Mr. Thomas D. Homan
Acting Director
U.S. Immigration and Customs Enforcement
500 12th Street SW
Washington, DC 20536

Dear Mr. Homan:

The Committee is conducting an investigation into the acquisition and use of license plate reader data from a commercial vendor by Immigration and Customs Enforcement (ICE). ICE reportedly entered into a contract with Vigilant Solutions on December 22, 2017, to obtain query-based access to a license plate recognition system which aggregates personally identifiable information and GPS coordinates of millions of Americans.¹ The Department of Homeland Security (DHS) subsequently released an updated Privacy Impact Assessment regarding the operational use of the license plate reader data service because it entered into an agreement with an unnamed vendor.²

The Committee has an interest in ensuring that Americans' personal data is collected, used, and stored in a responsible manner by all federal agencies. Law-abiding Americans have an expectation of privacy and liberty with respect to their movements while acting in accordance with the laws of this nation.

To assist the Committee's oversight of ICE's agreement to access Vigilant Solutions' license plate reader database, please provide the following documents and information:

1. The contract entered into by ICE and Vigilant Solutions regarding the query-based use of license plate recognition systems, and any related agreements or understandings.
2. All ICE or DHS policies, guidance, or memoranda on the use of license plate recognition data, systems, and technology.

² DEP'T OF HOMELAND SEC., DHS/ICE/PIA-039(A), PRIVACY IMPACT ASSESSMENT UPDATE FOR THE ACQUISITION AND USE OF LICENSE PLATE READER DATA FROM A COMMERCIAL SERVICE (Dec. 27, 2017), available at <https://www.dhs.gov/sites/default/files/publications/privacy-pia-ice-lpr-january2018.pdf>.

3. All ICE or DHS policies, guidance, or memoranda on the use and retention of information collected by license plate recognition data, systems, and technology.
4. The Privacy Impact Assessment version prior to the December 27, 2017, update and an explanation of the changes made to this version of the PIA after the agreement was entered into with Vigilant Solutions.
5. The location where any data, directly or indirectly related to the license plate recognition system, will be stored. If the data will be stored by any entity other than ICE, produce all documents referring or relating to the storage or control of the data.
6. All documents referring or relating to any allegation of misuse of license plate recognition data, systems, and technology by ICE.

Please provide the requested documents and information as soon as possible, but no later than 5:00 p.m. on March 23, 2018. An attachment to this letter provides additional instructions for responding to the Committee's request. In addition, please arrange to brief Committee staff on this matter no later than March 30, 2018.

Please contact Meghan Green of the Majority staff at (202) 225-5074 or Sean Perryman of the Minority staff at (202) 225-5051 with any questions about this request. Thank you for your attention to this matter.

Sincerely,

Will Hurd

19. Upon completion of the document production, you should submit a written certification, signed by you or your counsel, stating that: (1) a diligent search has been completed of all documents in your possession, custody, or control which reasonably could contain responsive documents; and (2) all documents located during the search that are responsive have been produced to the Committee.
