The Honorable Penny Pritzker
Secretary
U.S. Department of Commerce
1401 Constitution Avenue NW
Washington, D.C. 20230

Dear Madam Secretary:

It has come to our attention that Department of Commerce officials have refused to provide access to records from the International Trade Administration's Enforcement and Compliance (E&C) division to the Office of Inspector General (OIG).[1] The OIG reported to Congress that it requested access to the records during an audit of the E&C division.[2]

The Consolidated Appropriations Act of 2016 explicitly states that the only "records, documents, or other materials" that federal entities may withhold from their inspectors general are those subject to "a provision of law that expressly refers to the Inspector General and expressly limits the Inspector General's right of access."[3] In this case, it is not clear what, if any, provision of law would apply to the documents in question. In fact, the Department did not cite such a provision when it notified the OIG that the records in question would be withheld, according to the OIG.[4]

Deputy Inspector General David Smith wrote that the Department's General Counsel refused to provide access to the records in question on the basis of an Office of Legal Counsel (OLC) opinion issued before the Consolidated Appropriations Act of 2016 was passed.[5] The Department's position is also inconsistent with the Inspector General Act. Inspector General has responsibilities under this Act."[6] The inspectors general provide helpful and necessary oversight, and they cannot perform their statutory functions if agencies do not allow them access to records.

To help the Committee understand how and why the Department is refusing to comply with the intent of Congress with respect to providing records to inspectors general, please provide the following documents and information as soon as possible, but by no later than noon on May 10, 2016:

1. Documents and communications referring or relating to the legal basis, or any other reason, for the Department's decision to withhold E&C records from the Office of Inspector General.

2. Documents and communications referring or relating to Title V, Division B, Section 540 of the Consolidated Appropriations Act of 2016.

3. Documents and communications referring or relating to any refusal by the Department to provide access to records to the Office of Inspector General since January 1, 2014.

When producing documents to the Committee, please deliver production sets to the Majority staff in Room 2157 of the Rayburn House Office Building and the Minority staff in Room 2471 of the Rayburn House Office Building. The Committee prefers, if possible, to receive all documents in electronic format.

The Committee on Oversight and Government Reform is the principal oversight committee of the House of Representatives and has broad authority to investigate "any matter" at "any time" under House Rule X. An attachment to this letter provides additional information about responding to the Committee's request.

Please contact Alexa Armstrong of the Majority staff at (202) 225-5074 or Mark Stephenson of the Minority Staff at (202) 225-5051 with any questions about this request. Thank you for your prompt attention to this important matter.

Sincerely,

Jason Chaffetz

## Responding to Committee Document Requests

1. In complying with this request, you are required to produce all responsive documents that are in your possession, custody, or control, whether held by you or your past or present agents, employees, and representatives acting on your behalf. You should also produce documents that you have a legal right to obtain, that you have a right to copy or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party. Requested records, documents, data or information should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee.

2. In the event that any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.

3. The Committee's preference is to receive documents in electronic form (i.e., CD, memory stick, or thumb drive) in lieu of paper productions.

4. Documents produced in electronic format should also be organized, identified, and indexed electronically.

7. Documents produced in response to this request shall be produced together with copies of file labels, dividers or identifying markers with which they were associated when the request was served.

8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.

9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.

10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.

11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.

12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.

13. If any document responsive to this request was, but no longer is, in your possession, custody, or control, identify the document (stating its date, author, subject and recipients) and explain the circumstances under which the document ceased to be in your possession, custody, or control.

14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.

15. Unless otherwise specified, the time period covered by this request is from January 1, 2009 to the present.

16. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been located or discovered by the return date, shall be produced immediately upon subsequent location or discovery.

17. All documents shall be Bates-stamped sequentially and produced sequentially.

18. Two sets of documents shall be delivered, one set to the Majority Staff and one set to the Minority Staff. When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
