The Honorable John F. Kerry  
Secretary  
U.S. Department of State  
2201 C Street NW  
Washington, D.C. 20520

Dear Mr. Secretary:

The Committee remains concerned about the performance of the Department of State in constructing, securing, and maintaining diplomatic facilities abroad. The design and construction of the estimated \$1.2 billion new embassy compound in Beirut, Lebanon (Beirut NEC) is chief among the Committee's concerns.

The history of the United States' presence in Beirut—including the suicide bombing of our embassy in 1983 and again in 1984, as well as the attack on our Marine barracks in 1983—demonstrates clearly the need to have a safe, secure facility in Lebanon. The Department's Inspector General recognized in 2012 that, “[n]early three decades after the bombing of the U.S. Embassy in 1983, the embassy still occupies an overcrowded and functionally obsolete compound,”<sup>1</sup> and that “[a]ccelerating the construction of a new embassy compound . . . would reduce the need for investment in the current facility.”<sup>2</sup> There were in 2012 “compelling security and functional arguments for moving construction forward in the Department’s list of capital cost-sharing construction priorities.”<sup>3</sup> That remains true today, and more than four years after the Inspector General’s findings, the Department has not yet broken ground on the Beirut NEC.

So the Committee can better understand the proposed design and construction of the Beirut NEC, please provide the following documents and information as soon as possible, but by no later than noon on April 26, 2016:

1. All Project Performance Review documents referring or relating to the Beirut NEC from January 1, 2015, to the present.

2. All proposed architectural renderings of the Beirut NEC from January 1, 2007, to the present.
3. All Action Memoranda approving the Beirut NEC as a Design-Bid-Build project from January 1, 2007, to the present.
4. All approvals—whether conditional, interim, or final—by the Bureau of Diplomatic Security referring or related to the design of the Beirut NEC from January 1, 2007, to the present.

The documents requested include all those that are in the custody, control, or possession, or within the right of custody, control, or possession of the Department of State.

The Committee on Oversight and Government Reform is the principal oversight committee of the House of Representatives and may at “any time” investigate “any matter” as set forth in House Rule X.

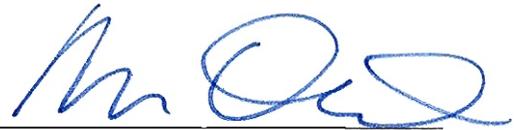

When producing documents to the Committee, please deliver production sets to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building. The Committee prefers, if possible, to receive all documents in electronic format. An attachment to this letter provides additional information about responding to the Committee’s request.

Please contact Cordell Hull of the Committee staff at (202) 225-5074 with any questions about this request. Thank you for your attention to this matter.

Chairman

Sincerely,

Ron DeSantis  
Chairman

Requested records, documents, data or information should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee.
2. In the event that any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.

7. Documents produced in response to this request shall be produced together with copies of file labels, dividers or identifying markers with which they were associated when the request was served.
8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.

14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.
15. Unless otherwise specified, the time period covered by this request is from January 1, 2009 to the present.
16. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been located or discovered by the return date, shall be produced immediately upon subsequent location or discovery.
17. All documents shall be Bates-stamped sequentially and produced sequentially.
18. Two sets of documents shall be delivered, one set to the Majority Staff and one set to the Minority Staff. When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
