Dear Mr. Chairman:

Thank you for your letter of December 8, 2017, cosigned by your colleagues, regarding the guidance issued by the U.S. Department of Agriculture (USDA) since January 1, 2008.

Enclosed with this letter is USDA's inventory of the documents you requested. We believe this inventory captures the majority of documents you have requested. However, USDA will continue to gather potentially responsive documents and provide them to you no later than the last Friday of each month beginning in February 2018 and continuing through June 2018.

In an effort to comply with your request, USDA has identified circulars, frequently asked questions, bulletins, memoranda, and statements affecting the public, as well as guidance documents as they are defined in section I(3) of the Office of Management and Budget's Final Bulletin for Agency Good Guidance Practices, published on January 25, 2007. We note that it is the Office of Management and Budget's definition of guidance that the Government Accountability Office employed in their April 2015 report titled, "Regulatory Guidance Processes: Selected Departments Could Strengthen Internal Control and Dissemination Practices," GAO-15-368, as referenced in your December 8, 2017, letter.

We appreciate your interest in this issue. If you have any further questions, please have a member of your staff contact the Office of Congressional Relations at (202) 720-7095. A similar response has been sent to your colleagues.

Sincerely,

A handwritten signature in blue ink, reading "Sonny Perdue", is positioned below the word "Sincerely,".

U.S. House of Representatives

Dear Mr. Chairman:

Thank you for your letter of December 8, 2017, cosigned by your colleagues, regarding the guidance issued by the U.S. Department of Agriculture (USDA) since January 1, 2008.

On December 22, 2017 we provided the majority of USDA's inventory of the documents you requested and agreed to continue collecting potentially responsive documents to be provided to you beginning in February 2018 and continuing through June 2018.

Consistent with the commitment we made, we have enclosed with this letter additional material responsive to your earlier request.

In an effort to comply with your request, USDA has identified circulars, frequently asked questions, bulletins, memoranda, and statements affecting the public, as well as guidance documents as they are defined in section I(3) of the Office of Management and Budget's Final Bulletin for Agency Good Guidance Practices, published on January 25, 2007. We note that it is the Office of Management and Budget's definition of guidance that the Government Accountability Office employed in their April 2015 report titled, "Regulatory Guidance Processes: Selected Departments Could Strengthen Internal Control and Dissemination Practices," GAO-15-368, as referenced in your December 8, 2017, letter.

We appreciate your interest in this issue. If you have any further questions, please have a member of your staff contact the Office of Congressional Relations at (202) 720-7095. A similar response has been sent to your colleagues.

Sincerely,

Dear Chairmen Gowdy, Meadows, Jordan, Palmer, and Farenthold:

This is in response to your January 11, 2018 letter seeking information on federal agencies' use of "guidance documents" and requesting a list of any "guidance documents" issued by each agency since January 1, 2008. For the reasons stated below, the U.S. Postal Service does not have information that would meaningfully respond to the Committee on Oversight and Government Reform's request.

The Postal Service is not an "agency" within the meaning of Title 5 of the United States Code. It is an independent establishment of the executive branch of the Government,¹ and sells products and services to the public.² In creating the modern Postal Service (and

¹ 39 U.S.C. § 201.

² See *Shane v. Buck*, 658 F. Supp. 908, 914 (D. Utah 1985) ("The Postal Service is primarily concerned with the delivery of services, not with regulation."), *aff'd*, 817 F.2d 87 (10th Cir. 1987); accord *Standard Oil Div., Am. Oil Co. v. Starks*, 528 F.2d 201, 204 (7th Cir. 1975) (noting that "most" of the Postal Service's work "is not governmental in nature," and it exercises "powers that are common to any business organization").

abolishing its Cabinet-level predecessor, the Post Office Department) by passing the Postal Reorganization Act of 1970 ("PRA"),³ Congress's central purpose was to modernize the provision of postal services, end bureaucratic inefficiency and allow the Postal Service to operate like a business.⁴ Congress recognized that, for the Postal Service to achieve its core mission of providing universal postal services to the public, it should operate free from the impediments that constrain typical agency action.⁵

Congress accomplished this aim largely by providing the Postal Service with operational independence "with powers equivalent to a private business enterprise."⁶ So, for example, the Reorganization Act gives the Postal Service independent authority to direct its own operations based on business needs, including the authority to hire its own employees,⁷ as well as the general powers to sue and be sued, to contract, to acquire and sell real and personal property, and to settle claims.⁸ The PRA also broadly exempts the Postal Service from constraints affecting the operations of federal agencies, including "Federal laws dealing with public or federal contracts, property, works, officers, employees, budgets, or funds."⁹ In addition, and perhaps most relevant here, the PRA grants the Postal Service independent authority to adopt, amend, and repeal such rules and regulations as may be necessary to execute its functions,¹⁰ and exempts such rules and regulations from the rulemaking requirements of the Administrative Procedure Act.¹¹

In fact, the Postal Service is exempt not only from the Administrative Procedure Act, but also from the entire framework within which Title 5 agencies exercise regulatory and policymaking power.¹² For example, the Paperwork Reduction Act, 44 U.S.C. § 3501 *et seq.*, which requires the Office of Management and Budget ("OMB"), among other things, to develop and oversee implementation of policies concerning the manner in which public information is disseminated and received, does not apply to the Postal Service.¹³ Similarly,

⁴ See *Franchise Tax Bd. of Cal. v. U.S. Postal Serv.*, 467 U.S. 512, 520 (1984) (the general design of the PRA was to have the Postal Service "be run more like a business than had its predecessor, the Post Office Department."); *Standard Oil Div.*, 528 F.2d at 202.

⁵ See 116 Cong. Rec. 21,709 (1970) (remarks of Sen. McGee) ("Delivering the mail is simply not in the same category of policymaking and program-development as foreign policy, national defense, housing, highway construction, or health and education assistance to State and local governments. It is an essential, business-oriented service, . . . [and] its role can be fulfilled with a greater degree of efficiency if it is removed from the ordinary channels, administrative controls, and legislative restrictions of other agencies in the executive branch."); see also H.R. Rep. No. 91-1104, at 13 (1970) (postal reform was designed to remove "management of the Postal Service from both presidential and congressional areas of concern"); S. Rep. No. 91-912, at 4 (1970) (executive authority of the Postal Service should be "independent of ordinary legislative and executive supervision and control").

¹² See *Am. Postal Works Union, AFL-CIO v. U.S. Postal Serv.*, 541 F.Supp. 2d 95, 98 (D.D.C. 2008) (in restructuring the Postal Service, Congress chose "the expedient of cost-constraints over the impediment of proceduralized oversight as the best way of keeping USPS in line with its mission.").

¹³ *Kuzma*, 798 F.2d at 32; *Shane*, 658 F. Supp. at 915, *aff'd*, 817 F.2d 87.

the Postal Service is not subjected to OMB's *Final Bulletin for Agency Good Guidance Practices*,¹⁴ which established review processes for "significant" sub-regulatory "guidance documents" issued by agencies; or to other aspects of the regulatory system originating in Executive Order 12866, which established the process through which federal regulatory actions taken by agencies are reviewed by the Office of Information and Regulatory Affairs ("OIRA") and which required agencies to submit a Unified Regulatory Agenda to OIRA detailing regulatory actions under development or review.¹⁵ Just as Executive Order 12866 did not apply to the Postal Service, neither did subsequent Executive Orders that maintained and built upon the framework that it established.¹⁶

For these reasons, the issues identified in the April 2015 Report of the Government Accountability Office (GAO), on which the Committee's January 11 letter relied, are inapplicable to the Postal Service. For federal "agencies," the distinction between "regulations" and "guidance documents" determines whether an agency action is subject to the rulemaking requirements of the APA. Similarly, the distinction between "significant" guidance documents and other guidance documents dictates whether an agency action is subject to OMB's *Good Guidance* rules (and OIRA review). None of these distinctions are relevant to the Postal Service's actions. To be sure, like any business, the Postal Service publishes reference materials to educate customers about the services it offers and to assist customers in complying with relevant technical requirements. It has made these materials widely available through its customer-facing websites, RIBBS (<https://ribbs.usps.gov>), and PostalPro (<https://postalpro.usps.com>). Further, it has published since 1880 the *Postal Bulletin*, a bi-weekly compendium of updates to service offerings, procedures and forms (<https://about.usps.com/postal-bulletin/welcome.htm>). But these are not "guidance documents" as defined in the Committee's letter, because the Postal Service does not operate within the rulemaking apparatus that applies to agencies. Accordingly, we do not believe we have any documents that would meaningfully respond to the Committee's request.

Please let me know if you have any questions.

Sincerely,

Thomas J. Marshall

| VA Acquisition Regulation: Plain Language Rewrite | Rule | This document amends the Department of Veterans Affairs (VA) Acquisition Regulation (VAAR). This document revises the VAAR to conform to plain language principles, updates delegations of authority, and removes non-regulatory material. The document also makes changes in format, arrangement, and numbering to make the VAAR parallel to the Federal Acquisition Regulation (FAR) as required by the FAR. In addition, provisions that simply restate FAR provisions that are already applicable have been removed, and procedures for providing notice and a hearing to resolve issues regarding possible violations of the Gratuities clause, for establishing qualified products lists, for suspending or debarring a contractor, for expediting payments to small businesses, and for reducing or suspending payments upon a finding of contract fraud have been added. The VAAR clause on Organizational Conflicts of Interest has been expanded to cover a broader range of services that may be subject to organizational conflicts of interest. Additional VAAR clauses have been added to the list of clauses for use in commercial item solicitations and contracts. Items that have been deleted include requirements for setting aside construction and architect-engineer solicitations for small businesses that are in conflict with current statute, a requirement to conduct an audit of section 8(a) price proposals that is contrary to current FAR requirements, and a VAAR provision that requested data from offerors on veteran-owned small businesses that has been replaced by a FAR provision. Guidance to contracting officers on the types of data that should be requested from a contractor when evaluating the contractor's financial condition has been added. | GR Modifier Use by the Department of Veterans Affairs | Notice | The Department of Veterans Affairs (VA) bills health benefit plans for the cost of certain care delivered to veterans. Starting with dates of service on and after January 1, 2006, when medical residents deliver care in a VA Medical Center or clinic under the supervision of an attending physician, VA will issue its bill in the name of the attending physician but append the Healthcare Common Procedural Coding System (HCPCS) Level II modifier ``-GR" to the CPT code for the service. For billing and payment purposes, the ``-GR" modifier when used on VA billings has the same effect as the ``-GC" or ``-GE" modifier when used in billings from non-VA providers. The use of the ``-GC" ``-GE" modifiers is generally discontinued in VA billings; they are used only as specifically permitted by VA policy. | E8-7642 | https://www.federalregister.gov/documents/2008/04/11/E8-7642/gr-modifier-use-by-the-department-of-veterans-affairs | https://www.gpo.gov/fdsys/pkg/FR-2008-04-11/pdf/E8-7642.pdf | 4/11/2008 |

| Survivors' and Dependents' Educational Assistance Program Period of Eligibility for Eligible Children and Other Miscellaneous Issues | Rule | The Department of Veterans Affairs (VA) is amending its regulations governing the Survivors' and Dependents' Educational Assistance (DEA) program to implement statutory provisions in the Veterans Benefits and Health Care Improvement Act of 2000, the Veterans' Survivor Benefits Improvements Act of 2001, the Veterans Education and Benefits Expansion Act of 2001, the Veterans Benefits Act of 2002, and the Veterans Benefits Act of 2003. As a result of these statutory provisions, certain eligible children may choose the beginning date of their period of eligibility and eligible children who serve on active duty or in the National Guard may receive extensions to the ending date of their period of eligibility. These statutory provisions also allow VA to consider certain qualifying beneficiaries' original claims as having been filed retroactively to their eligibility dates. In addition, they allow certain eligible DEA beneficiaries to be paid for preparatory courses for tests required or used for admission to an institution of higher education or a graduate school. Further, these provisions permit eligible children to receive benefits for such preparatory courses even if the courses are taken before their 18th birthday. | Board of Veterans' Appeals: Expedited Claims Adjudication Initiative-Pilot Program | Rule | The Department of Veterans Affairs (VA) is launching an initiative for accelerated claims and appeals processing at four VA facilities, based on voluntary participation by eligible claimants. The purpose of this initiative is to determine whether VA can expedite the processing of claims and appeals by obtaining claimants' waivers of certain statutory and regulatory response periods, and by utilizing the Board of Veterans' Appeals' (Board or BVA) statutory authority to pre- screen cases. VA's responsibility to fully develop and decide cases in a fair, accurate, and non adversarial manner remains unchanged under this initiative. If this initiative is successful at the four trial sites, the data obtained may provide a basis for expanding some, or all, of the program nationwide, and ultimately help accelerate the processing of all claims and appeals. | Medication Prescribed by Non-VA Physicians | Rule | This document amends and adopts an interim final rule that governs the provision of medications to veterans when medication is prescribed by physicians who are not employees of nor are they providing care under contract with the Department of Veterans Affairs (VA). In a document published in the Federal Register on July 25, 2003, VA issued an interim final rule establishing a temporary program while also maintaining the program that it had in place before the interim final rule. Because the need cited in the interim final rule has abated and because the provisions added by the interim final rule were self-limiting in time and scope, we are removing these provisions which established the now obsolete temporary program. | E9-20792 | https://www.federalregister.gov/documents/2009/08/28/E9-20792/medication-prescribed-by-non-v-a-physicians | https://www.gpo.gov/fdsys/pkg/FR-2009-08-28/pdf/E9-20792.pdf | 8/28/2009 |

The amendment implements a decision by the Secretary to establish such a presumption based on scientific studies. VA is additionally amending its adjudication regulations to establish a presumption of service connection for osteoporosis for POWs who were detained or interned for any period of time, have a diagnosis of posttraumatic stress disorder (PTSD), and whose osteoporosis is at least 10 percent disabling. | Expansion of Enrollment in the VA Health Care System; Correction | Rule | The Department of Veterans Affairs (VA) published a final rule in the Federal Register on May 15, 2009 (74 FR 22832), amending its medical regulations regarding enrollment in the VA health care system. In particular, it established additional sub-priorities within enrollment priority category 8 and provided that beginning on the effective date of the rule, VA will begin enrolling priority category 8 veterans whose income exceeds the current means test and geographic means test income thresholds by 10 percent or less. A provision in the regulatory text contained a reference to the effective date of the regulation instead of providing the actual effective date. | VA Acquisition Regulation: Supporting Veteran-Owned and Service-Disabled Veteran-Owned Small Businesses | Rule | This document implements portions of the Veterans Benefits, Health Care, and Information Technology Act of 2006 (the Act) and Executive Order 13360, providing opportunities for service-disabled veteran-owned small businesses (SDVOSB) to increase their Federal contracting and subcontracting. The Act and the Executive Order authorize the Department of Veterans Affairs (VA) to establish special methods for contracting with SDVOSBs and veteran-owned small businesses (VOSB). Under this final rule, a VA contracting officer may restrict competition to contracting with SDVOSBs or VOSBs under certain conditions. Likewise, sole source contracts with SDVOSBs or VOSBs are permissible under certain conditions. This final rule implements these special acquisition methods as a change to the VA Acquisition Regulation (VAAR). This document additionally amends SDVOSB/VOSB, Small Business Status Protests, where VA provided that VA would utilize the U.S. Small Business Administration (SBA) to consider and decide SDVOSB and VOSB status protests. This requires VA and SBA to execute an interagency agreement pursuant to the Economy Act. Negotiations of this interagency agreement have not yet been finalized. Therefore, VA has amended these regulations with an interim rule to provide that VA's Executive Director, Office of Small and Disadvantaged Business Utilization (OSDBU) shall consider and decide SDVOSB and VOSB status protests, and provides procedures there for, until such time as the interagency agreement is executed by the agencies. VA hereby solicits comments on this regulatory amendment only. | E9-28461 | https://www.federalregister.gov/documents/2009/12/08/E9-28461/va-acquisition-regulation-supporting-veteran-owned-and-service-disabled-veteran-owned-small | https://www.gpo.gov/fdsys/pkg/FR-2009-12-08/pdf/E9-28461.pdf | 12/8/2009 |

| Copayments for Medications After June 30, 2010 | Rule | This document amends the Department of Veterans Affairs (VA) medical regulations concerning the copayment required for certain medications. Under current regulations, the copayment amount must be increased based on the prescription drug component of the Medical Consumer Price Index (CPI-P), and the maximum annual copayment amount must be increased when the copayment is increased. Under the amendments in this rule, until January 1, 2012, we will freeze copayments at the current rate for veterans in VA's health care system enrollment priority categories 2 through 6 and increase copayments as required by the current regulation only for veterans in priority categories 7 and 8. Thereafter, if VA does not prescribe a new methodology for increasing copayments, we will resume increasing copayments in accordance with any change in the CPI-P. | 2010-13871 | https://www.federalregister.gov/documents/2010/06/09/2010-13871/copayments-for-medications-after-june-30-2010 | https://www.gpo.gov/fdsys/pkg/FR-2010-06-09/pdf/2010-13871.pdf | 6/9/2010 |

| State Cemetery Grants | Rule | The Department of Veterans Affairs (VA) is issuing this final rule to amend regulations governing grants to States for the establishment, expansion, and improvement of State veterans cemeteries (Establishment, Expansion, and Improvement Projects). We are implementing through regulation new statutory authority to provide grants for the operation and maintenance of State veterans cemeteries (Operation and Maintenance Projects), as authorized by the Dr. James Allen Veteran Vision Equity Act of 2007 (the Act), enacted on December 26, 2007. The Act expands VA authority to provide grants to States for operating and maintaining State veterans cemeteries and limits to \$5 million the aggregate amount of such grants VA may award in any fiscal year. VA is amending its regulations to outline the process, the criteria, and the priorities relating to the award of these Operation and Maintenance Project grants. This final rule will also amend our regulations by changing the arrangement and numbering of the current regulatory sections, incorporating some non-substantive changes to the regulations, and removing specific forms from this part that are available at http://www.cem.va.gov/cem/scg_grants.asp . | 2010-14058 | https://www.federalregister.gov/documents/2010/06/16/2010-14058/state-cemetery-grants | https://www.gpo.gov/fdsys/pkg/FR-2010-06-16/pdf/2010-14058.pdf | 6/16/2010 |

| Stressor Determinations for Posttraumatic Stress Disorder | Rule | The Department of Veterans Affairs (VA) is amending its adjudication regulations governing service connection for posttraumatic stress disorder (PTSD) by liberalizing in some cases the evidentiary standard for establishing the required in-service stressor. This amendment eliminates the requirement for corroborating that the claimed in-service stressor occurred if a stressor claimed by a veteran is related to the veteran's fear of hostile military or terrorist activity and a VA psychiatrist or psychologist, or a psychiatrist or psychologist with whom VA has contracted, confirms that the claimed stressor is adequate to support a diagnosis of PTSD and that the veteran's symptoms are related to the claimed stressor, provided that the claimed stressor is consistent with the places, types, and circumstances of the veteran's service. This amendment takes into consideration the current scientific research studies relating PTSD to exposure to hostile military and terrorist actions. The amendment acknowledges the inherently stressful nature of the places, types, and circumstances of service in which fear of hostile military or terrorist activities is ongoing. With this amendment, the evidentiary standard of establishing an in-service stressor will be reduced in these cases. The amendment will facilitate the timely processing of PTSD claims by simplifying the development and research procedures that apply to these claims. | 2010-16885 | https://www.federalregister.gov/documents/2010/07/13/2010-16885/stressor-determinations-for-posttraumatic-stress-disorder | https://www.gpo.gov/fdsys/pkg/FR-2010-07-13/pdf/2010-16885.pdf | 7/13/2010 |

| Deceased Indebted Servicemembers and Veterans: Authority Concerning Certain Indebtedness | Rule | This document amends Department of Veterans Affairs (VA) regulations to implement certain statutory provisions that grant limited authority to the Secretary of Veterans Affairs to terminate collection action on certain debts arising from a VA benefit program when the indebted individual is a member of the Armed Forces or a veteran who dies as a result of injury incurred or aggravated in the line of duty while serving in a theater of combat operations in a war or in combat against a hostile force during a period of hostilities on or after September 11, 2001, and to refund amounts collected after the individual's death. This document also implements statutory provisions that grant the Secretary discretionary authority to suspend or terminate collection of debts owed to VA by individuals who died while serving on active duty as a member of the Army, Navy, Air Force, Marine Corps, or Coast Guard during a period when the Coast Guard is operating as a service in the Navy, and to refund amounts collected after the individual's death. | 2010-21668 | https://www.federalregister.gov/documents/2010/08/31/2010-21668/deceased-indebted-servicemembers-and-veterans-authority-concerning-certain-indebtedness | https://www.gpo.gov/fdsys/pkg/FR-2010-08-31/pdf/2010-21668.pdf | 8/31/2010 |
| Diseases Associated With Exposure to Certain Herbicide Agents (Hairy Cell Leukemia and Other Chronic B-Cell Leukemias, Parkinson's Disease and Ischemic Heart Disease) | Rule | This document amends the Department of Veterans Affairs (VA) adjudication regulations concerning presumptive service connection for certain diseases based upon the most recent National Academy of Sciences (NAS) Institute of Medicine committee report, Veterans and Agent Orange: Update 2008 (Update 2008). This amendment is necessary to implement the decision of the Secretary of Veterans Affairs that there is a positive association between exposure to certain herbicides and the subsequent development of hairy cell leukemia and other chronic B- cell leukemias, Parkinson's disease, and ischemic heart disease. The effect of this amendment is to establish presumptive service connection for these diseases based on herbicide exposure. | 2010-21556 | https://www.federalregister.gov/documents/2010/08/31/2010-21556/diseases-associated-with-exposure-to-certain-herbicide-agents-hairy-cell-leukemia-and-other-chronic | https://www.gpo.gov/fdsys/pkg/FR-2010-08-31/pdf/2010-21556.pdf | 8/31/2010 |

| Medical; Nonsubstantive Miscellaneous Changes; Correction | Rule | The Department of Veterans Affairs (VA) published a final rule in the Federal Register on May 13, 1996 (61 FR 21964), amending its medical regulations in 38 CFR part 17 by making a number of nonsubstantive changes. Specifically, section numbers were redesignated, redundant and obsolete material was removed, certain position and organizational titles were changed, and material previously deleted was restored. The document contained an error in an amendatory instruction. We removed portions of Sec. 17.31 and inadvertently redesignated Sec. 17.31(b)(5) as the new Sec. 17.31, creating two sections for Sec. 17.31. | Charges Billed to Third Parties for Prescription Drugs Furnished by VA to a Veteran for a Nonservice Connected Disability | Rule | This document amends the medical regulations of the Department of Veterans Affairs (VA) concerning ``reasonable charges" for medical care or services provided or furnished by VA to a veteran for a nonservice-connected disability. More specifically, VA amends the regulations regarding charges billed for prescription drugs not administered during treatment by changing the billing formula to reflect VA's actual drug costs for each drug rather than using a national average drug cost for all prescriptions dispensed. The revised formula for calculating reasonable charges for prescription drug costs will also continue to include an average administrative cost for each prescription. | Health Outcomes Not Associated With Exposure to Certain Herbicide Agents; Veterans and Agent Orange: Update 2008 | Notice | As required by law, the Department of Veterans Affairs (VA) hereby gives notice that the Secretary of Veterans Affairs, under the authority of the Agent Orange Act of 1991, Public Law 102-4 (codified in relevant part at 38 U.S.C. 1116), has determined that a presumption of service connection is not warranted based on exposure to herbicides used in the Republic of Vietnam during the Vietnam Era for any of the diseases, illnesses, or health effects identified in the July 24, 2009, National Academy of Sciences (NAS) report entitled "Veterans and Agent Orange: Update 2008" (Update 2008), except for hairy cell leukemia (HCL) and other chronic b-cell leukemias, Parkinson's disease, and ischemic heart disease. In this regard, the Secretary of Veterans Affairs determined, based upon the NAS report, that there is a positive association between exposure to herbicides and the subsequent development of HCL and other chronic b-cell leukemias, Parkinson's disease, and ischemic heart disease. The Secretary recently published a notice of proposed rulemaking to implement this decision. See 75 FR 14391 (Mar. 25, 2010). The determination to not establish a presumption of service connection, based on exposure to herbicides used in the Republic of Vietnam during the Vietnam era for any other of the diseases, illnesses, or health effects identified in the July 24, 2009, NAS report, does not in any way preclude VA from granting service connection for these diseases, including those specifically discussed in this notice, nor does it change any existing rights or procedures. The Secretary's determinations regarding individual diseases are based on all available evidence in the 2008 report of the NAS and prior NAS reports. | Per Diem Payments for the Care Provided to Eligible Veterans Evacuated From a State Home as a Result of an Emergency | Rule | The Department of Veterans Affairs (VA) amends its regulations concerning per diem payments to States to permit continuation of such payments in some situations for veterans who have been evacuated from a State home as a result of an emergency. Per diem is the daily rate paid by VA to a State for providing a specified level of care to eligible veterans in a facility that is officially recognized and certified by VA. This final rule authorizes VA to continue to pay per diem when veterans for whom VA is paying per diem are evacuated as a result of an emergency from a State home to a facility that is not recognized by VA as a State home. The rule requires, in order for per diem payments to continue while the veteran is relocated due to an emergency, that an appropriate VA official determine whether an emergency exists and whether the facility to which veterans may be evacuated (evacuation facility) complies with certain minimum standards. The rule establishes the minimum standards that facilities to which veterans are evacuated must meet in order for States to continue receiving per diem for relocated veterans. These standards also apply to evacuation facilities when veterans are evacuated from contract nursing homes. | 2011-22920 | https://www.federalregister.gov/documents/2011/09/08/2011-22920/per-diem-payments-for-the-care-provided-to-eligible-veterans-evacuated-from-a-state-home-as-a-result | https://www.gpo.gov/fdsys/pkg/FR-2011-09-08/pdf/2011-22920.pdf | 9/8/2011 |

The law provides a veteran's survivors with the option of selecting a Government-furnished graveliner for use in a VA national cemetery where such use is authorized. | Medical Benefits for Newborn Children of Certain Woman Veterans | Rule | The Department of Veterans Affairs (VA) is amending its regulation concerning the medical benefits package offered to veterans enrolled in the VA health care system. This rulemaking updates the regulation to conform to amendments made by the enactment of the Caregivers and Veteran Omnibus Health Services Act of 2010, which authorized VA to provide certain health care services to a newborn child of a woman veteran who is receiving maternity care furnished by VA. Health services for newborn care will be authorized for no more than seven days after the birth of the child if the veteran delivered the child in a VA facility or in another facility pursuant to a VA contract for maternity services. | 2011-32264 | https://www.federalregister.gov/documents/2011/12/19/2011-32264/medical-benefits-for-newborn-children-of-certain-woman-veterans | https://www.gpo.gov/fdsys/pkg/FR-2011-12-19/pdf/2011-32264.pdf | 12/19/2011 |
| Copayments for Medications in 2012 | Rule | The Department of Veterans Affairs (VA) amends its medical regulations concerning the copayment required for certain medications. Under current regulations, beginning on January 1, 2012, the copayment amount must be increased based on the prescription drug component of the Medical Consumer Price Index, and the maximum annual copayment amount must be increased when the copayment is increased. A prior action ``froze" the copayment amount for veterans in VA's health care system enrollment priority categories 2 through 6 and allowed for increased copayments, as required by the current regulation, only for veterans in priority categories 7 and 8. This document freezes copayments at the current rate for veterans in priority categories 2 through 6 for the next 12 months, and thereafter resumes increasing copayments in accordance with any change in the prescription drug component of the Medical Consumer Price Index (CPI-P). | 2011-32532 | https://www.federalregister.gov/documents/2011/12/20/2011-32532/copayments-for-medications-in-2012 | https://www.gpo.gov/fdsys/pkg/FR-2011-12-20/pdf/2011-32532.pdf | 12/20/2011 |

The amendments are required by section 402 of the Veterans' Mental Health and Other Care Improvements Act of 2008. Among other things, the amendments authorize VA to pay for emergency treatment provided to a veteran at a non-VA facility up to the time the veteran can be safely transferred to a VA or other Federal facility and such facility is capable of accepting the transfer, or until such transfer was actually accepted, so long as the non-VA facility made and documented reasonable attempts to transfer the veteran to a VA or other Federal facility. | 2011-32413 | https://www.federalregister.gov/documents/2011/12/21/2011-32413/payment-or-reimbursement-for-emergency-treatment-furnished-by-non-v-a-providers-in-non-v-a-facilities | https://www.gpo.gov/fdsys/pkg/FR-2011-12-21/pdf/2011-32413.pdf | 12/21/2011 |

Pursuant to these changes, a veteran, who is eligible for a subsistence allowance under chapter 31 of title 38, United States Code, and educational assistance under chapter 33 of title 38, United States Code, may participate in a rehabilitation program under chapter 31 and elect to receive a payment equal in amount to an applicable military housing allowance payable under title 37, United States Code, instead of the regular subsistence allowance under chapter 31. | Dental Conditions | Rule | The Department of Veterans Affairs (VA) adopts as a final rule the proposal to amend its adjudication regulations regarding service connection of dental conditions for treatment purposes. This amendment clarifies that principles governing determinations by VA's Veterans Benefits Administration (VBA) for service connection of dental conditions for the purpose of establishing eligibility for dental treatment by VA's Veterans Health Administration (VHA), apply only when VHA requests information or a rating from VBA for those purposes. This amendment also clarifies existing regulatory provisions and reflects the respective responsibilities of VHA and VBA in determinations concerning eligibility for dental treatment. | 2012-1873 | https://www.federalregister.gov/documents/2012/01/30/2012-1873/dental-conditions | https://www.gpo.gov/fdsys/pkg/FR-2012-01-30/pdf/2012-1873.pdf | 1/30/2012 |
| Tribal Veterans Cemetery Grants | Rule | This final rule amends the Department of Veterans Affairs (VA) regulations governing Federal grants for the establishment, expansion, and improvement of veterans cemeteries. This final rule implements through regulation new statutory authority to provide grants for the establishment, expansion, and improvement of Tribal Organization veterans cemeteries, as authorized by Section 403 of the ``Veterans Benefits, Health Care, and Information Technology Act of 2006" (the Act). The Act requires VA to administer grants to Tribal Organizations in the same manner and under the same conditions as grants to States. This final rule makes non-substantive changes to the part heading of Part 39 and the name of the State Cemetery Grants Service to more accurately reflect that VA awards veteran cemetery grants to States and Tribal Organizations. The final rule establishes criteria to guide VA's decisions on granting Tribal Organization requests to obtain grants for establishing, expanding, and improving veterans cemeteries that are or will be owned and operated by a Tribal Organization. The final rule also expands VA's preapplication requirement to all veterans cemetery grants as a means to promote consistency and communication in the grant application process. Further, the final rule revises VA regulations to address structural differences between Tribal Organizations and States. | 2012-1874 | https://www.federalregister.gov/documents/2012/01/30/2012-1874/tribal-veterans-cemetery-grants | https://www.gpo.gov/fdsys/pkg/FR-2012-01-30/pdf/2012-1874.pdf | 1/30/2012 |
| Parents Eligible for Burial | Rule | The Department of Veterans Affairs (VA) amends existing regulations to reflect a new statutory authority to extend eligibility for burial in a national cemetery to include parents of certain veterans, as authorized by the Veterans' Benefits Act of 2010 (the Act), enacted on October 13, 2010. The Act authorizes the Secretary of Veterans Affairs to inter the biological or legally adoptive parents of a deceased veteran if the deceased veteran is a hostile casualty or dies from a training-related injury, is interred in a VA national cemetery in a gravesite with available space, and has no spouse or child who is buried, or surviving spouse or child who, upon death, may be eligible for burial, in a national cemetery. | 2012-2043 | https://www.federalregister.gov/documents/2012/01/31/2012-2043/parents-eligible-for-burial | https://www.gpo.gov/fdsys/pkg/FR-2012-01-31/pdf/2012-2043.pdf | 1/31/2012 |
| Medical Foster Homes | Rule | This document amends the Department of Veterans Affairs (VA) ``Medical" regulations to add rules relating to medical foster homes. Prior to this final rule, VA's medical foster home program had, whenever possible and appropriate, relied upon regulations governing community residential care facilities; however, those regulations did not cover all aspects of medical foster homes, which provide community based care in a smaller, residential facility and to a more medically complex and disabled population. This final rule reflects current VA policy and practice, and generally conforms to industry standards and expectations. | 2012-2063 | https://www.federalregister.gov/documents/2012/02/02/2012-2063/medical-foster-homes | https://www.gpo.gov/fdsys/pkg/FR-2012-02-02/pdf/2012-2063.pdf | 2/2/2012 |

| Schedule for Rating Disabilities; AL Amyloidosis (Primary Amyloidosis) | Rule | The Department of Veterans Affairs (VA) is amending its Schedule for Rating Disabilities by updating the schedule of ratings for the hemic and lymphatic systems to include AL amyloidosis. This regulatory action is necessary to add AL amyloidosis as one of the disease conditions and establish criteria for disability evaluation to fully implement the decision by the Secretary of Veterans Affairs to grant presumptive service connection based on herbicide exposure for this disease. | Due Date of Initial Application Requirements for State Home Construction Grants | Rule | This final rule amends the Department of Veterans Affairs (VA) regulations concerning the calendar date by which VA must receive an initial application for a State Home Construction Grant in order for the application to be included on the priority list for the award of grants during the next fiscal year. We require that initial application materials must be received by VA no later than April 15, instead of August 15, of the year before the fiscal year in which the application would be considered for inclusion on the priority list for the award of grants. We require certification of State matching funds to be submitted no later than August 1, instead of August 15, in order for the project to be placed in priority group 1 of the priority list for the next fiscal year. The purpose of these changes is to ensure that VA has sufficient time to process all applications received and timely prepare the priority list, so that we can accurately notify States that VA intends to select and fund particular projects. We also make technical revisions to conform our regulations to these revisions. | 2012-4234 | https://www.federalregister.gov/documents/2012/02/23/2012-4234/due-date-of-initial-application-requirements-for-state-home-construction-grants | https://www.gpo.gov/fdsys/pkg/FR-2012-02-23/pdf/2012-4234.pdf | 2/23/2012 |

| Exempting In-Home Video Telehealth From Copayments | Rule | The Department of Veterans Affairs (VA) is taking final action to amend its regulation that governs VA services that are not subject to copayment requirements for inpatient hospital care or outpatient medical care. Specifically, the regulation is amended to exempt in-home video telehealth care from having any required copayment. This removes a barrier that may have previously discouraged veterans from choosing to use in-home video telehealth as a viable medical care option. In turn, VA hopes to make the home a preferred place of care, whenever medically appropriate and possible. | 2012-5354 | https://www.federalregister.gov/documents/2012/03/06/2012-5354/exempting-in-home-video-telehealth-from-copayments | https://www.gpo.gov/fdsys/pkg/FR-2012-03-06/pdf/2012-5354.pdf | 3/6/2012 |

| Payment or Reimbursement for Emergency Services for Nonservice-Connected Conditions in Non-VA Facilities | Rule | This document amends the Department of Veterans Affairs (VA) ``Payment or Reimbursement for Emergency Services for Nonservice- Connected Conditions in Non-VA Facilities'' regulations to conform with a statutory change that expanded veterans' eligibility for reimbursement. Some of the revisions in this final rule are purely technical, matching the language of our regulations to the language of the revised statute, while others set out VA's policies regarding the implementation of statutory requirements. This final rule expands the qualifications for payment or reimbursement to veterans who receive emergency services in non-VA facilities, and establishes accompanying standards for the method and amount of payment or reimbursement. | 2012-9265 | https://www.federalregister.gov/documents/2012/04/20/2012-9265/payment-or-reimbursement-for-emergency-services-for-nonservice-connected-conditions-in-non-va | https://www.gpo.gov/fdsys/pkg/FR-2012-04-20/pdf/2012-9265.pdf | 4/20/2012 |
| Technical Revisions To Update Reference to the Required Assessment Tool for State Nursing Homes Receiving Per Diem Payments From VA | Rule | This rule updates the reference to the required resident assessment tool for State homes that receive per diem from VA for providing nursing home care to veterans. It requires State nursing homes receiving per diem from VA to use the most recent version of the Centers for Medicare and Medicaid Services (CMS) Resident Assessment Instrument/Minimum Data Set (MDS), which is version 3.0. This will ensure that the standard used to assess veterans is the same as the standard applicable to Medicare and Medicaid beneficiaries. | 2012-10590 | https://www.federalregister.gov/documents/2012/05/03/2012-10590/technical-revisions-to-update-reference-to-the-required-assessment-tool-for-state-nursing-homes | https://www.gpo.gov/fdsys/pkg/FR-2012-05-03/pdf/2012-10590.pdf | 5/3/2012 |
| Copayments for Medications in 2012 | Rule | This document affirms as final, without change, an interim final rule amending the Department of Veterans Affairs (VA) medical regulations concerning the copayment required for certain medications. The interim final rule froze until December 31, 2012, the copayment amount for veterans in the VA health care system in enrollment priority categories 2 through 6 at the 2011 level, which was \$8. The interim final rule also froze until December 31, 2012, the maximum annual copayment amount for enrollment priority categories 2 through 6, which was \$960. On January 1, 2013, the copayment amounts may increase based on the prescription drug component of the Medical Consumer Price Index (CPI-P). If the copayment increases, the maximum annual copayment amount will automatically increase in turn. | 2012-11486 | https://www.federalregister.gov/documents/2012/05/14/2012-11486/copayments-for-medications-in-2012 | https://www.gpo.gov/fdsys/pkg/FR-2012-05-14/pdf/2012-11486.pdf | 5/14/2012 |

VA has previously hosted VASRD Forums, where subject matter experts and members of the public provided their input, prior to the drafting of proposed regulations for the body systems. VA plans to use comments provided at and following this Summit to consider edits and review updates pertaining to the following nine body systems: (1) The Hemic and Lymphatic Systems (38 CFR 4.117), (2) The Endocrine System (38 CFR 4.119), (3) Mental Disorders (38 CFR 4.125-4.130), (4) Infectious Diseases, Immune Disorders and Nutritional Deficiencies (38 CFR 4.88-4.89), (5) The Musculoskeletal System (38 CFR 4.40-4.73), (6) The Digestive System (38 CFR 4.110-4.114), (7) The Genitourinary System (38 CFR 4.115-4.115b), (8) Dental and Oral Conditions (38 CFR 4.149-4.150), and a newly proposed body system, Rheumatic Diseases. | Service members' Group Life Insurance Traumatic Injury Protection Program-Genitourinary Losses | Rule | The Department of Veterans Affairs (VA) is issuing this final rule that amends the regulations governing the Service members' Group Life Insurance Traumatic Injury Protection (TSGLI) program by adding certain genitourinary (GU) system losses to the TSGLI Schedule of Losses and defining terms relevant to these new losses. This amendment is necessary to make qualifying GU losses a basis for paying TSGLI benefits to service members with severe GU injuries. The intended effect is to expand the list of losses for which TSGLI payments can be made. | Clothing Allowance; Correction | Rule | The Department of Veterans Affairs (VA) published a final rule on November 16, 2011, amending its adjudication regulations governing eligibility for clothing allowances. | Autopsies at VA Expense | Rule | The Department of Veterans Affairs (VA) is amending its regulation that governs the performance of autopsies on veterans. This final rule updates outdated cross-references to a statute that previously authorized certain outpatient and ambulatory care, which included post-hospitalization autopsies, and its implementing regulation. This final rule clarifies that consent for an autopsy is implied if a known surviving spouse or next of kin has either not responded to a VA request for permission or has not inquired as to the decedent for 6 months before the decedent's death. This final rule modifies the current regulation to make the laws of the jurisdiction in which the autopsy will be performed the controlling laws for purposes of determining who has authority to grant permission for the autopsy. This final rule also clarifies the authorized purposes of a VA autopsy. Lastly, this final rule clarifies that the authority to order an autopsy includes transporting the body at VA's expense to the place where the autopsy will be performed. | 2012-15624 | https://www.federalregister.gov/documents/2012/06/27/2012-15624/autopsies-at-va-expense | https://www.gpo.gov/fdsys/pkg/FR-2012-06-27/pdf/2012-15624.pdf | 6/27/2012 |
| VA Veteran-Owned Small Business Verification Guidelines | Rule | This document implements a portion of the Veterans Benefits, Health Care, and Information Technology Act of 2006, which requires the Department of Veterans Affairs (VA) to verify ownership and control of veteran-owned small businesses (VOSBs), including service-disabled veteran-owned small businesses (SDVOSBs) in order for these firms to participate in VA acquisitions set-aside for SDVOSB/VOSBs. This interim final rule contains a minor revision to require re-verification of SDVOSB/VOSB status only every two years rather than annually. The purpose of this change is to reduce the administrative burden on SDVOSB/VOSBs regarding participation in VA acquisitions set asides for these types of firms. | 2012-15801 | https://www.federalregister.gov/documents/2012/06/27/2012-15801/va-veteran-owned-small-business-verification-guidelines | https://www.gpo.gov/fdsys/pkg/FR-2012-06-27/pdf/2012-15801.pdf | 6/27/2012 |

This amendment is necessary to conform the regulation to the authorizing statutory provision. The effect of this amendment is to liberalize the eligibility criteria for dependency and indemnity compensation (DIC) based on the death of a former prisoner of war whose service-connected disabilities had been continuously rated totally disabling for at least 1 year when he or she died. | 2012-16812 | https://www.federalregister.gov/documents/2012/07/10/2012-16812/dependency-and-indemnity-compensation-dic-benefits-for-survivors-of-former-prisoners-of-war-rated | https://www.gpo.gov/fdsys/pkg/FR-2012-07-10/pdf/2012-16812.pdf | 7/10/2012 |

The Veterans' Compensation Cost-of-Living Adjustment Act of 2006 redesignated the statutory section cited in VA's governing regulation. | Determinations Concerning Illnesses Discussed in National Academy of Sciences Report: Veterans and Agent Orange: Update 2010 | Notice | As required by law, the Department of Veterans Affairs (VA) hereby gives notice that the Secretary of Veterans Affairs, under the authority granted by the Agent Orange Act of 1991, codified at 38 U.S.C. 1116, has determined that there is no basis to establish a presumption of service connection at this time, based on exposure to herbicide agents, including the substance commonly known as Agent Orange, for several health effects discussed in the September 29, 2011, National Academy of Sciences (NAS) report titled: Veterans and Agent Orange: Update 2010 (hereinafter, ``Update 2010"). This determination does not in any way preclude VA from granting service connection for any disease, including those specifically discussed in this notice, nor does it change any existing rights or procedures. | Fund Availability Under the Supportive Services for Veteran Families Program; Amendment | Notice | The Department of Veterans Affairs (VA) is announcing an amendment to the Notices of Fund Availability issued in fiscal years 2011 and 2012 for supportive services grants under the Supportive Services for Veteran Families (SSVF) Program. VA published two Notices in the Federal Register on December 17, 2010 (75 FR 79087), and on December 1, 2011 (76 FR 74849), titled, ``Fund Availability Under the Supportive Services for Veteran Families Program." Under ``Requirements for the Use of Supportive Services Grant Funds" section of the Notices, grantees were permitted to ``utilize a maximum of 30 percent of supportive services grant funds to provide the supportive service of temporary financial assistance paid directly to a third party on behalf of a participant for child care, transportation, rental assistance, utility-fee payment assistance, security deposits, utility deposits, moving costs, and emergency supplies in accordance with 38 CFR 62.33 and 62.34 of the final rule." VA has received comments from a variety of stakeholders that the 30 percent maximum for financial assistance is inadequate to meet the needs of Veteran families served in SSVF. For instance, the Department of Housing and Urban Development offers similar financial assistance through its Homeless Prevention and Rapid Re-housing and Emergency Solutions Grant programs without such caps and also allows longer time limits for financial assistance. Grantees have stated that they are turning away eligible Veteran families for services as they are unable to successfully intervene to meet the needs of these families within the program's limits on financial assistance. As this limit may interfere with the mission of the SSVF program to prevent and end homelessness, VA announces that | 2012-23210 | https://www.federalregister.gov/documents/2012/09/20/2012-23210/fund-availability-under-the-supportive-services-for-veteran-families-program-amendment | https://www.gpo.gov/fdsys/pkg/FR-2012-09-20/pdf/2012-23210.pdf | 9/20/2012 |
| Exempting In-Home Video Telehealth From Copayments | Rule | The Department of Veterans Affairs (VA) published a direct final rule amending its regulation that governs VA services that are not subject to copayment requirements for inpatient hospital care or outpatient medical care. Specifically, the regulation exempted in-home video telehealth care from having any required copayment. VA received no significant adverse comments concerning this rule or its companion substantially identical proposed rule published on the same date. This document confirms that the direct final rule became effective on May 7, 2012. | Removal of 30-Day Residency Requirement for Per Diem Payments | Rule | The Department of Veterans Affairs (VA) is taking direct final action to amend its regulations concerning per diem payments to State homes for the provision of nursing home care to veterans. Specifically, this rule removes the requirement that a veteran must have resided in a State home for 30 consecutive days before VA will pay per diem for that veteran when there is no overnight stay. The intended effect of this direct final rule is to permit per diem payments to State homes for veterans who do not stay overnight, regardless of how long the veterans have resided at the State homes, so that the State homes will hold the veterans' beds until the veterans return. | 2012-23775 | https://www.federalregister.gov/documents/2012/09/27/2012-23775/removal-of-30-day-residency-requirement-for-per-diem-payments | https://www.gpo.gov/fdsys/pkg/FR-2012-09-27/pdf/2012-23775.pdf | 9/27/2012 |

This amendment is necessary to extend the period during which disabilities associated with undiagnosed illnesses and medically unexplained chronic multi-symptom illnesses must become manifest in order for a veteran to be eligible for compensation. | Presumption of Exposure to Herbicides for Blue Water Navy Vietnam Veterans Not Supported | Notice | On May 20, 2011, at the request of the Department of Veterans Affairs (VA), the Institute of Medicine (IOM) of the National Academy of Sciences issued a report titled, ``Blue Water Navy Vietnam Veterans and Agent Orange Exposure.'' The IOM reviewed a wide range of data sources including peer-reviewed literature, exposure and transport modeling, interviews with veterans, ship deck logs, and other government documents, and concluded that there is insufficient evidence to determine whether Blue Water Navy Veterans were exposed to Agent Orange-associated herbicides during the Vietnam War. After careful review of the IOM report, the Secretary determines that the evidence available at this time does not support establishing a presumption of exposure to herbicides for Blue Water Navy Vietnam Veterans. VA will continue to accept and review all Blue Water Navy Vietnam Veteran claims based on herbicide exposure on a case-by-case basis. | 2012-30909 | https://www.federalregister.gov/documents/2012/12/26/2012-30909/presumption-of-exposure-to-herbicides-for-blue-water-navy-vietnam-veterans-not-supported | https://www.gpo.gov/fdsys/pkg/FR-2012-12-26/pdf/2012-30909.pdf | 12/26/2012 |

| Copayments for Medications in 2013 | Rule | The Department of Veterans Affairs (VA) amends its medical regulations concerning the copayment required for certain medications. But for this rulemaking, beginning on January 1, 2013, the copayment amount would increase based on a formula set forth in regulation. The maximum annual copayment amount payable by veterans would also increase. For 2012, VA ``froze" the copayment amount for veterans in VA's health care system enrollment priority categories 2 through 6, but allowed copayments to increase based on the regulatory formula for veterans in priority categories 7 and 8. However, that formula did not trigger an increase in the copayment amount for veterans in priority categories 7 and 8. This rulemaking freezes copayments at the current rate for veterans in priority categories 2 through 8 for 2013, and thereafter resumes increasing copayments in accordance with the regulatory formula. | 2012-31432 | https://www.federalregister.gov/documents/2012/12/31/2012-31432/copayments-for-medications-in-2013 | https://www.gpo.gov/fdsys/pkg/FR-2012-12-31/pdf/2012-31432.pdf | 12/31/2012 |

The planned actions are based in part on VA's review of the analysis and recommendations in an October 31, 2011, report of the Institute of Medicine (IOM) of the National Academy of Sciences (NAS) concerning the potential long-term health consequences of exposure to burn pits in Iraq and Afghanistan. | 2013-02264 | https://www.federalregister.gov/documents/2013/02/04/2013-02264/initial-research-on-the-long-term-health-consequences-of-exposure-to-burn-pits-in-iraq-and | https://www.gpo.gov/fdsys/pkg/FR-2013-02-04/pdf/2013-02264.pdf | 2/4/2013 |

| Community Residential Care | Rule | The Department of Veterans Affairs (VA) amends its regulations concerning approval of non-VA community residential care facilities to allow VA to waive such facilities' compliance with standards that do not jeopardize the health or safety of residents. Waiver would be authorized in those limited circumstances where the deficiency cannot be corrected to meet a standard provided for in VA regulation. Authorizing this waiver will prevent veterans from needlessly choosing to move out of established and appropriate living situations due to minor deficiencies in standards that cannot be corrected, and into more restrictive and/or costly care. The rule establishes procedures that financial institutions must follow when they receive a garnishment order against an account holder who receives certain types of Federal benefit payments by direct deposit. The rule requires financial institutions that receive such a garnishment order to determine the sum of such Federal benefit payments deposited to the account during a two month period, and to ensure that the account holder has access to an amount equal to that sum or to the current balance of the account, whichever is lower. | 2013-12567 | https://www.federalregister.gov/documents/2013/05/29/2013-12567/garnishment-of-accounts-containing-federal-benefit-payments | https://www.gpo.gov/fdsys/pkg/FR-2013-05-29/pdf/2013-12567.pdf | 5/29/2013 |

| Discontinuance of Annual Financial Assessments | Notice | This Notice informs the public that the Department of Veterans Affairs (VA) will no longer request that certain veterans enrolled in the VA health care system annually submit income and asset information. VA uses such information to verify a veteran's continuing eligibility for certain health care benefits; however, VA is now able to get similar information through a means less burdensome on veterans. Moreover, annual, routine collection of this information has not significantly impacted veteran enrollment, and places an unwarranted burden on affected veterans. Therefore, VA will discontinue requesting that veterans submit an annual financial assessment following initial enrollment. | 2013-25045 | https://www.federalregister.gov/documents/2013/10/25/2013-25045/discontinuance-of-annual-financial-assessments | https://www.gpo.gov/fdsys/pkg/FR-2013-10-25/pdf/2013-25045.pdf | 10/25/2013 |

This change has the immediate effect of increasing the spousal resource protection amount from \$89,280 to \$115,920, and ensures that the spousal resource protection amount will stay consistent with the comparable protection for the spouses of Medicaid recipients. | 2013-28436 | https://www.federalregister.gov/documents/2013/11/27/2013-28436/copayment-for-extended-care-services | https://www.gpo.gov/fdsys/pkg/FR-2013-11-27/pdf/2013-28436.pdf | 11/27/2013 |
| Criteria for a Catastrophically Disabled Determination for Purposes of Enrollment | Rule | The Department of Veterans Affairs (VA) is amending its regulation concerning the manner in which VA determines that a veteran is catastrophically disabled for purposes of enrollment in priority group 4 for VA health care. As amended by this rulemaking, the regulation articulates the clinical criteria that identify an individual as catastrophically disabled, instead of using the corresponding International Classification of Diseases, Ninth Revision, Clinical Modification (ICD-9-CM) and Current Procedural Terminology (CPT[supreg]) codes. The revisions ensure that the regulation is not out of date when new versions of those codes are published. The revisions also broaden some of the descriptions for a finding of catastrophic disability. Additionally, the final rule does not rely on the Folstein Mini Mental State Examination (MMSE) as a criterion for determining whether a veteran meets the definition of catastrophically disabled, because we have determined that the MMSE is no longer a necessary clinical assessment tool. | 2013-28858 | https://www.federalregister.gov/documents/2013/12/03/2013-28858/criteria-for-a-catastrophically-disabled-determination-for-purposes-of-enrollment | https://www.gpo.gov/fdsys/pkg/FR-2013-12-03/pdf/2013-28858.pdf | 12/3/2013 |
| Notice of Funds Availability for Grants for Transportation of Veterans in Highly Rural Areas; Extension of Application Deadline | Notice | This notice extends the Department of Veterans Affairs (VA) application deadline for funds available under the Grants for Transportation of Veterans in Highly Rural Areas program. VA published a Notice of Funds Availability (NOFA) in the Federal Register on July 9, 2013 (78 FR 41195) to announce the availability of funds for applications beginning June 9, 2013 through September 9, 2013, 4 p.m. eastern standard time. The NOFA includes eligibility and scoring criteria for grants to assist veterans in highly rural areas through innovative transportation services to travel to VA and non-VA facilities and otherwise assist in providing transportation services in connection with the provision of VA medical care. | Specially Adapted Housing Eligibility for Amyotrophic Lateral Sclerosis Beneficiaries | Rule | The Department of Veterans Affairs (VA) is amending its adjudication regulation regarding specially adapted housing (SAH). The amendment authorizes automatic issuance of a certificate of eligibility for SAH to all veterans and active servicemembers with service- connected amyotrophic lateral sclerosis (ALS) rated totally disabling under the VA Schedule for Rating Disabilities. The intent and effect of this amendment are to establish eligibility for SAH for all persons who have service-connected ALS. VA previously amended its Schedule for Rating Disabilities to assign a 100 percent disability evaluation for any veteran who has service connected ALS based on the recognition that ALS is a rapidly progressive, totally debilitating, and irreversible motor neuron disease that results in muscle weakness leading to a wide range of serious disabilities, including problems with mobility. Because individuals with ALS quickly reach a level of total disability, the change was designed to eliminate the need to repeatedly reevaluate veterans suffering from ALS over a short period of time as symptoms worsen. Based on that same rationale, this amendment addresses the corresponding eligibility for SAH benefits for veterans and servicemembers with service-connected ALS. The overall SAH grant approval and oversight process is complex and lengthy, with many parts beyond VA's control. This rulemaking streamlines one aspect of the process within VA's control, by establishing SAH eligibility for all veterans or servicemembers with service-connected, totally disabling ALS. By shortening the first stage of the SAH process, this regulatory change will assist veterans and servicemembers suffering from ALS in adapting their homes before their condition becomes too | 2013-28831 | https://www.federalregister.gov/documents/2013/12/03/2013-28831/specially-adapted-housing-eligibility-for-amyotrophic-lateral-sclerosis-beneficiaries | https://www.gpo.gov/fdsys/pkg/FR-2013-12-03/pdf/2013-28831.pdf | 12/3/2013 |
| Grants to States for Construction or Acquisition of State Homes | Rule | This rule adopts as final, without change, an interim final rule amending the Department of Veterans Affairs (VA) regulations governing prioritization of State applications for VA grants for the construction or acquisition of State home facilities that furnish domiciliary, nursing home, or adult day health care to veterans. As amended, the regulation gives preference to State applications that would use grant funds solely or primarily (under certain circumstances) to remedy cited life or safety deficiencies. This rulemaking also makes certain necessary technical amendments to regulations governing State home grants. | 2013-29105 | https://www.federalregister.gov/documents/2013/12/06/2013-29105/grants-to-states-for-construction-or-acquisition-of-state-homes | https://www.gpo.gov/fdsys/pkg/FR-2013-12-06/pdf/2013-29105.pdf | 12/6/2013 |
| Authorization for Non-VA Medical Services | Rule | This Department of Veterans Affairs (VA) rulemaking amends VA's regulations regarding payment by VA for medical services under VA's statutory authority for non-VA medical care. In the Federal Register on November 28, 2012, VA proposed to remove an outdated regulatory limitation on veterans' eligibility to be referred for non- VA medical care. On the same date, VA also published a companion direct final rule that would have made the same amendments effective on January 28, 2013, if no significant adverse comments were received. Because VA received adverse comments on the direct final rule, VA is withdrawing it in a companion document in this issue of the Federal Register. This rulemaking includes VA's responses to comments on the proposed and direct final rules. | 2013-29311 | https://www.federalregister.gov/documents/2013/12/16/2013-29311/authorization-for-non-v-a-medical-services | https://www.gpo.gov/fdsys/pkg/FR-2013-12-16/pdf/2013-29311.pdf | 12/16/2013 |
| Authorization for Non-VA Medical Services; Withdrawal | Rule | The Department of Veterans Affairs (VA) published a direct final rule in the Federal Register on November 28, 2012, that would have amended its regulations regarding payment by VA for medical services under VA's statutory authority to provide non-VA medical care. VA sought to remove an outdated regulatory limitation on veterans' eligibility to be referred for non-VA medical care. On the same date, VA also published a companion proposed rule containing the same amendments as the direct final rule. Because VA received adverse comments on this action, we are withdrawing the direct final rule. In a companion document in the Federal Register, VA is publishing a final rule that addresses comments received on the proposed and direct final rules. | 2013-29312 | https://www.federalregister.gov/documents/2013/12/16/2013-29312/authorization-for-non-v-a-medical-services-withdrawal | https://www.gpo.gov/fdsys/pkg/FR-2013-12-16/pdf/2013-29312.pdf | 12/16/2013 |

| Secondary Service Connection for Diagnosable Illnesses Associated With Traumatic Brain Injury | Rule | The Department of Veterans Affairs (VA) amends its adjudication regulations concerning service connection. This final rule acts upon a report of the National Academy of Sciences, Institute of Medicine (IOM), Gulf War and Health, Volume 7: Long-Term Consequences of Traumatic Brain Injury, regarding the association between traumatic brain injury (TBI) and five diagnosable illnesses. This amendment establishes that if a veteran who has a service-connected TBI also has one of these diagnosable illnesses, then that illness will be considered service connected as secondary to the TBI. | 2013-29911 | https://www.federalregister.gov/documents/2013/12/17/2013-29911/secondary-service-connection-for-diagnosable-illnesses-associated-with-traumatic-brain-injury | https://www.gpo.gov/fdsys/pkg/FR-2013-12-17/pdf/2013-29911.pdf | 12/17/2013 |
| Allowance for Private Purchase of an Outer Burial Receptacle in Lieu of a Government-Furnished Graveliner for a Grave in a VA National Cemetery | Notice | Public Law 104-275 was enacted on October 9, 1996. It allows the Department of Veterans Affairs (VA) to provide a monetary allowance towards the private purchase of an outer burial receptacle for use in a VA national cemetery. Under VA regulation (38 CFR 38.629), the allowance is equal to the average cost of Government-furnished graveliners less any administrative costs to VA. The law provides a veteran's survivors with the option of selecting a Government-furnished graveliner for use in a VA national cemetery where such use is authorized. The purpose of this Notice is to notify interested parties of the average cost of Government-furnished graveliners, administrative costs that relate to processing and paying the allowance and the amount of the allowance payable for qualifying interments that occur during calendar year 2014. | 2013-29971 | https://www.federalregister.gov/documents/2013/12/18/2013-29971/allowance-for-private-purchase-of-an-outer-burial-receptacle-in-lieu-of-a-government-furnished | https://www.gpo.gov/fdsys/pkg/FR-2013-12-18/pdf/2013-29971.pdf | 12/18/2013 |
| Duty Periods for Establishing Eligibility for Health Care | Rule | The Department of Veterans Affairs (VA) is amending its medical regulations concerning eligibility for health care to re- establish the definitions of ``active military, naval, or air service," ``active duty," and ``active duty for training." These definitions were deleted in 1996; however, we believe that all duty periods should be defined in part 17 of the Code of Federal Regulations (CFR) to ensure proper determination of eligibility for VA health care. We are also providing a more complete definition of ``inactive duty training." | 2013-30775 | https://www.federalregister.gov/documents/2013/12/26/2013-30775/duty-periods-for-establishing-eligibility-for-health-care | https://www.gpo.gov/fdsys/pkg/FR-2013-12-26/pdf/2013-30775.pdf | 12/26/2013 |
| Copayments for Medications in 2014 | Rule | The Department of Veterans Affairs (VA) amends its medical regulations concerning the copayment required for certain medications. But for this rulemaking, beginning on January 1, 2014, the copayment amount would increase based on a formula set forth in regulation. The maximum annual copayment amount payable by veterans would also increase. As amended, the regulation allows VA to grant a waiver of a CRC standard in those limited circumstances where the deficiency cannot be corrected to meet a standard provided for in VA regulation. | Gulf War Veterans' Illnesses Task Force Report | Notice | The Secretary of Veterans Affairs (VA) established the Gulf War Veterans' Illnesses Task Force (GWVI-TF) in August 2009 to focus on full spectrum health care and benefits issues faced by Veterans of the 1990-1991 Gulf War (Operations Desert Shield and Desert Storm). The GWVI-TF published its first annual report in September 2010. The GWVI-TF posted a draft of its 2012-13 report for public comment on May 14, 2013. VA published the report in the Federal Register (78 FR 28292) and posted it on a social media Web site created specifically to elicit responses on the report. VA collected comments through both venues. During the thirty day comment period, VA received 41 comments submitted through the Federal Register venue and over 180 comments through the social media Web site. VA sincerely thanks all those who took the time to submit comments. VA has completed its 2012-13 Gulf War Veterans' Illnesses Task Force Report. The GWVI-TF reviewed all the comments submitted, and addressed in this report those comments that were directly responsive to the draft report. Comments specifically addressed in this report are annotated accordingly. The comments that were not directly responsive to the draft report will serve as guidance for the VA to consider as it moves forward. Finally, there were a number of individual requests for assistance. Those that contained sufficient specific information were referred to appropriate VA offices for action. Those that were not specific enough or were anonymously submitted will serve as background for consideration on areas for the VA to study in the future. | 2014-04476 | https://www.federalregister.gov/documents/2014/02/28/2014-04476/gulf-war-veterans-illnesses-task-force-report | https://www.gpo.gov/fdsys/pkg/FR-2014-02-28/pdf/2014-04476.pdf | 2/28/2014 |

| Servicemembers' Group Life Insurance-Veterans' Group Life Insurance Regulation Update-ABO, VGLI Application, SGLI 2 Year Disability Extension | Rule | This document amends the Department of Veterans Affairs (VA) insurance regulations concerning Servicemembers' Group Life Insurance (SGLI) to reflect the statutory provisions of the Veterans' Benefits Act of 2010, which became law on October 13, 2010, and resulted in the need for amendments to change the SGLI Disability Extension period from 1 year to 2 years in duration; provide SGLI Traumatic Injury Protection (TSGLI) retroactive coverage effective from October 7, 2001, for all qualifying injuries regardless of the geographic location and military operation in which the injuries were incurred; and remove the SGLI and Veterans' Group Life Insurance (VGLI) Accelerated Benefits Option (ABO) discount rate. This rule also clarifies that "initial premium" refers to "initial Veterans' Group Life Insurance premium," updates the current address of the Office of Servicemembers' Group Life Insurance (OSGLI), managed by Prudential Insurance Company of America, to reflect where the ABO application is mailed for processing, and corrects the OSGLI phone number. Finally, this rule removes the ABO application form from the regulation, and it corrects and clarifies language concerning the VGLI application period that was inadvertently incorrectly modified in a prior amendment of the regulations. | 2014-17900 | https://www.federalregister.gov/documents/2014/07/31/2014-17900/servicemembers-group-life-insurance-veterans-group-life-insurance-regulation-update-abo-vgli | https://www.gpo.gov/fdsys/pkg/FR-2014-07-31/pdf/2014-17900.pdf | 7/31/2014 |

| Schedule for Rating Disabilities-Mental Disorders and Definition of Psychosis for Certain VA Purposes | Rule | The Department of Veterans Affairs (VA) is amending the portion of its Schedule for Rating Disabilities (VASRD) dealing with mental disorders and its adjudication regulations that define the term "psychosis." The VASRD refers to the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition (DSM-IV), and VA's adjudication regulations refer to the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition Text Revision (DSM-IV-TR). DSM-IV and DSM-IV-TR were recently updated by issuance of the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5). This rulemaking will remove outdated DSM references by deleting references to DSM-IV and DSM-IV-TR and replacing them with references to DSM-5. Additionally, this rulemaking will update the nomenclature used to refer to certain mental disorders to conform to DSM-5. | 2014-18150 | https://www.federalregister.gov/documents/2014/08/04/2014-18150/schedule-for-rating-disabilities-mental-disorders-and-definition-of-psychosis-for-certain-va | https://www.gpo.gov/fdsys/pkg/FR-2014-08-04/pdf/2014-18150.pdf | 8/4/2014 |

| Hospital Care and Medical Services for Camp Lejeune Veterans | Rule | This document amends Department of Veterans Affairs (VA) regulations in order to implement a statutory mandate that VA provide health care to certain veterans who served at Camp Lejeune, North Carolina, for at least 30 days during the period beginning on January 1, 1957, and ending on December 31, 1987. The law requires VA to furnish hospital care and medical services for these veterans for certain illnesses and conditions that may be attributed to exposure to toxins in the water system at Camp Lejeune. This rule does not implement the statutory provision requiring VA to provide health care to these veterans' family members; regulations applicable to such family members will be promulgated through a separate notice. | 2014-22637 | https://www.federalregister.gov/documents/2014/09/24/2014-22637/hospital-care-and-medical-services-for-camp-lejeune-veterans | https://www.gpo.gov/fdsys/pkg/FR-2014-09-24/pdf/2014-22637.pdf | 9/24/2014 |

Under this rule, VA will reimburse family members, or pay providers, for medical expenses incurred as a result of certain illnesses and conditions that may be attributed to exposure to contaminated drinking water at Camp Lejeune during this time period. Payment or reimbursement will be made within the limitations set forth in statute and Camp Lejeune family members will receive hospital care and medical services that are consistent with the manner in which we provide hospital care and medical services to Camp Lejeune veterans. | 2014-22635 | https://www.federalregister.gov/documents/2014/09/24/2014-22635/payment-or-reimbursement-for-certain-medical-expenses-for-camp-lejeune-family-members | https://www.gpo.gov/fdsys/pkg/FR-2014-09-24/pdf/2014-22635.pdf | 9/24/2014 |

| Standard Claims and Appeals Forms | Rule | The Department of Veterans Affairs (VA) amends its adjudication regulations and the appeals regulations and rules of practice of the Board of Veterans' Appeals (Board) to require that all claims governed by VA's adjudication regulations be filed on standard forms prescribed by the Secretary, regardless of the type of claim or posture in which the claim arises. This rulemaking also eliminates the constructive receipt of VA reports of hospitalization or examination and other medical records as informal claims for increase or to reopen while retaining the retroactive effective date assignment for awards for claims for increase which are filed on a standard form within 1 year of such hospitalization, examination, or treatment. This final rule also implements the concept of an intent to file a claim for benefits, which operates similarly to the current informal claim process, but requires that the submission establishing a claimant's effective date of benefits must be received in one of three specified formats. Finally, these amendments will provide that VA will accept an expression of dissatisfaction or disagreement with an adjudicative determination by the agency of original jurisdiction(AOJ) as a Notice of Disagreement (NOD) only if it is submitted on a standardized form provided by VA for the purpose of appealing the decision, in cases where such a form is provided. Although a standardized NOD form will only initially be provided in connection with decisions on compensation claims, VA may require a standard NOD form for any type of claim for VA benefits if, in the future, it develops and provides a standardized NOD form for a particular benefit. | Federal Awarding Agency Regulatory Implementation of Office of Management and Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards | Rule | This joint interim final rule implements for all Federal award-making agencies the final guidance Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) published by the Office of Management and Budget (OMB) on December 26, 2013. This rule is necessary in order to incorporate into regulation and thus bring into effect the Uniform Guidance as required by OMB. Implementation of this guidance will reduce administrative burden and risk of waste, fraud, and abuse for the approximately \$600 billion per year awarded in Federal financial assistance. The result will be more Federal dollars reprogrammed to support the mission, new entities able to compete and win awards, and ultimately a stronger framework to provide key services to American citizens and support the basic research that underpins the United States economy. | 2014-28697 | https://www.federalregister.gov/documents/2014/12/19/2014-28697/federal-awarding-agency-regulatory-implementation-of-office-of-management-and-budgets-uniform | https://www.gpo.gov/fdsys/pkg/FR-2014-12-19/pdf/2014-28697.pdf | 12/19/2014 |

| Department of Veterans Affairs Acquisition Regulation: Service-Disabled Veteran-Owned and Veteran-Owned Small Business Status Protests | Rule | This document adopts as a final rule, without change, the interim final rule published in the Federal Register on September 30, 2013. This document implements a portion of the Veterans Benefits, Health Care, and Information Technology Act of 2006, which requires the Department of Veterans Affairs (VA) to verify ownership and control of Veteran-owned small businesses (VOSBs), including service-disabled Veteran-owned small businesses (SDVOSBs), in order for these firms to participate in VA acquisitions set asides for SDVOSB/VOSBs. Specifically, VA amends its adjudication procedures for SDVOSB and VOSB status protests, to provide that VA's Director, Center for Verification and Evaluation (CVE), shall initially adjudicate SDVOSB and VOSB status protests, and to provide that protested businesses, if they are denied status, may appeal to VA's Executive Director, Office of Small and Disadvantaged Business Utilization (OSDBU). SDVOSB/VOSB status protests occur when during a particular SDVOSB/VOSB set aside acquisition, a competing vendor in acquisition challenges the status of the putative awardee as an actual SDVOSB or VOSB, as applicable. Additionally, VA amends the title of CVE from the Center for Veterans Enterprise to the Center for Verification and Evaluation, to more appropriately represent the function of this office. | 2015-05505 | https://www.federalregister.gov/documents/2015/03/10/2015-05505/department-of-veterans-affairs-acquisition-regulation-service-disabled-veteran-owned-and | https://www.gpo.gov/fdsys/pkg/FR-2015-03-10/pdf/2015-05505.pdf | 3/10/2015 |

| Funding Availability Under Supportive Services for Veteran Families Program | Notice | This amendment to the February 3, 2015 NOFA allows grantees with existing 3-year, non-renewable awards to apply for funding (these grants were previously awarded to priority 1 applicants under a Supportive Services for Veterans Families (SSVF) NOFA published on January 10, 2014). Under the current February 3, 2015 NOFA, VA is offering up to \$300 million to current SSVF grantees seeking funding for their existing, renewable grants. This amendment will expand the pool of potential applicants to include current SSVF grantees with 3- year, non-renewable grants. The overall level of funding available through the amended NOFA remains at \$300 million. Increasing the rate of placement of homeless Veteran households may be accomplished by accelerating SSVF program implementation by funded grantees. VA seeks to encourage such activity and recognizes that one method of enhancing placement activity is to shorten grant terms from 3 years to 2 years, utilizing the grantee's total 3-year award in a shorter, 2-year period. | Driving Distance Eligibility for the Veterans Choice Program | Rule | The Department of Veterans Affairs (VA) amends its medical regulations implementing section 101 of the Veterans Access, Choice, and Accountability Act of 2014, which directed VA to establish a program to furnish hospital care and medical services through eligible non-VA health care providers to eligible veterans who either cannot be seen within the wait-time goals of the Veterans Health Administration or who qualify based on their place of residence (hereafter referred to as the Veterans Choice Program, or the ``Program"). VA published an interim final rule implementing the Veterans Choice Program on November 5, 2014. Under current law, VA uses a straight-line or geodesic distance to determine eligibility based on place of residence. This interim final rule modifies how VA measures the distance from a veteran's residence to the nearest VA medical facility. This modified standard will consider the distance the veteran must drive to the nearest VA medical facility, rather than the straight-line or geodesic distance to such a facility. | 2015-09370 | https://www.federalregister.gov/documents/2015/04/24/2015-09370/driving-distance-eligibility-for-the-veterans-choice-program | https://www.gpo.gov/fdsys/pkg/FR-2015-04-24/pdf/2015-09370.pdf | 4/24/2015 |
| Updating Certain Delegations of Authority in VA Medical Regulations | Rule | The Department of Veterans Affairs (VA) is making technical amendments to its medical regulations by updating certain delegations of authority to be consistent with the statutory authority that established the Consolidated Patient Account Centers (CPACs). | Health Care for Homeless Veterans Program | Rule | The Department of Veterans Affairs (VA) amends its medical regulations concerning eligibility for the Health Care for Homeless Veterans (HCHV) program. The HCHV program provides per diem payments to non-VA community-based facilities that provide housing, outreach services, case management services, and rehabilitative services, and may provide care and/or treatment to homeless veterans who are enrolled in or eligible for VA health care. The rule modifies VA's HCHV regulations to conform to changes enacted in the Honoring America's Veterans and Caring for Camp Lejeune Families Act of 2012. Specifically, the rule removes the requirement that homeless veterans be diagnosed with a serious mental illness or substance use disorder to qualify for the HCHV program. This change makes the program available to all homeless veterans who are enrolled in or eligible for VA health care. The rule also updates the definition of homeless to match in part the one used by the Department of Housing and Urban Development (HUD). The rule further clarifies that the services provided by the HCHV program through non-VA community-based providers must include case management services, including non-clinical case management, as appropriate. | 2015-10150 | https://www.federalregister.gov/documents/2015/05/01/2015-10150/health-care-for-homeless-veterans-program | https://www.gpo.gov/fdsys/pkg/FR-2015-05-01/pdf/2015-10150.pdf | 5/1/2015 |
| Grants for Adaptive Sports Programs for Disabled Veterans and Disabled Members of the Armed Forces | Rule | This final rule amends Department of Veterans Affairs (VA) regulations to establish a new program to provide grants to eligible entities to provide adaptive sports activities to disabled veterans and disabled members of the Armed Forces. This rulemaking is necessary to implement a change in the law that authorizes VA to make grants to entities other than the United States Olympic Committee for adaptive sports programs. It establishes procedures for evaluating grant applications under this grant program, and otherwise administering the grant program. | Loan Guaranty: Elimination of Redundant Regulations; Technical Correction | Rule | On June 15, 2010, the Department of Veterans Affairs (VA) published a document in the Federal Register (75 FR 33704), amending its loan guaranty regulations to eliminate redundancies in the regulations that were a result of a new electronic reporting system. At that time, we failed to update the cross-reference citations within the redesignated sections. On October 22, 2010 (75 FR 65238), Sections 36.4301 through 36.4323(e) were amended to replace the incorrect cross-reference citations with the accurate, updated cross-references. This document corrects the remaining redesignated sections (Sec. 36.4324 through Sec. 36.4393) to contain the correct and updated cross-reference citations. These nonsubstantive changes are made for clarity and accuracy. | 2015-13456 | https://www.federalregister.gov/documents/2015/06/16/2015-13456/loan-guaranty-elimination-of-redundant-regulations-technical-correction | https://www.gpo.gov/fdsys/pkg/FR-2015-06-16/pdf/2015-13456.pdf | 6/16/2015 |

| Presumption of Herbicide Exposure and Presumption of Disability During Service for Reservists Presumed Exposed to Herbicide | Rule | The Department of Veterans Affairs (VA) is amending its regulation governing individuals presumed to have been exposed to certain herbicides. Specifically, VA is expanding the regulation to include an additional group consisting of individuals who performed service in the Air Force or Air Force Reserve under circumstances in which they had regular and repeated contact with C-123 aircraft known to have been used to spray an herbicide agent (``Agent Orange") during the Vietnam era. In addition, the regulation will establish a presumption that members of this group who later develop an Agent Orange presumptive condition were disabled during the relevant period of service, thus establishing that this service constituted ``active, naval, military or air service." The effect of this action is to presume herbicide exposure for these individuals and to allow individuals who were exposed to herbicides during reserve service to establish veteran status for VA purposes and eligibility for some VA benefits. The need for this action results from a recent decision by the Secretary of Veterans Affairs to acknowledge that individuals who had regular and repeated exposure to C-123 aircraft that the United States Air Force used to spray the herbicides in Vietnam during Operation Ranch Hand were exposed to Agent Orange. | 2015-14995 | https://www.federalregister.gov/documents/2015/06/19/2015-14995/presumption-of-herbicide-exposure-and-presumption-of-disability-during-service-for-reservists | https://www.gpo.gov/fdsys/pkg/FR-2015-06-19/pdf/2015-14995.pdf | 6/19/2015 |

| Notice of Availability of a Final Environmental Impact Statement for the San Francisco VA Medical Center Long Range Development Plan | Notice | The Department of Veterans Affairs (VA), San Francisco VA Medical Center (SFVAMC) announces the availability of the Final Environmental Impact Statement (EIS) for the Long Range Development Plan (LRDP). Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4331 et seq.), the Council on Environmental Quality Regulations for Implementing the Procedural Requirements of NEPA (40 CFR parts 1500-1508) and VA's implementing Regulations (38 CFR part 26), VA has considered comments received on the Supplemental Draft EIS and has prepared the Final EIS. | Agency Interpretation of Prosthetic Replacement of a Joint | Rule | The Department of Veterans Affairs is publishing interpretive guidance for diagnostic codes (DC) 5051 through 5056, which establish rating criteria for prosthetic implant replacements of joints of the musculoskeletal system. The Schedule for Rating Disabilities under these DCs allows for a 1-year, 100-percent disability evaluation upon prosthetic replacement of a joint. This final rule clarifies that VA's longstanding interpretation of DCs 5051 through 5056 is that a 100- percent evaluation will be in place for a period of one year when the total joint, rather than the partial joint, has been replaced by a prosthetic implant. | 2015-17417 | https://www.federalregister.gov/documents/2015/07/16/2015-17417/agency-interpretation-of-prosthetic-replacement-of-a-joint | https://www.gpo.gov/fdsys/pkg/FR-2015-07-16/pdf/2015-17417.pdf | 7/16/2015 |
| Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards; Updating References | Rule | The Department of Veterans Affairs (VA) is amending its regulations with updated citations and references to Office of Management and Budget (OMB) authorities for Federal grant programs. VA has adopted OMB's guidance, and this rule replaces the obsolete OMB references in VA's regulations. | 2015-17416 | https://www.federalregister.gov/documents/2015/07/22/2015-17416/uniform-administrative-requirements-cost-principles-and-audit-requirements-for-federal-awards | https://www.gpo.gov/fdsys/pkg/FR-2015-07-22/pdf/2015-17416.pdf | 7/22/2015 |
| Update to NFPA Standards, Incorporation by Reference | Rule | The Department of Veterans Affairs (VA) is amending its regulations incorporating by reference the National Fire Protection Association (NFPA) codes and standards. These codes and standards are referenced in VA regulations concerning community residential care facilities, contract facilities for certain outpatient and residential services, Medical Foster Homes, and State home facilities. To ensure the continued safety of veterans in these facilities, VA is continuing to rely upon NFPA codes and standards for VA approval of such facilities. | Loan Guaranty: Adjustable Rate Mortgage Notification Requirements and Look-Back Period | Rule | This document adopts as final, without change, a proposed rule of the Department of Veterans Affairs (VA) to amend its regulations that govern adjustable rate mortgages made in conjunction with the Home Loan Guaranty program. These revisions align VA's disclosure and interest rate adjustment requirements with the implementing regulations of the Truth in Lending Act (TILA), as recently revised by the Consumer Financial Protection Bureau (CFPB). | Additional Compensation on Account of Children Adopted Out of Veteran's Family | Rule | The Department of Veterans Affairs (VA) is amending its adjudication regulations to clarify that a veteran will not receive the dependent rate of disability compensation for a child who is adopted out of the veteran's family. This action is necessary because applicable VA adjudication regulations are currently construed as permitting a veteran, whose former child was adopted out of the veteran's family, to receive the dependent rate of disability compensation for the adopted-out child, which constitutes an unwarranted award of benefits not supported by the applicable statute and legislative history. | West Los Angeles VA Medical Center; Preliminary Draft Final Master Plan-Public Comment Period | Notice | This Federal Register Notice announces an opportunity for public comment on the Preliminary Draft Final Master Plan for the West Los Angeles (WLA) Department of Veterans Affairs (VA) campus (hereinafter referred to as the "Preliminary Draft Final Master Plan"). The WLA campus is approximately 387 acres in the heart of Los Angeles. There are 104 buildings across the campus of which 39 are designated as historic, 12 are considered to be exceptionally high risk for a seismic event, and a number are vacant or closed. The purpose of this Preliminary Draft Final Master Plan is to support VA's ongoing efforts to revitalize the campus into a more Veteran-focused environment, notably for severely disabled, aging, female, and homeless Veterans. This master planning effort is consistent with VA's goal to help end Veteran homelessness nationwide, particularly in the Greater Los Angeles region, one of the largest homeless Veteran populations in the country. This notice solicits public comments on the Preliminary Draft Final Master Plan. At the end of the public comment period, VA will review the comments received, post summary responses into the Federal Register via a second notice, ready the Preliminary Draft Final Master Plan for environmental and historic preservation due diligence, and prepare a Final Master Plan for the WLA campus. | 2015-26945 | https://www.federalregister.gov/documents/2015/10/22/2015-26945/west-los-angeles-v-a-medical-center-preliminary-draft-final-master-plan-public-comment-period | https://www.gpo.gov/fdsys/pkg/FR-2015-10-22/pdf/2015-26945.pdf | 10/22/2015 |

| Expanded Access to Non-VA Care Through the Veterans Choice Program | Rule | The Department of Veterans Affairs (VA) revises its medical regulations that implement section 101 of the Veterans Access, Choice, and Accountability Act of 2014 (hereafter referred to as ``the Choice Act"), which requires VA to establish a program to furnish hospital care and medical services through eligible non-VA health care providers to eligible veterans who either cannot be seen within the wait-time goals of the Veterans Health Administration (VHA) or who qualify based on their place of residence (hereafter referred to as the ``Veterans Choice Program" or the ``Program"). These regulatory revisions are required by the most recent amendments to the Choice Act made by the Construction Authorization and Choice Improvement Act of 2014, and by the Surface Transportation and Veterans Health Care Choice Improvement Act of 2015. The Construction Authorization and Choice Improvement Act of 2014 amended the Choice Act to define additional criteria that VA may use to determine that a veteran's travel to a VA medical facility is an ``unusual or excessive burden," and the Surface Transportation and Veterans Health Care Choice Improvement Act of 2015 amended the Choice Act to cover all veterans enrolled in the VA health care system, remove the 60-day limit on an episode of care, modify the wait-time and 40-mile distance eligibility criteria, and expand provider eligibility based on criteria as determined by VA. This interim final rule revises VA regulations consistent with the changes made to the Choice Act as described above. | 2015-29865 | https://www.federalregister.gov/documents/2015/12/01/2015-29865/expanded-access-to-non-v-a-care-through-the-veterans-choice-program | https://www.gpo.gov/fdsys/pkg/FR-2015-12-01/pdf/2015-29865.pdf | 12/1/2015 |

| Tribal Health Programs-Community Care Consolidation | Notice | The Department of Veterans Affairs (VA), Veterans Health Administration (VHA) will facilitate a Tribal Consultation on the VHA's effort to improve continuity of care and health care access for Veterans by consolidating multiple community care programs, previously known as non-VA care, into one standard program with standard rates. In October 2015, VA submitted to Congress the Plan to Consolidate Programs of Department of Veterans Affairs to Improve Access to Care, http://www.va.gov/opa/publications/VA_Community_Care_Report_11_03_2015.pdf , which lays out the vision for a consolidated community care program that is easy to understand, simple to administer, and meets the needs of Veterans, community providers, and VA staff. As VA continues to move forward with implementing the vision of the Plan, we again seek tribal input to assist VA in developing the network of providers in a manner that would build on VA's existing relationships with tribal health programs and facilitate future collaboration to improve health care services provided to all eligible, VA-enrolled Veterans, regardless of whether they are eligible for Indian Health Service-funded health care or not. We are seeking tribal consultation regarding the tribal health programs' participation in the core provider network, as outlined in the Plan, and potentially transitioning from the current reimbursement agreement structure to a model under which tribal health programs deliver care to all eligible, VA enrolled Veterans using a standard reimbursement rate based on Medicare rates. | 2016-23483 | https://www.federalregister.gov/documents/2016/09/29/2016-23483/tribal-health-programs-community-care-consolidation | https://www.gpo.gov/fdsys/pkg/FR-2016-09-29/pdf/2016-23483.pdf | 9/29/2016 |

In October 2015, VA submitted to Congress the Plan to Consolidate Programs of Department of Veterans Affairs to Improve Access to Care, http://www.va.gov/opa/publications/VA_Community_Care_Report_11_03_2015.pdf , which lays out the vision for a consolidated community care program that is easy to understand, simple to administer, and meets the needs of Veterans, community providers, and VA staff. As VA continues to move forward with implementing the vision of the Plan, we again seek tribal input to assist VA in developing the network of providers in a manner that would build on VA's existing relationships with tribal health programs and facilitate future collaboration to improve health care services provided to all eligible, VA-enrolled Veterans, regardless of whether they are eligible for Indian Health Service-funded health care or not. We are seeking tribal consultation regarding the tribal health programs' participation in the core provider network, as outlined in the Plan, and potentially transitioning from the current reimbursement agreement structure to a model under which tribal health programs deliver care to all eligible, VA enrolled Veterans, using a standard reimbursement rate based on Medicare rates. | 2016-27436 | https://www.federalregister.gov/documents/2016/11/15/2016-27436/tribal-health-programs-community-care-consolidation | https://www.gpo.gov/fdsys/pkg/FR-2016-11-15/pdf/2016-27436.pdf | 11/15/2016 |
| Annual Determination of Staffing Shortages | Notice | Section 7412 of title 38, United States Code (U.S.C.) requires the Department of Veterans Affairs (VA) Inspector General (IG) to determine and report on the top five occupations of VA personnel covered under 38 U.S.C. 7401, for which there are the largest staffing shortages. The top five occupations are calculated over the five-year period preceding the determination, and the Secretary of Veterans Affairs is required to publish these findings in the Federal Register. Based on its review, the IG identified the following six occupations as having the largest staffing shortages in the identified time period: Medical Officer, Nurse, Psychologist, Physician Assistant, Physical Therapist and Medical Technologist. Six occupations are identified because the Psychologist and Physician Assistant positions tied for the third position, and the Physical Therapist and Medical Technologist positions tied for the fifth position. | Tiered Pharmacy Copayments for Medications | Rule | The Department of Veterans Affairs (VA) adopts as a final rule, with changes, a proposal to amend its regulations concerning copayments charged to certain veterans for medication required on an outpatient basis to treat nonservice-connected conditions. Prior to this final rule, VA charged non-exempt veterans either \$8 or \$9 for each 30-day or less supply of medication, and that amount may have changed in future years. This rulemaking replaces those rates and establishes three classes of medications for copayment purposes, identified as Tier 1, Tier 2, and Tier 3. These tiers are defined further in the rulemaking and are distinguished in part based on whether the medications are available from multiple sources or a single source, with some exceptions. Copayment amounts are fixed and would vary depending upon the class of medication. The following medication copayment amounts are applicable on the effective date of this final rule: \$5 for a 30-day or less supply of a Tier 1 medication, \$8 for a 30-day or less supply of a Tier 2 medication, and \$11 for a 30-day or less supply of a Tier 3 medication. For non-exempt veterans these copayment amounts will result in lower out-of-pocket costs, thereby encouraging greater adherence to taking prescribed medications and reducing the risk of fragmented care that results when veterans use non-VA pharmacies to fill their prescriptions. The proposed rule was published on January 5, 2016 and the public comment period closed on March 7, 2016. We received nine comments and respond to these comments here. | 2016-29515 | https://www.federalregister.gov/documents/2016/12/12/2016-29515/tiered-pharmacy-copayments-for-medications | https://www.gpo.gov/fdsys/pkg/FR-2016-12-12/pdf/2016-29515.pdf | 12/12/2016 |
| Notice of Availability of a Draft Environmental Impact Statement for a Replacement Veterans Affairs Medical Center, Louisville, Kentucky; Comment Period Extension | Notice | On October 27, 2016, the Department of Veterans Affairs (VA) published, in the Federal Register, the Notice of Availability of a Draft Environmental Impact Statement (EIS) for a Replacement VA Medical Center (VAMC) and Veterans Benefits Administration (VBA) regional office in Louisville, Kentucky, that analyzes the potential impacts of three alternatives for changes to VA's facilities in the Louisville area. Two public hearings on the Draft EIS were held in Louisville on November 15, 2016, which were attended by over 200 people. Since then, VA has received many requests from stakeholders for more time to review and analyze the document due to its size and the controversy surrounding the preferred alternative. After considering these requests and other factors, VA is extending the comment period for the Draft EIS by 30 days, from December 12, 2016 to January 11, 2017. | 2016-29871 | https://www.federalregister.gov/documents/2016/12/13/2016-29871/notice-of-availability-of-a-draft-environmental-impact-statement-for-a-replacement-veterans-affairs | https://www.gpo.gov/fdsys/pkg/FR-2016-12-13/pdf/2016-29871.pdf | 12/13/2016 |

| Advanced Practice Registered Nurses | Rule | The Department of Veterans Affairs (VA) is amending its medical regulations to permit full practice authority of three roles of VA advanced practice registered nurses (APRN) when they are acting within the scope of their VA employment. Certified Registered Nurse Anesthetists (CRNA) will not be included in VA's full practice authority under this final rule, but comment is requested on whether there are access issues or other unconsidered circumstances that might warrant their inclusion in a future rulemaking. The final rulemaking establishes the professional qualifications an individual must possess to be appointed as an APRN within VA, establishes the criteria under which VA may grant full practice authority to an APRN, and defines the scope of full practice authority for each of the three roles of APRN. The services provided by an APRN under full practice authority in VA are consistent with the nursing profession's standards of practice for such roles. This rulemaking increases veterans' access to VA health care by expanding the pool of qualified health care professionals who are authorized to provide primary health care and other related health care services to the full extent of their education, training, and certification, without the clinical supervision of physicians, and it permits VA to use its health care resources more effectively and in a manner that is consistent with the role of APRNs in the non-VA health care sector, while maintaining the patient-centered, safe, high-quality health care that veterans receive from VA. | 2016-29950 | https://www.federalregister.gov/documents/2016/12/14/2016-29950/advanced-practice-registered-nurses | https://www.gpo.gov/fdsys/pkg/FR-2016-12-14/pdf/2016-29950.pdf | 12/14/2016 |

| Diseases Associated With Exposure to Contaminants in the Water Supply at Camp Lejeune | Rule | The Department of Veterans Affairs (VA) amends its adjudication regulations regarding presumptive service connection, adding certain diseases associated with contaminants present in the base water supply at U.S. Marine Corps Base Camp Lejeune (Camp Lejeune), North Carolina, from August 1, 1953, to December 31, 1987. This final rule establishes that veterans, former reservists, and former National Guard members, who served at Camp Lejeune for no less than 30 days (consecutive or nonconsecutive) during this period, and who have been diagnosed with any of eight associated diseases, are presumed to have incurred or aggravated the disease in service for purposes of entitlement to VA benefits. In addition, this final rule establishes a presumption that these individuals were disabled during the relevant period of service for purposes of establishing active military service for benefits purposes. Under this presumption, affected former reservists and National Guard members have veteran status for purposes of entitlement to some VA benefits. This amendment implements a decision by the Secretary of Veterans Affairs that service connection on a presumptive basis is warranted for claimants who served at Camp Lejeune during the relevant period and for the requisite amount of time and later develop certain diseases. | 2017-00499 | https://www.federalregister.gov/documents/2017/01/13/2017-00499/diseases-associated-with-exposure-to-contaminants-in-the-water-supply-at-camp-lejeune | https://www.gpo.gov/fdsys/pkg/FR-2017-01-13/pdf/2017-00499.pdf | 1/13/2017 |

| Fertility Counseling and Treatment for Certain Veterans and Spouses | Rule | The Department of Veterans Affairs (VA) amends its regulation regarding fertility counseling and treatment available to certain veterans and spouses. VA currently provides certain infertility services other than in vitro fertilization (IVF) to veterans as part of the medical benefits package. IVF is the process of fertilization by manually fertilizing an egg, and then transferring the embryo to the uterus. This interim final rulemaking adds a new section authorizing IVF for a veteran with a service-connected disability that results in the inability of the veteran to procreate without the use of fertility treatment. In addition, we add a new section stating that VA may provide fertility counseling and treatment using assisted reproductive technologies (ART), including IVF, to a spouse of a veteran with a service-connected disability that results in the inability of the veteran to procreate without the use of fertility treatment. VA will provide ART treatment, including IVF, to these veterans and spouses as specified in the Continuing Appropriations and Military Construction, Veterans Affairs, and Related Agencies Appropriations Act, 2017, and Zika Response and Preparedness Act to the extent such services are consistent with the services available to enrolled veterans under the medical benefits package. | 2017-00280 | https://www.federalregister.gov/documents/2017/01/19/2017-00280/fertility-counseling-and-treatment-for-certain-veterans-and-spouses | https://www.gpo.gov/fdsys/pkg/FR-2017-01-19/pdf/2017-00280.pdf | 1/19/2017 |

Specifically, this rulemaking allows the Secretary to recognize tribal organizations in a similar manner as the Secretary recognizes State organizations. The final rule allows a tribal organization that is established and funded by one or more tribal governments to be recognized for the purpose of providing assistance on VA benefit claims. In addition, the final rule allows an employee of a tribal government to become accredited through a recognized State organization in a similar manner as a County Veterans' Service Officer (CVSO) may become accredited through a recognized State organization. The effect of this action is to address the needs of Native American populations who are geographically isolated from existing recognized Veterans Service Organizations (VSOs) or who may not be utilizing other recognized VSOs due to cultural barriers or lack of familiarity with those organizations. | 2017-00947 | https://www.federalregister.gov/documents/2017/01/19/2017-00947/recognition-of-tribal-organizations-for-representation-of-va-claimants | https://www.gpo.gov/fdsys/pkg/FR-2017-01-19/pdf/2017-00947.pdf | 1/19/2017 |

This interim final rule contains a minor revision to require re-verification of SDVOSB/VOSB status only every three years rather than biennially. | Release of VA Records Relating to HIV | Rule | The Department of Veterans Affairs (VA) is amending its medical regulations governing the release of VA medical records. Specifically, VA is eliminating the restriction on sharing a negative test result for the human immunodeficiency virus (HIV) with veterans' outside providers. HIV testing is a common practice today in healthcare and the stigma of testing that may have been seen in the 1980s when HIV was first discovered is no longer prevalent. Continuing to protect negative HIV tests causes delays and an unnecessary burden on veterans when VA tries to share electronic medical information with the veterans' outside providers through electronic health information exchanges. For this same reason, VA will also eliminate restrictions on negative test results of sickle cell anemia. This final rule eliminates the current barriers to electronic medical information exchange. | 2017-05799 | https://www.federalregister.gov/documents/2017/03/23/2017-05799/release-of-va-records-relating-to-hiv | https://www.gpo.gov/fdsys/pkg/FR-2017-03-23/pdf/2017-05799.pdf | 3/23/2017 |

Such lodging is generally furnished at no cost to veterans' relatives, close friends, and caregivers, because VA's experience has shown that veterans' treatment outcomes are improved by having loved ones nearby. | Ensuring a Safe Environment for Community Residential Care Residents | Rule | The Department of Veterans Affairs (VA) adopts as final, with changes, a proposed rule governing the approval of a community residential care facility (CRC). The final rule prohibits a CRC from employing an individual who has been convicted in a court of law of certain listed crimes within 7 years of conviction, or has had a finding within 6 months entered into an applicable State registry or with the applicable licensing authority concerning abuse, neglect, mistreatment of individuals or misappropriation of property. The CRC is required to conduct an individual assessment of suitability for employment for any conviction or finding outside either the 7 year or 6 month parameters. The CRCs is also required to develop and implement written policies and procedures that prohibit mistreatment, neglect, and abuse of residents and misappropriation of resident property. The CRC must report and investigate any allegations of abuse or mistreatment. The CRC must also screen individuals who are not CRC residents, but have direct access to a veteran living in a CRC. In addition, we are amending the rule regarding the maximum number of beds allowed in a resident's bedroom. VA published the proposed rule on November 12, 2015, and we received four public comments. We also received correspondence from a federal agency with recommendations. This final rule responds to public comments and feedback from that federal agency. | 2017-15519 | https://www.federalregister.gov/documents/2017/07/25/2017-15519/ensuring-a-safe-environment-for-community-residential-care-residents | https://www.gpo.gov/fdsys/pkg/FR-2017-07-25/pdf/2017-15519.pdf | 7/25/2017 |

This final rule is an essential part of VA's attempts to eliminate homelessness among the veteran population. | 2017-23945 | https://www.federalregister.gov/documents/2017/11/03/2017-23945/homeless-veterans | https://www.gpo.gov/fdsys/pkg/FR-2017-11-03/pdf/2017-23945.pdf | 11/3/2017 |

| Ecclesiastical Endorsing Organizations | Rule | The Department of Veterans Affairs (VA) is amending its medical regulations by establishing in regulation the eligibility requirements that ecclesiastical endorsing organizations must meet in order to provide ecclesiastical endorsements of individuals seeking employment as VA chaplains, or of individuals who are seeking to be engaged by VA under contract or appointed as on-facility fee basis VA chaplains under the United States Code. VA considers veterans' spiritual care an integral part of their overall health care. As such, VA is committed to providing qualified VA chaplains to address the veterans' spiritual needs by engaging chaplains that are ecclesiastically endorsed. Ecclesiastical endorsement certifies that the individual is qualified to perform all the religious sacraments, rites, rituals, ceremonies and ordinances needed by members of a particular faith. | 2017-24320 | https://www.federalregister.gov/documents/2017/11/08/2017-24320/ecclesiastical-endorsing-organizations | https://www.gpo.gov/fdsys/pkg/FR-2017-11-08/pdf/2017-24320.pdf | 11/8/2017 |
| VA Vocational Rehabilitation and Employment Nomenclature Change for Position Title-Revision | Rule | The Department of Veterans Affairs (VA) published a final rule in the Federal Register on May 2, 2016, which amended a number of regulations in the Code of Federal Regulations (CFR) to authorize personnel hired by VA's Vocational Rehabilitation and Employment (VR&E) Service under the title ``Vocational Rehabilitation Counselor" (VRC) to make the same determinations with respect to Chapter 31 services and benefits as personnel who had been hired under the title ``Counseling Psychologist" (CP). The preamble to that final rule cited supporting documents inaccurately and failed to properly explain the qualifications for and duties of this VR&E position responsible for making determinations with respect to Chapter 31 services and benefits. This interim final rule corrects those inaccuracies, more clearly explains the basis for the final rule, and invites public comment on the changes made to VA's regulations in the May 2, 2016, final rule. | 2017-24949 | https://www.federalregister.gov/documents/2017/11/17/2017-24949/va-vocational-rehabilitation-and-employment-nomenclature-change-for-position-title-revision | https://www.gpo.gov/fdsys/pkg/FR-2017-11-17/pdf/2017-24949.pdf | 11/17/2017 |

| Extra-Schedular Evaluations for Individual Disabilities | Rule | The Department of Veterans Affairs (VA) amends its adjudication regulation pertaining to extra-schedular consideration of a service-connected disability in exceptional compensation cases. This rule clarifies that an extra-schedular evaluation is to be applied to an individual service-connected disability when the disability is so exceptional or unusual that it makes application of the regular rating schedule impractical. An extra-schedular evaluation may not be based on the combined effect of more than one service-connected disability. For the reasons set forth in the proposed rule and in this final rule, VA is adopting the proposed rule as final, with two changes, as explained below. | 2017-26523 | https://www.federalregister.gov/documents/2017/12/08/2017-26523/extra-schedular-evaluations-for-individual-disabilities | https://www.gpo.gov/fdsys/pkg/FR-2017-12-08/pdf/2017-26523.pdf | 12/8/2017 |
