The Honorable Peter V. Neffenger
Administrator
Transportation Security Administration
601 South 12th Street
Arlington, VA 22202

Dear Administrator Neffenger:

The Transportation Security Administration's collective bargaining agreement with the American Federation of Government Employees (AFGE) contains ten award categories that are further detailed in TSA Management Directive 1100.45-1, "Awards and Recognition." The list includes several performance-based cash awards.¹ It is unclear, however, how these cash awards are issued, among other things. The Committee's review of documents provided by TSA, and information provided by current and former TSA employees, gave rise to concerns that TSA's highly discretionary compensation practices are vulnerable to abuse.

To help the Committee understand TSA's system of awards and bonuses, please provide the following documents and communications as soon as possible, but no later than 5:00 p.m. on March 4, 2016:

1. All TSA policies and procedures concerning awards and recognition (including bonuses) issued or in effect since January 1, 2011.
2. Documents sufficient to show all instances in which TSA employees received cash awards or bonuses since January 1, 2011, including the name and position of the recipient, the amount received, the date of the award, the name of the award received, and the official justification for the award.
3. All documents and communications referring or relating to any cash award or performance bonus issued to L Band and Transportation Security Executive Service (TSES) employees since 2011, including, but not limited to, Performance Awards, the Special Achievement Award, the Attendance Award, and On-the-Spot Awards.
4. All Corrective Action Plans related to awards and recognitions since January 1, 2011.

8. When you produce documents, you should identify the paragraph in the Committee's schedule to which the documents respond.
9. It shall not be a basis for refusal to produce documents that any other person or entity also possesses non-identical or identical copies of the same documents.
10. If any of the requested information is only reasonably available in machine-readable form (such as on a computer server, hard drive, or computer backup tape), you should consult with the Committee staff to determine the appropriate format in which to produce the information.
11. If compliance with the request cannot be made in full by the specified return date, compliance shall be made to the extent possible by that date. An explanation of why full compliance is not possible shall be provided along with any partial production.
12. In the event that a document is withheld on the basis of privilege, provide a privilege log containing the following information concerning any such document: (a) the privilege asserted; (b) the type of document; (c) the general subject matter; (d) the date, author and addressee; and (e) the relationship of the author and addressee to each other.
13. If any document responsive to this request was, but no longer is, in your possession, custody, or control, identify the document (stating its date, author, subject and recipients) and explain the circumstances under which the document ceased to be in your possession, custody, or control.
14. If a date or other descriptive detail set forth in this request referring to a document is inaccurate, but the actual date or other descriptive detail is known to you or is otherwise apparent from the context of the request, you are required to produce all documents which would be responsive as if the date or other descriptive detail were correct.

When documents are produced to the Committee, production sets shall be delivered to the Majority Staff in Room 2157 of the Rayburn House Office Building and the Minority Staff in Room 2471 of the Rayburn House Office Building.

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
