November 3, 2016

The Honorable Beth F. Cobert
Acting Director
U.S. Office of Personnel Management
1900 E Street NW
Washington, D.C. 20415-1000

Dear Ms. Cobert:

In 2015, the Office of Personnel Management (OPM) entered into a contract with Winvale/CSID to provide identity protection services to 4.2 million individuals whose personnel records were stolen as part of a data breach at the agency. Individuals whose background investigation materials were stolen received identity theft protection services through a separate provider (and in some cases, individuals who were affected by both breaches received services from both providers).

The Winvale/CSID contract that covers individuals whose personnel records were lost terminates on December 1, 2016. On August 21, 2015, OPM wrote in a letter to the Committee that the agency “does not anticipate issuing additional orders or exercising any other option periods in the underlying agreement” with Winvale/CSID.¹ It is my understanding it remains the agency’s position that the Winvale/CSID contract will end on December 1, 2016, without renewal or extension, and those individuals receiving services from Winvale/CSID will continue receiving services from a new (yet to be announced) provider thereafter.

The transition to a new service provider may create confusion for the individuals covered by the Winvale/CSID contract. As the service period under this contract draws to a close, and to ensure that affected individuals receive sufficient information and services during the transition to a new provider, please provide the following documents and information as soon as possible, but no later than November 21, 2016:

1. Documents referring or relating to the communication plan to inform affected individuals, including those referring or relating to the plan to communicate about:
 - a. the change in service providers, and how their services will be impacted;
 - b. the legitimacy of the notifications, and/or convincing recipients that the notifications are not part of an identity theft scam; and
 - c. the process for re-enrolling with a new service provider for credit monitoring services;

¹ Letter from Jason K. Levine, Dir., Congressional, Legislative & Intergovernmental Affairs, U.S. Office of Personnel Mgmt. to Jason Chaffetz, Chairman, H. Comm. on Oversight & Government Reform (Aug. 21, 2015).

2. Documents sufficient to show the total amount of funding remaining under the Winvale/CSID contract that will support call volume and other forms of response in the remaining month of the contract, the volume of staffing hours this funding will support, and if such volume is sufficient to meet demand;
3. Documents sufficient to show the responsibilities of Winvale/CSID for servicing affected individuals from December 1, 2016, forward for individuals who request or otherwise seek assistance from Winvale/CSID; and
4. Documents referring or relating to work with federal employee representatives and other stakeholders to prepare for this transition of services.

An attachment to this letter provides additional information about responding to the Committee's request. When producing documents to the Committee, please deliver production sets to the Majority staff in room 2157 of the Rayburn House Office Building and the Minority staff in room 2471 of the Rayburn House Office Building. The Committee prefers, if possible, to receive all documents in electronic format.

The Committee on Oversight and Government Reform is the principal investigative committee in the U.S. House of Representatives. Pursuant to House Rule X, the Committee has authority to investigate "any matter" at "any time."

You should also produce documents that you have a legal right to obtain, that you have a right to copy or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party. Requested records, documents, data or information should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee.
2. In the event that any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.
3. The Committee's preference is to receive documents in electronic form (i.e., CD, memory stick, or thumb drive) in lieu of paper productions.
4. Documents produced in electronic format should also be organized, identified, and indexed electronically.
5. Electronic document productions should be prepared according to the following standards:
 - (a) The production should consist of single page Tagged Image File ("TIF"), files accompanied by a Concordance-format load file, an Opticon reference file, and a file defining the fields and character lengths of the load file.
 - (b) Document numbers in the load file should match document Bates numbers and TIF file names.
 - (c) If the production is completed through a series of multiple partial productions, field names and file order in all load files should match.

7. Documents produced in response to this request shall be produced together with copies of file labels, dividers or identifying markers with which they were associated when the request was served.
8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.
13. If any document responsive to this request was, but no longer is, in your possession, custody, or control, identify the document (stating its date, author, subject and recipients) and explain the circumstances under which the document ceased to be in your possession, custody, or control.
14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.
15. Unless otherwise specified, the time period covered by this request is from January 1, 2009 to the present.
16. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been located or discovered by the return date, shall be produced immediately upon subsequent location or discovery.
17. All documents shall be Bates-stamped sequentially and produced sequentially.

When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
