive a physical screening instead. While TSA maintains that most passengers may continue to freely opt out of AIT screening, the agency has declined to publicly specify which passengers will be subject to mandatory AIT screenings, citing security concerns.²

In September 2015 the Department of Homeland Security Office of Inspector General (OIG) released a report on the results of covert tests which found severe flaws in TSA’s AIT screening process. Inspector General Roth testified before this Committee that the results of the covert tests demonstrated “failures in the technology, failures in TSA procedures, and human error.”³

Despite the OIG’s findings, TSA maintains that “AIT technology improves threat detection capabilities for both metallic and non-metallic threat objects, while improving the passenger experience for those passengers for whom a physical screening is uncomfortable.”⁴

To assist the Committee in its assessment of the procedural modification to AIT screening, please provide the following information as soon as possible, but no later than January 18, 2016:

¹ Dept. of Homeland Sec., *Privacy Impact Assessment Update for TSA Advanced Imaging Technology* (Dec. 18, 2015) (DHS/TSA/PIA-032(d)), available at <http://www.dhs.gov/sites/default/files/publications/privacy-tsa-pia-32-d-ait.pdf>.

³ *TSA: Security Gaps, Hearing Before the H. Comm. on Oversight & Gov’t Reform*, 114th Cong. (Nov. 3, 2015) (statement of John Roth, Inspector Gen., Dept. of Homeland Sec.).

You should also produce documents that you have a legal right to obtain, that you have a right to copy or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party. Requested records, documents, data or information should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee.
2. In the event that any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.

8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.

14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.

When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
