Mr. William J. Callahan
Acting Director
U.S. Secret Service
950 H Street NW
Washington, D.C. 20223

Dear Mr. Callahan:

The Committee is investigating the March 10, 2017 security incident at the White House where the U.S. Secret Service (USSS) arrested an individual after he jumped the White House fence.¹ In an affidavit filed with the U.S. District Court for the District of Columbia, the arresting officer stated that the individual was carrying two cans of mace and “was walking close to the exterior wall of the White House mansion” and, at one point, hid “behind a White House pillar.”²

The Committee has received allegations of additional information that was not included in the affidavit. According to those allegations, the individual may have triggered alarms the USSS ignored, may have moved around on the White House grounds undetected for a considerable amount of time, and may have attempted entry into the building. If true, these allegations raise questions about whether the agency’s security protocols are adequate.

The Committee has longstanding concerns regarding repeated security incidents at USSS-protected facilities. The Committee’s December 2015 bipartisan report found, “Over the last 10 years, there have been 143 security breaches and attempted security breaches at secured facilities which resulted in an arrest.”³

To help the Committee assess whether these allegations are true, please provide a briefing at 5:00 p.m. on March 20, 2017. All video of the incident in question should be presented during that briefing. The Committee has reserved a secure space in the Office of House Security for the briefing.

³ *H. Comm. on Oversight & Gov’t Reform: United States Secret Service: An Agency in Crisis*, 114th Cong. (Dec. 9, 2015).

Additionally, please produce the following documents and information as soon as possible, but by no later than 5:00 p.m. on March 24, 2017:

1. All video of the White House grounds from the hours of 10:00 p.m. on March 10, 2017, to 1:00 a.m. on March 11, 2017;
2. All logs of all activity at the Joint Operations Center from the hours of 10:00 p.m. on March 10, 2017, to 1:00 a.m. on March 11, 2017;
3. All documents or communications related to any alarms on the White House grounds that may have been triggered from the hours of 10:00 p.m. on March 10, 2017, to 1:00 a.m. on March 11, 2017;
4. All documents and communications referring or relating to the USSS' awareness of and response to this March 10, 2017, security incident; and
5. All reviews of the incident and associated attachments.

To ensure the integrity of this or any other investigation, and that any potential future record requests can be fulfilled, please preserve all documents that can reasonably be anticipated to be subject to a request for production, specifically any video of the incident. Time is of the essence, as some videos, logs, or backup files may be transient or have short retention periods.

For the purposes of this request, "preserve" means taking reasonable steps to prevent the partial or full destruction, alteration, testing, deletion, shredding, incineration, wiping, relocation, migration, theft, or mutation of electronic records, as well as negligent or intentional handling that would make such records incomplete or inaccessible.

To ensure all responsive records are preserved, exercise reasonable efforts to identify and notify former employees and contractors, subcontractors and consultants who may have access to such electronic records that they are to be preserved. Further, exercise reasonable efforts to identify, recover, and preserve any electronic records which have been deleted or marked for deletion but are still recoverable. If it is the routine practice of the company to delete any records, either halt such practices or arrange for the preservation of complete and accurate duplicates or copies of such records, suitable for production, if requested. Electronic records should be construed broadly and includes videos, log files, messages and any other document or communication stored electronically.

When producing documents to the Committee, please deliver production sets to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building. The Committee prefers, if possible, to receive all documents in electronic format. An attachment to this letter provides additional information about responding to the Committee's request. Please note that Committee Rule 16(b) requires counsel representing an individual or entity before the Committee or any of its

You should also produce documents that you have a legal right to obtain, that you have a right to copy or to which you have access, as well as documents that you have placed in the temporary possession, custody, or control of any third party. Requested records, documents, data or information should not be destroyed, modified, removed, transferred or otherwise made inaccessible to the Committee.
2. In the event that any entity, organization or individual denoted in this request has been, or is also known by any other name than that herein denoted, the request shall be read also to include that alternative identification.

6. Documents produced to the Committee should include an index describing the contents of the production. To the extent more than one CD, hard drive, memory stick, thumb drive, box or folder is produced, each CD, hard drive, memory stick, thumb drive, box or folder should contain an index describing its contents.

7. Documents produced in response to this request shall be produced together with copies of file labels, dividers or identifying markers with which they were associated when the request was served.
8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.
13. If any document responsive to this request was, but no longer is, in your possession, custody, or control, identify the document (stating its date, author, subject and recipients) and explain the circumstances under which the document ceased to be in your possession, custody, or control.
14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.
15. Unless otherwise specified, the time period covered by this request is from January 1, 2009 to the present.
16. This request is continuing in nature and applies to any newly-discovered information. Any record, document, compilation of data or information, not produced because it has not been located or discovered by the return date, shall be produced immediately upon subsequent location or discovery.
17. All documents shall be Bates-stamped sequentially and produced sequentially.
18. Two sets of documents shall be delivered, one set to the Majority Staff and one set to the Minority Staff. When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
