420	NOTES									
421	*OMB Memorandum M-99-13, "Guidance for Implementing the Congressional Review Act," states: "If the rule is not subject to E.O. 12866 review, you should contact your Desk Officer in OMB's Office of Information and Regulatory Affairs (OIRA) in accordance with your established practice." In accordance with this guidance, the established practice is for the NRC to request a major/non-major determination for rules under the CRA, except for a limited set of final NRC actions.									
422	**Unless indicated otherwise, all dates are for submission of a CRA request to OMB

CHAIRMAN

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

February 12, 2018

The Honorable Mark Meadows
Chairman, Subcommittee on Government Operations
Committee on Oversight and Government Reform
United States House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

On behalf of the U.S. Nuclear Regulatory Commission (NRC), I am responding to your December 8, 2017, letter requesting a list of guidance documents issued by the NRC since January 1, 2008. The NRC has a consolidated website¹ where it posts links to the wide variety of documents issued by the agency, including the majority of its guidance documents. The NRC issues guidance in various forms, including as Regulatory Guides and NUREG Series publications. Please find enclosed the list of guidance documents that you requested.

As an independent regulatory agency, portions of the sixth criterion listed in your letter do not apply to the NRC. However, we have identified whether the listed guidance documents were considered "major rules" under the Congressional Review Act (CRA). We have also indicated when the NRC requested a major/non-major rule determination under the CRA and/or review under the Paperwork Reduction Act from the Office of Information and Regulatory Affairs within the Office of Management and Budget for the listed guidance documents. The NRC has also provided accession (or "ML") numbers for documents that are publicly available in the NRC's Agencywide Documents Access and Management System.

I hope this information meets the Committee's needs. If you need anything additional, please contact me or have your staff contact Eugene Dacus, Director of the Office of Congressional Affairs, at (301) 415-1776.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kristine L. Svinicki", is written over a blue horizontal line.

Kristine L. Svinicki

Enclosure:
As stated

cc: Representative Gerald E. Connolly

97	LR-ISG-2011-1, Revision 1 - "Aging Management of Stainless Steel Structures and Components in Treated Borated Water"	Interim Staff Guidance	Provides guidance as to one acceptable approach for managing the effects of aging at nuclear power plants during the period of extended operation for stainless steel structures and components exposed to treated borated water within the scope of 10 CFR Part 54. This LR-ISG revises the NRC staff's aging management recommendations in NUREG-1800, Revision 2, and NUREG-1801, Revision 2.	12/18/2012	NRR	No	****	*****	https://www.nrc.gov/docs/ML1228/ML12286A275.pdf	77 FR 74883
98	LR-ISG-2011-02 - "Aging Management Program for Steam Generators"	Interim Staff Guidance	Evaluates the suitability of using Revision 3 of Nuclear Energy Institute (NEI) 97-06, "Steam Generator Program Guidelines," to manage the effects of aging of steam generators and corrects an incorrect revision in NUREG-1801, Revision 2, to the Steam Generator Integrity Assessment Guidelines.	11/21/2011	NRR	No	****	*****	https://www.nrc.gov/docs/ML1129/ML11297A085.pdf	76 FR 74834
99	LR-ISG-2011-03 - "Changes to the Generic Aging Lessons Learned (GALL) Report Revision 2 Aging Management Program XI.M41, "Buried and Underground Piping and Tanks"	Interim Staff Guidance	Changes GALL Report AMP XI.M41 to provide one acceptable approach for managing the effects of aging of buried and underground piping and tanks within the scope of 10 CFR Part 54. This LR-ISG also changes Table 3.0-1, "FSAR Supplement for Aging Management of Applicable Systems," in NUREG-1800, Revision 2. A licensee may reference this ISG in its nuclear power plant license renewal application to demonstrate that its buried and underground piping and tanks program is acceptable to the staff until the guidance in this LR-ISG is implemented into the next update of the license renewal guidance documents.	07/26/2012	NRR	No	03/30/2012	08/06/2012	https://www.nrc.gov/docs/ML1213/ML12138A296.pdf	77 FR 46127

100	LR-ISG-2011-04 - "Updated Aging Management Criteria for Reactor Vessel Internal Components of Pressurized Water Reactors"	Interim Staff Guidance	Revises the recommendations in NUREG-1801, Revision 2, and the NRC staff's acceptance criteria and review procedures in NUREG-1800, Revision 2 to ensure consistency with Revision 1 to the Final Safety Evaluation of MRP-227-A, "Pressurized Water Reactor (PWR) Internals Inspection and Evaluation Guidelines." This LR-ISG also provides a framework to ensure that PWR license renewal applicants will adequately address age-related degradation and aging management of reactor vessel internal components during the term of the renewed license(s).	05/28/2013	NRR	No	06/01/2012	06/03/2013	https://www.nrc.gov/docs/ML1227/ML12270A436.pdf	78 FR 33120
101	LR-ISG-2011-05 - "Ongoing Review of Operating Experience"	Interim Staff Guidance	Clarifies the NRC guidance in NUREG-1800, Revision 2, that acceptable nuclear power plant license renewal AMPs should be informed, and enhanced when necessary, based on the ongoing review of both plant-specific and industry operating experience. Specifically, this LR-ISG revises the NRC staff's acceptance criteria and review procedures to better address the ongoing review of operating experience within the SRP-LR. This LR-ISG also better aligns NUREG-1801, Revision 2, with the SRP-LR by incorporating the recommendation for ongoing review of operating experience into each of the program descriptions. This LR-ISG also provides a framework to ensure that license renewal applicants' operating experience review activities will adequately address operating experience concerning age-related degradation and aging management during the term of the renewed license(s).	03/09/2012	NRR	No	03/02/2012	03/19/2012	https://www.nrc.gov/docs/ML1204/ML12044A215.pdf	77 FR 15818

102	LR-ISG-2012-01 - "Wall Thinning Due to Erosion Mechanisms"	Interim Staff Guidance	Provides interim guidance for an approach acceptable to the NRC staff to manage the effects of aging during the period of extended operation for wall thinning due to various erosion mechanisms for piping and components within the scope of 10 CFR Part 54. This LR-ISG revises NUREG-1801, Revision 2 aging management program XI.M17, "Flow-Accelerated Corrosion." It also supplements, or revises, related aging management recommendations in the NUREG-1801, Revision 2 and NUREG-1800, Revision 2.	04/25/2013	NRR	No	10/01/2012	04/26/2013	https://www.nrc.gov/docs/ML1235/ML12352A057.pdf	78 FR 25487
103	LR-ISG-2012-02 - "Aging Management of Internal Surfaces, Fire Water Systems, Atmospheric Storage Tanks, and Corrosion Under Insulation"	Interim Staff Guidance	Changes NUREG-1801, Revision 2 and NUREG-1800, Revision 2, to provide one acceptable approach for managing the associated aging effects for internal surfaces, fire water systems, atmospheric storage tanks, and corrosion under insulation within the scope of 10 CFR Part 54.	11/14/2013	NRR	No	07/02/2013	*****	https://www.nrc.gov/docs/ML1322/ML13227A361.pdf	78 FR 70076
104	LR-ISG-2013-01, LR-ISG-2014-004 - "Aging Management of Loss of Coating or Lining Integrity for Internal Coatings/Linings on In-Scope Piping, Piping Components, Heat Exchangers, and Tanks"	Interim Staff Guidance	Changes NUREG-1801, Revision 2 and NUREG-1800, Revision 2, to provide one acceptable approach for managing the associated aging effects of loss of coating or lining integrity for internal components/linings on piping, piping components, heat exchangers, and tanks within the scope of 10 CFR Part 54.	11/06/2014	NRR	No	03/04/2014	12/01/2014	https://www.nrc.gov/docs/ML1422/ML14225A059.pdf	79 FR 68308
105	LR-ISG-2015-01 - "Changes to Buried and Underground Piping and Tank Recommendations"	Interim Staff Guidance	Changes NUREG-1801, Revision 2 and NUREG-1800, Revision 2, to provide one acceptable approach for managing the associated aging effects for buried and underground piping and tanks within the scope of the 10 CFR Part 54.	01/28/2016	NRR	No	11/30/2015	02/08/2016	https://www.nrc.gov/docs/ML1530/ML15308A018.pdf	81 FR 6055

150	NUREG/CR-6953, Volume 3, Review of NUREG-0654, Supplement 3, "Criteria for Protective Action Recommendations for Severe Accidents" - Technical Basis for Protective Action Strategies	NUREG/ Contractor Report	As the final volume of the Protective Action Recommendation Study, this analysis provides a technical basis for decision criteria that can be used by nuclear power plant (NPP) licensees and offsite response organizations to tailor protective action strategies using site specific evacuation time information for NPP accidents that progress rapidly.	08/31/2010	NSIR	No	****	****	ML102380087	N/A
151	NUREG/CR-7002, Criteria for Development of Evacuation Time Estimate Studies	NUREG/ Contractor Report	Provides guidance to NRC licensees, under 10 CFR Part 50 and 10 CFR Part 52, for the development of evacuation time estimates, including those associated with staged evacuation protective actions. The document also identifies the importance of using approved emergency response plans and existing traffic control information to reflect the expected response actions during an emergency.	12/05/2011	NSIR	No	07/21/2011	12/05/2011	ML113010515	76 FR 75771
152	NUREG/CR-7032, Developing an Emergency Risk Communication (ERC)/Joint Information Center (JIC) Plan for a Radiological Emergency	NUREG/ Contractor Report	Provides best practices for nuclear power reactor licensees and emergency response organizations on developing an Emergency Risk Communication and Joint Information Center plan for a radiological emergency.	02/28/2011	NSIR	No	****	****	ML110490119	N/A
153	NUREG/CR-7033, Guidance on Developing Effective Radiological Risk Communication Messages: Effective Message Mapping and Risk Communication with the Public in Nuclear Plant Emergency Planning Zones	NUREG/ Contractor Report	Provides guidance for nuclear power reactor licensees and local response organizations on message development for radiological emergencies.	02/28/2011	NSIR	No	****	****	ML110490120	N/A
154	NUREG/CR-7154, Volume 1, Risk Informing Emergency Preparedness Oversight: Evaluation of Emergency Action Levels — A Pilot Study of Peach Bottom, Surry and Sequoyah	NUREG/ Contractor Report	Provides generic and plant specific insights to be considered when developing future risk informed emergency planning regulatory activities.	01/01/2013	NSIR	No	****	****	ML13031A500	N/A

155	NUREG/CR-7154, Volume 2, Risk Informing Emergency Preparedness Oversight: Evaluation of Emergency Action Levels — A Pilot Study of Peach Bottom, Surry and Sequoyah	NUREG/ Contractor Report	Explores the feasibility of using probabilistic risk assessment to provide risk insights about Emergency Action Level schemes.	01/01/2013	NSIR	No	****	*****	ML13031A501	N/A
156	NUREG/CR-7160, Emergency Preparedness Significance Quantification Process: Proof of Concept	NUREG/ Contractor Report	To improve prioritization of regulatory activities, a decision process has been developed to aid in the determination of risk significance of Emergency Preparedness (EP) program elements. The DedUctive Quantification Index method was developed and used in a proof of concept application for two representative nuclear power plant sites, and applied to determine risk significance of specific EP elements.	06/01/2013	NSIR	No	****	*****	ML13164A285	N/A
157	NUREG/CR-7195, Risk-Informed and Performance-Based Oversight of Radiological Emergency Response Programs	NUREG/ Contractor Report	Provides a concept for performance-based oversight of offsite radiological emergency response preparedness in jurisdictions surrounding commercial nuclear power plants. The report proposes an initial set of objective performance indicators for demonstration in drills and exercises.	05/01/2015	NSIR	No	****	*****	ML15134A035	N/A
158	NUREG/CR 7201, Characterizing Explosive Effects on Underground Structures	NUREG	Reviews the effects explosions close to the ground surface and in contact with the ground surface have on underground structures, with emphasis on the Vehicle Borne Improvised Explosive Devices	09/01/2015	NSIR	No	****	*****	ML15245A640	N/A
159	NUREG/CR-7183, Best Practices for Behavioral Observation Programs at Operating Power Reactors and Power Reactor Construction Sites	NUREG	Identifies best practices associated with behavioral observation programs (BOP) used by a cross-section of Federal agencies and private entities, discusses the need for effective BOPs at power reactors, and power reactor construction sites, and presents insights and recommendations to improve BOP performance	06/30/2014	NSIR	No	****	*****	ML14189A355	N/A

CHAIRMAN

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

February 12, 2018

The Honorable Jim Jordan
Chairman, Subcommittee on Healthcare,
Benefits, and Administrative Rules
Committee on Oversight and Government Reform
United States House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

On behalf of the U.S. Nuclear Regulatory Commission (NRC), I am responding to your December 8, 2017, letter requesting a list of guidance documents issued by the NRC since January 1, 2008. The NRC has a consolidated website¹ where it posts links to the wide variety of documents issued by the agency, including the majority of its guidance documents. The NRC issues guidance in various forms, including as Regulatory Guides and NUREG Series publications. Please find enclosed the list of guidance documents that you requested.

As an independent regulatory agency, portions of the sixth criterion listed in your letter do not apply to the NRC. However, we have identified whether the listed guidance documents were considered "major rules" under the Congressional Review Act (CRA). We have also indicated when the NRC requested a major/non-major rule determination under the CRA and/or review under the Paperwork Reduction Act from the Office of Information and Regulatory Affairs within the Office of Management and Budget for the listed guidance documents. The NRC has also provided accession (or "ML") numbers for documents that are publicly available in the NRC's Agencywide Documents Access and Management System.

I hope this information meets the Committee's needs. If you need anything additional, please contact me or have your staff contact Eugene Dacus, Director of the Office of Congressional Affairs, at (301) 415-1776.

Sincerely,

A handwritten signature in blue ink, appearing to read "K. Svinicki", with a stylized flourish at the end.

Kristine L. Svinicki

Enclosure:
As stated

cc: Representative Raja Kirshnamoorthi

93	BL-12-01 Design Vulnerability In Electric Power System	Bulletin	<p>1. To notify the addressees that the NRC staff is requesting information about the facilities' electric power system designs, in light of the recent operating experience that involved the loss of one of the three phases of the offsite power circuit (single-phase open circuit condition) at Byron Station, Unit 2, to determine if further regulatory action is warranted.</p> <p>2. To require that the addressees comprehensively verify their compliance with the regulatory requirements of General Design Criterion (GDC) 17, "Electric Power Systems," in Appendix A, "General Design Criteria for Nuclear Power Plants," to 10 CFR Part 50 or the applicable principal design criteria in the updated final safety analysis report; and the design criteria for protection systems under 10 CFR 50.55a(h)(2) and 10 CFR 50.55a(h)(3).</p> <p>3. To require that addressees respond to the NRC in writing, in accordance with 10 CFR 50.54(f).</p>	07/27/2012	NRO, NRR	No	****	*****	ML12074A115	N/A

97	LR-ISG-2011-1, Revision 1 - "Aging Management of Stainless Steel Structures and Components in Treated Borated Water"	Interim Staff Guidance	Provides guidance as to one acceptable approach for managing the effects of aging at nuclear power plants during the period of extended operation for stainless steel structures and components exposed to treated borated water within the scope of 10 CFR Part 54. This LR-ISG revises the NRC staff's aging management recommendations in NUREG-1800, Revision 2, and NUREG-1801, Revision 2.	12/18/2012	NRR	No	****	*****	https://www.nrc.gov/docs/ML1228/ML12286A275.pdf	77 FR 74883
98	LR-ISG-2011-02 - "Aging Management Program for Steam Generators"	Interim Staff Guidance	Evaluates the suitability of using Revision 3 of Nuclear Energy Institute (NEI) 97-06, "Steam Generator Program Guidelines," to manage the effects of aging of steam generators and corrects an incorrect revision in NUREG-1801, Revision 2, to the Steam Generator Integrity Assessment Guidelines.	11/21/2011	NRR	No	****	*****	https://www.nrc.gov/docs/ML1129/ML11297A085.pdf	76 FR 74834
99	LR-ISG-2011-03 - "Changes to the Generic Aging Lessons Learned (GALL) Report Revision 2 Aging Management Program XI.M41, "Buried and Underground Piping and Tanks"	Interim Staff Guidance	Changes GALL Report AMP XI.M41 to provide one acceptable approach for managing the effects of aging of buried and underground piping and tanks within the scope of 10 CFR Part 54. This LR-ISG also changes Table 3.0-1, "FSAR Supplement for Aging Management of Applicable Systems," in NUREG-1800, Revision 2. A licensee may reference this ISG in its nuclear power plant license renewal application to demonstrate that its buried and underground piping and tanks program is acceptable to the staff until the guidance in this LR-ISG is implemented into the next update of the license renewal guidance documents.	07/26/2012	NRR	No	03/30/2012	08/06/2012	https://www.nrc.gov/docs/ML1213/ML12138A296.pdf	77 FR 46127

100	LR-ISG-2011-04 - "Updated Aging Management Criteria for Reactor Vessel Internal Components of Pressurized Water Reactors"	Interim Staff Guidance	Revises the recommendations in NUREG-1801, Revision 2, and the NRC staff's acceptance criteria and review procedures in NUREG-1800, Revision 2 to ensure consistency with Revision 1 to the Final Safety Evaluation of MRP-227-A, "Pressurized Water Reactor (PWR) Internals Inspection and Evaluation Guidelines." This LR-ISG also provides a framework to ensure that PWR license renewal applicants will adequately address age-related degradation and aging management of reactor vessel internal components during the term of the renewed license(s).	05/28/2013	NRR	No	06/01/2012	06/03/2013	https://www.nrc.gov/docs/ML1227/ML12270A436.pdf	78 FR 33120
101	LR-ISG-2011-05 - "Ongoing Review of Operating Experience"	Interim Staff Guidance	Clarifies the NRC guidance in NUREG-1800, Revision 2, that acceptable nuclear power plant license renewal AMPs should be informed, and enhanced when necessary, based on the ongoing review of both plant-specific and industry operating experience. Specifically, this LR-ISG revises the NRC staff's acceptance criteria and review procedures to better address the ongoing review of operating experience within the SRP-LR. This LR-ISG also better aligns NUREG-1801, Revision 2, with the SRP-LR by incorporating the recommendation for ongoing review of operating experience into each of the program descriptions. This LR-ISG also provides a framework to ensure that license renewal applicants' operating experience review activities will adequately address operating experience concerning age-related degradation and aging management during the term of the renewed license(s).	03/09/2012	NRR	No	03/02/2012	03/19/2012	https://www.nrc.gov/docs/ML1204/ML12044A215.pdf	77 FR 15818

144	NUREG-0654/FEMA-REP-1, Rev. 1, Supplement 3, Criteria for Preparation and Evaluation of Radiological Emergency Response Plans and Preparedness in Support of Nuclear Power Plants: Guidance for Protective Action Strategies	NUREG	Provides an acceptable method to comply with 10 CFR Appendix E, Section IV, paragraph 3 in the use of evacuation time estimates in the formulation of protective action recommendations (PAR) for the plume exposure emergency planning zone, and provides guidance for the provisions of 10 CFR 50.47(b)(10) in the development of a range of PARs. Provides guidance to support the information in NUREG-0654/FEMA-REP-1 that the NRC finds to be an acceptable method of meeting the requirements in 10 CFR 50.47(b)(7) for the development of a public information program.	12/05/2011	NSIR	No	07/21/2011	12/05/2011	ML113010596	76 FR 75771
145	NUREG-1940, RASCAL 4: Description of Models and Methods	NUREG	Describes the models and calculational methods used in the Radiological Assessment System for Consequence Analysis (RASCAL) 4 computer code and the consequence assessment implications of changes in models and methods from RASCAL 3.0. RASCAL 4 is used by NRC staff to conduct an independent assessment of potential radiological releases from NRC-regulated nuclear power reactors, spent fuel storage pools and casks, fuel cycle facilities, and radioactive material handling facilities. RASCAL 4 includes improvements in the models and methods related to source term calculations, atmospheric dispersion and deposition, and dose calculations.	12/01/2012	NSIR	No	****	****	ML13031A448	N/A

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

CHAIRMAN

February 12, 2018

The Honorable Blake Farenthold
Chairman, Subcommittee on the Interior,
Energy, and Environment
Committee on Oversight and Government Reform
United States House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

On behalf of the U.S. Nuclear Regulatory Commission (NRC), I am responding to your December 8, 2017, letter requesting a list of guidance documents issued by the NRC since January 1, 2008. The NRC has a consolidated website¹ where it posts links to the wide variety of documents issued by the agency, including the majority of its guidance documents. The NRC issues guidance in various forms, including as Regulatory Guides and NUREG Series publications. Please find enclosed the list of guidance documents that you requested.

As an independent regulatory agency, portions of the sixth criterion listed in your letter do not apply to the NRC. However, we have identified whether the listed guidance documents were considered "major rules" under the Congressional Review Act (CRA). We have also indicated when the NRC requested a major/non-major rule determination under the CRA and/or review under the Paperwork Reduction Act from the Office of Information and Regulatory Affairs within the Office of Management and Budget for the listed guidance documents. The NRC has also provided accession (or "ML") numbers for documents that are publicly available in the NRC's Agencywide Documents Access and Management System.

I hope this information meets the Committee's needs. If you need anything additional, please contact me or have your staff contact Eugene Dacus, Director of the Office of Congressional Affairs, at (301) 415-1776.

Sincerely,

Kristine L. Svinicki

Enclosure:
As stated

cc: Representative Stacey E. Plaskett

97	LR-ISG-2011-1, Revision 1 - "Aging Management of Stainless Steel Structures and Components in Treated Borated Water"	Interim Staff Guidance	Provides guidance as to one acceptable approach for managing the effects of aging at nuclear power plants during the period of extended operation for stainless steel structures and components exposed to treated borated water within the scope of 10 CFR Part 54. This LR-ISG revises the NRC staff's aging management recommendations in NUREG-1800, Revision 2, and NUREG-1801, Revision 2.	12/18/2012	NRR	No	****	*****	https://www.nrc.gov/docs/ML1228/ML12286A275.pdf	77 FR 74883
98	LR-ISG-2011-02 - "Aging Management Program for Steam Generators"	Interim Staff Guidance	Evaluates the suitability of using Revision 3 of Nuclear Energy Institute (NEI) 97-06, "Steam Generator Program Guidelines," to manage the effects of aging of steam generators and corrects an incorrect revision in NUREG-1801, Revision 2, to the Steam Generator Integrity Assessment Guidelines.	11/21/2011	NRR	No	****	*****	https://www.nrc.gov/docs/ML1129/ML11297A085.pdf	76 FR 74834
99	LR-ISG-2011-03 - "Changes to the Generic Aging Lessons Learned (GALL) Report Revision 2 Aging Management Program XI.M41, "Buried and Underground Piping and Tanks"	Interim Staff Guidance	Changes GALL Report AMP XI.M41 to provide one acceptable approach for managing the effects of aging of buried and underground piping and tanks within the scope of 10 CFR Part 54. This LR-ISG also changes Table 3.0-1, "FSAR Supplement for Aging Management of Applicable Systems," in NUREG-1800, Revision 2. A licensee may reference this ISG in its nuclear power plant license renewal application to demonstrate that its buried and underground piping and tanks program is acceptable to the staff until the guidance in this LR-ISG is implemented into the next update of the license renewal guidance documents.	07/26/2012	NRR	No	03/30/2012	08/06/2012	https://www.nrc.gov/docs/ML1213/ML12138A296.pdf	77 FR 46127

100	LR-ISG-2011-04 - "Updated Aging Management Criteria for Reactor Vessel Internal Components of Pressurized Water Reactors"	Interim Staff Guidance	Revises the recommendations in NUREG-1801, Revision 2, and the NRC staff's acceptance criteria and review procedures in NUREG-1800, Revision 2 to ensure consistency with Revision 1 to the Final Safety Evaluation of MRP-227-A, "Pressurized Water Reactor (PWR) Internals Inspection and Evaluation Guidelines." This LR-ISG also provides a framework to ensure that PWR license renewal applicants will adequately address age-related degradation and aging management of reactor vessel internal components during the term of the renewed license(s).	05/28/2013	NRR	No	06/01/2012	06/03/2013	https://www.nrc.gov/docs/ML1227/ML12270A436.pdf	78 FR 33120
101	LR-ISG-2011-05 - "Ongoing Review of Operating Experience"	Interim Staff Guidance	Clarifies the NRC guidance in NUREG-1800, Revision 2, that acceptable nuclear power plant license renewal AMPs should be informed, and enhanced when necessary, based on the ongoing review of both plant-specific and industry operating experience. Specifically, this LR-ISG revises the NRC staff's acceptance criteria and review procedures to better address the ongoing review of operating experience within the SRP-LR. This LR-ISG also better aligns NUREG-1801, Revision 2, with the SRP-LR by incorporating the recommendation for ongoing review of operating experience into each of the program descriptions. This LR-ISG also provides a framework to ensure that license renewal applicants' operating experience review activities will adequately address operating experience concerning age-related degradation and aging management during the term of the renewed license(s).	03/09/2012	NRR	No	03/02/2012	03/19/2012	https://www.nrc.gov/docs/ML1204/ML12044A215.pdf	77 FR 15818

OFFICE OF THE CHAIRMAN

January 25, 2018

The Honorable Trey Gowdy
Chairman
Committee on Oversight
and Government Reform
US House of Representatives
2157 Rayburn House Office Bldg.
Washington, DC 20515

Dear Chairman Gowdy:

This is in response to your request for a list of all guidance documents issued by the National Transportation Safety Board (NTSB) since January 1, 2008.

The NTSB is an independent federal agency charged by Congress with investigating every civil aviation accident in the United States and significant accidents in other modes of transportation—railroad, highway, marine, and pipeline. We determine the probable cause of the accidents we investigate and issue safety recommendations aimed at preventing future accidents. In addition, we conduct special transportation safety studies and coordinate the resources of the federal government and other organizations to assist victims and their family members who have been impacted by major transportation disasters. We have no authority to regulate, fund, or be directly involved in the operation of any mode of transportation.

I am enclosing the policy guidance documents (such as memoranda, policy statements, manuals, circulars, bulletins, advisories, and guidance) that we have issued since January 1, 2008, that affect regulated entities or the public. This does not include products such as briefs, recommendations, or safety alerts that we have released as a result of our accident investigations.

If you have any further questions, please contact Mr. Christopher Wallace, Director of Government & Industry Affairs, at (202) 314-6007, or christopher.wallace@nts.gov.

Sincerely,

Robert L. Sumwalt, III
Chairman

PURPOSE

This plan, which is designed to serve as guidance, assigns responsibilities and describes how air carriers and Federal agencies should respond to an aviation accident involving a significant number of passenger fatalities and/or injuries. Organizations given authority or responsibility by legislation should develop procedures specific to their role. Supporting legislation is located in appendix A.

IMPLEMENTATION

This plan shall be executed in full or part by the Director, Office of Transportation Disaster Assistance (TDA), under the direction of the Chairman, National Transportation Safety Board (NTSB).

1. The Director shall recommend to the Chairman activation of the plan or portions thereof.
2. Federal agencies that have responsibilities under this plan shall maintain control of their resources while supporting the NTSB in accordance with the above references. (For purposes of this document, the terms “Federal agencies” and “Federal staff” include the American Red Cross.)
3. The NTSB, through its communications center, will initiate notification of Federal agencies to activate planning and will coordinate with the air carrier an appropriate response based on the magnitude of the aviation accident. As factual information about the accident is confirmed, additional resources may be requested to support the overall family assistance response. Upon instruction by the Director, the NTSB communications center will notify any or all of the following operations centers:
 - a. American Red Cross
 - b. Department of State (DOS)
 - c. Department of Health and Human Services (DHHS) Secretary’s Operations Center
 - d. Federal Bureau of Investigation Operations Center (FBI-SIOC)
 - e. Federal Emergency Management Agency (FEMA)
 - f. Department of Defense (DOD)
 - g. Department of Homeland Security (DHS)
4. Under the Aviation Disaster Family Assistance Act of 1996, the NTSB serves as the coordinator for the integration of Federal government resources and the resources of other organizations to support efforts of local and State governments and the air carrier to meet the needs of aviation disaster victims and their families. Crisis intervention, victim identification and forensic services, communication with foreign governments, and translation services are among Federal government services available to help local authorities and the air carrier respond to a major aviation disaster. Local government emergency services should provide a representative from the Joint Family Support

Operations Center (JFSOC) to participate in the local, air carrier, and Federal response. Details of the JFSOC are provided in appendix C. The layout of the JFSOC will depend on the facilities and rooms available near the disaster location.

5. Local authorities maintain the same jurisdictional responsibilities in regard to the initial accident response, recovery, security, site cleanup, and medical examiner operations, and the NTSB leads the aviation accident investigation. If a criminal act is believed to have caused the accident, the FBI becomes the lead investigative agency and is supported by the NTSB.
6. The air carrier has a fundamental responsibility to victims and their families affected by an aviation disaster. The air carrier is primarily responsible for family notification and all aspects of victim and family logistical support. The Aviation Disaster Family Assistance Act of 1996 (appendix A) and the Foreign Air Carrier Family Support Act (appendix A) place the air carrier, as well as other support organizations, in a collaborative relationship with families.
7. All personnel involved in providing services to assist victims and their family members should be trained in crisis response and must demonstrate compassion, technical expertise, and professionalism. Personal information provided by family members and victims through discussions, interviews, counseling, or any other form of information exchange should remain confidential and shall not be used for future litigation purposes.

SCOPE

This plan pertains to any domestic or foreign commercial aviation accidents occurring within the United States, its territories, possessions, and territorial seas.

ASSUMPTIONS

1. The Chairman of the NTSB will request Federal agencies to support the NTSB in accordance with the references included in appendix A.
2. Pursuant to the Aviation Disaster Family Assistance Act of 1996, the NTSB has the primary Federal responsibility for facilitating victim recovery and identification. It is understood that the presiding medical examiner or coroner is legally responsible for victim recovery and identification. (It is noted that there are differences between a medical examiner and coroner. For the purposes of this document, the term “medical examiner” is used interchangeably with “coroner.”) To ensure adequate resources for medical examiners to accomplish their jurisdictional responsibilities, the NTSB coordinates the resources of various Federal agencies to effect victim recovery and identification. The NTSB supports the use of State and local mass fatality teams and other trained experience personnel under the direction of the medical examiner.
3. For purposes of this document, the terms “family,” “family members,” “friends,” and “relatives” are used to refer to those people who have a relationship to a person involved in the accident. Although these terms have slightly different meanings, they are used interchangeably throughout the document.
4. Large numbers of family members of those killed in the accident will travel to the city closest to the accident and will utilize the accommodations provided by the air carrier. Other family members will remain at their local residences.
5. Most, if not all, families of those seriously injured will travel to where the injured are hospitalized; once the injured are released from the hospital, these family members and the injured will return home.
6. Implementation of this plan assumes that the accident will occur in a geographical area where the resources described above are available. Air carriers operating equipment over remote areas (for instance, Alaska) should contact NTSB TDA about modifications needed for accident response in those locations.

GENERAL MISSION TASKS

The family assistance mission tasks following an aviation accident are as follows:

1. Notify family members of victims involved in the aviation accident based on manifest documents and other available information.
2. Monitor search and recovery operations, and offer assistance as needed.
3. Determine the status and location of injured victims.
4. Obtain approval of the local medical examiner for Federal assistance (for instance, the Disaster Mortuary Operational Response Team [DMORT]) to assist in the identification of fatalities and the notification of their families.
5. Provide crisis intervention, logistical support, and services to victims and their family members.
6. Provide daily briefings to families on the progress of recovery efforts, identification of victims, the investigation, and other areas of concern.
7. Arrange for a memorial service, if desired by families.
8. Provide for the return of personal effects.
9. Maintain contact with victims and their families to provide continuous updates regarding the progress of the investigation and other related matters, both at the accident location and once the families have returned home.

RESPONSIBILITIES

Seven Victim Support Tasks (VSTs) identify the response requirements assigned to participating organizations. The organizations responsible for each of the seven VSTs are as follows:

VST 1–NTSB

VST 2–Air Carrier

VST 3– American Red Cross (Family Care and Mental Health)

VST 4– DHHS/ASPR and DOD (Victim Identification Services)

VST 5–DOS (Assisting Families of Foreign Victims)

VST 6–DHS/FEMA (Communications)

VST 7–DOJ (Assisting Victims of Crime)

Because each aviation accident is unique, the following responsibilities may be employed fully, partially, or not at all.

VICTIM SUPPORT TASK 1–National Transportation Safety Board

1. Coordinate Federal assistance and serve as a liaison between the air carrier and family members.
2. Provide an NTSB toll-free number and e-mail address (www.assistance@ntsb.gov) to family members for obtaining information on the victim recovery and identification effort, accident investigation, and other concerns. This number will normally be provided to families during the final family briefing. The NTSB will coordinate with the air carrier to provide, through the air carrier's family representatives, this contact information to families who do not travel to the accident city.
3. Request a copy of the passenger manifest from the air carrier.
4. Review with the air carrier the logistical needs of the families, giving special consideration to security, quality of hotel rooms and facilities, and privacy for family members.
5. Integrate local and Federal government officials and air carrier staff to form a JFSOC to coordinate services and activities for families.
6. Coordinate assistance efforts with local and State authorities, including the medical examiner, local/county/State law enforcement, emergency management agency, hospitals, and other emergency support personnel.
7. Maintain communications with the air carrier to receive updates regarding the notification status of victims' families.
8. Conduct daily coordination meetings with the air carrier and local and Federal government representatives to review daily activities, resolve problems, and synchronize future family support operations and activities. See appendix D for an example of information required for the daily coordination meeting.
9. Provide and coordinate family briefings both with families at the accident city and with families who remain at home.
10. Discuss with the medical examiner the capabilities of his or her staff to conduct victim identification. Examine the capabilities of local/State mass fatality teams and procedures to use the team in the identification process. Discuss strategies for collecting antemortem information and other factors influencing victim identification. Discuss the use of DMORT and standard procedures DMORT uses that support NTSB efforts.
11. Discuss with the medical examiner the subject of victim identification, in particular the use of DNA analysis. Explain that the NTSB typically coordinates with the Armed Forces DNA Identification Laboratory for DNA identification.

12. At the discretion of the NTSB Investigator in Charge (IIC), coordinate a visit to the accident site for family members. Planning for such a visit will begin only after the IIC agrees that such a visit will not impede the investigation and is believed to be safe for family members.
13. Provide information releases to the media, in coordination with the NTSB Office of Public Affairs, pertaining to the types of Federal support available to assist family members.
14. Maintain contact with family members to keep them informed about the victim recovery and identification effort, accident investigation, and other accident-related concerns.
 - a. Approximately 6 to 8 months after the date of the accident, factual reports written by the NTSB investigators are made available in a public docket. Families should be informed prior to the factual report being made public that they may request a copy of the report from the NTSB. The report will be provided to them at no cost.
 - b. If the NTSB decides a public hearing is necessary for the purpose of the investigation, families will be notified of the date, time, and location. Such a hearing is designed to gather additional facts from individuals selected to testify. Travel and lodging for the hearing is at the family's expense. Families will be provided seating and copies of official exhibits discussed at the hearing. NTSB public hearings are broadcast via the Internet through the NTSB website at www.nts.gov.

Vision 100 states the following:

An assurance that, in the case of an accident in which the National Transportation Safety Board conducts a public hearing or comparable proceeding at a location greater than 80 miles from the accident site, the air carrier will ensure that the proceeding is made available simultaneously by electronic means at a location open to the public at both the origin city and destination city of the air carrier's flight if that city is located in the United States. [49 USC 41113 (b) (18)]

Based on the facts of the accident, location requirements will be reviewed on a case-by-case basis.

- c. Families will be informed of the date, time, and location of any Board meeting to be held at the NTSB, Washington, D.C., headquarters (travel will be at the families' expense). At the meeting, the NTSB investigative staff will present to the Board a draft accident report for member discussion and approval. This report will document the NTSB's findings, determination of the probable cause of the accident and recommendations to prevent future aviation disasters. Board meetings are broadcast via the Internet through the NTSB website (www.nts.gov). See VST 2 "Air Carrier", number 30, and to the Vision 100 legislation [49 USC 41113 (b) (18)] for additional information.

15. If the accident is determined to be the result of a criminal act, the NTSB TDA staff may assist the FBI Office for Victim Assistance (OVA) in family assistance support.
16. Consolidate and review After Action Reports (AARs) to resolve problem areas and update operating plans and procedures.

VICTIM SUPPORT TASK 2–Air Carrier

1. In addition to accident notification required by Title 49 *Code of Federal Regulations* (CFR) 830.5, notify the NTSB communications center immediately upon knowledge of an accident. The following information must be provided:
 - Place (or general vicinity) of accident, number of passengers and crew (based on preliminary departure information), and number of injuries and fatalities (if known).
 - Flight number, origination, connection points, final destination, demographics of passengers (if known), and whether the flight was domestic or international.
 - Name and telephone number of the person/persons in charge of the air carrier's humanitarian response, passenger manifest reconciliation, and family notification process.
 - Name, telephone number, and location of the facility designated as the Family Assistance Center (FAC) and JFSOC.
2. Provide the NTSB, upon request, the most current reconciled copy of the passenger manifest. Each copy should be numbered or annotated indicating the date and time so that it is distinguishable from previous copies.
3. Provide a reliable publicized toll-free telephone number with sufficient capacity to handle the anticipated call volume. Although not required, consider providing teletypewriter (TTY) capability.
4. When disseminating the toll-free number, ask the media to request that the toll-free number be used only by those who have reason to believe a family member or friend was a passenger on the accident flight.
5. Emphasize in the media notice that, upon initial contact with the air carrier, family members will receive basic accident flight and point-of-contact information as the first steps of air carrier humanitarian support.
6. Ask the media to reemphasize the name of the carrier(s) involved, the accident flight number, airport of origination, connection, and final destination.
7. Provide the media with continuous updates on the progress of the notification process, such as providing the number of victims' families notified as of a certain time and the number

remaining to be notified. This process will continue until all victims' families have been notified.

8. Modify your carrier's normal "on-hold" messages during an accident to eliminate music, sales information, and similar non-accident related messages.
9. Provide timely notification to family members of passengers. As required by AIR 21, at a family member's request, inform the family if the passenger's name appears on a preliminary manifest for the accident flight. Updated information on passengers will be provided to family members as it becomes available. (AIR 21 states the following: "...upon request of the family of a passenger, the air carrier will inform the family of whether the passenger's name appeared on a preliminary passenger manifest for the flight involved in the accident.")
10. Provide notification to family members prior to releasing passenger names to the public. Give family members adequate time to notify other family members and friends prior to public release of the victim's name. Although it may be necessary for some families to have more than one contact point with the air carrier, your carrier may request that families designate one primary contact point for purposes of sharing information. This will allow your carrier to use its personnel in a more efficient manner. The carrier is under no obligation to release the victim's name if family members request otherwise.
11. Inform family members at the time of notification or soon thereafter of American Red Cross family care and crisis assistance available at the FAC and after families return home. Relay requests for crisis assistance to the American Red Cross representative, who will coordinate on-scene or home area contacts for family members. For family members who do not travel to the accident location, the American Red Cross personnel on-scene can coordinate personnel at the family member's location to provide assistance.
12. Secure facilities at departure, arrival, and connecting airports for family members and friends who may be gathering. This facility is designed to allow family members to grieve in private, shielding them from the media and solicitors; it serves as a secure location where families can receive continuous updates regarding the reconciliation of the passenger manifest and other accident information. Be prepared to provide the necessary assistance to special needs populations per the American with Disabilities Act (ADA). Arrange for one of your carrier's employees or agents who has been trained in crisis response to meet privately with family members once they have arrived at the facility secured. Employees or agents should be prepared to inform family members that their loved ones were aboard a plane that crashed.
13. Secure a facility to be used as the FAC. Factors to consider in selecting a facility are quality of rooms and size of facility, privacy for family members, ability to secure the facility, and proximity to the accident site and medical treatment facilities. See appendix B.
14. Make provisions for a JFSOC to include space, communication, and logistical support for the local and Federal staff. Details of the JFSOC are provided in appendix C.

15. Provide logistical support to family members who desire to travel to the accident city (or to a hospital location) that includes, but is not limited to, transportation, lodging, meals, security, communications, and incidental expenditures.
16. Assist family members as they travel to and from the city by informing flight crews and airport personnel about family members aboard particular flights. At departure, connecting, and arrival airports, family members should have air carrier personnel meet and assist them while on airport grounds. If necessary, seek assistance from other carriers with a larger presence at the airport. Assist family members as they depart the accident city and provide a contact person who will continue to be the air carrier's interface with family members following their return to their residence.
17. Provide a contact person to meet family members as they arrive and accompany them at the accident city. This person will be responsible for assisting the family while in the accident city and should continue to be the air carrier interface with the family until the family returns to their residence. At that time the air carrier may decide to designate a single contact person for all family members. This point of contact should be available through a toll-free phone number.
18. Maintain daily contact with family members who do not travel to the accident city by providing a contact person from the air carrier until the on-site investigation has concluded.
19. Designate an individual who will be the air carrier's representative to the Director of NTSB TDA. This individual will travel to various locations, such as the accident site, morgue, JFSOC, and FAC with the Director of NTSB TDA. The designated individual should have the authority, or ready access to those who have sufficient authority, to make decisions on behalf of the air carrier.
20. Establish an exclusive badge system to identify family members. In unique cases, the NTSB, in coordination with the air carrier, will decide on the specifications of the badging system.
21. Participate and provide operational updates during daily coordination meetings to review daily activities, resolve problems, and synchronize future family support operations and activities at the FAC. This information is helpful in planning logistical support (such as meals, lodging, and transportation) and allows for an update of current and future support operations. The type of information typically discussed during the daily coordination meetings is located in appendix D.
22. Make provisions for private areas within the hotel for medical examiner personnel and the DMORT FAC Team to collect antemortem information and DNA reference samples from families. Provide quiet space and communications for DMORT and medical examiner personnel to telephonically collect antemortem information from family members who are not at the FAC. Secure a sufficient number of rooms for DMORT/crisis counseling use. Based on NTSB experience, the number of rooms required ranges from 4 to 12, depending on the number of fatalities.

23. Be aware that crisis counseling and DMORT facilities are also used as venues to inform families when positive identification has been made. By having the medical examiner or DMORT team representative located within the FAC, transportation of victim's remains and other logistical considerations can be better coordinated. Support requirements for planning purposes are in appendix C.
24. Provide DOS representatives the necessary information regarding foreign passengers to facilitate interaction with appropriate foreign government embassies.
25. Establish a liaison with the American Red Cross at each medical treatment facility to monitor the status of injured victims and to provide assistance to their families.
26. Develop procedures for the handling of personal effects released by the NTSB or the FBI if the aviation disaster is declared a criminal act. Consider utilizing a third party that has experience in the return of personal effects associated with aviation disasters. As required by law, provisions will be made for unclaimed possessions to be retained for at least 18 months from the date of the accident. NTSB has developed guidelines for the on-scene search for personal effects.
27. Consult with family members about any air carrier-sponsored monument, including any inscriptions.
28. As required by the Aviation Disaster Family Assistance Act of 1996, provide reasonable reimbursement to the American Red Cross for the services provided to the family, air carrier, and supporting personnel.
29. Provide the same support and treatment to families of non-revenue passengers or any other victim of the accident (for instance, ground fatalities) as is provided for revenue passengers.
30. If the NTSB conducts a public hearing or comparable proceeding at a location more than 80 miles from the accident site, ensure that a simultaneous transmission of the proceeding is available to family members at a location open to the public at both the origin city and destination city of the accident flight.
31. In the event of an accident outside the United States, AIR 21 legislation requires "...in the event that the air carrier volunteers assistance to United States citizens within the United States with respect to an aircraft accident outside the United States involving major loss of life, the air carrier will consult with the Board and the Department of State on the provision of the assistance."
32. In the event the investigation determines the accident is the result of a criminal act, coordinate with the FBI OVA in arranging meetings with family members to explain their rights as victims of a Federal crime.

VICTIM SUPPORT TASK 3–American Red Cross–Family Care and Mental Health

1. An American Red Cross Critical Response Team (CRT) is deployed from the American Red Cross National Headquarters Disaster Operations Center (DOC) and serves as the functional leadership of family care and crisis intervention during the aviation accident. The CRT will support the local American Red Cross response and manage any spontaneous volunteers.
2. Assign a representative to the JFSOC to coordinate and address American Red Cross–related issues and family requests for assistance.
3. Coordinate and manage the numerous organizations and personnel offering counseling, religious and other support services to the operation. Create a staff processing center, operated away from the FAC, to screen, monitor, and manage personnel (employee and volunteer staff). The staff processing center will also be responsible for developing an exclusive badge system for personnel, matching staff skills with organizational needs, assigning work schedules, briefing and debriefing of support staff, and planning for future activities.
 - a. Qualified local resources should be integrated with American Red Cross personnel for crisis and grief counseling, food services, administrative assistance, and other support services to family members and support organizations.
 - b. Crisis and grief counseling for family members who travel to the accident city should be coordinated with air carrier personnel.
4. Employ an accounting system to accurately record cost data in specific cost categories for reimbursement by the air carrier.
5. Assess the needs and available resources of other crisis support agencies, coordinate with them to ensure ongoing emotional support for workers during the operation, and provide exit interviews before departure.
6. Establish a liaison with the air carrier at each supporting medical treatment facility to monitor the status of injured victims and to provide assistance to their families.
7. Coordinate with the air carrier to establish areas in the FAC for families to grieve privately.
8. If deemed necessary, deploy a Critical Response Childcare Team (CRC) to coordinate on-site childcare services for families who arrive with young children. Ensure the CRC Team is equipped with the necessary supplies to operate a childcare center along with specially trained staff qualified to attend to children in the aftermath of a traumatic disaster.
9. If deemed necessary, deploy a Spiritual Care Response Team (SRT) to coordinate on-site spiritual care. The SRT is trained to provide spiritual care to an array of faiths and will manage spiritual care for the victims and their families. If desired by the families, the SRT will coordinate the planning for a suitable interfaith memorial service within the first few days following the accident. The SRT deploys an events manager to begin planning the

memorial service upon a request from the family members. The American Red Cross Events Manager will work closely with the NTSB, the air carrier, and local, county, and State governments to plan a suitable memorial site. The American Red Cross will also deploy a Life Safety and Asset Protection manager to the JFSOC to manage safety and security concerns related to the memorial.

10. If deemed necessary, arrange a memorial service for any future burial of unidentified remains.
11. Provide families, at their request, with referrals to mental health professionals and support groups in the family member's local area.
12. Provide additional support to affected special needs or other demographically or culturally diverse populations as deemed necessary.

VICTIM SUPPORT TASK 4—Department of Health and Human Services, Assistant Secretary for Preparedness and Response—Victim Identification Services

1. At the time of an accident and following notification by the NTSB, activate the National Disaster Medical System (NDMS) and the appropriate DMORT team personnel, supplies, and equipment to assist in the management of victim identification.
2. Assign a representative to the JFSOC to address DMORT-related issues.
3. Assign the necessary DMORT team members to assist the medical examiner with victim identification and mortuary services. The configuration of team and skills required will be determined by the details of the accident and the capabilities of the local medical examiner.
4. Follow the “DMORT Standard Operating Procedures for National Transportation Safety Board Activations.”
5. Provide, if necessary, a morgue facility, a DMORT Portable Morgue Unit (DPMU), and the necessary equipment and supplies to augment the local medical examiner's capabilities.
6. Monitor the status of all incoming antemortem records to include dental, medical, and DNA data to ensure that all records have been received. If not, take steps to obtain the records and radiographs.
7. Employ a standard antemortem questionnaire and disposition of remains form that can be adapted to meet local medical examiner and State requirements. The disposition of remains form will be used to obtain directions from the lawfully authorized next of kin (NOK) regarding what he or she desires the medical examiner to do with remains that may later be identified as those of his or her family member. Information collected from family members is strictly confidential and is ultimately under the control of the medical examiner.

8. Using a specially trained FAC team, interview family members who are both on and off site for information regarding antemortem identification and disposition of remains.
9. Coordinate with the medical examiner to integrate qualified personnel who are providing assistance to the medical examiner's office into the morgue operation.
10. If necessary, assist the medical examiner in notifying family members of positive identification, including an explanation of how identification was determined.
11. Ensure the accuracy of the chain of custody by performing a check of documentation and remains prior to their release to the designated funeral director.
12. Assist the medical examiner with the reassociation of remains following the identification process. This may occur weeks or months after the accident.
13. Using information gathered from the antemortem interview, provide the NTSB with contact information for the NOK (addresses, telephone numbers, e-mail addresses) and the NOK's relationship to the victim.

Support of VST 4–Department of Defense–Victim Identification Services (As required)

1. Provide the use of a military installation, such as the Charles C. Carson Center for Mortuary Affairs located at the Dover Air Force Base, to support mortuary operations.
2. Provide resources from the Office of the Armed Forces Medical Examiner (OAFME) and Armed Forces DNA Identification Laboratory (AFDIL) to assist in the identification effort and to conduct appropriate DNA comparison testing on specimens submitted by the medical examiner. OAFME and AFDIL personnel may be asked to travel to the accident site to assist with victim identification.
3. Provide available medical and dental records and DNA reference samples of fatally injured passengers who may have antemortem records based on prior or current military service.

VICTIM SUPPORT TASK 5–Department of State–Assisting Families of Foreign Victims (As required)

1. Assign a representative to the JFSOC to coordinate DOS-related issues with other members of the operations center staff. Assist in obtaining dental and medical records and DNA reference samples from foreign families. Respond to family member requests for information and assistance as appropriate. Provide additional personnel as needed for

accidents involving significant numbers of foreign passengers, particularly those involving international flights.

2. Provide official notification to foreign governments of citizens involved in the accident. Such notifications will take place after obtaining necessary information on foreign passengers from the air carrier.
3. Assist the air carrier in notifying US citizens who may reside or are traveling outside the United States that a member of their family has been involved in an aviation accident.
4. Provide interpretation/translation services (via DOS staff or a contracted provider) to facilitate communications with the victim's family and all interested parties. For family briefings held at the FAC or similar location or activity, provide simultaneous interpretation/translation services in multiple languages as needed.
5. Provide logistical and communications support to the extent practicable, in establishing contact with foreign authorities and individuals abroad to aid the air carrier and Federal support staff in fulfilling their duties under the laws referenced above.
6. Assist foreign air carrier employees and families of foreign victims with entry into the United States and with the extension or granting of visas to eligible applicants.
7. Facilitate necessary consulate and customs services for the return of remains and personal effects to the country of destination.
8. Assist the medical examiner in acquiring the necessary information to facilitate the identification of foreign victims and to complete death certificates.

VICTIM SUPPORT TASK 6–Department of Homeland Security/ Federal Emergency Management Agency–Communications (As required)

1. Assign a representative to the JFSOC to coordinate with local and State officials concerning emergency management–related issues.
2. Provide voice and data communication assets to facilitate communication from the accident site to the NTSB Communications Center.
3. Upon the request of the NTSB Office of Public Affairs, provide personnel to assist in public information dissemination, to include assistance in establishing and staffing external media support centers at the accident site, wreckage hangar, FAC, airport, and other areas that may attract media interest.

VICTIM SUPPORT TASK 7–Department of Justice–Assisting Victims of Crime (As required)

1. Provide to the NTSB, upon request, an FBI Disaster Squad with sufficient personnel to obtain fingerprint identification of accident fatalities. This team will work with the medical examiner and the DMORT personnel at the morgue location.
2. Provide to the NTSB, upon request, an FBI Evidence Response Team (ERT) and other FBI Laboratory assets to assist with victim recovery operations under the direction of the medical examiner.
3. Provide to the NTSB, upon request, FBI Office for Victim Assistance Rapid Deployment Team (VARDT) members to assist the NTSB TDA in unique circumstances, such as simultaneous accident responses.
4. Perform the following responsibilities only if the air carrier disaster is officially declared a criminal act:
 - a. Coordinate Federal assistance and serve as the liaison between the air carrier and family members.
 - b. Provide an FBI toll-free number for family members to obtain information on the victim recovery and identification effort, investigation, and other concerns. This number will normally be provided to families on site during the initial family briefing and repeated in subsequent briefings. Coordinate with the air carrier to have air carrier family representatives provide the toll-free number to the families who do not travel to the accident city.
 - c. Establish a special web page for the victims' families for the purpose of sharing updated information and maintaining ongoing communication with victims and families throughout the duration of the investigation.
 - d. Review with the air carrier logistical family support with special consideration toward security, quality of rooms and facilities, and privacy for family members.
 - e. Oversee the establishment and management of the JFSOC and the FAC. Information on FAC operations can be found in appendix B.
 - f. Integrate local and Federal government officials and air carrier staff to form a JFSOC to facilitate close coordination of services and activities.
 - g. Assist the air carrier, if requested, with finding NOK that have not been notified of their family member's involvement.
 - h. Conduct daily coordination meetings with the air carrier and local and Federal government representatives to review daily activities, resolve problem areas, and

to synchronize future family support operations and activities. Examples of information needed at the daily coordination meeting are in appendix D.

- i. Provide and coordinate family briefings for family members at the accident city and for those who remain at home. Conduct in-person family briefings at the FAC. Conduct briefings for off-site families via telephone conference bridges.
- j. Provide information to victims and families regarding their rights and available services related to their status as victims of a Federal crime.
- k. Maintain contact with family members to keep them informed about the progress of the investigation and to continue to meet their future needs.

COORDINATING INSTRUCTIONS

1. The point of contact for this plan is the Director, Transportation Disaster Assistance, NTSB. The telephone number is (202) 314-6185. The office fax number is (202) 314-6638. The backup fax number is 202-314-6293. The e-mail address is assistance@ntsb.gov.
2. Upon implementation and until NTSB TDA staff is present at the JFSOC, calls should be directed to the NTSB communications center. The Communications center will pass any information or messages to the appropriate NTSB TDA staff member.
3. Supporting agencies should appoint the same individual or individuals to the JFSOC for each aviation accident. The focused efforts of a group of experienced personnel who understand the complex issues of an aviation disaster response will lead to improved delivery of services to victims and their families. Agencies are not precluded from designating and training alternate personnel as long as inexperienced personnel are partnered with experienced personnel during the response.
4. It is recommended that all Federal personnel involved at the accident site wear clothing (e.g. hats, shirts, and/or jackets) identifying their agency or group. This is helpful for families and those involved in supporting the operation.
5. Agencies providing support to victims and their family members under this plan are requested to submit an AAR to the Director, NTSB TDA, within 60 days of completion of their tasks. The report is critical for capturing lessons learned, taking corrective actions, and updating plans. A sample format is provided in appendix E.
6. Other than media releases by the air carrier regarding the progress of family notification and the release of passengers' names as described in VST 2, item 9, all media inquiries and releases pertaining to the NTSB TDA operation will be referred to the NTSB Office of Public Affairs. The NTSB will advise and assist the local medical examiner regarding any media affairs related to his or her area of responsibility. Support organizations may provide press releases or briefings on their specific mission/actions during the accident response. There are no restrictions on victims or family members meeting with the media if they so desire.
7. Due to differences among air carriers and air carrier underwriter policies, as well as differences among aviation accidents, consideration for reimbursement of costs associated with an agency's participation in an aviation disaster response will be made after discussions with the air carrier and its insurance underwriter.

APPENDIX A

Aviation Disaster Family Assistance Act of 1996

SEC. 701. SHORT TITLE.

This title may be cited as the “Aviation Disaster Family Assistance Act of 1996.”

SEC. 702. ASSISTANCE BY NATIONAL TRANSPORTATION SAFETY BOARD TO FAMILIES OF PASSENGERS INVOLVED IN AIRCRAFT ACCIDENTS.

(a) Authority To Provide Assistance.--

(1) In general.--Subchapter III of chapter 11 is amended by adding at the end the following:

“Sec. 1136. Assistance to families of passengers involved in aircraft accidents

“(a) In General.--As soon as practicable after being notified of an aircraft accident within the United States involving an air carrier or foreign air carrier and resulting in a major loss of life, the Chairman of the National Transportation Safety Board shall--

“(1) designate and publicize the name and phone number of a director of family support services who shall be an employee of the Board and shall be responsible for acting as a point of contact within the Federal Government for the families of passengers involved in the accident and a liaison between the air carrier or foreign air carrier and the families; and

“(2) designate an independent nonprofit organization, with experience in disasters and post trauma communication with families, which shall have primary responsibility for coordinating the emotional care and support of the families of passengers involved in the accident.

“(b) Responsibilities of the Board.--The Board shall have primary Federal responsibility for facilitating the recovery and identification of fatally-injured passengers involved in an accident described in subsection (a).

“(c) Responsibilities of Designated Organization.--The organization designated for an accident under subsection (a)(2) shall have the following responsibilities with respect to the families of passengers involved in the accident:

“(1) To provide mental health and counseling services, in coordination with the disaster response team of the air carrier or foreign air carrier involved.

“(2) To take such actions as may be necessary to provide an

environment in which the families may grieve in private.

“(3) To meet with the families who have traveled to the location of the accident, to contact the families unable to travel to such location, and to contact all affected families periodically thereafter until such time as the organization, in consultation with the director of family support services designated for the accident under subsection (a)(1), determines that further assistance is no longer needed.

“(4) To communicate with the families as to the roles of the organization, government agencies, and the air carrier or foreign air carrier involved with respect to the accident and the post-accident activities.

“(5) To arrange a suitable memorial service, in consultation with the families.

“(d) Passenger Lists.--

“(1) Requests for passenger lists.--

“(A) Requests by director of family support services.--It shall be the responsibility of the director of family support services designated for an accident under subsection (a)(1) to request, as soon as practicable, from the air carrier or foreign air carrier involved in the accident a list, which is based on the best available information at the time of the request, of the names of the passengers that were aboard the aircraft involved in the accident.

“(B) Requests by designated organization.--The organization designated for an accident under subsection (a)(2) may request from the air carrier or foreign air carrier involved in the accident a list described in subparagraph (A).

“(2) Use of information.--The director of family support services and the organization may not release to any person information on a list obtained under paragraph (1) but may provide information on the list about a passenger to the family of the passenger to the extent that the director of family support services or the organization considers appropriate.

“(e) Continuing Responsibilities of the Board.--In the course of its investigation of an accident described in subsection (a), the Board shall, to the maximum extent practicable, ensure that the families of passengers involved in the accident--

“(1) are briefed, prior to any public briefing, about the accident, its causes, and any other findings from the investigation; and

“(2) are individually informed of and allowed to attend any public hearings and meetings of the Board about the accident.

“(f) Use of Air Carrier Resources.--To the extent practicable, the organization designated for an accident under subsection (a)(2) shall coordinate its activities with the air carrier or foreign air carrier involved in the accident so that the resources of the carrier can be used to the greatest extent possible to carry out the organization’s responsibilities under this section.

“(g) Prohibited Actions.--

“(1) Actions to impede the board.--No person (including a State or political subdivision) may impede the ability of the Board (including the director of family support services designated for an accident under subsection (a)(1)), or an organization designated for an accident under subsection (a)(2), to carry out its responsibilities under this section or the ability of the families of passengers involved in the accident to have contact with one another.

“(2) Unsolicited communications.--In the event of an accident involving an air carrier providing interstate or foreign air transportation, no unsolicited communication concerning a potential action for personal injury or wrongful death may be made by an attorney or any potential party to the litigation to an individual injured in the accident, or to a relative of an individual involved in the accident, before the 30th day following the date of the accident.

“(h) Definitions.--In this section, the following definitions apply:

“(1) Aircraft accident.--The term ‘aircraft accident’ means any aviation disaster regardless of its cause or suspected cause.

“(2) Passenger.--The term ‘passenger’ includes an employee of an air carrier aboard an aircraft..”

(2) Conforming amendment.--The table of sections for such chapter is amended by inserting after the item relating to section 1135 the following:

“1136. Assistance to families of passengers involved in aircraft accidents.”

(b) Penalties.--Section 1155(a)(1) of such title is amended--

(1) by striking “or 1134(b) or (f)(1)” and inserting “, section 1134(b), section 1134(f)(1), or section 1136(g)”;

(2) by striking “either of” and inserting “any of.”

SEC. 703. AIR CARRIER PLANS TO ADDRESS NEEDS OF FAMILIES OF PASSENGERS INVOLVED IN AIRCRAFT ACCIDENTS.

(a) In General.--Chapter 411 is amended by adding at the end the following:

“Sec. 41113. Plans to address needs of families of passengers involved in aircraft accidents

“(a) Submission of Plans.--Not later than 6 months after the date of the enactment of this section, each air carrier holding a certificate of public convenience and necessity under section 41102 of this title shall submit to the Secretary and the Chairman of the National Transportation Safety Board a plan for addressing the needs of the families of passengers involved in any aircraft accident involving an aircraft of the air carrier and resulting in a major loss of life.

“(b) Contents of Plans.--A plan to be submitted by an air carrier under subsection (a) shall include, at a minimum, the following:

“(1) A plan for publicizing a reliable, toll-free telephone number, and for providing staff, to handle calls from the families of the passengers.

“(2) A process for notifying the families of the passengers, before providing any public notice of the names of the passengers, either by utilizing the services of the organization designated for the accident under section 1136(a)(2) of this title or the services of other suitably trained individuals.

“(3) An assurance that the notice described in paragraph (2) will be provided to the family of a passenger as soon as the air carrier has verified that the passenger was aboard the aircraft (whether or not the names of all of the passengers have been verified) and, to the extent practicable, in person.

“(4) An assurance that the air carrier will provide to the director of family support services designated for the accident under section 1136(a)(1) of this title, and to the organization designated for the accident under section 1136(a)(2) of this title, immediately upon request, a list (which is based on the best available information at the time of the request) of the names of the passengers aboard the aircraft (whether or not such names have been verified), and will periodically update the list.

“(5) An assurance that the family of each passenger will be consulted about the disposition of all remains and personal effects of the passenger within the control of the air carrier.

“(6) An assurance that if requested by the family of a

passenger, any possession of the passenger within the control of the air carrier (regardless of its condition) will be returned to the family unless the possession is needed for the accident investigation or any criminal investigation.

“(7) An assurance that any unclaimed possession of a passenger within the control of the air carrier will be retained by the air carrier for at least 18 months.

“(8) An assurance that the family of each passenger will be consulted about construction by the air carrier of any monument to the passengers, including any inscription on the monument.

“(9) An assurance that the treatment of the families of nonrevenue passengers (and any other victim of the accident) will be the same as the treatment of the families of revenue passengers.

“(10) An assurance that the air carrier will work with any organization designated under section 1136(a)(2) of this title on an ongoing basis to ensure that families of passengers receive an appropriate level of services and assistance following each accident.

“(11) An assurance that the air carrier will provide reasonable compensation to any organization designated under section 1136(a)(2) of this title for services provided by the organization.

“(12) An assurance that the air carrier will assist the family of a passenger in traveling to the location of the accident and provide for the physical care of the family while the family is staying at such location.

“(13) An assurance that the air carrier will commit sufficient resources to carry out the plan.

“(c) Certificate Requirement.--After the date that is 6 months after the date of the enactment of this section, the Secretary may not approve an application for a certificate of public convenience and necessity under section 41102 of this title unless the applicant has included as part of such application a plan that meets the requirements of subsection (b).

“(d) Limitation on Liability.--An air carrier shall not be liable for damages in any action brought in a Federal or State court arising out of the performance of the air carrier in preparing or providing a passenger list pursuant to a plan submitted by the air carrier under subsection (b), unless such liability was caused by conduct of the air carrier which was grossly negligent or which constituted intentional misconduct.

“(e) Aircraft Accident and Passenger Defined.--In this section, the terms ‘aircraft accident’ and ‘passenger’ have the meanings such terms

have in section 1136 of this title..”

(b) Conforming Amendment.--The table of sections for such chapter is amended by adding at the end the following:

“41113. Plans to address needs of families of passengers involved in aircraft accidents.”

SEC. 704. ESTABLISHMENT OF TASK FORCE.

(a) Establishment.--The Secretary of Transportation, in cooperation with the National Transportation Safety Board, the Federal Emergency Management Agency, the American Red Cross, air carriers, and families which have been involved in aircraft accidents shall establish a task force consisting of representatives of such entities and families, representatives of air carrier employees, and representatives of such other entities as the Secretary considers appropriate.

(b) Guidelines and Recommendations.--The task force established pursuant to subsection (a) shall develop--

(1) guidelines to assist air carriers in responding to aircraft accidents;

(2) recommendations on methods to ensure that attorneys and representatives of media organizations do not intrude on the privacy of families of passengers involved in an aircraft accident;

(3) recommendations on methods to ensure that the families of passengers involved in an aircraft accident who are not citizens of the United States receive appropriate assistance;

(4) recommendations on methods to ensure that State mental health licensing laws do not act to prevent out-of-state mental health workers from working at the site of an aircraft accident or other related sites;

(5) recommendations on the extent to which military experts and facilities can be used to aid in the identification of the remains of passengers involved in an aircraft accident; and

(6) recommendations on methods to improve the timeliness of the notification provided by air carriers to the families of passengers involved in an aircraft accident, including--

(A) an analysis of the steps that air carriers would have to take to ensure that an accurate list of passengers on board the aircraft would be available within 1 hour of the accident and an analysis of such steps to ensure that such list would be available within 3 hours of the accident;

(B) an analysis of the added costs to air carriers and travel agents that would result if air carriers were required to take the steps described in subparagraph

(A);

(C) an analysis of any inconvenience to passengers, including flight delays, that would result if air carriers were required to take the steps described in subparagraph (A); and

(D) an analysis of the implications for personal privacy that would result if air carriers were required to take the steps described in subparagraph (A).

(c) Report.--Not later than 1 year after the date of the enactment of this Act, the Secretary shall transmit to Congress a report containing the model plan and recommendations developed by the task force under subsection (b).

Foreign Air Carrier Family Support Act of 1997

Public Law 105-148, 105th Congress

To amend title 49, United States Code, to require the National Transportation Safety Board and individual foreign air carriers to address the needs of families of passengers involved in aircraft accidents involving foreign air carriers.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. PLANS TO ADDRESS NEEDS OF FAMILIES OF PASSENGERS INVOLVED IN FOREIGN AIR CARRIER ACCIDENTS.

(a) In General.--Chapter 413 of title 49, United States Code, is amended by adding at the end the following:

“Sec. 41313. Plans to address needs of families of passengers involved in foreign air carrier accidents

“(a) Definitions.--In this section, the following definitions apply:

“(1) Aircraft accident.--The term ‘aircraft accident’ means any aviation disaster, regardless of its cause or suspected cause, that occurs within the United States; and

“(2) Passenger.--The term ‘passenger’ includes an employee of a foreign air carrier or air carrier aboard an aircraft.

“(b) Submission of Plans.--A foreign air carrier providing foreign air transportation under this chapter shall transmit to the Secretary of

Transportation and the Chairman of the National Transportation Safety Board a plan for addressing the needs of the families of passengers involved in an aircraft accident that involves an aircraft under the control of the foreign air carrier and results in a significant loss of life.

“(c) Contents of Plans.--To the extent permitted by foreign law which was in effect on the date of the enactment of this section, a plan submitted by a foreign air carrier under subsection (b) shall include the following:

“(1) Telephone number.--A plan for publicizing a reliable, toll-free telephone number and staff to take calls to such number from families of passengers involved in an aircraft accident that involves an aircraft under the control of the foreign air carrier and results in a significant loss of life.

“(2) Notification of families.--A process for notifying, in person to the extent practicable, the families of passengers involved in an aircraft accident that involves an aircraft under the control of the foreign air carrier and results in a significant loss of life before providing any public notice of the names of such passengers. Such notice shall be provided by using the services of--

“(A) the organization designated for the accident under section 1136(a)(2); or

“(B) other suitably trained individuals.

“(3) Notice provided as soon as possible.--An assurance that the notice required by paragraph (2) shall be provided as soon as practicable after the foreign air carrier has verified the identity of a passenger on the foreign aircraft, whether or not the names of all of the passengers have been verified.

“(4) List of passengers.--An assurance that the foreign air carrier shall provide, immediately upon request, and update a list (based on the best available information at the time of the request) of the names of the passengers aboard the aircraft (whether or not such names have been verified), to--

“(A) the director of family support services designated for the accident under section 1136(a)(1); and

“(B) the organization designated for the accident under section 1136(a)(2).

“(5) Consultation regarding disposition of remains and effects.--An assurance that the family of each passenger will be consulted about the disposition of any remains and personal effects of the passenger that are within the control of the foreign air carrier.

“(6) Return of possessions.--An assurance that, if requested by the family of a passenger, any possession

(regardless of its condition) of that passenger that is within the control of the foreign air carrier will be returned to the family unless the possession is needed for the accident investigation or a criminal investigation.

“(7) Unclaimed possessions retained.--An assurance that any unclaimed possession of a passenger within the control of the foreign air carrier will be retained by the foreign air carrier for not less than 18 months after the date of the accident.

“(8) Monuments.--An assurance that the family of each passenger will be consulted about construction by the foreign air carrier of any monument to the passengers built in the United States, including any inscription on the monument.

“(9) Equal treatment of passengers.--An assurance that the treatment of the families of nonrevenue passengers will be the same as the treatment of the families of revenue passengers.

“(10) Service and assistance to families of passengers.--An assurance that the foreign air carrier will work with any organization designated under section 1136(a)(2) on an ongoing basis to ensure that families of passengers receive an appropriate level of services and assistance following an accident.

“(11) Compensation to service organizations.--An assurance that the foreign air carrier will provide reasonable compensation to any organization designated under section 1136(a)(2) for services and assistance provided by the organization.

“(12) Travel and care expenses.--An assurance that the foreign air carrier will assist the family of any passenger in traveling to the location of the accident and provide for the physical care of the family while the family is staying at such location.

“(13) Resources for plan.--An assurance that the foreign air carrier will commit sufficient resources to carry out the plan.

“(14) Substitute measures.--If a foreign air carrier does not wish to comply with paragraph (10), (11), or (12), a description of proposed adequate substitute measures for the requirements of each paragraph with which the foreign air carrier does not wish to comply.

“(d) Permit and Exemption Requirement.--The Secretary shall not approve an application for a permit under section 41302 unless the applicant has included as part of the application or request for exemption a plan that meets the requirements of subsection (c).

“(e) Limitation on Liability.--A foreign air carrier shall not be liable for damages in any action brought in a Federal or State court arising out of the performance of the foreign air carrier in preparing or providing a passenger list pursuant to a plan submitted by the foreign air carrier under subsection (c), unless the liability was caused by conduct of the foreign air carrier which was grossly negligent or which constituted intentional misconduct.”

(b) Conforming Amendment.--The table of sections for such chapter is amended by adding at the end the following:

“41313. Plans to address needs of families of passengers involved in foreign air carrier accidents.”

(c) Effective Date.--The amendments made by this section shall take effect on the 180th day following the date of the enactment of this Act.

“AIR 21”

Public Law 106-181, 106th Congress

To amend title 49, United States Code, to reauthorize programs of the Federal Aviation Administration, and for other purposes.

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) Short note. Title.--This Act may be cited as the “Wendell H. Ford Aviation Investment and Reform Act for the 21st Century.”

TITLE IV--FAMILY ASSISTANCE

SEC. 401. RESPONSIBILITIES OF NATIONAL TRANSPORTATION SAFETY BOARD.

(a) Prohibition on Unsolicited Communications.--

(1) In general.--Section 1136(g)(2) is amended--

(A) by striking “transportation,” and inserting “transportation and in the event of an accident involving a foreign air carrier that occurs within the United States,”;

(B) by inserting after “attorney” the following: “(including any associate, agent, employee, or other representative of an attorney)”;

(C) by striking “30th day” and inserting “45th

day.”

(2) Enforcement.--Section 1151 is amended by inserting “1136(g)(2),” before “or 1155(a)” each place it appears.

(b) Prohibition on Actions To Prevent Mental Health and Counseling Services.--Section 1136(g) is amended by adding at the end the following:

“(3) Prohibition on actions to prevent mental health and counseling services.--No State or political subdivision thereof may prevent the employees, agents, or volunteers of an organization designated for an accident under subsection (a)(2) from providing mental health and counseling services under subsection (c)(1) in the 30-day period beginning on the date of the accident. The director of family support services designated for the accident under subsection (a)(1) may extend such period for not to exceed an additional 30 days if the director determines that the extension is necessary to meet the needs of the families and if State and local authorities are notified of the determination.”

(c) Inclusion of Nonrevenue Passengers in Family Assistance Coverage.--Section 1136(h)(2) is amended to read as follows:

“(2) Passenger.--The term ‘passenger’ includes--

“(A) an employee of an air carrier or foreign air carrier aboard an aircraft; and

“(B) any other person aboard the aircraft without regard to whether the person paid for the transportation, occupied a seat, or held a reservation for the flight.”

(d) Statutory Construction.--Section 1136 is amended by adding at the end the following:

“(i) Statutory Construction.--Nothing in this section may be construed as limiting the actions that an air carrier may take, or the obligations that an air carrier may have, in providing assistance to the families of passengers involved in an aircraft accident.”

SEC. 402. AIR CARRIER PLANS.

(a) Contents of Plans.--

(1) Flight reservation information.--Section 41113(b) is amended by adding at the end the following:

“(14) An assurance that, upon request of the family of a passenger, the air carrier will inform the family of whether the passenger’s name appeared on a preliminary passenger manifest for the flight involved in the accident.”

(2) Training of employees and agents.--Section 41113(b) is further amended by adding at the end the following:

“(15) An assurance that the air carrier will provide adequate training to the employees and agents of the carrier to meet the needs of survivors and family members following an accident.”

(3) Consultation on carrier response not covered by plan.--Section 41113(b) is further amended by adding at the end the following:

“(16) An assurance that the air carrier, in the event that the air carrier volunteers assistance to United States citizens within the United States with respect to an aircraft accident outside the United States involving major loss of life, the air carrier will consult with the Board and the Department of State on the provision of the assistance.”

(4) Submission <<NOTE: 49 USC 41113 note.>> of updated plans.--The amendments made by paragraphs (1), (2), and (3) shall take effect on the 180th day following the date of the enactment of this Act. On or before such 180th day, each air carrier holding a certificate of public convenience and necessity under section 41102 of title 49, United States Code, shall submit to the Secretary and the Chairman of the National Transportation Safety Board an updated plan under section 41113 of such title that meets the requirements of the amendments made by paragraphs (1), (2), and (3).

(5) Conforming amendments.--Section 41113 is amended--

(A) in subsection (a) by striking “Not later than 6 months after the date of the enactment of this section, each air carrier” and inserting “Each air carrier”; and

(B) in subsection (c) by striking “After the date that is 6 months after the date of the enactment of this section, the Secretary” and inserting “The Secretary.”

(b) Limitation on Liability.--Section 41113(d) is amended by inserting “, or in providing information concerning a preliminary passenger manifest,” before “pursuant to a plan.”

(c) Statutory Construction.--Section 41113 is amended by adding at the end the following:

“(f) Statutory Construction.--Nothing in this section may be construed as limiting the actions that an air carrier may take, or the obligations that an air carrier may have, in providing assistance to the families of passengers involved in an aircraft accident.”

SEC. 403. FOREIGN AIR CARRIER PLANS.

(a) Inclusion of Nonrevenue Passengers in Family Assistance Coverage.--Section 41313(a)(2) is amended to read as follows:

“(2) Passenger.--The term ‘passenger’ has the meaning given such term by section 1136.”

(b) Accidents for Which Plan Is Required.--Section 41313(b) is amended by striking “significant” and inserting “major.”

(c) Contents of Plans.--

(1) In general.--Section 41313(c) is amended by adding at the end the following:

“(15) Training of employees and agents.--An assurance that the foreign air carrier will provide adequate training to the employees and agents of the carrier to meet the needs of survivors and family members following an accident.

“(16) Consultation on carrier response not covered by plan.--An assurance that the foreign air carrier, in the event that the foreign air carrier volunteers assistance to United States citizens within the United States with respect to an aircraft accident outside the United States involving major loss of life, the foreign air carrier will consult with the Board and the Department of State on the provision of the assistance.”

(2) Submission <<NOTE: 49 USC 41313 note.>> of updated plans.--The amendment made by paragraph (1) shall take effect on the 180th day following the date of the enactment of this Act. On or before such 180th day, each foreign air carrier providing foreign air transportation under chapter 413 of title 49, United States Code, shall submit to the Secretary and the Chairman of the National Transportation Safety Board an updated plan under section 41313 of such title that meets the requirements of the amendment made by paragraph (1).

SEC. 404. DEATH ON THE HIGH SEAS.

(a) Right of Action in Commercial Aviation Accidents.--The first section of the Act of March 30, 1920 (46 U.S.C. App. 761; popularly known as the “Death on the High Seas Act”) is amended--

(1) by inserting “(a) subject to subsection (b),” before “whenever”; and

(2) by adding at the end the following:

“(b) In the case of a commercial aviation accident, whenever the death of a person shall be caused by wrongful act, neglect, or default occurring on the high seas 12 nautical miles or closer to the shore of any State, or the District of Columbia, or the Territories or

dependencies of the United States, this Act shall not apply and the rules applicable under Federal, State, and other appropriate law shall apply..”

(b) Compensation in Commercial Aviation Accidents.--
Section 2 of such Act (46 U.S.C. App. 762) is amended--

- (1) by inserting “(a)” before “the recovery”; and
- (2) by adding at the end the following:

“(b)(1) If the death resulted from a commercial aviation accident occurring on the high seas beyond 12 nautical miles from the shore of any State, or the District of Columbia, or the Territories or dependencies of the United States, additional compensation for nonpecuniary damages for wrongful death of a decedent is recoverable. Punitive damages are not recoverable.

“(2) In this subsection, the term ‘nonpecuniary damages’ means damages for loss of care, comfort, and companionship..”

(c) Effective <<NOTE: 46 USC app. 761 note.>> Date.--The amendments made by subsections (a) and (b) shall apply to any death occurring after July 16, 1996.

“Vision 100”

SEC. 809. AVAILABILITY OF AIRCRAFT ACCIDENT SITE INFORMATION.

(a) DOMESTIC AIR TRANSPORTATION.—Section 41113(b) is amended—

(1) in paragraph (16) by striking “the air carrier” the third place it appears; and

(2) by adding at the end the following:

“(17)(A) An assurance that, in the case of an accident that results in significant damage to a manmade structure or other property on the ground that is not government-owned, the air carrier will promptly provide notice, in writing, to the extent practicable, directly to the owner of the structure or other property about liability for any property damage and means for obtaining compensation.

“(B) At a minimum, the written notice shall advise an owner (i) to contact the insurer of the property as the authoritative source for information about coverage and compensation; (ii) to not rely on unofficial information offered by air carrier representatives about compensation by the air carrier for accident-site property damage; and (iii) to obtain photographic or other detailed evidence of property damage as soon as possible after the accident, consistent with restrictions on access to the accident site.

“(18) An assurance that, in the case of an accident in which the National Transportation Safety Board conducts a public hearing or comparable proceeding at a location greater than 80 miles from the accident site, the air carrier will ensure that the proceeding is made available simultaneously by electronic means at a location open to the public at both the origin city and destination city of the air carrier’s flight if that city is located in the United States..”

(b) FOREIGN AIR TRANSPORTATION.—Section 41313(c) is amended by adding at the end the following:

“(17) NOTICE CONCERNING LIABILITY FOR MANMADE STRUCTURES.—

“(A) IN GENERAL.—An assurance that, in the case of an accident that results in significant damage to a manmade structure or other property on the ground that is not government-owned, the foreign air carrier will promptly provide notice, in writing, to the extent practicable, directly to the owner of the structure or other property about liability for any property damage and means for obtaining compensation.

“(B) MINIMUM CONTENTS.—At a minimum, the written notice shall advise an owner (i) to contact the insurer of the property as the authoritative source for information about coverage and compensation; (ii) to not rely on unofficial information offered by foreign air carrier representatives about compensation by the foreign air carrier for accident-site property damage; and (iii) to obtain photographic or other detailed evidence of property damage as soon as possible after the accident, consistent with restrictions on access to the accident site.

“(18) SIMULTANEOUS ELECTRONIC TRANSMISSION OF NTSB HEARING.—An assurance that, in the case of an accident in which the National Transportation Safety Board conducts a public hearing or comparable proceeding at a location greater than 80 miles from the accident site, the foreign air carrier will ensure that the proceeding is made available simultaneously by electronic means at a location open to the public at both the origin city and destination city of the foreign air carrier’s flight if that city is located in the United States..”

(c) UPDATE PLANS.—Air carriers and foreign air carriers shall update their plans under sections 41113 and 41313 of title 49, United States Code, respectively, to reflect the amendments made by subsections (a) and (b) of this section not later than 90 days after the date of enactment of this Act.

APPENDIX B

Family Assistance Center Operations

The Family Assistance Center (FAC) is the focus of services for family members when they travel to the accident location. FACs are designed to meet the immediate and short-term needs of family members: safety, security, physiological needs (food, sleep), information (about the victim recovery and identification process, and the investigation), and crisis/grief counseling. In addition, family members may be interviewed to gather antemortem information about the victims and to submit DNA samples to facilitate victim identification. The air carrier is required to provide the FAC location. Most FACs are established at hotels or similar facilities. Consideration should be given to a facility that has multiple meeting rooms, a large ballroom, up-to-date information technology infrastructure, and food services. Arrangements are coordinated by the air carrier and the NTSB.

The NTSB TDA Director manages FAC operations or assigns a designee in her/his absence.

Staff present at the FAC should include the following:

1. Air carrier support team personnel and their associated management team
2. NTSB TDA staff
3. Local law enforcement
4. American Red Cross personnel, including approved child care providers, spiritual care staff, health professionals and crisis counselors
5. Medical examiner staff
6. Personnel designated by the medical examiner to conduct antemortem interviews
7. Personal effects management contractors working for the air carrier
8. Local support agency personnel

A number of critical functions will take place at the FAC and must be closely coordinated; they include the following:

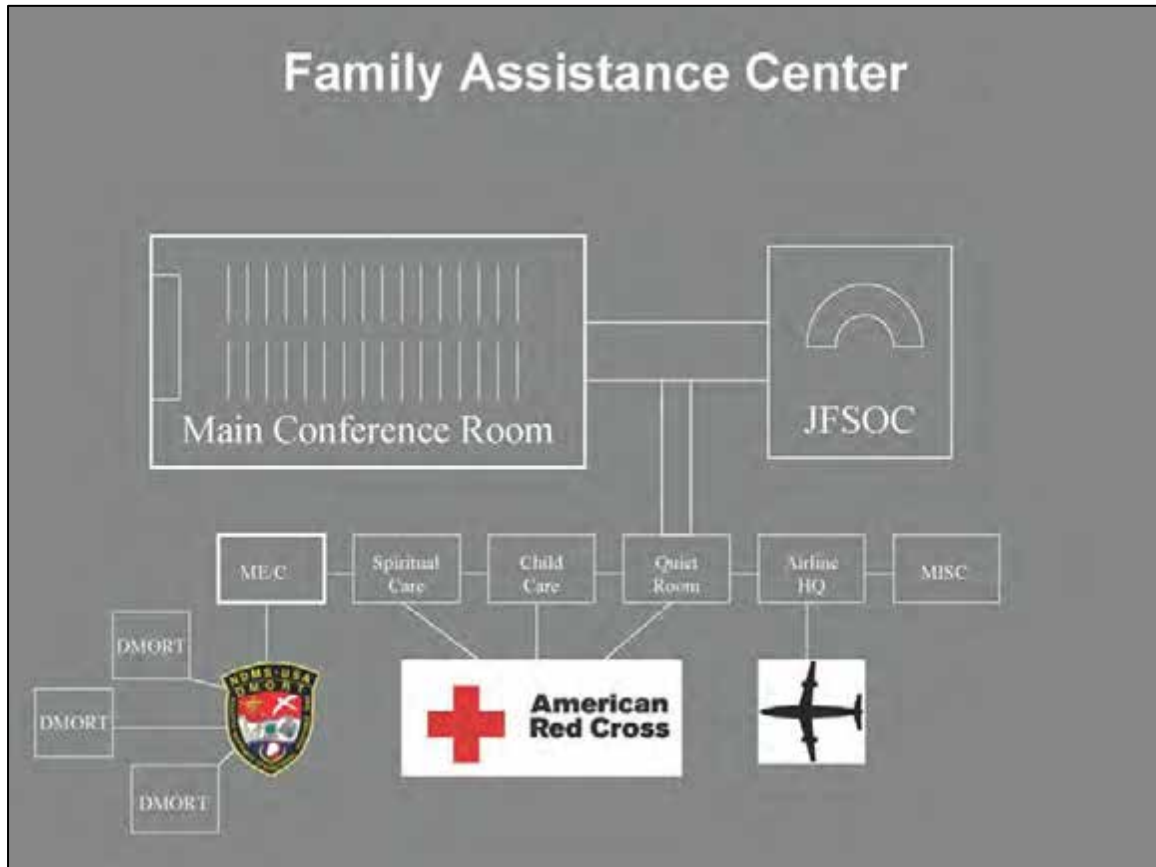

1. Safety and security, including badging of staff and family members
2. NTSB daily briefings, typically held twice daily
3. Antemortem interviews conducted by the medical examiner personnel or their designee
4. Childcare, spiritual care, and crisis counseling (conducted by the American Red Cross)
5. Death notifications by the medical examiner

Typically, the FAC will remain operational until the decedents have been identified, or until families are notified that the identification process will continue for an extended period of time. If this should occur, families will be contacted at home regarding positive identifications.

It is essential that each agency in the FAC understand its role in the support of families.

Not all family members will travel to the FAC. If there are family members already residing in the accident city, they will most likely visit the FAC to receive updates at the briefings and then return home. Other family members will participate in the briefings via a telephone conference bridge.

Schematic of a Family Assistance Center

APPENDIX C

Joint Family Support Operations Center

The Joint Family Support Operations Center (JFSOC) is an important element in the control and coordination of the responses and resources of supporting organizations involved in an aviation accident.

The JFSOC is a central location where participating organizations are brought together to monitor, plan, coordinate, and execute a response operation maximizing the utilization of all available resources. Communication and sharing of information continue to be challenges to a successful emergency response. The JFSOC is designed to address these challenges.

Organizations normally involved in the JFSOC are the following: NTSB, air carrier, the American Red Cross, local government and law enforcement, and supporting Federal agencies. Depending on the extent of the disaster, other organizations may also be involved in the JFSOC.

The JFSOC and one or more of the organizations involved (listed above) provide the following:

1. Serve as the central point for coordination and sharing of information among participating organizations.
2. Monitor ongoing family support activities and tracks mission activities of each organization, such as the status of the available resources.
3. Maintain a current list of locations and key telephone numbers of participating organizations and personnel.
4. Manage and coordinate requests for services.
5. Maintain a daily journal of organizational activities and responses.

Agency representatives assigned to the JFSOC are responsible for the following tasks:

1. Maintain current status of family support activities.
2. Prepare information for the NTSB family website.
3. Provide information for the daily family briefing/conference bridge.
4. Brief participating agencies daily about activities concerning family support.
5. Coordinate and share information among all organizational representatives.

6. Maintain locations and telephone numbers of organizational entities along with key personnel (for instance, FAC, medical examiner, staff processing center, NTSB investigators, air carrier, accident site, supporting organizations, local law enforcement, and local government).
7. Maintain and update daily plans, incident action plans, and plans for future operations.
8. Maintain the status and location of injured victims.
9. Maintain the status of victim identification effort, utilizing information provided by medical examiner personnel or their designee.
10. Update information on numbers of families at the accident city and projected departures/arrivals (24/48 hours).
11. Track the progress of antemortem interviews and antemortem data collection.

An aviation accident may take place anywhere. Therefore, it is necessary to remain flexible in planning the location of the JFSOC, taking into consideration the location and the severity of the accident. The location of the JFSOC will be determined on the basis of available space, in such places as hotels, local government buildings, or mobile command posts.

The air carrier is responsible for securing space to accommodate family members, the FAC, and the JFSOC. The involved air carrier should plan on securing a hotel area that can accommodate the people, equipment, and activities in the JFSOC. Although hotel space for family members and the FAC will be at a premium, the JFSOC should be located in the same hotel. A small ballroom or large conference room is appropriate. Should the air carrier have difficulty securing space, the NTSB will contact local authorities to determine the availability of suitable space.

The following is a general description of the duties and responsibilities of agency representatives assigned to the JFSOC:

1. **Coordinator:** The JFSOC Coordinator represents the NTSB and is charged with managing the day-to-day activities of the JFSOC. The coordinator may do any of the following tasks: assign responsibilities to JFSOC members, facilitate the exchange of information among the JFSOC participants, ensure that critical information is kept current, inform other participants of significant developments, collect information that may be used for family briefings, ensure that individual logs are kept current, coordinate with NTSB headquarters regarding information to be placed on the Board's special family website, and perform other duties relating to the specific requirements of the accident response.

2. **Deputy Coordinator:** A Deputy Coordinator may be designated to assist the Coordinator. The Deputy Coordinator may be from the air carrier or from the local emergency management agency.

3. **Administrative Officer:** An Administrative Officer will assist the Coordinator with administrative functions, such as preparing drafts of documents, collecting and posting logs, assembling clips of media coverage of the accident, providing supplies, and performing other duties relating to the specific requirements of the accident response.

4. **Air carrier representative:** The air carrier representative serves primarily in a coordinating role for the carrier. Responsibilities include passing along information to the carrier's command center regarding positively identified passengers (after families have been notified); addressing questions related to current and future support provided to families by the air carrier; providing updates regarding other agencies' current and future plans and developments; scheduling meetings and related agendas; maintaining a daily log; monitoring status of injured victims and numbers of family members on and off site; providing information for daily briefings to family members; and updating other JFSOC participants on the carrier's activities and developments.

5. **Local government representative:** The local government representative is the coordinating point for JFSOC participants on issues of security of the morgue, FAC, hotels for family members, and other designated sensitive areas. The representative is also responsible for keeping his or her organization informed of family affairs activities and meetings, updating other JFSOC participants on the local government's activities and developments, maintaining a daily log, providing information for daily briefings to family members, identifying local assets and resources that can be utilized to support the operation, and assisting other participants in their understanding of the local community and their leaders.

6. **Medical examiner representative:** The medical examiner representative serves as a liaison between the victim identification activities at the morgue, the antemortem interview process at the FAC, and the DMORT FAC team. They may also provide information on the victim identification process at the family briefings.

7. **American Red Cross representative:** The American Red Cross representative assigned to the JFSOC coordinates the American Red Cross' operations in the FAC and the staff processing center. Responsibilities include responding to questions that relate to current and future support provided to families and support workers, answering questions related to persons and organizations who want to volunteer services or support, informing the American Red Cross of scheduled meetings, maintaining a daily log, monitoring status of support personnel in the FAC and other sites, answering or redirecting calls from family members who may be off site, providing information for daily briefings to family members, and updating other JFSOC participants regarding operational activities and developments.

8. **DOS representative (if required):** The DOS representative serves in a coordinating role between the JFSOC and the DOS. The representative will coordinate issues involving foreign passengers and the support they will need from DOS, the victim's embassy/consulate, and other participants of the JFSOC. Other tasks include maintaining a daily log, monitoring status of foreign victims and their families, providing advice on cultural issues, answering or redirecting calls from foreign government officials, providing information for daily briefings to family members, and updating other JFSOC participants on the organization's activities and

developments. If foreign consulate officials participate in the activities of the JFSOC, the DOS representative will serve as their sponsor.

9. DOJ/FBI OVA representative (if required): DOJ/FBI OVA will only be involved in the JFSOC when the cause of the disaster is suspected to be of criminal intent. The representative serves primarily in a coordinating and informational role for DOJ/FBI.

10. FEMA representative (if required): The FEMA representative is not normally involved in the JFSOC, unless the disaster requires substantial Federal government assistance. For example, a disaster that occurs in a highly populated area causing severe structural damage and a substantial number of ground casualties will require a FEMA representative at the JFSOC. The representative will be primarily responsible for coordinating the local and State emergency management agency efforts with the family support operation.

APPENDIX D

Joint Family Support Operations Center Daily Status Report Information

1. Number of families notified /number pending notification	Air Carrier
2. Number of families on site /number of families at home	Air Carrier
3. Number of total family members at the hotel	Air Carrier
4. Number of families expected to arrive within the next 24 hours	Air Carrier
5. Number of families expected to depart within the next 24 hours	Air Carrier
6. Number of families at home who were contacted by their air carrier representative within the last 24 hours	Air Carrier
7. Status of injured personnel and location of family members	Air Carrier
8. Number of families on site who have requested American Red Cross assistance and have been assisted by American Red Cross personnel within the last 24 hours	American Red Cross
9. Number of families at home who have requested American Red Cross assistance and have been contacted by their American Red Cross representative within the last 24 hours	American Red Cross
10. Number of workers who have received American Red Cross assistance in the last 24 hours	American Red Cross
11. Number of injured emergency response personnel who have received American Red Cross assistance	American Red Cross
12. Status of antemortem data collection and DNA reference samples	Medical Examiner
13. Status of antemortem and disposition of remains interviews	Medical Examiner
14. Status of identification efforts	Medical Examiner
15. Status of families notified of positive identification	Medical Examiner
16. Status of the release of remains	Medical Examiner
17. Update on assistance provided to foreign families	DOS
18. Update on assistance provided to victims and families	DOJ
19. Number of Federal support personnel, to include DMORT and American Red Cross personnel on site and their locations	All
20. Remarks on daily activities	All
21. Remarks on activities scheduled for the next 24 hours	All

Discussion:

Recommendations:

Enclose any programs, associated ceremonial material, or video documentation.

APPENDIX F

Victim Identification Information

The local medical examiner or coroner has the legal responsibility to identify the victims of an aviation disaster. In addition, he or she is legally responsible for determining cause and manner of death and completing death certification. Medical examiner and coroner offices vary greatly in terms of staff and facility size. Some offices may be able to handle an aviation disaster with existing staff and facilities, while other offices, particularly those in rural areas, may require assistance. The medical examiner or coroner should have a written mass fatality plan that will give a basic framework for a response and whether assistance will be required.

The Aviation Disaster Family Assistance Act of 1996 designates the NTSB to coordinate Federal assistance in response to aviation accidents. The responsibilities of the NTSB transfer to the FBI if the cause of the disaster is officially declared a criminal act.

The NTSB or the FBI can, at the request of the medical examiner or coroner, request the services of the DMORT to assist with fatality management and identification of victims. The NTSB or FBI can also request the delivery of the DMORT portable morgue. In addition, the Office of the Armed Forces Medical Examiner (OAFME) can provide assistance to the FBI for medicolegal investigation issues.

The process of victim identification in a transportation disaster is thorough, deliberate, and based on proven scientific methods. As a rule, personal effects removed from the remains are considered to be a presumptive method of identification used to suggest who the deceased may be. Positive victim identification requires comparison of antemortem (before death) records and samples, such as dental and medical radiographs, with similar information collected from the remains. Exact matches of unique biological characteristics found in both the antemortem and postmortem records leads to a positive identification. Such methods include comparison of dental records and radiographs, comparison of fingerprints, comparison of bone structure in radiographs, comparison of healed fractures in radiographs, unique medical features (such as implants/prosthetics), and comparison of DNA.

In aviation disasters involving fragmented remains, identification is followed by the process of reassociating remains. Reassociation takes more time and is more complex than identification. Although a victim may be identified quickly using a single tooth, the ability to bring together the disassociated remains of victims relies primarily on DNA. DNA identification involves comparing DNA samples of the deceased to antemortem samples from relatives or a sample of DNA from the deceased obtained from clothing, a hairbrush, or a similar item containing skin or hair cells.

Once a positive identification has been made, the medical examiner office or a designee will notify the victim's legal NOK. At this point, the NOK decides on how and when the remains will be returned for burial/final disposition. Crisis support care and other support mechanisms will be available to the family during this process.

APPENDIX G

Victim Support Tasks–Checklists

Victim Support Tasks
National Transportation Safety Board Tasks
<input type="checkbox"/> Coordinate Federal assistance and serve as a liaison between the air carrier and family members.
<input type="checkbox"/> Provide an NTSB toll-free number and e-mail address (www.assistance@ntsb.gov) to family members for obtaining information on the victim recovery and identification effort, accident investigation, and other concerns.
<input type="checkbox"/> Request a copy of the passenger manifest from the air carrier.
<input type="checkbox"/> Review with the air carrier the logistical needs of families, giving special consideration to security, quality of hotel rooms and facilities, and privacy for family members.
<input type="checkbox"/> Integrate local and Federal government officials and air carrier staff to form a JFSOC to coordinate services and activities for families.
<input type="checkbox"/> Coordinate assistance efforts with local and State authorities, including the medical examiner, local/county/State law enforcement, emergency management agency, hospitals, and other emergency support personnel.
<input type="checkbox"/> Maintain communications with the air carrier to receive updates regarding the notification status of the victims' families.
<input type="checkbox"/> Conduct daily coordination meetings with the air carrier and local and Federal government representatives to review daily activities, resolve problems, and synchronize future family support operations and activities.
<input type="checkbox"/> Provide and coordinate family briefings both with families at the accident city and with families who remain at home.
<input type="checkbox"/> Discuss with the medical examiner the subject of victim identification, in particular the use of DNA analysis. Explain that the NTSB typically uses the Armed Forces DNA Identification Laboratory for DNA identification.
<input type="checkbox"/> Discuss with the medical examiner the capabilities of his or her office staff to conduct victim identification. Discuss the use of DMORT and the standard procedures used by DMORT in its work in support of NTSB responses.
<input type="checkbox"/> At the discretion of the NTSB IIC, coordinate a visit to the accident site for family members.
<input type="checkbox"/> Provide information releases to the media, in coordination with NTSB Office of Public Affairs, pertaining to the types of Federal support available to assist family members.
<input type="checkbox"/> Maintain contact with family members to keep them informed about the victim recovery and identification effort, accident investigation, and other accident-related concerns. <ul style="list-style-type: none"> ○ Inform family members of the release dates for preliminary, factual, and probable cause statements. ○ Inform family members of the date, time, and location of the public hearing, if applicable. ○ Inform family members of the date, time, and location of the Board meeting, if applicable.
<input type="checkbox"/> If the accident is determined to be the result of a criminal act, the NTSB TDA staff may assist the FBI OVA in family assistance support.
<input type="checkbox"/> Consolidate and review the AAR to resolve problem areas and to update operating plans and procedures.

Victim Support Tasks	
Air Carrier Tasks	
<input type="checkbox"/>	Complete required accident notification as detailed in 49 CFR 830.5
<input type="checkbox"/>	<p>Notify the NTSB Communications Center of the accident and provide the following:</p> <ul style="list-style-type: none"> ○ Location or general vicinity of the accident ○ Number of passengers on board ○ Number of crew on board ○ Number of injuries and fatalities (if known) ○ Flight number ○ Flight origination ○ Flight connection points ○ Flight's final destination ○ Demographics of passengers (if known) ○ Flight's designation as domestic or international ○ Name and telephone number of the carrier's representative in charge of— <ul style="list-style-type: none"> ▪ Carrier's humanitarian response ▪ Passenger manifest reconciliation ▪ Family notification process ○ Name, telephone number and location of the facility designated for use as the FAC and JFSOC
<input type="checkbox"/>	Provide a reliable publicized toll free telephone number with sufficient capacity to handle the anticipated call volume from victims' families and friends.
<input type="checkbox"/>	<p>Coordinate public notification of the toll-free number with various media (television, radio, Internet) emphasizing the following:</p> <ul style="list-style-type: none"> ○ The number should only be used by people who have a reason to believe a family member or friend was a passenger on the accident flight. ○ Initial calls to the air carrier will provide basic accident information and establish point of contact information for affected family members and friends in order to initiate humanitarian support. ○ When referring to the toll-free telephone number, the following information should always be provided: <ul style="list-style-type: none"> ▪ Name of the carrier(s) involved ▪ The accident flight number(s) ▪ The flight's airport of origination ▪ The flight's connection point(s) ▪ The flight's final destination
<input type="checkbox"/>	Modify normal "on-hold" messages. Eliminate music, sales information and similar non-accident-related messages.
<input type="checkbox"/>	<p>Provide timely notification to family members and friends prior to releasing passenger names to the public. Refer to AIR 21.</p> <ul style="list-style-type: none"> ○ Request family members to designate one primary point of contact for information sharing. ○ Remember that the air carrier is under no obligation to release the names of victims if family members request otherwise.
<input type="checkbox"/>	Ensure notification of family members and friends of American Red Cross family care and

Victim Support Tasks	
Air Carrier Tasks	
	crisis assistance available at the FAC.
<input type="checkbox"/>	Ensure notification of family members and friends of American Red Cross family care and crisis assistance available after their return home (if applicable).
<input type="checkbox"/>	Ensure that requests for crisis assistance are forwarded to the American Red Cross representative at the FAC.
<input type="checkbox"/>	Provide media representatives with continuous updates regarding the following: <ul style="list-style-type: none"> ○ Progress of the notification process <ul style="list-style-type: none"> ▪ The number of victims' family members notified as of a certain time ▪ The number of families remaining to be notified ○ This process continues until all victims' families have been notified
<input type="checkbox"/>	Provide the NTSB, upon request, with the most current reconciled copy of the passenger manifest. <ul style="list-style-type: none"> ○ Each copy of the manifest should be numbered or annotated indicating the date and time so that it is distinguishable from previous copies
<input type="checkbox"/>	Secure facilities at departure, arrival, and connecting airports for family members and/or friends who may be gathering. <ul style="list-style-type: none"> ○ This facility is designed to allow family members to grieve in private, shielding them from the media and solicitors; it serves as a secure location where families can receive continuous updates regarding the reconciliation of the passenger manifest and other accident information.
<input type="checkbox"/>	Ensure all facilities chosen for use as the Friends and Relatives Reception Center, FAC, and JFSOC are ADA accessible.
<input type="checkbox"/>	Secure a venue for use as the FAC (see appendix B) <ul style="list-style-type: none"> ○ Consider the quality of the rooms, size of the facility, privacy for the family members and/or friends, ability to secure the facility, proximity to the accident site, and proximity to medical treatment facilities.
<input type="checkbox"/>	Secure a venue for the JFSOC.
<input type="checkbox"/>	Make provisions for the JFSOC including, but not limited to, the following: <ul style="list-style-type: none"> ○ Space ○ Communications ○ Logistical support ○ Details of the set-up of the JFSOC are provided in appendix C.
<input type="checkbox"/>	Provide logistical support to family members who desire to travel to the accident city (or to a hospital location) that includes, but is not limited to, transportation, lodging, meals, security, communications and incidental expenditures.
<input type="checkbox"/>	Assist family members as they travel to and from the accident city by informing flight crews and airport personnel about family members aboard particular flights. <ul style="list-style-type: none"> ○ At departure, connecting, and arrival airports, family members should have air carrier personnel meet and assist them while on airport grounds. ○ If necessary, seek assistance from other carriers with a larger presence at the airport. ○ Assist family members as they depart the accident city and provide a contact person who will continue to be the air carrier's interface with them after they return home.
<input type="checkbox"/>	Provide a contact person to meet family members as they arrive and accompany them at the accident city.

Victim Support Tasks	
Air Carrier Tasks	
<ul style="list-style-type: none"> ○ This person will be responsible for assisting the family while at the accident city and should continue to be the air carrier interface with them until they return home. ○ Once the family returns home, the air carrier may decide to designate a single contact person for all family members. <ul style="list-style-type: none"> □ This point of contact should be available via a toll-free phone number. 	
<ul style="list-style-type: none"> □ Maintain daily contact with family members who do not travel to the accident city by providing a contact person from the air carrier until the on-site investigation has concluded. 	
<ul style="list-style-type: none"> □ Designate an individual who will be the air carrier's representative to the Director of the NTSB TDA. <ul style="list-style-type: none"> ○ This individual will travel to various locations, such as the accident site, morgue, JFSOC and FAC with the Director of the NTSB TDA. ○ The designated individual should have the authority or ready access to those who have sufficient authority to make decisions on behalf of the air carrier. 	
<ul style="list-style-type: none"> □ Establish an exclusive badge system to appropriately identify family members. 	
<ul style="list-style-type: none"> □ Participate in daily coordination meetings to review daily activities, resolve problems, and synchronize future family support operations and activities at the FAC. <ul style="list-style-type: none"> ○ This information is helpful in planning logistical support (such as meals, lodging, and transportation) and allows for an update of current and future support operations. ○ The type of information typically discussed during the daily coordination meetings is located in appendix D. 	
<ul style="list-style-type: none"> □ Make provisions for private areas within the hotel for medical examiner personnel and the DMORT FAC Team to collect antemortem information and DNA reference samples from family members. <ul style="list-style-type: none"> ○ Provide quiet space and communications for DMORT and medical examiner personnel to telephonically collect antemortem information from family members who are not at the FAC. ○ Plan and provide for a sufficient number of rooms for DMORT/crisis counseling use. Based on NTSB experience the number of rooms required ranges from 4 to 12, depending on the number of fatalities. ○ Be aware that crisis counseling and DMORT facilities are also used as venues to inform families when positive identification has been made. By having the medical examiner or DMORT team representative located within the FAC, transportation of victims' remains and other logistical considerations can be better coordinated. Support requirements for planning purposes are in appendix C. 	
<ul style="list-style-type: none"> □ Provide DOS representatives the necessary information regarding foreign passengers to facilitate interaction with appropriate foreign government embassies. 	
<ul style="list-style-type: none"> □ Establish a liaison with the American Red Cross at each medical treatment facility to monitor the status of injured victims and to provide assistance to their families. 	
<ul style="list-style-type: none"> □ Develop procedures for the handling of personal effects released by the NTSB or the FBI if the aviation disaster is declared a criminal act. <ul style="list-style-type: none"> ○ Consider utilizing a third party that has experience in the return of personal effects associated with aviation disasters. ○ The proper handling and management of personal effects cannot be discounted. ○ As required by law, provisions will be made for unclaimed possessions to be retained 	

Victim Support Tasks	
Air Carrier Tasks	
	for at least 18 months from the date of the accident.
	<ul style="list-style-type: none"> ○ The NTSB has developed guidelines for the on-scene search for personal effects.
<input type="checkbox"/>	Consult with family members about any air carrier-sponsored monument, including any inscriptions.
<input type="checkbox"/>	Provide reasonable reimbursement to the American Red Cross for the services provided to the family, air carrier, and supporting personnel.
<input type="checkbox"/>	Provide the same support and treatment to families of non-revenue passengers or any other victim of the accident (for instance, ground fatality) as is provided for revenue passengers.
<input type="checkbox"/>	If the NTSB conducts a public hearing or comparable proceeding at a location more than 80 miles from the accident site, ensure that a simultaneous transmission of the proceeding is available to family members at a location open to the public at both the origin city and destination city of the accident flight.
<input type="checkbox"/>	In the event of an accident outside of the United States, AIR 21 legislation requires “An assurance that the air carrier, in the event that the air carrier volunteers assistance to United States citizens within the United States with respect to an aircraft accident outside of the United States involving major loss of life, the air carrier will consult with the Board and the Department of State on the provision of the assistance.”
<input type="checkbox"/>	In the event the investigation determines the accident is the result of a criminal act, coordinate with FBI OVA in arranging meetings with family members to explain their rights as victims of a Federal crime.

Victim Support Tasks	
American Red Cross	
<input type="checkbox"/>	Deploy an American Red Cross CRT to serve as the functional leadership of family care and crisis intervention during the aviation accident. The CRT will support the local American Red Cross response and manage any spontaneous volunteers.
<input type="checkbox"/>	Assign a representative to the JFSOC to coordinate American Red Cross related issues and family requests for assistance.
<input type="checkbox"/>	<p>Coordinate and manage the numerous organizations and personnel offering counseling, religious, and other support services to the operation. A staff processing center, operated away from the FAC, should be created to screen, monitor, and manage personnel (employee and volunteer staff). The staff processing center will also be responsible for developing an exclusive badge system for personnel, matching volunteer skills with organizational needs, assigning work schedules, briefing and debriefing of support staff, and planning for future activities.</p> <ul style="list-style-type: none"> ○ Qualified local resources should be integrated with American Red Cross personnel for crisis and grief counseling, food services, administrative assistance, and other support services to family members and support organizations. ○ Crisis and grief counseling for family members who do not travel to the accident city should be coordinated with air carrier personnel.
<input type="checkbox"/>	Employ an accounting system to accurately record cost data in specific cost categories for reimbursement by the air carrier.
<input type="checkbox"/>	Assess the needs and available resources of other crisis support agencies, coordinate with them to ensure ongoing emotional support for workers during the operation, and provide debriefings before departure.
<input type="checkbox"/>	Establish a liaison with the air carrier at each supporting medical treatment facility to monitor the status of injured victims and to provide assistance to their families.
<input type="checkbox"/>	Coordinate with the air carrier to establish areas in the FAC for families to grieve privately.
<input type="checkbox"/>	If deemed necessary, deploy a CRC to coordinate on-site childcare services for families who arrive with young children.
<input type="checkbox"/>	If deemed necessary, deploy a SRT to coordinate on-site spiritual care.
<input type="checkbox"/>	If desired by the families, coordinate the planning for a suitable interfaith memorial service within the first few days following the accident.
<input type="checkbox"/>	If deemed necessary, arrange a memorial service for any future burial of unidentified remains.
<input type="checkbox"/>	Provide families, at their request, with referrals to mental health professionals and support groups in their local area.
<input type="checkbox"/>	Provide additional support to affected special needs or demographically/culturally diverse populations as deemed necessary.

Victim Support Tasks – Victim Identification Services	
Department of Health and Human Services	
Assistant Secretary for Preparedness and Response	
<input type="checkbox"/>	At the time of an accident and following notification by the NTSB, activate the appropriate DMORT team personnel, supplies, and equipment to assist in the management of victim identification.
<input type="checkbox"/>	Assign a representative to the JFSOC to address DMORT-related issues.
<input type="checkbox"/>	Assign necessary DMORT team members to assist the medical examiner with victim identification and mortuary services. The configuration of the team and skills required will be determined by the details of the accident and the capabilities of the local medical examiner.
<input type="checkbox"/>	Follow the “DMORT Standard Operating Procedures for National Transportation Safety Board Activations.”
<input type="checkbox"/>	Provide, if necessary, a morgue facility, a DMORT Portable Morgue Unit (DPMU), and the necessary equipment and supplies to augment the local medical examiner’s capabilities.
<input type="checkbox"/>	Monitor the status of all incoming antemortem records to include dental, medical, and DNA data to ensure that all records have been received. If not, take steps to obtain the records and radiographs.
<input type="checkbox"/>	Employ a standard antemortem questionnaire and disposition of remains form that can be adapted to meet local medical examiner and State requirements. The disposition of remains form will be used to obtain directions from the lawfully authorized NOK regarding what he/she desires the medical examiner to do with remains that may later be identified as those of their family member. Information collected from family members is strictly confidential and is ultimately under the control of the medical examiner.
<input type="checkbox"/>	Using a specially trained FAC team, interview family members who are both on site and off site for information regarding antemortem identification and disposition of remains.
<input type="checkbox"/>	Coordinate with the medical examiner to integrate qualified non-DMORT personnel who are providing assistance to the medical examiner’s office into the morgue operation.
<input type="checkbox"/>	If necessary, assist the medical examiner in notifying family members of positive identification, including an explanation of how identification was determined.
<input type="checkbox"/>	Ensure the accuracy of the chain of custody by performing a check of documentation and remains prior to the release of remains to the designated funeral director.
<input type="checkbox"/>	Assist the medical examiner with reassociation of remains following the identification process. This may occur weeks or months after the accident.
<input type="checkbox"/>	Through the FAC team, provide the NTSB with contact information for the NOK (addresses, telephone numbers, e-mail addresses) and the NOK’s relationship to the victim.

Victim Support Tasks (If Required)	
Department of Defense (if required)	
<input type="checkbox"/>	Provide the use of a military installation, such as The Charles C. Carson Center for Mortuary Affairs, located at the Dover Air Force Base, in support of mortuary operations.
<input type="checkbox"/>	Provide personnel from the Office of the OAFME and AFDIL to assist in the identification effort and to conduct appropriate DNA comparison testing on specimens submitted by the medical examiner. OAFME and AFDIL personnel may be asked to travel to the accident site to assist with victim identification.
<input type="checkbox"/>	Provide available medical and dental records and DNA reference samples of fatally injured passengers who may have antemortem records based on prior or current military service.

Victim Support Tasks – Assisting Families of Foreign Victims (If Required)	
Department of State	
<input type="checkbox"/>	Assign a representative to the JFSOC to coordinate DOS-related issues with other members of the operations center staff. Assist in obtaining dental and medical records and DNA reference samples from foreign families. Respond to family member requests for information and assistance as appropriate. Additional personnel may be needed for accidents involving significant numbers of foreign passengers, particularly those involving international flights.
<input type="checkbox"/>	Provide official notification to foreign governments of citizens involved in the accident. Such notifications will take place after obtaining necessary information about foreign passengers from the air carrier.
<input type="checkbox"/>	Assist the air carrier in notifying U.S. citizens who may reside or are traveling outside the United States that a member of their family has been involved in an aviation accident.
<input type="checkbox"/>	Provide interpretation/translation services (via DOS staff or a contracted provider) to facilitate communications with the victim's family and all interested parties. For family briefings held at the FAC or similar location or activity, simultaneous interpretation/translation in multiple languages may be required.
<input type="checkbox"/>	Assist the air carrier, the Federal support staff, and other pertinent parties in maintaining contact with foreign families not traveling to the United States.
<input type="checkbox"/>	Assist foreign air carrier employees and families of foreign victims with entry into the United States and with the extension or granting of visas to eligible applicants.
<input type="checkbox"/>	Facilitate necessary consulate and customs services for the return of remains and personal effects to the country of destination.
<input type="checkbox"/>	Assist the medical examiner in acquiring the necessary information to facilitate the identification of foreign victims and to complete death certificates.

Victim Support Tasks – Communications (If Required)	
Department of Homeland Security / Federal Emergency Management Agency	
<input type="checkbox"/>	Assign a representative to the JFSOC to coordinate with other members of the operations center staff and local and State officials concerning emergency management-related issues.
<input type="checkbox"/>	Provide voice and data communication assets to facilitate communication from the accident site to the NTSB communications center.
<input type="checkbox"/>	Upon the request of the NTSB Office of Public Affairs, provide personnel to assist in public information dissemination, to include assistance in establishing and staffing external media support centers at the accident site, wreckage hangar, FAC, airport, and other areas that may attract media interest.

Victim Support Tasks – Assisting Victims of Crime (If Required)	
Department of Justice	
<input type="checkbox"/>	Provide to the NTSB, upon request, an FBI Disaster Squad with sufficient personnel to obtain fingerprint identification of accident fatalities. This team will work with the medical examiner and the DMORT personnel at the morgue location.
<input type="checkbox"/>	Provide to the NTSB, upon request, an FBI ERT and other FBI Laboratory assets to assist with victim recovery operations under the direction of the medical examiner.
<input type="checkbox"/>	Provide to the NTSB, upon request, FBI Office for Victim Assistance VARDT members to assist in unique circumstances, such as simultaneous accident responses.
<input type="checkbox"/>	<p>The following responsibilities will be implemented only if the air carrier disaster is officially declared a criminal act:</p> <ul style="list-style-type: none"> ○ Coordinate Federal assistance and serve as the liaison between the air carrier and family members. ○ Provide an FBI toll-free number for family members to obtain information on the victim recovery and identification effort, investigation, and other concerns. This number will normally be provided to families on site during the initial family briefing and repeated in subsequent briefings. The FBI will coordinate with the air carrier to have air carrier family representatives provide the toll-free number to the families who do not travel to the accident city. ○ Establish a special web page for victims' families for the purpose of sharing updated information and maintaining ongoing communication with victims and families throughout the duration of the investigation. ○ Review with the air carrier logistical family support with special consideration toward security, quality of rooms and facilities, and privacy for family members. ○ Oversee the establishment and management of the JFSOC and the FAC. Information on FAC operations can be found in appendix B. ○ Integrate local and Federal government officials and air carrier staff to form a JFSOC to facilitate close coordination of services and activities. ○ Assist the air carrier, if requested, with finding NOK to be notified. ○ Conduct daily coordination meetings with the air carrier and local and Federal government representatives to review daily activities, resolve problem areas, and to synchronize future family support operations and activities. Examples of information needed for the daily coordination meeting is in appendix D. ○ Provide and coordinate family briefings for family members at the accident city and for those who remain at home. Conduct in-person family briefings at the FAC. Conduct briefings for off-site families via telephone conference bridges. Information regarding family briefings can be found in appendix C. ○ Provide information to victims and families regarding their rights and available services as victims of a Federal crime. ○ Maintain contact with family members to keep them informed about the progress of the investigation and to continue to meet their future needs.

APPENDIX H

Frequently Asked Questions

Manifest Inquiries

Who can request a copy of the manifest?

Legally, the NTSB is the only Federal agency to which an air carrier is required to provide a copy of the manifest. If the disaster involves a flight segment for which the last point of departure or the first point of arrival is in the United States, the air carrier must also transmit a copy of the manifest to the Department of State within 3 hours of the accident.

When must I provide a copy of the manifest?

A copy of the manifest is given, upon request, to the NTSB. Please ensure each updated version of the manifest is marked in a manner that it can be easily differentiated from other versions. Markings such as “Version # 1,” “Version # 2,” “Final” or other qualifiers (for instance, date and time stamp) are important to avoid confusion.

What if the TSA or an airport police officer wants the manifest?

Since the events of 9/11/2001, the NTSB and air carriers have agreed that air carriers may give a copy of the manifest to the FBI’s Airport Liaison Agent (ALA) at any airport in the United States. The agent will then distribute the manifest, as necessary, to other agencies. If you do not know your ALA, please contact your local FBI office or your airport police department.

Does my airport fire department need a copy of the manifest?

The airport fire department is required to know the number of passengers and crew on the aircraft and to be given the cargo manifest. The air carrier is not required by law to give the passenger manifest to the fire department.

Does the NTSB release the manifest to the press?

The NTSB never releases the manifest to the press.

If a U.S. air carrier crashes overseas, am I required to give a copy of the manifest to the NTSB?

In such an event, a U.S. air carrier is required by law to provide a copy of the manifest to the Department of State within 3 hours of the accident. The NTSB may also ask for a copy.

I am having problems with agencies that believe they have a right to a copy of the manifest. Can the NTSB help me?

Please call the NTSB Office of Transportation Disaster Assistance at (202) 314-6185 and a specialist will be assigned to help you.

Air Carriers

Who constitutes a family member? Is there a specific definition?

U.S. Federal and State laws define who constitutes a family member for legal purposes. These legal definitions vary from State to State. Traditionally, family members included spouse, children, mother, father, brother, and sister. Terms such as stepparents, stepsiblings and life partners have become more common in recent years in defining some family environments. In order to provide support and assistance to victims and their families, air carriers should be prepared to work with various family situations.

During the initial hours of an aviation disaster, the air carrier must verify a significant amount of information regarding the passengers. If a family member calls during the verification process, what information should he or she be given?

Air carriers must establish contact with the family of a victim as soon as possible following an accident. Be aware that, in some cases, a family member may establish contact with the air carrier before the air carrier has been able to contact that family. The air carrier must, upon the request of the family of a passenger, inform the family of whether the passenger's name appears on a preliminary manifest for the accident flight (as stipulated in AIR 21; see appendix A).

Should the air carrier contact any other family members?

If the initial family member contacted is unable to understand the information the air carrier is providing, it may be necessary to notify another family member. Another family member may also assist in other situations, such as non-English speaking families.

Is there a requirement by an air carrier to release the names of the passengers and crew to the media?

There is no legal requirement for the air carrier to release the names of passengers and crew to the media. The media should be informed about the number of families that have been notified during the initial notification process. However, as the air carrier completes the notification process to passenger and crew family members, the air carrier is encouraged to obtain an estimate on how much time will be needed for the family to contact other family members. There should be consideration in delaying the release of any names until these family members have been contacted.

How often should air carriers update family members on the progress of initial events?

Family members should be contacted regularly, even if there is no updated information. If the air carrier tells a family member that the carrier will call back by a specific time, that call must be made as promised. Once the NTSB and the families arrive at the FAC, regular briefings will be scheduled by the NTSB.

Are there any steps an air carrier can take to limit the number of inquiry calls that follow a disaster?

When providing the media with a toll-free number, the air carrier must stress that the number is *only* for those family members and friends who have reason to believe their loved one was on board the accident flight. The air carrier should ask the media to continually emphasize the name of the carrier; flight number and/or code share flight number; and airport origination,

connection, and final destination to prevent confusion and misinformation, and ultimately to reduce call volume.

For air carrier personnel, the air carrier should also rely upon an internal “call home” system. After an accident, flight crews and other employees should be advised of the accident through the company’s internal communications network. They should be asked to call home and check in with their family members.

Are there any special considerations for family members traveling to the accident city?

By law, air carriers must ensure that family members are provided with transportation to the accident city and other immediate needs, such as lodging. The air carrier should be sensitive to requests for more than one family member or for a non-family member to travel to the accident city. If at all possible, a family member should not travel alone to the accident city.

Some family members may request to travel to the accident city via an alternate air carrier, an aircraft type other than the accident aircraft, or an alternate mode of travel (for instance, rental car, bus, or train). The air carrier should attempt to honor such requests.

What types of training can help teach air carrier employees how to assist families following an accident?

Air carriers will train employees and agents who are responsible for assisting survivors and family members following an accident. Employees should be sensitized in a number of areas, including the range of physical and emotional reaction to trauma, family member and victims’ needs for accurate and timely information, the varying needs of different populations, and the importance of providing compassionate and non-judgmental support during this difficult and complex time.

Because employees may encounter physical and psychological stress reactions during an accident response, training should include methods for taking care of themselves during and after the response. The training should also include how to support co-workers who may be having difficulties and how to effectively exit the response assignment and return to their normal duties. Recurrent annual training maintains skills and a level of readiness.

In addition, NTSB TDA holds courses at the NTSB Training Center on a variety of family assistance topics. More information about the NTSB Training Center and course offerings can be found at the following website: www.ntsbtg.gov/TC.

Does an air carrier need to file a family assistance plan?

All carriers are required to file their assurance with both the NTSB and the U.S. Department of Transportation. Send assurances to: National Transportation Safety Board, Office of Transportation Disaster Assistance, Attention: Erik Grosof, 490 L’Enfant Plaza East, S.W., Washington, D.C., 20594. Fax Number: (202) 314-6638. Phone: (202) 314-6185. E-mail: erik.grosof@ntsbtg.gov.

What issues should an air carrier consider in managing personal effects?

Due to the physical dangers and psychological impact that the recovery and management of personal effects can have on air carrier employees, it is strongly suggested that a professional third party be employed. Air carriers need to allow family members the opportunity to view unassociated personal effects. This can be done via a catalog or a CD containing photographs of these items. Family members should be notified before the catalog or CD is sent to them for their review. A claim for specific personal effects can be placed with the air carrier or the third party vendor.

Air carriers are required to maintain possession of all unassociated personal effects for a minimum of 18 months following the accident. It is recommended that family members be notified prior to the destruction of any personal effects in the air carrier's possession, allowing them one final opportunity to claim previously unclaimed personal effects.

NTSB and FBI ERT have developed "best practice" guidance for surveying and searching for personal effects at accident sites. A copy can be obtained from the NTSB TDA office.

How should an air carrier plan to demobilize its family assistance response efforts?

In accordance with common disaster management procedures, air carrier family assistance managers should plan their demobilization during the beginning of the response. Demobilization planning allows managers and staff to focus their activities with an understanding of when the work will end. Since the response will eventually end, knowing the process of how to close down the response is essential to an effective overall response.

What changes did AIR 21 and VISION 100 make to the Aviation Disaster Family Assistance Act?

Pursuant to AIR 21:

- The restrictions on solicitation by attorneys and their agents is increased from 30 to 45 days following the accident.
- Local authorities cannot block the use of mental health and counseling services for 30 days following the date of the accident. The NTSB can extend that period for another 30 days if necessary.
- An assurance that "upon request" of the family, the air carrier will inform the family of whether the passenger's name appeared on a preliminary passenger manifest of the accident flight.
- An assurance that the air carrier provides adequate family assistance training to employees and agents of the carrier.
- If an air carrier volunteers to assist U.S. citizens within the United States with respect to an aircraft accident outside of the United States involving major loss of life, an assurance that the air carrier will consult with the NTSB and the Department of State.

Pursuant to VISION 100:

- Requirements and procedures for air carriers when dealing with non-government owned property damaged or destroyed during an aviation accident.
- Establishes clear lines of communication between the land/property owner and the air carrier underwriter.

- If the NTSB conducts a public hearing or comparable proceeding at a location greater than 80 miles from the accident site, the air carrier must ensure the proceeding is simultaneously broadcast at locations open to the public at both the origin and destination cities of the accident flight (if the city is located in the United States).

American Red Cross

Why was the American Red Cross selected?

The NTSB designated the American Red Cross because it meets the legislated requirement for an independent non-profit organization with experience in disaster response and post-trauma communications with families.

What is the Critical Response Team (CRT)?

At the accident city, the local American Red Cross chapter initiates the American Red Cross response in accordance with local planning. These activities may be supported as needed by other American Red Cross chapters from the surrounding area. The CRT is composed of trained and experienced American Red Cross disaster management specialists, who are mobilized within 4 hours, travel to the accident city, and augment the local American Red Cross response.

Is there any requirement for an air carrier to meet with the American Red Cross before a disaster occurs?

There are no mandates for an air carrier to meet with the American Red Cross before a disaster. However, it is important that local air carrier station management and American Red Cross chapters coordinate their local planning activities where appropriate to ensure each group's awareness of the other's plans. This will enhance the coordination of the immediate response. An annual meeting can eliminate any misunderstandings or confusion over the provision of services.

What other services can the American Red Cross provide to an air carrier, family members, or the community where the disaster occurred?

The American Red Cross can provide crisis support for local agencies, air carrier personnel, and family members. If needed, they will assist with family member referrals for additional mental health services.

The CRT also comprises two specialized teams: the CRC and the SRT. The CRC deploys trained experienced disaster childcare professionals to deliver specialized childcare, typically in the FAC. The SRT deploys trained experienced spiritual care professionals to coordinate, establish, and maintain spiritual care services.

How do other service providers interact with the American Red Cross?

The American Red Cross is responsible for establishing a staff-processing center to ensure the best use of all resources. Providers can contact the American Red Cross through the processing center or their local American Red Cross chapter in advance if interested in assisting.

The American Red Cross can also assist in managing “spontaneous volunteers” who frequently present themselves following an accident.

U.S. State Department

What is the role of the U.S. State Department during an aviation disaster (domestic or foreign air carrier) in the United States or its territories?

The U.S. Department of State is responsible for providing official notification to foreign governments whose citizens were involved in the accident. Notifications take place after necessary information about foreign passengers is obtained from the air carrier. The State Department can also assist the air carrier in notifying U.S. citizens who may reside or are traveling outside the United States that a member of their family has been involved in an aviation accident.

For foreign carriers, the State Department can assist by alerting the U.S. Citizenship and Immigration Services (USCIS) that a corporate “Go Team” is en route to the accident city. They can assist with obtaining required visas or other documents needed to gain entry into the United States. Assistance can also be given to family members en route to the accident city. The State Department will work with USCIS to ensure that entry into the United States by these families is done in a timely, compassionate, and professional manner.

Additional information on State Department roles and responsibilities can be found at <http://www.state.gov/documents/organization/86830.pdf>.

Family Assistance Center

What is the difference between the Friends and Relatives Reception Center and the FAC?

Friends and Relatives Reception Centers are located at the arriving and departing airports and are temporary locations for family members to gather until an FAC is established. The FAC is established at a hotel or similar facility in the accident city and is the focus for the assistance and information family members will receive during the initial phases of the accident response.

Who is responsible for the FAC?

The air carrier is responsible for securing a facility and all reasonable operational expenses to accommodate family members traveling to the accident city. Agencies providing support and services to families will work together to ensure families are assisted. The NTSB has the overall responsibility for the effective operation of the FAC, but it relies upon the cooperation and support of all contributing organizations.

How will professionals and other service agencies in the local community be incorporated into the family assistance response?

The American Red Cross is the designated non-profit organization responsible for family care and crisis intervention. In this capacity, it manages the recruitment, training, and support of all volunteers, including those in the local community, through a Staff Processing Center. It is the

intent of the American Red Cross and the NTSB to integrate local professionals and organizations affiliated with a disaster response agency/organization.

Who is considered a family member for access to the FAC?

“Family member” is defined in broad terms for the purpose of FAC access. Many individuals consider themselves to be the “family” of the victim, even though the law does not formally recognize the relationship. Keep in mind that the goal of the FAC is to support and provide assistance to those associated with the victim(s) impacted by the aviation disaster.

How do families not traveling to the accident city obtain information and support?

There are several ways for families who do not travel to the accident city to obtain information and support. Air carriers should maintain contact with non-traveling families and provide them the same types of support as received by families at the FAC. The American Red Cross can also provide support through their chapters in the local community. A toll-free conference call bridge is used during most family member briefings. The NTSB establishes an accident-specific website for family members along with the existing assistance@ntsb.gov email address.

How will the air carriers, local emergency responders, American Red Cross, and other Federal agencies coordinate the services delivered to family members?

The JFSOC coordinates all family member activities and resolves family assistance concerns and challenges during the on-scene phase of the response. Facilitated by NTSB TDA, the JFSOC includes representatives from each organization providing assistance to ensure efficient use of resources, sharing of information, and the provision of appropriate and professional services to families.

How do the family members find answers to their individual questions?

It is recommended that family members first ask their air carrier escort/representative for answers to their questions. If he or she cannot provide an answer, the question can be channeled to the JFSOC via the representative’s supervisor. Families are encouraged to ask questions at the regularly scheduled family briefings.

NTSB TDA is responsible for maintaining contact (including answering individual questions) with victims and family members following the on-scene phase of the investigation. All necessary contact information will be provided during the final family briefing.

Airports, Emergency Personnel and First Responders

What areas of consideration should airports have in planning to assist families during the first few hours of an aviation disaster?

Although not currently required, airports should have plans to assist victims and their families during the initial hours following an aviation accident. Airport emergency planning is especially critical for smaller air carriers or charter operations that have a limited presence at the airport.

Consider providing family members a private and secure area to gather (Friends and Relatives Reception Area) while awaiting information from the air carrier. Air carrier clubs, conference rooms, or restaurants can serve this purpose. If located within the sterile area, entry procedures must be established with the Transportation Security Administration (TSA) and Federal Security Director prior to an accident. Police officers should be used to secure the room and the

immediate area from the general public. Local Red Cross chapters should be included in planning sessions as they can provide disaster mental health and medical services personnel, as well as other needed local resources, to assist air carrier staff with families at this location.

When selecting the location, consideration should be given to the following:

- Proximity to restrooms and other amenities
- Privacy from the general public
- Privacy from the media
- Availability of television access to family members, if desired
- A location that does not overlook the accident site (if at all possible)

What areas of consideration should be given when airports are reviewing their airport emergency plans?

If an airport's plan calls for sealing off access to the airport or terminals during an emergency, local air carrier management should provide a list of employees required to have access to the airport or terminal(s) during such a period. Airport Operations Access (AOA) badges for these individuals should be issued with a unique indicator. Some airports have used the following indicators: "COMMAND POST," "EMERGENCY ACCESS," "INCIDENT RESPONSE," "DISASTER RESPONSE," or a large letter "E." Once chosen, the format is relayed to law enforcement agencies securing the airport, thus allowing air carrier/airport personnel wearing a badge to gain access even when roadways are closed.

To reduce confusion by responding mutual aid agencies, airports should consider placing large signs at their predetermined staging and emergency access areas and gates. These signs should be reflective, preferable white wording on a red background, using simple text; for example, **ARFF STAGING AREA "A"** or **MUTUAL AID ACCESS GATE #5**. Airports should review and contact emergency service agencies within a 5-mile radius of the airport to receive aircraft emergency ingress/egress familiarization and training. Airport fire services can coordinate with air carriers to arrange familiarization tours of various air carrier aircraft types.

Pre-accident meetings with local emergency planners; hospitals; the American Red Cross; city, county, and State police and fire services; and clergy help to familiarize response groups with one another.

Are there any special considerations about moving wreckage after life-safety efforts have been completed?

Once the emergency response moves from rescue to recovery, the area should be sealed off until an NTSB representative arrives on the scene. If at all possible, pieces of wreckage should not be moved. If the wreckage must be moved, it is critical to document the process in writing. Additionally photographs of the wreckage should be taken before and after disturbing the items.

In some accidents, the NTSB will request the assistance of the FBI Evidence Response Team (ERT) to document the scene and conduct the recovery operation. The FBI ERT is available nationwide and offers a standard level of documentation and recovery to the NTSB.

For more information, a brochure, titled “Responding to an Aircraft Accident: A Guide for Police and Public Safety Personnel,” is available from the NTSB TDA website, www.ntsbt.org/family.

If the accident is caused by a criminal act, who will be in charge?

For aviation accidents caused by intentional criminal acts, the FBI is the lead investigative Federal agency. The NTSB may support the FBI with technical expertise. Because of the importance of evidence preservation and documentation, local authorities must ensure that all wreckage is preserved and not moved unless necessary for life-safety activities.

Medical Examiners, Coroners, and Forensic Responders

What is the process for the notification of identification and release of victims’ remains?

Once the identification process is complete, the NOK is notified by the medical examiner or the DMORT Family Assistance Team. The notifying agency will make arrangements for the release of remains to the funeral home selected by the NOK. Victims’ remains will be transported from the morgue by a funeral home vendor contracted by the air carrier to the funeral home selected by the NOK. Contact information for the funeral home selected by the NOK is obtained during the antemortem interview or during the notification of identification process.

Generally, victims’ remains are released on an individual basis, as they are identified; however, in some circumstance, remains are released at the end of the identification process, once all identifications have been made. This decision is made by the presiding medical examiner, and the NOK is informed of this process.

What is the process of identifying victims using DNA evidence?

Victim identification based on DNA evidence requires a comparison of DNA data obtained from a victim’s remains to data obtained from a reference sample. Personal items or prior medical specimens from the victim can be submitted as a direct reference sample. If submitted, it is imperative to verify that the DNA from the personal item belongs to the victim. If direct reference samples are not available, family reference samples obtained from close biological relatives are utilized. When obtaining a family reference sample, it is important to understand and document the biological relationship between the victim and the individual providing the reference sample (for instance, biological mother, father, children, brothers, or sisters). DNA identifications cannot be accomplished without the reference sample. For more information, see appendix I , which lists several resources regarding victim identification using DNA evidence.

Why does the victim identification process take so long? What factors influence the process?

Victim identification requires comparing information collected from the remains of the victim (postmortem data) to information available from the victim when he or she was alive (antemortem data). Scientific methods, such as comparing dental radiographs taken while the victim was alive with radiographs taken from the deceased victim, are the preferred methods for victim identification. Other scientific methods include fingerprint examinations, comparison of radiographs, and DNA analysis. In general, five factors influence the victim identification process.

1. **The number of fatalities.** As the number of fatalities increases, the amount of time and resources required to identify victims also increases, due to the investigative effort needed to obtain antemortem information and to conduct postmortem analysis.
2. **An open or closed victim population.** A disaster comprises a closed victim population if the number of victims and their names are known (for example, a manifested air carrier accident). Conversely, an open population is one in which neither the number of victims nor their names are known (for example, an explosion in a public building). Disasters involving open victim populations require more time and resources to resolve because authorities must distinguish those *actually* missing from those *initially reported* missing. The antemortem data collection process only begins once a victim is known to be missing.
3. **The availability of antemortem information.** Not all fatal victims have easily accessible or available antemortem information. For example, a victim who has never visited a dentist will not have dental records. Authorities must know where to look for antemortem records; this information is usually provided by family members. The absence of useful antemortem data, or the presence of incorrect data, will slow the victim identification process.
4. **The condition of remains (for instance, thermal damage, fragmentation, and commingling).** Complete bodies are more easily recovered and identified than remains impacted by fire, decomposition, fragmentation, and commingling. For fragmented remains, the reliance on DNA methods increases, requiring additional time and resources. Additionally, given an open population with fragmented remains, the standard of care is to identify all remains, since the number and names of the dead are not known. With a closed-population investigation, the goal is to account for all potentially identifiable remains for each victim. Often this approach does not require analysis of all remains, just those that have the potential to be identified.
5. **Challenges in search and recovery operations.** Remote terrestrial or underwater recovery operations require specialized support and more time, thus delaying the collection of postmortem data.

What are some of the concerns during the search and recovery process?

The physical location of the accident site determines the resources required and the procedures employed for search and recovery operations. The personnel and equipment needed for scene documentation and recovery operations vary significantly depending on whether the accident occurred on land or over water. The NTSB has authority for the aircraft wreckage, the medical examiner/coroner has authority for the human remains and associated personal effects, and the air carrier has responsibility for unassociated personal effects. Accident scene activities are

coordinated with the NTSB Major Investigations Division (AS-10). The NTSB coordinates with other agencies as necessary.

Who pays for victim recovery and identification costs?

The costs related to victim recovery and identification can be high and are directly related to the number of victims, the condition of remains, and the medical examiner's policies regarding identification of remains. Typically, the air carrier underwriter will pay reasonable costs for victim recovery and identification. However, the underwriter is not required to pay for such costs. As with any emergency response, the costs of the response are often shared among the local, State, and Federal agencies, in addition to the underwriter.

What methods are used to identify aviation accident victims? Does the NTSB require that certain methods be used?

Under their legal responsibilities, the medical examiner conducts victim identification and determines the cause and manner of death. Although there are no enforceable national standards in the forensic field for victim identification, the expectation by family members and society is that all reasonable methods will be used to complete identifications in a timely and professional manner. Biologically based methods (such as fingerprints, dental records, DNA, medical implants with unique serial numbers) are considered by courts of law as primary methods of positive identification. Other methods may result in a presumptive identification, and this information may lead to a positive identification.

How is antemortem information obtained from family members?

The medical examiner is responsible for obtaining medical record information from family members. However, in the event that the local jurisdiction does not have enough staff to interview family members, trained DMORT members can be used to assist the local jurisdiction in interviewing family members. DMORT and other agencies can also be used to collect antemortem DNA reference samples from family members. If reasonable, family members may be asked to bring the contact information of the decedent's dentist and/or doctor when they travel to the FAC.

Is the NTSB responsible for making positive identification of disaster victims?

The medical examiner is responsible for making positive identification of victims. The NTSB can provide additional resources to assist the medical examiner. These resources include the DMORT team, the FBI Evidence Response Team, other FBI Laboratory assets and pertinent Department of Defense laboratories and personnel.

How are personal effects (PE) managed?

In general, PE are collected at the accident scene, catalogued, and cleaned to make them safe. If requested by the NOK, the item can be restored to its original condition. The goal of the PE process is to return all items to the family members in the condition they choose.

There are three classes of PE:

1. **Associated PE** are items recovered at the accident scene that are in physical contact with the victim's remains (for instance, a wedding ring on a hand). The medical examiner has authority over the collection, chain of custody, and final disposition of these items.

Medical examiner staff or designated personnel (for instance, FBI ERT) document and collect associated PE during the recovery of human remains. Once collected, the medical examiner can transfer custody of the associated PE to a third party contracted by the air carrier to manage the overall PE process. The NOK decides when and whether associated PE is returned and provides instructions for the restoration of the items, if desired.

2. **Unassociated PE** are not associated with remains and have no identifying information. Such items may include clothing, books, and toiletries. The air carrier has responsibility for the collection, processing, and return of unassociated PE to the NOK. Air carriers typically designate a contractor to take care of these responsibilities. The contractor also catalogues the items, and coordinates the restoration and return with the NOK.
3. **Unassociated PE containing identifying information** (e.g. luggage with an identification tag) also fall under the responsibility of the air carrier and are processed accordingly.

Are there additional resources available for a medical examiner responsible for managing the identification of decedents?

Under the Federal Family Assistance Plan for Aviation Disasters, the NTSB coordinates and integrates the resources of the Federal Government to support the efforts of the local and State government. The National Disaster Medical System (NDMS—a division of the Department of Health and Human Services, Assistant Secretary for Preparedness and Response) is the primary Federal agency to support local jurisdictions responsible for victim identification. Other Federal agencies able to support victim identification are FBI Laboratory assets and the Department of Defense DNA Registry/Armed Forces DNA Identification Laboratory.

Within the NDMS, the DMORT can conduct victim identification and associated mortuary activities. DMORT also has mobile morgues with specialized personnel to organize a morgue operation. The DMORT Family Assistance Center Team is available to interview family members to obtain antemortem information.

Certain State and local jurisdictions also have disaster victim identification teams. Such teams are considered important in the victim identification process.

The medical examiner should contact the NTSB TDA office through the NTSB Communications Center. TDA staff will inquire about the number of fatalities, the condition of the remains, the capabilities of the local jurisdiction to conduct victim recovery and identification and other pertinent information. Based on this discussion, the NTSB will request assistance from the Federal agencies with appropriate resources.

What is the Portable Morgue Unit?

The DMORT Portable Morgue Unit (DPMU) supports the processing and identification of accident fatalities. The DPMU contains prepackaged morgue supplies and equipment that can be set up in an existing facility. Transportable by truck or air, the DPMU is accompanied by a team that unpacks, organizes, restocks, and repacks the supplies and equipment.

What is the FBI ERT?

The FBI Evidence Response Team (ERT) is a group of trained and equipped FBI personnel specializing in organizing and conducting major evidence recovery operations. They manage the identification, collection, and preservation of evidence at crime scenes. In the case of aviation accidents, the ERTs are available to the NTSB to provide a standard level of scene documentation, mapping, photography, videography, and evidence/wreckage recovery. Each of the FBI's fifty-six Field Offices has an ERT, consisting of 8 to 50 members. These teams train to develop and maintain their organizational and forensic skills; most have aviation disaster experience.

What is the FBI Disaster Squad?

The FBI Disaster Squad is a team of trained experts in the area of fingerprint identification who can be activated to support the local medical examiner in the victim identification process. The FBI Disaster Squad has access to the FBI fingerprint database and is able to collect latent prints to assist in identification.

The Director

February 8, 2018

The Honorable Trey Gowdy
Chairman
Committee on Oversight
and Government Reform
United States House of Representatives
2157 Rayburn House Office Building
Washington, DC 20515

Dear Mr. Chairman:

Thank you for your letter dated December 8, 2017, requesting information regarding how and when the U.S. Office of Personnel Management (OPM) issues guidance documents. OPM utilizes guidance documents to inform and educate Federal agencies and employees on hiring procedures, administration of health and other insurance programs, training and development, and other management tools. In addition, OPM issues guidance to assist agencies with implementing new legislation or Governmentwide policies that relate to personnel issues. OPM also coordinates with other agencies on a number of Federal workforce matters, such as dismissal and closure procedures, furloughs, hurricane guidance, and workforce restructuring.

In 2017, OPM formally created a Regulatory Reform Task Force (Task Force). While the Task Force is not required to review every guidance document under Executive Order 13777, which establishes the Task Force's functions, OPM is taking action in accordance with the Executive Order. We expect that the Task Force will support OPM's Regulatory Reform Officer, as needed, in carrying out his or her responsibility under section 2 of Executive Order 13477 to oversee initiatives for "the termination consistent with applicable law, of programs and activities that derive from or implement . . . guidance documents . . . that have been rescinded."

In response to your request for specific information, we have compiled the following list of guidance documents. OPM's guidance documents are publicly available, therefore we have provided the appropriate links to the documents. Where applicable, these policies may be sorted by date as requested by the Committee. The below links also contain additional requested information by the Committee.

The Honorable Gary J. Palmer, Chairman
Subcommittee on Intergovernmental Affairs

The Honorable Blake Farenthold, Chairman
Subcommittee on the Interior, Energy, and Environment

Dear Chairman Gowdy and Chairmen Meadows, Jordan, Palmer, and Farenthold:

This is to respond to the request to W. Thomas Reeder, Director, from the House Committee on Oversight and Government Reform dated December 8, 2017. We understand that the Committee is seeking information about agency statements to the public of general applicability and future effect that set forth a policy or interpret a statutory or regulatory issue.

Our search thus far has identified 45 such guidance documents. For each document, we have gathered and organized the available identifying information you requested (*e.g.*, title, brief description, hyperlink, *et al.*) in the enclosed spreadsheet.

Some of the fields of the spreadsheet are blank, reflecting limitations on the information that we were able to ascertain at this time. We will supplement this response, and correct any inadvertent errors, if we learn of additional responsive information or documents.

Please do not hesitate to contact me with any questions. I can be reached at goldowitz.israel@pbgc.gov or (202) 326-4400, extension 3078.

Sincerely,

Israel Goldowitz
Deputy General Counsel for Program Law and Policy

Postal Regulatory Commission

POSTAL REGULATORY COMMISSION
Washington, DC 20268-0001

Office of the Chairman

December 12, 2017

The Honorable Trey Gowdy
Chairman, Committee on Oversight
and Government Reform
U.S. House of Representatives
Washington DC 20515

Dear Mr. Chairman:

I am writing in response to the December 8, 2017 letter from the Committee asking for a listing of all guidance documents that have been issued by the Commission since January 1, 2008.

After reviewing the Committee's request, and consulting with our Office of the General Counsel, the Commission has not issued any of the referenced documents, as defined in your letter. Based on the nature of its work, Commission decisions are issued in public proceedings through Commission Orders or through public rulemaking proceedings.

Please do not hesitate to contact the Commission if we may be of further assistance in this matter.

With best wishes, I am

Sincerely yours,

A handwritten signature in black ink, appearing to read "R. G. Taub", with a long, sweeping horizontal line extending to the right.

Robert G. Taub
Chairman
Postal Regulatory Commission

Washington, DC 20215-6143

Dear Chairman Gowdy:

This responds to your letter of December 8, 2017 in which you requested that the Railroad Retirement Board (RRB) provide a list of guidance documents issued by the Agency between January 1, 2008 and the present.

The attached spreadsheet sets forth a list of 71 guidance documents issued by the RRB during the relevant period. The spreadsheet also contains the title, description, date of issuance, and other requested information relating to each guidance document. We trust that the information provided is responsive to your request.

Sincerely,

A handwritten signature in blue ink that reads "Walter A. Barrows".

Dear Chairman Gowdy, Meadows, Jordan, Palmer and Farenthold:

Administrator McMahon has asked me to respond to your recent inquiry regarding guidance documents, dated December 8, 2017. The Committee on Oversight and Government Reform (Committee) requested a list of all guidance documents issued by the U.S. Small Business Administration (SBA or Agency) since January 1, 2008, including information about each such

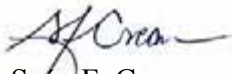

HonorableTrey Gowdy

document. The Committee requested the information no later than December 22, 2017.

In the attached Appendix, we have listed Agency Standard Operating Procedures, Policy Notices, Procedural Notices, and relevant Federal Register Notices that SBA issued within the last 90 days (i.e., on or after September 22, 2017). Due to the scope of the Committee's request, SBA anticipates providing a list of responsive documents issued between January 1, 2008 and September 21, 2017, on a rolling basis. If you would like copies of any of the documents listed on the Appendix, please let us know and we would be pleased to provide them.

We appreciate your support of SBA and America's small businesses. If you or your staff has additional questions, please contact Mike Hershey, Associate Administrator, Office of Congressional & Legislative Affairs, at (202)205-6806.

Sincerely,

Sean F. Crean
Executive Director of Administrative Services

Dear Chairmen Gowdy, Meadows, Jordan, Palmer, and Farenthold:

In your December 8, 2017 letter to Chairman Clayton, you requested that the Securities and Exchange Commission (the Commission) provide a list of all guidance documents issued by the Commission since January 1, 2008. Chairman Clayton asked me to respond to your letter.

Guidance documents issued by the Commission are posted on the "Regulation" page of the SEC's website under "SEC Interpretive Releases" and "Policy Statements." A list of the 19 guidance documents responsive to your request is contained in the Appendix to this letter.¹ For each guidance document, we have included the additional information that you requested, as set forth below:

1. The title:

For this item, the Appendix provides the release title.

¹ For purposes of responding to your request, we have included Commission interpretive releases and policy statements since January 1, 2008 that meet the OMB definition of guidance document referenced in your letter: "an agency statement of general applicability and future effect that sets forth a policy or interprets a statutory or regulatory issue." See GOV'T ACCOUNTABILITY OFFICE, GAO-17-404T, REGULATORY GUIDANCE PROCESSES: SELECTED DEPARTMENTS COULD STRENGTHEN INTERNAL CONTROL AND DISSEMINATION PRACTICES 14 (April 2015), available at <http://www.gao.gov/assets/670/669688.pdf>.

2. The name of the form of the guidance, such as circular, guidance, frequently asked questions, bulletin, memoranda, or statement:

For this item, the Appendix provides the description in the “Action” line of the release.

3. A brief description of the subject:

For this item, the Appendix provides the description in the “Summary” line of the release.

4. The date of issuance:

For this item, the Appendix lists the date that the release was approved by the Commission. Please note that this date is typically different than the date the release was published in the Federal Register.

5. The issuing agency, component, office, or program

For this item, the Appendix lists the issuing agency or agencies as listed in the release.

6. An indication of whether:

a. The guidance was considered significant

This item does not apply to the Commission as an independent regulatory agency.

b. The agency submitted the guidance for review by the Office of Information and Regulatory Affairs, and if it was:

- i. The title of the guidance used in the submission; and**
- ii. The date submitted**

This item does not apply to the Commission as an independent regulatory agency.

c. The agency submitted the guidance to Congress and GAO, and if it was

- i. The title of the guidance used in the submission; and**
- ii. The date submitted**

For this item, the Appendix lists the title of the release according to GAO records and the date received by the GAO. If the guidance was not submitted to Congress and the GAO, the Appendix so indicates.

d. The Regulatory Reform Task Force has reviewed or has plans to review the guidance document, and any results of such review

This item does not apply to the Commission as an independent regulatory agency.

The Honorable Trey Gowdy
The Honorable Jim Jordan
The Honorable Blake Farenthold
Page 3

The Honorable Mark Meadows
The Honorable Gary J. Palmer

7. To the extent applicable:

a. The Federal Record citation

For this item, the Appendix lists the Federal Register citation for the release.

b. A hyperlink to a copy of the document

For this item, the Appendix lists the address where the release can be found on the Federal Register website.

c. The Regulation Identification Number (RIN)

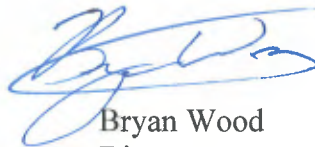

For this item, the Appendix lists the RIN number as set forth in the release, if applicable.

d. Any other identification number for the document

For this item, the Appendix lists any other identification numbers that are included in the release, such as "Release No." and "File No."

Thank you for your letter and please do not hesitate to contact me at (202) 551-2010 if you have any questions regarding these materials.

Sincerely,

A handwritten signature in blue ink, appearing to read "Bryan Wood", is positioned above the printed name and title.

Dear Sarah,

As we discussed on the phone, I am sending an initial list of guidance documents issued by the U.S. Securities and Exchange Commission since January 1, 2008 as requested by Chairman Gowdy's letter to Chairman Clayton dated December 8, 2017. As discussed, we will provide a final response containing all requested guidance documents issued by the Commission in the format requested by the letter as soon as possible but no later than January 22, 2018.

Thank you and please let me know if I can answer any questions in the meantime,

Christina

Appendix:
Guidance Documents Issued by the
U.S. Securities and Exchange Commission since 2008

1. The Title;	Commission Guidance on Pay Ratio Disclosure
2. The name of the form of guidance, such as circular, guidance, frequently asked questions, bulletin, memoranda, or statement;	Interpretation
3. A brief description of the subject;	The Securities and Exchange Commission is publishing interpretive guidance to assist registrants in preparation of their pay ratio disclosures required by Item 402(u) of Regulation S-K.
4. The date of issuance;	September 21, 2017
5. The issuing agency, component, office or program;	Securities and Exchange Commission
6. An indication of whether: a. The guidance was considered significant;	N/A
b. The agency submitted the guidance for review by the Office of Information and Regulatory Affairs, and if it was: i. The title of the guidance used in the submission; and ii. The date submitted;	N/A
c. The agency submitted the guidance to Congress and the GAO, and if it was: i. The title of the guidance used in the submission; and ii. The date submitted; and	Not submitted to Congress or GAO.
d. The Regulatory Reform Task Force has reviewed or has plans to review the guidance document, and any results of such review; and	N/A
7. To the extent applicable: a. The Federal Record citation;	82 FR 44917
b. A hyperlink to a copy of the document;	https://www.federalregister.gov/documents/2017/09/27/2017-20632/commission-guidance-on-pay-ratio-disclosure
c. The Regulation Identification Number for the document; and	None
d. Any other identification number for the document.	Release No. 33-10415; Release No. 34-81673; File No. S7-07-13; Document Number 2017-20632

1. The Title;	Updates to Commission Guidance Regarding Accounting for Sales of Vaccines and Bioterror Countermeasures to the Federal Government for Placement into the Pediatric Vaccine Stockpile or the Strategic National Stockpile
2. The name of the form of guidance, such as circular, guidance, frequently asked questions, bulletin, memoranda, or statement;	Interpretation
3. A brief description of the subject;	The Securities and Exchange Commission is publishing this interpretive release to update previously issued guidance with respect to accounting for sales of vaccines and bioterror countermeasures to the Federal Government for placement into stockpiles related to the Vaccines for Children Program or the Strategic National Stockpile. This update is being provided to bring existing guidance into conformity with Financial Accounting Standards Board's Accounting Standards Codification Topic 606, <i>Revenue from Contracts with Customers</i> . This guidance is applicable upon a registrant's adoption of Accounting Standards Codification Topic 606 and is applicable to all arrangements for which revenue is recognized in accordance with Accounting Standards Codification Topic 606.
4. The date of issuance;	August 18, 2017
5. The issuing agency, component, office or program;	Securities and Exchange Commission
6. An indication of whether: a. The guidance was considered significant;	N/A

2. The name of the form of guidance, such as circular, guidance, frequently asked questions, bulletin, memoranda, or statement;	Final rules; interpretation
3. A brief description of the subject;	The Securities and Exchange Commission ("SEC" or "Commission") is adopting rules and providing guidance to address the application of certain provisions of the Securities Exchange Act of 1934 ("Exchange Act") that were added by Subtitle B of Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act"), to cross-border security-based swap activities. These rules and guidance in large part focus on the application of the Title VII definitions of "security-based swap dealer" and "major security-based swap participant" in the cross-border context. The Commission also is adopting a procedural rule related to the submission of applications for substituted compliance. In addition, the Commission is adopting a rule addressing the scope of our authority, with respect to enforcement proceedings, under section 929P of the Dodd-Frank Act.
4. The date of issuance;	June 25, 2014
5. The issuing agency, component, office or program;	Securities and Exchange Commission

1. The Title;	Commission Guidance Regarding Definitions of Mortgage Related Security and Small Business Related Security
2. The name of the form of guidance, such as circular, guidance, frequently asked questions, bulletin, memoranda, or statement;	Interpretation; solicitation of comment
3. A brief description of the subject;	<p>The Securities and Exchange Commission (the “Commission”) is publishing interpretive guidance with respect to sections 3(a)(41) (the definition of “mortgage related security”) and 3(a)(53)(A) (the definition of “small business related security”) of the Securities Exchange Act of 1934 (the “Exchange Act”), in light of section 939(e) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”). Section 939(e) strikes provisions in sections 3(a)(41) and 3(a)(53)(A) of the Exchange Act that reference credit ratings issued by nationally recognized statistical rating organizations (“NRSROs”), and inserts new text that provides that in order to satisfy these definitions a security must meet “standards of credit-worthiness as established by the Commission.” Because more time is needed to develop and establish standards of creditworthiness for purposes of these definitions, the Commission is providing a transitional interpretation that will be applicable on and after July 20, 2012, and until such time as final Commission rules establishing new standards of creditworthiness become effective. The Commission also is seeking comment on potential standards of creditworthiness that could be established to replace the use of NRSRO credit ratings in the definitions of the terms “mortgage related security” and “small business related security.”</p>

1. The Title;	Statement of General Policy on the Sequencing of the Compliance Dates for Final Rules Applicable to Security-Based Swaps Adopted Pursuant to the Securities Exchange Act of 1934 and the Dodd-Frank Wall Street Reform and Consumer Protection Act
2. The name of the form of guidance, such as circular, guidance, frequently asked questions, bulletin, memoranda, or statement;	Notice of statement of general policy with request for public comment
3. A brief description of the subject;	We are requesting public comment on a statement of general policy ("Statement") on the anticipated sequencing of the compliance dates of final rules to be adopted by the Securities and Exchange Commission pursuant to certain provisions of Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and the Securities Exchange Act of 1934, as amended by those provisions ("Exchange Act"). These provisions establish a framework for the regulation of security-based swaps and security-based swap market participants under the Exchange Act. The Statement presents a sequencing of the compliance dates for these final rules by grouping the rules into five categories and describes the interconnectedness of the compliance dates for these rules, both within and among the five categories. The Statement also describes the timing of the expiration of the relief previously granted by the Commission that provided exemptions from certain provisions of the Exchange Act, the Securities Act of 1933, and the Trust Indenture Act of 1939.

1. The Title;	Modernization of Oil and Gas Reporting
2. The name of the form of guidance, such as circular, guidance, frequently asked questions, bulletin, memoranda, or statement;	Final rule; interpretation; request for comment on Paperwork Reduction Act burden estimates
3. A brief description of the subject;	The Commission is adopting revisions to its oil and gas reporting disclosures which exist in their current form in Regulation S-K and Regulation S-X under the Securities Act of 1933 and the Securities Exchange Act of 1934, as well as Industry Guide 2. The revisions are intended to provide investors with a more meaningful and comprehensive understanding of oil and gas reserves, which should help investors evaluate the relative value of oil and gas companies. In the three decades that have passed since adoption of these disclosure items, there have been significant changes in the oil and gas industry. The amendments are designed to modernize and update the oil and gas disclosure requirements to align them with current practices and changes in technology. The amendments concurrently align the full cost accounting rules with the revised disclosures. The amendments also codify and revise Industry Guide 2 in Regulation S-K. In addition, they harmonize oil and gas disclosures by foreign private issuers with the disclosures for domestic issuers.

Social Security Administration

SOCIAL SECURITY

The Commissioner

December 26, 2017

The Honorable Gary J. Palmer
Chairman, Subcommittee on Intergovernmental
Affairs
Committee on Oversight and Government Reform
House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

Thank you for your December 8, 2017 letter requesting a list of the guidance documents the Social Security Administration (SSA) issued since January 1, 2008. Enclosed is a list of SSA's published Acquiescence Rulings (AR) and Social Security Rulings (SSR), annotated with the information you requested.

To clarify, SSA issues ARs and SSRs in lieu of the specific guidance documents that many other agencies issue. ARs and SSRs clarify our policies and procedures for the public and aid the adjudication process by explaining our interpretation of our published rules and regulations. The ARs provide clarification when we have a court case involving SSA. The SSRs provide policy interpretations when we feel we need to clarify our regulations, and, in some cases, consolidate information from our regulations to explain our policies within a specific domain. In some cases, we also publish SSRs to explain revised procedures, which fall under specific regulations.

The enclosed list contains all of the ARs and SSRs we published from January 1, 2008 through the present. Per your request, we included all of the information for each publication with the exception of the issuing agency, component, office, or program, and the Regulation Identification Number (RIN) or other identification number for the document. SSA is the issuing agency for all of our ARs and SSRs. In addition, we do not assign a RIN, or any other identification number, to these documents because they are not regulatory in nature. Rather, we use the publication designation in the Federal Register as our identification number for the documents.

I hope this information is helpful. If I may be of further assistance, please do not hesitate to contact me, or your staff may contact Royce Min, our Acting Deputy Commissioner for Legislation and Congressional Affairs, at (202) 358-6030. I am sending similar letters to Chairman Gowdy, Chairman Meadows, Chairman Jordan, and Chairman Farenthold.

Sincerely,

Nancy A. Berryhill
Acting Commissioner

Enclosure

Guidance Documents
Issued by the Social Security Administration
January 1, 2008 through Present

General Note: Regarding *Significance and Review* of the following documents, the Social Security Administration (SSA) does not consider these rulings to be significant (because they are intended only to clarify existing regulations or procedures). SSA did not submit them to Congress, GAO, or for formal review by the Office of Information and Regulatory Affairs. The Regulatory Reform Task Force has not reviewed these guidance rulings, as we have focused our review on existing regulations. However, we will be reviewing these documents.

Acquiescence Rulings

Title:

AR 12-1 (8): Petersen v. Astrue, 633 F.3d 633 (8th Cir. 2011): Whether a National Guard Technician Who Worked in Noncovered Employment is Exempt from the Windfall Elimination Provision (WEP)—Title II of the Social Security Act

Description of the Subject:

This ruling found that Social Security old-age or disability applicants and beneficiaries who receive a CSRS pension based on noncovered work as dual status National Guard technicians, and who are permanent legal residents of a State within the Eighth Circuit, should have their Social Security benefits computed using the normal PIA (Primary Insurance Amount), rather than the WEP PIA described in 42 U.S.C. 415(a)(7) of the Act.

Date of Issuance:

August 27, 2012

Federal Record Citation:

Federal Register Vol. 77, No. 172, page 54646

Title:

AR 14-1(8): Brock v. Astrue, 674 F.3d 1062 (8th Cir. 2012): Requiring Vocational Specialist (VS) or Vocational Expert (VE) Evidence When an Individual has a Severe Mental Impairment(s) — Titles II and XVI of the Social Security Act.

Description of the Subject:

This ruling found that when making a disability determination or decision at step five of the sequential evaluation process (or the last step in the sequential evaluation process in continuing disability review claims), we will not rely exclusively on the Grid rules as a framework for decision making when an individual has a severe mental impairment(s), in certain states.

Date of Issuance:

Title:

AR 15-1 (4): Radford v. Colvin, 734 F.3d 288 (4th Cir. 2013): Standard for Meeting Section 1.04A of the Listing of Impairments — Disorders of the Spine with Evidence of Nerve Root Compression — Titles II and XVI of the Social Security Act.

Description of the Subject:

This ruling found, in certain states, that in deciding whether a claimant's severe medically determinable disorder of the spine meets listing 1.04A, adjudicators will not require that all of the medical criteria in paragraph A appear simultaneously or in particularly close proximity. Rather, adjudicators will engage in what the court of appeals described as “a more free-form, contextual inquiry that makes 12 months the relevant metric for the assessment of the claimant's duration of disability.”

Date of Issuance:

Title:

SSR 16-3p: Titles II and XVI: Evaluation of Symptoms in Disability Claims

Description of the Subject:

This ruling rescinds SSR 96-7p: “Policy Interpretation Ruling Titles II and XVI Evaluation of Symptoms in Disability Claims: Assessing the Credibility of an Individual’s Statements,” and replaced it with this ruling. We eliminated the use of the term “credibility” from our sub-regulatory policy, as our regulations do not use this term. In doing this, we clarified that subjective symptom evaluation is not an examination of an individual’s character.

SOCIAL SECURITY

The Commissioner

December 26, 2017

The Honorable Mark Meadows
Chairman, Subcommittee on Government
Operations
Committee on Oversight and Government Reform
House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

Thank you for your December 8, 2017 letter requesting a list of the guidance documents the Social Security Administration (SSA) issued since January 1, 2008. Enclosed is a list of SSA's published Acquiescence Rulings (AR) and Social Security Rulings (SSR), annotated with the information you requested.

To clarify, SSA issues ARs and SSRs in lieu of the specific guidance documents that many other agencies issue. ARs and SSRs clarify our policies and procedures for the public and aid the adjudication process by explaining our interpretation of our published rules and regulations. The ARs provide clarification when we have a court case involving SSA. The SSRs provide policy interpretations when we feel we need to clarify our regulations, and, in some cases, consolidate information from our regulations to explain our policies within a specific domain. In some cases, we also publish SSRs to explain revised procedures, which fall under specific regulations.

The enclosed list contains all of the ARs and SSRs we published from January 1, 2008 through the present. Per your request, we included all of the information for each publication with the exception of the issuing agency, component, office, or program, and the Regulation Identification Number (RIN) or other identification number for the document. SSA is the issuing agency for all of our ARs and SSRs. In addition, we do not assign a RIN, or any other identification number, to these documents because they are not regulatory in nature. Rather, we use the publication designation in the Federal Register as our identification number for the documents.

I hope this information is helpful. If I may be of further assistance, please do not hesitate to contact me, or your staff may contact Royce Min, our Acting Deputy Commissioner for Legislation and Congressional Affairs, at (202) 358-6030. I am sending similar letters to Chairman Gowdy, Chairman Jordan, Chairman Palmer, and Chairman Farenthold.

Sincerely,

Nancy A. Berryhill
Acting Commissioner

Enclosure

Guidance Documents
Issued by the Social Security Administration
January 1, 2008 through Present

General Note: Regarding *Significance and Review* of the following documents, the Social Security Administration (SSA) does not consider these rulings to be significant (because they are intended only to clarify existing regulations or procedures). SSA did not submit them to Congress, GAO, or for formal review by the Office of Information and Regulatory Affairs. The Regulatory Reform Task Force has not reviewed these guidance rulings, as we have focused our review on existing regulations. However, we will be reviewing these documents.

Acquiescence Rulings

Title:

AR 12-1 (8): Petersen v. Astrue, 633 F.3d 633 (8th Cir. 2011): Whether a National Guard Technician Who Worked in Noncovered Employment is Exempt from the Windfall Elimination Provision (WEP)—Title II of the Social Security Act

Description of the Subject:

This ruling found that Social Security old-age or disability applicants and beneficiaries who receive a CSRS pension based on noncovered work as dual status National Guard technicians, and who are permanent legal residents of a State within the Eighth Circuit, should have their Social Security benefits computed using the normal PIA (Primary Insurance Amount), rather than the WEP PIA described in 42 U.S.C. 415(a)(7) of the Act.

Date of Issuance:

August 27, 2012

Title:

AR 14-1(8): Brock v. Astrue, 674 F.3d 1062 (8th Cir. 2012): Requiring Vocational Specialist (VS) or Vocational Expert (VE) Evidence When an Individual has a Severe Mental Impairment(s) — Titles II and XVI of the Social Security Act.

Description of the Subject:

This ruling found that when making a disability determination or decision at step five of the sequential evaluation process (or the last step in the sequential evaluation process in continuing disability review claims), we will not rely exclusively on the Grid rules as a framework for decision making when an individual has a severe mental impairment(s), in certain states.

Title:

AR 15-1 (4): Radford v. Colvin, 734 F.3d 288 (4th Cir. 2013): Standard for Meeting Section 1.04A of the Listing of Impairments — Disorders of the Spine with Evidence of Nerve Root Compression — Titles II and XVI of the Social Security Act.

Description of the Subject:

This ruling found, in certain states, that in deciding whether a claimant's severe medically determinable disorder of the spine meets listing 1.04A, adjudicators will not require that all of the medical criteria in paragraph A appear simultaneously or in particularly close proximity. Rather, adjudicators will engage in what the court of appeals described as “a more free-form, contextual inquiry that makes 12 months the relevant metric for the assessment of the claimant's duration of disability.”

SOCIAL SECURITY
The Commissioner

December 26, 2017

The Honorable Jim Jordan
Chairman, Subcommittee on Healthcare Benefits,
and Administrative Rules
Committee on Oversight and Government Reform
House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

Thank you for your December 8, 2017 letter requesting a list of the guidance documents the Social Security Administration (SSA) issued since January 1, 2008. Enclosed is a list of SSA's published Acquiescence Rulings (AR) and Social Security Rulings (SSR), annotated with the information you requested.

To clarify, SSA issues ARs and SSRs in lieu of the specific guidance documents that many other agencies issue. ARs and SSRs clarify our policies and procedures for the public and aid the adjudication process by explaining our interpretation of our published rules and regulations. The ARs provide clarification when we have a court case involving SSA. The SSRs provide policy interpretations when we feel we need to clarify our regulations, and, in some cases, consolidate information from our regulations to explain our policies within a specific domain. In some cases, we also publish SSRs to explain revised procedures, which fall under specific regulations.

The enclosed list contains all of the ARs and SSRs we published from January 1, 2008 through the present. Per your request, we included all of the information for each publication with the exception of the issuing agency, component, office, or program, and the Regulation Identification Number (RIN) or other identification number for the document. SSA is the issuing agency for all of our ARs and SSRs. In addition, we do not assign a RIN, or any other identification number, to these documents because they are not regulatory in nature. Rather, we use the publication designation in the Federal Register as our identification number for the documents.

I hope this information is helpful. If I may be of further assistance, please do not hesitate to contact me, or your staff may contact Royce Min, our Acting Deputy Commissioner for Legislation and Congressional Affairs, at (202) 358-6030. I am sending similar letters to Chairman Gowdy, Chairman Meadows, Chairman Palmer, and Chairman Farenthold.

Sincerely,

Nancy A. Berryhill
Acting Commissioner

Enclosure

SOCIAL SECURITY

The Commissioner

December 26, 2017

The Honorable Blake Farenthold
Chairman, Subcommittee on the Interior,
Energy, and Environment
Committee on Oversight and Government Reform
House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

Thank you for your December 8, 2017 letter requesting a list of the guidance documents the Social Security Administration (SSA) issued since January 1, 2008. Enclosed is a list of SSA's published Acquiescence Rulings (AR) and Social Security Rulings (SSR), annotated with the information you requested.

To clarify, SSA issues ARs and SSRs in lieu of the specific guidance documents that many other agencies issue. ARs and SSRs clarify our policies and procedures for the public and aid the adjudication process by explaining our interpretation of our published rules and regulations. The ARs provide clarification when we have a court case involving SSA. The SSRs provide policy interpretations when we feel we need to clarify our regulations, and, in some cases, consolidate information from our regulations to explain our policies within a specific domain. In some cases, we also publish SSRs to explain revised procedures, which fall under specific regulations.

The enclosed list contains all of the ARs and SSRs we published from January 1, 2008 through the present. Per your request, we included all of the information for each publication with the exception of the issuing agency, component, office, or program, and the Regulation Identification Number (RIN) or other identification number for the document. SSA is the issuing agency for all of our ARs and SSRs. In addition, we do not assign a RIN, or any other identification number, to these documents because they are not regulatory in nature. Rather, we use the publication designation in the Federal Register as our identification number for the documents.

I hope this information is helpful. If I may be of further assistance, please do not hesitate to contact me, or your staff may contact Royce Min, our Acting Deputy Commissioner for Legislation and Congressional Affairs, at (202) 358-6030. I am sending similar letters to Chairman Gowdy, Chairman Meadows, Chairman Jordan, and Chairman Palmer.

Sincerely,

Nancy A. Berryhill
Acting Commissioner

Enclosure

Guidance Documents
Issued by the Social Security Administration
January 1, 2008 through Present

General Note: Regarding *Significance and Review* of the following documents, the Social Security Administration (SSA) does not consider these rulings to be significant (because they are intended only to clarify existing regulations or procedures). SSA did not submit them to Congress, GAO, or for formal review by the Office of Information and Regulatory Affairs. The Regulatory Reform Task Force has not reviewed these guidance rulings, as we have focused our review on existing regulations. However, we will be reviewing these documents.

Acquiescence Rulings

Title:

AR 12-1 (8): Petersen v. Astrue, 633 F.3d 633 (8th Cir. 2011): Whether a National Guard Technician Who Worked in Noncovered Employment is Exempt from the Windfall Elimination Provision (WEP)—Title II of the Social Security Act

Description of the Subject:

This ruling found that Social Security old-age or disability applicants and beneficiaries who receive a CSRS pension based on noncovered work as dual status National Guard technicians, and who are permanent legal residents of a State within the Eighth Circuit, should have their Social Security benefits computed using the normal PIA (Primary Insurance Amount), rather than the WEP PIA described in 42 U.S.C. 415(a)(7) of the Act.

Date of Issuance:

August 27, 2012

Federal Record Citation:

Federal Register Vol. 77, No. 172, page 54646

Title:

AR 14-1(8): Brock v. Astrue, 674 F.3d 1062 (8th Cir. 2012): Requiring Vocational Specialist (VS) or Vocational Expert (VE) Evidence When an Individual has a Severe Mental Impairment(s) — Titles II and XVI of the Social Security Act.

Description of the Subject:

This ruling found that when making a disability determination or decision at step five of the sequential evaluation process (or the last step in the sequential evaluation process in continuing disability review claims), we will not rely exclusively on the Grid rules as a framework for decision making when an individual has a severe mental impairment(s), in certain states.

Title:

AR 15-1 (4): Radford v. Colvin, 734 F.3d 288 (4th Cir. 2013): Standard for Meeting Section 1.04A of the Listing of Impairments — Disorders of the Spine with Evidence of Nerve Root Compression — Titles II and XVI of the Social Security Act.

Description of the Subject:

This ruling found, in certain states, that in deciding whether a claimant's severe medically determinable disorder of the spine meets listing 1.04A, adjudicators will not require that all of the medical criteria in paragraph A appear simultaneously or in particularly close proximity. Rather, adjudicators will engage in what the court of appeals described as “a more free-form, contextual inquiry that makes 12 months the relevant metric for the assessment of the claimant's duration of disability.”

Date of Issuance:

SSR 16-3p: Titles II and XVI: Evaluation of Symptoms in Disability Claims

Description of the Subject:

This ruling rescinds SSR 96-7p: “Policy Interpretation Ruling Titles II and XVI Evaluation of Symptoms in Disability Claims: Assessing the Credibility of an Individual’s Statements,” and replaced it with this ruling. We eliminated the use of the term “credibility” from our sub-regulatory policy, as our regulations do not use this term. In doing this, we clarified that subjective symptom evaluation is not an examination of an individual’s character.

Department of State

United States Department of State

Washington, D.C. 20520

DEC 22 2017

The Honorable
Trey Gowdy, Chairman
Committee on Oversight and Government Reform
House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

Thank you for your December 8 letter requesting information regarding the Department of State's issuance of guidance documents since January 1, 2008. This interim response is to advise you that a search for the requested information has begun and offer an initial snapshot based on the work of certain bureaus of the Department of State. We understand that you are assessing the extent to which non-legally binding guidance directed at the public affects public and private sector behavior.

The Bureau of Political Military Affairs, Directorate of Defense Trade Controls (PM/DDTC) regularly issues guidance regarding the defense export control process, and specifically the interpretation of the International Traffic in Arms Regulations (ITAR), implementing the relevant provisions of the Arms Export Control Act. Guidance issued by PM/DDTC relates to matters including the registration and licensing process under the ITAR, and compliance matters. The guidance provides the necessary process and policy instructions to enable the U.S. defense industry to export their products and services. We disseminate this guidance through our public-facing website at pmdtc.state.gov.

Additionally, guidance documents are located on the public website of the Bureau of Educational and Cultural Affairs (ECA); guidance document can be accessed at <https://jlvisa.state.gov/sponsors/current/regulations-compliance/>.

The work of the Bureau of Consular Affairs may also be relevant to the Committee's inquiry with respect to its issuance of passports and visas, its accreditation of adoption entities, and its information issued for the traveling public.

We would be delighted to brief the Committee in January on the Department's guidance issuance process.

Please do not hesitate to let us know if we can be of further assistance.

Sincerely,

Mary K. Waters
Assistant Secretary
Legislative Affairs

Washington, DC 20515-6143

Dear Chairman Gowdy, Chairman Meadows, Chairman Jordan, Chairman Palmer, and
Chairman Farenthold:

Thank you for your recent letter requesting guidance documents issued by the Surface
Transportation Board (Board) since January 1, 2008.

Please find attached four Policy Statements issued by the Board that are responsive to your
request. Also attached are three communications from the Board's Office of Economics and one
communication from the Board's Office of Environmental Analysis that appear to fall within the
scope of your inquiry.

If you or your staff have any questions about this response or any other matter regarding the
Board, please contact my office at 202-245-0200 or Lucille Marvin, Director of the Office of
Public Assistance, Governmental Affairs, and Compliance at 202-245-0238.

Sincerely,

Ann Begeman
Acting Chairman

REPORTING RULE 11 TRAFFIC IN QCS

MESSAGE TO CLASS I RAILROADS

March 20, 2012

The purpose of this message is to provide clarification regarding the proper method of reporting Rule 11 (rebilled traffic) in the Quarterly and Annual QCS reports. QCS data is an integral component input to the annual production of the Uniform Railroad Costing System (URCS). We believe that this reporting clarification will further enhance the utility of data reported.

Compliance with this instruction will ensure uniform and consistent reporting of Rule 11 traffic movements.

The following reporting instructions shall be followed for Rule 11 traffic movements. The originating carrier shall report the movement as originated and forwarded. The railroad receiving the traffic shall report the movement as received and forwarded or as received and terminated depending on the numbers of carriers involved in the movement.

Railroads are requested to comply with this directive retroactive to January 1, 2012.

Paul A. Aquilar
Branch Chief
Data Collection & Auditing Team

Message to Accounting Officers of All Class I Railroads

DATE: June 21, 2010

Accounting for Tiger Grants

The stated objectives of the American Recovery and Reinvestment Act of 2009 (Recovery Act) are to preserve and create jobs and promote economic recovery, invest in transportation infrastructure that will provide long-term economic benefits, and assist those most affected by the current economic downturn. Title XII of the Recovery Act appropriated \$1.5 billion, available through Sept. 30, 2011, for Supplementary Discretionary Grants for a National Surface Transportation System. The U.S. Department of Transportation refers to these grants as "TIGER Discretionary Grants" (Transportation Investments Generating Economic Recovery).

The purpose of this message is to remind all Class I railroads of the proper accounting and reporting for "TIGER GRANTS" as well as other grants and subsidies received from Federal, state and local authorities. For accounting purposes, the terms "TIGER GRANTS", "grants" and "subsidies" are generally synonymous.

While for simplicity we will refer to all forms of government donations as subsidies, it is important to note that this message applies to the following types of government transfers:

- (a) TIGER GRANTS
- (b) Payments of a continuing nature designed to reimburse a carrier for operating losses sustained on a specific line, in a certain region, etc. Examples are commuter operations run by railroads, and paid for in part by regional transit authorities. These may be characterized by their contractual nature; the carrier's services are dependent upon continued reimbursement.
- (c) Periodic subsidies to alleviate cash shortages.
- (d) Periodic subsidies designated for acquisition, addition to, or improvement of plant and equipment.
- (e) Periodic subsidies to be applied to operations or capital expenditures at the discretion of the recipient.

However this message does not apply to government contributions in connection with routine construction projects in which government agencies and railroads participate. Instruction 2-17 of the Uniform System of Accounts for Railroads prescribes appropriate accounting for these projects and specifies which projects are covered.

Proper accounting and reporting of subsidies is necessary to prevent misinterpretation of the recipient's financial statements. Improper treatment may understate the level of losses a firm suffers, distort operating and other ratios, as well as preclude meaningful comparison with previous years' financial statements.

Proper accounting is achieved by generally viewing the receipt of subsidies as operating revenue. Subsidies are essentially payment for current or future services of the recipient, which it earns in connection with profit-directed activities.

The recognition of a subsidy as operating revenue should correspond to the duration of benefits provided by that subsidy. Accordingly, subsidies which offer benefits only to the current period should be accounted for as operating revenue when received, and subsidies which provide future benefits should be deferred when received, and recognized over several periods.

Subsidies benefiting only the current period are those given to replenish working capital, and include subsidies specifically designated for continuation of a particular service, to cover operating expenses, or those provided for use at the discretion of management. Subsidies providing future benefits are those in the form of depreciable fixed assets, or funds designated by the donor for the purchase of such assets. We believe that subsidies of this type should be recognized as operating revenue over the depreciable lives of the assets to which they apply, because the benefit of these subsidies corresponds to the usefulness of the related assets.

In certain circumstances, government transfers should be regarded as contributed capital. Such treatment is appropriate for (1) transfers in the form of, or designated for the purchase of non-depreciable assets, and (2) transfers from the Federal government to Amtrak.

Non-depreciable assets provide benefits to the recipient indefinitely and cannot be related to specific accounting periods. For these reasons, their transfer represents a contribution to the permanent capital structure of the recipient and they are appropriately accounted for as contributed capital. Capital expenditure subsidies from the Federal government to Amtrak also represent capital contributions. On 10/30/1970, Congress enacted the Rail Passenger Service Act (Pub. L. 91-578). This act of Congress, which established Amtrak, required the Federal government to occupy a position of authority in this firm. Therefore this position gives the Federal government a special economic interest in the continued financial viability of Amtrak and any such transfers are provided to protect this interest. Therefore, transfers relating to capital expenditures more closely resemble stockholder donations than payments for services.

Proper reporting of subsidies is also necessary to prevent misinterpretation of the recipient's financial statements. Therefore, subsidies should be reported in a manner which highlights their effect on the financial statements. On the income statement, subsidies should be shown as a separate classification of operating revenues.

On the balance sheet, subsidies representing deferred revenue should be shown separately from other deferred credits and donations regarded as contributed capital should also be separated from other paid-in capital. An appropriate record shall be maintained of each asset associated with these transfers illustrating: (1) original cost to the railroad, (2) accumulated depreciation, and (3) estimated salvage value, if any. The deferred revenue account will be charged periodically, and Account 503, "Railway Operating Revenues – Amortization of Deferred Transfers from Government Authorities" will be credited with amounts equal to the depreciation costs of the assets to which they apply. When these assets are retired or otherwise disposed of, the deferred revenue account shall be charged, and Account 503 concurrently credited with any remaining associated amounts (See Instruction 1-15 of 49 CFR Part 1201 – Uniform System of Accounts For Railroad Companies).

For purposes of revenue adequacy reporting, the STB subtracts accumulated deferred tax credits from the net investment base because these credits represent a zero cost source of funds. Similarly funds provided by government subsidies also have no cost and should therefore be subtracted from the net investment base in computing revenue adequacy because railroads should not earn returns on increases in asset bases generated from investments that were paid for by government subsidies. Therefore Class I railroads should disclose the amount of government funding i.e. Tiger Grants; grants; and subsidies in footnotes to Schedule 250.

We believe that reporting government transfers in this manner will facilitate analysis of the recipients' financial statements both with and without the effect of government transfers. This is necessary to fully consider the regulatory implications and to ensure accounting consistency. In our opinion the same or similar types of transactions should be accounted for in a consistent way.

**NOTICE TO ACCOUNTING OFFICERS
OF CLASS 1 RAILROADS**

OCTOBER 20, 2008

SECTION OF ECONOMICS

This letter is to amend the "Notice to Accounting Officers Of Class 1 Railroads," dated August 15, 2007.(Notice)

The Financial Accounting Standards Board (FASB) has issued Statement of Accounting Standard No. 158 ,(SFAS 158) Employer's Accounting for Defined Benefit Pension and Other Postretirement Plans. This statement requires an employer to recognize the over funded or under funded status of a single employer defined benefit plan as a asset or liability in its statement of financial position and to recognize changes in the fund status in the year in which the changes occur through comprehensive income of a business entity. SFAS No. 158 also requires an employer to measure the fund status as of the date of its year-end statement of financial position.

The Board's Uniform Systems of Accounts do not provide specific guidance with regard to the accounting and reporting matters contained in SFAS No. 158. The following guidance is being provided to all Class 1 Railroads to ensure proper and consistent implementation of SFAS No. 158 for R-1 financial reporting purposes beginning with the 2008 R-1 year.

Class 1 Railroads should adopt SFAS No.158 for reporting to the Surface Transportation Board (Board) and it should do so in the same manner as the Statement is adopted for stockholder reporting.

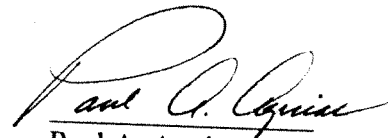

We find that language in the Notice of August 15, 2007 regarding the use of Accounts 601.5, 606, and 616 may mislead carriers on the propriety of using these accounts, specifically, use of these accounts without Board approval.

This guidance letter constitutes the required Board approval to use accounts 601.5, 606, and 616(b) for the recording and reporting implementation of the Statement and a separate approval request from the Board is not needed. Other entries to these accounts separate from SFAS No.158 still require prior approval from the Board.

Adoption of the accounting guidance in this letter is for Board accounting and reporting purposes only and may not affect any matters or determinations coming before the Board.

Questions on this Notice should be directed to:

Mr. Paul Aguiar
Branch Chief, Section of Economics
Office of Economics, Environmental Analysis, and Administration

Office of the Secretary
of Transportation

JAN 02 2018

Assistant Secretary
for Governmental Affairs

1200 New Jersey Ave., S.E.
Washington, DC 20590

The Honorable Trey Gowdy
Chairman
Committee on Oversight
and Government Reform
U.S. House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

Thank you for your letter of December 8, 2017, to Secretary Chao requesting a list of all guidance documents issued by the U.S. Department of Transportation since 2008.

It will take additional time for the Department to complete its response, which we will provide as soon as possible. We appreciate your patience.

A similar response has been sent to each cosigner of your letter. If your staff has questions on this or any other matter, they may contact the Secretary's Office of Governmental Affairs at 202-366-4573.

Sincerely,

Sean McMaster
Deputy Assistant Secretary
Congressional Affairs

- Request for Waiver of 31 CFR 208.6 and 210.5 for Split Travel Disbursements
- United States Standard General Ledger (USSGL)
- Surety Bonds
- Treasury Financial Manual
- BFS Frequently Asked Questions

Internal Revenue Service

The number of IRS documents that could be responsive to the request is extremely large. The Committee requested a list of all guidance documents issued by the IRS since January 1, 2008. Congress previously made a similar request to the Government Accountability Office (GAO) and, on September 6, 2016, GAO released a report (GAO-16-720) that reviewed how the IRS communicates its interpretation of tax laws to the public and the various types of guidance that the IRS issues. The report explained that the IRS publishes tax regulations and certain other guidance in the weekly Internal Revenue Bulletin (IRB), annually publishing about 2,000 pages of regulations and other guidance documents. The report also explained that, in addition to guidance published in the Federal Register and the IRB, thousands of other documents that provide information to taxpayers are available on the IRS's website. These include, in part, IRS Publications, IRS Forms, Tax Topics, Tax Trails, Tax FAQs, Chief Counsel Notices, Internal Revenue Manual provisions, Chief Counsel Advice (CCA), Priority Guidance Plans, Action on Decisions, Appeals Settlement Guidelines, General Counsel Memoranda, Technical Advice Memorandums, Legal Advice issued by Associate Chief Counsel, and Program Manager Technical Advice. The IRS's "Electronic Reading Room" provides links to databases containing these documents and other publicly available information. It can be accessed via this link: **<https://www.irs.gov/privacy-disclosure/electronic-reading-room>**. Two screenshots showing the various databases available via the Electronic Reading Room are below. Many of these databases contain tens of thousands of documents (if not more) that were released in the past ten years.

In addition, every year the IRS publishes its Priority Guidance Plan (PGP). The PGP identifies the projects that were priorities for allocation of resources during the period and includes a brief summary of every project listed. The PGP is updated quarterly with publication information and to add new guidance items that became priorities during the year. The Fourth Quarter update for each PGP contains every guidance project published by the IRS during that plan year. Each update to the PGP is available online via this link: **<https://www.irs.gov/privacy-disclosure/priority-guidance-plan>**. A screenshot showing the links to each of these updates for the past 10 years is below.

Regarding the specific information about each document that you requested, all of the documents that are available via the resources described above can be accessed individually. When accessed, each show the document's title, the name of the form of guidance, a description of the subject, the date of issuance, the issuing agency, the Regulation Identification Number (if applicable), and any other identification number (Items 1-5 and 7 on your list). The IRS meets its Congressional Review Act notice requirement (item 6(c)) for regulations by submitting a Congressional Review Act form (CRA form), the regulation, and other attachments, to Congressional and GAO representatives.

Significant Guidance Documents

The Department has issued two guidance documents since 2008 that OMB designated as “significant guidance documents” under its Bulletin for Agency Good Guidance Practices (72 FR 3432):

1. Departmental Offices; Interim Guidance Concerning the Terrorism Risk Insurance Reauthorization Act of 2007 **https://www.treasury.gov/resource-center/fin-mkts/Documents/interim_guidance_01282008.pdf**
2. Best Practices for Residential Covered Bonds.
<https://www.treasury.gov/about/organizational-structure/offices/General-Counsel/Documents/USCoveredBondBestPractices.pdf>

Departmental Offices (DO)

DO guidance is available by office or program at **<https://www.treasury.gov/resource-center/Pages/default.aspx>**. A list of DO guidance documents is forthcoming.

Office of the Secretary
Washington, D.C. 20250

DEC 22 2017

The Honorable Blake Farenthold
Chairman
Subcommittee on Interior, Energy,
and Environment
Committee on Oversight and Government Reform
U.S. House of Representatives
2157 Rayburn House Office Building
Washington, D.C. 20515

Dear Mr. Chairman:

Thank you for your letter of December 8, 2017, cosigned by your colleagues, regarding the guidance issued by the U.S. Department of Agriculture (USDA) since January 1, 2008.

Enclosed with this letter is USDA's inventory of the documents you requested. We believe this inventory captures the majority of documents you have requested. However, USDA will continue to gather potentially responsive documents and provide them to you no later than the last Friday of each month beginning in February 2018 and continuing through June 2018.

In an effort to comply with your request, USDA has identified circulars, frequently asked questions, bulletins, memoranda, and statements affecting the public, as well as guidance documents as they are defined in section I(3) of the Office of Management and Budget's Final Bulletin for Agency Good Guidance Practices, published on January 25, 2007. We note that it is the Office of Management and Budget's definition of guidance that the Government Accountability Office employed in their April 2015 report titled, "Regulatory Guidance Processes: Selected Departments Could Strengthen Internal Control and Dissemination Practices," GAO-15-368, as referenced in your December 8, 2017, letter.

We appreciate your interest in this issue. If you have any further questions, please have a member of your staff contact the Office of Congressional Relations at (202) 720-7095. A similar response has been sent to your colleagues.

Sincerely,

A handwritten signature in blue ink, reading "Sonny Perdue", is positioned above the printed name and title.

United States Department of Agriculture

Office of the Secretary
Washington, D.C. 20250

The Honorable Blake Farenthold
Chairman
Subcommittee on Interior, Energy, and Environment
Committee on Oversight and Government Reform
U.S. House of Representatives
2157 Rayburn House Office Building
Washington, D.C. 20515

Dear Mr. Chairman:

Thank you for your letter of December 8, 2017, cosigned by your colleagues, regarding the guidance issued by the U.S. Department of Agriculture (USDA) since January 1, 2008.

On December 22, 2017 we provided the majority of USDA's inventory of the documents you requested and agreed to continue collecting potentially responsive documents to be provided to you beginning in February 2018 and continuing through June 2018.

Consistent with the commitment we made, we have enclosed with this letter additional material responsive to your earlier request.

In an effort to comply with your request, USDA has identified circulars, frequently asked questions, bulletins, memoranda, and statements affecting the public, as well as guidance documents as they are defined in section I(3) of the Office of Management and Budget's Final Bulletin for Agency Good Guidance Practices, published on January 25, 2007. We note that it is the Office of Management and Budget's definition of guidance that the Government Accountability Office employed in their April 2015 report titled, "Regulatory Guidance Processes: Selected Departments Could Strengthen Internal Control and Dissemination Practices," GAO-15-368, as referenced in your December 8, 2017, letter.

We appreciate your interest in this issue. If you have any further questions, please have a member of your staff contact the Office of Congressional Relations at (202) 720-7095. A similar response has been sent to your colleagues.

Sincerely,

A handwritten signature in black ink, appearing to read "Rebeckah Adcock", is written over a horizontal line.

Rebeckah Adcock,
Regulatory Reform Officer

and Environment
House of Representatives
Washington, DC 20515-6143

The Honorable Mark Meadows
Chairman
Subcommittee on Government Operations
House of Representatives
Washington, DC 20515-6143

The Honorable Gary J. Palmer
Chairman
Subcommittee on Intergovernmental Affairs
House of Representatives
Washington, DC 20515-6143

Dear Chairmen Gowdy, Meadows, Jordan, Palmer, and Farenthold:

This is in response to your January 11, 2018 letter seeking information on federal agencies' use of "guidance documents" and requesting a list of any "guidance documents" issued by each agency since January 1, 2008. For the reasons stated below, the U.S. Postal Service does not have information that would meaningfully respond to the Committee on Oversight and Government Reform's request.

The Postal Service is not an "agency" within the meaning of Title 5 of the United States Code. It is an independent establishment of the executive branch of the Government,¹ and sells products and services to the public.² In creating the modern Postal Service (and

¹ 39 U.S.C. § 201.

² See *Shane v. Buck*, 658 F. Supp. 908, 914 (D. Utah 1985) ("The Postal Service is primarily concerned with the delivery of services, not with regulation."), *aff'd*, 817 F.2d 87 (10th Cir. 1987); *accord Standard Oil Div., Am. Oil Co. v. Starks*, 528 F.2d 201, 204 (7th Cir. 1975) (noting that "most" of the Postal Service's work "is not governmental in nature," and it exercises "powers that are common to any business organization").

abolishing its Cabinet-level predecessor, the Post Office Department) by passing the Postal Reorganization Act of 1970 ("PRA").³ Congress's central purpose was to modernize the provision of postal services, end bureaucratic inefficiency and allow the Postal Service to operate like a business.⁴ Congress recognized that, for the Postal Service to achieve its core mission of providing universal postal services to the public, it should operate free from the impediments that constrain typical agency action.⁵

Congress accomplished this aim largely by providing the Postal Service with operational independence "with powers equivalent to a private business enterprise."⁶ So, for example, the Reorganization Act gives the Postal Service independent authority to direct its own operations based on business needs, including the authority to hire its own employees,⁷ as well as the general powers to sue and be sued, to contract, to acquire and sell real and personal property, and to settle claims.⁸ The PRA also broadly exempts the Postal Service from constraints affecting the operations of federal agencies, including "Federal laws dealing with public or federal contracts, property, works, officers, employees, budgets, or funds."⁹ In addition, and perhaps most relevant here, the PRA grants the Postal Service independent authority to adopt, amend, and repeal such rules and regulations as may be necessary to execute its functions,¹⁰ and exempts such rules and regulations from the rulemaking requirements of the Administrative Procedure Act.¹¹

In fact, the Postal Service is exempt not only from the Administrative Procedure Act, but also from the entire framework within which Title 5 agencies exercise regulatory and policymaking power.¹² For example, the Paperwork Reduction Act, 44 U.S.C. § 3501 *et seq.*, which requires the Office of Management and Budget ("OMB"), among other things, to develop and oversee implementation of policies concerning the manner in which public information is disseminated and received, does not apply to the Postal Service.¹³ Similarly,

³ Pub. L. No. 91-375, 84 Stat. 719 (1970).

⁴ See *Franchise Tax Bd. of Cal. v. U.S. Postal Serv.*, 467 U.S. 512, 520 (1984) (the general design of the PRA was to have the Postal Service "be run more like a business than had its predecessor, the Post Office Department."); *Standard Oil Div.*, 528 F.2d at 202.

⁵ See 116 Cong. Rec. 21,709 (1970) (remarks of Sen. McGee) ("Delivering the mail is simply not in the same category of policymaking and program-development as foreign policy, national defense, housing, highway construction, or health and education assistance to State and local governments. It is an essential, business-oriented service, . . . [and] its role can be fulfilled with a greater degree of efficiency if it is removed from the ordinary channels, administrative controls, and legislative restrictions of other agencies in the executive branch."); see also H.R. Rep. No. 91-1104, at 13 (1970) (postal reform was designed to remove "management of the Postal Service from both presidential and congressional areas of concern"); S. Rep. No. 91-912, at 4 (1970) (executive authority of the Postal Service should be "independent of ordinary legislative and executive supervision and control").

⁶ *Beneficial Fin. Co. of N.Y. v. Dallas*, 571 F.2d 125, 128 (2d Cir. 1978).

⁷ 39 U.S.C. § 1001(e)(2).

⁸ 39 U.S.C. § 401.

⁹ 39 U.S.C. § 410(a).

¹⁰ 39 U.S.C. § 401(2).

¹¹ 39 U.S.C. § 410(a). See *Kuzma v. U.S. Postal Serv.*, 798 F.2d 29, 31 (2d Cir. 1986); *Nat'l Easter Seal Soc'y for Crippled Children & Adults v. U.S. Postal Serv.*, 656 F.2d 754, 766-67 (D.C. Cir. 1981).

¹² See *Am. Postal Works Union, AFL-CIO v. U.S. Postal Serv.*, 541 F.Supp. 2d 95, 98 (D.D.C. 2008) (in restructuring the Postal Service, Congress chose "the expedient of cost-constraints over the impediment of proceduralized oversight as the best way of keeping USPS in line with its mission.")

¹³ *Kuzma*, 798 F.2d at 32; *Shane*, 658 F. Supp. at 915, *aff'd*, 817 F.2d 87.

the Postal Service is not subjected to OMB's *Final Bulletin for Agency Good Guidance Practices*,¹⁴ which established review processes for "significant" sub-regulatory "guidance documents" issued by agencies; or to other aspects of the regulatory system originating in Executive Order 12866, which established the process through which federal regulatory actions taken by agencies are reviewed by the Office of Information and Regulatory Affairs ("OIRA") and which required agencies to submit a Unified Regulatory Agenda to OIRA detailing regulatory actions under development or review.¹⁵ Just as Executive Order 12866 did not apply to the Postal Service, neither did subsequent Executive Orders that maintained and built upon the framework that it established.¹⁶

For these reasons, the issues identified in the April 2015 Report of the Government Accountability Office (GAO), on which the Committee's January 11 letter relied, are inapplicable to the Postal Service. For federal "agencies," the distinction between "regulations" and "guidance documents" determines whether an agency action is subject to the rulemaking requirements of the APA. Similarly, the distinction between "significant" guidance documents and other guidance documents dictates whether an agency action is subject to OMB's *Good Guidance* rules (and OIRA review). None of these distinctions are relevant to the Postal Service's actions. To be sure, like any business, the Postal Service publishes reference materials to educate customers about the services it offers and to assist customers in complying with relevant technical requirements. It has made these materials widely available through its customer-facing websites, RIBBS (<https://ribbs.usps.gov>), and PostalPro (<https://postalpro.usps.com>). Further, it has published since 1880 the *Postal Bulletin*, a bi-weekly compendium of updates to service offerings, procedures and forms (<https://about.usps.com/postal-bulletin/welcome.htm>). But these are not "guidance documents" as defined in the Committee's letter, because the Postal Service does not operate within the rulemaking apparatus that applies to agencies. Accordingly, we do not believe we have any documents that would meaningfully respond to the Committee's request.

Please let me know if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Thomas J. Marshall". The signature is fluid and cursive, with the first name "Thomas" and last name "Marshall" clearly distinguishable.

Thomas J. Marshall

Department of Veterans Affairs

JAN 03 2018

THE SECRETARY OF VETERANS AFFAIRS
WASHINGTON

December 21, 2017

The Honorable Trey Gowdy
Chairman
Committee on Oversight and Government Reform
U.S. House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

Thank you for your December 8, 2017, co-signed letter to the Department of Veterans Affairs (VA) requesting a list of VA guidance documents issued since January 1, 2008. VA is working to provide the information you requested as soon as possible. However, as this is a very large data pull, we require additional time.

In the interim, much of the information you requested is available on VA's public websites. VA regulations can be found online at <https://www.va.gov/orpm/> and other VA legal resources, including precedent opinions, are available at <https://www.va.gov/OGC/>.

If you have questions, please have a member of your staff contact Mr. Omar Boulware, Congressional Relations Officer, at (202) 461-6468 or by email at Omara.Boulware@va.gov. The cosigners of your letter will receive separate responses.

Thank you for your continued support of our mission.

Sincerely,

A handwritten signature in blue ink that reads "David J. Shulkin, M.D.".

David J. Shulkin, M.D.

MAR 14 2018

THE SECRETARY OF VETERANS AFFAIRS
WASHINGTON

March 13, 2018

The Honorable Trey Gowdy
Chairman
Committee on Oversight and Government Reform
U.S. House of Representatives
Washington, DC 20515

Dear Mr. Chairman:

Thank you for your December 8, 2017, co-signed letter to the Department of Veterans Affairs (VA) requesting a list of VA guidance documents issued since January 1, 2008. I am providing this final response with the information you requested on the enclosed disc.

If you have any questions, please have a member of your staff contact Mr. Omar Boulware, Congressional Relations Officer, at (202) 461-6468 or by email at Omara.Boulware@va.gov. The cosigners of your letter and the Ranking Member of each Committee or Subcommittee will receive separate responses.

Thank you for your continued support of our mission.

Sincerely,

A handwritten signature in dark ink, appearing to read "D. Shulkin".

David J. Shulkin, M.D.

Department of Veterans Affairs Guidance (CY2008-2017)

Title	Type	Abstract	Document_number	html_url	pdf_url	Publication_Date
Dependents' Educational Assistance	Rule	This document amends the Department of Veterans Affairs (VA) regulation regarding dependents' educational assistance. A recent statutory change provides eligibility for dependents' educational assistance for dependents of servicepersons who meet certain criteria. This final rule is necessary to incorporate statutory amendments into VA regulations.	E7-25657	https://www.federalregister.gov/documents/2008/01/07/E7-25657/dependents-educational-assistance	https://www.gpo.gov/fdsys/pkg/FR-2008-01-07/pdf/E7-25657.pdf	1/7/2008
Education: Approval of Accredited Courses for VA Education Benefits	Rule	This document amends regulations governing aspects of educational assistance programs administered by the Department of Veterans Affairs (VA) to remove a requirement that had mirrored a former statutory requirement. This final rule reflects a statutory amendment that removed the statutory requirement that educational institutions offering accredited courses must notify VA and the student using VA education benefits of the amount of credit granted for the student's prior education and training.	E7-25658	https://www.federalregister.gov/documents/2008/01/07/E7-25658/education-approval-of-accredited-courses-for-va-education-benefits	https://www.gpo.gov/fdsys/pkg/FR-2008-01-07/pdf/E7-25658.pdf	1/7/2008
Copayment for Medication	Notice	The Department of Veterans Affairs (VA) is hereby giving notice that there is no change in the medication copayment rate for calendar year 2008 and the rate will remain at \$8.00. The total amount of copayments in a calendar year for a veteran enrolled in one of the Priority Groups 2 through 6 shall not exceed the cap of \$960.00. These rates are based on the Prescription Drug component of the Medical Consumer Price Index as cited in title 38, Code of Federal Regulations, part 17, Sec. 17.110.	E8-211	https://www.federalregister.gov/documents/2008/01/10/E8-211/copayment-for-medication	https://www.gpo.gov/fdsys/pkg/FR-2008-01-10/pdf/E8-211.pdf	1/10/2008
VA Acquisition Regulation: Plain Language Rewrite	Rule	This document amends the Department of Veterans Affairs (VA) Acquisition Regulation (VAAR). This document revises the VAAR to conform to plain language principles, updates delegations of authority, and removes non-regulatory material. The document also makes changes in format, arrangement, and numbering to make the VAAR parallel to the Federal Acquisition Regulation (FAR) as required by the FAR. In addition, provisions that simply restate FAR provisions that are already applicable have been removed, and procedures for providing notice and a hearing to resolve issues regarding possible violations of the Gratuities clause, for establishing qualified products lists, for suspending or debarring a contractor, for expediting payments to small businesses, and for reducing or suspending payments upon a finding of contract fraud have been added. The VAAR clause on Organizational Conflicts of Interest has been expanded to cover a broader range of services that may be subject to organizational conflicts of interest. Additional VAAR clauses have been added to the list of clauses for use in commercial item solicitations and contracts. Items that have been deleted include requirements for setting aside construction and architect-engineer solicitations for small businesses that are in conflict with current statute, a requirement to conduct an audit of section 8(a) price proposals that is contrary to current FAR requirements, and a VAAR provision that requested data from offerors on veteran-owned small businesses that has been replaced by a FAR provision. Guidance to contracting officers on the types of data that should be requested from a contractor when evaluating the contractor's financial condition has been added. Other additions include a	E7-25380	https://www.federalregister.gov/documents/2008/01/15/E7-25380/va-acquisition-regulation-plain-language-rewrite	https://www.gpo.gov/fdsys/pkg/FR-2008-01-15/pdf/E7-25380.pdf	1/15/2008

Veterans Education: Incorporation of Miscellaneous Statutory Provisions	Rule	This document amends regulations governing various aspects of the education programs administered by the Department of Veterans Affairs. These amendments reflect some of the provisions of the Veterans Education and Benefits Expansion Act of 2001, the Veterans Benefits Act of 2003, and the Veterans Benefits, Health Care, and Information Technology Act of 2006. The changes include: Restoration of certain education benefits for individuals being ordered to active duty; restoration of Survivors' and Dependents' Educational Assistance to certain full-time National Guard members; an opportunity for certain Vietnam-era veterans to qualify for Montgomery GI Bill education benefits; an increase in the maximum amount an individual can receive under the Senior Reserve Officer Training Corps educational assistance program and still qualify for the Montgomery GI Bill--Active Duty program; establishment of an ending date of the eligibility period for spouses under the Survivors' and Dependents' Educational Assistance program; expansion of special restorative training benefits to certain disabled spouses or disabled surviving spouses; and providing educational benefits for an independent study course that leads to a certificate reflecting educational attainment offered by an institution of higher learning. The document also amends the education regulations by making changes to reflect current agency organization and nonsubstantive changes for the purpose of readability or clarity.	E8-330	https://www.federalregister.gov/documents/2008/01/15/E8-330/veterans-education-incorporation-of-miscellaneous-statutory-provisions	https://www.gpo.gov/fdsys/pkg/FR-2008-01-15/pdf/E8-330.pdf	1/15/2008
Allowance for Private Purchase of an Outer Burial Receptacle in Lieu of a Government-Furnished Graveliner for a Grave in a VA National Cemetery	Notice	Public Law 104-275 was enacted on October 9, 1996. It allows the Department of Veterans Affairs (VA) to provide a monetary allowance towards the private purchase of an outer burial receptacle for use in a VA national cemetery. Under VA regulation (38 CFR 38.629), the allowance is equal to the average cost of Government-furnished graveliners less any administrative costs to VA. The law provides a veteran's survivors with the option of selecting a Government-furnished graveliner for use in a VA national cemetery where such use is authorized. The purpose of this Notice is to notify interested parties of the average cost of Government-furnished graveliners, administrative costs that relate to processing and paying the allowance, and the amount of the allowance payable for qualifying interments that occur during calendar year 2008.	E8-984	https://www.federalregister.gov/documents/2008/01/22/E8-984/allowance-for-private-purchase-of-an-outer-burial-receptacle-in-lieu-of-a-government-furnished	https://www.gpo.gov/fdsys/pkg/FR-2008-01-22/pdf/E8-984.pdf	1/22/2008
Increase in Mileage Reimbursement Rate and Deductible Amounts in the Beneficiary Travel Program	Notice	This notice is to inform the public of the Secretary's decision to increase the Department of Veterans Affairs (VA) Beneficiary Travel program mileage reimbursement rate and deductible amounts under 38 U.S.C. 111 for travel of eligible beneficiaries in connection with VA health care and for other purposes. Effective February 1, 2008, the beneficiary travel mileage reimbursement rate is increased from 11 cents to 28.5 cents based upon mileage traveled to or from a Department facility or other place in connection with vocational rehabilitation, counseling required by the Secretary pursuant to 38 U.S.C. chapter 34, "Educational Assistance" or chapter 35, "Survivors' and Dependents' Educational Assistance" or for the purpose of examination, treatment or care.	E8-1641	https://www.federalregister.gov/documents/2008/02/01/E8-1641/increase-in-mileage-reimbursement-rate-and-deductible-amounts-in-the-beneficiary-travel-program	https://www.gpo.gov/fdsys/pkg/FR-2008-02-01/pdf/E8-1641.pdf	2/1/2008

Loan Guaranty: Loan Servicing and Claims Procedures Modifications	Rule	This document establishes a new series for the Department of Veterans Affairs (VA) Loan Guaranty regulations, which will be phased in over an approximately eleven-month timeframe, as mortgage servicing industry segments ``go live" on a new computer-based tracking system being established by VA. This new series replicates existing regulations for most aspects of the VA Loan Guaranty program, but also includes changes related to several aspects of the servicing and liquidating of guaranteed housing loans in default, and the submitting of guaranty claims by loan holders. Specific topics revised in the new 4800 series include: increasing authority of servicers to implement loss-mitigation options, making incentive payments to servicers for successful loss-mitigation options, establishing a system of measuring and ranking servicer performance, establishing updated reporting requirements, permitting loan holders to review liquidation appraisals, requiring holders to calculate the net value of the security property prior to foreclosure, establishing a timeframe for when foreclosure of a defaulted loan should be completed, limiting the amount of interest and other fees and charges that may be included in a guaranty claim, establishing allowable attorneys fees to be included in the guaranty claim, establishing a deadline for the submission of guaranty claims, modifying the requirements for title evidence for properties conveyed to VA following foreclosure, modifying the requirements for how long a holder must maintain records relating to loans for which VA has paid a claim on the guaranty, and eliminating the requirement for the submission of legal procedural papers to VA. This document also includes specific revisions to three	08-337	https://www.federalregister.gov/documents/2008/02/01/08-337/loan-guaranty-loan-servicing-and-claims-procedures-modifications	https://www.gpo.gov/fdsys/pkg/FR-2008-02-01/pdf/08-337.pdf	2/1/2008
Fund Availability Under the VA Homeless Providers Grant and Per Diem Program	Notice	The Department of Veterans Affairs is announcing the availability of funds for applications for assistance under the ``Per Diem Only" component of VA's Homeless Providers Grant and Per Diem Program. This Notice contains information concerning the program, funding priorities, application process, and amount of funding available.	E8-2933	https://www.federalregister.gov/documents/2008/02/15/E8-2933/fund-availability-under-the-va-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2008-02-15/pdf/E8-2933.pdf	2/15/2008
Fund Availability Under the VA Homeless Providers Grant and Per Diem Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for applications for assistance under the Capital Grant component of VA's Homeless Providers Grant and Per Diem Program. This Notice contains information concerning the program, funding priorities, application process, and amount of funding available.	E8-2937	https://www.federalregister.gov/documents/2008/02/15/E8-2937/fund-availability-under-the-va-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2008-02-15/pdf/E8-2937.pdf	2/15/2008
Enhanced-Use Lease of VA Property for the Development and Operation of a Transitional Housing Facility for Homeless Veterans at the Department of Veterans Affairs Medical Center, Batavia, NY	Notice	The Secretary of the Department of Veterans Affairs (VA) intends to enter into an enhanced-use lease of approximately 7,196 square feet of underutilized space at the VA Medical Center in Batavia, New York. The selected lessee would finance, design, develop, operate and maintain a transitional housing facility consisting of no less than 7 two-bedroom units and 4 one-bedroom units for a total of 18 units. As consideration for the lease, eligible veterans would be provided facility units and related services on a priority basis at no cost to VA.	E8-3414	https://www.federalregister.gov/documents/2008/02/25/E8-3414/enhanced-use-lease-of-va-property-for-the-development-and-operation-of-a-transitional-housing	https://www.gpo.gov/fdsys/pkg/FR-2008-02-25/pdf/E8-3414.pdf	2/25/2008
Enhanced-Use Lease of VA Property for the Development and Operation of a Senior Housing Facility for Low Income Veterans at the Department of Veterans Affairs Medical Center, Dayton, OH	Notice	The Secretary of the Department of Veterans Affairs (VA) intends to enter into an enhanced-use lease of approximately 6 acres of underutilized land at the VA Medical Center in Dayton, Ohio. The selected lessee will finance, design, develop, construct, operate, maintain and manage a facility to provide senior housing for low income veterans. The facility will include a single 3-story, newly constructed masonry building, with not less than 61 one-bedroom and 6 two-bedroom units and associated vehicular parking spaces. The lessee also will be required to provide VA with agreed-upon ground rent payments and in- kind consideration consisting of priority placement and a discount rental rate that eligible veterans will pay to reside in the facility.	E8-5723	https://www.federalregister.gov/documents/2008/03/21/E8-5723/enhanced-use-lease-of-va-property-for-the-development-and-operation-of-a-senior-housing-facility-for	https://www.gpo.gov/fdsys/pkg/FR-2008-03-21/pdf/E8-5723.pdf	3/21/2008

National Cemetery Administration; Record of Decision for the Annex to the Fort Rosecrans National Cemetery at Marine Corps Air Station Miramar, San Diego, CA	Notice	Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, 42 U.S.C. 4332(2)(c), and the regulations of the Council on Environmental Quality that implement NEPA procedures, 40 CFR Parts 1500-1508, the Department of Veterans Affairs, National Cemetery Administration (VA) and the Department of the Navy (DON) announce their decision to enter into a land use agreement for the construction and operation of an annex to the existing Fort Rosecrans National Cemetery at Marine Corps Air Station (MCAS) Miramar, in San Diego, California. The land use agreement between the DON and the VA will govern the construction and operation of the cemetery annex at MCAS Miramar at Site 2, the preferred alternative, as described in the Final Environmental Impact Statement (FEIS) of July 2007.	E8-7498	https://www.federalregister.gov/documents/2008/04/10/E8-7498/national-cemetery-administration-record-of-decision-for-the-annex-to-the-fort-rosecrans-national	https://www.gpo.gov/fdsys/pkg/FR-2008-04-10/pdf/E8-7498.pdf	4/10/2008
Data Breaches	Rule	This document adopts, without change, the interim final rule that was published in the Federal Register on June 22, 2007, addressing data breaches of sensitive personal information that is processed or maintained by the Department of Veterans Affairs (VA). This final rule implements certain provisions of the Veterans Benefits, Health Care, and Information Technology Act of 2006. The regulations prescribe the mechanisms for taking action in response to a data breach of sensitive personal information.	E8-7726	https://www.federalregister.gov/documents/2008/04/11/E8-7726/data-breaches	https://www.gpo.gov/fdsys/pkg/FR-2008-04-11/pdf/E8-7726.pdf	4/11/2008
GR Modifier Use by the Department of Veterans Affairs	Notice	The Department of Veterans Affairs (VA) bills health benefit plans for the cost of certain care delivered to veterans. Starting with dates of service on and after January 1, 2006, when medical residents deliver care in a VA Medical Center or clinic under the supervision of an attending physician, VA will issue its bill in the name of the attending physician but append the Healthcare Common Procedural Coding System (HCPCS) Level II modifier ``-GR" to the CPT code for the service. For billing and payment purposes, the ``-GR" modifier when used on VA billings has the same effect as the ``-GC" or ``-GE" modifier when used in billings from non-VA providers. The use of the ``-GC" ``-GE" modifiers is generally discontinued in VA billings; they are used only as specifically permitted by VA policy.	E8-7642	https://www.federalregister.gov/documents/2008/04/11/E8-7642/gr-modifier-use-by-the-department-of-veterans-affairs	https://www.gpo.gov/fdsys/pkg/FR-2008-04-11/pdf/E8-7642.pdf	4/11/2008
VA Adjudication Procedures Manual, M21-1; Rescission of Manual M21-1 Provisions Related to Exposure to Herbicides Based on Receipt of the Vietnam Service Medal	Notice	The Department of Veterans Affairs (VA) rescinds provisions of its Adjudication Procedures Manual, M21-1 (Manual M21-1) that were found by the U.S. Court of Appeals for Veterans Claims (Veterans Court) not to have been properly rescinded.	E8-7912	https://www.federalregister.gov/documents/2008/04/15/E8-7912/va-adjudication-procedures-manual-m21-1-rescission-of-manual-m21-1-provisions-related-to-exposure-to	https://www.gpo.gov/fdsys/pkg/FR-2008-04-15/pdf/E8-7912.pdf	4/15/2008
Elimination of Co-Payment for Weight Management Counseling	Rule	The Department of Veterans Affairs (VA) is taking direct action to amend its medical regulations concerning co-payments for inpatient hospital care and outpatient medical care. More specifically, this rule designates weight management counseling (individual and group sessions) as a service that is not subject to co-payment requirements. The intended effect of this direct final rule is to increase participation in weight management counseling by removing the co- payment barrier. This direct final rule also amends the medical regulations by making nonsubstantive changes to correct references to statutory provisions.	E8-8097	https://www.federalregister.gov/documents/2008/04/16/E8-8097/elimination-of-co-payment-for-weight-management-counseling	https://www.gpo.gov/fdsys/pkg/FR-2008-04-16/pdf/E8-8097.pdf	4/16/2008
Loan Guaranty: Loan Servicing and Claims Procedures Modifications Segment 2 Effective Date	Notice	This publication is to serve as notice that on April 18, 2008, Subpart F of Title 38, Code of Federal Regulations, Part 36, will be applicable to industry segment 2. Program participants in the VA Home Loan Guaranty Program's servicing and claims activities were assigned to one of nine industry segments as part of the planned phased implementation of the rules in Subpart F. All program participants were given notice of their respective segments and were afforded opportunity to comment during the regulatory development process (see Supplementary Information section of this notice). Segment 2 participants will be under the authority of Subpart F rules on April 18, 2008. VA continues to work with these participants to ensure that all necessary servicing system modifications, defect corrections, interface testing and data transmission are addressed.	E8-8381	https://www.federalregister.gov/documents/2008/04/18/E8-8381/loan-guaranty-loan-servicing-and-claims-procedures-modifications-segment-2-effective-date	https://www.gpo.gov/fdsys/pkg/FR-2008-04-18/pdf/E8-8381.pdf	4/18/2008

Notice and Assistance Requirements and Technical Correction	Rule	The Department of Veterans Affairs (VA) is amending its regulation governing VA's duty to provide a claimant with notice of the information and evidence necessary to substantiate a claim and VA's duty to assist a claimant in obtaining the evidence necessary to substantiate the claim. The purpose of these changes is to clarify when VA has no duty to notify a claimant of how to substantiate a claim for benefits, to make the regulation comply with statutory changes, and to streamline the development of claims. Additionally, we are making a non-substantive, technical correction to the statutory references in a separate part 3 regulation.	E8-9454	https://www.federalregister.gov/documents/2008/04/30/E8-9454/notice-and-assistance-requirements-and-technical-correction	https://www.gpo.gov/fdsys/pkg/FR-2008-04-30/pdf/E8-9454.pdf	4/30/2008
Typographical Error: Notice and Assistance Requirements; Correction	Rule	The Department of Veterans Affairs (VA) published a document in the Federal Register of April 30, 2008, revising its regulation governing VA's duty to provide a claimant with notice of the information and evidence necessary to substantiate a claim and VA's duty to assist a claimant in obtaining the evidence necessary to substantiate the claim. The document inadvertently contained a typographical error, and this document corrects that error.	E8-9966	https://www.federalregister.gov/documents/2008/05/06/E8-9966/typographical-error-notice-and-assistance-requirements-correction	https://www.gpo.gov/fdsys/pkg/FR-2008-05-06/pdf/E8-9966.pdf	5/6/2008
Provision of Hospital Care and Medical Services During Certain Disasters or Emergencies	Rule	The Department of Veterans Affairs (VA) hereby establishes regulations regarding the provision of hospital care and medical services under the VA Emergency Preparedness Act of 2002, to individuals responding to, involved in, or otherwise affected by certain disasters or emergencies (including individuals who otherwise do not have VA eligibility for such care and services).	E8-10488	https://www.federalregister.gov/documents/2008/05/12/E8-10488/provision-of-hospital-care-and-medical-services-during-certain-disasters-or-emergencies	https://www.gpo.gov/fdsys/pkg/FR-2008-05-12/pdf/E8-10488.pdf	5/12/2008
Graves Marked With a Private Headstone or Marker	Rule	The Department of Veterans Affairs (VA) is amending its regulations regarding the authority to provide a Government furnished headstone or marker for placement on already marked graves of eligible veterans in private cemeteries. Pursuant to section 203 of the Dr. James Allen Veteran Vision Equity Act of 2007, Congress has authorized VA to make this provision permanent and retroactive to November 1, 1990. This final rule is necessary to incorporate a statutory amendment into VA regulations.	E8-10635	https://www.federalregister.gov/documents/2008/05/13/E8-10635/graves-marked-with-a-private-headstone-or-marker	https://www.gpo.gov/fdsys/pkg/FR-2008-05-13/pdf/E8-10635.pdf	5/13/2008
VA Veteran-Owned Small Business Verification Guidelines	Rule	This interim final rule implements portions of the Veterans Benefits, Health Care, and Information Technology Act of 2006. This law requires the Department of Veterans Affairs (VA) to verify ownership and control of veteran-owned small businesses, including service- disabled veteran-owned small businesses. According to this interim final rule, a contracting officer in the Department of Veterans Affairs may restrict competition for a requirement to a service-disabled veteran-owned small business (SDVOSB) or to a veteran-owned small business (VOSB) if that business is listed as ``verified" in the VetBiz.gov Vendor Information Pages (VIP) database. The interim final rule defines the eligibility requirements for businesses to obtain ``verified" status, explains examination procedures, and establishes records retention and review processes.	E8-10489	https://www.federalregister.gov/documents/2008/05/19/E8-10489/va-veteran-owned-small-business-verification-guidelines	https://www.gpo.gov/fdsys/pkg/FR-2008-05-19/pdf/E8-10489.pdf	5/19/2008
Accreditation of Agents and Attorneys; Agent and Attorney Fees	Rule	The Department of Veterans Affairs (VA) is amending its regulations governing the representation of claimants for veterans benefits in order to implement provisions of the Veterans Benefits, Health Care, and Information Technology Act of 2006, and to reorganize and clarify existing regulations. As amended, the regulations establish the procedures and rules necessary for VA to facilitate the paid representation of claimants by accredited agents and attorneys after a Notice of Disagreement has been filed with respect to a case. The purpose of these regulations is to fulfill Congress' direction that agents and attorneys may be paid for services rendered after a Notice of Disagreement is filed with respect to a decision by an agency of original jurisdiction while ensuring that claimants for veterans benefits have responsible, qualified representation.	E8-10779	https://www.federalregister.gov/documents/2008/05/22/E8-10779/accreditation-of-agents-and-attorneys-agent-and-attorney-fees	https://www.gpo.gov/fdsys/pkg/FR-2008-05-22/pdf/E8-10779.pdf	5/22/2008
Disease Subject to Presumptive Service Connection; Correction	Rule	This document contains a correction to the regulations of the Department of Veterans Affairs (VA) that governs presumptive service connection for certain diseases from exposure to ionizing radiation during military service. This correction is required in order to amend a cross-reference in the regulation. No substantive change to the content of the regulations is being made by this correcting amendment.	E8-11725	https://www.federalregister.gov/documents/2008/05/28/E8-11725/disease-subject-to-presumptive-service-connection-correction	https://www.gpo.gov/fdsys/pkg/FR-2008-05-28/pdf/E8-11725.pdf	5/28/2008

Survivors' and Dependents' Educational Assistance Program Period of Eligibility for Eligible Children and Other Miscellaneous Issues	Rule	The Department of Veterans Affairs (VA) is amending its regulations governing the Survivors' and Dependents' Educational Assistance (DEA) program to implement statutory provisions in the Veterans Benefits and Health Care Improvement Act of 2000, the Veterans' Survivor Benefits Improvements Act of 2001, the Veterans Education and Benefits Expansion Act of 2001, the Veterans Benefits Act of 2002, and the Veterans Benefits Act of 2003. As a result of these statutory provisions, certain eligible children may choose the beginning date of their period of eligibility and eligible children who serve on active duty or in the National Guard may receive extensions to the ending date of their period of eligibility. These statutory provisions also allow VA to consider certain qualifying beneficiaries' original claims as having been filed retroactively to their eligibility dates. In addition, they allow certain eligible DEA beneficiaries to be paid for preparatory courses for tests required or used for admission to an institution of higher education or a graduate school. Further, these provisions permit eligible children to receive benefits for such preparatory courses even if the courses are taken before their 18th birthday. This document implements these provisions of law by amending pertinent regulations.	E8-11726	https://www.federalregister.gov/documents/2008/05/28/E8-11726/survivors-and-dependents-educational-assistance-program-period-of-eligibility-for-eligible-children	https://www.gpo.gov/fdsys/pkg/FR-2008-05-28/pdf/E8-11726.pdf	5/28/2008
Disease Subject to Presumptive Service Connection; Correction	Rule	This document contains a correction to the regulations of the Department of Veterans Affairs (VA) that governs presumptive service connection for certain diseases from exposure to ionizing radiation during military service. This correction is required in order to amend a cross-reference in the regulation. No substantive change to the content of the regulations is being made by this correcting amendment.	E8-12378	https://www.federalregister.gov/documents/2008/06/04/E8-12378/disease-subject-to-presumptive-service-connection-correction	https://www.gpo.gov/fdsys/pkg/FR-2008-06-04/pdf/E8-12378.pdf	6/4/2008
Enhanced-Use Lease of VA Property for the Development and Operation of a Transitional Housing Facility for Eligible Homeless Veterans at the Department of Veterans Affairs Medical Center, Dayton, OH	Notice	The Secretary of the Department of Veterans Affairs (VA) intends to enter into an enhanced-use lease of approximately 41,817 gross square feet of underutilized building space at the VA Medical Center in Dayton, Ohio. The selected lessee will finance, renovate, construct, design, develop, operate, manage and maintain a transitional housing facility consisting of no less than 50 units for eligible homeless veterans. As consideration for the lease, eligible veterans will be provided facility units and related services on a priority basis at no cost to VA.	E8-13823	https://www.federalregister.gov/documents/2008/06/19/E8-13823/enhanced-use-lease-of-va-property-for-the-development-and-operation-of-a-transitional-housing	https://www.gpo.gov/fdsys/pkg/FR-2008-06-19/pdf/E8-13823.pdf	6/19/2008
Loan Guaranty: Loan Servicing and Claims Procedures Modifications Segment 3 Effective Date	Notice	This publication is to serve as notice that on May 30, 2008, subpart F of title 38, Code of Federal Regulations, part 36, will be applicable to industry segment 3. Program participants in the VA Home Loan Guaranty Program's servicing and claims activities were assigned to one of nine industry segments as part of the planned phased implementation of the rules in subpart F. All program participants were given notice of their respective segments and were afforded opportunity to comment during the regulatory development process (see Supplementary Information section, below). Segment 3 participants will be under the authority of subpart F rules on May 30, 2008. VA continues to work with these participants to ensure that all necessary servicing system modifications, defect corrections, interface testing and data transmission are addressed.	E8-13827	https://www.federalregister.gov/documents/2008/06/19/E8-13827/loan-guaranty-loan-servicing-and-claims-procedures-modifications-segment-3-effective-date	https://www.gpo.gov/fdsys/pkg/FR-2008-06-19/pdf/E8-13827.pdf	6/19/2008
Prohibition of Interment or Memorialization in National Cemeteries and Certain State Cemeteries Due to Commission of Capital Crimes	Rule	This final rule amends the Department of Veterans Affairs (VA) regulations to implement section 662 of the National Defense Authorization Act of 2006 (Pub. L. 109-163). Section 662 of the Act prohibits interment and memorialization in a national or State veterans cemetery of certain persons who have been convicted of a Federal or State capital crime and whose conviction is final, unless such a person's sentence was commuted by the President or the Governor of a State. The final rule implements statutory provisions to ensure that the remains of certain persons who have committed Federal or State capital crimes are not interred or memorialized in a national or State veterans cemetery.	E8-14038	https://www.federalregister.gov/documents/2008/06/23/E8-14038/prohibition-of-interment-or-memorialization-in-national-cemeteries-and-certain-state-cemeteries-due	https://www.gpo.gov/fdsys/pkg/FR-2008-06-23/pdf/E8-14038.pdf	6/23/2008

Summary of a Precedent Opinion of the General Counsel	Notice	The Department of Veterans Affairs (VA) is publishing a summary of a legal interpretation issued by the Department's General Counsel involving veterans' benefits under laws administered by VA. This interpretation is considered precedential by VA and will be followed by VA officials and employees in future claim matters involving the same legal issues. The summary is published to provide the public, and, in particular, veterans' benefits claimants and their representatives, with notice of VA's interpretation regarding the legal matter at issue.	E8-14209	https://www.federalregister.gov/documents/2008/06/24/E8-14209/summary-of-a-precedent-opinion-of-the-general-counsel	https://www.gpo.gov/fdsys/pkg/FR-2008-06-24/pdf/E8-14209.pdf	6/24/2008
Beneficiary Travel Under 38 U.S.C. 111 Within the United States	Rule	This document amends the beneficiary travel regulations of the Department of Veterans Affairs (VA) that provide a mechanism for payment of travel expenses within the United States under 38 U.S.C. 111 to help veterans and other persons obtain care and services from VA's Veterans Health Administration (VHA). The amended regulations more fully implement the statutory provisions governing such payments.	E8-14722	https://www.federalregister.gov/documents/2008/06/30/E8-14722/beneficiary-travel-under-38-usc-111-within-the-united-states	https://www.gpo.gov/fdsys/pkg/FR-2008-06-30/pdf/E8-14722.pdf	6/30/2008
Eligibility Reporting Requirements	Rule	This document amends the Department of Veterans Affairs (VA) adjudication regulations regarding eligibility verification reports for certain parents receiving dependency and indemnity compensation. This amendment is necessary to conform the regulation to statutory provisions.	E8-15996	https://www.federalregister.gov/documents/2008/07/15/E8-15996/eligibility-reporting-requirements	https://www.gpo.gov/fdsys/pkg/FR-2008-07-15/pdf/E8-15996.pdf	7/15/2008
Supplemental Statement of the Case	Rule	The Department of Veterans Affairs (VA) is amending its regulations to adjust the time period for filing a response to a Supplemental Statement of the Case in appeals to the Board of Veterans' Appeals (Board) from 60 days to 30 days. The purpose of this adjustment is to improve efficiency in the appeals process and reduce the time that it takes to resolve appeals while still providing appellants with a reasonable period to respond to a Supplemental Statement of the Case.	E8-16238	https://www.federalregister.gov/documents/2008/07/16/E8-16238/supplemental-statement-of-the-case	https://www.gpo.gov/fdsys/pkg/FR-2008-07-16/pdf/E8-16238.pdf	7/16/2008
Determination of Presumption of Service Connection Concerning Illnesses Discussed in National Academy of Sciences Report on Gulf War and Health: Updated Literature Review of Sarin	Notice	As required by law, the Department of Veterans Affairs (VA) hereby gives notice that the Secretary of Veterans Affairs, under the authority granted by the Persian Gulf War Veterans Act of 1998, Public Law 105-277, title XVI, 112 Stat. 2681-742 through 2681-749 (codified in part at 38 U.S.C. 1118), has determined that there is no basis to establish a presumption of service connection for any of the diseases, illnesses, or health effects discussed in the August 2004 report of the National Academy of Sciences, titled ``Gulf War and Health: Updated Literature Review of Sarin," based on exposure to sarin during service in the Persian Gulf during the Persian Gulf War.	E8-16525	https://www.federalregister.gov/documents/2008/07/21/E8-16525/determination-of-presumption-of-service-connection-concerning-illnesses-discussed-in-national	https://www.gpo.gov/fdsys/pkg/FR-2008-07-21/pdf/E8-16525.pdf	7/21/2008
Beneficiary Travel Under 38 U.S.C. 111 Within the United States; Correction	Rule	The Department of Veterans Affairs (VA) published a document in the Federal Register on June 30, 2008 (73 FR 36796), amending its beneficiary travel regulations that provide a mechanism for payment of travel expenses within the United States under 38 U.S.C. 111 to help veterans and other persons obtain care and services from VA's Veterans Health Administration (VHA). That document contained a typographical error. This document corrects that error.	E8-19961	https://www.federalregister.gov/documents/2008/08/28/E8-19961/beneficiary-travel-under-38-usc-111-within-the-united-states-correction	https://www.gpo.gov/fdsys/pkg/FR-2008-08-28/pdf/E8-19961.pdf	8/28/2008
Enhanced-Use Lease of VA Property for the Improvement and Operation of the Memorial Stadium at the Department of Veterans Affairs Medical Center, Chillicothe, OH	Notice	The Secretary of the Department of Veterans Affairs (VA) intends to enter into an enhanced-use lease of approximately 4.273 acres of underutilized land and improvements at the VA Medical Center in Chillicothe, Ohio. The selected lessee will finance, preserve, improve, design, build, operate, manage and maintain the property, which includes the VA Memorial Stadium and its accessory facilities (e.g., bleachers, dressing rooms, concession buildings, playground, and a grassy area adjacent to the stadium). As consideration for the lease, the lessee will be required to make annual capital improvements, pay VA fair market annual rent, and allow VA to use the stadium at no cost for mission-related events at least 5 times annually during the lease term. The value of the consideration meets or exceeds the net present value of the property to be leased.	E8-20373	https://www.federalregister.gov/documents/2008/09/03/E8-20373/enhanced-use-lease-of-va-property-for-the-improvement-and-operation-of-the-memorial-stadium-at-the	https://www.gpo.gov/fdsys/pkg/FR-2008-09-03/pdf/E8-20373.pdf	9/3/2008

Enhanced-Use Lease of VA Property for the Development and Operation of a Transitional Housing Facility for Eligible Homeless Veterans at the Department of Veterans Affairs Medical Center, Battle Creek, MI.	Notice	The Secretary of the Department of Veterans Affairs (VA) intends to enter into an enhanced-use lease of 6 acres of underutilized land at the VA Medical Center in Battle Creek, Michigan. The selected lessee will finance, design, develop, construct, operate, manage and maintain a transitional housing facility consisting of 75 units and a manager's unit. As consideration for the lease, the lessee will be required to provide VA with rent, and/or in-kind consideration, including furnishing homeless veterans with transitional housing units and related services on a priority basis.	E8-20576	https://www.federalregister.gov/documents/2008/09/05/E8-20576/enhanced-use-lease-of-va-property-for-the-development-and-operation-of-a-transitional-housing	https://www.gpo.gov/fdsys/pkg/FR-2008-09-05/pdf/E8-20576.pdf	9/5/2008
Presumption of Service Connection for Amyotrophic Lateral Sclerosis	Rule	This document amends the Department of Veterans Affairs (VA) adjudication regulations to establish a presumption of service connection for amyotrophic lateral sclerosis (ALS) for any veteran who develops the disease at any time after separation from service. This amendment is necessary to implement a decision by the Secretary to establish such a presumption based primarily on a November 2006 report by the National Academy of Sciences Institute of Medicine (IOM) on the association between active service and ALS.	E8-21998	https://www.federalregister.gov/documents/2008/09/23/E8-21998/presumption-of-service-connection-for-amyotrophic-lateral-sclerosis	https://www.gpo.gov/fdsys/pkg/FR-2008-09-23/pdf/E8-21998.pdf	9/23/2008
Schedule for Rating Disabilities; Evaluation of Residuals of Traumatic Brain Injury (TBI)	Rule	This document amends the Department of Veterans Affairs (VA) Schedule for Rating Disabilities by revising the portion of the Schedule that addresses neurological conditions and convulsive disorders. The effect of this action is to provide detailed and updated criteria for evaluating residuals of traumatic brain injury (TBI).	E8-22083	https://www.federalregister.gov/documents/2008/09/23/E8-22083/schedule-for-rating-disabilities-evaluation-of-residuals-of-traumatic-brain-injury-tbi	https://www.gpo.gov/fdsys/pkg/FR-2008-09-23/pdf/E8-22083.pdf	9/23/2008
Schedule for Rating Disabilities; Evaluation of Scars	Rule	This document amends the Department of Veterans Affairs (VA) Schedule for Rating Disabilities by revising that portion of the Schedule that addresses the Skin, so that it more clearly reflects our policies concerning the evaluation of scars.	E8-21980	https://www.federalregister.gov/documents/2008/09/23/E8-21980/schedule-for-rating-disabilities-evaluation-of-scars	https://www.gpo.gov/fdsys/pkg/FR-2008-09-23/pdf/E8-21980.pdf	9/23/2008
Loan Guaranty: Loan Servicing and Claims Procedures Modifications Segment 4 Effective Date	Notice	This publication is to serve as notice that on June 27, 2008, Subpart F of Title 38, Code of Federal Regulations, Part 36, will be applicable to industry segment 4. Program participants in the VA Home Loan Guaranty Program's servicing and claims activities were assigned to one of nine industry segments as part of the planned phased implementation of the rules in Subpart F. All program participants were given notice of their respective segments and were afforded opportunity to comment during the regulatory development process (see SUPPLEMENTARY INFORMATION section, below). Segment 4 participants will be under the authority of Subpart F rules on June 27, 2008. VA continues to work with these participants to ensure that all necessary servicing system modifications, defect corrections, interface testing and data transmission are addressed.	E8-22299	https://www.federalregister.gov/documents/2008/09/24/E8-22299/loan-guaranty-loan-servicing-and-claims-procedures-modifications-segment-4-effective-date	https://www.gpo.gov/fdsys/pkg/FR-2008-09-24/pdf/E8-22299.pdf	9/24/2008
Loan Guaranty: Loan Servicing and Claims Procedures Modifications Segment 5 Effective Date	Notice	This publication is to serve as notice that on July 25, 2008, Subpart F of Title 38, Code of Federal Regulations, Part 36, will be applicable to industry segment 5. Program participants in the VA Home Loan Guaranty Program's servicing and claims activities were assigned to one of nine industry segments as part of the planned phased implementation of the rules in Subpart F. All program participants were given notice of their respective segments and were afforded opportunity to comment during the regulatory development process (see SUPPLEMENTARY INFORMATION section below). Segment 5 participants will be under the authority of Subpart F rules on July 25, 2008. VA continues to work with these participants to ensure that all necessary servicing system modifications, defect corrections, interface testing and data transmission are addressed.	E8-22303	https://www.federalregister.gov/documents/2008/09/24/E8-22303/loan-guaranty-loan-servicing-and-claims-procedures-modifications-segment-5-effective-date	https://www.gpo.gov/fdsys/pkg/FR-2008-09-24/pdf/E8-22303.pdf	9/24/2008

Loan Guaranty: Loan Servicing and Claims Procedures Modifications Segment 6 Effective Date	Notice	This publication is to serve as notice that on September 19, 2008, Subpart F of Title 38, Code of Federal Regulations, Part 36, will be applicable to industry segment 6. Program participants in the VA Home Loan Guaranty Program's servicing and claims activities were assigned to one of nine industry segments as part of the planned phased implementation of the rules in Subpart F. All program participants were given notice of their respective segments and were afforded opportunity to comment during the regulatory development process (see SUPPLEMENTARY INFORMATION section, below). Segment 6 participants will be under the authority of Subpart F rules on September 19, 2008. VA continues to work with these participants to ensure that all necessary servicing system modifications, defect corrections, interface testing and data transmission are addressed.	E8-22304	https://www.federalregister.gov/documents/2008/09/24/E8-22304/loan-guaranty-loan-servicing-and-claims-procedures-modifications-segment-6-effective-date	https://www.gpo.gov/fdsys/pkg/FR-2008-09-24/pdf/E8-22304.pdf	9/24/2008
Loan Guaranty: Loan Servicing and Claims Procedures Modifications Segment 7 Effective Date	Notice	This publication is to serve as notice that on October 17, 2008, Subpart F of Title 38, Code of Federal Regulations, Part 36, will be applicable to industry segment 7. Program participants in the VA Home Loan Guaranty Program's servicing and claims activities were assigned to one of nine industry segments as part of the planned phased implementation of the rules in Subpart F. All program participants were given notice of their respective segments and were afforded opportunity to comment during the regulatory development process (see SUPPLEMENTARY INFORMATION section, below). Segment 7 participants will be under the authority of Subpart F rules on October 17, 2008. VA continues to work with these participants to ensure that all necessary servicing system modifications, defect corrections, interface testing and data transmission are addressed. Reasonable Charges for Inpatient DRG and SNF Medical Services; 2009; Fiscal Year Update	Notice	Section 17.101 of Title 38 of the Code of Federal Regulations sets forth the Department of Veterans Affairs (VA) medical regulations concerning "reasonable charges" for medical care or services provided or furnished by VA to a veteran.	E8-22787	https://www.federalregister.gov/documents/2008/10/01/E8-22787/reasonable-charges-for-inpatient-drg-and-snf-medical-services-2009-fiscal-year-update	https://www.gpo.gov/fdsys/pkg/FR-2008-10-01/pdf/E8-22787.pdf	10/1/2008
Dental Care-Provision of One-Time Outpatient Dental Care for Certain Veterans	Rule	The Department of Veterans Affairs (VA) is amending its regulations regarding the authority to provide one-time outpatient dental treatment to eligible veterans following discharge or release from active duty. In section 1709 of Public Law 110-181, the National Defense Authorization Act for Fiscal Year 2008, Congress amended the eligibility criteria for the one-time dental treatment benefit. This rule is necessary to incorporate the statutory amendments into VA regulations.	E8-23771	https://www.federalregister.gov/documents/2008/10/08/E8-23771/dental-care-provision-of-one-time-outpatient-dental-care-for-certain-veterans	https://www.gpo.gov/fdsys/pkg/FR-2008-10-08/pdf/E8-23771.pdf	10/8/2008
Grants to States for Construction and Acquisition of State Home Facilities	Rule	This document affirms as final, with changes, an interim final rule that amended regulations regarding grants to States for the construction or acquisition of State homes for furnishing domiciliary and nursing home care to veterans, or for the expansion, remodeling, or alteration of existing State homes for furnishing domiciliary, nursing home, or adult day health care to veterans. This rule is necessary to update the regulations and to implement statutory provisions, including provisions of the Veterans Millennium Health Care and Benefits Act. This document also incorporates some non-substantive changes to the regulations in the interim final rule and recognizes a change made to 38 CFR 59.50(b) on February 14, 2007.	E8-23822	https://www.federalregister.gov/documents/2008/10/08/E8-23822/grants-to-states-for-construction-and-acquisition-of-state-home-facilities	https://www.gpo.gov/fdsys/pkg/FR-2008-10-08/pdf/E8-23822.pdf	10/8/2008

Accrued Benefits; Correction	Rule	This document contains a minor correction to the final regulations that the Department of Veterans Affairs (VA) published in 71 FR 78368 on December 29, 2006. The regulation relates to the Payment of Benefits to Survivors of Estates of Deceased Beneficiaries. No substantive change to the content of the regulation is being made by correcting this amendment.	E8-24650	https://www.federalregister.gov/documents/2008/10/17/E8-24650/accrued-benefits-correction	https://www.gpo.gov/fdsys/pkg/FR-2008-10-17/pdf/E8-24650.pdf	10/17/2008
Posttraumatic Stress Disorder	Rule	The Department of Veterans Affairs (VA) is amending its adjudication regulations regarding service connection for posttraumatic stress disorder (PTSD) by eliminating the requirement of evidence corroborating occurrence of the claimed in-service stressor in claims in which PTSD is diagnosed in service. This amendment is necessary to facilitate the proof of service connection in such claims. By this amendment, we intend to reduce claim-processing time for such claims.	E8-25735	https://www.federalregister.gov/documents/2008/10/29/E8-25735/posttraumatic-stress-disorder	https://www.gpo.gov/fdsys/pkg/FR-2008-10-29/pdf/E8-25735.pdf	10/29/2008
Disclosure of Information to Organ, Tissue and Eye Procurement Organizations	Rule	This document adopts, with changes, a Department of Veterans Affairs (VA) interim final rule that implemented provisions of the Veterans Benefits, Health Care, and Information Technology Act of 2006 concerning disclosure of information to organ, tissue and eye procurement organizations. The regulation will provide authority for VA to provide individually-identifiable VA medical records of veterans or dependents of veterans who are deceased or whose death is imminent to representatives of organ procurement organizations, eye banks, and tissue banks to determine whether the patients are suitable potential donors. This document modifies the interim final rule to clarify the definition of ``near death" and to correct a grammatical error in the definition of ``procurement organization." This document also clarifies that eye bank and tissue bank registration with FDA must have an active status.	E8-26172	https://www.federalregister.gov/documents/2008/11/03/E8-26172/disclosure-of-information-to-organ-tissue-and-eye-procurement-organizations	https://www.gpo.gov/fdsys/pkg/FR-2008-11-03/pdf/E8-26172.pdf	11/3/2008
Elimination of Co-Payment for Weight Management Counseling	Rule	The Department of Veterans Affairs (VA) published a direct final rule amending our medical regulations to designate weight management counseling (individual and group sessions) as a service that is not subject to VA's co-payment requirements. VA received no significant adverse comments concerning this rule or its companion substantially identical proposed rule published on the same date. This document confirms that the direct final rule became effective on June 16, 2008. In a companion document in this issue of the Federal Register, we are withdrawing as unnecessary that proposed rule.	E8-26177	https://www.federalregister.gov/documents/2008/11/03/E8-26177/elimination-of-co-payment-for-weight-management-counseling	https://www.gpo.gov/fdsys/pkg/FR-2008-11-03/pdf/E8-26177.pdf	11/3/2008
Increase in Rates Payable Under the Montgomery GI Bill-Active Duty and Other Miscellaneous Issues	Rule	This document amends regulations governing education programs the Department of Veterans Affairs (VA) administers. In accordance with statutory requirements and previously established formulas, it amends the regulations to show increases in the monthly rates of basic educational assistance payable under the Montgomery GI Bill--Active Duty program, an increase in the percentage payable to veterans pursuing apprenticeship or other on-job training, and a change in the formula used to calculate the entitlement charge for individuals pursuing apprenticeship or other on-job training. It also amends procedural provisions and delegations of authority regarding continuation of payments during emergency school closings. Furthermore, this document makes nonsubstantive technical changes for purposes of clarity and to remove obsolete provisions.	E8-26176	https://www.federalregister.gov/documents/2008/11/03/E8-26176/increase-in-rates-payable-under-the-montgomery-gi-bill-active-duty-and-other-miscellaneous-issues	https://www.gpo.gov/fdsys/pkg/FR-2008-11-03/pdf/E8-26176.pdf	11/3/2008
Civilian Health and Medical Program of the Department of Veterans Affairs (CHAMPVA): Expansion of Benefit Coverage for Prostheses and Enuretic (Bed-Wetting) Devices; Miscellaneous Provisions	Rule	This document adopts a final rule amending the Department of Veterans Affairs (VA) medical regulations for the Civilian Health and Medical Program of the Department of Veterans Affairs (CHAMPVA) to expand benefits by covering any non-dental prostheses determined medically necessary for the treatment of certain medical conditions and by removing the exclusion from coverage of enuretic (bed-wetting) devices. In addition, this final rule makes changes in delegations of authority, technical changes, and nonsubstantive changes for purposes of clarity in VA's regulations governing CHAMPVA.	E8-26245	https://www.federalregister.gov/documents/2008/11/04/E8-26245/civilian-health-and-medical-program-of-the-department-of-veterans-affairs-champva-expansion-of	https://www.gpo.gov/fdsys/pkg/FR-2008-11-04/pdf/E8-26245.pdf	11/4/2008

Board of Veterans' Appeals: Expedited Claims Adjudication Initiative-Pilot Program	Rule	The Department of Veterans Affairs (VA) is launching an initiative for accelerated claims and appeals processing at four VA facilities, based on voluntary participation by eligible claimants. The purpose of this initiative is to determine whether VA can expedite the processing of claims and appeals by obtaining claimants' waivers of certain statutory and regulatory response periods, and by utilizing the Board of Veterans' Appeals' (Board or BVA) statutory authority to pre- screen cases. VA's responsibility to fully develop and decide cases in a fair, accurate, and non adversarial manner remains unchanged under this initiative. If this initiative is successful at the four trial sites, the data obtained may provide a basis for expanding some, or all, of the program nationwide, and ultimately help accelerate the processing of all claims and appeals. The parameters of the initiative are set forth in these regulations.	E8-26310	https://www.federalregister.gov/documents/2008/11/05/E8-26310/board-of-veterans-appeals-expedited-claims-adjudication-initiative-pilot-program	https://www.gpo.gov/fdsys/pkg/FR-2008-11-05/pdf/E8-26310.pdf	11/5/2008
Schedule for Rating Disabilities; Eye	Rule	This document amends the Department of Veterans Affairs (VA) Schedule for Rating Disabilities (Rating Schedule) by updating the portion of the schedule that addresses disabilities of the eye. These amendments ensure that the schedule uses current medical terminology, provides unambiguous criteria for evaluating disabilities, and incorporates pertinent medical advances.	E8-26304	https://www.federalregister.gov/documents/2008/11/10/E8-26304/schedule-for-rating-disabilities-eye	https://www.gpo.gov/fdsys/pkg/FR-2008-11-10/pdf/E8-26304.pdf	11/10/2008
Increase in Mileage Reimbursement Rate and Deductible Amounts in the Beneficiary Travel Program	Notice	This Notice is to inform the public of the Secretary's decision to increase the Department of Veterans Affairs (VA) Beneficiary Travel program mileage reimbursement rate under 38 U.S.C. 111 for travel of eligible beneficiaries in connection with VA health care and for other purposes. Effective November 17, 2008, the beneficiary travel mileage reimbursement rate is increased from 28.5 cents to 41.5 cents based upon mileage traveled to or from a Department facility or other place in connection with vocational rehabilitation, counseling required by the Secretary pursuant to 38 U.S.C. Chapter 34, ``Educational Assistance" or Chapter 35, ``Survivors and Dependents' Education Assistance" or for the purpose of examination, treatment or care. The deductible requirements for purposes of beneficiary travel of mileage reimbursement will remain at \$7.77 one-way; \$15.54 round trip; with a monthly cap of \$46.62.	E8-27339	https://www.federalregister.gov/documents/2008/11/18/E8-27339/increase-in-mileage-reimbursement-rate-and-deductible-amounts-in-the-beneficiary-travel-program	https://www.gpo.gov/fdsys/pkg/FR-2008-11-18/pdf/E8-27339.pdf	11/18/2008
Schedule for Rating Disabilities; Evaluation of Residuals of Traumatic Brain Injury (TBI); Correction	Rule	This document contains a minor correction to the final rulemaking that the Department of Veterans Affairs (VA) published at 73 FR 54693 on September 23, 2008. The rulemaking relates to a revision of the portion of VA's Schedule for Rating Disabilities that addresses neurological conditions and convulsive disorders to provide detailed and updated criteria for evaluating residuals of traumatic brain injury (TBI).	E8-27457	https://www.federalregister.gov/documents/2008/11/19/E8-27457/schedule-for-rating-disabilities-evaluation-of-residuals-of-traumatic-brain-injury-tbi-correction	https://www.gpo.gov/fdsys/pkg/FR-2008-11-19/pdf/E8-27457.pdf	11/19/2008
Servicemembers' Group Life Insurance Traumatic Injury Protection Program	Rule	The Department of Veterans Affairs (VA) is issuing this interim final rule to amend the Servicemembers' Group Life Insurance traumatic injury protection program (TSGLI) regulations in order to add losses that would be covered under the program and to define terms relevant to these new losses. This rulemaking also clarifies language in and reorganizes existing provisions.	E8-28114	https://www.federalregister.gov/documents/2008/11/26/E8-28114/servicemembers-group-life-insurance-traumatic-injury-protection-program	https://www.gpo.gov/fdsys/pkg/FR-2008-11-26/pdf/E8-28114.pdf	11/26/2008
Assistance to States in Hiring and Retaining Nurses at State Veterans Homes	Rule	The Department of Veterans Affairs (VA) hereby establishes a final rule setting forth a mechanism for States to obtain payments from VA to assist a State veterans home in the hiring and retention of nurses for the purpose of reducing nursing shortages at the home. This rule implements provisions of the Veterans Health Programs Improvement Act of 2004.	E8-28542	https://www.federalregister.gov/documents/2008/12/03/E8-28542/assistance-to-states-in-hiring-and-retaining-nurses-at-state-veterans-homes	https://www.gpo.gov/fdsys/pkg/FR-2008-12-03/pdf/E8-28542.pdf	12/3/2008
Copayment for Medication	Notice	The Department of Veterans Affairs (VA) is hereby giving notice that there is no change in the medication copayment rate for calendar year 2009 and the rate will remain at \$8.00. The total amount of copayments in a calendar year for a veteran enrolled in one of the priority groups 2 through 6 shall not exceed the cap of \$960.00. These rates are based on the Prescription Drug component of the Medical Consumer Price Index as cited in title 38, Code of Federal Regulations, part 17, section 17.110.	E8-29327	https://www.federalregister.gov/documents/2008/12/11/E8-29327/copayment-for-medication	https://www.gpo.gov/fdsys/pkg/FR-2008-12-11/pdf/E8-29327.pdf	12/11/2008

Reasonable Charges for Medical Care or Services; 2009 Calendar Year Update	Notice	Title 38 of the Code of Federal Regulations (CFR), Sec. 17.101 sets forth the Department of Veterans Affairs (VA) medical regulations concerning ``reasonable charges'' for medical care or services provided or furnished by VA to a veteran for : (1) A non- service-connected disability for which the veteran is entitled to care or the payment of expenses for care under a health plan contract; (2) a non- service-connected disability incurred incident to the veteran's employment and covered under a worker's compensation law or plan that provides reimbursement or indemnification for such care and services; or (3) a non- service-connected disability incurred as a result of a motor vehicle accident in a State that requires automobile accident reparations insurance. The regulations include methodologies for establishing billed amounts for the following types of charges: Acute inpatient facility charges; skilled nursing facility and sub-acute inpatient facility charges; partial hospitalization facility charges; outpatient facility charges; physician and other professional charges, including professional charges for anesthesia services and dental services; pathology and laboratory charges; observation care facility charges; ambulance and other emergency transportation charges; and charges for durable medical equipment, drugs, injectables, and other medical services, items, and supplies identified by Healthcare Common Procedure Coding System (HCPCS) Level II codes. The regulations also provide that data for calculating actual charge amounts at individual VA facilities based on these methodologies will either be published as a notice in the Federal Register or will be posted on the Internet site of the Veterans Health Administration Chief Business Office,	E8-29390	https://www.federalregister.gov/documents/2008/12/11/E8-29390/reasonable-charges-for-medical-care-or-services-2009-calendar-year-update	https://www.gpo.gov/fdsys/pkg/FR-2008-12-11/pdf/E8-29390.pdf	12/11/2008
Allowance for Private Purchase of an Outer Burial Receptacle in Lieu of a Government-Furnished Graveliner for a Grave in a VA National Cemetery	Notice	Public Law 104-275 was enacted on October 9, 1996. It allows the Department of Veterans Affairs (VA) to provide a monetary allowance towards the private purchase of an outer burial receptacle for use in a VA national cemetery. Under VA regulation (38 CFR 38.629), the allowance is equal to the average cost of Government-furnished graveliners less any administrative costs to VA. The law provides a veteran's survivors with the option of selecting a Government-furnished graveliner for use in a VA national cemetery where such use is authorized. The purpose of this Notice is to notify interested parties of the average cost of Government-furnished graveliners, administrative costs that relate to processing and paying the allowance, and the amount of the allowance payable for qualifying interments that occur during calendar year 2009.	E8-30423	https://www.federalregister.gov/documents/2008/12/22/E8-30423/allowance-for-private-purchase-of-an-outer-burial-receptacle-in-lieu-of-a-government-furnished	https://www.gpo.gov/fdsys/pkg/FR-2008-12-22/pdf/E8-30423.pdf	12/22/2008
Increase in Rates Payable Under the Survivors' and Dependents' Educational Assistance Program and Other Miscellaneous Issues	Rule	This document amends Department of Veterans Affairs (VA) regulations to reflect increases effective for fiscal years 2005, 2006, 2007, 2008, and 2009, respectively, in the monthly rates payable under the Survivors' and Dependents' Educational Assistance (DEA) program in accordance with statutory requirements and previously established formulas; a change in the formula used to calculate entitlement charges for individuals pursuing apprenticeship or other on-job training in accordance with the Veterans Benefits Improvement Act of 2004; and nonsubstantive changes for the purpose of clarity and to reflect agency organization.	E8-31033	https://www.federalregister.gov/documents/2008/12/30/E8-31033/increase-in-rates-payable-under-the-survivors-and-dependents-educational-assistance-program-and	https://www.gpo.gov/fdsys/pkg/FR-2008-12-30/pdf/E8-31033.pdf	12/30/2008
Increase in Rates Payable Under the Survivors' and Dependents' Educational Assistance Program and Other Miscellaneous Issues	Rule	The Department of Veterans Affairs (VA) published a document in the Federal Register of December 30, 2008, amending its regulations to reflect increases effective for fiscal years 2005, 2006, 2007, 2008, and 2009. The document contained an error in an amendatory instruction. We inadvertently omitted instruction to the editor to add two new paragraphs to the section. This document corrects that error	E9-1040	https://www.federalregister.gov/documents/2009/01/21/E9-1040/increase-in-rates-payable-under-the-survivors-and-dependents-educational-assistance-program-and	https://www.gpo.gov/fdsys/pkg/FR-2009-01-21/pdf/E9-1040.pdf	1/21/2009

Fund Availability Under the VA Homeless Providers Grant and Per Diem Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for applications for assistance under the Capital Grant component of VA's Homeless Providers Grant and Per Diem Program. This Notice contains information concerning the program, funding priorities, application process, and amount of funding available. Applicants who do not require funding for acquisition, renovation or new construction to create new housing for homeless veterans should not respond to this Notice of Fund Availability (NOFA). Per Diem Only funding will not be given under this notice. If your agency is in need of funding for operations only, your agency should apply under a future Grant and Per Diem; Per Diem Only Funding Notice.	E9-1509	https://www.federalregister.gov/documents/2009/01/23/E9-1509/fund-availability-under-the-va-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2009-01-23/pdf/E9-1509.pdf	1/23/2009
Fund Availability Under VA Homeless Providers Grant and Per Diem Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for currently operational VA Grant and Per Diem Special Need Grant Recipients in conjunction with their collaborative VA Special Need partners and currently operational VA Grant and Per Diem Special Need Grant Recipients which do not involve a collaborative effort to make re-applications for assistance under the Special Need Grant Component of VA's Homeless Providers Grant and Per Diem (GPD) Program. The focus of this NOFA is to encourage applicants to continue to deliver services to the homeless Special Need veteran population. This Notice contains information concerning the program, application process, and amount of funding available.	E9-1508	https://www.federalregister.gov/documents/2009/01/23/E9-1508/fund-availability-under-va-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2009-01-23/pdf/E9-1508.pdf	1/23/2009
Fund Availability Under VA Homeless Providers Grant and Per Diem Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for applications for assistance under the Technical Assistance Grant component of VA's Homeless Providers Grant and Per Diem Program. This notice contains information concerning the program, application process, and amount of funding available.	E9-1507	https://www.federalregister.gov/documents/2009/01/23/E9-1507/fund-availability-under-va-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2009-01-23/pdf/E9-1507.pdf	1/23/2009
Schedule for Rating Disabilities; Eye; Correction	Rule	This document contains a minor correction to the final regulations that the Department of Veterans Affairs (VA) published at 73 FR 66543 on November 10, 2008. The rulemaking revised the portion of VA's Schedule for Rating Disabilities that addresses disabilities of the eye. One of the revised regulations contains an incorrect reference, and this document corrects that error.	E9-3478	https://www.federalregister.gov/documents/2009/02/19/E9-3478/schedule-for-rating-disabilities-eye-correction	https://www.gpo.gov/fdsys/pkg/FR-2009-02-19/pdf/E9-3478.pdf	2/19/2009
Summary of Precedent Opinions of the General Counsel	Notice	The Department of Veterans Affairs (VA) is publishing a summary of legal interpretations issued by the Office of General Counsel involving Veterans' benefits under laws administered by VA. This interpretation is considered precedential by VA and will be followed by VA officials and employees in future claim matters involving the same legal issues. The summary is published to provide the public, and, in particular, Veterans' benefits claimants and their representatives, with notice of VA's interpretation regarding the legal matter at issue.	E9-3631	https://www.federalregister.gov/documents/2009/02/20/E9-3631/summary-of-precedent-opinions-of-the-general-counsel	https://www.gpo.gov/fdsys/pkg/FR-2009-02-20/pdf/E9-3631.pdf	2/20/2009
Delegations of Authority: Regulation Policy and Management	Rule	This document amends the Department of Veterans Affairs (VA) regulations that delegate authority to manage, direct, and coordinate VA's rulemaking activities to certain officials. The amendments reflect the Secretary of Veterans Affairs' decisions to designate the General Counsel as the Department's Regulatory Policy Officer and to transfer the Office of Regulation Policy and Management to the Office of the General Counsel. These amendments are intended to provide VA with a single point of contact who can respond to the Secretary's rulemaking concerns.	E9-5063	https://www.federalregister.gov/documents/2009/03/10/E9-5063/delegations-of-authority-regulation-policy-and-management	https://www.gpo.gov/fdsys/pkg/FR-2009-03-10/pdf/E9-5063.pdf	3/10/2009
Accreditation of Agents and Attorneys; Agents and Attorney Fees; Correction	Rule	This document corrects a Department of Veterans Affairs (VA) final rule that governs the representation of claimants for VA benefits. This correction removes obsolete regulations without making any substantive change to the content of the final rule.	E9-5547	https://www.federalregister.gov/documents/2009/03/16/E9-5547/accreditation-of-agents-and-attorneys-agents-and-attorney-fees-correction	https://www.gpo.gov/fdsys/pkg/FR-2009-03-16/pdf/E9-5547.pdf	3/16/2009
The Dr. James Allen Veteran Vision Equity Act of 2007	Rule	This document amends the Department of Veterans Affairs (VA) adjudication regulations regarding special monthly compensation and compensation for paired organs. These amendments are necessary because the statutes on which the regulations are based have been amended. The intended effect of these amendments is to incorporate relevant statutory provisions from the Dr. James Allen Veteran Vision Equity Act of 2007.	E9-5862	https://www.federalregister.gov/documents/2009/03/18/E9-5862/the-dr-james-allen-veteran-vision-equity-act-of-2007	https://www.gpo.gov/fdsys/pkg/FR-2009-03-18/pdf/E9-5862.pdf	3/18/2009

Termination of Phase-In Period for Full Concurrent Receipt of Military Retired Pay and Veterans Disability Compensation Based on a VA Determination of Individual Unemployability	Rule	The Department of Veterans Affairs (VA) is amending its adjudication regulations regarding entitlement to full concurrent receipt of military retired pay and veterans disability compensation based on a VA determination of individual unemployability (IU). This rulemaking is intended to implement section 642 of the National Defense Authorization Act for Fiscal Year 2008, which provides that veterans who are entitled to receive veterans disability compensation based on a VA determination of individual unemployability are no longer subject to a phase-in period. This regulatory amendment is necessary to conform to statutory provisions.	E9-5954	https://www.federalregister.gov/documents/2009/03/19/E9-5954/termination-of-phase-in-period-for-full-concurrent-receipt-of-military-retired-pay-and-veterans	https://www.gpo.gov/fdsys/pkg/FR-2009-03-19/pdf/E9-5954.pdf	3/19/2009
Post-9/11 GI Bill	Rule	The Department of Veterans Affairs (VA) is issuing this final rule to establish regulations regarding a new educational assistance program for individuals who serve on active duty after September 10, 2001. The new program, known as the Post-9/11 GI Bill, was authorized by title V of the Supplemental Appropriations Act, 2008 (Post-9/11 Veterans Educational Assistance Act of 2008). This final regulation includes the rules necessary to implement the provisions of the Post-9/ 11 Veterans Educational Assistance Act of 2008 that govern the Post-9/ 11 GI Bill.	E9-7052	https://www.federalregister.gov/documents/2009/03/31/E9-7052/post-911-gi-bill	https://www.gpo.gov/fdsys/pkg/FR-2009-03-31/pdf/E9-7052.pdf	3/31/2009
Posttraumatic Stress Disorder	Rule	This document affirms an amendment to the Department of Veterans Affairs (VA) adjudication regulations regarding service connection for posttraumatic stress disorder (PTSD) that eliminated the requirement of evidence corroborating occurrence of the claimed in- service stressor in claims in which PTSD is diagnosed in service. This amendment is necessary to facilitate proof of service connection in such claims. By this amendment, we intend to more quickly adjudicate claims for service connection for PTSD for these veterans.	E9-7229	https://www.federalregister.gov/documents/2009/03/31/E9-7229/posttraumatic-stress-disorder	https://www.gpo.gov/fdsys/pkg/FR-2009-03-31/pdf/E9-7229.pdf	3/31/2009
Determination of Presumption of Service Connection Concerning Illnesses Discussed in National Academy of Sciences Report on Gulf War and Health: Volume 5: Infectious Diseases	Notice	As required by law, the Department of Veterans Affairs (VA) hereby gives notice that the Secretary of Veterans Affairs, under the authority granted by the Persian Gulf War Veterans Act of 1998, Public Law 105-277, title XVI, 112 Stat. 2681-742 through 2681-749 (codified in part at 38 U.S.C. 1118), has determined that there is no basis to establish a presumption of service connection for Al Eskan disease, idiopathic acute eosinophilic pneumonia, wound and nosocomial infection, mycoplasmas, as discussed in the October 2006 report of the National Academy of Sciences, titled ``Gulf War and Health Volume 5: Infectious Diseases'', or for any illness based on exposure to biologic-warfare agents during service in the Persian Gulf during the Persian Gulf War.	E9-7342	https://www.federalregister.gov/documents/2009/04/02/E9-7342/determination-of-presumption-of-service-connection-concerning-illnesses-discussed-in-national	https://www.gpo.gov/fdsys/pkg/FR-2009-04-02/pdf/E9-7342.pdf	4/2/2009
Posttraumatic Stress Disorder Nomenclature Changes	Rule	This document amends the Department of Veterans Affairs (VA) regulations by making nonsubstantive changes. These changes are made for clarity and accuracy.	E9-8988	https://www.federalregister.gov/documents/2009/04/23/E9-8988/posttraumatic-stress-disorder-nomenclature-changes	https://www.gpo.gov/fdsys/pkg/FR-2009-04-23/pdf/E9-8988.pdf	4/23/2009
Per Diem for Nursing Home Care of Veterans in State Homes	Rule	The Department of Veterans Affairs (VA) amends its regulations which set forth a mechanism for paying per diem to State homes providing nursing home care to eligible veterans. More specifically, we are updating the basic per diem rate, implementing provisions of the Veterans Benefits, Health Care, and Information Technology Act of 2006, and making several other changes to better ensure that veterans receive quality care in State homes.	E9-9753	https://www.federalregister.gov/documents/2009/04/29/E9-9753/per-diem-for-nursing-home-care-of-veterans-in-state-homes	https://www.gpo.gov/fdsys/pkg/FR-2009-04-29/pdf/E9-9753.pdf	4/29/2009
Headstones and Markers	Rule	The Department of Veterans Affairs (VA) is amending existing regulations regarding the authority to provide Government-furnished memorial headstones and markers. Memorial headstones or markers are provided in certain circumstances to memorialize eligible veterans and certain family members whose remains are not available for interment. Pursuant to Sec. 810 of Public Law 110-389, the Veterans' Benefits Improvement Act of 2008, eligibility for a memorial headstone or marker for placement in a national or State veterans cemetery has been extended to a veteran's surviving spouse who had a subsequent remarriage and whose remains are unavailable for interment. Previously, a memorial headstone or marker could be provided for a veteran's surviving spouse who had a subsequent remarriage only if that remarriage was terminated by death or divorce. This final rule is necessary to incorporate a statutory amendment into VA regulations.	E9-10022	https://www.federalregister.gov/documents/2009/05/01/E9-10022/headstones-and-markers	https://www.gpo.gov/fdsys/pkg/FR-2009-05-01/pdf/E9-10022.pdf	5/1/2009

Presumptive Service Connection for Disease Associated With Exposure to Certain Herbicide Agents: AL Amyloidosis	Rule	This document amends the Department of Veterans Affairs (VA) adjudication regulations concerning presumptive service connection for a certain disease based on the most recent National Academy of Sciences (NAS) Institute of Medicine committee report, ``Veterans and Agent Orange: Update 2006" (Update 2006). This amendment is necessary to implement a decision of the Secretary of Veterans Affairs that there is a positive association between exposure to herbicides used in the Republic of Vietnam during the Vietnam era and the subsequent development of AL amyloidosis. The intended effect of this amendment is to establish presumptive service connection for AL amyloidosis based on herbicide exposure.	E9-10627	https://www.federalregister.gov/documents/2009/05/07/E9-10627/presumptive-service-connection-for-disease-associated-with-exposure-to-certain-herbicide-agents-al	https://www.gpo.gov/fdsys/pkg/FR-2009-05-07/pdf/E9-10627.pdf	5/7/2009
Reimbursement for Interment Costs	Rule	This document amends the Department of Veterans Affairs (VA) adjudication regulations on burial benefits to incorporate a change made by the Dr. James Allen Veteran Vision Equity Act of 2007. Specifically, this document eliminates a 2-year time limitation for States to file with VA claims for reimbursement of interment costs. The removal of this time limitation is necessary to conform the regulations to recent legislation and governing statutes.	E9-10982	https://www.federalregister.gov/documents/2009/05/12/E9-10982/reimbursement-for-interment-costs	https://www.gpo.gov/fdsys/pkg/FR-2009-05-12/pdf/E9-10982.pdf	5/12/2009
Expansion of Enrollment in the VA Health Care System	Rule	This document amends the Department of Veterans Affairs (VA) medical regulations regarding enrollment in the VA health care system. In particular, it establishes additional sub-priorities within enrollment priority category 8 and provides that beginning on the effective date of the rule, VA will begin enrolling priority category 8 veterans whose income exceeds the current means test and geographic means test income thresholds by 10 percent or less.	E9-11400	https://www.federalregister.gov/documents/2009/05/15/E9-11400/expansion-of-enrollment-in-the-va-health-care-system	https://www.gpo.gov/fdsys/pkg/FR-2009-05-15/pdf/E9-11400.pdf	5/15/2009
Headstone and Marker Application Process	Rule	This final rule amends the Department of Veterans Affairs (VA) regulations concerning headstones and markers furnished by the Government through the VA headstone and marker program. It updates ordering procedures for headstones and markers and provides instructions for requesting the addition of a new emblem of belief to VA's list of emblems available for inscription on Government-furnished headstones and markers. Additionally, this final rule establishes criteria to guide VA's decisions on requests to add new emblems of belief to the list.	E9-12650	https://www.federalregister.gov/documents/2009/06/01/E9-12650/headstone-and-marker-application-process	https://www.gpo.gov/fdsys/pkg/FR-2009-06-01/pdf/E9-12650.pdf	6/1/2009
Servicemembers' Group Life Insurance Traumatic Injury Protection Program	Rule	This document adopts as a final rule, without change, an interim final rule amending the Department of Veterans Affairs (VA) regulation regarding the Servicemembers' Group Life Insurance traumatic injury protection (TSGLI) program. The amendment was necessary in order to add losses that would be covered under the program and to define terms that are relevant to these new losses. The final rule also clarifies existing language in the regulation and reorganizes several existing provisions.	E9-13097	https://www.federalregister.gov/documents/2009/06/04/E9-13097/servicemembers-group-life-insurance-traumatic-injury-protection-program	https://www.gpo.gov/fdsys/pkg/FR-2009-06-04/pdf/E9-13097.pdf	6/4/2009
Pension Management Center Manager	Rule	This document amends the Department of Veterans Affairs (VA) regulations to add the Pension Management Center Manager as a person who, in addition to the Veterans Service Center Manager, is authorized to review decisions on benefit claims and authorized to approve permanent and total disability evaluations on an extraschedular basis for pension purposes. These changes are made to reflect the duties of the Pension Management Center Manager.	E9-13211	https://www.federalregister.gov/documents/2009/06/05/E9-13211/pension-management-center-manager	https://www.gpo.gov/fdsys/pkg/FR-2009-06-05/pdf/E9-13211.pdf	6/5/2009
Severance Pay, Separation Pay, and Special Separation Benefits	Rule	This document amends the Department of Veterans Affairs (VA) adjudication regulations to incorporate relevant statutory provisions regarding severance pay, separation pay, and special separation benefits. These amendments are necessary to conform the regulation to statutory provisions.	E9-13212	https://www.federalregister.gov/documents/2009/06/05/E9-13212/severance-pay-separation-pay-and-special-separation-benefits	https://www.gpo.gov/fdsys/pkg/FR-2009-06-05/pdf/E9-13212.pdf	6/5/2009
Foreign Medical Program of the Department of Veterans Affairs-Hospital Care and Medical Services in Foreign Countries	Rule	This document amends Department of Veterans Affairs (VA) medical regulations applicable to VA's Foreign Medical Program, Hospital Care and Medical Services in Foreign Countries. This rule is intended to change provisions concerning the location for filing Foreign Medical Program claims and delegations of authority for adjudicating those claims. It also corrects an obsolete regulatory citation. These changes are made for accuracy.	E9-14966	https://www.federalregister.gov/documents/2009/06/25/E9-14966/foreign-medical-program-of-the-department-of-veterans-affairs-hospital-care-and-medical-services-in	https://www.gpo.gov/fdsys/pkg/FR-2009-06-25/pdf/E9-14966.pdf	6/25/2009

Civilian Health and Medical Program of the Department of Veterans Affairs (CHAMPVA): Preauthorization of Durable Medical Equipment	Rule	This document amends the Department of Veterans Affairs (VA) medical regulations for the Civilian Health and Medical Program of the Department of Veterans Affairs (CHAMPVA) preauthorization section by increasing the dollar ceiling for purchase or rental of durable medical equipment (DME) from \$300 to \$2,000.	E9-15484	https://www.federalregister.gov/documents/2009/07/01/E9-15484/civilian-health-and-medical-program-of-the-department-of-veterans-affairs-champva-preauthorization	https://www.gpo.gov/fdsys/pkg/FR-2009-07-01/pdf/E9-15484.pdf	7/1/2009
Vocational Rehabilitation and Employment Program-Duty To Assist	Rule	This document amends the vocational rehabilitation and employment regulations of the Department of Veterans Affairs (VA) concerning VA's responsibility to provide notification regarding information or evidence needed for an individual to substantiate a claim for vocational rehabilitation benefits and services, and regarding applicable time periods. VA's duty to assist claimants in substantiating their claims for benefits was expanded by the Veterans Claims Assistance Act of 2000. This rulemaking incorporates those provisions in VA's regulations. Specifically, upon receipt of a substantially complete application for benefits, VA will make reasonable efforts to help the claimant obtain the evidence necessary to substantiate the claim. In addition, VA is making changes to improve readability and other clarifying changes that are nonsubstantive.	E9-15860	https://www.federalregister.gov/documents/2009/07/06/E9-15860/vocational-rehabilitation-and-employment-program-duty-to-assist	https://www.gpo.gov/fdsys/pkg/FR-2009-07-06/pdf/E9-15860.pdf	7/6/2009
Class Deviation From Federal Acquisition Regulation 32.905 Electronic Submission of Invoices	Notice	This is to notify interested parties of a class deviation to the Federal Acquisition Regulation (FAR) regarding the submission of electronic invoices for payment. VA intends to deviate from FAR 32.905 in order to add an interim clause to the VA Acquisition Regulation (VAAR). The electronic invoicing clause allows vendors to voluntarily submit invoices electronically which will improve the accuracy and efficiency of payment processing. This service will apply to all Government contracts managed by VA's Financial Services Center in Austin, Texas. A proposed and final rule to make this service mandatory will be published in the Federal Register in the coming months.	E9-15862	https://www.federalregister.gov/documents/2009/07/07/E9-15862/class-deviation-from-federal-acquisition-regulation-32905-electronic-submission-of-invoices	https://www.gpo.gov/fdsys/pkg/FR-2009-07-07/pdf/E9-15862.pdf	7/7/2009
Enhanced-Use Lease of VA Property for the Development and Operation of Parking and Commercial Facilities at the Department of Veterans Affairs Samuel S. Stratton VA Medical Center in Albany, NY	Notice	The Department of Veterans Affairs intends to enter into an enhanced-use lease of approximately 2.4 acres of underutilized land at the Samuel S. Stratton VA Medical Center in Albany, New York. The selected lessee will finance, design, develop, construct, operate, manage and maintain a parking facility, and potentially a commercial facility. As consideration for the lease, the lessee will be required to provide VA with a new office building, at no cost to VA.	E9-16297	https://www.federalregister.gov/documents/2009/07/09/E9-16297/enhanced-use-lease-of-va-property-for-the-development-and-operation-of-parking-and-commercial	https://www.gpo.gov/fdsys/pkg/FR-2009-07-09/pdf/E9-16297.pdf	7/9/2009
Elimination of Requirement for Prior Signature Consent and Pre- and Post-Test Counseling for HIV Testing	Rule	This document adopts, without change, the proposed rule published in the Federal Register on December 29, 2008, updating informed consent requirements related to testing for the Human Immunodeficiency Virus (HIV) for Veterans receiving health care from the Department of Veterans Affairs (VA). This final rule is in accordance with related provisions of the Veteran's Mental Health and Other Care Improvements Act of 2008. The final rule eliminates the regulatory requirement for written informed consent for HIV testing and specific pre- and post-test counseling of Veteran patients. VA will implement this rule through internal policy guidance specifying these requirements and how they apply to HIV testing.	E9-16898	https://www.federalregister.gov/documents/2009/07/16/E9-16898/elimination-of-requirement-for-prior-signature-consent-and-pre--and-post-test-counseling-for-hiv	https://www.gpo.gov/fdsys/pkg/FR-2009-07-16/pdf/E9-16898.pdf	7/16/2009
Recoupment of Severance Pay From VA Compensation; Correction	Rule	This document contains a correction to the regulation of the Department of Veterans Affairs (VA) that governs recoupment of lump-sum readjustment pay from disability compensation. This correction is required in order to amend an authority citation in the regulation. No substantive change to the content of the regulation is being made by this correcting amendment.	E9-17308	https://www.federalregister.gov/documents/2009/07/24/E9-17308/recoupment-of-severance-pay-from-va-compensation-correction	https://www.gpo.gov/fdsys/pkg/FR-2009-07-24/pdf/E9-17308.pdf	7/24/2009
Annual Pay Ranges for Physicians and Dentists of the Veterans Health Administration (VHA)	Notice	As required by the "Department of Veterans Affairs Health Care Personnel Enhancement Act of 2004" (Pub. L. 108-445, dated December 3, 2004) the Department of Veterans Affairs (VA) is hereby giving notice of annual pay ranges for Veterans Health Administration (VHA) physicians and dentists as prescribed by the Secretary for Department-wide applicability. These annual pay ranges are intended to enhance the flexibility of the Department to recruit, develop, and retain the most highly qualified providers to serve our Nation's veterans and maintain a standard of excellence in the VA healthcare system.	E9-18998	https://www.federalregister.gov/documents/2009/08/07/E9-18998/annual-pay-ranges-for-physicians-and-dentists-of-the-veterans-health-administration-vha	https://www.gpo.gov/fdsys/pkg/FR-2009-08-07/pdf/E9-18998.pdf	8/7/2009

Medication Prescribed by Non-VA Physicians	Rule	This document amends and adopts an interim final rule that governs the provision of medications to veterans when medication is prescribed by physicians who are not employees of nor are they providing care under contract with the Department of Veterans Affairs (VA). In a document published in the Federal Register on July 25, 2003, VA issued an interim final rule establishing a temporary program while also maintaining the program that it had in place before the interim final rule. Because the need cited in the interim final rule has abated and because the provisions added by the interim final rule were self-limiting in time and scope, we are removing these provisions which established the now obsolete temporary program.	E9-20792	https://www.federalregister.gov/documents/2009/08/28/E9-20792/medication-prescribed-by-non-v-a-physicians	https://www.gpo.gov/fdsys/pkg/FR-2009-08-28/pdf/E9-20792.pdf	8/28/2009
Presumption of Service Connection for Osteoporosis for Former Prisoners of War	Rule	The Department of Veterans Affairs (VA) is amending its adjudication regulations to establish a presumption of service connection for osteoporosis for former Prisoners of War (POWs) who were detained or interned for at least 30 days and whose osteoporosis is at least 10 percent disabling. The amendment implements a decision by the Secretary to establish such a presumption based on scientific studies. VA is additionally amending its adjudication regulations to establish a presumption of service connection for osteoporosis for POWs who were detained or interned for any period of time, have a diagnosis of posttraumatic stress disorder (PTSD), and whose osteoporosis is at least 10 percent disabling. This amendment reflects statutory provisions of the Veterans' Benefits Improvement Act of 2008.	E9-20790	https://www.federalregister.gov/documents/2009/08/28/E9-20790/presumption-of-service-connection-for-osteoporosis-for-former-prisoners-of-war	https://www.gpo.gov/fdsys/pkg/FR-2009-08-28/pdf/E9-20790.pdf	8/28/2009
Pre-Discharge Compensation Claim; Correction	Notice	The Veterans Benefits Administration (VBA), Department of Veterans Affairs (VA), published two collection of information notices in the Federal Register announcing an opportunity for public comment on information collection requirements. Each notice solicited comments on the information required for service members to participate in the discharge claims program. Both notices contained a typographical error in the VA form number referenced and the OMB control number. This document corrects those errors in each notice.	E9-22044	https://www.federalregister.gov/documents/2009/09/14/E9-22044/pre-discharge-compensation-claim-correction	https://www.gpo.gov/fdsys/pkg/FR-2009-09-14/pdf/E9-22044.pdf	9/14/2009
Reasonable Charges for Inpatient MS-DRGs and SNF Medical Services for 2010; Fiscal Year Update	Notice	Section 17.101 of Title 38 of the Code of Federal Regulations sets forth the Department of Veterans Affairs (VA) medical regulations concerning ``Reasonable Charges' for medical care or services provided or furnished by VA to a veteran.	E9-22382	https://www.federalregister.gov/documents/2009/09/17/E9-22382/reasonable-charges-for-inpatient-ms-drgs-and-snf-medical-services-for-2010-fiscal-year-update	https://www.gpo.gov/fdsys/pkg/FR-2009-09-17/pdf/E9-22382.pdf	9/17/2009
Expansion of Enrollment in the VA Health Care System; Correction	Rule	The Department of Veterans Affairs (VA) published a final rule in the Federal Register on May 15, 2009 (74 FR 22832), amending its medical regulations regarding enrollment in the VA health care system. In particular, it established additional sub-priorities within enrollment priority category 8 and provided that beginning on the effective date of the rule, VA will begin enrolling priority category 8 veterans whose income exceeds the current means test and geographic means test income thresholds by 10 percent or less. A provision in the regulatory text contained a reference to the effective date of the regulation instead of providing the actual effective date. This document clarifies the beginning date VA will enroll the priority categories of veterans set forth in the regulation which is June 15, 2009.	E9-22591	https://www.federalregister.gov/documents/2009/09/21/E9-22591/expansion-of-enrollment-in-the-va-health-care-system-correction	https://www.gpo.gov/fdsys/pkg/FR-2009-09-21/pdf/E9-22591.pdf	9/21/2009
Loan Guaranty: Assistance to Eligible Individuals in Acquiring Specially Adapted Housing; Cost-of-Construction Index	Rule	This document amends the Department of Veterans Affairs' (VA's) Loan Guaranty regulations concerning assistance to eligible individuals in acquiring specially adapted housing. This final rule implements provisions of the Housing and Economic Recovery Act of 2008, which authorized VA to provide for automatic annual increases in the dollar amounts available to certain Specially Adapted Housing grant recipients.	E9-23022	https://www.federalregister.gov/documents/2009/09/24/E9-23022/loan-guaranty-assistance-to-eligible-individuals-in-acquiring-specially-adapted-housing	https://www.gpo.gov/fdsys/pkg/FR-2009-09-24/pdf/E9-23022.pdf	9/24/2009
Presumption of Service Connection for Amyotrophic Lateral Sclerosis	Rule	This document adopts as a final rule the interim final rule amending the Department of Veterans Affairs (VA) adjudication regulations to establish a presumption of service connection for amyotrophic lateral sclerosis (ALS) for any veteran who develops the disease at any time after separation from service. This amendment implements the decision by the Secretary of Veterans Affairs to establish such a presumption based on a November 2006 report by the National Academy of Sciences Institute of Medicine on the association between active service and ALS.	E9-26580	https://www.federalregister.gov/documents/2009/11/04/E9-26580/presumption-of-service-connection-for-amyotrophic-lateral-sclerosis	https://www.gpo.gov/fdsys/pkg/FR-2009-11-04/pdf/E9-26580.pdf	11/4/2009

Service members' Group Life Insurance-Dependent Coverage	Rule	The Department of Veterans Affairs (VA) is amending its Service members' Group Life Insurance (SGLI) regulations in order to implement sec. 402 of the Veterans' Benefits Improvement Act of 2008. Section 402 of the Veterans' Benefits Improvement Act of 2008 extended SGLI dependent coverage to an insured member's stillborn child. This final rule defines the term ``member's stillborn child."	E9-27644	https://www.federalregister.gov/documents/2009/11/18/E9-27644/service-members-group-life-insurance-dependent-coverage	https://www.gpo.gov/fdsys/pkg/FR-2009-11-18/pdf/E9-27644.pdf	11/18/2009
Community Residential Care Program	Rule	This document amends the Department of Veterans Affairs (VA) Community Residential Care regulations to update the standards for VA approval of facilities, including standards for fire safety and heating and cooling systems. This rule also establishes a 12-month duration for VA approvals and would authorize provisional approval of certain facilities. Finally, this rule eliminates the statement of needed care requirement and clarifies that it is the care providers at the facility that determine the services needed by a particular veteran.	E9-28757	https://www.federalregister.gov/documents/2009/12/03/E9-28757/community-residential-care-program	https://www.gpo.gov/fdsys/pkg/FR-2009-12-03/pdf/E9-28757.pdf	12/3/2009
VA Acquisition Regulation: Supporting Veteran-Owned and Service-Disabled Veteran-Owned Small Businesses	Rule	This document implements portions of the Veterans Benefits, Health Care, and Information Technology Act of 2006 (the Act) and Executive Order 13360, providing opportunities for service-disabled veteran-owned small businesses (SDVOSB) to increase their Federal contracting and subcontracting. The Act and the Executive Order authorize the Department of Veterans Affairs (VA) to establish special methods for contracting with SDVOSBs and veteran-owned small businesses (VOSB). Under this final rule, a VA contracting officer may restrict competition to contracting with SDVOSBs or VOSBs under certain conditions. Likewise, sole source contracts with SDVOSBs or VOSBs are permissible under certain conditions. This final rule implements these special acquisition methods as a change to the VA Acquisition Regulation (VAAR). This document additionally amends SDVOSB/VOSB, Small Business Status Protests, where VA provided that VA would utilize the U.S. Small Business Administration (SBA) to consider and decide SDVOSB and VOSB status protests. This requires VA and SBA to execute an interagency agreement pursuant to the Economy Act. Negotiations of this interagency agreement have not yet been finalized. Therefore, VA has amended these regulations with an interim rule to provide that VA's Executive Director, Office of Small and Disadvantaged Business Utilization (OSDBU) shall consider and decide SDVOSB and VOSB status protests, and provides procedures there for, until such time as the interagency agreement is executed by the agencies. VA hereby solicits comments on this regulatory amendment only.	E9-28461	https://www.federalregister.gov/documents/2009/12/08/E9-28461/va-acquisition-regulation-supporting-veteran-owned-and-service-disabled-veteran-owned-small	https://www.gpo.gov/fdsys/pkg/FR-2009-12-08/pdf/E9-28461.pdf	12/8/2009
Project Better Respiratory Equipment Using Advanced Technologies for Healthcare Employees (B.R.E.A.T.H.E.)	Notice	The National Center for Occupational Health and Infection Control, [administered by the Office of Public Health and Environmental Hazards, Veterans Health Administration (VHA), Department of Veterans Affairs (VA)], is seeking to partner with commercial organizations that have respirator design and manufacturing capabilities through a Cooperative Research and Development Agreement (CRADA), under the authority of the Federal Technology Transfer Act of 1986, Public Law 99-502, 100 Stat. 1785 (codified as amended in scattered sections of 15 U.S.C. (the FTTA). The CRADA is on a research endeavor called Better Respiratory Equipment using Advanced Technologies for Healthcare Employees (or Project B.R.E.A.T.H.E.) that aims to develop a new respirator for health care workers. The genesis and emphasis of Project B.R.E.A.T.H.E. grew from recommendations issued by the Institute of Medicine in November 2007 in its report Preparing for an Influenza Pandemic: Personal Protective Equipment for Healthcare Workers, which articulates the next steps to be taken toward better respiratory protection for health care workers.	E9-29709	https://www.federalregister.gov/documents/2009/12/14/E9-29709/project-better-respiratory-equipment-using-advanced-technologies-for-healthcare-employees-breathe	https://www.gpo.gov/fdsys/pkg/FR-2009-12-14/pdf/E9-29709.pdf	12/14/2009

Federal Tort Claim Delegation	Rule	This document amends the Department of Veterans Affairs (VA) regulations concerning delegation of authority to the Secretary of Veterans Affairs to consider, ascertain, adjust, determine, compromise, and settle claims under the Federal Tort Claims Act where the amount of settlement does not exceed \$300,000, and the Secretary's redelegation of such authority to certain personnel within the Office of the General Counsel. The amendments will facilitate the timely processing of claims under the Federal Tort Claims Act by expanding VA's settlement authority and clarifying the delegation of such authority within the Department.	E9-30093	https://www.federalregister.gov/documents/2009/12/18/E9-30093/federal-tort-claim-delegation	https://www.gpo.gov/fdsys/pkg/FR-2009-12-18/pdf/E9-30093.pdf	12/18/2009
Reasonable Charges for Medical Care or Services; 2010 Calendar Year Update	Notice	This Department of Veterans Affairs (VA) notice informs the public of updated data for calculating the "reasonable charges" collected or recovered by VA for medical care or services provided or furnished by VA to a veteran for: (1) A nonservice-connected disability for which the veteran is entitled to care or the payment of expenses for care under a health plan contract; (2) a nonservice-connected disability incurred incident to the veteran's employment and covered under a worker's compensation law or plan that provides reimbursement or indemnification for such care and services; or (3) a nonservice- connected disability incurred as a result of a motor vehicle accident in a State that requires automobile accident reparations insurance. The charge tables and supplemental tables that are applicable to this notice can be viewed on the Veterans Health Administration Chief Business Office's Intranet and Internet Web sites. These changes are effective January 1, 2010.	E9-30641	https://www.federalregister.gov/documents/2009/12/28/E9-30641/reasonable-charges-for-medical-care-or-services-2010-calendar-year-update	https://www.gpo.gov/fdsys/pkg/FR-2009-12-28/pdf/E9-30641.pdf	12/28/2009
Copayments for Medications	Rule	The Department of Veterans Affairs (VA) is taking action to amend its medical regulations concerning the copayment required for certain medications. Under current regulations, the copayment amount must be increased based on the prescription drug component of the Medical Consumer Price Index, and the maximum annual copayment amount must be increased when the copayment is increased. Under the amendments in this document, we will freeze copayments at the current rate for the next 6 months, and thereafter resume increasing copayments in accordance with any change in the prescription drug component of the Medical Consumer Price Index.	E9-31124	https://www.federalregister.gov/documents/2009/12/31/E9-31124/copayments-for-medications	https://www.gpo.gov/fdsys/pkg/FR-2009-12-31/pdf/E9-31124.pdf	12/31/2009
Allowance for Private Purchase of an Outer Burial Receptacle in Lieu of a Government-Furnished Graveliner for a Grave in a VA National Cemetery	Notice	Public Law 104-275 was enacted on October 9, 1996. It allows the Department of Veterans Affairs (VA) to provide a monetary allowance towards the private purchase of an outer burial receptacle for use in a VA national cemetery. Under VA regulation (38 CFR 38.629), the allowance is equal to the average cost of Government-furnished graveliners less any administrative costs to VA. The law provides a veteran's survivors with the option of selecting a Government-furnished graveliner for use in a VA national cemetery where such use is authorized. The purpose of this Notice is to notify interested parties of the average cost of Government-furnished graveliners, administrative costs that relate to processing and paying the allowance, and the amount of the allowance payable for qualifying interments that occur during calendar year 2010.	2010-155	https://www.federalregister.gov/documents/2010/01/11/2010-155/allowance-for-private-purchase-of-an-outer-burial-receptacle-in-lieu-of-a-government-furnished	https://www.gpo.gov/fdsys/pkg/FR-2010-01-11/pdf/2010-155.pdf	1/11/2010
Vocational Rehabilitation and Employment Program-Basic Entitlement; Effective Date of Induction Into a Rehabilitation Program; Cooperation in Initial Evaluation	Rule	This document amends Vocational Rehabilitation and Employment Program regulations of the Department of Veterans Affairs (VA). Specifically, it amends provisions concerning: Individuals' basic entitlement to vocational rehabilitation benefits and services; effective dates of induction into a rehabilitation program, including retroactive induction; and individuals' cooperation and lack of cooperation in the initial evaluation process. The amendments are intended to update pertinent regulations to reflect changes in law, to provide VA's interpretation of applicable law, and to improve clarity.	2010-886	https://www.federalregister.gov/documents/2010/01/20/2010-886/vocational-rehabilitation-and-employment-program-basic-entitlement-effective-date-of-induction-into	https://www.gpo.gov/fdsys/pkg/FR-2010-01-20/pdf/2010-886.pdf	1/20/2010
Vocational Rehabilitation and Employment Program-Periods of Eligibility	Rule	This document adopts without change the proposed rule published in the Federal Register on March 9, 2009, amending regulations of the Department of Veterans Affairs (VA) concerning periods of eligibility applicable to VA's provision of Vocational Rehabilitation and Employment benefits and services. The amendments clarify program requirements, interpret and incorporate new statutory requirements, and make clarifying non-substantive changes.	2010-879	https://www.federalregister.gov/documents/2010/01/20/2010-879/vocational-rehabilitation-and-employment-program-periods-of-eligibility	https://www.gpo.gov/fdsys/pkg/FR-2010-01-20/pdf/2010-879.pdf	1/20/2010

Vocational Rehabilitation and Employment Program-Self-Employment	Rule	This document amends the vocational rehabilitation and employment regulations of the Department of Veterans Affairs (VA) concerning self-employment for individuals with qualifying disabilities. We are making changes to conform VA's regulations for self-employment programs for veterans, and for servicemembers awaiting discharge, to statutory provisions, including provisions limiting eligibility for certain supplies, equipment, stock, and license fees to individuals with the most severe service-connected disabilities. We are also making related changes in VA's regulations affecting eligibility for such assistance for certain veterans' children with birth defects in self-employment programs. In addition, we are amending our regulations regarding the approval authority for self-employment plans to make certain requirements less restrictive and less burdensome, to remove a vague and overly broad requirement, to make changes to reflect longstanding VA policy, and to make nonsubstantive clarifying changes.	2010-882	https://www.federalregister.gov/documents/2010/01/20/2010-882/vocational-rehabilitation-and-employment-program-self-employment	https://www.gpo.gov/fdsys/pkg/FR-2010-01-20/pdf/2010-882.pdf	1/20/2010
Fund Availability Under the VA Homeless Providers Grant and Per Diem Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for applications for assistance under the Capital Grant component of VA's Homeless Providers Grant and Per Diem Program. This Notice contains information concerning the program, funding priorities, application process, and amount of funding available. Applicants who do not require funding for acquisition, renovation or new construction to create new housing for homeless veterans should not respond to this Notice of Funding Availability (NOFA). Per Diem- Only (PDO) funding will not be given under this notice. If your agency is in need of funding for operations-only, your agency should apply under a Grant and Per Diem; PDO Funding Notice.	2010-1296	https://www.federalregister.gov/documents/2010/01/25/2010-1296/fund-availability-under-the-va-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2010-01-25/pdf/2010-1296.pdf	1/25/2010
Fund Availability Under the VA Homeless Providers Grant and Per Diem Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for applications for assistance under the ``Per Diem-Only" (PDO) component of VA's Homeless Providers Grant and Per Diem Program. This Notice contains information concerning the program, funding priorities, application process, and amount of funding available.	2010-1297	https://www.federalregister.gov/documents/2010/01/25/2010-1297/fund-availability-under-the-va-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2010-01-25/pdf/2010-1297.pdf	1/25/2010
Notice of Intent To Grant an Exclusive License	Notice	Notice is hereby given that the Department of Veterans Affairs, Office of Research and Development, intends to grant to PsychoGenics, Inc., 765 Old Saw Mill River Road, Tarrytown, NY 10591 USA, an exclusive license to practice the following patent application: U.S. Patent Application Serial No. 11/713,156 filed February 28, 2007, entitled ``Pharmacological Treatment of Parkinson's Disease."	2010-2604	https://www.federalregister.gov/documents/2010/02/08/2010-2604/notice-of-intent-to-grant-an-exclusive-license	https://www.gpo.gov/fdsys/pkg/FR-2010-02-08/pdf/2010-2604.pdf	2/8/2010
VA Veteran-Owned Small Business Verification Guidelines	Rule	This document affirms as final, with changes, an interim final rule that implements portions of the Veterans Benefits, Health Care, and Information Technology Act of 2006. This law requires the Department of Veterans Affairs (VA) to verify ownership and control of veteran-owned small businesses, including service-disabled veteran- owned small businesses. This final rule defines the eligibility requirements for businesses to obtain ``verified" status, explains examination procedures, and establishes records retention and review processes. The final rule retains the interim final rule with changes based on the comments received. This document additionally implements new interim final requirements, that eligible owners work full-time in the business for which they have applied for acceptance in the Verification Program, changes the time period for issuance of reconsideration decisions from 30 to 60 days, and changes the distribution of profits for limited liability companies and employee stock ownership plans and solicits comments on these regulatory amendments only.	2010-2648	https://www.federalregister.gov/documents/2010/02/08/2010-2648/va-veteran-owned-small-business-verification-guidelines	https://www.gpo.gov/fdsys/pkg/FR-2010-02-08/pdf/2010-2648.pdf	2/8/2010

Determinations Concerning Illnesses Discussed in the Institute of Medicine Report on Gulf War and Health: Updated Literature Review of Depleted Uranium	Notice	As required by law, the Department of Veterans Affairs (VA) hereby gives notice that the Secretary of Veterans Affairs, under the authority granted by the Persian Gulf War Veterans Act of 1998, Public Law 105-277, title XVI, 112 Stat. 2681-742 through 2681-749 (codified at 38 U.S.C. 1118), has determined not to establish a presumption of service connection at this time, based on exposure to depleted uranium in the Persian Gulf during the Persian Gulf War, for any of the diseases, illnesses, or health effects discussed in the July 30, 2008, report of the Institute of Medicine (IOM) of the National Academy of Sciences (NAS), titled Gulf War and Health: Updated Literature Review of Depleted Uranium. This determination does not in any way preclude VA from granting service connection for any disease, including those specifically discussed in this notice, nor does it change any existing rights or procedures.	2010-4882	https://www.federalregister.gov/documents/2010/03/09/2010-4882/determinations-concerning-illnesses-discussed-in-the-institute-of-medicine-report-on-gulf-war-and	https://www.gpo.gov/fdsys/pkg/FR-2010-03-09/pdf/2010-4882.pdf	3/9/2010
Summary of Precedent Opinions of the General Counsel	Notice	The Department of Veterans Affairs (VA) is publishing a summary of legal interpretations issued by the Office of General Counsel involving Veterans' benefits under laws administered by VA. These interpretations are considered precedential by VA and will be followed by VA officials and employees in future claim matters involving the same legal issues. The summary is published to provide the public, and, in particular, Veterans' benefits claimants and their representatives, with notice of VA's interpretations regarding the legal matters at issue.	2010-5008	https://www.federalregister.gov/documents/2010/03/10/2010-5008/summary-of-precedent-opinions-of-the-general-counsel	https://www.gpo.gov/fdsys/pkg/FR-2010-03-10/pdf/2010-5008.pdf	3/10/2010
Gulf War Veterans' Illnesses Task Force	Notice	The Secretary Department of Veterans Affairs (VA) established the Gulf War Veterans' Illnesses Task Force (GWVI-TF) in August 2009 to conduct a comprehensive review of VA's approach to and programs addressing 1990-1991 Gulf War Veterans' illnesses. The Gulf War Veterans' Illnesses Task Force Draft Written Report is now complete. The VA is inviting public comments on the Gulf War Veterans' Illnesses Task Force Draft Written Report.	2010-7412	https://www.federalregister.gov/documents/2010/04/01/2010-7412/gulf-war-veterans-illnesses-task-force	https://www.gpo.gov/fdsys/pkg/FR-2010-04-01/pdf/2010-7412.pdf	4/1/2010
Grants to States for Construction or Acquisition of State Home Facilities-Update of Authorized Beds	Rule	This document adopts as a final rule the proposed rule to amend Department of Veterans Affairs (VA) regulations regarding grants to States for construction or acquisition of State homes. This final rule updates the maximum number of nursing home and domiciliary beds designated for each State and amends the definition of ``State" for purposes of these grants to include Guam, the Northern Mariana Islands, and American Samoa.	2010-7791	https://www.federalregister.gov/documents/2010/04/08/2010-7791/grants-to-states-for-construction-or-acquisition-of-state-home-facilities-update-of-authorized-beds	https://www.gpo.gov/fdsys/pkg/FR-2010-04-08/pdf/2010-7791.pdf	4/8/2010
Removal of Obsolete References to Herbicides Containing Dioxin	Rule	The Department of Veterans (VA) is amending its regulation concerning evaluation of studies relating to the health effects of exposure to herbicides containing dioxin and radiation to remove the obsolete references to herbicides containing dioxin. This final rule reflects changes made by the Agent Orange Act of 1991 in the procedures for VA's evaluation of the health effects of exposure to herbicides containing dioxin. This document makes non-substantive changes for the purpose of removing obsolete regulatory provisions.	2010-7792	https://www.federalregister.gov/documents/2010/04/08/2010-7792/removal-of-obsolete-references-to-herbicides-containing-dioxin	https://www.gpo.gov/fdsys/pkg/FR-2010-04-08/pdf/2010-7792.pdf	4/8/2010
Clinical Science Research and Development Service; Cooperative Studies Scientific Evaluation Committee; Notice of Meeting	Notice		2010-12206	https://www.federalregister.gov/documents/2010/05/21/2010-12206/clinical-science-research-and-development-service-cooperative-studies-scientific-evaluation	https://www.gpo.gov/fdsys/pkg/FR-2010-05-21/pdf/2010-12206.pdf	5/21/2010
Health Effects Not Associated With Exposure to Certain Herbicide Agents	Notice	As required by law, the Department of Veterans Affairs (VA)	2010-13653	https://www.federalregister.gov/documents/2010/06/08/2010-13653/health-effects-not-associated-with-exposure-to-certain-herbicide-agents	https://www.gpo.gov/fdsys/pkg/FR-2010-06-08/pdf/2010-13653.pdf	6/8/2010
Nonduplication; Pension, Compensation, and Dependency and Indemnity Compensation; Correction	Rule	This document corrects the Department of Veterans Affairs (VA)	2010-13615	https://www.federalregister.gov/documents/2010/06/08/2010-13615/nonduplication-pension-compensation-and-dependency-and-indemnity-compensation-correction	https://www.gpo.gov/fdsys/pkg/FR-2010-06-08/pdf/2010-13615.pdf	6/8/2010
Copayments for Medications	Rule	This document affirms as final an interim final rule that froze through June 30, 2010, the copayment required by Department of Veterans Affairs (VA) regulations for certain outpatient medications. Under those regulations, the copayment amount must be increased based on the prescription drug component of the Medical Consumer Price Index (CPI-P), and the maximum annual copayment amount must be increased when the copayment is increased.	2010-13872	https://www.federalregister.gov/documents/2010/06/09/2010-13872/copayments-for-medications	https://www.gpo.gov/fdsys/pkg/FR-2010-06-09/pdf/2010-13872.pdf	6/9/2010

Copayments for Medications After June 30, 2010	Rule	This document amends the Department of Veterans Affairs (VA) medical regulations concerning the copayment required for certain medications. Under current regulations, the copayment amount must be increased based on the prescription drug component of the Medical Consumer Price Index (CPI-P), and the maximum annual copayment amount must be increased when the copayment is increased. Under the amendments in this rule, until January 1, 2012, we will freeze copayments at the current rate for veterans in VA's health care system enrollment priority categories 2 through 6 and increase copayments as required by the current regulation only for veterans in priority categories 7 and 8. Thereafter, if VA does not prescribe a new methodology for increasing copayments, we will resume increasing copayments in accordance with any change in the CPI-P.	2010-13871	https://www.federalregister.gov/documents/2010/06/09/2010-13871/copayments-for-medications-after-june-30-2010	https://www.gpo.gov/fdsys/pkg/FR-2010-06-09/pdf/2010-13871.pdf	6/9/2010
Loan Guaranty: Elimination of Redundant Regulations	Rule	This document eliminates redundant and obsolete provisions in the Department of Veterans Affairs (VA) loan guaranty regulations. The provisions being removed are no longer necessary because the phase-in of VA's new loan <u>administration rules is complete</u> .	2010-14156	https://www.federalregister.gov/documents/2010/06/15/2010-14156/loan-guaranty-elimination-of-redundant-regulations	https://www.gpo.gov/fdsys/pkg/FR-2010-06-15/pdf/2010-14156.pdf	6/15/2010
State Cemetery Grants	Rule	The Department of Veterans Affairs (VA) is issuing this final rule to amend regulations governing grants to States for the establishment, expansion, and improvement of State veterans cemeteries (Establishment, Expansion, and Improvement Projects). We are implementing through regulation new statutory authority to provide grants for the operation and maintenance of State veterans cemeteries (Operation and Maintenance Projects), as authorized by the Dr. James Allen Veteran Vision Equity Act of 2007 (the Act), enacted on December 26, 2007. The Act expands VA authority to provide grants to States for operating and maintaining State veterans cemeteries and limits to \$5 million the aggregate amount of such grants VA may award in any fiscal year. VA is amending its regulations to outline the process, the criteria, and the priorities relating to the award of these Operation and Maintenance Project grants. This final rule will also amend our regulations by changing the arrangement and numbering of the current regulatory sections, incorporating some non-substantive changes to the regulations, and removing specific forms from this part that are available at http://www.cem.va.gov/cecm/scg_grants.asp .	2010-14058	https://www.federalregister.gov/documents/2010/06/16/2010-14058/state-cemetery-grants	https://www.gpo.gov/fdsys/pkg/FR-2010-06-16/pdf/2010-14058.pdf	6/16/2010
Summary of Precedent Opinions of the General Counsel	Notice	The Department of Veterans Affairs (VA) is publishing a summary of legal interpretations issued by the Office of General Counsel involving Veterans' benefits under laws administered by VA. This interpretation is considered precedential by VA and will be followed by VA officials and employees in future claim matters involving the same legal issues. The summary is published to provide the public, and, in particular, Veterans' benefits claimants and their representatives, with notice of VA's interpretations regarding the legal matters at issue.	2010-15079	https://www.federalregister.gov/documents/2010/06/22/2010-15079/summary-of-precedent-opinions-of-the-general-counsel	https://www.gpo.gov/fdsys/pkg/FR-2010-06-22/pdf/2010-15079.pdf	6/22/2010

Stressor Determinations for Posttraumatic Stress Disorder	Rule	The Department of Veterans Affairs (VA) is amending its adjudication regulations governing service connection for posttraumatic stress disorder (PTSD) by liberalizing in some cases the evidentiary standard for establishing the required in-service stressor. This amendment eliminates the requirement for corroborating that the claimed in-service stressor occurred if a stressor claimed by a veteran is related to the veteran's fear of hostile military or terrorist activity and a VA psychiatrist or psychologist, or a psychiatrist or psychologist with whom VA has contracted, confirms that the claimed stressor is adequate to support a diagnosis of PTSD and that the veteran's symptoms are related to the claimed stressor, provided that the claimed stressor is consistent with the places, types, and circumstances of the veteran's service. This amendment takes into consideration the current scientific research studies relating PTSD to exposure to hostile military and terrorist actions. The amendment acknowledges the inherently stressful nature of the places, types, and circumstances of service in which fear of hostile military or terrorist activities is ongoing. With this amendment, the evidentiary standard of establishing an in-service stressor will be reduced in these cases. The amendment will facilitate the timely processing of PTSD claims by simplifying the development and research procedures that apply to these claims.	2010-16885	https://www.federalregister.gov/documents/2010/07/13/2010-16885/stressor-determinations-for-posttraumatic-stress-disorder	https://www.gpo.gov/fdsys/pkg/FR-2010-07-13/pdf/2010-16885.pdf	7/13/2010
Disenrollment Procedures	Rule	This document makes technical amendments to the Department of Veterans Affairs (VA) regulation concerning enrollment and disenrollment from the VA medical care system. It removes the "automatic enrollment" provision relevant to a 1998 trial enrollment program that has been discontinued. It also amends the regulation to reflect current VA practice and to update the address for documents mailed to the VA Health Eligibility Center. Finally, it provides an internet address for accessing VA Form 10-10EZ online.	2010-21297	https://www.federalregister.gov/documents/2010/08/27/2010-21297/disenrollment-procedures	https://www.gpo.gov/fdsys/pkg/FR-2010-08-27/pdf/2010-21297.pdf	8/27/2010
Deceased Indebted Servicemembers and Veterans: Authority Concerning Certain Indebtedness	Rule	This document amends Department of Veterans Affairs (VA) regulations to implement certain statutory provisions that grant limited authority to the Secretary of Veterans Affairs to terminate collection action on certain debts arising from a VA benefit program when the indebted individual is a member of the Armed Forces or a veteran who dies as a result of injury incurred or aggravated in the line of duty while serving in a theater of combat operations in a war or in combat against a hostile force during a period of hostilities on or after September 11, 2001, and to refund amounts collected after the individual's death. This document also implements statutory provisions that grant the Secretary discretionary authority to suspend or terminate collection of debts owed to VA by individuals who died while serving on active duty as a member of the Army, Navy, Air Force, Marine Corps, or Coast Guard during a period when the Coast Guard is operating as a service in the Navy, and to refund amounts collected after the individual's death.	2010-21668	https://www.federalregister.gov/documents/2010/08/31/2010-21668/deceased-indebted-servicemembers-and-veterans-authority-concerning-certain-indebtedness	https://www.gpo.gov/fdsys/pkg/FR-2010-08-31/pdf/2010-21668.pdf	8/31/2010
Diseases Associated With Exposure to Certain Herbicide Agents (Hairy Cell Leukemia and Other Chronic B-Cell Leukemias, Parkinson's Disease and Ischemic Heart Disease)	Rule	This document amends the Department of Veterans Affairs (VA) adjudication regulations concerning presumptive service connection for certain diseases based upon the most recent National Academy of Sciences (NAS) Institute of Medicine committee report, Veterans and Agent Orange: Update 2008 (Update 2008). This amendment is necessary to implement the decision of the Secretary of Veterans Affairs that there is a positive association between exposure to certain herbicides and the subsequent development of hairy cell leukemia and other chronic B- cell leukemias, Parkinson's disease, and ischemic heart disease. The effect of this amendment is to establish presumptive service connection for these diseases based on herbicide exposure.	2010-21556	https://www.federalregister.gov/documents/2010/08/31/2010-21556/diseases-associated-with-exposure-to-certain-herbicide-agents-hairy-cell-leukemia-and-other-chronic	https://www.gpo.gov/fdsys/pkg/FR-2010-08-31/pdf/2010-21556.pdf	8/31/2010
Technical Revisions To Conform With the Veterans' Mental Health Care Act of 2008 and Other Laws	Rule	This final rule amends the Department of Veterans Affairs (VA) medical regulations to make the language of several provisions conform to changes in law made by the Homeless Veterans Comprehensive Assistance Act of 2001; the Veterans Health Care, Capital Asset, and Business Improvement Act of 2003; and the Veterans' Mental Health and Other Care Improvements Act of 2008.	2010-22056	https://www.federalregister.gov/documents/2010/09/03/2010-22056/technical-revisions-to-conform-with-the-veterans-mental-health-care-act-of-2008-and-other-laws	https://www.gpo.gov/fdsys/pkg/FR-2010-09-03/pdf/2010-22056.pdf	9/3/2010

Diseases Associated With Exposure to Certain Herbicide Agents (Hairy Cell Leukemia and Other Chronic B-Cell Leukemias, Parkinson's Disease and Ischemic Heart Disease); Correction	Rule	The Department of Veterans Affairs (VA) published in the Federal Register on August 31, 2010, a document amending the adjudication regulations concerning the presumptive service connection for certain diseases based upon the most recent National Academy of Sciences Institute of Medicine committee report, Veterans and Agent Orange: Update 2008. In the preamble of that document, VA inadvertently included an incorrect Web site address. This document corrects the Web site address.	2010-22281	https://www.federalregister.gov/documents/2010/09/08/2010-22281/diseases-associated-with-exposure-to-certain-herbicide-agents-hairy-cell-leukemia-and-other-chronic	https://www.gpo.gov/fdsys/pkg/FR-2010-09-08/pdf/2010-22281.pdf	9/8/2010
Medical; Nonsubstantive Miscellaneous Changes; Correction	Rule	The Department of Veterans Affairs (VA) published a final rule in the Federal Register on May 13, 1996 (61 FR 21964), amending its medical regulations in 38 CFR part 17 by making a number of nonsubstantive changes. Specifically, section numbers were redesignated, redundant and obsolete material was removed, certain position and organizational titles were changed, and material previously deleted was restored. The document contained an error in an amendatory instruction. We removed portions of Sec. 17.31 and inadvertently redesignated Sec. 17.31(b)(5) as the new Sec. 17.31, creating two sections for Sec. 17.31. This document will correct that error by removing the second, obsolete Sec. 17.31.	2010-22252	https://www.federalregister.gov/documents/2010/09/08/2010-22252/medical-nonsubstantive-miscellaneous-changes-correction	https://www.gpo.gov/fdsys/pkg/FR-2010-09-08/pdf/2010-22252.pdf	9/8/2010
Loan Guaranty; Assistance to Eligible Individuals in Acquiring Specially Adapted Housing	Rule	This document amends the Department of Veterans Affairs' (VA's) Loan Guaranty regulations concerning assistance to eligible individuals in acquiring specially adapted housing. These changes improve the readability of the regulations; provide further detail about longstanding program policies; and address legislation, policy changes, and a VA Office of the General Counsel legal opinion.	2010-23277	https://www.federalregister.gov/documents/2010/09/17/2010-23277/loan-guaranty-assistance-to-eligible-individuals-in-acquiring-specially-adapted-housing	https://www.gpo.gov/fdsys/pkg/FR-2010-09-17/pdf/2010-23277.pdf	9/17/2010
Specially Adapted Housing and Special Home Adaptation	Rule	The Department of Veterans Affairs (VA) adopts as a final rule its proposal to amend its adjudication regulations regarding specially adapted housing and special home adaptation grants. This final rule incorporates certain provisions from the Veterans Benefits Act of 2003, the Veterans Benefits Improvement Act of 2004, the Veterans' Housing Opportunity and Benefits Improvement Act of 2006, and the Housing and Economic Recovery Act of 2008. These amendments are necessary to conform the regulations to the statutory provisions.	2010-23629	https://www.federalregister.gov/documents/2010/09/23/2010-23629/specially-adapted-housing-and-special-home-adaptation	https://www.gpo.gov/fdsys/pkg/FR-2010-09-23/pdf/2010-23629.pdf	9/23/2010
Reasonable Charges for Inpatient MS-DRGs and SNF Medical Services; 2011 Fiscal Year Update	Notice	Section 17.101 of Title 38 of the Code of Federal Regulations sets forth the Department of Veterans Affairs (VA) medical regulations concerning ``Reasonable Charges' for medical care or services provided or furnished by VA to a veteran: --For a nonservice-connected disability for which the veteran is entitled to care (or the payment of expenses of care) under a health plan contract; --For a nonservice-connected disability incurred incident to the veteran's employment and covered under a worker's compensation law or plan that provides reimbursement or indemnification for such care and services; or --For a nonservice-connected disability incurred as a result of a motor vehicle accident in a State that requires automobile accident reparations insurance. The regulations include methodologies for establishing billed amounts for the following types of charges: Acute inpatient facility charges; skilled nursing facility/sub-acute inpatient facility charges; partial hospitalization facility charges; outpatient facility charges; physician and other professional charges, including professional charges for anesthesia services and dental services; pathology and laboratory charges; observation care facility charges; ambulance and other emergency transportation charges; and charges for durable medical equipment, drugs, injectables, and other medical services, items, and supplies identified by Healthcare Common Procedure Coding System (HCPCS) Level II codes. The regulations also provide that data for calculating actual charge amounts at individual VA facilities based on these methodologies will either be published in a notice in the Federal Register or will be posted on the Internet site of the Veterans Health Administration (VHA) Chief Business	2010-24116	https://www.federalregister.gov/documents/2010/09/27/2010-24116/reasonable-charges-for-inpatient-ms-drgs-and-snf-medical-services-2011-fiscal-year-update	https://www.gpo.gov/fdsys/pkg/FR-2010-09-27/pdf/2010-24116.pdf	9/27/2010

Presumptions of Service Connection for Persian Gulf Service	Rule	The Department of Veterans Affairs (VA) amends its adjudication regulations concerning presumptive service connection for certain diseases. This amendment implements a decision of the Secretary of Veterans Affairs that there is a positive association between service in Southwest Asia during certain periods and the subsequent development of certain infectious diseases in response to an October 16, 2006, report of the National Academy of Sciences (NAS), titled ``Gulf War and Health Volume 5: Infectious Diseases." The intended effect of this amendment is to establish presumptive service connection for these diseases and to provide guidance regarding long-term health effects associated with these diseases.	2010-24360	https://www.federalregister.gov/documents/2010/09/29/2010-24360/presumptions-of-service-connection-for-persian-gulf-service	https://www.gpo.gov/fdsys/pkg/FR-2010-09-29/pdf/2010-24360.pdf	9/29/2010
Presumptions of Service Connection for Persian Gulf Service; Correction	Rule	The Department of Veterans Affairs (VA) published in the Federal Register of September 29, 2010, a document amending its adjudication regulations concerning presumptive service connection for certain diseases. In the regulatory text of that document, VA inadvertently omitted a comma following the word ``etiology" in the first sentence of Sec. 3.317(a)(2)(ii). This document corrects that omission.	2010-24898	https://www.federalregister.gov/documents/2010/10/05/2010-24898/presumptions-of-service-connection-for-persian-gulf-service-correction	https://www.gpo.gov/fdsys/pkg/FR-2010-10-05/pdf/2010-24898.pdf	10/5/2010
Charges Billed to Third Parties for Prescription Drugs Furnished by VA to a Veteran for a Nonservice Connected Disability	Rule	This document amends the medical regulations of the Department of Veterans Affairs (VA) concerning ``reasonable charges" for medical care or services provided or furnished by VA to a veteran for a nonservice-connected disability. More specifically, VA amends the regulations regarding charges billed for prescription drugs not administered during treatment by changing the billing formula to reflect VA's actual drug costs for each drug rather than using a national average drug cost for all prescriptions dispensed. The revised formula for calculating reasonable charges for prescription drug costs will also continue to include an average administrative cost for each prescription. The purpose is to provide VA with a more accurate billing methodology for prescription drugs.	2010-25043	https://www.federalregister.gov/documents/2010/10/06/2010-25043/charges-billed-to-third-parties-for-prescription-drugs-furnished-by-va-to-a-veteran-for-a	https://www.gpo.gov/fdsys/pkg/FR-2010-10-06/pdf/2010-25043.pdf	10/6/2010
Compensation for Certain Disabilities Due to Undiagnosed Illnesses	Rule	This document amends a Department of Veterans Affairs (VA) ratings and evaluations regulation to remove a provision reserving to the Secretary the authority for certain determinations and to make a non-substantive clarifying change.	2010-25100	https://www.federalregister.gov/documents/2010/10/07/2010-25100/compensation-for-certain-disabilities-due-to-undiagnosed-illnesses	https://www.gpo.gov/fdsys/pkg/FR-2010-10-07/pdf/2010-25100.pdf	10/7/2010
Loan Guaranty: Elimination of Redundant Regulations; Correction	Rule	The Department of Veterans Affairs (VA) published a document in the Federal Register on June 15, 2010 (75 FR 33704), amending its loan guaranty regulations to eliminate redundant regulations following the phase-in of a new electronic reporting system. At that time, we failed to update the cross-reference citations within the redesignated sections. This document corrects those sections by replacing the incorrect cross-reference citations with the updated, accurate cross- references. These nonsubstantive changes are made for clarity and accuracy.	2010-26580	https://www.federalregister.gov/documents/2010/10/22/2010-26580/loan-guaranty-elimination-of-redundant-regulations-correction	https://www.gpo.gov/fdsys/pkg/FR-2010-10-22/pdf/2010-26580.pdf	10/22/2010
Post-9/11 GI Bill 2010-2011 Tuition and Fee In-State Maximums	Notice	The purpose of this notice is to advise the public of the Post-9/11 GI Bill tuition and fee in-State maximum rates for the 2010- 2011 academic year. The Post-9/11 GI Bill pays tuition and fees charged to eligible individuals up to the highest in-State undergraduate tuition and fees charged by a public institution of higher learning (IHL) in the State where the school is located. The amount of tuition and fees payable will vary based on the location of the IHL and the individual's eligibility percentage (40%-100%). VA will use the maximum amounts listed below to determine the amounts payable for training pursued under the Post-9/11 GI Bill after July 31, 2010, and before August 1, 2011.	2010-27095	https://www.federalregister.gov/documents/2010/10/27/2010-27095/post-911-gi-bill-2010-2011-tuition-and-fee-in-state-maximums	https://www.gpo.gov/fdsys/pkg/FR-2010-10-27/pdf/2010-27095.pdf	10/27/2010

Allowance for Private Purchase of an Outer Burial Receptacle in Lieu of a Government-Furnished Graveliner for a Grave in a VA National Cemetery	Notice	Public Law 104-275 was enacted on October 9, 1996. It allows the Department of Veterans Affairs (VA) to provide a monetary allowance towards the private purchase of an outer burial receptacle for use in a VA national cemetery. Under VA regulation (38 CFR 38.629), the allowance is equal to the average cost of Government-furnished graveliners less any administrative costs to VA. The law provides a veteran's survivors with the option of selecting a Government-furnished graveliner for use in a VA national cemetery where such use is authorized. The purpose of this Notice is to notify interested parties of the average cost of Government-furnished graveliners, administrative costs that relate to processing and paying the allowance and the amount of the allowance payable for qualifying interments that occur during calendar year 2011.	2010-27546	https://www.federalregister.gov/documents/2010/11/02/2010-27546/allowance-for-private-purchase-of-an-outer-burial-receptacle-in-lieu-of-a-government-furnished	https://www.gpo.gov/fdsys/pkg/FR-2010-11-02/pdf/2010-27546.pdf	11/2/2010
Loan Guaranty: Assistance to Eligible Individuals in Acquiring Specially Adapted Housing; Cost-of-Construction Index	Notice	The U. S. Department of Veterans Affairs (VA) announces that the aggregate amounts of assistance available under the Specially Adapted Housing (SAH) grant program remains unchanged during fiscal year 2011, pursuant to 38 CFR 36.4412.	2010-28127	https://www.federalregister.gov/documents/2010/11/08/2010-28127/loan-guaranty-assistance-to-eligible-individuals-in-acquiring-specially-adapted-housing	https://www.gpo.gov/fdsys/pkg/FR-2010-11-08/pdf/2010-28127.pdf	11/8/2010
Supportive Services for Veteran Families Program	Rule	The Department of Veterans Affairs (VA) is amending its regulations to establish the Supportive Services for Veteran Families Program (SSVF Program). These amendments implement the provisions of section 604 of the Veterans' Mental Health and Other Care Improvements Act of 2008 (Act). The purpose of the SSVF Program is to provide supportive services grants to private non-profit organizations and consumer cooperatives who will coordinate or provide supportive services to very low-income veteran families who are residing in permanent housing, are homeless and scheduled to become residents of permanent housing within a specified time period, or after exiting permanent housing, are seeking other housing that is responsive to such very low-income veteran family's needs and preferences. The new SSVF Program is within the continuum of VA's homeless services programs.	2010-28407	https://www.federalregister.gov/documents/2010/11/10/2010-28407/supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2010-11-10/pdf/2010-28407.pdf	11/10/2010
Evidence for Transfer of Entitlement of Education Benefits; Correction	Notice	The Department of Veterans Affairs (VA) published a collection of information notice in a Federal Register on November 4, 2010, that contained an error. The notice incorrectly stated that servicemembers on active duty may request to designate up to a maximum of 18 months of their educational assistance entitlement to their spouse, one or more of their children or a combination of the spouse and children. This document corrects the error to remove ``up to a maximum of 18 months of".	2010-28448	https://www.federalregister.gov/documents/2010/11/12/2010-28448/evidence-for-transfer-of-entitlement-of-education-benefits-correction	https://www.gpo.gov/fdsys/pkg/FR-2010-11-12/pdf/2010-28448.pdf	11/12/2010
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Restoration of the 1889 Soldiers Home Chapel and Rehabilitation of the 1901 Chaplain's Quarters at the Clement J. Zablocki Veterans Affairs Medical Center (VAMC) in Milwaukee, WI	Notice	The Secretary of VA intends to enter into an EUL of the 1889 Soldiers Home Chapel (Building <greek-i>12), the 1901 Chaplain's Quarters (Building <greek-i>16), and the surrounding approximately 2.5 acres at the Clement J. Zablocki VAMC in Milwaukee, Wisconsin. The selected Lessee will finance, design, develop, construct, manage, maintain, and operate the Soldiers Home Chapel and Chaplain's Quarters. As consideration for the lease, the Lessee will be required to restore the Chapel and rehabilitate the Chaplain's Quarters. Lessee will also provide referral counseling services for homeless Veterans, and set aside at least one room in the Chapel to provide counseling and outreach services for homeless Veterans. Lessee will provide priority to Veterans and their families for funerals, weddings, wedding renewals, multi-denominational and community events and presentations.	2010-28632	https://www.federalregister.gov/documents/2010/11/15/2010-28632/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-restoration-of-the	https://www.gpo.gov/fdsys/pkg/FR-2010-11-15/pdf/2010-28632.pdf	11/15/2010
Responding to Disruptive Patients	Rule	This final rule amends the Department of Veterans Affairs (VA) regulation that authorizes appropriate action when a patient engages in disruptive behavior at a VA medical facility. This amendment updates VA's current regulation to reflect modern medical care and ethical practices. The final rule authorizes VA to modify the time, place, and/ or manner in which VA provides treatment to a patient, in order to ensure the safety of others at VA medical facilities, and to prevent any interference with the provision of medical care.	2010-28711	https://www.federalregister.gov/documents/2010/11/16/2010-28711/responding-to-disruptive-patients	https://www.gpo.gov/fdsys/pkg/FR-2010-11-16/pdf/2010-28711.pdf	11/16/2010

Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of a Transitional Housing Facility on a 1-Acre Parcel at the George E. Wahlen VA Medical Center (VAMC) in Salt Lake City, UT	Notice	The Secretary of VA intends to enter into an EUL on a 1-acre parcel of land at the George E. Wahlen VAMC in Salt Lake City, Utah. The selected lessee will finance, design, develop, construct, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to build, operate, and maintain a transitional housing facility; provide preference and priority placement for homeless Veterans and Veterans at risk of homelessness; and provide a supportive services program that guides resident Veterans toward attaining long-term self-sufficiency.	2010-29750	https://www.federalregister.gov/documents/2010/11/26/2010-29750/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2010-11-26/pdf/2010-29750.pdf	11/26/2010
Gravesite Reservation Survey (2 Year); Correction	Notice	The Department of Veterans Affairs (VA) published a collection of information notice in the Federal Register on December 7, 2010, that contained errors. The notice incorrectly identified the responsible VA organization. This document corrects that error by removing in two places ``Veterans Benefits Administration" and adding, in each place, ``National Cemetery Administration".	2010-31299	https://www.federalregister.gov/documents/2010/12/14/2010-31299/gravesite-reservation-survey-2-year-correction	https://www.gpo.gov/fdsys/pkg/FR-2010-12-14/pdf/2010-31299.pdf	12/14/2010
VetBiz Vendor Information Pages Verification Program; Correction	Notice	The Department of Veterans Affairs (VA) published a collection of information notice in the Federal Register on December 7, 2010, that contained an error. The notice incorrectly identified the responsible VA organization. This document corrects that error by removing ``Veterans Benefits Administration" and adding, in its place, ``Center for Veterans Enterprise".	2010-31300	https://www.federalregister.gov/documents/2010/12/14/2010-31300/vetbiz-vendor-information-pages-verification-program-correction	https://www.gpo.gov/fdsys/pkg/FR-2010-12-14/pdf/2010-31300.pdf	12/14/2010
Fund Availability Under the Supportive Services for Veteran Families Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for supportive services grants under the Supportive Services for Veteran Families Program (SSVF Program). This Notice contains information concerning the SSVF Program, application process, and amount of funding available.	2010-31742	https://www.federalregister.gov/documents/2010/12/17/2010-31742/fund-availability-under-the-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2010-12-17/pdf/2010-31742.pdf	12/17/2010
Payment for Inpatient and Outpatient Health Care Professional Services at Non-Departmental Facilities and Other Medical Charges Associated With Non-VA Outpatient Care	Rule	This document affirms as final, with changes, a proposed rule that updates the Department of Veterans Affairs (VA) medical regulations concerning the payment methodology used to calculate VA payments for inpatient and outpatient health care professional services and other medical services associated with non-VA outpatient care. The rule has been designed to ensure that it will not have adverse effects on access to care.	2010-31629	https://www.federalregister.gov/documents/2010/12/17/2010-31629/payment-for-inpatient-and-outpatient-health-care-professional-services-at-non-departmental	https://www.gpo.gov/fdsys/pkg/FR-2010-12-17/pdf/2010-31629.pdf	12/17/2010
Clinical Science Research and Development Service; Cooperative Studies Scientific Evaluation Committee; Notice of Meeting	Notice		2010-31830	https://www.federalregister.gov/documents/2010/12/20/2010-31830/clinical-science-research-and-development-service-cooperative-studies-scientific-evaluation	https://www.gpo.gov/fdsys/pkg/FR-2010-12-20/pdf/2010-31830.pdf	12/20/2010
VA Veteran-Owned Small Business Verification Guidelines; Correction	Rule	VA published two documents in the Federal Register, an interim final rule on May 19, 2008 (73 FR 29024) and a final rule on February 8, 2010 (75 FR 6098), which implement portions of the Veterans Benefits, Health Care, and Information Technology Act of 2006. Both documents contain a typographical error in a cross reference citation. This document corrects that error.	2010-32226	https://www.federalregister.gov/documents/2010/12/23/2010-32226/va-veteran-owned-small-business-verification-guidelines-correction	https://www.gpo.gov/fdsys/pkg/FR-2010-12-23/pdf/2010-32226.pdf	12/23/2010

Health Outcomes Not Associated With Exposure to Certain Herbicide Agents; Veterans and Agent Orange: Update 2008	Notice	As required by law, the Department of Veterans Affairs (VA) hereby gives notice that the Secretary of Veterans Affairs, under the authority of the Agent Orange Act of 1991, Public Law 102-4 (codified in relevant part at 38 U.S.C. 1116), has determined that a presumption of service connection is not warranted based on exposure to herbicides used in the Republic of Vietnam during the Vietnam Era for any of the diseases, illnesses, or health effects identified in the July 24, 2009, National Academy of Sciences (NAS) report entitled ``Veterans and Agent Orange: Update 2008" (Update 2008), except for hairy cell leukemia (HCL) and other chronic b-cell leukemias, Parkinson's disease, and ischemic heart disease. In this regard, the Secretary of Veterans Affairs determined, based upon the NAS report, that there is a positive association between exposure to herbicides and the subsequent development of HCL and other chronic b-cell leukemias, Parkinson's disease, and ischemic heart disease. The Secretary recently published a notice of proposed rulemaking to implement this decision. See 75 FR 14391 (Mar. 25, 2010). The determination to not establish a presumption of service connection, based on exposure to herbicides used in the Republic of Vietnam during the Vietnam era for any other of the diseases, illnesses, or health effects identified in the July 24, 2009, NAS report, does not in any way preclude VA from granting service connection for these diseases, including those specifically discussed in this notice, nor does it change any existing rights or procedures. The Secretary's determinations regarding individual diseases are based on all available evidence in the 2008 report of the NAS and prior NAS reports. This notice generally states specific	2010-32332	https://www.federalregister.gov/documents/2010/12/27/2010-32332/health-outcomes-not-associated-with-exposure-to-certain-herbicide-agents-veterans-and-agent-orange	https://www.gpo.gov/fdsys/pkg/FR-2010-12-27/pdf/2010-32332.pdf	12/27/2010
Reasonable Charges for Medical Care or Services; 2011 Calendar Year Update	Notice	This Department of Veterans Affairs (VA) notice informs the public of updated data for calculating the ``reasonable charges" collected or recovered by VA for medical care or services provided or furnished by VA to a veteran for: (1) A non service-connected disability for which the veteran is entitled to care or the payment of expenses for care under a health plan contract; (2) a non service-connected disability incurred incident to the veteran's employment and covered under a worker's compensation law or plan that provides reimbursement or indemnification for such care and services; or (3) a non service-connected disability incurred as a result of a motor vehicle accident in a state that requires automobile accident reparations insurance. The charge tables and supplemental tables that are applicable to this notice can be viewed on the Veterans Health Administration Chief Business Office's Intranet and Internet Web sites. These changes are effective January 1, 2011.	2010-32426	https://www.federalregister.gov/documents/2010/12/27/2010-32426/reasonable-charges-for-medical-care-or-services-2011-calendar-year-update	https://www.gpo.gov/fdsys/pkg/FR-2010-12-27/pdf/2010-32426.pdf	12/27/2010
VASRD Improvement Forum-Updating Disability Criteria for the Genitourinary System, Digestive System, Dental Conditions, and Infectious Diseases, Immune Disorders and Nutritional Deficiencies	Notice	The Veterans Benefits Administration (VBA) and Veterans Health Administration (VHA) will co-host the Department of Veterans Affairs (VA) Schedule for Rating Disabilities (VASRD) Improvement Forum-- Updating Disability Criteria for the Genitourinary System, Digestive System, Dental Conditions, and Infectious Diseases, Immune Disorders and Nutritional Deficiencies. The purpose of the VASRD Improvement Forum is to capture public comment and current medical science information from presentations made by subject matter experts. VA plans to use this information to update the sections of the VASRD that pertain to the following four body systems: (1) Infectious Diseases, Immune Disorders and Nutritional Deficiencies (38 CFR 4.88-4.89), (2) the Digestive System (38 CFR 4.110-4.114), (3) the Genitourinary System (38 CFR 4.115-4.115b) and (4) Dental and Oral Conditions (38 CFR 4.150). Specifically, diagnostic code descriptors and evaluation criteria will be discussed. Contingent upon available capacity and time, individuals wishing to make oral statements will be accommodated on a first-come, first-served basis.	2010-32909	https://www.federalregister.gov/documents/2010/12/30/2010-32909/vasrd-improvement-forum-updating-disability-criteria-for-the-genitourinary-system-digestive-system	https://www.gpo.gov/fdsys/pkg/FR-2010-12-30/pdf/2010-32909.pdf	12/30/2010

Gulf War and Health, Volume 6, Physiologic, Psychologic, and Psychosocial Effects of Deployment-Related Stress	Notice	As required by law, the Department of Veterans Affairs (VA) hereby gives notice that the Secretary of Veterans Affairs, under the authority granted by the Persian Gulf War Veterans Act of 1998, Public Law 105-277, title XVI, 112 Stat. 2681-742 through 2681-749 (codified at 38 U.S.C. 1118), has determined that there is no basis to establish any new presumptions of service connection at this time for any of the diseases, illnesses, or health effects discussed in the November 15, 2007, National Academy of Sciences (NAS) report titled, " Gulf War and Health, Volume 6, Physiologic, Psychologic, and Psychosocial Effects of Deployment-Related Stress." This determination does not in any way preclude VA from granting service connection on a direct basis for any disease, including those specifically discussed in this notice, nor does it change any existing rights or procedures.	2011-552	https://www.federalregister.gov/documents/2011/01/13/2011-552/gulf-war-and-health-volume-6-physiologic-psychologic-and-psychosocial-effects-of-deployment-related	https://www.gpo.gov/fdsys/pkg/FR-2011-01-13/pdf/2011-552.pdf	1/13/2011
VA Veteran-Owned Small Business Verification Guidelines	Rule	This document affirms as final, with changes, a final rule with request for comments that implemented portions of the Veterans Benefits, Health Care, and Information Technology Act of 2006. This law requires the Department of Veterans Affairs (VA) to verify ownership and control of veteran-owned small businesses, including service- disabled veteran-owned small businesses. This final rule rescinds the requirement that eligible owners work full-time in the business for which they have applied for acceptance in the Verification Program and that limits participants to a single business. It formally changes the time period for issuance of reconsideration decisions from 30 to 60 days and changes the distribution of profits for limited liability companies and employee stock ownership plans.	2011-983	https://www.federalregister.gov/documents/2011/01/19/2011-983/va-veteran-owned-small-business-verification-guidelines	https://www.gpo.gov/fdsys/pkg/FR-2011-01-19/pdf/2011-983.pdf	1/19/2011
West Los Angeles VA Medical Center Veterans Programs Enhancement Act of 1998; Draft Master Plan	Notice	This Federal Register Notice announces an opportunity for public comment on the West Los Angeles (WLA) Department of Veterans Affairs (VA) Medical Center Veterans Programs Enhancement Act of 1998 (VPEA) Draft Master Plan (hereinafter referred to as the "Draft Master Plan." The purpose of this plan is to satisfy the legislative mandate of the Veterans Programs Enhancement Act of 1998 regarding "a master plan for the use of the lands * * * over the next 25 and over the next 50 years."	2011-1032	https://www.federalregister.gov/documents/2011/01/19/2011-1032/west-los-angeles-v-a-medical-center-veterans-programs-enhancement-act-of-1998-draft-master-plan	https://www.gpo.gov/fdsys/pkg/FR-2011-01-19/pdf/2011-1032.pdf	1/19/2011
Herbicide Exposure and Veterans With Covered Service in Korea	Rule	This document adopts as a final rule the Department of Veterans Affairs' (VA) proposal to amend VA adjudication, medical, and vocational rehabilitation and employment regulations to incorporate relevant provisions of the Veterans Benefits Act of 2003. Specifically, this document amends VA regulations regarding herbicide exposure of certain veterans who served in or near the Korean demilitarized zone and regulations regarding spina bifida in their children. It also amends VA's medical regulations by correcting the Health Administration Center's hand-delivery address.	2011-1342	https://www.federalregister.gov/documents/2011/01/25/2011-1342/herbicide-exposure-and-veterans-with-covered-service-in-korea	https://www.gpo.gov/fdsys/pkg/FR-2011-01-25/pdf/2011-1342.pdf	1/25/2011
Summary of Precedent Opinions of the General Counsel	Notice	The Department of Veterans Affairs (VA) is publishing a summary of legal interpretations issued by the Office of General Counsel involving Veterans' benefits under laws administered by VA. This interpretation is considered precedential by VA and will be followed by VA officials and employees in future claim matters involving the same legal issues. The summary is published to provide the public, and, in particular, Veterans' benefits claimants and their representatives, with notice of VA's interpretations regarding the legal matters at issue.	2011-1486	https://www.federalregister.gov/documents/2011/01/25/2011-1486/summary-of-precedent-opinions-of-the-general-counsel	https://www.gpo.gov/fdsys/pkg/FR-2011-01-25/pdf/2011-1486.pdf	1/25/2011
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property at the Charlie Norwood VA Medical Center (VAMC) in Augusta, GA	Notice	The Secretary of VA intends to enter into an EUL on an 11.5- acre parcel of land at the Charlie Norwood VAMC. The selected lessee will finance, design, develop, renovate, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to renovate, operate, and maintain a transitional and permanent housing facility; provide preference and priority placement for homeless Veterans and Veterans at risk of homelessness; and provide a supportive services program that guides resident Veterans toward attaining long-term self-sufficiency.	2011-2003	https://www.federalregister.gov/documents/2011/01/31/2011-2003/enhanced-use-lease-eul-of-department-of-veterans-affairs-v-a-real-property-at-the-charlie-norwood-v-a	https://www.gpo.gov/fdsys/pkg/FR-2011-01-31/pdf/2011-2003.pdf	1/31/2011

Loan Guaranty Revised Loan Modification Procedures	Rule	This document amends a Department of Veterans Affairs (VA) Loan Guaranty regulation related to modification of guaranteed housing loans in default. Specifically, changes are made to requirements related to maximum interest rates on modified loans and to items that may be capitalized in a modified loan amount. In addition, we are revising the regulation to clarify that the holder of a loan may seek VA approval for a loan modification that does not otherwise meet prescribed conditions. The amendments are intended to liberalize the requirements for modification of VA-guaranteed loans and provide holders more options for working with veterans to avoid foreclosure.	2011-2566	https://www.federalregister.gov/documents/2011/02/07/2011-2566/loan-guaranty-revised-loan-modification-procedures	https://www.gpo.gov/fdsys/pkg/FR-2011-02-07/pdf/2011-2566.pdf	2/7/2011
Disclosure of Medical Information to the Surrogate of a Patient Who Lacks Decision-Making Capacity	Rule	This document amends Department of Veterans Affairs (VA) regulations to reflect changes made by section 504 of the Caregivers and Veterans Omnibus Health Services Act of 2010. Section 504 authorizes a VA practitioner, when the practitioner deems it necessary to ensure an informed medical decision, to share certain, otherwise protected medical information with the representative of a patient who lacks decision-making capacity. This rulemaking amends VA regulations consistent with this new authority.	2011-2750	https://www.federalregister.gov/documents/2011/02/08/2011-2750/disclosure-of-medical-information-to-the-surrogate-of-a-patient-who-lacks-decision-making-capacity	https://www.gpo.gov/fdsys/pkg/FR-2011-02-08/pdf/2011-2750.pdf	2/8/2011
Public Availability of the Department of Veterans Affairs FY 2010 Service Contract Inventory	Notice	In accordance with Section 743 of Division C of the Consolidated Appropriations Act of 2010 (Pub. L. 111-117), Department of Veterans Affairs (VA) is publishing this notice to advise the public of the accessibility of VA's FY 2010 service contract inventory available at http://www1.va.gov/oamm/rlib/scainventory.cfm . This inventory provides information on service contract actions over \$25,000 that were made in FY 2010. The information is organized by function to show how contracted resources are distributed throughout the department. The inventory has been developed in accordance with guidance issued on November 5, 2010, by the Office of Management and Budget's Office of Federal Procurement Policy (OFPP). OFPP's guidance is available at http://www.whitehouse.gov/sites/default/files/omb/procurement/memo/service-contract-inventories-guidance-11052010.pdf .	2011-3220	https://www.federalregister.gov/documents/2011/02/14/2011-3220/public-availability-of-the-department-of-veterans-affairs-fy-2010-service-contract-inventory	https://www.gpo.gov/fdsys/pkg/FR-2011-02-14/pdf/2011-3220.pdf	2/14/2011
Copayments for Medications After June 30, 2010	Rule	This document affirms as final an interim final rule that froze until January 1, 2012, the copayment required for certain medications. Under those amendments, the copayment amount for veterans in the Department of Veterans Affairs (VA) health care system, enrollment priority categories 2 through 6, will remain at \$8 and the copayment amount for veterans in enrollment priority categories 7 and 8 will remain at \$9. The maximum annual copayment amount will also not increase. On January 1, 2012, the copayment amounts will increase based on the prescription drug component of the Medical Consumer Price Index (CPI-P). When the copayment increases, the maximum annual copayment amount automatically increases in turn.	2011-3888	https://www.federalregister.gov/documents/2011/02/22/2011-3888/copayments-for-medications-after-june-30-2010	https://www.gpo.gov/fdsys/pkg/FR-2011-02-22/pdf/2011-3888.pdf	2/22/2011
Garnishment of Accounts Containing Federal Benefit Payments	Rule	Treasury, SSA, VA, RRB and OPM (Agencies) are issuing an interim final rule to implement statutory restrictions on the garnishment of Federal benefit payments. The rule establishes procedures that financial institutions must follow when they receive a garnishment order against an account holder who receives certain types of Federal benefit payments by direct deposit. The rule requires financial institutions that receive such a garnishment order to determine the sum of such Federal benefit payments deposited to the account during a two month period, and to ensure that the account holder has access to an amount equal to that sum or to the current balance of the account, whichever is lower.	2011-3782	https://www.federalregister.gov/documents/2011/02/23/2011-3782/garnishment-of-accounts-containing-federal-benefit-payments	https://www.gpo.gov/fdsys/pkg/FR-2011-02-23/pdf/2011-3782.pdf	2/23/2011
Updating Fire Safety Standards	Rule	This document adopts as a final rule, with changes, the proposed rule to amend the Department of Veterans Affairs (VA) regulations concerning community residential care facilities, contract facilities for certain outpatient and residential services, and State home facilities. The final rule will clarify current regulations and update the standards for VA approval of such facilities, including standards for fire safety and heating and cooling systems. The final rule will help ensure the safety of veterans in the affected facilities. This document also implements and seeks comments regarding a new interim final sprinkler system requirement for certain facilities.	2011-3887	https://www.federalregister.gov/documents/2011/02/24/2011-3887/updating-fire-safety-standards	https://www.gpo.gov/fdsys/pkg/FR-2011-02-24/pdf/2011-3887.pdf	2/24/2011

Hospital and Outpatient Care for Veterans Released From Incarceration to Transitional Housing	Rule	This document affirms as final a proposed rule that amends the Department of Veterans Affairs (VA) medical regulations to authorize VA to provide hospital and outpatient care to a veteran in a program that provides temporary housing upon release from incarceration in a prison or jail. The final rule permits VA to work with these veterans while they are in these programs with the goal of continuing to work with them after their release, which will assist in preventing homelessness in this population of veterans.	2011-4686	https://www.federalregister.gov/documents/2011/03/02/2011-4686/hospital-and-outpatient-care-for-veterans-released-from-incarceration-to-transitional-housing	https://www.gpo.gov/fdsys/pkg/FR-2011-03-02/pdf/2011-4686.pdf	3/2/2011
Update to NFPA 101, Life Safety Code, for State Home Facilities	Rule	This document adopts as a final rule without change the proposed rule to amend the Department of Veterans Affairs (VA) regulations governing the physical environment of State Home facilities. The final rule will require State Home facilities that receive a per diem for providing nursing home care to eligible veterans to meet certain provisions of the 2009 edition of the National Fire Protection Association's NFPA 101, Life Safety Code. The change is designed to assure that State Home facilities meet current industry- wide standards regarding life safety and fire safety.	2011-4430	https://www.federalregister.gov/documents/2011/03/02/2011-4430/update-to-nfpa-101-life-safety-code-for-state-home-facilities	https://www.gpo.gov/fdsys/pkg/FR-2011-03-02/pdf/2011-4430.pdf	3/2/2011
U.S. Paralympics Monthly Assistance Allowance	Rule	This document establishes Department of Veterans Affairs (VA) regulations regarding the payment of a monthly assistance allowance to veterans training to make the United States Paralympics team, as authorized by section 703 of the Veterans' Benefits Improvement Act of 2008. The rule requires submission of an application to establish eligibility for the allowance and certification by the United States Paralympics. VA will pay the allowance to a veteran with a service- connected or nonservice-connected disability if the veteran is competing for a slot on or selected for the United States Paralympics team or is residing at a United States Paralympics training center.	2011-5951	https://www.federalregister.gov/documents/2011/03/16/2011-5951/us-paralympics-monthly-assistance-allowance	https://www.gpo.gov/fdsys/pkg/FR-2011-03-16/pdf/2011-5951.pdf	3/16/2011
Board of Veterans' Appeals: Remand or Referral for Further Action; Notification of Evidence Secured by the Board and Opportunity for Response	Rule	The Department of Veterans Affairs (VA) is amending the Appeals Regulations of the Board of Veterans' Appeals (Board) to articulate the Board's practice of referring unadjudicated claims to the Agency of Original Jurisdiction (AOJ) for appropriate action, and to describe when it is appropriate for the Board to remand a claim to the AOJ for the limited purpose of issuing a Statement of the Case (SOC). We are also amending the Board's Rules of Practice to outline the procedures the Board must follow when supplementing the record with a recognized medical treatise, and to remove the notice procedures the Board must currently follow when considering law not considered by the AOJ. The purpose of these amendments is to codify existing practices derived from caselaw, enhance efficiency, and provide guidance and clarification.	2011-7395	https://www.federalregister.gov/documents/2011/03/30/2011-7395/board-of-veterans-appeals-remand-or-referral-for-further-action-notification-of-evidence-secured-by	https://www.gpo.gov/fdsys/pkg/FR-2011-03-30/pdf/2011-7395.pdf	3/30/2011
Notice of Intent To Prepare an Environmental Impact Statement for the San Francisco Veterans Affairs Medical Center (SFVAMC) Institutional Master Plan	Notice	Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, (42 U.S.C. 4331 et seq.), the Council on Environmental Quality Regulations for Implementing the Procedural Requirements of NEPA (40 CFR parts 1500-1508), VA's Implementing Regulations (38 CFR part 26), as well as the settlement agreement resulting from Planning Association for Richmond, et al v. U.S. Department of Veterans Affairs, C-06-02321-SBA (filed 6 June 2008), VA intends to prepare an environmental impact statement (EIS) for the proposed implementation of the SFVAMC Institutional Master Plan (IMP) in San Francisco, California. The SFVAMC IMP involves development and construction of patient care buildings, research buildings, business occupancy buildings, and parking structures, as well as retrofitting seismically deficient buildings. The EIS will address environmental issues associated with 945,000 square feet of new construction and approximately 500,000 square feet of retrofitted development to upgrade the SFVAMC for purposes of meeting the needs of Veterans of the North Coast and San Francisco Bay Area over the next 20 years.	2011-7435	https://www.federalregister.gov/documents/2011/03/30/2011-7435/notice-of-intent-to-prepare-an-environmental-impact-statement-for-the-san-francisco-veterans-affairs	https://www.gpo.gov/fdsys/pkg/FR-2011-03-30/pdf/2011-7435.pdf	3/30/2011

Amendment To Extend the Term of the Existing Enhanced-Use Lease (EUL) at the Department of Veterans Affairs (VA) Michael E. DeBakey VA Medical Center (VAMC) in Houston, TX	Notice	The Secretary of VA intends to enter into an amendment to extend the term of the existing EUL with Amelang Partners, LLC (lessee) at the Michael E. DeBakey VAMC in Houston, Texas. VA proposes to extend the term of the existing lease from 35 years to 75 years. The lessee will continue to lease approximately 8.18 acres of land at the VAMC, and finance, design, develop, construct, operate, manage, and maintain a mixed-use facility on the VAMC campus. In return for VA granting the EUL extension, the lessee will (a) convey to VA an approximately 7.64 acre parking lot currently serving VA, and (b) at commencement of the 40-year extension, pay VA fair market value of the aforementioned 8.18 acres of land, based on an appraisal of the underlying land and improvements. The lessee shall bear full financial and legal responsibility to redevelop and maintain the property as a mixed-use property at no cost to VA. VA plans to use the additional lease consideration from the anticipated 40-year lease extension to serve Veterans at the Michael E. DeBakey VAMC.	2011-8583	https://www.federalregister.gov/documents/2011/04/11/2011-8583/amendment-to-extend-the-term-of-the-existing-enhanced-use-lease-eul-at-the-department-of-veterans	https://www.gpo.gov/fdsys/pkg/FR-2011-04-11/pdf/2011-8583.pdf	4/11/2011
Determinations Concerning Illnesses Discussed In National Academy of Sciences Reports on Gulf War and Health, Volumes 4 and 8	Notice	As required by law, the Department of Veterans Affairs (VA) hereby gives notice that the Secretary of Veterans Affairs, under the authority granted by the Persian Gulf War Veterans Act of 1998, has determined that there is no basis to establish any new presumptions of service connection at this time for any of the diseases, illnesses, or health effects discussed in the September 12, 2006, and April 9, 2010, reports of the Institute of Medicine of the National Academy of Sciences (NAS), respectively titled Gulf War and Health, Volume 4: Health Effects of Serving in the Gulf War (Volume 4) and Gulf War and Health, Volume 8: Update of Health Effects of Serving in the Gulf War (Volume 8).	2011-8937	https://www.federalregister.gov/documents/2011/04/14/2011-8937/determinations-concerning-illnesses-discussed-in-national-academy-of-sciences-reports-on-gulf-war	https://www.gpo.gov/fdsys/pkg/FR-2011-04-14/pdf/2011-8937.pdf	4/14/2011
Caregivers Program	Rule	This document promulgates Department of Veterans Affairs (VA) interim final regulations concerning a new caregiver benefits program provided by VA. This rule implements title I of the Caregivers and Veterans Omnibus Health Services Act of 2010, which was signed into law on May 5, 2010. The purpose of the new caregiver benefits program is to provide certain medical, travel, training, and financial benefits to caregivers of certain veterans and servicemembers who were seriously injured in the line of duty on or after September 11, 2001.	2011-10962	https://www.federalregister.gov/documents/2011/05/05/2011-10962/caregivers-program	https://www.gpo.gov/fdsys/pkg/FR-2011-05-05/pdf/2011-10962.pdf	5/5/2011
Spouse and Surviving Spouse; Technical Amendment	Rule	The Department of Veterans Affairs published a document on February 6, 1997, amending 38 CFR part 3 by removing Sec. 3.51. At that time, we failed to remove all the cross-references to 38 CFR 3.51 in other parts of 38 CFR. This document corrects that error by removing those cross-references.	2011-14401	https://www.federalregister.gov/documents/2011/06/10/2011-14401/spouse-and-surviving-spouse-technical-amendment	https://www.gpo.gov/fdsys/pkg/FR-2011-06-10/pdf/2011-14401.pdf	6/10/2011
Fully Developed Claim (Fully Developed Claims-Applications for Compensation, Pension, DIC, Death Pension, and/or Accrued Benefits); Correction	Notice	The Department of Veterans Affairs (VA) published a collection of information notice in a Federal Register on June 15, 2011, that contained an error. The notice mistakenly omits a word and incorrectly identifies who is required to sign and date the certification. This document corrects the error by inserting the omitted word and by removing ``or their representative" each place it appears.	2011-15427	https://www.federalregister.gov/documents/2011/06/21/2011-15427/fully-developed-claim-fully-developed-claims-applications-for-compensation-pension-dic-death-pension	https://www.gpo.gov/fdsys/pkg/FR-2011-06-21/pdf/2011-15427.pdf	6/21/2011
West Los Angeles VA Medical Center Veterans Programs Enhancement Act of 1998; Master Plan	Notice	On January 19, 2011, the Department of Veterans Affairs (VA) published a notice in the Federal Register inviting public comment on the Draft Master Plan (DMP) for the West Los Angeles VA Medical Center. This document responds to the public comments received and affirms as final, with no changes, that Draft Master Plan.	2011-15739	https://www.federalregister.gov/documents/2011/06/23/2011-15739/west-los-angeles-va-medical-center-veterans-programs-enhancement-act-of-1998-master-plan	https://www.gpo.gov/fdsys/pkg/FR-2011-06-23/pdf/2011-15739.pdf	6/23/2011
Reimbursement Offsets for Medical Care or Services	Rule	This document amends the regulations of the Department of Veterans Affairs (VA) concerning the reimbursement of medical care and services delivered to veterans for nonservice-connected conditions. This rule applies in situations where third-party payers are required to reimburse VA for costs related to care provided by VA to a veteran covered under the third-party payer's plan. This final rule adds a new section barring offsets by third-party payers and requires that third- party payers submit a request for a refund for claims when there is an alleged overpayment.	2011-15854	https://www.federalregister.gov/documents/2011/06/24/2011-15854/reimbursement-offsets-for-medical-care-or-services	https://www.gpo.gov/fdsys/pkg/FR-2011-06-24/pdf/2011-15854.pdf	6/24/2011

Cost-Based and Inter-Agency Billing Rates for Medical Care or Services Provided by the Department of Veterans Affairs	Notice	This document updates the Cost-Based and Inter-Agency billing rates for medical care or services provided by the Department of Veterans Affairs (VA) that apply in certain circumstances. This notice is issued jointly by the Office of Management and Budget and the Department of Veterans Affairs.	2011-17263	https://www.federalregister.gov/documents/2011/07/11/2011-17263/cost-based-and-inter-agency-billing-rates-for-medical-care-or-services-provided-by-the-department-of	https://www.gpo.gov/fdsys/pkg/FR-2011-07-11/pdf/2011-17263.pdf	7/11/2011
Presumptive Service Connection for Diseases Associated With Service in the Southwest Asia Theater of Operations During the Persian Gulf War: Functional Gastrointestinal Disorders	Rule	The Department of Veterans Affairs (VA) adopts as a final rule the proposal to amend its adjudication regulations regarding presumptive service connection for medically unexplained chronic multisymptom illnesses associated with service in the Southwest Asia theater of operations for which there is no record during service. This amendment implements a decision by the Secretary that there is a positive association between service in Southwest Asia during certain periods and the subsequent development of functional gastrointestinal disorders (FGIDs) and clarifies that FGIDs fall within the scope of the existing presumptions of service connection for medically unexplained chronic multisymptom illnesses.	2011-17814	https://www.federalregister.gov/documents/2011/07/15/2011-17814/presumptive-service-connection-for-diseases-associated-with-service-in-the-southwest-asia-theater-of	https://www.gpo.gov/fdsys/pkg/FR-2011-07-15/pdf/2011-17814.pdf	7/15/2011
Announcement of Competition Under the America COMPETES Reauthorization Act of 2011	Notice	To encourage widespread use of Blue Button personal health records (PHRs) outside Federal health care programs to benefit Veterans who receive care from non-VA providers, the Secretary of Veterans Affairs (VA) announces a prize competition under Section 105 of the America COMPETES Reauthorization Act of 2011, Public Law 111-358 (2011).	2011-18014	https://www.federalregister.gov/documents/2011/07/18/2011-18014/announcement-of-competition-under-the-america-competes-reauthorization-act-of-2011	https://www.gpo.gov/fdsys/pkg/FR-2011-07-18/pdf/2011-18014.pdf	7/18/2011
Vocational Rehabilitation and Employment Program-Changes to Subsistence Allowance	Rule	This interim final rule amends Department of Veterans Affairs (VA) regulations to reflect changes made by the Post-9/11 Veterans Educational Assistance Improvements Act of 2010, effective August 1, 2011, that affect payment of vocational rehabilitation benefits for certain service-disabled veterans. Pursuant to these changes, a veteran, who is eligible for a subsistence allowance under chapter 31 of title 38, United States Code, and educational assistance under chapter 33 of title 38, United States Code, may participate in a rehabilitation program under chapter 31 and elect to receive a payment equal in amount to an applicable military housing allowance payable under title 37, United States Code, instead of the regular subsistence allowance under chapter 31. In addition, payments of subsistence allowances during periods between school terms are discontinued, and payments during periods of temporary school closings are modified. This rulemaking amends VA regulations consistent with this new authority.	2011-19473	https://www.federalregister.gov/documents/2011/08/01/2011-19473/vocational-rehabilitation-and-employment-program-changes-to-subsistence-allowance	https://www.gpo.gov/fdsys/pkg/FR-2011-08-01/pdf/2011-19473.pdf	8/1/2011
Fund Availability Under VA's Homeless Providers Grant and Per Diem Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for currently operational fiscal year (FY) 2009 VA Grant and Per Diem Special Need Grant Recipients in conjunction with their collaborative VA Special Need partners and currently operational VA Grant and Per Diem Special Need Grant Recipients not involved with collaborative VA partners. All current VA Grant and Per Diem Special Need Grant recipients will have the opportunity to reapply for assistance under the Special Need Grant Component of VA's Homeless Providers Grant and Per Diem Program. The focus of this Notice of Funding Availability (NOFA) is to encourage applicants to continue to deliver services to the homeless Special Need veteran population as outlined in their FY 2009 Special Need grant application. This Notice contains information concerning the program, application process, and amount of funding available.	2011-19948	https://www.federalregister.gov/documents/2011/08/08/2011-19948/fund-availability-under-vas-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2011-08-08/pdf/2011-19948.pdf	8/8/2011
Pilot Program of Enhanced Contract Care Authority for Veterans in Highly Rural Areas	Notice	The Department of Veterans Affairs (VA) is implementing Sec. 403 of Public Law (Pub. L.) 110-387, ``Veterans' Mental Health and Other Care Improvements Act of 2008," which requires VA to establish a pilot program to contract with non-VA health care providers to provide health services to highly rural veterans. This program will assist veterans who often have great difficulty obtaining VA health care due to physical distance to VA facilities.	2011-20675	https://www.federalregister.gov/documents/2011/08/15/2011-20675/pilot-program-of-enhanced-contract-care-authority-for-veterans-in-highly-rural-areas	https://www.gpo.gov/fdsys/pkg/FR-2011-08-15/pdf/2011-20675.pdf	8/15/2011
Release of Information From Department of Veterans Affairs Records	Rule	This document amends the Department of Veterans Affairs (VA) regulations governing the submission and processing of requests for information under the Freedom of Information Act (FOIA) in order to implement provisions of the OPEN Government Act of 2007, and to reorganize and clarify existing regulations.	2011-20774	https://www.federalregister.gov/documents/2011/08/19/2011-20774/release-of-information-from-department-of-veterans-affairs-records	https://www.gpo.gov/fdsys/pkg/FR-2011-08-19/pdf/2011-20774.pdf	8/19/2011

Expansion of State Home Care for Parents of a Child Who Died While Serving in the Armed Forces	Rule	This document amends Department of Veterans Affairs (VA) regulations concerning the payment of per diem to a State for providing nursing home care to eligible veterans. The amendments remove a restriction on VA's payment of per diem, which required all non-veteran residents of a State home to be spouses of veterans, or parents of veterans all of whose children died while serving in the Armed Forces of the United States. Under this final rule, non-veteran residents of the State home must be spouses of veterans, or parents of veterans any of whose children died while serving in the Armed Forces.	2011-21292	https://www.federalregister.gov/documents/2011/08/22/2011-21292/expansion-of-state-home-care-for-parents-of-a-child-who-died-while-serving-in-the-armed-forces	https://www.gpo.gov/fdsys/pkg/FR-2011-08-22/pdf/2011-21292.pdf	8/22/2011
Technical Revisions To Conform to the Caregivers and Veterans Omnibus Health Services Act of 2010	Rule	This final rule amends Department of Veterans Affairs (VA) medical regulations to incorporate statutory amendments. Certain statutes authorizing VA health care benefits were amended by the Caregivers and Veterans Omnibus Health Services Act of 2010. The statutory amendments affect enrollment in certain health care priority categories and exempt catastrophically disabled veterans from copayment requirements.	2011-21291	https://www.federalregister.gov/documents/2011/08/22/2011-21291/technical-revisions-to-conform-to-the-caregivers-and-veterans-omnibus-health-services-act-of-2010	https://www.gpo.gov/fdsys/pkg/FR-2011-08-22/pdf/2011-21291.pdf	8/22/2011
Health Care for Homeless Veterans Program	Rule	This final rule establishes regulations for contracting with community-based treatment facilities in the Health Care for Homeless Veterans (HCHV) program of the Department of Veterans Affairs (VA). The HCHV program assists certain homeless veterans in obtaining treatment from non-VA community-based providers. The final rule formalizes VA's policies and procedures in connection with this program and clarifies that veterans with substance use disorders may qualify for the program.	2011-21407	https://www.federalregister.gov/documents/2011/08/23/2011-21407/health-care-for-homeless-veterans-program	https://www.gpo.gov/fdsys/pkg/FR-2011-08-23/pdf/2011-21407.pdf	8/23/2011
Rules Governing Hearings Before the Agency of Original Jurisdiction and the Board of Veterans' Appeals; Clarification	Rule	The Department of Veterans Affairs (VA) is amending its hearing regulations to clarify that the provisions regarding hearings before the Agency of Original Jurisdiction (AOJ) do not apply to hearings before the Board of Veterans' Appeals (Board).	2011-21513	https://www.federalregister.gov/documents/2011/08/23/2011-21513/rules-governing-hearings-before-the-agency-of-original-jurisdiction-and-the-board-of-veterans	https://www.gpo.gov/fdsys/pkg/FR-2011-08-23/pdf/2011-21513.pdf	8/23/2011
Per Diem Payments for the Care Provided to Eligible Veterans Evacuated From a State Home as a Result of an Emergency	Rule	The Department of Veterans Affairs (VA) amends its regulations concerning per diem payments to States to permit continuation of such payments in some situations for veterans who have been evacuated from a State home as a result of an emergency. Per diem is the daily rate paid by VA to a State for providing a specified level of care to eligible veterans in a facility that is officially recognized and certified by VA. This final rule authorizes VA to continue to pay per diem when veterans for whom VA is paying per diem are evacuated as a result of an emergency from a State home to a facility that is not recognized by VA as a State home. The rule requires, in order for per diem payments to continue while the veteran is relocated due to an emergency, that an appropriate VA official determine whether an emergency exists and whether the facility to which veterans may be evacuated (evacuation facility) complies with certain minimum standards. The rule establishes the minimum standards that facilities to which veterans are evacuated must meet in order for States to continue receiving per diem for relocated veterans. These standards also apply to evacuation facilities when veterans are evacuated from contract nursing homes.	2011-22920	https://www.federalregister.gov/documents/2011/09/08/2011-22920/per-diem-payments-for-the-care-provided-to-eligible-veterans-evacuated-from-a-state-home-as-a-result	https://www.gpo.gov/fdsys/pkg/FR-2011-09-08/pdf/2011-22920.pdf	9/8/2011
Reasonable Charges for Inpatient MS-DRGs and SNF Medical Services; V3.8, 2012 Fiscal Year Update	Notice	Section 17.101 of Title 38 of the Code of Federal Regulations sets forth the Department of Veterans Affairs (VA) medical regulations concerning ``Reasonable Charges' for medical care or services provided or furnished by VA to a veteran.	2011-24946	https://www.federalregister.gov/documents/2011/09/28/2011-24946/reasonable-charges-for-inpatient-ms-drgs-and-snf-medical-services-v38-2012-fiscal-year-update	https://www.gpo.gov/fdsys/pkg/FR-2011-09-28/pdf/2011-24946.pdf	9/28/2011
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of a Transitional and Permanent Housing Facility in Canandaigua, NY	Notice	The Secretary of VA intends to enter into an EUL on a 1.9-acre parcel of land at the Canandaigua VA Medical Center (VAMC) in Canandaigua, New York. The selected lessees will finance, design, develop, construct, manage, maintain and operate the EUL development. As consideration for the lease, the lessees will be required to construct, renovate, operate, and maintain a transitional and permanent housing facility; provide preference and priority placement for homeless Veterans and Veterans at risk of homelessness and their families; and provide a supportive services program that guides resident Veterans toward attaining long-term self sufficiency.	2011-25319	https://www.federalregister.gov/documents/2011/09/30/2011-25319/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2011-09-30/pdf/2011-25319.pdf	9/30/2011

Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property at the VA Connecticut Healthcare System, Newington Campus	Notice	The Secretary of VA intends to enter into an EUL on an 11.2- acre parcel of land and improvements to include renovating an existing building at the VA Connecticut Healthcare System, Newington campus. The selected lessee will finance, design, develop, renovate, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to renovate, operate, and maintain a permanent supportive housing facility; provide preference and priority placement for homeless Veterans and Veterans at risk of homelessness; and provide a supportive services program that guides resident Veterans toward attaining long-term self-sufficiency.	2011-25365	https://www.federalregister.gov/documents/2011/10/03/2011-25365/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-at-the-va-connecticut	https://www.gpo.gov/fdsys/pkg/FR-2011-10-03/pdf/2011-25365.pdf	10/3/2011
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of a Permanent Supportive Housing Facility in Lyons, NJ	Notice	The Secretary of VA intends to enter into an EUL on a 16- acre parcel of land at the VA New Jersey Health Care System--Lyons Campus Medical Center in Lyons, New Jersey. The selected lessee will finance, design, develop, construct, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to construct, operate, and maintain a permanent housing facility; provide preference and priority placement for homeless Veterans and Veterans at risk of homelessness and their families; and provide a supportive services program that guides resident Veterans toward attaining long-term self-sufficiency.	2011-25322	https://www.federalregister.gov/documents/2011/10/03/2011-25322/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2011-10-03/pdf/2011-25322.pdf	10/3/2011
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of a Senior Living Retirement and Affordable Housing Community in Fort Howard, MD	Notice	The Secretary of VA intends to enter into an EUL for 94 acres of land and thirty-seven (37) buildings at the Fort Howard VA Campus in Fort Howard, Maryland. The selected lessee will finance, design, renovate, construct, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to provide a new community-based outpatient clinic, profit sharing, and discounted rent to Veterans residing in the senior living retirement and affordable housing community. Fifty units will be set aside to provide transitional housing and supportive services for homeless and at-risk Veterans.	2011-25366	https://www.federalregister.gov/documents/2011/10/03/2011-25366/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2011-10-03/pdf/2011-25366.pdf	10/3/2011
VASRD Improvement Forum-Updating Disability Criteria for the Respiratory System, Cardiovascular System, Hearing Impairment, and Ear, Nose and Throat Diseases	Notice	The Veterans Benefits Administration (VBA) and Veterans Health Administration (VHA) will co-host the Department of Veterans Affairs (VA) Schedule for Rating Disabilities (VASRD) Improvement Forum-- Updating Disability Criteria for the Respiratory System, Cardiovascular System, Hearing Impairment, and Ear, Nose and Throat Diseases. The purpose of this VASRD Improvement Forum is to capture public comment and current medical science information from presentations made by subject matter experts. VA plans to use this information to update the sections of the VASRD that pertain to the following four body systems: (1) Respiratory System (38 CFR 4.96-4.97), (2) the Cardiovascular System (38 CFR 4.100-4.104), (3) the Impairment of Auditory Acuity (38 CFR 4.85 and 4.86) and (4) Ear, Nose and Throat Diseases (38 CFR 4.87 and 4.97 currently under Schedule of Respiratory System). Specifically, diagnostic code descriptors and evaluation criteria will be discussed. Contingent upon available capacity and time, individuals wishing to make oral statements will be accommodated on a first-come, first-served basis.	2011-25780	https://www.federalregister.gov/documents/2011/10/06/2011-25780/vasrd-improvement-forum-updating-disability-criteria-for-the-respiratory-system-cardiovascular	https://www.gpo.gov/fdsys/pkg/FR-2011-10-06/pdf/2011-25780.pdf	10/6/2011
Gulf War Veterans' Illnesses Task Force	Notice	The Secretary, Department of Veterans Affairs (VA) established the Gulf War Veterans' Illnesses Task Force (GWVI-TF) in August 2009 to conduct a comprehensive review of VA's approach to and programs addressing 1990-1991 Gulf War Veterans' illnesses. The second Gulf War Veterans' Illnesses Task Force Draft Written Report is now complete. VA is inviting public comments on the Gulf War Veterans' Illnesses Task Force Draft Report for Public Comment.	2011-27082	https://www.federalregister.gov/documents/2011/10/20/2011-27082/gulf-war-veterans-illnesses-task-force	https://www.gpo.gov/fdsys/pkg/FR-2011-10-20/pdf/2011-27082.pdf	10/20/2011
Sharing Information Between the Department of Veterans Affairs and the Department of Defense	Rule	This document amends the Department of Veterans Affairs (VA) regulation pertaining to the applicability of certain VA regulations that restrict the disclosure of certain medical information to the Department of Defense (DoD). This interim final rule removes a restriction that is not required by the applicable statute, 38 U.S.C. 7332(e), and is inconsistent with the intent and purpose of that statute.	2011-27155	https://www.federalregister.gov/documents/2011/10/20/2011-27155/sharing-information-between-the-department-of-veterans-affairs-and-the-department-of-defense	https://www.gpo.gov/fdsys/pkg/FR-2011-10-20/pdf/2011-27155.pdf	10/20/2011

Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for a Mixed-Use Development Including a Permanent Housing Facility in Knoxville, IA	Notice	The Secretary of VA intends to enter into an EUL on 3 parcels of land (163 acres) that comprise the entire Knoxville campus of the VA Central Iowa Healthcare System. The selected lessee will finance, design, develop, construct, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to construct, renovate, operate, and maintain a mixed use development that includes integrated residential, commercial, agricultural and technology components. The residential component will contain a permanent housing facility for homeless and at-risk Veterans and their families where the lessee will give preference and priority placement to Veterans and provide supportive services to Veterans.	2011-27911	https://www.federalregister.gov/documents/2011/10/28/2011-27911/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-a-mixed-use	https://www.gpo.gov/fdsys/pkg/FR-2011-10-28/pdf/2011-27911.pdf	10/28/2011
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development at the Roseburg VA Medical Center (VAMC) in Roseburg, OR	Notice	The Secretary of VA intends to enter into an EUL on an approximately 9.3-acre parcel of land at the Roseburg VAMC in Roseburg, Oregon. The selected lessees will finance, design, develop, construct, manage, maintain and operate the EUL development. As consideration for the lease, the lessees will be required to construct, renovate, operate, and maintain a permanent and transitional housing facility; provide preference and priority placement for homeless Veterans and Veterans at risk of homelessness and their families; and provide a supportive services program that guides resident Veterans toward attaining long-term independence and self-sufficiency.	2011-27907	https://www.federalregister.gov/documents/2011/10/28/2011-27907/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-at-the	https://www.gpo.gov/fdsys/pkg/FR-2011-10-28/pdf/2011-27907.pdf	10/28/2011
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of a Permanent Housing Facility in Northampton, MA	Notice	The Secretary of VA intends to enter into an EUL on an approximately 9.0-acre parcel of land at the Northampton VA Medical Center in Northampton, Massachusetts. The selected lessee will finance, design, develop, construct, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to construct, renovate, operate and maintain a permanent housing facility and provide preference and priority placement for Veterans, as well as a supportive services program.	2011-27910	https://www.federalregister.gov/documents/2011/10/28/2011-27910/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2011-10-28/pdf/2011-27910.pdf	10/28/2011
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of a Senior Housing Facility in Kerrville, TX	Notice	The Secretary of VA intends to enter into an EUL on an approximately 5.0-acre parcel of land at the VA South Texas Healthcare System--Kerrville campus in Kerrville, Texas. The selected lessee will finance, design, develop, construct, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to construct, renovate, operate and maintain a senior housing facility; provide preference and priority placement for senior and disabled Veterans and their families; and provide a supportive services program.	2011-27912	https://www.federalregister.gov/documents/2011/10/28/2011-27912/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2011-10-28/pdf/2011-27912.pdf	10/28/2011
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of a Transitional Housing Facility in Pineville, LA	Notice	The Secretary of VA intends to enter into an EUL on an approximately 7.0-acre parcel of land at the Alexandria VA Medical Center in Pineville, Louisiana. The selected lessee will finance, design, develop, construct, renovate, manage, operate and maintain the EUL development. As consideration for the lease, the lessee will be required to construct, renovate, operate, and maintain a transitional housing facility; provide preference and priority placement for Veterans and their families; and provide a supportive services program for resident Veterans.	2011-27908	https://www.federalregister.gov/documents/2011/10/28/2011-27908/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2011-10-28/pdf/2011-27908.pdf	10/28/2011
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of an Assisted Living Facility in Newington, CT	Notice	The Secretary of VA intends to enter into an EUL on an approximately 5.0-acre parcel of land at the VA Connecticut Healthcare System, Newington campus in Newington, Connecticut. The selected lessee will finance, design, develop, construct, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to construct, renovate, operate and maintain an assisted living facility; provide preference and priority placement for senior and disabled Veterans and their families; and provide a supportive services program.	2011-27915	https://www.federalregister.gov/documents/2011/10/28/2011-27915/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-of-an	https://www.gpo.gov/fdsys/pkg/FR-2011-10-28/pdf/2011-27915.pdf	10/28/2011

Clothing Allowance	Rule	The Department of Veterans Affairs (VA) amends its regulations regarding clothing allowances. The amendment provides for an annual clothing allowance for each qualifying prosthetic or orthopedic appliance worn or used by a veteran for a service-connected disability or disabilities that wears out or tears a single article of the veteran's clothing and for each physician-prescribed medication used by a veteran for a skin condition that is due to a service-connected disability that affects a single outergarment. The amendment also provides two annual clothing allowances if a veteran wears or uses more than one qualifying prosthetic or orthopedic appliance, physician- prescribed medication for more than one skin condition, or an appliance and a medication for a service-connected disability or disabilities and the appliance(s) or medication(s) together cause a single article of clothing to wear out faster than if affected by a single appliance or medication. This amendment also makes certain technical changes to the rule.	2011-29579	https://www.federalregister.gov/documents/2011/11/16/2011-29579/clothing-allowance	https://www.gpo.gov/fdsys/pkg/FR-2011-11-16/pdf/2011-29579.pdf	11/16/2011
Updating Fire Safety Standards	Rule	This document affirms as final, without changes, a provision included in a final rule with request for comments that amended the Department of Veterans Affairs (VA) regulations concerning community residential care facilities, contract facilities for certain outpatient and residential services, and State home facilities. That provision established a five-year period within which all covered buildings with nursing home facilities existing as of June 25, 2001, must conform to the automatic sprinkler requirement of the 2009 edition of the National Fire Protection Association (NFPA) 101. This rule helps ensure the safety of veterans in the affected facilities.	2011-29471	https://www.federalregister.gov/documents/2011/11/16/2011-29471/updating-fire-safety-standards	https://www.gpo.gov/fdsys/pkg/FR-2011-11-16/pdf/2011-29471.pdf	11/16/2011
Amendment to an Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of Permanent Housing in Battle Creek, MI	Notice	The Secretary of VA intends to enter into an amendment to an existing EUL on an approximately 5.1-acre parcel of land at the Battle Creek VA Medical Center in Michigan. The existing lessee will finance, design, develop, construct, manage, maintain and operate the additional EUL development. As consideration for the lease, the lessee will be required to construct, renovate, operate, and maintain a permanent housing facility; provide preference and priority placement for homeless Veterans and Veterans at risk of homelessness and their families; and provide a supportive services program that guides resident Veterans toward attaining long-term self-sufficiency.	2011-29752	https://www.federalregister.gov/documents/2011/11/17/2011-29752/amendment-to-an-enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the	https://www.gpo.gov/fdsys/pkg/FR-2011-11-17/pdf/2011-29752.pdf	11/17/2011
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of a Permanent Housing Facility in Bedford, MA	Notice	The Secretary of VA intends to enter into an EUL on an approximately 4.0-acre parcel at the Edith Nourse Rogers Memorial Veterans Hospital in Bedford, Massachusetts. The selected lessee will finance, design, develop, construct, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to construct, operate, and maintain a permanent housing facility; provide preference and priority placement for homeless and at-risk Veterans and their families; and provide a supportive services program.	2011-29761	https://www.federalregister.gov/documents/2011/11/17/2011-29761/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2011-11-17/pdf/2011-29761.pdf	11/17/2011
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of a Permanent Housing Facility in Brockton, MA	Notice	The Secretary of VA intends to enter into an EUL on an approximate 0.8 acre of land at the VA Boston Healthcare System-- Brockton Division in Brockton, Massachusetts. The selected lessee will finance, design, develop, construct, renovate, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to construct, renovate, operate, and maintain a permanent housing facility, provide preference and priority placement for homeless Veterans, and provide a supportive services program.	2011-29778	https://www.federalregister.gov/documents/2011/11/17/2011-29778/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2011-11-17/pdf/2011-29778.pdf	11/17/2011
Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of a Permanent Housing Facility in Fort Harrison, MT	Notice	The Secretary of VA intends to enter into an EUL on an approximate 2-acre parcel of land and 11 buildings at the VA Montana Health Care System in Fort Harrison, Montana. The selected lessee will finance, design, develop, construct, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to construct, renovate, operate, and maintain a permanent housing facility; provide preference and priority placement for Veterans and their families; and provide a supportive services program.	2011-29775	https://www.federalregister.gov/documents/2011/11/17/2011-29775/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2011-11-17/pdf/2011-29775.pdf	11/17/2011

Enhanced-Use Lease (EUL) of Department of Veterans Affairs (VA) Real Property for the Development of a Permanent Housing Facility in Hines, IL	Notice	The Secretary of VA intends to enter into an EUL on an approximately 5.2-acre parcel of land at the Edward Hines, Jr. VA Hospital in Hines, Illinois. The selected lessee will finance, design, develop, construct, manage, maintain and operate the EUL development. As consideration for the lease, the lessee will be required to construct, renovate, operate and maintain a permanent housing facility and provide preference and priority placement for Veterans, as well as a supportive services program.	2011-29768	https://www.federalregister.gov/documents/2011/11/17/2011-29768/enhanced-use-lease-eul-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2011-11-17/pdf/2011-29768.pdf	11/17/2011

Fund Availability Under the Supportive Services for Veteran Families Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for supportive services grants under the Supportive Services for Veteran Families (SSVF) Program. This Notice contains information concerning the SSVF Program, initial and renewal supportive services grant application processes, and amount of funding available.	2011-30778	https://www.federalregister.gov/documents/2011/12/01/2011-30778/fund-availability-under-the-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2011-12-01/pdf/2011-30778.pdf	12/1/2011
Servicemembers' Group Life Insurance Traumatic Injury Protection Program-Genitourinary Losses	Rule	The Department of Veterans Affairs (VA) is issuing this interim final rule that amends the regulations governing the Servicemembers' Group Life Insurance Traumatic Injury Protection (TSGLI) program by adding certain genitourinary (GU) system losses to the TSGLI Schedule of Losses and defining terms relevant to these new losses. This amendment is necessary to make qualifying GU losses a basis for paying GU-injured Servicemembers TSGLI benefits. The intended effect is to expand the list of losses for which TSGLI payments can be made.	2011-31020	https://www.federalregister.gov/documents/2011/12/02/2011-31020/servicemembers-group-life-insurance-traumatic-injury-protection-program-genitourinary-losses	https://www.gpo.gov/fdsys/pkg/FR-2011-12-02/pdf/2011-31020.pdf	12/2/2011
Allowance for Private Purchase of an Outer Burial Receptacle in Lieu of a Government-Furnished Graveliner for a Grave in a VA National Cemetery	Notice	Public Law 104-275 was enacted on October 9, 1996. It allows the Department of Veterans Affairs (VA) to provide a monetary allowance towards the private purchase of an outer burial receptacle for use in a VA national cemetery. Under VA regulation (38 CFR 38.629), the allowance is equal to the average cost of Government-furnished graveliners less any administrative costs to VA. The law provides a veteran's survivors with the option of selecting a Government-furnished graveliner for use in a VA national cemetery where such use is authorized. The purpose of this Notice is to notify interested parties of the average cost of Government-furnished graveliners, administrative costs that relate to processing and paying the allowance and the amount of the allowance payable for qualifying interments that occur during calendar year 2012.	2011-31753	https://www.federalregister.gov/documents/2011/12/12/2011-31753/allowance-for-private-purchase-of-an-outer-burial-receptacle-in-lieu-of-a-government-furnished	https://www.gpo.gov/fdsys/pkg/FR-2011-12-12/pdf/2011-31753.pdf	12/12/2011
Reasonable Charges for Medical Care or Services; V3.9, 2012 Calendar Year Update	Notice	This Department of Veterans Affairs (VA) notice informs the public of updated data for calculating the "Reasonable Charges" collected or recovered by VA for medical care or services provided or furnished by VA to a veteran for: (1) A non service-connected disability for which the veteran is entitled to care or the payment of expenses for care under a health plan contract; (2) a non service-connected disability incurred incident to the veteran's employment and covered under a worker's compensation law or plan that provides reimbursement or indemnification for such care and services; or (3) a non service-connected disability incurred as a result of a motor vehicle accident in a state that requires automobile accident reparations insurance. The charge tables and supplemental tables that are applicable to this notice can be viewed on the Veterans Health Administration Chief Business Office's Internet Web sites. These changes are effective January 1, 2012.	2011-31769	https://www.federalregister.gov/documents/2011/12/12/2011-31769/reasonable-charges-for-medical-care-or-services-v39-2012-calendar-year-update	https://www.gpo.gov/fdsys/pkg/FR-2011-12-12/pdf/2011-31769.pdf	12/12/2011

Medical Benefits for Newborn Children of Certain Woman Veterans	Rule	The Department of Veterans Affairs (VA) is amending its regulation concerning the medical benefits package offered to veterans enrolled in the VA health care system. This rulemaking updates the regulation to conform to amendments made by the enactment of the Caregivers and Veteran Omnibus Health Services Act of 2010, which authorized VA to provide certain health care services to a newborn child of a woman veteran who is receiving maternity care furnished by VA. Health services for newborn care will be authorized for no more than seven days after the birth of the child if the veteran delivered the child in a VA facility or in another facility pursuant to a VA contract for maternity services.	2011-32264	https://www.federalregister.gov/documents/2011/12/19/2011-32264/medical-benefits-for-newborn-children-of-certain-woman-veterans	https://www.gpo.gov/fdsys/pkg/FR-2011-12-19/pdf/2011-32264.pdf	12/19/2011
Copayments for Medications in 2012	Rule	The Department of Veterans Affairs (VA) amends its medical regulations concerning the copayment required for certain medications. Under current regulations, beginning on January 1, 2012, the copayment amount must be increased based on the prescription drug component of the Medical Consumer Price Index, and the maximum annual copayment amount must be increased when the copayment is increased. A prior action ``froze" the copayment amount for veterans in VA's health care system enrollment priority categories 2 through 6 and allowed for increased copayments, as required by the current regulation, only for veterans in priority categories 7 and 8. This document freezes copayments at the current rate for veterans in priority categories 2 through 6 for the next 12 months, and thereafter resumes increasing copayments in accordance with any change in the prescription drug component of the Medical Consumer Price Index (CPI-P).	2011-32532	https://www.federalregister.gov/documents/2011/12/20/2011-32532/copayments-for-medications-in-2012	https://www.gpo.gov/fdsys/pkg/FR-2011-12-20/pdf/2011-32532.pdf	12/20/2011
Loan Guaranty Revised Loan Modification Procedures	Rule	This document amends a Department of Veterans Affairs (VA) Loan Guaranty regulation related to modification of guaranteed housing loans in default. Specifically, changes are made to requirements related to maximum interest rates on modified loans and to items that may be capitalized in a modified loan amount. In addition, we are revising the regulation to clarify that the holder of a loan may seek VA approval for a loan modification that does not otherwise meet prescribed conditions. The amendments are intended to liberalize the requirements for modification of VA-guaranteed loans and provide holders more options for working with veterans to avoid foreclosure.	2011-32528	https://www.federalregister.gov/documents/2011/12/20/2011-32528/loan-guaranty-revised-loan-modification-procedures	https://www.gpo.gov/fdsys/pkg/FR-2011-12-20/pdf/2011-32528.pdf	12/20/2011
Schedule for Rating Disabilities; Evaluation of Amyotrophic Lateral Sclerosis	Rule	The Department of Veterans Affairs (VA) is amending its Schedule for Rating Disabilities by revising the disability evaluation criterion provided for amyotrophic lateral sclerosis (ALS) to provide an evaluation of 100 percent for any veteran with service-connected ALS. This change is necessary to adequately compensate veterans who suffer from this progressive, untreatable, and fatal disease. This change is intended to provide a total disability rating for any veteran with service-connected ALS.	2011-32531	https://www.federalregister.gov/documents/2011/12/20/2011-32531/schedule-for-rating-disabilities-evaluation-of-amyotrophic-lateral-sclerosis	https://www.gpo.gov/fdsys/pkg/FR-2011-12-20/pdf/2011-32531.pdf	12/20/2011
Payment or Reimbursement for Emergency Treatment Furnished by Non-VA Providers in Non-VA Facilities to Certain Veterans With Service-Connected or Nonservice-Connected Disabilities	Rule	This document amends the Department of Veterans Affairs (VA) medical regulations concerning emergency hospital care and medical services provided to eligible veterans at non-VA facilities. The amendments are required by section 402 of the Veterans' Mental Health and Other Care Improvements Act of 2008. Among other things, the amendments authorize VA to pay for emergency treatment provided to a veteran at a non-VA facility up to the time the veteran can be safely transferred to a VA or other Federal facility and such facility is capable of accepting the transfer, or until such transfer was actually accepted, so long as the non-VA facility made and documented reasonable attempts to transfer the veteran to a VA or other Federal facility.	2011-32413	https://www.federalregister.gov/documents/2011/12/21/2011-32413/payment-or-reimbursement-for-emergency-treatment-furnished-by-non-va-providers-in-non-va-facilities	https://www.gpo.gov/fdsys/pkg/FR-2011-12-21/pdf/2011-32413.pdf	12/21/2011

VASRD Forum-Improving VA's Disability Evaluation Criteria for Neurological Conditions and Convulsive Disorders, Organs of Special Sense, Gynecological Conditions and Disorders of the Breast, and Skin	Notice	The Veterans Benefits Administration (VBA) and Veterans Health Administration (VHA) will co-host the Department of Veterans Affairs (VA) Schedule for Rating Disabilities (VASRD) Forum--Improving VA's Disability Evaluation Criteria for the Neurological Conditions and Convulsive Disorders, Organs of Special Sense, Gynecological Conditions and Disorders of the Breast, and Skin. The purpose of this VASRD Improvement Forum is to capture public comment and current medical science information from presentations made by subject matter experts. This Forum is scheduled for January 17-26, 2012. VA plans to use this information to update the sections of VASRD that pertain to the following four body systems: (1) Neurological Conditions and Convulsive Disorders (38 CFR 4.120-4.124a), (2) Organs of Special Sense (38 CFR 4.75-4.79), (3) Gynecological Conditions and Disorders of the Breast (38 CFR 4.116), and (4) The Skin (38 CFR 4.118). Specifically, diagnostic code descriptors and evaluation criteria will be discussed.	2011-32892	https://www.federalregister.gov/documents/2011/12/23/2011-32892/vasrd-forum-improving-vas-disability-evaluation-criteria-for-neurological-conditions-and-convulsive	https://www.gpo.gov/fdsys/pkg/FR-2011-12-23/pdf/2011-32892.pdf	12/23/2011
Extension of Statutory Period for Compensation for Certain Disabilities Due to Undiagnosed Illnesses and Medically Unexplained Chronic Multi-Symptom Illnesses	Rule	The Department of Veterans Affairs (VA) is issuing this interim final rule to amend its adjudication regulation regarding compensation for disabilities suffered by veterans who served in the Southwest Asia Theater of Operations during the Persian Gulf War. This amendment is necessary to extend the period during which disabilities associated with undiagnosed illnesses and medically unexplained chronic multi-symptom illnesses must become manifest in order for a veteran to be eligible for compensation.	2011-33222	https://www.federalregister.gov/documents/2011/12/29/2011-33222/extension-of-statutory-period-for-compensation-for-certain-disabilities-due-to-undiagnosed-illnesses	https://www.gpo.gov/fdsys/pkg/FR-2011-12-29/pdf/2011-33222.pdf	12/29/2011
Vocational Rehabilitation and Employment Program-Changes to Subsistence Allowance	Rule	This document adopts as final, without change, the interim final rule amending regulations of the Department of Veterans Affairs (VA) to reflect changes made by the Post-9/11 Veterans Educational Assistance Improvements Act of 2010, effective August 1, 2011, that affect payment of vocational rehabilitation benefits for certain service-disabled veterans. Pursuant to these changes, a veteran, who is eligible for a subsistence allowance under chapter 31 of title 38, United States Code, and educational assistance under chapter 33 of title 38, United States Code, may participate in a rehabilitation program under chapter 31 and elect to receive a payment equal in amount to an applicable military housing allowance payable under title 37, United States Code, instead of the regular subsistence allowance under chapter 31. In addition, payments of subsistence allowances during periods between school terms are discontinued, and payments during periods of temporary school closings are modified.	2012-452	https://www.federalregister.gov/documents/2012/01/12/2012-452/vocational-rehabilitation-and-employment-program-changes-to-subsistence-allowance	https://www.gpo.gov/fdsys/pkg/FR-2012-01-12/pdf/2012-452.pdf	1/12/2012
Schedule for Rating Disabilities; Evaluation of Scars; Correction	Rule	The Department of Veterans Affairs (VA) published in the Federal Register of September 23, 2008, a document amending its Schedule for Rating Disabilities by revising that portion of the Schedule that addresses the Skin, so that it more clearly reflected VA's policies concerning the evaluation of scars. In the preamble of that document, VA incorrectly stated the applicability date. VA made a similar error in the first sentence of the introductory paragraph of 38 CFR 4.118. This document corrects the error in the introductory paragraph of Sec. 4.118.	2012-1001	https://www.federalregister.gov/documents/2012/01/20/2012-1001/schedule-for-rating-disabilities-evaluation-of-scars-correction	https://www.gpo.gov/fdsys/pkg/FR-2012-01-20/pdf/2012-1001.pdf	1/20/2012
Schedule for Rating Disabilities; Evaluation of Scars; Correction	Rule	The Department of Veterans Affairs (VA) published in the Federal Register of September 23, 2008, a document amending its Schedule for Rating Disabilities by revising that portion of the Schedule that addresses the Skin, so that it more clearly reflected VA's policies concerning the evaluation of scars. In the preamble of that document, VA incorrectly stated the applicability date. VA made a similar error in the first sentence of the introductory paragraph of 38 CFR 4.118. This document corrects the error in the applicability date.	2012-1002	https://www.federalregister.gov/documents/2012/01/20/2012-1002/schedule-for-rating-disabilities-evaluation-of-scars-correction	https://www.gpo.gov/fdsys/pkg/FR-2012-01-20/pdf/2012-1002.pdf	1/20/2012

Dental Conditions	Rule	The Department of Veterans Affairs (VA) adopts as a final rule the proposal to amend its adjudication regulations regarding service connection of dental conditions for treatment purposes. This amendment clarifies that principles governing determinations by VA's Veterans Benefits Administration (VBA) for service connection of dental conditions for the purpose of establishing eligibility for dental treatment by VA's Veterans Health Administration (VHA), apply only when VHA requests information or a rating from VBA for those purposes. This amendment also clarifies existing regulatory provisions and reflects the respective responsibilities of VHA and VBA in determinations concerning eligibility for dental treatment.	2012-1873	https://www.federalregister.gov/documents/2012/01/30/2012-1873/dental-conditions	https://www.gpo.gov/fdsys/pkg/FR-2012-01-30/pdf/2012-1873.pdf	1/30/2012
Tribal Veterans Cemetery Grants	Rule	This final rule amends the Department of Veterans Affairs (VA) regulations governing Federal grants for the establishment, expansion, and improvement of veterans cemeteries. This final rule implements through regulation new statutory authority to provide grants for the establishment, expansion, and improvement of Tribal Organization veterans cemeteries, as authorized by Section 403 of the ``Veterans Benefits, Health Care, and Information Technology Act of 2006" (the Act). The Act requires VA to administer grants to Tribal Organizations in the same manner and under the same conditions as grants to States. This final rule makes non-substantive changes to the part heading of Part 39 and the name of the State Cemetery Grants Service to more accurately reflect that VA awards veteran cemetery grants to States and Tribal Organizations. The final rule establishes criteria to guide VA's decisions on granting Tribal Organization requests to obtain grants for establishing, expanding, and improving veterans cemeteries that are or will be owned and operated by a Tribal Organization. The final rule also expands VA's preapplication requirement to all veterans cemetery grants as a means to promote consistency and communication in the grant application process. Further, the final rule revises VA regulations to address structural differences between Tribal Organizations and States.	2012-1874	https://www.federalregister.gov/documents/2012/01/30/2012-1874/tribal-veterans-cemetery-grants	https://www.gpo.gov/fdsys/pkg/FR-2012-01-30/pdf/2012-1874.pdf	1/30/2012
Parents Eligible for Burial	Rule	The Department of Veterans Affairs (VA) amends existing regulations to reflect a new statutory authority to extend eligibility for burial in a national cemetery to include parents of certain veterans, as authorized by the Veterans' Benefits Act of 2010 (the Act), enacted on October 13, 2010. The Act authorizes the Secretary of Veterans Affairs to inter the biological or legally adoptive parents of a deceased veteran if the deceased veteran is a hostile casualty or dies from a training-related injury, is interred in a VA national cemetery in a gravesite with available space, and has no spouse or child who is buried, or surviving spouse or child who, upon death, may be eligible for burial, in a national cemetery.	2012-2043	https://www.federalregister.gov/documents/2012/01/31/2012-2043/parents-eligible-for-burial	https://www.gpo.gov/fdsys/pkg/FR-2012-01-31/pdf/2012-2043.pdf	1/31/2012
Medical Foster Homes	Rule	This document amends the Department of Veterans Affairs (VA) ``Medical" regulations to add rules relating to medical foster homes. Prior to this final rule, VA's medical foster home program had, whenever possible and appropriate, relied upon regulations governing community residential care facilities; however, those regulations did not cover all aspects of medical foster homes, which provide community based care in a smaller, residential facility and to a more medically complex and disabled population. This final rule reflects current VA policy and practice, and generally conforms to industry standards and expectations.	2012-2063	https://www.federalregister.gov/documents/2012/02/02/2012-2063/medical-foster-homes	https://www.gpo.gov/fdsys/pkg/FR-2012-02-02/pdf/2012-2063.pdf	2/2/2012
Meeting the Challenge of Pandemic Influenza: Ethical Guidance for Leaders and Health Care Professionals in the Veterans Health Administration	Notice	The Department of Veterans Affairs (VA) through its National Center for Ethics in Health Care (NCEHC) invites interested parties to comment on a guidance document entitled ``Meeting the Challenge of Pandemic Influenza: Ethical Guidance for Leaders and Health Care Professionals in the Veterans Health Administration." (Guidance). VA is committed to an open and engaged stakeholder process and welcomes input on how to improve the Guidance and integrate key ethical concepts into ongoing emergency response planning in VA.	2012-2777	https://www.federalregister.gov/documents/2012/02/08/2012-2777/meeting-the-challenge-of-pandemic-influenza-ethical-guidance-for-leaders-and-health-care	https://www.gpo.gov/fdsys/pkg/FR-2012-02-08/pdf/2012-2777.pdf	2/8/2012

Schedule for Rating Disabilities; AL Amyloidosis (Primary Amyloidosis)	Rule	The Department of Veterans Affairs (VA) is amending its Schedule for Rating Disabilities by updating the schedule of ratings for the hemic and lymphatic systems to include AL amyloidosis. This regulatory action is necessary to add AL amyloidosis as one of the disease conditions and establish criteria for disability evaluation to fully implement the decision by the Secretary of Veterans Affairs to grant presumptive service connection based on herbicide exposure for this disease. The intended effects are to provide consistency in disability ratings and to ease tracking of AL amyloidosis for statistical analysis.	2012-2883	https://www.federalregister.gov/documents/2012/02/08/2012-2883/schedule-for-rating-disabilities-al-amyloidosis-primary-amyloidosis	https://www.gpo.gov/fdsys/pkg/FR-2012-02-08/pdf/2012-2883.pdf	2/8/2012
Due Date of Initial Application Requirements for State Home Construction Grants	Rule	This final rule amends the Department of Veterans Affairs (VA) regulations concerning the calendar date by which VA must receive an initial application for a State Home Construction Grant in order for the application to be included on the priority list for the award of grants during the next fiscal year. We require that initial application materials must be received by VA no later than April 15, instead of August 15, of the year before the fiscal year in which the application would be considered for inclusion on the priority list for the award of grants. We require certification of State matching funds to be submitted no later than August 1, instead of August 15, in order for the project to be placed in priority group 1 of the priority list for the next fiscal year. The purpose of these changes is to ensure that VA has sufficient time to process all applications received and timely prepare the priority list, so that we can accurately notify States that VA intends to select and fund particular projects. We also make technical revisions to conform our regulations to these revisions.	2012-4234	https://www.federalregister.gov/documents/2012/02/23/2012-4234/due-date-of-initial-application-requirements-for-state-home-construction-grants	https://www.gpo.gov/fdsys/pkg/FR-2012-02-23/pdf/2012-4234.pdf	2/23/2012
Fund Availability Under VA's Homeless Providers Grant and Per Diem Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for applications for assistance under the Per Diem Only component of VA's Homeless Providers Grant and Per Diem Program. This Notice of Funding Availability (NOFA) includes funding priorities for those applicants who will serve specific homeless veteran populations that are identified in this NOFA, or implement a new "transition in place" housing model to facilitate housing stabilization. This Notice contains information concerning the program, funding priorities, application process, and amount of funding available.	2012-4880	https://www.federalregister.gov/documents/2012/03/01/2012-4880/fund-availability-under-vas-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2012-03-01/pdf/2012-4880.pdf	3/1/2012
Notice of Intent To Grant an Exclusive License	Notice	Notice is hereby given that the Department of Veterans Affairs, Office of Research and Development, intends to grant to Somahlution, Inc., 3401 Fiechtner Drive, Fargo, North Dakota 58103, USA, an exclusive license to practice the following: U.S. Patent No. 7,981,596 (Tissue preservation with a salt solution isotonic with interstitial fluid) issued July 19, 2011.	2012-4885	https://www.federalregister.gov/documents/2012/03/01/2012-4885/notice-of-intent-to-grant-an-exclusive-license	https://www.gpo.gov/fdsys/pkg/FR-2012-03-01/pdf/2012-4885.pdf	3/1/2012
Drug and Drug-Related Supply Promotion by Pharmaceutical Company Representatives at VA Facilities	Rule	This final rule amends the Department of Veterans Affairs (VA) regulations regarding access to VA facilities by pharmaceutical company representatives. The purposes of the rule are to reduce or eliminate any potential for disruption in the patient care environment, manage activities and promotions at VA facilities, and provide pharmaceutical company representatives with a consistent standard of permissible business practice at VA facilities. The amendments will facilitate mutually beneficial relationships between VA and pharmaceutical company representatives.	2012-5279	https://www.federalregister.gov/documents/2012/03/05/2012-5279/drug-and-drug-related-supply-promotion-by-pharmaceutical-company-representatives-at-va-facilities	https://www.gpo.gov/fdsys/pkg/FR-2012-03-05/pdf/2012-5279.pdf	3/5/2012
Exempting In-Home Video Telehealth From Copayments	Rule	The Department of Veterans Affairs (VA) is taking final action to amend its regulation that governs VA services that are not subject to copayment requirements for inpatient hospital care or outpatient medical care. Specifically, the regulation is amended to exempt in-home video telehealth care from having any required copayment. This removes a barrier that may have previously discouraged veterans from choosing to use in-home video telehealth as a viable medical care option. In turn, VA hopes to make the home a preferred place of care, whenever medically appropriate and possible.	2012-5354	https://www.federalregister.gov/documents/2012/03/06/2012-5354/exempting-in-home-video-telehealth-from-copayments	https://www.gpo.gov/fdsys/pkg/FR-2012-03-06/pdf/2012-5354.pdf	3/6/2012

Notice of Intent To Grant an Exclusive License	Notice	Notice is hereby given that the Department of Veterans Affairs, Office of Research and Development, intends to grant to Brain Plasticity, Inc., One Montgomery St., Suite 710, San Francisco, California 94104-4505, USA, an exclusive license to practice the following patent application: PCT/US2011/042031 filed July 8, 2011, entitled ``Computer-Implemented interactive behavioral training technique for the optimization of attention or remediation of disorders of attention."	2012-5308	https://www.federalregister.gov/documents/2012/03/06/2012-5308/notice-of-intent-to-grant-an-exclusive-license	https://www.gpo.gov/fdsys/pkg/FR-2012-03-06/pdf/2012-5308.pdf	3/6/2012
Public Availability of the Department of Veterans Affairs Fiscal Year (FY) 2011 Service Contract Inventory	Notice	In accordance with Section 743 of Division C of the Consolidated Appropriations Act of 2010 (Public Law 111-117), Department of Veterans Affairs (VA) is publishing this notice to advise the public of the availability of the FY 2011 Service Contract Inventory. The inventory provides information on VA service contract actions over \$25,000 made in FY 2011. The information is organized by function to show how contracted resources are distributed throughout the agency. The inventory has been developed in accordance with guidance issued on November 5, 2010, and updated on December 19, 2011, by the Office of Management and Budget's Office of Federal Procurement Policy (OFPP). OFPP's guidance is available at http://www.whitehouse.gov/sites/default/files/omb/procurement/memo/service-contract-inventory-guidance.pdf . VA posted its inventory and a summary of the inventory on the VA Web site at: http://www.va.gov/oal/library/scalInventory.asp .	2012-5927	https://www.federalregister.gov/documents/2012/03/12/2012-5927/public-availability-of-the-department-of-veterans-affairs-fiscal-year-fy-2011-service-contract	https://www.gpo.gov/fdsys/pkg/FR-2012-03-12/pdf/2012-5927.pdf	3/12/2012
Tribal Consultations	Notice	The Department of Veterans Affairs (VA) Office of Tribal Government Relations (OTGR) will host a Tribal Consultation on the following VA programs: Native American Direct Loan Program, Tribal Cemetery Grants, and local implementation of the 2010 VA/Indian Health Service (IHS) Memorandum of Understanding (MOU).	2012-6590	https://www.federalregister.gov/documents/2012/03/19/2012-6590/tribal-consultations	https://www.gpo.gov/fdsys/pkg/FR-2012-03-19/pdf/2012-6590.pdf	3/19/2012
Prescription Drugs Not Administered During Treatment; Update to Administrative Cost for Calendar Year 2012	Notice	This Department of Veterans Affairs (VA) notice informs the public of the updated ``National Average Administrative Costs" for purposes of calculating VA's charges for prescription drugs that were not administered during treatment but were provided or furnished by VA to a veteran for: A nonservice-connected disability for which the veteran is entitled to care (or the payment of expenses of care) under a health plan contract; a nonservice-connected disability incurred incident to the veteran's employment and covered under a worker's compensation law or plan that provides reimbursement or indemnification for such care and services; or a nonservice-connected disability incurred as a result of a motor vehicle accident in a State that requires automobile accident reparations insurance. This updated administrative cost charge was effective on January 1, 2012, for Calendar Year 2012.	2012-7621	https://www.federalregister.gov/documents/2012/03/30/2012-7621/prescription-drugs-not-administered-during-treatment-update-to-administrative-cost-for-calendar-year	https://www.gpo.gov/fdsys/pkg/FR-2012-03-30/pdf/2012-7621.pdf	3/30/2012
VA Directive 0005 on Scientific Integrity: Availability for Review and Comment	Notice	This Federal Register Notice announces an opportunity for public review and comment on the Draft Department of Veterans Affairs (VA) Directive 0005 on Scientific Integrity. The Draft Directive incorporates the principles of scientific integrity contained in the Presidential Memorandum of March 9, 2009, and the Director, Office of Science and Technology Policy's Memorandum of December 17, 2010, on scientific integrity. It addresses how VA ensures quality science in its methods, review, policy application, and information dissemination.	2012-8434	https://www.federalregister.gov/documents/2012/04/09/2012-8434/va-directive-0005-on-scientific-integrity-availability-for-review-and-comment	https://www.gpo.gov/fdsys/pkg/FR-2012-04-09/pdf/2012-8434.pdf	4/9/2012
Rules Governing Hearings Before the Agency of Original Jurisdiction and the Board of Veterans' Appeals; Repeal of Prior Rule Change	Rule	The Department of Veterans Affairs (VA) is taking final action to amend its hearing regulations to repeal a prior amendment that specified that the provisions regarding hearings before the Agency of Original Jurisdiction (AOJ) do not apply to hearings before the Board of Veterans' Appeals (Board). This action is being taken because of VA's decision that the prior amendment should have followed the notice- and-comment procedure of the Administrative Procedure Act (APA).	2012-9295	https://www.federalregister.gov/documents/2012/04/18/2012-9295/rules-governing-hearings-before-the-agency-of-original-jurisdiction-and-the-board-of-veterans	https://www.gpo.gov/fdsys/pkg/FR-2012-04-18/pdf/2012-9295.pdf	4/18/2012

Payment or Reimbursement for Emergency Services for Nonservice-Connected Conditions in Non-VA Facilities	Rule	This document amends the Department of Veterans Affairs (VA) ``Payment or Reimbursement for Emergency Services for Nonservice- Connected Conditions in Non-VA Facilities'' regulations to conform with a statutory change that expanded veterans' eligibility for reimbursement. Some of the revisions in this final rule are purely technical, matching the language of our regulations to the language of the revised statute, while others set out VA's policies regarding the implementation of statutory requirements. This final rule expands the qualifications for payment or reimbursement to veterans who receive emergency services in non-VA facilities, and establishes accompanying standards for the method and amount of payment or reimbursement.	2012-9265	https://www.federalregister.gov/documents/2012/04/20/2012-9265/payment-or-reimbursement-for-emergency-services-for-nonservice-connected-conditions-in-non-va	https://www.gpo.gov/fdsys/pkg/FR-2012-04-20/pdf/2012-9265.pdf	4/20/2012
Technical Revisions To Update Reference to the Required Assessment Tool for State Nursing Homes Receiving Per Diem Payments From VA	Rule	This rule updates the reference to the required resident assessment tool for State homes that receive per diem from VA for providing nursing home care to veterans. It requires State nursing homes receiving per diem from VA to use the most recent version of the Centers for Medicare and Medicaid Services (CMS) Resident Assessment Instrument/Minimum Data Set (MDS), which is version 3.0. This will ensure that the standard used to assess veterans is the same as the standard applicable to Medicare and Medicaid beneficiaries.	2012-10590	https://www.federalregister.gov/documents/2012/05/03/2012-10590/technical-revisions-to-update-reference-to-the-required-assessment-tool-for-state-nursing-homes	https://www.gpo.gov/fdsys/pkg/FR-2012-05-03/pdf/2012-10590.pdf	5/3/2012
Copayments for Medications in 2012	Rule	This document affirms as final, without change, an interim final rule amending the Department of Veterans Affairs (VA) medical regulations concerning the copayment required for certain medications. The interim final rule froze until December 31, 2012, the copayment amount for veterans in the VA health care system in enrollment priority categories 2 through 6 at the 2011 level, which was \$8. The interim final rule also froze until December 31, 2012, the maximum annual copayment amount for enrollment priority categories 2 through 6, which was \$960. On January 1, 2013, the copayment amounts may increase based on the prescription drug component of the Medical Consumer Price Index (CPI-P). If the copayment increases, the maximum annual copayment amount will automatically increase in turn.	2012-11486	https://www.federalregister.gov/documents/2012/05/14/2012-11486/copayments-for-medications-in-2012	https://www.gpo.gov/fdsys/pkg/FR-2012-05-14/pdf/2012-11486.pdf	5/14/2012
Notice of Intent To Grant an Exclusive License	Notice	Notice is hereby given that the Department of Veterans Affairs (VA), Office of Research and Development, intends to grant to algorithmRx, LLC, 7400 Beaufont Springs Drive -Suite 300, North Chesterfield, Virginia 23225, an exclusive license to practice the following: U.S. Patent Application Serial No. 12/928,894 (Methods for Predicting the Response to Statins) filed December 21, 2010, and published on October 6, 2011, under Publication No. US-2011-0245283.	2012-11707	https://www.federalregister.gov/documents/2012/05/15/2012-11707/notice-of-intent-to-grant-an-exclusive-license	https://www.gpo.gov/fdsys/pkg/FR-2012-05-15/pdf/2012-11707.pdf	5/15/2012
VASRD Status Summit: A Public Overview of Proposed Disability Evaluation Criteria	Notice	The Veterans Benefits Administration (VBA) will host the Department of Veterans Affairs (VA) Schedule for Rating Disabilities (VASRD) Status Summit: A Public Overview of Proposed Disability Evaluation Criteria. The purpose of the VASRD Status Summit is to capture public comments on working drafts of proposed regulations for nine body systems and promote transparency by providing the proposed contents of those working drafts to the public. VA has previously hosted VASRD Forums, where subject matter experts and members of the public provided their input, prior to the drafting of proposed regulations for the body systems. VA plans to use comments provided at and following this Summit to consider edits and review updates pertaining to the following nine body systems: (1) The Hemic and Lymphatic Systems (38 CFR 4.117), (2) The Endocrine System (38 CFR 4.119), (3) Mental Disorders (38 CFR 4.125-4.130), (4) Infectious Diseases, Immune Disorders and Nutritional Deficiencies (38 CFR 4.88-4.89), (5) The Musculoskeletal System (38 CFR 4.40-4.73), (6) The Digestive System (38 CFR 4.110-4.114), (7) The Genitourinary System (38 CFR 4.115-4.115b), (8) Dental and Oral Conditions (38 CFR 4.149-4.150), and a newly proposed body system, Rheumatic Diseases. Specifically, working drafts containing proposed revisions to diagnostic code descriptors and evaluation criteria will be available for public review and comment.	2012-12285	https://www.federalregister.gov/documents/2012/05/21/2012-12285/vasrd-status-summit-a-public-overview-of-proposed-disability-evaluation-criteria	https://www.gpo.gov/fdsys/pkg/FR-2012-05-21/pdf/2012-12285.pdf	5/21/2012

Service members' Group Life Insurance Traumatic Injury Protection Program-Genitourinary Losses	Rule	The Department of Veterans Affairs (VA) is issuing this final rule that amends the regulations governing the Service members' Group Life Insurance Traumatic Injury Protection (TSGLI) program by adding certain genitourinary (GU) system losses to the TSGLI Schedule of Losses and defining terms relevant to these new losses. This amendment is necessary to make qualifying GU losses a basis for paying TSGLI benefits to service members with severe GU injuries. The intended effect is to expand the list of losses for which TSGLI payments can be made. This document adopts as a final rule, without change, the interim final rule published in the Federal Register on December 2, 2011.	2012-13298	https://www.federalregister.gov/documents/2012/06/01/2012-13298/service-members-group-life-insurance-traumatic-injury-protection-program-genitourinary-losses	https://www.gpo.gov/fdsys/pkg/FR-2012-06-01/pdf/2012-13298.pdf	6/1/2012
Clothing Allowance; Correction	Rule	The Department of Veterans Affairs (VA) published a final rule on November 16, 2011, amending its adjudication regulations governing eligibility for clothing allowances. VA has since determined that certain language added to the final rule could be construed to impose a restriction that VA did not intend. This document corrects that error.	2012-14108	https://www.federalregister.gov/documents/2012/06/11/2012-14108/clothing-allowance-correction	https://www.gpo.gov/fdsys/pkg/FR-2012-06-11/pdf/2012-14108.pdf	6/11/2012
Autopsies at VA Expense	Rule	The Department of Veterans Affairs (VA) is amending its regulation that governs the performance of autopsies on veterans. This final rule updates outdated cross-references to a statute that previously authorized certain outpatient and ambulatory care, which included post-hospitalization autopsies, and its implementing regulation. This final rule clarifies that consent for an autopsy is implied if a known surviving spouse or next of kin has either not responded to a VA request for permission or has not inquired as to the decedent for 6 months before the decedent's death. This final rule modifies the current regulation to make the laws of the jurisdiction in which the autopsy will be performed the controlling laws for purposes of determining who has authority to grant permission for the autopsy. This final rule also clarifies the authorized purposes of a VA autopsy. Lastly, this final rule clarifies that the authority to order an autopsy includes transporting the body at VA's expense to the place where the autopsy will be performed.	2012-15624	https://www.federalregister.gov/documents/2012/06/27/2012-15624/autopsies-at-va-expense	https://www.gpo.gov/fdsys/pkg/FR-2012-06-27/pdf/2012-15624.pdf	6/27/2012
VA Veteran-Owned Small Business Verification Guidelines	Rule	This document implements a portion of the Veterans Benefits, Health Care, and Information Technology Act of 2006, which requires the Department of Veterans Affairs (VA) to verify ownership and control of veteran-owned small businesses (VOSBs), including service-disabled veteran-owned small businesses (SDVOSBs) in order for these firms to participate in VA acquisitions set-aside for SDVOSB/VOSBs. This interim final rule contains a minor revision to require re-verification of SDVOSB/VOSB status only every two years rather than annually. The purpose of this change is to reduce the administrative burden on SDVOSB/VOSBs regarding participation in VA acquisitions set asides for these types of firms.	2012-15801	https://www.federalregister.gov/documents/2012/06/27/2012-15801/va-veteran-owned-small-business-verification-guidelines	https://www.gpo.gov/fdsys/pkg/FR-2012-06-27/pdf/2012-15801.pdf	6/27/2012
Dependency and Indemnity Compensation (DIC) Benefits for Survivors of Former Prisoners of War Rated Totally Disabled at Time of Death	Rule	The Department of Veterans Affairs (VA) is amending its adjudication regulation regarding benefits for survivors of former prisoners of war who were rated totally disabled at the time of death. This amendment is necessary to conform the regulation to the authorizing statutory provision. The effect of this amendment is to liberalize the eligibility criteria for dependency and indemnity compensation (DIC) based on the death of a former prisoner of war whose service-connected disabilities had been continuously rated totally disabling for at least 1 year when he or she died.	2012-16812	https://www.federalregister.gov/documents/2012/07/10/2012-16812/dependency-and-indemnity-compensation-dic-benefits-for-survivors-of-former-prisoners-of-war-rated	https://www.gpo.gov/fdsys/pkg/FR-2012-07-10/pdf/2012-16812.pdf	7/10/2012
Dependency and Indemnity Compensation Payable to a Surviving Spouse With One or More Children Under Age 18	Rule	The Department of Veterans Affairs (VA) is issuing this final rule to amend its adjudication regulation regarding the additional statutory amount of Dependency and Indemnity Compensation (DIC) payable to a surviving spouse with one or more children below the age of 18. The Veterans' Compensation Cost-of-Living Adjustment Act of 2006 redesignated the statutory section cited in VA's governing regulation. This amendment is necessary to conform the regulation to the statutory provision.	2012-16810	https://www.federalregister.gov/documents/2012/07/10/2012-16810/dependency-and-indemnity-compensation-payable-to-a-surviving-spouse-with-one-or-more-children-under	https://www.gpo.gov/fdsys/pkg/FR-2012-07-10/pdf/2012-16810.pdf	7/10/2012

Core Values and Characteristics of the Department	Rule	This document amends the Department of Veterans Affairs' (VA) regulations concerning the standards of ethical conduct and related responsibilities of its employees by adding a new subpart for VA's Core Values and Characteristics. These foundational values and organizational characteristics define VA employees and articulate what VA stands for, respectively, and they are a set of guidelines that will be applied Department-wide to all VA employees. This final rule establishes VA's Core Values and Characteristics, and ensures their proper application to the VA workforce.	2012-17069	https://www.federalregister.gov/documents/2012/07/13/2012-17069/core-values-and-characteristics-of-the-department	https://www.gpo.gov/fdsys/pkg/FR-2012-07-13/pdf/2012-17069.pdf	7/13/2012
Determinations Concerning Illnesses Discussed in National Academy of Sciences Report: Veterans and Agent Orange: Update 2010	Notice	As required by law, the Department of Veterans Affairs (VA) hereby gives notice that the Secretary of Veterans Affairs, under the authority granted by the Agent Orange Act of 1991, codified at 38 U.S.C. 1116, has determined that there is no basis to establish a presumption of service connection at this time, based on exposure to herbicide agents, including the substance commonly known as Agent Orange, for several health effects discussed in the September 29, 2011, National Academy of Sciences (NAS) report titled: Veterans and Agent Orange: Update 2010 (hereinafter, ``Update 2010"). This determination does not in any way preclude VA from granting service connection for any disease, including those specifically discussed in this notice, nor does it change any existing rights or procedures. In a separate rulemaking, VA will propose to expand the current presumption for peripheral neuropathy.	2012-19635	https://www.federalregister.gov/documents/2012/08/10/2012-19635/determinations-concerning-illnesses-discussed-in-national-academy-of-sciences-report-veterans-and	https://www.gpo.gov/fdsys/pkg/FR-2012-08-10/pdf/2012-19635.pdf	8/10/2012
Notice of Availability of an Environmental Impact Statement (EIS) for the San Francisco Veterans Affairs Medical Center (SFVAMC) Long Range Development Plan (LRDP)	Notice	Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, (42 U.S.C. 4331 et seq.), the Council on Environmental Quality Regulations for Implementing the Procedural Requirements of NEPA (40 CFR parts 1500-1508), VA's Implementing Regulations (38 CFR part 26), as well as the settlement agreement resulting from Planning Association for Richmond, et al. v. U.S. Department of Veterans Affairs, C-06-02321-SBA (filed 6 June 2008), VA has prepared a Draft EIS for the proposed implementation of the SFVAMC LRDP in San Francisco, California. The SFVAMC LRDP involves development and construction of patient care buildings, research buildings, business occupancy buildings, and parking structures, as well as retrofitting seismically deficient buildings. The Draft EIS identifies and evaluates environmental factors associated with new construction, demolition, as well as seismic retrofit to upgrade the SFVAMC for purposes of meeting the needs of Veterans of the North Coast and San Francisco Bay Area over the next 20 years.	2012-20243	https://www.federalregister.gov/documents/2012/08/17/2012-20243/notice-of-availability-of-an-environmental-impact-statement-eis-for-the-san-francisco-veterans	https://www.gpo.gov/fdsys/pkg/FR-2012-08-17/pdf/2012-20243.pdf	8/17/2012
Letter of Intent To Apply for Funding Available Under the Supportive Services for Veteran Families Program	Notice	The Department of Veterans Affairs (VA) requests that eligible entities interested in applying for funding under the Supportive Services for Veteran Families (SSVF) Program submit a letter of intent. The SSVF Program expects to publish a notice of funding availability (NOFA) in fiscal year (FY) 2013. The NOFA will contain information concerning the SSVF Program, initial and renewal supportive services grant application processes, and amount of funding available.	2012-20761	https://www.federalregister.gov/documents/2012/08/23/2012-20761/letter-of-intent-to-apply-for-funding-available-under-the-supportive-services-for-veteran-families	https://www.gpo.gov/fdsys/pkg/FR-2012-08-23/pdf/2012-20761.pdf	8/23/2012
Service Dogs	Rule	The Department of Veterans Affairs (VA) amends its regulations concerning veterans in need of service dogs. Under this final rule, VA will provide to veterans with visual, hearing, or mobility impairments benefits to support the use of a service dog as part of the management of such impairments. The benefits include assistance with veterinary care, travel benefits associated with obtaining and training a dog, and the provision, maintenance, and replacement of hardware required for the dog to perform the tasks necessary to assist such veterans.	2012-21784	https://www.federalregister.gov/documents/2012/09/05/2012-21784/service-dogs	https://www.gpo.gov/fdsys/pkg/FR-2012-09-05/pdf/2012-21784.pdf	9/5/2012
Sharing Information Between the Department of Veterans Affairs and the Department of Defense	Rule	This document adopts as final, without change, the interim final rule published in the Federal Register on October 20, 2011. This final rule removes a Department of Veterans Affairs (VA) regulatory restriction on the sharing of certain medical information with the Department of Defense (DoD) that is not required by the applicable statute and is inconsistent with the intent and purpose of that statute.	2012-21816	https://www.federalregister.gov/documents/2012/09/05/2012-21816/sharing-information-between-the-department-of-veterans-affairs-and-the-department-of-defense	https://www.gpo.gov/fdsys/pkg/FR-2012-09-05/pdf/2012-21816.pdf	9/5/2012

Reasonable Charges for Inpatient MS-DRGs and SNF Medical Services; V3.11, 2013; Fiscal Year Update	Notice	Section 17.101 of Title 38 of the Code of Federal Regulations sets forth the Department of Veterans Affairs (VA) medical regulations concerning ``Reasonable Charges' for medical care or services provided or furnished by VA to a veteran.	2012-22049	https://www.federalregister.gov/documents/2012/09/07/2012-22049/reasonable-charges-for-inpatient-ms-drgs-and-snf-medical-services-v311-2013-fiscal-year-update	https://www.gpo.gov/fdsys/pkg/FR-2012-09-07/pdf/2012-22049.pdf	9/7/2012
Fund Availability Under the Supportive Services for Veteran Families Program; Amendment	Notice	The Department of Veterans Affairs (VA) is announcing an amendment to the Notices of Fund Availability issued in fiscal years 2011 and 2012 for supportive services grants under the Supportive Services for Veteran Families (SSVF) Program. VA published two Notices in the Federal Register on December 17, 2010 (75 FR 79087), and on December 1, 2011 (76 FR 74849), titled, ``Fund Availability Under the Supportive Services for Veteran Families Program." Under ``Requirements for the Use of Supportive Services Grant Funds" section of the Notices, grantees were permitted to ``utilize a maximum of 30 percent of supportive services grant funds to provide the supportive service of temporary financial assistance paid directly to a third party on behalf of a participant for child care, transportation, rental assistance, utility-fee payment assistance, security deposits, utility deposits, moving costs, and emergency supplies in accordance with 38 CFR 62.33 and 62.34 of the final rule." VA has received comments from a variety of stakeholders that the 30 percent maximum for financial assistance is inadequate to meet the needs of Veteran families served in SSVF. For instance, the Department of Housing and Urban Development offers similar financial assistance through its Homeless Prevention and Rapid Re-housing and Emergency Solutions Grant programs without such caps and also allows longer time limits for financial assistance. Grantees have stated that they are turning away eligible Veteran families for services as they are unable to successfully intervene to meet the needs of these families within the program's limits on financial assistance. As this limit may interfere with the mission of the SSVF program to prevent and end homelessness, VA announces that	2012-23210	https://www.federalregister.gov/documents/2012/09/20/2012-23210/fund-availability-under-the-supportive-services-for-veteran-families-program-amendment	https://www.gpo.gov/fdsys/pkg/FR-2012-09-20/pdf/2012-23210.pdf	9/20/2012
Exempting In-Home Video Telehealth From Copayments	Rule	The Department of Veterans Affairs (VA) published a direct final rule amending its regulation that governs VA services that are not subject to copayment requirements for inpatient hospital care or outpatient medical care. Specifically, the regulation exempted in-home video telehealth care from having any required copayment. VA received no significant adverse comments concerning this rule or its companion substantially identical proposed rule published on the same date. This document confirms that the direct final rule became effective on May 7, 2012. In a companion document in this issue of the Federal Register, we are withdrawing as unnecessary the proposed rule.	2012-23513	https://www.federalregister.gov/documents/2012/09/25/2012-23513/exempting-in-home-video-telehealth-from-copayments	https://www.gpo.gov/fdsys/pkg/FR-2012-09-25/pdf/2012-23513.pdf	9/25/2012
Fisher House and Other Temporary Lodging	Rule	This final rule amends Department of Veterans Affairs (VA) regulations concerning Fisher Houses and other temporary lodging furnished by VA while a veteran is experiencing an episode of care at a VA health care facility. This final rule better describes the application process for this lodging and clarifies the distinctions between Fisher Houses and other temporary lodging provided by VA. This final rule generally reflects current VA policy and practice, and conforms to industry standards and expectations.	2012-23730	https://www.federalregister.gov/documents/2012/09/26/2012-23730/fisher-house-and-other-temporary-lodging	https://www.gpo.gov/fdsys/pkg/FR-2012-09-26/pdf/2012-23730.pdf	9/26/2012
Removal of 30-Day Residency Requirement for Per Diem Payments	Rule	The Department of Veterans Affairs (VA) is taking direct final action to amend its regulations concerning per diem payments to State homes for the provision of nursing home care to veterans. Specifically, this rule removes the requirement that a veteran must have resided in a State home for 30 consecutive days before VA will pay per diem for that veteran when there is no overnight stay. The intended effect of this direct final rule is to permit per diem payments to State homes for veterans who do not stay overnight, regardless of how long the veterans have resided at the State homes, so that the State homes will hold the veterans' beds until the veterans return.	2012-23775	https://www.federalregister.gov/documents/2012/09/27/2012-23775/removal-of-30-day-residency-requirement-for-per-diem-payments	https://www.gpo.gov/fdsys/pkg/FR-2012-09-27/pdf/2012-23775.pdf	9/27/2012

Service members' Group Life Insurance and Veterans' Group Life Insurance-Slayer's Rule Exclusion	Rule	The Department of Veterans Affairs (VA) is amending its regulations governing Service members' Group Life Insurance (SGLI) and Veterans' Group Life Insurance (VGLI) to prohibit payment of insurance proceeds payable because of the death of a person whose life was insured under SGLI or VGLI (decedent) or payment of a SGLI Traumatic Injury Protection (TSGLI) benefit to a person who is convicted of intentionally and wrongfully killing the decedent or determined in a civil proceeding to have intentionally and wrongfully killed the decedent (slayer) and to any family member of the slayer. These provisions apply also to any person who assisted the slayer in causing the death of the decedent. Additionally, this document contains an interim final amendment that defines the term ``member of the family" not to include a ``domestic partner."	2012-24391	https://www.federalregister.gov/documents/2012/10/03/2012-24391/service-members-group-life-insurance-and-veterans-group-life-insurance-slayers-rule-exclusion	https://www.gpo.gov/fdsys/pkg/FR-2012-10-03/pdf/2012-24391.pdf	10/3/2012
Extension of Statutory Period for Compensation for Certain Disabilities Due to Undiagnosed Illnesses and Medically Unexplained Chronic Multi-Symptom Illnesses	Rule	The Department of Veterans Affairs (VA) is issuing this final rule to affirm an amendment to its adjudication regulation regarding compensation for disabilities experienced by veterans who served in the Southwest Asia Theater of Operations during the Persian Gulf War. This amendment is necessary to extend the period during which disabilities associated with undiagnosed illnesses and medically unexplained chronic multi-symptom illnesses must become manifest in order for a veteran to be eligible for compensation. Additionally, in this final rule, VA will correct the adjudication section title that was amended and published in the Federal Register on September 29, 2010, but inadvertently changed to the original title.	2012-25353	https://www.federalregister.gov/documents/2012/10/16/2012-25353/extension-of-statutory-period-for-compensation-for-certain-disabilities-due-to-undiagnosed-illnesses	https://www.gpo.gov/fdsys/pkg/FR-2012-10-16/pdf/2012-25353.pdf	10/16/2012
Funding Availability Under Supportive Services for Veteran Families Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for supportive services grants under the SSVF Program. This Notice of Funding Availability (NOFA) contains information concerning the Supportive Services for Veteran Families (SSVF) Program, initial and renewal supportive services grant application processes, and amount of funding available. The Funding Opportunity Number is VA-SSVF-120112. The Catalog of Federal Domestic Assistance Number is 62.033. Applications for initial and renewal supportive services grants under the SSVF Program must be received by the SSVF Program Office by 4:00 p.m. Eastern Time on February 1, 2013. In the interest of fairness to all competing applicants, this deadline is firm as to date and hour, and VA will treat as ineligible for consideration any application that is received after the deadline. Applicants should take this practice into account and make early submission of their materials to avoid any risk of loss of eligibility brought about by unanticipated delays, computer service outages, or other delivery-related problems. For a Copy of the Application Package: Copies of the application can be downloaded directly from the SSVF Program Web site at: www.va.gov/homeless/ssvf.asp . Questions should be referred to the SSVF Program Office via phone at (877) 737-0111 (toll-free number) or via email at ssvf@va.gov . For detailed SSVF Program information and requirements, see 38 CFR Part 62. Submission of Application Package: Two completed, collated, hard copies of the application and two compact discs (CD) containing electronic versions of the entire application are required. Each application copy must (i) be fastened with a binder clip; and (ii) contain tabs	2012-26376	https://www.federalregister.gov/documents/2012/10/26/2012-26376/funding-availability-under-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2012-10-26/pdf/2012-26376.pdf	10/26/2012
Veterans' Group Life Insurance (VGLI) No-Health Period Extension	Rule	The Department of Veterans Affairs (VA) is issuing this final rule that amends the regulations governing eligibility for Veterans' Group Life Insurance (VGLI) to extend to 240 days the current 120-day ``no-health" period during which veterans can apply for VGLI without proving that they are in good health for insurance purposes. The purpose of this rule is to increase the opportunities for disabled veterans to enroll in VGLI, some of whom would not qualify for VGLI coverage under existing provisions. This document adopts as a final rule, without change, the proposed rule published in the Federal Register on June 25, 2012.	2012-26580	https://www.federalregister.gov/documents/2012/11/01/2012-26580/veterans-group-life-insurance-vgli-no-health-period-extension	https://www.gpo.gov/fdsys/pkg/FR-2012-11-01/pdf/2012-26580.pdf	11/1/2012
VA Directive 0005 on Scientific Integrity	Notice	This Federal Register notice announces the adoption of the Department of Veterans Affairs (VA) Directive 0005 on Scientific Integrity and responds to public comments about the draft version of this Directive, which was originally announced in the Federal Register on April 9, 2012 (77 FR 21158).	2012-27326	https://www.federalregister.gov/documents/2012/11/08/2012-27326/va-directive-0005-on-scientific-integrity	https://www.gpo.gov/fdsys/pkg/FR-2012-11-08/pdf/2012-27326.pdf	11/8/2012

Service members' Group Life Insurance-Stillborn Child Coverage	Rule	This final rule amends the Department of Veterans Affairs (VA) Service members' Group Life Insurance (SGLI) regulations in order to provide that, if a stillborn child is otherwise eligible to be insured by the SGLI coverage of more than one service member under SGLI dependent child coverage, the child would be insured by the coverage of the child's SGLI-insured biological mother. This final rule will provide consistency in payment determinations involving SGLI stillborn child coverage.	2012-28611	https://www.federalregister.gov/documents/2012/11/26/2012-28611/service-members-group-life-insurance-stillborn-child-coverage	https://www.gpo.gov/fdsys/pkg/FR-2012-11-26/pdf/2012-28611.pdf	11/26/2012
Rules Governing Hearings Before the Agency of Original Jurisdiction and the Board of Veterans' Appeals; Repeal of Prior Rule Change	Rule	The Department of Veterans Affairs (VA) published a direct final rule amending its hearing regulations to repeal a prior amendment that specified that the provisions regarding hearings before the Agency of Original Jurisdiction (AOJ) do not apply to hearings before the Board of Veterans' Appeals (Board). VA received no significant adverse comment concerning this rule. This document confirms that the direct final rule became effective on June 18, 2012. Additionally, in the preamble of the direct final rule, VA did not provide an applicability date. This document provides an applicability date.	2012-28621	https://www.federalregister.gov/documents/2012/11/27/2012-28621/rules-governing-hearings-before-the-agency-of-original-jurisdiction-and-the-board-of-veterans	https://www.gpo.gov/fdsys/pkg/FR-2012-11-27/pdf/2012-28621.pdf	11/27/2012
VA Acquisition Regulation: Electronic Submission of Payment Requests	Rule	The Department of Veterans Affairs (VA) is issuing a final rule to require contractors to submit payment requests in electronic form in order to enhance customer service, departmental productivity, and adoption of innovative information technology, including the appropriate use of commercial best practices. This document adopts the proposed rule published on April 18, 2012, as a final rule with a non- substantive technical change.	2012-28612	https://www.federalregister.gov/documents/2012/11/27/2012-28612/va-acquisition-regulation-electronic-submission-of-payment-requests	https://www.gpo.gov/fdsys/pkg/FR-2012-11-27/pdf/2012-28612.pdf	11/27/2012
Authorization for Non-VA Medical Services	Rule	The Department of Veterans Affairs (VA) is taking direct final action to amend its regulation governing payment by VA for non-VA outpatient care under VA's statutory authority to provide non-VA care. Under this authority, VA may contract for certain hospital care (inpatient care) and medical services (outpatient care) for eligible veterans when VA facilities are not capable of providing such services due to geographical inaccessibility or are not capable of providing the services needed. This amendment revises VA's existing regulation in accordance with statutory authority to remove a limitation on which veterans are eligible for medical services under this authority.	2012-28778	https://www.federalregister.gov/documents/2012/11/28/2012-28778/authorization-for-non-v-a-medical-services	https://www.gpo.gov/fdsys/pkg/FR-2012-11-28/pdf/2012-28778.pdf	11/28/2012
Request for Information: Establish a Public-Private Collaboration, Drug Development Initiative (DDI), for New Pharmacological Treatments for Post-Traumatic Stress Disorder (PTSD)	Notice	The Department of Veterans Affairs (VA) ORD publishes this Request for Information (RFI) to solicit interest in forming public- private collaborations to develop new pharmacological treatments for PTSD. ORD is interested in developing collaborations with organizations that are interested in pursuing clinical trials specifically focused on PTSD. Such research would be detailed through a Cooperative Research and Development Agreement (CRADA) under the authority of the Federal Technology Transfer Act of 1986 (FTTA), Public Law 99-502, codified as amended in scattered sections of title 15, United States Code (U.S.C.). The CRADA will delineate the collaboration for PTSD treatment intended to test new drugs to benefit Veterans.	2012-28917	https://www.federalregister.gov/documents/2012/11/29/2012-28917/request-for-information-establish-a-public-private-collaboration-drug-development-initiative-ddi-for	https://www.gpo.gov/fdsys/pkg/FR-2012-11-29/pdf/2012-28917.pdf	11/29/2012
Contracts and Provider Agreements for State Home Nursing Home Care	Rule	This interim final rule amends Department of Veterans Affairs (VA) regulations to allow VA to enter into contracts or provider agreements with State homes for the nursing home care of certain disabled veterans. This rulemaking is required to implement a change in law that revises how VA will pay for care provided to these veterans and authorizes VA to use provider agreements to pay for such care. The change made by this law applies to all care provided to these veterans in State homes on and after February 2, 2013.	2012-29521	https://www.federalregister.gov/documents/2012/12/06/2012-29521/contracts-and-provider-agreements-for-state-home-nursing-home-care	https://www.gpo.gov/fdsys/pkg/FR-2012-12-06/pdf/2012-29521.pdf	12/6/2012
Technical Revisions-State Veterans Homes	Rule	The Department of Veterans Affairs (VA) amends its regulations governing VA assistance in hiring and retaining nurses in State Veterans Homes. These regulations must be updated because of recent changes to the Veterans Health Administration (VHA) organizational structure, which reassigned certain administrative duties of the Chief Consultant of the Office of Geriatrics and Extended Care to the Director of the Office of Geriatrics and Extended Care Operations.	2012-29750	https://www.federalregister.gov/documents/2012/12/10/2012-29750/technical-revisions-state-veterans-homes	https://www.gpo.gov/fdsys/pkg/FR-2012-12-10/pdf/2012-29750.pdf	12/10/2012

Allowance for Private Purchase of an Outer Burial Receptacle in Lieu of a Government-Furnished Graveliner for a Grave in a VA National Cemetery	Notice	Public Law 104-275 was enacted on October 9, 1996. It allows the Department of Veterans Affairs (VA) to provide a monetary allowance towards the private purchase of an outer burial receptacle for use in a VA national cemetery. Under VA regulation (38 CFR 38.629), the allowance is equal to the average cost of Government-furnished graveliners less any administrative costs to VA. The law provides a Veteran's survivors with the option of selecting a Government-furnished graveliner for use in a VA national cemetery where such use is authorized. The purpose of this Notice is to notify interested parties of the average cost of Government-furnished graveliners, administrative costs that relate to processing and paying the allowance and the amount of the allowance payable for qualifying interments that occur during calendar year 2013.	2012-30307	https://www.federalregister.gov/documents/2012/12/17/2012-30307/allowance-for-private-purchase-of-an-outer-burial-receptacle-in-lieu-of-a-government-furnished	https://www.gpo.gov/fdsys/pkg/FR-2012-12-17/pdf/2012-30307.pdf	12/17/2012
Reasonable Charges for Medical Care or Services; V3.12, 2013 Calendar Year Update and National Average Administrative Prescription Drug Charge Update	Notice	This Department of Veterans Affairs (VA) notice informs the public of the updated data for calculating the ``Reasonable Charges'' collected or recovered by VA for medical care or services and of the updated ``National Average Administrative Costs'' for purposes of calculating VA's charges for prescription drugs that were not administered during treatment but provided or furnished by VA to a veteran for: a nonservice-connected disability for which the veteran is entitled to care (or the payment of expenses for care) under a health plan contract; a nonservice-connected disability incurred incident to the veteran's employment and covered under a worker's compensation law or plan that provides reimbursement or indemnification for such care and services; or a nonservice-connected disability incurred as a result of a motor vehicle accident in a State that requires automobile accident reparations insurance. The charge tables and supplemental tables that are applicable to this notice can be viewed on the Veterans Health Administration Chief Business Office's Internet Web site. These changes are effective January 1, 2013.	2012-30700	https://www.federalregister.gov/documents/2012/12/20/2012-30700/reasonable-charges-for-medical-care-or-services-v312-2013-calendar-year-update-and-national-average	https://www.gpo.gov/fdsys/pkg/FR-2012-12-20/pdf/2012-30700.pdf	12/20/2012
Increase in Maximum Tuition and Fee Amounts Payable under the Post-9/11 GI Bill	Notice	The purpose of this notice is to inform the public of the increase in the Post-9/11 GI Bill maximum tuition and fee amounts payable and the increase in the amount used to determine an individual's entitlement charge for reimbursement of a licensing, certification, or national test for the 2012-2013 and 2013-2014 academic years.	2012-30945	https://www.federalregister.gov/documents/2012/12/26/2012-30945/increase-in-maximum-tuition-and-fee-amounts-payable-under-the-post-911-gi-bill	https://www.gpo.gov/fdsys/pkg/FR-2012-12-26/pdf/2012-30945.pdf	12/26/2012
Presumption of Exposure to Herbicides for Blue Water Navy Vietnam Veterans Not Supported	Notice	On May 20, 2011, at the request of the Department of Veterans Affairs (VA), the Institute of Medicine (IOM) of the National Academy of Sciences issued a report titled, ``Blue Water Navy Vietnam Veterans and Agent Orange Exposure.'' The IOM reviewed a wide range of data sources including peer-reviewed literature, exposure and transport modeling, interviews with veterans, ship deck logs, and other government documents, and concluded that there is insufficient evidence to determine whether Blue Water Navy Veterans were exposed to Agent Orange-associated herbicides during the Vietnam War. After careful review of the IOM report, the Secretary determines that the evidence available at this time does not support establishing a presumption of exposure to herbicides for Blue Water Navy Vietnam Veterans. VA will continue to accept and review all Blue Water Navy Vietnam Veteran claims based on herbicide exposure on a case-by-case basis.	2012-30909	https://www.federalregister.gov/documents/2012/12/26/2012-30909/presumption-of-exposure-to-herbicides-for-blue-water-navy-vietnam-veterans-not-supported	https://www.gpo.gov/fdsys/pkg/FR-2012-12-26/pdf/2012-30909.pdf	12/26/2012

Copayments for Medications in 2013	Rule	The Department of Veterans Affairs (VA) amends its medical regulations concerning the copayment required for certain medications. But for this rulemaking, beginning on January 1, 2013, the copayment amount would increase based on a formula set forth in regulation. The maximum annual copayment amount payable by veterans would also increase. For 2012, VA ``froze" the copayment amount for veterans in VA's health care system enrollment priority categories 2 through 6, but allowed copayments to increase based on the regulatory formula for veterans in priority categories 7 and 8. However, that formula did not trigger an increase in the copayment amount for veterans in priority categories 7 and 8. This rulemaking freezes copayments at the current rate for veterans in priority categories 2 through 8 for 2013, and thereafter resumes increasing copayments in accordance with the regulatory formula.	2012-31432	https://www.federalregister.gov/documents/2012/12/31/2012-31432/copayments-for-medications-in-2013	https://www.gpo.gov/fdsys/pkg/FR-2012-12-31/pdf/2012-31432.pdf	12/31/2012
Initial Research on the Long-Term Health Consequences of Exposure to Burn Pits in Iraq and Afghanistan	Notice	This notice announces the preliminary plans of the Department of Veterans Affairs (VA) to conduct a longitudinal cohort study of adverse health effects related to military deployment to Iraq and Afghanistan, to include potential exposure to airborne hazards and burn pits, and to take related actions to promote the effective monitoring and assessment of deployment-related exposures and potential health effects of deployments. The planned actions are based in part on VA's review of the analysis and recommendations in an October 31, 2011, report of the Institute of Medicine (IOM) of the National Academy of Sciences (NAS) concerning the potential long-term health consequences of exposure to burn pits in Iraq and Afghanistan.	2013-02264	https://www.federalregister.gov/documents/2013/02/04/2013-02264/initial-research-on-the-long-term-health-consequences-of-exposure-to-burn-pits-in-iraq-and	https://www.gpo.gov/fdsys/pkg/FR-2013-02-04/pdf/2013-02264.pdf	2/4/2013
Disclosures To Participate in State Prescription Drug Monitoring Programs	Rule	The Department of Veterans Affairs (VA) amends its regulations concerning the sharing of certain patient information in order to implement VA's authority to participate in State Prescription Drug Monitoring Programs (PDMPs). Participation in PDMPs will allow the VA patient population to benefit from the reduction in negative health outcomes.	2013-03001	https://www.federalregister.gov/documents/2013/02/11/2013-03001/disclosures-to-participate-in-state-prescription-drug-monitoring-programs	https://www.gpo.gov/fdsys/pkg/FR-2013-02-11/pdf/2013-03001.pdf	2/11/2013
Public Availability of the Department of Veterans Affairs Fiscal Year (FY) 2011 Service Contract Inventory Analysis Report and FY 2012 Service Contract Inventory	Notice	In accordance with Section 743 of Division C of the Consolidated Appropriations Act of 2010 (Pub. L. 111-117), Department of Veterans Affairs (VA) is publishing this notice to advise the public of the availability of the FY 2011 Service Contract Inventory Analysis Report and FY 2012 Service Contract Inventory. The FY 2011 analysis report discusses the methodology, analysis, and special interest functions studied from the FY 2011 inventory, as well actions, planned and taken, to address any identified weaknesses or challenges. The FY 2012 inventory provides information on VA service contract actions over \$25,000. The inventory information is organized by function to show how contracted resources are distributed throughout the agency. The report and inventory were developed in accordance with guidance issued on November 5, 2010, and updated on December 19, 2011, by the Office of Management and Budget's Office of Federal Procurement Policy (OFPP). OFPP's guidance is available at: http://www.whitehouse.gov/omb/procurement-service-contract-inventories . VA posted the report, inventory, and a summary of the inventory on the VA Web site at: http://www.va.gov/oal/business/pps/scaInventory.asp .	2013-04117	https://www.federalregister.gov/documents/2013/02/22/2013-04117/public-availability-of-the-department-of-veterans-affairs-fiscal-year-fy-2011-service-contract	https://www.gpo.gov/fdsys/pkg/FR-2013-02-22/pdf/2013-04117.pdf	2/22/2013
Grants for the Rural Veterans Coordination Pilot (RVCP)	Rule	The Department of Veterans Affairs (VA) adopts as a final rule, without change, the proposal to establish a pilot program known as the Rural Veterans Coordination Pilot (RVCP). The RVCP will provide grants to eligible community-based organizations and local and State government entities to be used by these organizations and entities to assist veterans and their families who are transitioning from military service to civilian life in rural or underserved communities. VA will use information obtained through the pilot program to evaluate the effectiveness of using community-based organizations and local and State government entities to improve the provision of services to transitioning veterans and their families. Five RVCP grants will be awarded for a 2-year period in discrete locations pursuant to a Notice of Funds Availability (NOFA) to be published in the Federal Register.	2013-04277	https://www.federalregister.gov/documents/2013/02/25/2013-04277/grants-for-the-rural-veterans-coordination-pilot-rvcp	https://www.gpo.gov/fdsys/pkg/FR-2013-02-25/pdf/2013-04277.pdf	2/25/2013

Request for Information: Public-Private Collaborations in Pain Research	Notice	The Department of Veterans Affairs (VA) publishes this Request for Information (RFI) on public-private collaborations in pain research, seeking to connect the Veterans Health Administration's (VHA) Office of Research and Development (ORD) with commercial organizations that are conducting, or have an interest in conducting, pain research through a Cooperative Research and Development Agreement (CRADA). The CRADA is to develop public-private collaborations in pain research with the intent of developing novel therapies that will benefit Veterans suffering from chronic pain conditions.	2013-04248	https://www.federalregister.gov/documents/2013/02/25/2013-04248/request-for-information-public-private-collaborations-in-pain-research	https://www.gpo.gov/fdsys/pkg/FR-2013-02-25/pdf/2013-04248.pdf	2/25/2013
VA Homeless Providers Grant and Per Diem Program	Rule	This document adopts as a final rule, with changes, the proposed rule to amend the Department of Veterans Affairs (VA) regulations concerning VA's Homeless Providers Grant and Per Diem Program (Program). This rulemaking updates and improves the clarity of these regulations, and implements and authorizes new VA policies.	2013-04222	https://www.federalregister.gov/documents/2013/02/25/2013-04222/va-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2013-02-25/pdf/2013-04222.pdf	2/25/2013
Removal of 30-Day Residency Requirement for Per Diem Payments	Rule	The Department of Veterans Affairs (VA) published a direct final rule amending its regulations concerning per diem payments to State homes for the provision of nursing home care to veterans. Specifically, this rule removes the requirement that a veteran must have resided in a State home for 30 consecutive days before VA will pay per diem for that veteran when there is no overnight stay. VA received no significant adverse comments concerning this rule or its companion substantially identical proposed rule published on the same date. This document confirms that the direct final rule became effective on November 26, 2012. In a companion document in this issue of the Federal Register, we are withdrawing as unnecessary the proposed rule.	2013-06828	https://www.federalregister.gov/documents/2013/03/26/2013-06828/removal-of-30-day-residency-requirement-for-per-diem-payments	https://www.gpo.gov/fdsys/pkg/FR-2013-03-26/pdf/2013-06828.pdf	3/26/2013
Grants for Transportation of Veterans in Highly Rural Areas	Rule	The Department of Veterans Affairs (VA) amends its regulations to establish a new program to provide grants to eligible entities to assist veterans in highly rural areas through innovative transportation services to travel to VA medical centers, and to otherwise assist in providing transportation services in connection with the provision of VA medical care to these veterans, in compliance with section 307 of title III of the Caregivers and Veterans Omnibus Health Services Act of 2010. This final rule establishes procedures for evaluating grant applications under the new grant program, and otherwise administering the new grant program.	2013-07636	https://www.federalregister.gov/documents/2013/04/02/2013-07636/grants-for-transportation-of-veterans-in-highly-rural-areas	https://www.gpo.gov/fdsys/pkg/FR-2013-04-02/pdf/2013-07636.pdf	4/2/2013
Grants to States for Construction or Acquisition of State Homes	Rule	This interim final rule amends the Department of Veterans Affairs (VA) regulation on the prioritization of State applications for VA grants for the construction or acquisition of State home facilities that furnish domiciliary, nursing home, or adult day health care to veterans. As amended, the regulation gives preference to State applications that would use grant funds solely or primarily (under certain circumstances) to remedy cited life or safety deficiencies. This rulemaking also makes certain necessary technical amendments to regulations governing State home grants.	2013-08366	https://www.federalregister.gov/documents/2013/04/10/2013-08366/grants-to-states-for-construction-or-acquisition-of-state-homes	https://www.gpo.gov/fdsys/pkg/FR-2013-04-10/pdf/2013-08366.pdf	4/10/2013
Compensation Cost-of-Living Adjustments for Service-Connected Benefits	Notice	As required by the Veterans' Compensation Cost-of-Living Adjustment Act of 2012, Public Law 112-198, the Department of Veterans Affairs (VA) is hereby giving notice of adjustments in certain benefit rates. These adjustments affect the compensation and dependency and indemnity compensation (DIC) programs.	2013-08529	https://www.federalregister.gov/documents/2013/04/11/2013-08529/compensation-cost-of-living-adjustments-for-service-connected-benefits	https://www.gpo.gov/fdsys/pkg/FR-2013-04-11/pdf/2013-08529.pdf	4/11/2013
Payment for Home Health Services and Hospice Care to Non-VA Providers	Rule	The Department of Veterans Affairs (VA) amends its regulations concerning the billing methodology for non-VA providers of home health services and hospice care. Because the newly applicable methodology cannot supersede rates for which VA has specifically contracted, this rulemaking will only affect home health and hospice care providers who do not have existing negotiated contracts with VA. This rule also rescinds internal guidance documents that could be interpreted as conflicting with this final rule.	2013-10694	https://www.federalregister.gov/documents/2013/05/06/2013-10694/payment-for-home-health-services-and-hospice-care-to-non-v-a-providers	https://www.gpo.gov/fdsys/pkg/FR-2013-05-06/pdf/2013-10694.pdf	5/6/2013
Report: Strategies for Serving Our Women Veterans	Notice	On May 14, 2012, the Department of Veterans Affairs (VA) published a notice in the Federal Register inviting public comment on the Draft Strategy Report (DSR) titled, Strategies for Serving Our Women Veterans. This document responds to the public comments received and affirms as final, with two identified changes, to the DSR.	2013-10781	https://www.federalregister.gov/documents/2013/05/07/2013-10781/report-strategies-for-serving-our-women-veterans	https://www.gpo.gov/fdsys/pkg/FR-2013-05-07/pdf/2013-10781.pdf	5/7/2013

Tentative Eligibility Determinations; Presumptive Eligibility for Psychosis and Other Mental Illness	Rule	This document amends the Department of Veterans Affairs (VA) regulation authorizing tentative eligibility determinations to comply with amended statutory authority concerning minimum active-duty service requirements. This document also codifies in regulation statutory presumptions of medical care eligibility for veterans of certain wars and conflicts who developed psychosis within specified time periods and for Persian Gulf War veterans who developed a mental illness other than psychosis within 2 years after service and within 2 years after the end of the Persian Gulf War period.	2013-11410	https://www.federalregister.gov/documents/2013/05/14/2013-11410/tentative-eligibility-determinations-presumptive-eligibility-for-psychosis-and-other-mental-illness	https://www.gpo.gov/fdsys/pkg/FR-2013-05-14/pdf/2013-11410.pdf	5/14/2013
Fund Availability Under VA's Homeless Providers Grant and Per Diem Program (Rehabilitation)	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for assistance to rehabilitate currently operational Grant and Per Diem grantee facilities originally funded under VA's Homeless Providers Grant and Per Diem Program (see funding priorities). This Notice of Funding Availability (NOFA) contains information concerning the program, funding priorities, application process, and amount of funding available.	2013-11584	https://www.federalregister.gov/documents/2013/05/16/2013-11584/fund-availability-under-vas-homeless-providers-grant-and-per-diem-program-rehabilitation	https://www.gpo.gov/fdsys/pkg/FR-2013-05-16/pdf/2013-11584.pdf	5/16/2013
Fund Availability Under VA's Homeless Providers Grant and Per Diem Program (VANS)	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for assistance to acquire vans in order to facilitate transportation of veteran participants for currently operational Grant and Per Diem grantee projects funded under VA's Homeless Providers Grant and Per Diem Program and demonstrate an occupancy rate of 65 percent or better for the period of October 1, 2012, through March 31, 2013. This Notice of Funding Availability (NOFA) contains information concerning the program, funding priorities, application process, and amount of funding available.	2013-11585	https://www.federalregister.gov/documents/2013/05/16/2013-11585/fund-availability-under-vas-homeless-providers-grant-and-per-diem-program-vans	https://www.gpo.gov/fdsys/pkg/FR-2013-05-16/pdf/2013-11585.pdf	5/16/2013
Copayments for Medications in 2013	Rule	This document adopts as a final rule, without change, an interim final rule amending the Department of Veterans Affairs (VA) medical regulations to freeze the copayments required for certain medications provided by VA until December 31, 2013. Under that rule, the copayment amounts for all enrolled veterans were maintained at the same rates as they were in 2012, which were \$8 for veterans in priority groups 2-6 and \$9 for veterans in priority groups 7 and 8. On January 1, 2014, the copayment amounts may increase based on the prescription drug component of the Medical Consumer Price Index (CPI-P).	2013-12252	https://www.federalregister.gov/documents/2013/05/23/2013-12252/copayments-for-medications-in-2013	https://www.gpo.gov/fdsys/pkg/FR-2013-05-23/pdf/2013-12252.pdf	5/23/2013
Community Residential Care	Rule	The Department of Veterans Affairs (VA) amends its regulations concerning approval of non-VA community residential care facilities to allow VA to waive such facilities' compliance with standards that do not jeopardize the health or safety of residents. Waiver would be authorized in those limited circumstances where the deficiency cannot be corrected to meet a standard provided for in VA regulation. Authorizing this waiver will prevent veterans from needlessly choosing to move out of established and appropriate living situations due to minor deficiencies in standards that cannot be corrected, and into more restrictive and/or costly care. In addition, we make a technical edit to correct a reference to the section addressing requests for a hearing.	2013-12641	https://www.federalregister.gov/documents/2013/05/29/2013-12641/community-residential-care	https://www.gpo.gov/fdsys/pkg/FR-2013-05-29/pdf/2013-12641.pdf	5/29/2013
Garnishment of Accounts Containing Federal Benefit Payments	Rule	Treasury, SSA, VA, RRB and OPM (Agencies) are adopting as final an interim rule to amend their regulation governing the garnishment of certain Federal benefit payments that are directly deposited to accounts at financial institutions. The rule establishes procedures that financial institutions must follow when they receive a garnishment order against an account holder who receives certain types of Federal benefit payments by direct deposit. The rule requires financial institutions that receive such a garnishment order to determine the sum of such Federal benefit payments deposited to the account during a two month period, and to ensure that the account holder has access to an amount equal to that sum or to the current balance of the account, whichever is lower.	2013-12567	https://www.federalregister.gov/documents/2013/05/29/2013-12567/garnishment-of-accounts-containing-federal-benefit-payments	https://www.gpo.gov/fdsys/pkg/FR-2013-05-29/pdf/2013-12567.pdf	5/29/2013

VA Dental Insurance Program	Rule	The Department of Veterans Affairs (VA) amends its regulations to establish rules and procedures for the VA Dental Insurance Program (VADIP), a pilot program that offers premium-based dental insurance to enrolled veterans and certain survivors and dependents of veterans. Under the pilot program, VA will contract with a private insurer, through the Federal contracting process, to offer dental insurance to eligible individuals. The private insurer will be responsible for the administration of the dental insurance plan. VA will form the contract and verify the eligibility of individuals who apply for the private dental insurance.	2013-12642	https://www.federalregister.gov/documents/2013/05/29/2013-12642/va-dental-insurance-program	https://www.gpo.gov/fdsys/pkg/FR-2013-05-29/pdf/2013-12642.pdf	5/29/2013
Notice of Funds Availability Inviting Applications for the Rural Veterans Coordination Pilot	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for applications for assistance under the Rural Veterans Coordination Pilot (RVCP). This Notice of Funding Availability (NOFA) includes funding priorities for those applicants who will assist veterans and their families who are transitioning from military service to civilian life in rural or underserved communities. This Notice contains information concerning the program, funding priorities, application process, and the amount of funding available.	2013-13163	https://www.federalregister.gov/documents/2013/06/04/2013-13163/notice-of-funds-availability-inviting-applications-for-the-rural-veterans-coordination-pilot	https://www.gpo.gov/fdsys/pkg/FR-2013-06-04/pdf/2013-13163.pdf	6/4/2013
Notice of Intent To Grant An Exclusive License	Notice	Notice is hereby given that the Department of Veterans Affairs (VA), Office of Research and Development (ORD), intends to grant TiSport, LLC, 2701 West Court Street, Pasco, WA 99301 an exclusive license to practice the following patent: U.S. Patent No. <greek-i>6,892,421, ``Oblique Angled Suspension Caster Fork for Wheelchairs," issued May 17, 2005. Copies of the published patent may be obtained from the U.S. Patent and Trademark Office at www.uspto.gov .	2013-14290	https://www.federalregister.gov/documents/2013/06/17/2013-14290/notice-of-intent-to-grant-an-exclusive-license	https://www.gpo.gov/fdsys/pkg/FR-2013-06-17/pdf/2013-14290.pdf	6/17/2013
Payment or Reimbursement for Emergency Services for Nonservice-Connected Conditions in Non-VA Facilities; Correction	Rule	This document corrects a Department of Veterans Affairs (VA) final rule that governs ``Payment or Reimbursement for Emergency Services for Nonservice-Connected Conditions in Non-VA Facilities" regulations to conform with a statutory change that expanded veterans' eligibility for reimbursement. This document corrects a typographical error without making any substantive change to the content of the final rule.	2013-14249	https://www.federalregister.gov/documents/2013/06/17/2013-14249/payment-or-reimbursement-for-emergency-services-for-nonservice-connected-conditions-in-non-va	https://www.gpo.gov/fdsys/pkg/FR-2013-06-17/pdf/2013-14249.pdf	6/17/2013
Notice of Funds Availability Inviting Applications for the Rural Veterans Coordination; Amendment	Notice	This notice extends the Department of Veterans Affairs (VA) application deadline for funds available under the Rural Veterans Coordination Pilot (RVCP) program. VA published a Notice of Funds Availability (NOFA) in the Federal Register on June 4, 2013 (78 FR 33472) to announce the availability of funds for applications beginning June 4, 2013 through July 19, 2013, 5pm eastern standard time. The NOFA includes funding priorities for those applicants who will assist veterans and their families who are transitioning from military service to civilian life in rural or underserved communities. To allow applicants more time to complete the application process, VA is extending the application deadline to midnight eastern standard time on September 19, 2013.	2013-15050	https://www.federalregister.gov/documents/2013/06/25/2013-15050/notice-of-funds-availability-inviting-applications-for-the-rural-veterans-coordination-amendment	https://www.gpo.gov/fdsys/pkg/FR-2013-06-25/pdf/2013-15050.pdf	6/25/2013
Notice of Intent To Grant An Exclusive License	Notice	Notice is hereby given that the Department of Veterans Affairs (VA), Office of Research and Development (ORD), intends to grant to Somahlution, Inc., a Delaware corporation, doing business at 3401 Fiechtner Drive, Fargo, North Dakota 58103, USA, an exclusive license to practice the following patent: U.S. Patent No. 6,569,615, ``Composition and Methods for Tissue Preservation," issued May 27, 2003. Copies of the published patent may be obtained from the U.S. Patent and Trademark Office at www.uspto.gov	2013-15107	https://www.federalregister.gov/documents/2013/06/25/2013-15107/notice-of-intent-to-grant-an-exclusive-license	https://www.gpo.gov/fdsys/pkg/FR-2013-06-25/pdf/2013-15107.pdf	6/25/2013
Fund Availability Under the Grants for Transportation of Veterans in Highly Rural Areas	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds under the Grants for Transportation of Veterans in Highly Rural Areas. This Notice contains information concerning the Grants for Transportation of Veterans in Highly Rural Areas program, application process, and amount of funding available.	2013-16389	https://www.federalregister.gov/documents/2013/07/09/2013-16389/fund-availability-under-the-grants-for-transportation-of-veterans-in-highly-rural-areas	https://www.gpo.gov/fdsys/pkg/FR-2013-07-09/pdf/2013-16389.pdf	7/9/2013

Medications Prescribed by Non-VA Providers	Rule	The Department of Veterans Affairs (VA) is amending its regulation concerning filling prescriptions written by non-VA providers for veterans of a period of war who are receiving increased pension because they are permanently housebound or in need of aid and attendance. This rulemaking revises the regulation to reflect the current statutory periods of war to ensure that eligible veterans engaged in current and future conflicts receive medications prescribed by non-VA physicians when appropriate for their care.	2013-16978	https://www.federalregister.gov/documents/2013/07/16/2013-16978/medications-prescribed-by-non-va-providers	https://www.gpo.gov/fdsys/pkg/FR-2013-07-16/pdf/2013-16978.pdf	7/16/2013
Patient Access to Records	Rule	The Department of Veterans Affairs (VA) amends its regulation governing disclosure of information to veterans and other beneficiaries. The current regulation provides for a special procedure for evaluating sensitive records and determining whether an individual may gain access to his or her own records. The special procedure allows VA to prevent an individual's access to his or her own records if VA determines that such release could have an adverse effect on the physical or mental health of a requesting individual. We have determined that this special procedure is contrary to law, and therefore remove it from the current regulation.	2013-18057	https://www.federalregister.gov/documents/2013/07/29/2013-18057/patient-access-to-records	https://www.gpo.gov/fdsys/pkg/FR-2013-07-29/pdf/2013-18057.pdf	7/29/2013
Veterans Health Administration Fund Availability Under the VA's Homeless Providers Grant and Per Diem Program	Notice	Funding Opportunity Title: VA Grant and Per Diem (GPD) Special Needs Renewal. The Department of Veterans Affairs (VA) is announcing the availability of 1-year renewal funding for currently operational fiscal year (FY) 2011 VA GPD Special Need Grant Recipients, in conjunction with their collaborative VA Special Need partners and currently operational VA GPD Special Need Grant Recipients which do not involve a collaborative effort, to make re-applications for assistance under the Special Need Grant Component of VA's Homeless Providers GPD Program. The focus of this NOFA is to encourage applicants to continue to deliver services to the homeless Special Need veteran population as outlined in their FY 2009 Special Need grant application. This NOFA contains information concerning the program, application process, and amount of funding available. Announcement Type: Initial. Catalog of Federal Domestic Assistance Number: 64-024.	2013-19166	https://www.federalregister.gov/documents/2013/08/08/2013-19166/veterans-health-administration-fund-availability-under-the-vas-homeless-providers-grant-and-per-diem	https://www.gpo.gov/fdsys/pkg/FR-2013-08-08/pdf/2013-19166.pdf	8/8/2013
Loan Guaranty: Percentage to Determine Net Value	Notice	This notice provides information to lenders and mortgage holders in the Department of Veterans Affairs (VA) loan guaranty program concerning the percentage to be used in calculating the purchase price of a property that secured a terminated loan. The new percentage is 14.95 percent.	2013-19315	https://www.federalregister.gov/documents/2013/08/09/2013-19315/loan-guaranty-percentage-to-determine-net-value	https://www.gpo.gov/fdsys/pkg/FR-2013-08-09/pdf/2013-19315.pdf	8/9/2013
VA Health Professional Scholarship and Visual Impairment and Orientation and Mobility Professional Scholarship Programs	Rule	The Department of Veterans Affairs (VA) is amending its VA Health Professional Scholarship Program (HPSP) regulations. VA is also establishing regulations for a new program, the Visual Impairment and Orientation and Mobility Professional Scholarship Program (VIOMPSP). These regulations comply with and implement sections 302 and 603 of the Caregivers and Veterans Omnibus Health Services Act of 2010 (the 2010 Act). Section 302 of the 2010 Act established the VIOMPSP, which authorizes VA to provide financial assistance to certain students seeking a degree in visual impairment or orientation or mobility, in order to increase the supply of qualified blind rehabilitation specialists for VA and the United States. Section 603 of the 2010 Act reauthorized and modified HPSP, a program that provides scholarships for education or training in certain health care occupations.	2013-20255	https://www.federalregister.gov/documents/2013/08/20/2013-20255/va-health-professional-scholarship-and-visual-impairment-and-orientation-and-mobility-professional	https://www.gpo.gov/fdsys/pkg/FR-2013-08-20/pdf/2013-20255.pdf	8/20/2013
Technical Changes To Remove Forms	Rule	The Department of Veterans Affairs (VA) is making technical changes to remove from its regulations a series of forms related to VA payments for care provided to veterans at State homes. Official forms are not required to be reproduced in the Code of Federal Regulations (CFR), and all VA forms are more readily available on VA Web sites. Removing these forms from the CFR is an administrative action and will not impact the ability of the public to comment on any amendments to the information collections contained in these forms.	2013-20357	https://www.federalregister.gov/documents/2013/08/21/2013-20357/technical-changes-to-remove-forms	https://www.gpo.gov/fdsys/pkg/FR-2013-08-21/pdf/2013-20357.pdf	8/21/2013

VA Veteran-Owned Small Business Verification Guidelines	Rule	This document adopts as a final rule, without change, the interim final rule published in the Federal Register on June 27, 2012. This document implements a portion of the Veterans Benefits, Health Care, and Information Technology Act of 2006, which requires the Department of Veterans Affairs (VA) to verify ownership and control of veteran- owned small businesses (VOSBs), including service-disabled veteran- owned small businesses (SDVOSBs), in order for these firms to participate in VA acquisitions set asides for SDVOSB/VOSBs. Specifically, this final rule requires re-verification of SDVOSB/VOSB status only every 2 years rather than annually. The purpose of this change is to reduce the administrative burden on SDVOSB/VOSBs regarding participation in VA acquisitions set asides for these types of firms. Verified SDVOSB/VOSBs are placed on the Vendor Information Page (VIP) at www.vetbiz.gov.	2013-20488	https://www.federalregister.gov/documents/2013/08/22/2013-20488/va-veteran-owned-small-business-verification-guidelines	https://www.gpo.gov/fdsys/pkg/FR-2013-08-22/pdf/2013-20488.pdf	8/22/2013
Disease Associated With Exposure to Certain Herbicide Agents: Peripheral Neuropathy	Rule	The Department of Veterans Affairs (VA) adopts as a final rule its proposal to amend its adjudication regulations by clarifying and expanding the terminology regarding presumptive service connection for acute and subacute peripheral neuropathy associated with exposure to certain herbicide agents. This amendment implements a decision by the Secretary of Veterans Affairs based on findings from the National Academy of Sciences (NAS) Institute of Medicine report, Veterans and Agent Orange: Update 2010. It also amends VA's regulation governing retroactive awards for certain diseases associated with herbicide exposure as required by court orders in the class action litigation of Nehmer v. U.S. Department of Veterans Affairs.	2013-21674	https://www.federalregister.gov/documents/2013/09/06/2013-21674/disease-associated-with-exposure-to-certain-herbicide-agents-peripheral-neuropathy	https://www.gpo.gov/fdsys/pkg/FR-2013-09-06/pdf/2013-21674.pdf	9/6/2013
Notice of Funds Availability Inviting Applications for Grants for Transportation of Veterans in Highly Rural Areas; Amendment	Notice	This notice extends the Department of Veterans Affairs (VA) application deadline for funds available under the Grant Program for Transportation of Veterans in Highly Rural Areas. VA published a Notice of Funds Availability (NOFA) in the Federal Register on July 9, 2013 (78 FR 41195), to announce the availability of funds for applications through September 9, 2013, 4:00 p.m. eastern standard time. The NOFA includes funding priorities for those applicants who, through innovative transportation services, will assist Veterans in highly rural areas travel to VA medical centers and other VA and non-VA facilities in connection with the provision of VA medical care. To allow applicants more time to complete the application process, VA is extending the application deadline to midnight eastern standard time on October 9, 2013. VA will consider all applications received up through the original deadline, plus those received through the extended deadline of October 9, 2013.	2013-22334	https://www.federalregister.gov/documents/2013/09/13/2013-22334/notice-of-funds-availability-inviting-applications-for-grants-for-transportation-of-veterans-in	https://www.gpo.gov/fdsys/pkg/FR-2013-09-13/pdf/2013-22334.pdf	9/13/2013
Vet Center Services	Rule	The Department of Veterans Affairs (VA) is establishing in regulation the readjustment counseling currently provided in VA's Vet Centers to certain veterans of the Armed Forces and members of their families, and implementing provisions of the Caregivers and Veterans Omnibus Health Services Act of 2010 regarding readjustment counseling.	2013-22607	https://www.federalregister.gov/documents/2013/09/17/2013-22607/vet-center-services	https://www.gpo.gov/fdsys/pkg/FR-2013-09-17/pdf/2013-22607.pdf	9/17/2013
Notice of Funds Availability Inviting Applications for Grants for Transportation of Veterans in Highly Rural Areas; Amendment; Correction	Notice	The Department of Veterans Affairs (VA) published a notice extending the application deadline for funds available under the Grant Program for Transportation of Veterans in Highly Rural Areas in the Federal Register on September 13, 2013 (78 FR 56773), that contained an error. In the FOR FURTHER INFORMATION CONTACT section of the notice, VA announced that a copy of the Application Package can be downloaded directly from ``http://www.ruralhealth.va.gov/coordination-pilot/index.asp". It should have read, ``http://www.grants.gov/web/grants/ view-opportunity.html?oppld=237336`. This error is corrected by this notice.	2013-22699	https://www.federalregister.gov/documents/2013/09/18/2013-22699/notice-of-funds-availability-inviting-applications-for-grants-for-transportation-of-veterans-in	https://www.gpo.gov/fdsys/pkg/FR-2013-09-18/pdf/2013-22699.pdf	9/18/2013
Eligibility of Disabled Veterans and Members of the Armed Forces With Severe Burn Injuries for Financial Assistance in the Purchase of an Automobile or Other Conveyance and Adaptive Equipment	Rule	The Department of Veterans Affairs (VA) adopts as a final rule its proposal to amend its adjudication regulation concerning a certificate of eligibility for financial assistance in the purchase of an automobile or other conveyance and adaptive equipment, which was published in the Federal Register on November 5, 2012, and republished for minor technical corrections on November 26, 2012. The amendment is necessary to incorporate statutory changes made by the Veterans' Benefits Act of 2010.	2013-22764	https://www.federalregister.gov/documents/2013/09/19/2013-22764/eligibility-of-disabled-veterans-and-members-of-the-armed-forces-with-severe-burn-injuries-for	https://www.gpo.gov/fdsys/pkg/FR-2013-09-19/pdf/2013-22764.pdf	9/19/2013

Notice of Funds Availability Inviting Applications for the Rural Veterans Coordination; Amendment	Notice	This notice extends the Department of Veterans Affairs (VA) application deadline for funds available under the Rural Veterans Coordination Pilot (RVCP) program. VA published a Notice of Funds Availability (NOFA) in the Federal Register on June 4, 2013 (78 FR 33472) to announce the availability of funds for applications beginning June 4, 2013 through July 19, 2013, 5 pm eastern standard time. VA also published a Notice; extension of NOFA application deadline in the Federal Register on June 25, 2013 (78 FR 38099) to allow applicants more time to complete the application process until September 19, 2013. The NOFA includes funding priorities for those applicants who will assist veterans and their families who are transitioning from military service to civilian life in rural or underserved communities. To allow applicants even more time to complete the application process, VA is extending the application deadline to midnight eastern standard time on October 4, 2013.	2013-23097	https://www.federalregister.gov/documents/2013/09/24/2013-23097/notice-of-funds-availability-inviting-applications-for-the-rural-veterans-coordination-amendment	https://www.gpo.gov/fdsys/pkg/FR-2013-09-24/pdf/2013-23097.pdf	9/24/2013
Reasonable Charges for Inpatient MS-DRGs and SNF Medical Services; V3.13, Fiscal Year 2014 Update	Notice	Section 17.101 of Title 38 of the Code of Federal Regulations sets forth the Department of Veterans Affairs (VA) medical regulations concerning "Reasonable Charges" for medical care or services provided or furnished by VA to a Veteran.	2013-23508	https://www.federalregister.gov/documents/2013/09/26/2013-23508/reasonable-charges-for-inpatient-ms-drgs-and-snf-medical-services-v313-fiscal-year-2014-update	https://www.gpo.gov/fdsys/pkg/FR-2013-09-26/pdf/2013-23508.pdf	9/26/2013
VA Acquisition Regulation: Service-Disabled Veteran-Owned and Veteran-Owned Small Business Status Protests	Rule	The Department of Veterans Affairs (VA) is amending its adjudication procedures for Service-Disabled Veteran-Owned Small Businesses (SDVOSB) and Veteran-Owned Small Businesses (VOSB) status protests, to provide that VA's Director, Center for Veterans Enterprise (CVE), shall initially adjudicate SDVOSB and VOSB status protests, and to provide that protested businesses, if they are denied status, may appeal to VA's Executive Director, Office of Small and Disadvantaged Business Utilization (OSDBU). Additionally, VA amends the title of CVE from the Center for Veterans Enterprise to the Center for Verification and Evaluation, to more appropriately represent the function of this office.	2013-23759	https://www.federalregister.gov/documents/2013/09/30/2013-23759/va-acquisition-regulation-service-disabled-veteran-owned-and-veteran-owned-small-business-status	https://www.gpo.gov/fdsys/pkg/FR-2013-09-30/pdf/2013-23759.pdf	9/30/2013
Loan Guaranty: Assistance to Eligible Individuals in Acquiring Specially Adapted Housing; Cost-of-Construction Index	Notice	The Department of Veterans Affairs (VA) announces that the aggregate amounts of assistance available under the Specially Adapted Housing (SAH) grant program will increase by 3.995 percent for fiscal year (FY) 2014.	2013-24134	https://www.federalregister.gov/documents/2013/10/02/2013-24134/loan-guaranty-assistance-to-eligible-individuals-in-acquiring-specially-adapted-housing	https://www.gpo.gov/fdsys/pkg/FR-2013-10-02/pdf/2013-24134.pdf	10/2/2013
VA Dental Insurance Program-Federalism	Rule	The Department of Veterans Affairs (VA) is taking direct final action to amend its regulations related to the VA Dental Insurance Program (VADIP), a pilot program to offer premium-based dental insurance to enrolled veterans and certain survivors and dependents of veterans. Specifically, this rule will add language to clarify the limited preemptive effect of certain criteria in the VADIP regulations.	2013-24585	https://www.federalregister.gov/documents/2013/10/22/2013-24585/va-dental-insurance-program-federalism	https://www.gpo.gov/fdsys/pkg/FR-2013-10-22/pdf/2013-24585.pdf	10/22/2013
Discontinuance of Annual Financial Assessments	Notice	This Notice informs the public that the Department of Veterans Affairs (VA) will no longer request that certain veterans enrolled in the VA health care system annually submit income and asset information. VA uses such information to verify a veteran's continuing eligibility for certain health care benefits; however, VA is now able to get similar information through a means less burdensome on veterans. Moreover, annual, routine collection of this information has not significantly impacted veteran enrollment, and places an unwarranted burden on affected veterans. Therefore, VA will discontinue requesting that veterans submit an annual financial assessment following initial enrollment.	2013-25045	https://www.federalregister.gov/documents/2013/10/25/2013-25045/discontinuance-of-annual-financial-assessments	https://www.gpo.gov/fdsys/pkg/FR-2013-10-25/pdf/2013-25045.pdf	10/25/2013
Loan Guaranty: Mandatory Electronic Delivery of Loan Files for Review	Notice	The Department of Veterans Affairs (VA) Loan Guaranty Service (LGY) announces a new policy with regard to lender submission of VA- guaranteed closed loan files for review. Currently, lenders can submit loan files selected for review by LGY through either electronic upload or in hard copy form. Effective January 1, 2014, LGY will require the electronic uploading of all loan files, pursuant to 38 CFR 36.4333.	2013-25418	https://www.federalregister.gov/documents/2013/10/28/2013-25418/loan-guaranty-mandatory-electronic-delivery-of-loan-files-for-review	https://www.gpo.gov/fdsys/pkg/FR-2013-10-28/pdf/2013-25418.pdf	10/28/2013
Loan Guaranty: Maximum Allowable Attorney Fees	Notice	This notice provides information to participants in the Department of Veterans Affairs (VA) Home Loan Guaranty program concerning the maximum attorney fees allowable in calculating the indebtedness used to determine the guaranty claim payable upon loan termination. The table in this notice contains the amounts the Secretary has determined to be reasonable and customary for all States, following an annual review of amounts allowed by other government- related home loan programs.	2013-26985	https://www.federalregister.gov/documents/2013/11/12/2013-26985/loan-guaranty-maximum-allowable-attorney-fees	https://www.gpo.gov/fdsys/pkg/FR-2013-11-12/pdf/2013-26985.pdf	11/12/2013

Payment for Home Health Services and Hospice Care to Non-VA Providers; Delay of Effective Date	Rule	The Department of Veterans Affairs (VA) published in the Federal Register on May 6, 2013 (78 FR 26250) a final rule to change the billing methodology for non-VA providers of home health services and hospice care. The preamble of that final rule stated the effective date was November 15, 2013. This document delays that effective date to April 1, 2014.	2013-27218	https://www.federalregister.gov/documents/2013/11/14/2013-27218/payment-for-home-health-services-and-hospice-care-to-non-v-a-providers-delay-of-effective-date	https://www.gpo.gov/fdsys/pkg/FR-2013-11-14/pdf/2013-27218.pdf	11/14/2013
Copayment for Extended Care Services	Rule	This document promulgates Department of Veterans Affairs (VA) final regulations amending the definition of ``spousal resource protection amount" to reference the Maximum Community Spouse Resource Standard, which is adjusted and published each year by the Centers for Medicare and Medicaid Services (CMS). This change has the immediate effect of increasing the spousal resource protection amount from \$89,280 to \$115,920, and ensures that the spousal resource protection amount will stay consistent with the comparable protection for the spouses of Medicaid recipients.	2013-28436	https://www.federalregister.gov/documents/2013/11/27/2013-28436/copayment-for-extended-care-services	https://www.gpo.gov/fdsys/pkg/FR-2013-11-27/pdf/2013-28436.pdf	11/27/2013
Criteria for a Catastrophically Disabled Determination for Purposes of Enrollment	Rule	The Department of Veterans Affairs (VA) is amending its regulation concerning the manner in which VA determines that a veteran is catastrophically disabled for purposes of enrollment in priority group 4 for VA health care. As amended by this rulemaking, the regulation articulates the clinical criteria that identify an individual as catastrophically disabled, instead of using the corresponding International Classification of Diseases, Ninth Revision, Clinical Modification (ICD-9-CM) and Current Procedural Terminology (CPT[supreg]) codes. The revisions ensure that the regulation is not out of date when new versions of those codes are published. The revisions also broaden some of the descriptions for a finding of catastrophic disability. Additionally, the final rule does not rely on the Folstein Mini Mental State Examination (MMSE) as a criterion for determining whether a veteran meets the definition of catastrophically disabled, because we have determined that the MMSE is no longer a necessary clinical assessment tool.	2013-28858	https://www.federalregister.gov/documents/2013/12/03/2013-28858/criteria-for-a-catastrophically-disabled-determination-for-purposes-of-enrollment	https://www.gpo.gov/fdsys/pkg/FR-2013-12-03/pdf/2013-28858.pdf	12/3/2013
Notice of Funds Availability for Grants for Transportation of Veterans in Highly Rural Areas; Extension of Application Deadline	Notice	This notice extends the Department of Veterans Affairs (VA) application deadline for funds available under the Grants for Transportation of Veterans in Highly Rural Areas program. VA published a Notice of Funds Availability (NOFA) in the Federal Register on July 9, 2013 (78 FR 41195) to announce the availability of funds for applications beginning June 9, 2013 through September 9, 2013, 4 p.m. eastern standard time. The NOFA includes eligibility and scoring criteria for grants to assist veterans in highly rural areas through innovative transportation services to travel to VA and non-VA facilities and otherwise assist in providing transportation services in connection with the provision of VA medical care. To allow applicants more time to complete the application process, VA is extending the application deadline to midnight eastern standard time on February 3, 2014.	2013-28859	https://www.federalregister.gov/documents/2013/12/03/2013-28859/notice-of-funds-availability-for-grants-for-transportation-of-veterans-in-highly-rural-areas	https://www.gpo.gov/fdsys/pkg/FR-2013-12-03/pdf/2013-28859.pdf	12/3/2013

Specially Adapted Housing Eligibility for Amyotrophic Lateral Sclerosis Beneficiaries	Rule	The Department of Veterans Affairs (VA) is amending its adjudication regulation regarding specially adapted housing (SAH). The amendment authorizes automatic issuance of a certificate of eligibility for SAH to all veterans and active servicemembers with service- connected amyotrophic lateral sclerosis (ALS) rated totally disabling under the VA Schedule for Rating Disabilities. The intent and effect of this amendment are to establish eligibility for SAH for all persons who have service-connected ALS. VA previously amended its Schedule for Rating Disabilities to assign a 100 percent disability evaluation for any veteran who has service connected ALS based on the recognition that ALS is a rapidly progressive, totally debilitating, and irreversible motor neuron disease that results in muscle weakness leading to a wide range of serious disabilities, including problems with mobility. Because individuals with ALS quickly reach a level of total disability, the change was designed to eliminate the need to repeatedly reevaluate veterans suffering from ALS over a short period of time as symptoms worsen. Based on that same rationale, this amendment addresses the corresponding eligibility for SAH benefits for veterans and servicemembers with service-connected ALS. The overall SAH grant approval and oversight process is complex and lengthy, with many parts beyond VA's control. This rulemaking streamlines one aspect of the process within VA's control, by establishing SAH eligibility for all veterans or servicemembers with service-connected, totally disabling ALS. By shortening the first stage of the SAH process, this regulatory change will assist veterans and servicemembers suffering from ALS in adapting their homes before their condition becomes too	2013-28831	https://www.federalregister.gov/documents/2013/12/03/2013-28831/specially-adapted-housing-eligibility-for-amyotrophic-lateral-sclerosis-beneficiaries	https://www.gpo.gov/fdsys/pkg/FR-2013-12-03/pdf/2013-28831.pdf	12/3/2013
Grants to States for Construction or Acquisition of State Homes	Rule	This rule adopts as final, without change, an interim final rule amending the Department of Veterans Affairs (VA) regulations governing prioritization of State applications for VA grants for the construction or acquisition of State home facilities that furnish domiciliary, nursing home, or adult day health care to veterans. As amended, the regulation gives preference to State applications that would use grant funds solely or primarily (under certain circumstances) to remedy cited life or safety deficiencies. This rulemaking also makes certain necessary technical amendments to regulations governing State home grants.	2013-29105	https://www.federalregister.gov/documents/2013/12/06/2013-29105/grants-to-states-for-construction-or-acquisition-of-state-homes	https://www.gpo.gov/fdsys/pkg/FR-2013-12-06/pdf/2013-29105.pdf	12/6/2013
Authorization for Non-VA Medical Services	Rule	This Department of Veterans Affairs (VA) rulemaking amends VA's regulations regarding payment by VA for medical services under VA's statutory authority for non-VA medical care. In the Federal Register on November 28, 2012, VA proposed to remove an outdated regulatory limitation on veterans' eligibility to be referred for non- VA medical care. On the same date, VA also published a companion direct final rule that would have made the same amendments effective on January 28, 2013, if no significant adverse comments were received. Because VA received adverse comments on the direct final rule, VA is withdrawing it in a companion document in this issue of the Federal Register. This rulemaking includes VA's responses to comments on the proposed and direct final rules.	2013-29311	https://www.federalregister.gov/documents/2013/12/16/2013-29311/authorization-for-non-v-a-medical-services	https://www.gpo.gov/fdsys/pkg/FR-2013-12-16/pdf/2013-29311.pdf	12/16/2013
Authorization for Non-VA Medical Services; Withdrawal	Rule	The Department of Veterans Affairs (VA) published a direct final rule in the Federal Register on November 28, 2012, that would have amended its regulations regarding payment by VA for medical services under VA's statutory authority to provide non-VA medical care. VA sought to remove an outdated regulatory limitation on veterans' eligibility to be referred for non-VA medical care. On the same date, VA also published a companion proposed rule containing the same amendments as the direct final rule. Because VA received adverse comments on this action, we are withdrawing the direct final rule. In a companion document in the Federal Register, VA is publishing a final rule that addresses comments received on the proposed and direct final rules.	2013-29312	https://www.federalregister.gov/documents/2013/12/16/2013-29312/authorization-for-non-v-a-medical-services-withdrawal	https://www.gpo.gov/fdsys/pkg/FR-2013-12-16/pdf/2013-29312.pdf	12/16/2013

Reasonable Charges for Medical Care or Services; V3.14, 2014 Calendar Year Update and National Average Administrative Prescription Drug Charge Update	Notice	This Department of Veterans Affairs (VA) notice informs the public of the updated data for calculating the ``Reasonable Charges" collected or recovered by VA for medical care or services and the updated ``National Average Administrative Costs" for purposes of calculating VA's charges for prescription drugs that were not administered during treatment but provided or furnished by VA to a veteran for: (1) A nonservice-connected disability for which the veteran is entitled to care or the payment of expenses for care under a health plan contract; (2) a nonservice-connected disability incurred incident to the veteran's employment and covered under a worker's compensation law or plan that provides reimbursement or indemnification for such care and services; or (3) a nonservice-connected disability incurred as a result of a motor vehicle accident in a state that requires automobile accident reparations insurance. The charge tables and supplemental tables that are applicable to this notice can be viewed on the Veterans Health Administration Chief Business Office's Internet Web site http://www1.va.gov/CBO/apps/rates/index.asp . These changes are effective January 1, 2014.	2013-29997	https://www.federalregister.gov/documents/2013/12/17/2013-29997/reasonable-charges-for-medical-care-or-services-v314-2014-calendar-year-update-and-national-average	https://www.gpo.gov/fdsys/pkg/FR-2013-12-17/pdf/2013-29997.pdf	12/17/2013
Secondary Service Connection for Diagnosable Illnesses Associated With Traumatic Brain Injury	Rule	The Department of Veterans Affairs (VA) amends its adjudication regulations concerning service connection. This final rule acts upon a report of the National Academy of Sciences, Institute of Medicine (IOM), Gulf War and Health, Volume 7: Long-Term Consequences of Traumatic Brain Injury, regarding the association between traumatic brain injury (TBI) and five diagnosable illnesses. This amendment establishes that if a veteran who has a service-connected TBI also has one of these diagnosable illnesses, then that illness will be considered service connected as secondary to the TBI.	2013-29911	https://www.federalregister.gov/documents/2013/12/17/2013-29911/secondary-service-connection-for-diagnosable-illnesses-associated-with-traumatic-brain-injury	https://www.gpo.gov/fdsys/pkg/FR-2013-12-17/pdf/2013-29911.pdf	12/17/2013
Allowance for Private Purchase of an Outer Burial Receptacle in Lieu of a Government-Furnished Graveliner for a Grave in a VA National Cemetery	Notice	Public Law 104-275 was enacted on October 9, 1996. It allows the Department of Veterans Affairs (VA) to provide a monetary allowance towards the private purchase of an outer burial receptacle for use in a VA national cemetery. Under VA regulation (38 CFR 38.629), the allowance is equal to the average cost of Government-furnished graveliners less any administrative costs to VA. The law provides a veteran's survivors with the option of selecting a Government-furnished graveliner for use in a VA national cemetery where such use is authorized. The purpose of this Notice is to notify interested parties of the average cost of Government-furnished graveliners, administrative costs that relate to processing and paying the allowance and the amount of the allowance payable for qualifying interments that occur during calendar year 2014.	2013-29971	https://www.federalregister.gov/documents/2013/12/18/2013-29971/allowance-for-private-purchase-of-an-outer-burial-receptacle-in-lieu-of-a-government-furnished	https://www.gpo.gov/fdsys/pkg/FR-2013-12-18/pdf/2013-29971.pdf	12/18/2013
Duty Periods for Establishing Eligibility for Health Care	Rule	The Department of Veterans Affairs (VA) is amending its medical regulations concerning eligibility for health care to re- establish the definitions of ``active military, naval, or air service," ``active duty," and ``active duty for training." These definitions were deleted in 1996; however, we believe that all duty periods should be defined in part 17 of the Code of Federal Regulations (CFR) to ensure proper determination of eligibility for VA health care. We are also providing a more complete definition of ``inactive duty trainine ."	2013-30775	https://www.federalregister.gov/documents/2013/12/26/2013-30775/duty-periods-for-establishing-eligibility-for-health-care	https://www.gpo.gov/fdsys/pkg/FR-2013-12-26/pdf/2013-30775.pdf	12/26/2013
Copayments for Medications in 2014	Rule	The Department of Veterans Affairs (VA) amends its medical regulations concerning the copayment required for certain medications. But for this rulemaking, beginning on January 1, 2014, the copayment amount would increase based on a formula set forth in regulation. The maximum annual copayment amount payable by veterans would also increase. This rulemaking freezes copayments at the current rate for 2014 for veterans in priority categories 2 through 8, and thereafter resumes increasing copayments in accordance with the regulatory formula.	2013-31102	https://www.federalregister.gov/documents/2013/12/30/2013-31102/copayments-for-medications-in-2014	https://www.gpo.gov/fdsys/pkg/FR-2013-12-30/pdf/2013-31102.pdf	12/30/2013
Discontinuance of Annual Financial Assessments-Delay in Implementation	Notice	The Department of Veterans Affairs (VA) published a Notice in the Federal Register on October 25, 2013 (78 FR 64065) announcing that we intended to change financial reporting practices requiring annual financial assessments from veterans enrolled in the VA health care system. The purpose of this Notice is to notify interested parties that due to delays in modifying computer software, VA is postponing implementation of this change.	2013-31164	https://www.federalregister.gov/documents/2013/12/30/2013-31164/discontinuance-of-annual-financial-assessments-delay-in-implementation	https://www.gpo.gov/fdsys/pkg/FR-2013-12-30/pdf/2013-31164.pdf	12/30/2013

Community Residential Care	Rule	This rule adopts as final, without change, an interim final rule amending the Department of Veterans Affairs (VA) regulations concerning approval of non-VA community residential care (CRC) facilities to allow VA to waive such facilities' compliance with standards that do not jeopardize the health or safety of residents. As amended, the regulation allows VA to grant a waiver of a CRC standard in those limited circumstances where the deficiency cannot be corrected to meet a standard provided for in VA regulation. This rulemaking also makes a certain necessary technical amendment to correct a reference to the section addressing requests for a hearing.	2014-00099	https://www.federalregister.gov/documents/2014/01/08/2014-00099/community-residential-care	https://www.gpo.gov/fdsys/pkg/FR-2014-01-08/pdf/2014-00099.pdf	1/8/2014
Removal of Penalty for Breaking Appointments	Rule	The Department of Veterans Affairs (VA) amends its regulations to remove an outdated regulation that stated that a veteran who misses two medical appointments without providing 24 hours' notice and a reasonable excuse is deemed to have refused VA medical care. VA removes this penalty because we believe it is incompatible with regulatory changes implemented after the regulation was promulgated, is not in line with current practice, and is inconsistent with VA's patient- centered approach to <u>medical care</u> .	2014-00098	https://www.federalregister.gov/documents/2014/01/08/2014-00098/removal-of-penalty-for-breaking-appointments	https://www.gpo.gov/fdsys/pkg/FR-2014-01-08/pdf/2014-00098.pdf	1/8/2014
Ankle Conditions Disability Benefits; Correction	Notice	The Department of Veterans Affairs (VA) published an information collection notice in a Federal Register on November 15, 2013 (78 FR 68908), that omitted 60-day Federal Register notice information. This document corrects the error by adding the Federal Register notice information.	2014-00391	https://www.federalregister.gov/documents/2014/01/13/2014-00391/ankle-conditions-disability-benefits-correction	https://www.gpo.gov/fdsys/pkg/FR-2014-01-13/pdf/2014-00391.pdf	1/13/2014
Back (Thoracolumbar Spine) Conditions Disability Benefits; Correction	Notice	The Department of Veterans Affairs (VA) published an information collection notice in a Federal Register on November 15, 2013 (78 FR 68906), that omitted 60-day Federal Register notice information. This document corrects the error by adding the Federal Register notice information.	2014-00382	https://www.federalregister.gov/documents/2014/01/13/2014-00382/back-thoracolumbar-spine-conditions-disability-benefits-correction	https://www.gpo.gov/fdsys/pkg/FR-2014-01-13/pdf/2014-00382.pdf	1/13/2014
Elbow and Forearm Conditions Disability Benefits; Correction	Notice	The Department of Veterans Affairs (VA) published an information collection notice in a Federal Register on November 15, 2013 (78 FR 68907), that omitted 60-day Federal Register notice information. This document corrects the error by adding the Federal Register notice information.	2014-00384	https://www.federalregister.gov/documents/2014/01/13/2014-00384/elbow-and-forearm-conditions-disability-benefits-correction	https://www.gpo.gov/fdsys/pkg/FR-2014-01-13/pdf/2014-00384.pdf	1/13/2014
Foot (Including Flatfoot (pes planus) Conditions Disability Benefits; Correction	Notice	The Department of Veterans Affairs (VA) published an information collection notice in a Federal Register on November 15, 2013 (78 FR 68907), that omitted 60-day Federal Register notice information. This document corrects the error by adding the Federal Register notice information.	2014-00392	https://www.federalregister.gov/documents/2014/01/13/2014-00392/foot-including-flatfoot-pes-planus-conditions-disability-benefits-correction	https://www.gpo.gov/fdsys/pkg/FR-2014-01-13/pdf/2014-00392.pdf	1/13/2014
Hand and Finger Conditions Disability Benefits; Correction	Notice	The Department of Veterans Affairs (VA) published an information collection notice in a Federal Register on November 15, 2013 (78 FR 68907), that omitted 60-day Federal Register notice information. This document corrects the error by adding the Federal Register notice information.	2014-00385	https://www.federalregister.gov/documents/2014/01/13/2014-00385/hand-and-finger-conditions-disability-benefits-correction	https://www.gpo.gov/fdsys/pkg/FR-2014-01-13/pdf/2014-00385.pdf	1/13/2014
Hip and Thigh Conditions Disability Benefits; Correction	Notice	The Department of Veterans Affairs (VA) published an information collection notice in a Federal Register on November 15, 2013 (78 FR 68906), that omitted 60-day Federal Register notice information. This document corrects the error by adding the Federal Register notice information.	2014-00378	https://www.federalregister.gov/documents/2014/01/13/2014-00378/hip-and-thigh-conditions-disability-benefits-correction	https://www.gpo.gov/fdsys/pkg/FR-2014-01-13/pdf/2014-00378.pdf	1/13/2014
Knee and Lower Leg Conditions Disability Benefits; Correction	Notice	The Department of Veterans Affairs (VA) published an information collection notice in a Federal Register on November 15, 2013 (78 FR 68909), that omitted 60-day Federal Register notice information. This document corrects the error by adding the Federal Register notice information.	2014-00380	https://www.federalregister.gov/documents/2014/01/13/2014-00380/knee-and-lower-leg-conditions-disability-benefits-correction	https://www.gpo.gov/fdsys/pkg/FR-2014-01-13/pdf/2014-00380.pdf	1/13/2014
Loan Guaranty: Minimum Property and Construction Requirements	Rule	This final rule amends the Department of Veterans Affairs (VA) guaranteed loan regulations by clarifying VA's statutory authority to establish minimum property requirements for properties securing VA- guaranteed loans. It does not make any substantive policy change or affect any substantive rights; rather, it merely cites more complete authority for the existing rule.	2014-00386	https://www.federalregister.gov/documents/2014/01/13/2014-00386/loan-guaranty-minimum-property-and-construction-requirements	https://www.gpo.gov/fdsys/pkg/FR-2014-01-13/pdf/2014-00386.pdf	1/13/2014
VA Compensation Service and Pension and Fiduciary Service Nomenclature Changes	Rule	This document amends the Department of Veterans Affairs (VA) regulations by making nonsubstantive changes to reflect new titles of certain VA offices.	2014-00390	https://www.federalregister.gov/documents/2014/01/13/2014-00390/va-compensation-service-and-pension-and-fiduciary-service-nomenclature-changes	https://www.gpo.gov/fdsys/pkg/FR-2014-01-13/pdf/2014-00390.pdf	1/13/2014
Wrist Conditions Disability Benefits; Correction	Notice	The Department of Veterans Affairs (VA) published an information collection notice in a Federal Register on November 15, 2013 (78 FR 689), that omitted 60-day Federal Register notice information. This document corrects the error by adding the Federal Register notice information.	2014-00381	https://www.federalregister.gov/documents/2014/01/13/2014-00381/wrist-conditions-disability-benefits-correction	https://www.gpo.gov/fdsys/pkg/FR-2014-01-13/pdf/2014-00381.pdf	1/13/2014

Funding Availability Under Supportive Services for Veteran Families Program	Notice	Funding Opportunity Title: Supportive Services for Veteran Families (SSVF) Program. Announcement Type: Initial. Funding Opportunity Number: VA-SSVF-123013.	2014-00289	https://www.federalregister.gov/documents/2014/01/14/2014-00289/funding-availability-under-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2014-01-14/pdf/2014-00289.pdf	1/14/2014
Notice of Intent to Grant an Exclusive License	Notice	Notice is hereby given that the Department of Veterans Affairs (VA), Office of Research and Development (ORD), intends to grant to Xenex Healthcare Services, LLC, 121 Interpark Suite 104, San Antonio, TX 78216, USA, an exclusive license to practice the following: U.S. Provisional Patent Application Serial No. 61/678,558, ``Using Pulsed Xenon technology to clean reusable medical equipment and track cleaning using RFID technology," filed August 1, 2012, and any subsequent non- provisional patent application(s) that will claim the benefit of U.S. Provisional Patent Application Serial No. 61/678,558, ``Using Pulsed Xenon technology to clean reusable medical equipment and track cleaning using RFID technology." Copies of the published patent applications may be obtained from the U.S. Patent and Trademark Office at www.uspto.gov .	2014-02180	https://www.federalregister.gov/documents/2014/02/03/2014-02180/notice-of-intent-to-grant-an-exclusive-license	https://www.gpo.gov/fdsys/pkg/FR-2014-02-03/pdf/2014-02180.pdf	2/3/2014
Veterans Health Administration; Funding Availability Under Supportive Services for Veteran Families Program	Notice	The Department of Veterans Affairs (VA) published a Notice of Funding Availability in the Federal Register on January 14, 2014, that contained an error. Specifically, the table on page 2539 mistakenly listed one of the priority 1 Continuums of Care (CoCs) as ``GA-500 Atlanta/Roswell/DeKalb/Fulton." GA-500 has split into three CoCs: GA- 500--Atlanta, GA-502--Fulton County, and GA-508--DeKalb County. This document corrects the error by replacing, on line 12 of the table, ``GA-500" with ``GA-500", ``GA-502", and GA-508" in the first column; replacing ``Atlanta/Roswell/DeKalb, Fulton Counties CoC" with ``Atlanta CoC", ``FultonCounty/Roswell CoC", and ``DeKalb County CoC" in the second column; and replacing ``6,000,000" with ``3,000,000", ``1,500,000", and ``1,500,000".	2014-02147	https://www.federalregister.gov/documents/2014/02/03/2014-02147/veterans-health-administration-funding-availability-under-supportive-services-for-veteran-families	https://www.gpo.gov/fdsys/pkg/FR-2014-02-03/pdf/2014-02147.pdf	2/3/2014
Funding Availability Under Supportive Services for Veteran Families Program	Notice	The Department of Veterans Affairs (VA) published a Notice of Funding Availability in the Federal Register on January 14, 2014, that contained an error. Specifically, the table on page 2539 mistakenly listed one of the priority 1 Continuums of Care (CoCs) as list ``KS-501 as Kansas City/Independence/Lee's Summit/Jackson County CoC." This document corrects the error by replacing, on line 42 of the table, ``Kansas City/Independence/Lee's Summit/Jackson County CoC" with ``Kansas City/Wyandotte CoC" in the second column.	2014-03953	https://www.federalregister.gov/documents/2014/02/25/2014-03953/funding-availability-under-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2014-02-25/pdf/2014-03953.pdf	2/25/2014
Gulf War Veterans' Illnesses Task Force Report	Notice	The Secretary of Veterans Affairs (VA) established the Gulf War Veterans' Illnesses Task Force (GWVI-TF) in August 2009 to focus on full spectrum health care and benefits issues faced by Veterans of the 1990-1991 Gulf War (Operations Desert Shield and Desert Storm). The GWVI-TF published its first annual report in September 2010. The GWVI-TF posted a draft of its 2012-13 report for public comment on May 14, 2013. VA published the report in the Federal Register (78 FR 28292) and posted it on a social media Web site created specifically to elicit responses on the report. VA collected comments through both venues. During the thirty day comment period, VA received 41 comments submitted through the Federal Register venue and over 180 comments through the social media Web site. VA sincerely thanks all those who took the time to submit comments. VA has completed its 2012-13 Gulf War Veterans' Illnesses Task Force Report. The GWVI-TF reviewed all the comments submitted, and addressed in this report those comments that were directly responsive to the draft report. Comments specifically addressed in this report are annotated accordingly. The comments that were not directly responsive to the draft report will serve as guidance for the VA to consider as it moves forward. Finally, there were a number of individual requests for assistance. Those that contained sufficient specific information were referred to appropriate VA offices for action. Those that were not specific enough or were anonymously submitted will serve as background for consideration on areas for the VA to study in the future.	2014-04476	https://www.federalregister.gov/documents/2014/02/28/2014-04476/gulf-war-veterans-illnesses-task-force-report	https://www.gpo.gov/fdsys/pkg/FR-2014-02-28/pdf/2014-04476.pdf	2/28/2014

Discontinuance of Annual Financial Assessments-Implementation	Notice	The Department of Veterans Affairs (VA) published a Notice in the Federal Register on October 25, 2013 (78 FR 64065), announcing that we intended to change financial reporting practices requiring annual financial assessments from certain veterans enrolled in the VA health care system. On December 30, 2013 (78 FR 79564), VA announced that it was postponing implementation of this change until a date to be determined, due to delays in modifying computer software. The purpose of this Notice is to notify interested parties that the first phase of this change will be implemented no later than March 31, 2014.	2014-04686	https://www.federalregister.gov/documents/2014/03/04/2014-04686/discontinuance-of-annual-financial-assessments-implementation	https://www.gpo.gov/fdsys/pkg/FR-2014-03-04/pdf/2014-04686.pdf	3/4/2014
GI Bill Trademark Terms of Use	Notice	The purpose of this notice is to advise the public of the terms of use for the GI Bill Trademark. The trademark is to protect Servicemembers, Veterans, and eligible family members and survivors eligible for GI Bill educational benefits from schools that mislead with deceptive promotional efforts, targeting those benefits for monetary gain.	2014-05110	https://www.federalregister.gov/documents/2014/03/10/2014-05110/gi-bill-trademark-terms-of-use	https://www.gpo.gov/fdsys/pkg/FR-2014-03-10/pdf/2014-05110.pdf	3/10/2014
Disclosures to Participate in State Prescription Drug Monitoring Programs	Rule	This document adopts as final, without change, an interim final rule published in the Federal Register that amended the Department of Veterans Affairs' (VA) regulations concerning the sharing of certain patient information in order to implement VA's authority to participate in State Prescription Drug Monitoring Programs (PDMP).	2014-05691	https://www.federalregister.gov/documents/2014/03/14/2014-05691/disclosures-to-participate-in-state-prescription-drug-monitoring-programs	https://www.gpo.gov/fdsys/pkg/FR-2014-03-14/pdf/2014-05691.pdf	3/14/2014
VA Dental Insurance Program-Federalism	Rule	The Department of Veterans Affairs (VA) published a direct final rule in the Federal Register on October 22, 2013, amending its regulations related to the VA Dental Insurance Program (VADIP), a pilot program to offer premium-based dental insurance to enrolled veterans and certain survivors and dependents of veterans. Specifically, this rule adds language to clarify the limited preemptive effect of certain criteria in the VADIP regulations. VA received no comments concerning this rule or its companion substantially identical proposed rule published in the Federal Register on October 23, 2013. This document confirms that the direct final rule became effective on December 23, 2013. In a companion document in this issue of the Federal Register, we are withdrawing as unnecessary the proposed rule.	2014-05911	https://www.federalregister.gov/documents/2014/03/20/2014-05911/va-dental-insurance-program-federalism	https://www.gpo.gov/fdsys/pkg/FR-2014-03-20/pdf/2014-05911.pdf	3/20/2014
Criteria for a Catastrophically Disabled Determination for Purposes of Enrollment; Correction	Rule	The Department of Veterans Affairs published in the Federal Register on December 3, 2013, a document amending its regulation concerning the manner in which VA determines that a veteran is catastrophically disabled for purposes of enrollment in priority group 4 for VA health care. The Regulation Identifier Number, 2900-AO21, in the heading was typed incorrectly. This document corrects the Regulation Identifier Number.	2014-06222	https://www.federalregister.gov/documents/2014/03/21/2014-06222/criteria-for-a-catastrophically-disabled-determination-for-purposes-of-enrollment-correction	https://www.gpo.gov/fdsys/pkg/FR-2014-03-21/pdf/2014-06222.pdf	3/21/2014
Vocational Rehabilitation and Employment Program: Changes Related to the Honoring America's Veterans and Caring for Camp Lejeune Families Act of 2012	Rule	The Department of Veterans Affairs (VA) is amending its regulation to reflect a change made by the Honoring America's Veterans and Caring for Camp Lejeune Families Act of 2012. If a veteran has been displaced as the result of a natural or other disaster while being paid an allowance, referred to as an employment adjustment allowance, this Act allows the extension of the allowance. This amendment is necessary to conform the regulation to the statutory provision.	2014-06378	https://www.federalregister.gov/documents/2014/03/24/2014-06378/vocational-rehabilitation-and-employment-program-changes-related-to-the-honoring-americas-veterans	https://www.gpo.gov/fdsys/pkg/FR-2014-03-24/pdf/2014-06378.pdf	3/24/2014
Payment for Home Health Services and Hospice Care to Non-VA Providers; Delay of Effective Date	Rule	The Department of Veterans Affairs (VA) published in the Federal Register on November 14, 2013 (78 FR 68364), a notification delaying the effective date of a final rule that amends the payment methodology for providers of home health services and hospice care. That notification changed the effective date from November 15, 2013, to April 1, 2014. We are now delaying until June 1, 2014, the effective date of the final rule at 78 FR 26250.	2014-06470	https://www.federalregister.gov/documents/2014/03/25/2014-06470/payment-for-home-health-services-and-hospice-care-to-non-vaproviders-delay-of-effective-date	https://www.gpo.gov/fdsys/pkg/FR-2014-03-25/pdf/2014-06470.pdf	3/25/2014

Public Availability of the Department of Veterans Affairs Fiscal Year (FY) 2013 Service Contract Inventory	Notice	In accordance with section 743 of Division C of the Consolidated Appropriations Act of 2010 (Pub. L. 111-117), the Department of Veterans Affairs (VA) is publishing this notice to advise the public of the availability of the FY 2013 Service Contract Inventory. This inventory provides information on VA service contract actions over \$25,000 made in FY 2013. The information is organized by function to show how contracted resources are distributed throughout the agency. The inventory has been developed in accordance with guidance issued on November 5, 2010, and updated on December 19, 2011, by the Office of Management and Budget's Office of Federal Procurement Policy (OFPP). OFPP's guidance is available at http://www.whitehouse.gov/sites/default/files/omb/procurement/memo/service-contract-inventory-guidance.pdf . VA has posted its inventory and a summary of the inventory on the VA homepage at the following link: http://www.va.gov/oal/business/pps/scaInventory.asp .	2014-06440	https://www.federalregister.gov/documents/2014/03/25/2014-06440/public-availability-of-the-department-of-veterans-affairs-fiscal-year-fy-2013-service-contract	https://www.gpo.gov/fdsys/pkg/FR-2014-03-25/pdf/2014-06440.pdf	3/25/2014
Notice of Funds Availability for Grants for Transportation of Veterans in Highly Rural Areas; Extension of Application Deadline	Notice	This notice extends the Department of Veterans Affairs (VA) application deadline for funds available under the Grants for Transportation of Veterans in Highly Rural Areas program. VA published a Notice of Funds Availability (NOFA) in the Federal Register on July 9, 2013 (78 FR 41195) to announce the availability of funds for applications beginning July 9, 2013 through September 9, 2013, 4 p.m. eastern standard time. A subsequent notice was published in the Federal Register (78 FR 72753) on December 3, 2013 announcing a NOFA extension until February 3, 2014. The NOFA includes eligibility and scoring criteria for grants to assist veterans in highly rural areas through innovative transportation services to travel to VA and non-VA facilities and otherwise assist in providing transportation services in connection with the provision of VA medical care. To allow applicants more time to complete the application process, VA is again extending the application deadline to midnight eastern standard time on May 27, 2014.	2014-06630	https://www.federalregister.gov/documents/2014/03/26/2014-06630/notice-of-funds-availability-for-grants-for-transportation-of-veterans-in-highly-rural-areas	https://www.gpo.gov/fdsys/pkg/FR-2014-03-26/pdf/2014-06630.pdf	3/26/2014
Determinations Concerning Illnesses Discussed in National Academy of Sciences Report: Veterans and Agent Orange: Update 2012	Notice	As required by law, the Department of Veterans Affairs (VA) hereby gives notice that the Secretary of Veterans Affairs, under the authority granted by the Agent Orange Act of 1991, codified at 38 U.S.C. 1116, has determined that there is no basis to establish a presumption of service connection at this time, based on exposure to herbicide agents, including the substance commonly known as Agent Orange, for several health effects discussed in the December 4, 2013, National Academy of Sciences (NAS) report titled: Veterans and Agent Orange: Update 2012 (hereinafter, "Update 2012"). This determination does not in any way preclude VA from granting service connection for any disease, including those specifically discussed in this notice, nor does it change any existing rights or procedures.	2014-07950	https://www.federalregister.gov/documents/2014/04/11/2014-07950/determinations-concerning-illnesses-discussed-in-national-academy-of-sciences-report-veterans-and	https://www.gpo.gov/fdsys/pkg/FR-2014-04-11/pdf/2014-07950.pdf	4/11/2014
Loan Guaranty: Ability-To-Repay Standards and Qualified Mortgage Definition Under the Truth in Lending Act	Rule	This document amends the Department of Veterans Affairs (VA) Loan Guaranty regulations to implement provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act, requiring that VA define the types of VA loans that are "qualified mortgages" for the purposes of the new Ability to Repay provisions of the Truth in Lending Act. This rule establishes which VA-guaranteed loans are to be considered "qualified mortgages" and have either safe harbor protection or the presumption that the borrower is able to repay a loan, in accordance with the new Ability to Repay provisions. The rule does not change VA's regulations or policies with respect to how lenders are to originate mortgages, except to the extent lenders want to make qualified mortgages.	2014-10600	https://www.federalregister.gov/documents/2014/05/09/2014-10600/loan-guaranty-ability-to-repay-standards-and-qualified-mortgage-definition-under-the-truth-in	https://www.gpo.gov/fdsys/pkg/FR-2014-05-09/pdf/2014-10600.pdf	5/9/2014

Notice of Intent To Prepare an Integrated Environmental Impact Statement for the Department of Veterans Affairs, Black Hills Health Care System Proposed Improvements and Reconfiguration, Hot Springs and Rapid City, South Dakota	Notice	Pursuant to the National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4331 et seq.); the Council on Environmental Quality Regulations for Implementing the Procedural Provisions of NEPA (40 CFR Parts 1500-1508); VA's NEPA Implementing Guidance (38 CFR Part 26); Section 106 of the National Historic Preservation Act (NHPA) of 1966 (16 U.S.C. Part 470F); and the Advisory Council on Historic Preservation Procedures for the Protection of Historic Properties (36 CFR Part 800 et seq.), VA intends to prepare an integrated environmental impact statement (EIS) for the proposed improvements to and reconfiguration of the VA Black Hills Health Care System (VA BHHCS) services in the Hot Springs and Rapid City, South Dakota, vicinities. The proposed action would involve reconfiguring existing services and expanding points of access to health care within the VA BHHCS service area to better serve the health care needs and distribution of Veterans in the VA BHHCS service area over the next 20 to 30 years. That area includes parts of South Dakota, northwestern Nebraska, and eastern Wyoming. The effects and impacts to be addressed will include those identified in 40 CFR 1508.8; i.e., ecological, aesthetic, historic, cultural, economic, social, and health, whether direct, indirect, or cumulative. Both beneficial and detrimental effects of the proposed action will be identified as well. As part of the scoping process, VA seeks public input on the relative importance of these and other areas of environmental concern, and suggestions regarding additional environmental impacts that should be evaluated.	2014-11316	https://www.federalregister.gov/documents/2014/05/16/2014-11316/notice-of-intent-to-prepare-an-integrated-environmental-impact-statement-for-the-department-of	https://www.gpo.gov/fdsys/pkg/FR-2014-05-16/pdf/2014-11316.pdf	5/16/2014
Copayments for Medications in 2014	Rule	This document adopts as a final rule, without change, an interim final rule amending the Department of Veterans Affairs (VA) medical regulations to freeze the copayments required for certain medications provided by VA until December 31, 2014. Under that rule, the copayment amounts for all veterans were maintained at the same rates as they were in 2013, which were \$8 for veterans in priority groups 2-6 and \$9 for veterans in priority groups 7 and 8. On January 1, 2015, the copayment amounts may increase based on the prescription drug component of the Medical Consumer Price Index (CPI-P).	2014-12092	https://www.federalregister.gov/documents/2014/05/27/2014-12092/copayments-for-medications-in-2014	https://www.gpo.gov/fdsys/pkg/FR-2014-05-27/pdf/2014-12092.pdf	5/27/2014
Burial Benefits	Rule	The Department of Veterans Affairs (VA) is amending its regulations governing entitlement to monetary burial benefits, which include burial allowances for service-connected and non-service-connected deaths, a plot or interment allowance, and reimbursement of transportation expenses. As amended, the regulations establish rules to support VA's automated payment of burial allowances to surviving spouses, conversion to flat-rate burial and plot or interment allowances that are equal to the maximum benefit authorized by law, and priority of payment to non-spouse survivors. The purpose of these regulations is to streamline the program and make it easier for veterans and their families to receive the right benefits and meet their expectations for quality, timeliness, and responsiveness.	2014-13230	https://www.federalregister.gov/documents/2014/06/06/2014-13230/burial-benefits	https://www.gpo.gov/fdsys/pkg/FR-2014-06-06/pdf/2014-13230.pdf	6/6/2014
Notice of Intent To Prepare an Integrated Environmental Impact Statement for the Department of Veterans Affairs, Black Hills Health Care System Proposed Improvements and Reconfiguration, Hot Springs and Rapid City, South Dakota; Comment Period Extension	Notice	The Department of Veterans Affairs (VA) published, in the Federal Register on May 16, 2014, the Notice of Intent to prepare an integrated environmental impact statement (EIS) for the proposed improvements to and reconfiguration of the VA Black Hills Health Care System (VA BHHCS) services in the Hot Springs and Rapid City, South Dakota vicinities. Due to public request and the unavailability of the regulations.gov public comment Web site, the comment period for the scoping process has been extended from June 16, 2014 to August 16, 2014.	2014-13840	https://www.federalregister.gov/documents/2014/06/13/2014-13840/notice-of-intent-to-prepare-an-integrated-environmental-impact-statement-for-the-department-of	https://www.gpo.gov/fdsys/pkg/FR-2014-06-13/pdf/2014-13840.pdf	6/13/2014

Summary of Precedent Opinions of the General Counsel	Notice	The Department of Veterans Affairs (VA) is publishing a summary of legal interpretations issued by the Office of the General Counsel involving Veterans' benefits under laws administered by VA. These interpretations are considered precedential by VA and will be followed by VA officials and employees in future claim matters involving the same legal issues. The summary is published to provide the public, and, in particular, Veterans' benefits claimants and their representatives, with notice of VA's interpretations regarding the legal matters at issue.	2014-14476	https://www.federalregister.gov/documents/2014/06/20/2014-14476/summary-of-precedent-opinions-of-the-general-counsel	https://www.gpo.gov/fdsys/pkg/FR-2014-06-20/pdf/2014-14476.pdf	6/20/2014
Establishment of the Airborne Hazards and Open Burn Pit Registry	Notice	The Department of Veterans Affairs (VA) announces the establishment of the Airborne Hazards and Open Burn Pit Registry. The registry is voluntary and open to eligible Veterans and Servicemembers who may have been exposed to airborne hazards by serving as members of the Armed Forces in one or more of the locations in the Southwest Asia theater of operations [as defined in 38 CFR 3.317(e)(2)], on or after August 2, 1990, or on or after September 11, 2001, to include Afghanistan or Djibouti. The registry will support efforts to ascertain and monitor the health effects in eligible Veterans and Servicemembers who were possibly exposed to open burn pits, toxic airborne chemicals and fumes, and other airborne hazards such as particulate matter (PM). Eligible Veterans and Servicemembers do not have to be enrolled for VA health care in order to participate in this registry.	2014-14881	https://www.federalregister.gov/documents/2014/06/25/2014-14881/establishment-of-the-airborne-hazards-and-open-burn-pit-registry	https://www.gpo.gov/fdsys/pkg/FR-2014-06-25/pdf/2014-14881.pdf	6/25/2014
FY 2013 VA Grant and Per Diem Special Need Grant Recipients	Notice	The Department of Veterans Affairs (VA) is announcing the availability of one-year renewal funding in fiscal year (FY) 2014 for the 25 currently operational FY 2013 VA Grant and Per Diem (GPD) Special Need Grant Recipients and their collaborative VA Special Need partners (as applicable) to make re-applications for assistance under the Special Need Grant Component of VA's Homeless Providers GPD Program. The focus of this Notice of Funding Availability (NOFA) is to encourage applicants to continue to deliver services to the homeless Special Need Veteran population as outlined in their FY 2009 Special Need application. This NOFA contains information concerning the program, application process, and amount of funding available.	2014-14970	https://www.federalregister.gov/documents/2014/06/26/2014-14970/fy-2013-va-grant-and-per-diem-special-need-grant-recipients	https://www.gpo.gov/fdsys/pkg/FR-2014-06-26/pdf/2014-14970.pdf	6/26/2014
Grants for Adaptive Sports Programs for Disabled Veterans and Disabled Members of the Armed Forces	Rule	This interim final rule amends Department of Veterans Affairs (VA) regulations to establish a new program to provide grants to eligible entities to provide adaptive sports activities to disabled veterans and disabled members of the Armed Forces. This rulemaking is necessary to implement a change in the law that authorizes VA to make grants to entities other than the United States Olympic Committee for adaptive sports programs. It establishes procedures for evaluating grant applications under this grant program, and otherwise administering the grant program. This rule implements section 5 of the VA Expiring Authorities Extension Act of 2013.	2014-15191	https://www.federalregister.gov/documents/2014/07/01/2014-15191/grants-for-adaptive-sports-programs-for-disabled-veterans-and-disabled-members-of-the-armed-forces	https://www.gpo.gov/fdsys/pkg/FR-2014-07-01/pdf/2014-15191.pdf	7/1/2014
Servicemembers' Group Life Insurance-Veterans' Group Life Insurance Regulation Update-ABO, VGLI Application, SGLI 2 Year Disability Extension	Rule	This document amends the Department of Veterans Affairs (VA) insurance regulations concerning Servicemembers' Group Life Insurance (SGLI) to reflect the statutory provisions of the Veterans' Benefits Act of 2010, which became law on October 13, 2010, and resulted in the need for amendments to change the SGLI Disability Extension period from 1 year to 2 years in duration; provide SGLI Traumatic Injury Protection (TSGLI) retroactive coverage effective from October 7, 2001, for all qualifying injuries regardless of the geographic location and military operation in which the injuries were incurred; and remove the SGLI and Veterans' Group Life Insurance (VGLI) Accelerated Benefits Option (ABO) discount rate. This rule also clarifies that "initial premium" refers to "initial Veterans' Group Life Insurance premium," updates the current address of the Office of Servicemembers' Group Life Insurance (OSGLI), managed by Prudential Insurance Company of America, to reflect where the ABO application is mailed for processing, and corrects the OSGLI phone number. Finally, this rule removes the ABO application form from the regulation, and it corrects and clarifies language concerning the VGLI application period that was inadvertently incorrectly modified in a prior amendment of the regulations.	2014-17900	https://www.federalregister.gov/documents/2014/07/31/2014-17900/servicemembers-group-life-insurance-veterans-group-life-insurance-regulation-update-abo-vgli	https://www.gpo.gov/fdsys/pkg/FR-2014-07-31/pdf/2014-17900.pdf	7/31/2014

Schedule for Rating Disabilities-Mental Disorders and Definition of Psychosis for Certain VA Purposes	Rule	The Department of Veterans Affairs (VA) is amending the portion of its Schedule for Rating Disabilities (VASRD) dealing with mental disorders and its adjudication regulations that define the term "psychosis." The VASRD refers to the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition (DSM-IV), and VA's adjudication regulations refer to the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition Text Revision (DSM-IV-TR). DSM-IV and DSM-IV-TR were recently updated by issuance of the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5). This rulemaking will remove outdated DSM references by deleting references to DSM-IV and DSM-IV-TR and replacing them with references to DSM-5. Additionally, this rulemaking will update the nomenclature used to refer to certain mental disorders to conform to DSM-5.	2014-18150	https://www.federalregister.gov/documents/2014/08/04/2014-18150/schedule-for-rating-disabilities-mental-disorders-and-definition-of-psychosis-for-certain-va	https://www.gpo.gov/fdsys/pkg/FR-2014-08-04/pdf/2014-18150.pdf	8/4/2014
Draft Policy and Implementation Plan for Public Access to Scientific Publications and Digital Data From Research Funded by the Department of Veterans Affairs (VA)	Notice	This Federal Register Notice announces an opportunity for public review and comment on the draft Policy and Implementation Plan for Public Access to Scientific Publications and Digital Data from Research Funded by the Department of Veterans Affairs.	2014-18975	https://www.federalregister.gov/documents/2014/08/12/2014-18975/draft-policy-and-implementation-plan-for-public-access-to-scientific-publications-and-digital-data	https://www.gpo.gov/fdsys/pkg/FR-2014-08-12/pdf/2014-18975.pdf	8/12/2014
Specially Adapted Housing Eligibility for Amyotrophic Lateral Sclerosis Beneficiaries	Rule	The Department of Veterans Affairs (VA) amended by interim final rule its adjudication regulation regarding specially adapted housing (SAH) to authorize automatic issuance of a certificate of eligibility for SAH to all veterans and active-duty servicemembers with service-connected amyotrophic lateral sclerosis (ALS) rated totally disabling under the VA Schedule for Rating Disabilities. This document adopts as a final rule, without change, the interim final rule published in the Federal Register on December 3, 2013.	2014-19240	https://www.federalregister.gov/documents/2014/08/14/2014-19240/specially-adapted-housing-eligibility-for-amyotrophic-lateral-sclerosis-beneficiaries	https://www.gpo.gov/fdsys/pkg/FR-2014-08-14/pdf/2014-19240.pdf	8/14/2014
Servicemembers' Group Life Insurance and Veterans' Group Life Insurance Information Access	Rule	The Department of Veterans Affairs (VA) is amending its regulations governing Servicemembers' Group Life Insurance (SGLI), Family SGLI, SGLI Traumatic Injury Protection, and Veterans' Group Life Insurance (all hereafter referred to as SGLI) to clarify and acknowledge what is implicit in the law: that VA, which has the responsibility under the law to administer the SGLI programs, also has the right to full access to records held by the insurer or on behalf of the insurer from whom VA has purchased a policy. These records include all of the insurer's records related to the operation and administration of the SGLI programs necessary to protect the legal and financial rights of the Government and of the persons affected by the activities of the agency and its agents. This document adopts as a final rule, without change, the proposed rule published in the Federal Register on September 23, 2013.	2014-19491	https://www.federalregister.gov/documents/2014/08/15/2014-19491/servicemembers-group-life-insurance-and-veterans-group-life-insurance-information-access	https://www.gpo.gov/fdsys/pkg/FR-2014-08-15/pdf/2014-19491.pdf	8/15/2014
Substitution in Case of Death of Claimant	Rule	This document adopts as a final rule the Department of Veterans Affairs' (VA) proposal to amend its regulations on adjudication of VA benefit claims, representation of claimants, and the Board of Veterans' Appeals rules of practice. Specifically, these amendments implement section 212 of the Veterans' Benefits Improvement Act of 2008, which allows an eligible survivor to substitute for a deceased claimant in the decedent's pending claim or appeal of a decision on a claim. This final rule addresses eligibility for substitution and the procedures applicable to requests to substitute in a claim that is pending before a VA agency of original jurisdiction or an appeal that is pending before the Board of Veterans' Appeals.	2014-21139	https://www.federalregister.gov/documents/2014/09/05/2014-21139/substitution-in-case-of-death-of-claimant	https://www.gpo.gov/fdsys/pkg/FR-2014-09-05/pdf/2014-21139.pdf	9/5/2014
Special Home Adaptation Grants for Members of the Armed Forces and Veterans With Certain Vision Impairment	Rule	The Department of Veterans Affairs (VA) is issuing a final rule to amend its adjudication regulations regarding special home adaptation grants for members of the Armed Forces and veterans with certain vision impairment. This regulatory amendment is necessary to conform the regulations to changes mandated in the Honoring America's Veterans and Caring for Camp Lejeune Families Act of 2012.	2014-21791	https://www.federalregister.gov/documents/2014/09/12/2014-21791/special-home-adaptation-grants-for-members-of-the-armed-forces-and-veterans-with-certain-vision	https://www.gpo.gov/fdsys/pkg/FR-2014-09-12/pdf/2014-21791.pdf	9/12/2014

Updating Certain Citations in VA Medical Regulations	Rule	The Department of Veterans Affairs (VA) is making technical amendments to its medical regulations by updating the statutory authorities identified in certain sections where those statutes have been renumbered or where the authority citation is inaccurate for other technical, nonsubstantive reasons. VA is also amending outdated or incorrect cross-references to other Code of Federal Regulation sections.	2014-21790	https://www.federalregister.gov/documents/2014/09/12/2014-21790/updating-certain-citations-in-va-medical-regulations	https://www.gpo.gov/fdsys/pkg/FR-2014-09-12/pdf/2014-21790.pdf	9/12/2014
Annual Pay Ranges for Physicians and Dentists of the Veterans Health Administration	Notice	As required by the ``Department of Veterans Affairs Health Care Personnel Enhancement Act of 2004" (Pub. L. 108-445, dated December 3, 2004) the Department of Veterans Affairs (VA) is hereby giving notice of annual pay ranges for Veterans Health Administration (VHA) physicians and dentists as prescribed by the Secretary for VA- wide applicability. These annual pay ranges are intended to enhance VA flexibility to recruit, develop, and retain the most highly qualified providers to serve our Nation's veterans and maintain a standard of excellence in the VA healthcare system.	2014-22187	https://www.federalregister.gov/documents/2014/09/18/2014-22187/annual-pay-ranges-for-physicians-and-dentists-of-the-veterans-health-administration	https://www.gpo.gov/fdsys/pkg/FR-2014-09-18/pdf/2014-22187.pdf	9/18/2014
Hospital Care and Medical Services for Camp Lejeune Veterans	Rule	This document amends Department of Veterans Affairs (VA) regulations in order to implement a statutory mandate that VA provide health care to certain veterans who served at Camp Lejeune, North Carolina, for at least 30 days during the period beginning on January 1, 1957, and ending on December 31, 1987. The law requires VA to furnish hospital care and medical services for these veterans for certain illnesses and conditions that may be attributed to exposure to toxins in the water system at Camp Lejeune. This rule does not implement the statutory provision requiring VA to provide health care to these veterans' family members; regulations applicable to such family members will be promulgated through a separate notice.	2014-22637	https://www.federalregister.gov/documents/2014/09/24/2014-22637/hospital-care-and-medical-services-for-camp-lejeune-veterans	https://www.gpo.gov/fdsys/pkg/FR-2014-09-24/pdf/2014-22637.pdf	9/24/2014
Payment or Reimbursement for Certain Medical Expenses for Camp Lejeune Family Members	Rule	The Department of Veterans Affairs (VA) is promulgating regulations to implement statutory authority to provide payment or reimbursement for hospital care and medical services provided to certain veterans' family members who resided at Camp Lejeune, North Carolina, for at least 30 days during the period beginning on January 1, 1957, and ending on December 31, 1987. Under this rule, VA will reimburse family members, or pay providers, for medical expenses incurred as a result of certain illnesses and conditions that may be attributed to exposure to contaminated drinking water at Camp Lejeune during this time period. Payment or reimbursement will be made within the limitations set forth in statute and Camp Lejeune family members will receive hospital care and medical services that are consistent with the manner in which we provide hospital care and medical services to Camp Lejeune veterans.	2014-22635	https://www.federalregister.gov/documents/2014/09/24/2014-22635/payment-or-reimbursement-for-certain-medical-expenses-for-camp-lejeune-family-members	https://www.gpo.gov/fdsys/pkg/FR-2014-09-24/pdf/2014-22635.pdf	9/24/2014

Standard Claims and Appeals Forms	Rule	The Department of Veterans Affairs (VA) amends its adjudication regulations and the appeals regulations and rules of practice of the Board of Veterans' Appeals (Board) to require that all claims governed by VA's adjudication regulations be filed on standard forms prescribed by the Secretary, regardless of the type of claim or posture in which the claim arises. This rulemaking also eliminates the constructive receipt of VA reports of hospitalization or examination and other medical records as informal claims for increase or to reopen while retaining the retroactive effective date assignment for awards for claims for increase which are filed on a standard form within 1 year of such hospitalization, examination, or treatment. This final rule also implements the concept of an intent to file a claim for benefits, which operates similarly to the current informal claim process, but requires that the submission establishing a claimant's effective date of benefits must be received in one of three specified formats. Finally, these amendments will provide that VA will accept an expression of dissatisfaction or disagreement with an adjudicative determination by the agency of original jurisdiction(AOJ) as a Notice of Disagreement (NOD) only if it is submitted on a standardized form provided by VA for the purpose of appealing the decision, in cases where such a form is provided. Although a standardized NOD form will only initially be provided in connection with decisions on compensation claims, VA may require a standard NOD form for any type of claim for VA benefits if, in the future, it develops and provides a standardized NOD form for a particular benefit. The purpose of these amendments is to improve the quality and timeliness of the processing of	2014-22633	https://www.federalregister.gov/documents/2014/09/25/2014-22633/standard-claims-and-appeals-forms	https://www.gpo.gov/fdsys/pkg/FR-2014-09-25/pdf/2014-22633.pdf	9/25/2014
Reasonable Charges for Inpatient MS-DRGs and SNF Medical Services; V3.15, Fiscal Year 2015 Update	Notice	This document updates the acute inpatient and the skilled nursing facility/sub-acute inpatient facility charges. The updated charges are based on the 2015 Medicare severity diagnosis related groups (MS-DRGs).	2014-22906	https://www.federalregister.gov/documents/2014/09/26/2014-22906/reasonable-charges-for-inpatient-ms-drgs-and-snf-medical-services-v315-fiscal-year-2015-update	https://www.gpo.gov/fdsys/pkg/FR-2014-09-26/pdf/2014-22906.pdf	9/26/2014

VA Meds by Mail Order Form, VA Form 10-0426	Notice	The Veterans Health Administration (VHA) is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act (PRA) of 1995, Federal agencies are required to publish notice in the Federal Register concerning each proposed collection of information, including each proposed revised collection, and allow 60 days for public comment in response to the notice. This notice solicits comments on information needed to obtain an accurate and comprehensive assessment of satisfaction of patients who receive mental health care services and on outcomes for Veterans who seek mental health treatment from VHA. Data will allow the program office to ensure that the target audience is being reached, effective treatments are being offered, and tangible, quantitative results are being measured and tracked for continual program improvement.	2014-23995	https://www.federalregister.gov/documents/2014/10/08/2014-23995/va-meds-by-mail-order-form-va-form-10-0426	https://www.gpo.gov/fdsys/pkg/FR-2014-10-08/pdf/2014-23995.pdf	10/8/2014
Funding Availability Under Supportive Services for Veteran Families Program	Notice	Funding Opportunity Title: Supportive Services for Veteran Families Program. Announcement Type: Initial. Funding Opportunity Number: VA-SSVF-101014. Catalog of Federal Domestic Assistance Number: 64.033, VA Supportive Services for Veteran Families Program. The Department of Veterans Affairs (VA) is announcing the availability of funds for supportive services grants under the Supportive Services for Veteran Families (SSVF) Program. This Notice of Funding Availability (NOFA) contains information concerning the SSVF Program, initial supportive services grant application processes, and the amount of funding available. Awards made for supportive services grants will fund operations beginning approximately March 1, 2015, through February 28, 2018.	2014-24281	https://www.federalregister.gov/documents/2014/10/10/2014-24281/funding-availability-under-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2014-10-10/pdf/2014-24281.pdf	10/10/2014

Wait-Time Goals of the Department for the Veterans Choice Program	Notice	The Veterans Access, Choice, and Accountability Act of 2014 directs the Department of Veterans Affairs (VA) to establish a program (the ``Veterans Choice Program") to furnish hospital care and medical services through non-VA health care entities and providers to Veterans who either cannot be seen within the ``wait-time goals of the Veterans Health Administration" or who qualify based on their place of residence. The statute defines the goals as being ``not more than 30 days from the date on which a veteran requests an appointment for hospital care or medical services from the Department" but also permits VA to establish another standard by submitting to Congress a report stating that VA's actual goals are different. This Federal Register Notice announces VA's report on the wait-time goals for purposes of the Veterans Choice Program.	2014-24897	https://www.federalregister.gov/documents/2014/10/17/2014-24897/wait-time-goals-of-the-department-for-the-veterans-choice-program	https://www.gpo.gov/fdsys/pkg/FR-2014-10-17/pdf/2014-24897.pdf	10/17/2014
Funding Availability Under Supportive Services for Veteran Families Program	Notice	The Department of Veterans Affairs (VA) published a Notice of Funding Availability in the Federal Register on October 10, 2014, that contained an error. Specifically, it incorrectly stated the phone number for the VA point of contact, John Kuhn. The correct phone number is (877) 737-0111.	2014-25096	https://www.federalregister.gov/documents/2014/10/22/2014-25096/funding-availability-under-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2014-10-22/pdf/2014-25096.pdf	10/22/2014
Copayments for Medications in 2015	Rule	The Department of Veterans Affairs (VA) amends its medical regulations concerning the copayment required for certain medications. But for this rulemaking, beginning on January 1, 2015, the copayment amount would increase based on a formula set forth in regulation. The maximum annual copayment amount payable by veterans would also increase. This rulemaking freezes copayments for 2015 at the current rate for veterans in priority categories 2 through 8, and thereafter resumes increasing copayments in accordance with the regulatory formula.	2014-25454	https://www.federalregister.gov/documents/2014/10/27/2014-25454/copayments-for-medications-in-2015	https://www.gpo.gov/fdsys/pkg/FR-2014-10-27/pdf/2014-25454.pdf	10/27/2014
Cost-Based and Inter-Agency Billing Rates for Medical Care or Services Provided by the Department of Veterans Affairs	Notice	This document updates the Cost-Based and Inter-Agency billing rates for medical care or services provided by the U.S. Department of Veterans Affairs (VA).	2014-26148	https://www.federalregister.gov/documents/2014/11/04/2014-26148/cost-based-and-inter-agency-billing-rates-for-medical-care-or-services-provided-by-the-department-of	https://www.gpo.gov/fdsys/pkg/FR-2014-11-04/pdf/2014-26148.pdf	11/4/2014
Expanded Access to Non-VA Care Through the Veterans Choice Program	Rule	The Department of Veterans Affairs (VA) amends its medical regulations concerning its authority for eligible veterans to receive care from non-VA entities and providers. The Veterans Access, Choice, and Accountability Act of 2014 directs VA to establish a program to furnish hospital care and medical services through non-VA health care providers to veterans who either cannot be seen within the wait-time goals of the Veterans Health Administration or who qualify based on their place of residence (hereafter referred to as the Veterans Choice Program, or the ``Program"). The law also requires VA to publish an interim final rule establishing this program. This interim final rule defines the parameters of the Veterans Choice Program, and clarifies aspects affecting veterans and the non-VA providers who will furnish hospital care and medical services through the Veterans Choice Program.	2014-26316	https://www.federalregister.gov/documents/2014/11/05/2014-26316/expanded-access-to-non-v-a-care-through-the-veterans-choice-program	https://www.gpo.gov/fdsys/pkg/FR-2014-11-05/pdf/2014-26316.pdf	11/5/2014
Publication of Wait-Times for the Department for the Veterans Choice Program	Notice	The Veterans Access, Choice, and Accountability Act of 2014 directs the Department of Veterans Affairs (VA) to publish wait times for the scheduling of appointments in each VA facility for primary care, specialty care, and hospital care and medical services. This Federal Register Notice announces VA's publication of the wait times.	2014-26274	https://www.federalregister.gov/documents/2014/11/05/2014-26274/publication-of-wait-times-for-the-department-for-the-veterans-choice-program	https://www.gpo.gov/fdsys/pkg/FR-2014-11-05/pdf/2014-26274.pdf	11/5/2014
Designee for Patient Personal Property	Rule	The Department of Veterans Affairs (VA) is amending its regulation that governs a competent veteran's designation of a person to receive the veteran's funds and personal effects in the event that such veteran was to die while in a VA field facility. We are eliminating reference to an obsolete VA form, clarifying the role of a VA fiduciary for an incompetent veteran-patient, as well as restructuring the current regulation for ease of readability.	2014-26953	https://www.federalregister.gov/documents/2014/11/14/2014-26953/designee-for-patient-personal-property	https://www.gpo.gov/fdsys/pkg/FR-2014-11-14/pdf/2014-26953.pdf	11/14/2014
Technical Corrections to Medical Regulations Based on Veterans' Health Care Eligibility Reform Act of 1996	Rule	The Department of Veterans Affairs (VA) is amending its medical regulations by making technical corrections to conform to the Veterans' Health Care Eligibility Reform Act of 1996 (Act of 1996). Currently VA regulations read that veterans receive only VA hospital care to treat medical conditions of eligible veterans. We are amending our regulation to clarify that VA provides hospital care and medical services to eligible veterans.	2014-26954	https://www.federalregister.gov/documents/2014/11/14/2014-26954/technical-corrections-to-medical-regulations-based-on-veterans-health-care-eligibility-reform-act-of	https://www.gpo.gov/fdsys/pkg/FR-2014-11-14/pdf/2014-26954.pdf	11/14/2014

Wait-Time Goals of the Department for the Veterans Choice Program	Notice	In an interim final rule published by the Department of Veterans Affairs (VA) implementing the Veterans Choice Program ("the Program") authorized by the Veterans Access, Choice, and Accountability Act of 2014, VA established start dates for participation in the Program for different groups of veterans depending upon their basis of eligibility to participate in the Program. In those regulations, VA stated that veterans who are eligible based upon being unable to schedule an appointment within the wait-time goals of the Veterans Health Administration, will be able to start receiving hospital care and medical services under the Program no later than December 5, 2014. VA also stated that if the start date for these veterans would be sooner than December 5, 2014, VA would publish a notice in the Federal Register advising the public of the faster implementation schedule. This Notice announces that November 17, 2014, is the start date for veterans eligible to participate in the Program.	2014-27581	https://www.federalregister.gov/documents/2014/11/21/2014-27581/wait-time-goals-of-the-department-for-the-veterans-choice-program	https://www.gpo.gov/fdsys/pkg/FR-2014-11-21/pdf/2014-27581.pdf	11/21/2014
Publication of Technology Task Force Review of Scheduling System and Software of the Department of Veterans Affairs	Notice	The Veterans Access, Choice, and Accountability Act of 2014 directs the Department of Veterans Affairs (VA) to publish a report of the Northern Virginia Technology Council's review of VA's health care scheduling system and software. This Federal Register Notice announces VA's publication of the Council's report.	2014-28055	https://www.federalregister.gov/documents/2014/11/26/2014-28055/publication-of-technology-task-force-review-of-scheduling-system-and-software-of-the-department-of	https://www.gpo.gov/fdsys/pkg/FR-2014-11-26/pdf/2014-28055.pdf	11/26/2014
Exempting Mental Health Peer Support Services From Copayments	Rule	The Department of Veterans Affairs (VA) is taking final action to amend its regulation that sets forth the VA services that are not subject to copayment requirements for inpatient hospital care or outpatient medical care. Specifically, the regulation is amended to exempt mental health peer support services from having any required copayment. This removes a barrier that may have previously discouraged veterans from choosing to use mental health peer support services as a viable care option. VA believes that mental health peer support services are a valuable resource for veterans with mental health conditions and wants to ensure that veterans take full advantage of all resources available to them.	2014-27231	https://www.federalregister.gov/documents/2014/11/28/2014-27231/exempting-mental-health-peer-support-services-from-copayments	https://www.gpo.gov/fdsys/pkg/FR-2014-11-28/pdf/2014-27231.pdf	11/28/2014
Loan Guaranty: Assistance to Eligible Individuals in Acquiring Specially Adapted Housing; Cost-of-Construction Index	Notice	The U.S. Department of Veterans Affairs (VA) announces that the aggregate amounts of assistance available under the Specially Adapted Housing (SAH) grant program will increase by 4.307 percent for Fiscal Year (FY) 2015.	2014-28228	https://www.federalregister.gov/documents/2014/12/01/2014-28228/loan-guaranty-assistance-to-eligible-individuals-in-acquiring-specially-adapted-housing	https://www.gpo.gov/fdsys/pkg/FR-2014-12-01/pdf/2014-28228.pdf	12/1/2014
Allowance for Private Purchase of an Outer Burial Receptacle in Lieu of a Government-Furnished Graveliner for a Grave in a VA National Cemetery	Notice	The Department of Veterans Affairs (VA) is updating the monetary allowance payable for qualifying interments that occur during calendar year 2015, which applies toward the private purchase of an outer burial receptacle (or "graveliner") for use in a VA national cemetery. The allowance is equal to the average cost of Government-furnished graveliners less any administrative costs to VA. The purpose of this Notice is to notify interested parties of the average cost of Government-furnished graveliners, administrative costs that relate to processing and paying the allowance and the amount of the allowance payable for qualifying interments that occur during calendar year 2015.	2014-28259	https://www.federalregister.gov/documents/2014/12/02/2014-28259/allowance-for-private-purchase-of-an-outer-burial-receptacle-in-lieu-of-a-government-furnished	https://www.gpo.gov/fdsys/pkg/FR-2014-12-02/pdf/2014-28259.pdf	12/2/2014
Technical Amendment for Information Collection Regarding Designee for Patient Personal Property	Rule	This final rule will add the Office of Management and Budget approval number for the new collection of information in the Department of Veterans Affairs (VA) regulation that governs a competent veteran's designation of a person to receive the veteran's funds and personal effects in the event that such veteran was to die while in a VA field facility.	2014-28377	https://www.federalregister.gov/documents/2014/12/02/2014-28377/technical-amendment-for-information-collection-regarding-designee-for-patient-personal-property	https://www.gpo.gov/fdsys/pkg/FR-2014-12-02/pdf/2014-28377.pdf	12/2/2014
Home Improvements and Structural Alterations (HISA) Benefits Program	Rule	This rulemaking adopts as final, without change, a proposed rule creating regulations for the Home Improvements and Structural Alterations (HISA) benefits program. Through the HISA benefits program, VA provides monetary benefits to disabled veterans for necessary home improvements and alterations. An increase in the HISA benefits limit was authorized by the Caregivers and Veterans Omnibus Health Services Act of 2010. This rulemaking codifies regulations governing the HISA benefits program and incorporates the increase in HISA benefits authorized by the 2010 Act.	2014-28373	https://www.federalregister.gov/documents/2014/12/03/2014-28373/home-improvements-and-structural-alterations-hisa-benefits-program	https://www.gpo.gov/fdsys/pkg/FR-2014-12-03/pdf/2014-28373.pdf	12/3/2014

Federal Awarding Agency Regulatory Implementation of Office of Management and Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards	Rule	This joint interim final rule implements for all Federal award-making agencies the final guidance Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) published by the Office of Management and Budget (OMB) on December 26, 2013. This rule is necessary in order to incorporate into regulation and thus bring into effect the Uniform Guidance as required by OMB. Implementation of this guidance will reduce administrative burden and risk of waste, fraud, and abuse for the approximately \$600 billion per year awarded in Federal financial assistance. The result will be more Federal dollars reprogrammed to support the mission, new entities able to compete and win awards, and ultimately a stronger framework to provide key services to American citizens and support the basic research that underpins the United States economy.	2014-28697	https://www.federalregister.gov/documents/2014/12/19/2014-28697/federal-awarding-agency-regulatory-implementation-of-office-of-management-and-budgets-uniform	https://www.gpo.gov/fdsys/pkg/FR-2014-12-19/pdf/2014-28697.pdf	12/19/2014
Reasonable Charges for Medical Care or Services; V3.16, 2015 Calendar Year Update and National Average Administrative Prescription Drug Charge Update	Notice	This Department of Veterans Affairs (VA) notice updates the data for calculating the ``Reasonable Charges" collected or recovered by VA for medical care or services. This notice also updates the ``National Average Administrative Costs" for purposes of calculating VA's charges for prescription drugs that were not administered during treatment but provided or furnished by VA to a veteran.	2014-30309	https://www.federalregister.gov/documents/2014/12/30/2014-30309/reasonable-charges-for-medical-care-or-services-v316-2015-calendar-year-update-and-national-average	https://www.gpo.gov/fdsys/pkg/FR-2014-12-30/pdf/2014-30309.pdf	12/30/2014
Section 102(c) of the Veterans Access, Choice, and Accountability Act of 2014	Notice	As required by section 102(c) of the Veterans Access, Choice, and Accountability Act of 2014, the Secretary of the Department of Veterans Affairs (VA) and the Director of the Indian Health Service will jointly submit to Congress a report on the feasibility and advisability of entering into and expanding certain reimbursement agreements. VA is seeking Tribal Consultation on section 102(c).	2014-30527	https://www.federalregister.gov/documents/2014/12/30/2014-30527/section-102c-of-the-veterans-access-choice-and-accountability-act-of-2014	https://www.gpo.gov/fdsys/pkg/FR-2014-12-30/pdf/2014-30527.pdf	12/30/2014
Caregivers Program	Rule	The Department of Veterans Affairs (VA) adopts, with changes, the interim final rule concerning VA's Program of Comprehensive Assistance for Family Caregivers. VA administers this program to provide certain medical, travel, training, and financial benefits to caregivers of certain veterans and servicemembers who were seriously injured during service on or after September 11, 2001. Also addressed in this rulemaking is the Program of General Caregiver Support Services that provides support services to caregivers of veterans from all eras who are enrolled in the VA health care system. Specifically, changes in this final rule include a requirement that Veterans be notified in writing should a Family Caregiver request revocation (to no longer be a Family Caregiver), an extension of the application timeframe from 30 days to 45 days for a Family Caregiver, and a change in the stipend calculation to ensure that Primary Family Caregivers do not experience unexpected decreases in stipend amounts from year to year.	2015-00071	https://www.federalregister.gov/documents/2015/01/09/2015-00071/caregivers-program	https://www.gpo.gov/fdsys/pkg/FR-2015-01-09/pdf/2015-00071.pdf	1/9/2015
Funding Availability Under VA's Homeless Providers Grant and Per Diem Program	Notice	The U.S. Department of Veterans Affairs (VA) is announcing the availability of funds for assistance under the Per Diem Only (PDO) component of VA's Homeless Providers Grant and Per Diem (GPD) Program. This Notice of Funding Availability (NOFA) is for those current ``Transition in Place" (TIP) grantees who seek to renew their 2012 TIP PDO grants. This NOFA contains information concerning the program, application process, and amount of funding available.	2015-00715	https://www.federalregister.gov/documents/2015/01/16/2015-00715/funding-availability-under-vas-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2015-01-16/pdf/2015-00715.pdf	1/16/2015
Information Collection (Reimbursement of Certain Medical Expenses for Camp Lejeune Family Members)	Notice	The Department of Veterans Affairs (VA) published a collection of information notice in a Federal Register on December 23, 2014, that contained errors. The notice incorrectly stated the summary and the abstract. This document corrects the errors by updating the abstract and <u>summary</u> .	2015-01130	https://www.federalregister.gov/documents/2015/01/23/2015-01130/information-collection-reimbursement-of-certain-medical-expenses-for-camp-lejeune-family-members	https://www.gpo.gov/fdsys/pkg/FR-2015-01-23/pdf/2015-01130.pdf	1/23/2015

Funding Availability Under Supportive Services for Veteran Families Program	Notice	VA is announcing the availability of funds for supportive services grants under the SSVF Program. This NOFA contains information concerning the SSVF Program, initial supportive services grant application processes, and the amount of funding available. Funding Opportunity Title: Supportive Services for Veteran Families Program. Announcement Type: Initial. Funding Opportunity Number: VA-SSVF-021015. Catalog of Federal Domestic Assistance Number: 64.033, VA Supportive Services for Veteran Families Program. The Department of Veterans Affairs (VA) is announcing the availability of funds for supportive services grants under the Supportive Services for Veteran Families (SSVF) Program. This NOFA contains information concerning the SSVF Program, initial supportive services grant application processes, and the amount of funding available. Awards made for supportive services grants will fund operations beginning October 1, 2015.	2015-02070	https://www.federalregister.gov/documents/2015/02/03/2015-02070/funding-availability-under-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2015-02-03/pdf/2015-02070.pdf	2/3/2015
Annual Determination of Staffing Shortages	Notice	Section 7412 of title 38, United States Code (U.S.C.) requires the Department of Veterans Affairs (VA) Inspector General (IG) to determine and report on the five occupations of personnel of title 38 of the Department covered under 38 U.S.C. 7401 for which there are the largest staffing shortages throughout the Department as calculated over the five-year period preceding the determination. The Secretary is required to publish these findings in the Federal Register. Based on its review, the IG identified the following five occupations as having the largest staffing shortages in the identified time period: Medical Officer, Nurse, Physician Assistant, Physician Therapist, and Psychologist. Additional information and analysis can be found at: www.va.gov/OIG .	2015-02229	https://www.federalregister.gov/documents/2015/02/04/2015-02229/annual-determination-of-staffing-shortages	https://www.gpo.gov/fdsys/pkg/FR-2015-02-04/pdf/2015-02229.pdf	2/4/2015
Publication of Wait-Times for the Department for the Veterans Choice Program	Notice	In keeping with its commitment to improve transparency, the Department of Veterans Affairs' (VA) publishes wait-times for the scheduling of appointments in each VA facility for primary care, specialty care, and mental health services every two weeks. The Department also publishes a Federal Register Notice every 90 days with the address of the Web site where this wait-time data can be accessed. This Federal Register Notice announces the availability of the data on that Web site.	2015-02205	https://www.federalregister.gov/documents/2015/02/04/2015-02205/publication-of-wait-times-for-the-department-for-the-veterans-choice-program	https://www.gpo.gov/fdsys/pkg/FR-2015-02-04/pdf/2015-02205.pdf	2/4/2015
Rehabilitation Research and Development Service Scientific Merit Review Board; Notice of Meetings	Notice		2015-02301	https://www.federalregister.gov/documents/2015/02/05/2015-02301/rehabilitation-research-and-development-service-scientific-merit-review-board-notice-of-meetings	https://www.gpo.gov/fdsys/pkg/FR-2015-02-05/pdf/2015-02301.pdf	2/5/2015
Using Peer Monitors To Support PACT Team Efforts To Improve Diabetes-PACT Demo Lab VHA-VISN 4)	Notice	In compliance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3521), this notice announces that the Veterans Health Administration (VHA), Department of Veterans Affairs, will submit the collection of information abstracted below to the Office of Management and Budget (OMB) for review and comment. The PRA submission describes the nature of the information collection and its expected cost and burden and includes the actual data collection instrument.	2015-02690	https://www.federalregister.gov/documents/2015/02/10/2015-02690/using-peer-monitors-to-support-pact-team-efforts-to-improve-diabetes-pact-demo-lab-vha-visn-4	https://www.gpo.gov/fdsys/pkg/FR-2015-02-10/pdf/2015-02690.pdf	2/10/2015
Notice of Intent To Grant an Exclusive License	Notice	Notice is hereby given that the Department of Veterans Affairs, Office of Research and Development, intends to grant to L.A.D. Global Enterprises, Inc., 1309 S. Fountain Drive, Olathe, KS 66061, USA, an exclusive license to practice the following: U.S. Patent Application Serial No. 13/593,456 ("UNIVERSAL STERILE DRAPE AND SUPPORT SYSTEM FOR INOPERATING-ROOM SAFE PATIENT HANDLING EQUIPMENT"), filed 23 August 2012, which claimed the priority of U.S. Provisional Patent Application Serial No. 61/526,993, filed 24 August 2011. Copies of the published patent applications may be obtained from the U.S. Patent and Trademark Office at www.uspto.gov .	2015-03274	https://www.federalregister.gov/documents/2015/02/18/2015-03274/notice-of-intent-to-grant-an-exclusive-license	https://www.gpo.gov/fdsys/pkg/FR-2015-02-18/pdf/2015-03274.pdf	2/18/2015
Supportive Services for Veteran Families Program	Rule	This rule adopts as final, with changes, a proposed rule of the Department of Veterans Affairs (VA) to amend its regulations concerning the Supportive Services for Veteran Families Program (SSVF). In the proposed rule published on May 9, 2014, VA proposed to make a number of changes to the SSVF program to emphasize the intended goals of SSVF. VA is making minor changes to the proposed rule based on comments we received.	2015-03753	https://www.federalregister.gov/documents/2015/02/24/2015-03753/supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2015-02-24/pdf/2015-03753.pdf	2/24/2015

Automobile or Other Conveyance and Adaptive Equipment Certificate of Eligibility for Veterans or Members of the Armed Forces With Amyotrophic Lateral Sclerosis	Rule	The Department of Veterans Affairs (VA) is amending its adjudication regulation regarding certificates of eligibility for financial assistance in the purchase of an automobile or other conveyance and adaptive equipment. The amendment authorizes automatic issuance of a certificate of eligibility for financial assistance in the purchase of an automobile or other conveyance and adaptive equipment to all veterans with service-connected amyotrophic lateral sclerosis (ALS) and members of the Armed Forces serving on active duty with ALS.	2015-03889	https://www.federalregister.gov/documents/2015/02/25/2015-03889/automobile-or-other-conveyance-and-adaptive-equipment-certificate-of-eligibility-for-veterans-or	https://www.gpo.gov/fdsys/pkg/FR-2015-02-25/pdf/2015-03889.pdf	2/25/2015
Notice of Intent To Grant an Exclusive License	Notice	Notice is hereby given that the Department of Veterans Affairs, Office of Research and Development, intends to grant to Rubicon Biotechnology, LLC, 26212 Dimension Dr. Suite 260, Lake Forest, CA 92630, USA, an exclusive license to practice the following: U.S. Patent Application Serial No. 13/815,829 ("ANTIBODY-MEDIATED TRANSDUCTION OF HEAT SHOCK PROTEINS INTO LIVING CELLS"), filed March 15, 2013, which claimed the priority of U.S. Serial No. 61/618,594, filed March 30, 2012. Copies of the published patent applications may be obtained from the U.S. Patent and Trademark Office at www.uspto.gov .	2015-05209	https://www.federalregister.gov/documents/2015/03/06/2015-05209/notice-of-intent-to-grant-an-exclusive-license	https://www.gpo.gov/fdsys/pkg/FR-2015-03-06/pdf/2015-05209.pdf	3/6/2015
Notice of Availability of a Supplemental Draft Environmental Impact Statement for the San Francisco VA Medical Center Long Range Development Plan	Notice	The Department of Veterans Affairs (VA), San Francisco VA Medical Center (SFVAMC) announces the availability of the Supplemental Draft Environmental Impact Statement (SDEIS) for the Long Range Development Plan (LRDP), for public comment pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4331 et seq.), the Council on Environmental Quality Regulations for Implementing the Procedural Requirements of NEPA (40 CFR parts 1500- 1508), VA's implementing Regulations (38 CFR part 26), as well as the settlement agreement resulting from Planning Association for the Richmond, et al v. U.S. Department of Veterans Affairs, C-06-02321-SBA (filed 6 June 2008). VA supplemented the draft EIS originally released in August 2012 to account for design and project phasing changes from the LRDP released in 2012 to the LRDP released in 2014. Both versions of the LRDP describe development and construction of patient care buildings, research buildings, business occupancy buildings, and parking structures, as well as retrofitting seismically deficient buildings. The SDEIS identifies and addresses environmental impacts associated with the Proposed Action.	2015-05507	https://www.federalregister.gov/documents/2015/03/09/2015-05507/notice-of-availability-of-a-supplemental-draft-environmental-impact-statement-for-the-san-francisco	https://www.gpo.gov/fdsys/pkg/FR-2015-03-09/pdf/2015-05507.pdf	3/9/2015
Department of Veterans Affairs Acquisition Regulation: Service-Disabled Veteran-Owned and Veteran-Owned Small Business Status Protests	Rule	This document adopts as a final rule, without change, the interim final rule published in the Federal Register on September 30, 2013. This document implements a portion of the Veterans Benefits, Health Care, and Information Technology Act of 2006, which requires the Department of Veterans Affairs (VA) to verify ownership and control of Veteran-owned small businesses (VOSBs), including service-disabled Veteran-owned small businesses (SDVOSBs), in order for these firms to participate in VA acquisitions set asides for SDVOSB/VOSBs. Specifically, VA amends its adjudication procedures for SDVOSB and VOSB status protests, to provide that VA's Director, Center for Verification and Evaluation (CVE), shall initially adjudicate SDVOSB and VOSB status protests, and to provide that protested businesses, if they are denied status, may appeal to VA's Executive Director, Office of Small and Disadvantaged Business Utilization (OSDBU). SDVOSB/VOSB status protests occur when during a particular SDVOSB/VOSB set aside acquisition, a competing vendor in acquisition challenges the status of the putative awardee as an actual SDVOSB or VOSB, as applicable. Additionally, VA amends the title of CVE from the Center for Veterans Enterprise to the Center for Verification and Evaluation, to more appropriately represent the function of this office.	2015-05505	https://www.federalregister.gov/documents/2015/03/10/2015-05505/department-of-veterans-affairs-acquisition-regulation-service-disabled-veteran-owned-and	https://www.gpo.gov/fdsys/pkg/FR-2015-03-10/pdf/2015-05505.pdf	3/10/2015

Funding Availability Under Supportive Services for Veteran Families Program	Notice	This amendment to the February 3, 2015 NOFA allows grantees with existing 3-year, non-renewable awards to apply for funding (these grants were previously awarded to priority 1 applicants under a Supportive Services for Veterans Families (SSVF) NOFA published on January 10, 2014). Under the current February 3, 2015 NOFA, VA is offering up to \$300 million to current SSVF grantees seeking funding for their existing, renewable grants. This amendment will expand the pool of potential applicants to include current SSVF grantees with 3- year, non-renewable grants. The overall level of funding available through the amended NOFA remains at \$300 million. Increasing the rate of placement of homeless Veteran households may be accomplished by accelerating SSVF program implementation by funded grantees. VA seeks to encourage such activity and recognizes that one method of enhancing placement activity is to shorten grant terms from 3 years to 2 years, utilizing the grantee's total 3-year award in a shorter, 2-year period. Announcement Type: Amendment. Funding Opportunity Number: VA-SSVF-021015. Catalog of Federal Domestic Assistance Number: 64.033, VA Supportive Services for Veteran Families Program.	2015-05941	https://www.federalregister.gov/documents/2015/03/17/2015-05941/funding-availability-under-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2015-03-17/pdf/2015-05941.pdf	3/17/2015
Schedule for Rating Disabilities-Mental Disorders and Definition of Psychosis for Certain VA Purposes	Rule	The Department of Veterans Affairs (VA) adopts as final, without change, an interim final rule amending its Schedule for Rating Disabilities (VASRD) dealing with mental disorders and its adjudication regulations that define the term "psychosis." Outdated references are replaced with references to the Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition (DSM-5). Nomenclature used to refer to certain mental disorders is amended to conform to DSM-5. This rule also provides clarification of the applicability date.	2015-06212	https://www.federalregister.gov/documents/2015/03/19/2015-06212/schedule-for-rating-disabilities-mental-disorders-and-definition-of-psychosis-for-certain-va	https://www.gpo.gov/fdsys/pkg/FR-2015-03-19/pdf/2015-06212.pdf	3/19/2015
Technical Corrections	Rule	The Department of Veterans Affairs (VA) amends its regulations to remove out-of-date legal citations and add the correct authority. This rulemaking contains only nonsubstantive, technical changes	2015-07540	https://www.federalregister.gov/documents/2015/04/03/2015-07540/technical-corrections	https://www.gpo.gov/fdsys/pkg/FR-2015-04-03/pdf/2015-07540.pdf	4/3/2015
Funding Availability Under Supportive Services for Veteran Families Program	Notice	This notice corrects a provision requiring grantees to have spent a certain amount of their previous grant award by a certain date, as stated in the Department of Veterans Affairs' February 3, 2015 NOFA, as amended on March 17, 2015, Announcement Type: Amendment. Funding Opportunity Number: VA-SSVF-021015. Catalog of Federal Domestic Assistance Number: 64.033, VA Supportive Services for Veteran Families Program.	2015-07903	https://www.federalregister.gov/documents/2015/04/06/2015-07903/funding-availability-under-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2015-04-06/pdf/2015-07903.pdf	4/6/2015
Reimbursement for Caskets and Urns for Burial of Unclaimed Remains in a National Cemetery	Rule	The Department of Veterans Affairs (VA) National Cemetery Administration (NCA) amends its regulations to establish a new program to provide reimbursement for caskets and urns for the interment of the remains of veterans with no known next-of-kin and where sufficient financial resources are not available for this purpose.	2015-08388	https://www.federalregister.gov/documents/2015/04/13/2015-08388/reimbursement-for-caskets-and-urns-for-burial-of-unclaimed-remains-in-a-national-cemetery	https://www.gpo.gov/fdsys/pkg/FR-2015-04-13/pdf/2015-08388.pdf	4/13/2015
Reimbursement for Caskets and Urns for Burial of Unclaimed Remains in a National Cemetery	Notice	As required under the final regulation published elsewhere in this issue of the Federal Register, the Department of Veterans Affairs (VA) National Cemetery Administration (NCA) notifies interested parties of the maximum reimbursement amounts allowed for caskets and urns provided for interment in a VA national cemetery of the unclaimed remains of veterans with no known next-of-kin where sufficient financial resources are unavailable for the furnishing of a casket or urn for burial.	2015-08387	https://www.federalregister.gov/documents/2015/04/13/2015-08387/reimbursement-for-caskets-and-urns-for-burial-of-unclaimed-remains-in-a-national-cemetery	https://www.gpo.gov/fdsys/pkg/FR-2015-04-13/pdf/2015-08387.pdf	4/13/2015

Driving Distance Eligibility for the Veterans Choice Program	Rule	The Department of Veterans Affairs (VA) amends its medical regulations implementing section 101 of the Veterans Access, Choice, and Accountability Act of 2014, which directed VA to establish a program to furnish hospital care and medical services through eligible non-VA health care providers to eligible veterans who either cannot be seen within the wait-time goals of the Veterans Health Administration or who qualify based on their place of residence (hereafter referred to as the Veterans Choice Program, or the ``Program"). VA published an interim final rule implementing the Veterans Choice Program on November 5, 2014. Under current law, VA uses a straight-line or geodesic distance to determine eligibility based on place of residence. This interim final rule modifies how VA measures the distance from a veteran's residence to the nearest VA medical facility. This modified standard will consider the distance the veteran must drive to the nearest VA medical facility, rather than the straight-line or geodesic distance to such a facility.	2015-09370	https://www.federalregister.gov/documents/2015/04/24/2015-09370/driving-distance-eligibility-for-the-veterans-choice-program	https://www.gpo.gov/fdsys/pkg/FR-2015-04-24/pdf/2015-09370.pdf	4/24/2015
Updating Certain Delegations of Authority in VA Medical Regulations	Rule	The Department of Veterans Affairs (VA) is making technical amendments to its medical regulations by updating certain delegations of authority to be consistent with the statutory authority that established the Consolidated Patient Account Centers (CPACs). VA is, through this final rule, specifying delegations of authority for the collection of debts owed VA to the Chief Financial Officers of the CPACs.	2015-09633	https://www.federalregister.gov/documents/2015/04/27/2015-09633/updating-certain-delegations-of-authority-in-va-medical-regulations	https://www.gpo.gov/fdsys/pkg/FR-2015-04-27/pdf/2015-09633.pdf	4/27/2015
Health Care for Homeless Veterans Program	Rule	The Department of Veterans Affairs (VA) amends its medical regulations concerning eligibility for the Health Care for Homeless Veterans (HCHV) program. The HCHV program provides per diem payments to non-VA community-based facilities that provide housing, outreach services, case management services, and rehabilitative services, and may provide care and/or treatment to homeless veterans who are enrolled in or eligible for VA health care. The rule modifies VA's HCHV regulations to conform to changes enacted in the Honoring America's Veterans and Caring for Camp Lejeune Families Act of 2012. Specifically, the rule removes the requirement that homeless veterans be diagnosed with a serious mental illness or substance use disorder to qualify for the HCHV program. This change makes the program available to all homeless veterans who are enrolled in or eligible for VA health care. The rule also updates the definition of homeless to match in part the one used by the Department of Housing and Urban Development (HUD). The rule further clarifies that the services provided by the HCHV program through non-VA community-based providers must include case management services, including non-clinical case management, as appropriate.	2015-10150	https://www.federalregister.gov/documents/2015/05/01/2015-10150/health-care-for-homeless-veterans-program	https://www.gpo.gov/fdsys/pkg/FR-2015-05-01/pdf/2015-10150.pdf	5/1/2015
Grants for Adaptive Sports Programs for Disabled Veterans and Disabled Members of the Armed Forces	Rule	This final rule amends Department of Veterans Affairs (VA) regulations to establish a new program to provide grants to eligible entities to provide adaptive sports activities to disabled veterans and disabled members of the Armed Forces. This rulemaking is necessary to implement a change in the law that authorizes VA to make grants to entities other than the United States Olympic Committee for adaptive sports programs. It establishes procedures for evaluating grant applications under this grant program, and otherwise administering the grant program. This rule implements section 5 of the VA Expiring Authorities Extension Act of 2013.	2015-10358	https://www.federalregister.gov/documents/2015/05/04/2015-10358/grants-for-adaptive-sports-programs-for-disabled-veterans-and-disabled-members-of-the-armed-forces	https://www.gpo.gov/fdsys/pkg/FR-2015-05-04/pdf/2015-10358.pdf	5/4/2015
Publication of Wait-Times for the Department for the Veterans Choice Program	Notice	In keeping with its commitment to improve transparency, the Department of Veterans Affairs' (VA) publishes wait-times for the scheduling of appointments in each VA facility for primary care, specialty care, and mental health services every two weeks. VA also publishes a Federal Register Notice every 90 days with the address of the Web site where this wait-time data can be accessed. This Notice announces the availability of the data on that Web site.	2015-10460	https://www.federalregister.gov/documents/2015/05/04/2015-10460/publication-of-wait-times-for-the-department-for-the-veterans-choice-program	https://www.gpo.gov/fdsys/pkg/FR-2015-05-04/pdf/2015-10460.pdf	5/4/2015

Notice of Intent To Grant an Exclusive License	Notice	Notice is hereby given that the Department of Veterans Affairs, Office of Research and Development, intends to grant to Proactive Assistive Technology, LLC, 8606 Leighton Dr., Tampa, FL 33614, USA, an exclusive license to practice the following: U.S. Patent Application No. 14/022,532 and U.S. Patent Application No. 14/022,477 which claimed priority of U.S. Provisional Patent Application No. 61/ 744,353, ``Transfer Assist Standbar," filed September 25, 2012. Copies of the published patent applications may be obtained from the U.S. Patent and Trademark Office at www.uspto.gov.	2015-11463	https://www.federalregister.gov/documents/2015/05/13/2015-11463/notice-of-intent-to-grant-an-exclusive-license	https://www.gpo.gov/fdsys/pkg/FR-2015-05-13/pdf/2015-11463.pdf	5/13/2015
Expanded Access to Non-VA Care Through the Veterans Choice Program Activities: Under OMB Review	Notice	In compliance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3521), this notice announces that the Veterans Health Administration (VHA), Department of Veterans Affairs, will submit the collection of information abstracted below to the Office of Management and Budget (OMB) for review and comment. The PRA submission describes the nature of the information collection and its expected cost and burden and includes the actual data collection instrument.	2015-11678	https://www.federalregister.gov/documents/2015/05/15/2015-11678/expanded-access-to-non-v-a-care-through-the-veterans-choice-program-activities-under-omb-review	https://www.gpo.gov/fdsys/pkg/FR-2015-05-15/pdf/2015-11678.pdf	5/15/2015
Enhanced-Use Lease of Department of Veterans Affairs Real Property for the Development of Housing Facilities in Chillicothe, Ohio	Notice	The Secretary of the Department of Veterans Affairs (VA) intends to amend the scope and terms of an existing EUL that was entered into on December 30, 2011, for certain land for the purpose of rehabilitating three buildings and developing units of supportive housing for Veterans.	2015-11898	https://www.federalregister.gov/documents/2015/05/18/2015-11898/enhanced-use-lease-of-department-of-veterans-affairs-real-property-for-the-development-of-housing	https://www.gpo.gov/fdsys/pkg/FR-2015-05-18/pdf/2015-11898.pdf	5/18/2015
Loan Guaranty: Elimination of Redundant Regulations; Technical Correction	Rule	On June 15, 2010, the Department of Veterans Affairs (VA) published a document in the Federal Register (75 FR 33704), amending its loan guaranty regulations to eliminate redundancies in the regulations that were a result of a new electronic reporting system. At that time, we failed to update the cross-reference citations within the redesignated sections. On October 22, 2010 (75 FR 65238), Sections 36.4301 through 36.4323(e) were amended to replace the incorrect cross-reference citations with the accurate, updated cross-references. This document corrects the remaining redesignated sections (Sec. 36.4324 through Sec. 36.4393) to contain the correct and updated cross-reference citations. These nonsubstantive changes are made for clarity and accuracy.	2015-13456	https://www.federalregister.gov/documents/2015/06/16/2015-13456/loan-guaranty-elimination-of-redundant-regulations-technical-correction	https://www.gpo.gov/fdsys/pkg/FR-2015-06-16/pdf/2015-13456.pdf	6/16/2015
Delegations of Authority: Office of Regulation Policy and Management (ORPM)	Rule	The Department of Veterans Affairs is amending its regulations delegating rulemaking authority within the Office of the General Counsel. The amendments reflect <u>current management structure and titles</u>	2015-14959	https://www.federalregister.gov/documents/2015/06/18/2015-14959/delegations-of-authority-office-of-regulation-policy-and-management-orpm	https://www.gpo.gov/fdsys/pkg/FR-2015-06-18/pdf/2015-14959.pdf	6/18/2015
Presumption of Herbicide Exposure and Presumption of Disability During Service for Reservists Presumed Exposed to Herbicide	Rule	The Department of Veterans Affairs (VA) is amending its regulation governing individuals presumed to have been exposed to certain herbicides. Specifically, VA is expanding the regulation to include an additional group consisting of individuals who performed service in the Air Force or Air Force Reserve under circumstances in which they had regular and repeated contact with C-123 aircraft known to have been used to spray an herbicide agent ("Agent Orange") during the Vietnam era. In addition, the regulation will establish a presumption that members of this group who later develop an Agent Orange presumptive condition were disabled during the relevant period of service, thus establishing that this service constituted "active, naval, military or air service." The effect of this action is to presume herbicide exposure for these individuals and to allow individuals who were exposed to herbicides during reserve service to establish veteran status for VA purposes and eligibility for some VA benefits. The need for this action results from a recent decision by the Secretary of Veterans Affairs to acknowledge that individuals who had regular and repeated exposure to C-123 aircraft that the United States Air Force used to spray the herbicides in Vietnam during Operation Ranch Hand were exposed to Agent Orange.	2015-14995	https://www.federalregister.gov/documents/2015/06/19/2015-14995/presumption-of-herbicide-exposure-and-presumption-of-disability-during-service-for-reservists	https://www.gpo.gov/fdsys/pkg/FR-2015-06-19/pdf/2015-14995.pdf	6/19/2015

Homeless Providers Grant and Per Diem Program; Notice of Funding Availability	Notice	The Department of Veterans Affairs (VA) is announcing the availability of 1-year renewal funding in fiscal year (FY) 2015 for the 21 currently operational FY 2014 VA Grant and Per Diem (GPD) Special Need Grant Recipients and their collaborative VA Special Need partners (as applicable) to make re-applications for assistance under the Special Need Grant Component of VA's Homeless Providers GPD Program. The focus of this NOFA is to encourage applicants to continue to deliver services to the homeless Special Need Veteran population as outlined in their current Special Need application. This NOFA contains information concerning the program, application process, and amount of funding available.	2015-15397	https://www.federalregister.gov/documents/2015/06/23/2015-15397/homeless-providers-grant-and-per-diem-program-notice-of-funding-availability	https://www.gpo.gov/fdsys/pkg/FR-2015-06-23/pdf/2015-15397.pdf	6/23/2015
Notice of Availability of a Final Environmental Impact Statement for the San Francisco VA Medical Center Long Range Development Plan	Notice	The Department of Veterans Affairs (VA), San Francisco VA Medical Center (SFVAMC) announces the availability of the Final Environmental Impact Statement (EIS) for the Long Range Development Plan (LRDP). Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4331 et seq.), the Council on Environmental Quality Regulations for Implementing the Procedural Requirements of NEPA (40 CFR parts 1500-1508) and VA's implementing Regulations (38 CFR part 26), VA has considered comments received on the Supplemental Draft EIS and has prepared the Final EIS. The LRDP describes development and construction of patient care buildings, research buildings, business occupancy buildings, and parking structures, as well as retrofitting seismically deficient buildings. The Final EIS identifies and addresses environmental impacts associated with the Proposed Action.	2015-15610	https://www.federalregister.gov/documents/2015/06/25/2015-15610/notice-of-availability-of-a-final-environmental-impact-statement-for-the-san-francisco-va-medical	https://www.gpo.gov/fdsys/pkg/FR-2015-06-25/pdf/2015-15610.pdf	6/25/2015
Agency Interpretation of Prosthetic Replacement of a Joint	Rule	The Department of Veterans Affairs is publishing interpretive guidance for diagnostic codes (DC) 5051 through 5056, which establish rating criteria for prosthetic implant replacements of joints of the musculoskeletal system. The Schedule for Rating Disabilities under these DCs allows for a 1-year, 100-percent disability evaluation upon prosthetic replacement of a joint. This final rule clarifies that VA's longstanding interpretation of DCs 5051 through 5056 is that a 100- percent evaluation will be in place for a period of one year when the total joint, rather than the partial joint, has been replaced by a prosthetic implant.	2015-17417	https://www.federalregister.gov/documents/2015/07/16/2015-17417/agency-interpretation-of-prosthetic-replacement-of-a-joint	https://www.gpo.gov/fdsys/pkg/FR-2015-07-16/pdf/2015-17417.pdf	7/16/2015
Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards; Updating References	Rule	The Department of Veterans Affairs (VA) is amending its regulations with updated citations and references to Office of Management and Budget (OMB) authorities for Federal grant programs. OMB has issued final guidance, located in Title 2 of the Code of Federal Regulations (CFR), which streamlines and supersedes requirements previously found in various OMB Circulars. VA has adopted OMB's guidance, and this rule replaces the obsolete OMB references in VA's regulations.	2015-17416	https://www.federalregister.gov/documents/2015/07/22/2015-17416/uniform-administrative-requirements-cost-principles-and-audit-requirements-for-federal-awards	https://www.gpo.gov/fdsys/pkg/FR-2015-07-22/pdf/2015-17416.pdf	7/22/2015
Update to NFPA Standards, Incorporation by Reference	Rule	The Department of Veterans Affairs (VA) is amending its regulations incorporating by reference the National Fire Protection Association (NFPA) codes and standards. These codes and standards are referenced in VA regulations concerning community residential care facilities, contract facilities for certain outpatient and residential services, Medical Foster Homes, and State home facilities. To ensure the continued safety of veterans in these facilities, VA is continuing to rely upon NFPA codes and standards for VA approval of such facilities. This rulemaking updates our regulations to adhere to more recent NFPA codes and standards.	2015-18332	https://www.federalregister.gov/documents/2015/07/28/2015-18332/update-to-nfpa-standards-incorporation-by-reference	https://www.gpo.gov/fdsys/pkg/FR-2015-07-28/pdf/2015-18332.pdf	7/28/2015
Loan Guaranty: Maximum Allowable Attorney Fees	Notice	This notice provides information to participants in the Department of Veterans Affairs (VA) Home Loan Guaranty program concerning the maximum attorney fees allowable in calculating the indebtedness used to determine the guaranty claim payable upon loan termination. The table in this notice contains the amounts the Secretary has determined to be reasonable and customary for all States, following an annual review of amounts allowed by other government- related home loan programs.	2015-18762	https://www.federalregister.gov/documents/2015/07/31/2015-18762/loan-guaranty-maximum-allowable-attorney-fees	https://www.gpo.gov/fdsys/pkg/FR-2015-07-31/pdf/2015-18762.pdf	7/31/2015

Vet Centers	Rule	The Department of Veterans Affairs (VA) is amending its medical regulation that governs Vet Center services. The National Defense Authorization Act for Fiscal Year 2013 (the 2013 Act) requires Vet Centers to provide readjustment counseling services to broader groups of veterans, members of the Armed Forces, including a member of a reserve component of the Armed Forces, and family members of such veterans and members. This interim final rule amends regulatory criteria to conform to the 2013 Act, to include new and revised definitions.	2015-18988	https://www.federalregister.gov/documents/2015/08/04/2015-18988/vet-centers	https://www.gpo.gov/fdsys/pkg/FR-2015-08-04/pdf/2015-18988.pdf	8/4/2015
Notice of Establishment of Commission on Care	Notice		2015-19363	https://www.federalregister.gov/documents/2015/08/07/2015-19363/notice-of-establishment-of-commission-on-care	https://www.gpo.gov/fdsys/pkg/FR-2015-08-07/pdf/2015-19363.pdf	8/7/2015
Publication of Wait-Times for the Department for the Veterans Choice Program	Notice	In keeping with its commitment to improve transparency, the Department of Veterans Affairs' (VA) publishes wait-times for the scheduling of appointments in each VA facility for primary care, specialty care, and mental health services twice each month. VA also publishes a Federal Register Notice every 90 days with the address of the Web site where this wait-time data can be accessed. This Notice announces the availability of the data on that Web site.	2015-19414	https://www.federalregister.gov/documents/2015/08/07/2015-19414/publication-of-wait-times-for-the-department-for-the-veterans-choice-program	https://www.gpo.gov/fdsys/pkg/FR-2015-08-07/pdf/2015-19414.pdf	8/7/2015
Enhanced-Use Lease of Department of Veterans Affairs (VA) Real Property for the Development of a Housing Facility on One Parcel of Land Totaling Approximately 5.4 Acres of Land in Grand Island, Nebraska	Notice	The Secretary of VA intends to amend the scope and terms of an existing EUL that was entered into during the month of December 2011, totaling approximately 4.6 acres of land, for the purpose of constructing and developing 102 units of supportive housing for Veterans. Since that time market conditions have changed making the original scope infeasible. This notice provides details on the current scope and terms of the proposed amended EUL. The EUL lessee will finance, design, develop, manage, maintain and operate up to 78 units of housing for eligible Veterans, on approximately 5.4 acres of land in one or more phases at the Grand Island VAMC campus for eligible homeless Veterans, and Veterans at risk of homelessness, on a priority placement basis, and provide supportive services that guide resident Veterans toward attaining long-term self-sufficiency.	2015-19902	https://www.federalregister.gov/documents/2015/08/12/2015-19902/enhanced-use-lease-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2015-08-12/pdf/2015-19902.pdf	8/12/2015
Loan Guaranty: Adjustable Rate Mortgage Notification Requirements and Look-Back Period	Rule	This document adopts as final, without change, a proposed rule of the Department of Veterans Affairs (VA) to amend its regulations that govern adjustable rate mortgages made in conjunction with the Home Loan Guaranty program. These revisions align VA's disclosure and interest rate adjustment requirements with the implementing regulations of the Truth in Lending Act (TILA), as recently revised by the Consumer Financial Protection Bureau (CFPB). This rulemaking will ensure VA remains consistent with other applicable consumer finance and housing regulations governing adjustable rate mortgages.	2015-19775	https://www.federalregister.gov/documents/2015/08/12/2015-19775/loan-guaranty-adjustable-rate-mortgage-notification-requirements-and-look-back-period	https://www.gpo.gov/fdsys/pkg/FR-2015-08-12/pdf/2015-19775.pdf	8/12/2015
Loan Guaranty: Maximum Allowable Attorney Fees	Notice	On July 31, 2015, the Department of Veterans Affairs published a notice in the Federal Register providing information to participants in the Department of Veterans Affairs (VA) Home Loan Guaranty program concerning the maximum attorney fees allowable in calculating the indebtedness used to determine the guaranty claim payable upon loan termination (80 FR 45718). This notice contained two administrative errors.	2015-19771	https://www.federalregister.gov/documents/2015/08/12/2015-19771/loan-guaranty-maximum-allowable-attorney-fees	https://www.gpo.gov/fdsys/pkg/FR-2015-08-12/pdf/2015-19771.pdf	8/12/2015
Additional Compensation on Account of Children Adopted Out of Veteran's Family	Rule	The Department of Veterans Affairs (VA) is amending its adjudication regulations to clarify that a veteran will not receive the dependent rate of disability compensation for a child who is adopted out of the veteran's family. This action is necessary because applicable VA adjudication regulations are currently construed as permitting a veteran, whose former child was adopted out of the veteran's family, to receive the dependent rate of disability compensation for the adopted-out child, which constitutes an unwarranted award of benefits not supported by the applicable statute and legislative history. This document adopts as a final rule, without change, the proposed rule published in the Federal Register on December 2, 2014.	2015-19949	https://www.federalregister.gov/documents/2015/08/13/2015-19949/additional-compensation-on-account-of-children-adopted-out-of-veterans-family	https://www.gpo.gov/fdsys/pkg/FR-2015-08-13/pdf/2015-19949.pdf	8/13/2015

Enhanced-Use Lease of Department of Veterans Affairs (VA) Real Property for the Development of a Housing Facility on Approximately 3 Acres of Land in St. Cloud, Minnesota.	Notice	The Secretary of VA intends to amend the scope and terms of an existing EUL that was entered into on December 27, 2011, on approximately 6 acres of land for the purpose of developing 35 units of supportive housing for Veterans. This notice provides updated details on the scope of the amended EUL. The EUL lessee will finance, design, develop, manage, maintain, and operate approximately 37 units of housing on approximately 3 acres of land for eligible homeless Veterans, or Veterans at risk of homelessness, and their families, on a priority placement basis, and provide supportive services that guide resident Veterans toward attaining long-term self-sufficiency.	2015-20035	https://www.federalregister.gov/documents/2015/08/13/2015-20035/enhanced-use-lease-of-department-of-veterans-affairs-va-real-property-for-the-development-of-a	https://www.gpo.gov/fdsys/pkg/FR-2015-08-13/pdf/2015-20035.pdf	8/13/2015
Animals on VA Property	Rule	The Department of Veterans Affairs (VA) amends its regulation concerning the presence of animals on VA property. This final rule expands the current VA regulation to authorize the presence of service animals consistent with applicable Federal law when these animals accompany individuals with disabilities seeking admittance to property owned or operated by VA.	2015-20182	https://www.federalregister.gov/documents/2015/08/17/2015-20182/animals-on-va-property	https://www.gpo.gov/fdsys/pkg/FR-2015-08-17/pdf/2015-20182.pdf	8/17/2015
Funding Availability Under Supportive Services for Veteran Families (SSVF) Program	Notice	VA is announcing the availability of funds for supportive services grants under the SSVF Program. This NOFA contains information concerning the SSVF Program, initial supportive services grant application processes, and the amount of funding available. Funding Opportunity Title: SSVF Program. Announcement Type: Initial. Funding Opportunity Number: VA-SSVF-021015. Catalog of Federal Domestic Assistance Number: 64.033, VA SSVF Program. VA is announcing the availability of funds for supportive services grants under the SSVF Program. This NOFA contains information concerning the SSVF Program, initial supportive services grant application processes, and the amount of funding available. Awards made for supportive services grants will fund operations beginning October 1, 2015.	2015-20319	https://www.federalregister.gov/documents/2015/08/17/2015-20319/funding-availability-under-supportive-services-for-veteran-families-ssvf-program	https://www.gpo.gov/fdsys/pkg/FR-2015-08-17/pdf/2015-20319.pdf	8/17/2015
Fund Availability Under the Grants for Transportation of Veterans in Highly Rural Areas	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds under the Grants for Transportation of Veterans in Highly Rural Areas. This Notice contains information concerning the Grants for Transportation of Veterans in Highly Rural Areas program, grant renewal application process, and amount of funding available.	2015-22576	https://www.federalregister.gov/documents/2015/09/08/2015-22576/fund-availability-under-the-grants-for-transportation-of-veterans-in-highly-rural-areas	https://www.gpo.gov/fdsys/pkg/FR-2015-09-08/pdf/2015-22576.pdf	9/8/2015
Copayments for Medications in 2015	Rule	This document adopts as a final rule, with changes, an interim final rule amending the Department of Veterans Affairs (VA) medical regulations to freeze the copayments required for certain medications provided by VA until December 31, 2015. Under that interim final rule, copayment amounts were maintained at the same rates as they were in 2014 (which were \$8 for veterans in priority groups 2-6 and \$9 for veterans in priority groups 7 and 8), and would have increased based on the prescription drug component of the Medical Consumer Price Index (CPI-P) on January 1, 2016. This final rule extends the current freeze for copayments through December 31, 2016.	2015-23162	https://www.federalregister.gov/documents/2015/09/16/2015-23162/copayments-for-medications-in-2015	https://www.gpo.gov/fdsys/pkg/FR-2015-09-16/pdf/2015-23162.pdf	9/16/2015
Loan Guaranty-Specially Adapted Housing Assistive Technology Grant Program	Rule	This rule adopts as final, without change, a proposed rule of the Department of Veterans Affairs (VA) to amend its regulations to provide grants for the development of new assistive technologies for use in specially adapted housing for eligible veterans or servicemembers. The Veterans' Benefits Act of 2010 authorizes VA to provide grants of up to \$200,000 per fiscal year to persons or entities to encourage the development of specially adapted housing assistive technologies. This final rule implements changes to VA regulations to clarify the process, the criteria, and the priorities relating to the award of these research and development grants.	2015-23280	https://www.federalregister.gov/documents/2015/09/17/2015-23280/loan-guaranty-specially-adapted-housing-assistive-technology-grant-program	https://www.gpo.gov/fdsys/pkg/FR-2015-09-17/pdf/2015-23280.pdf	9/17/2015
Reasonable Charges for Inpatient MS-DRGs and SNF Medical Services; V3.17, Fiscal Year 2016 Update	Notice	This document updates the acute inpatient and the skilled nursing facility/sub-acute inpatient facility charges. The updated charges are based on the 2016 Medicare severity diagnosis related groups (MS-DRGs).	2015-23585	https://www.federalregister.gov/documents/2015/09/21/2015-23585/reasonable-charges-for-inpatient-ms-drgs-and-snf-medical-services-v317-fiscal-year-2016-update	https://www.gpo.gov/fdsys/pkg/FR-2015-09-21/pdf/2015-23585.pdf	9/21/2015

Annual Determination of Staffing Shortages	Notice	Section 7412 of title 38, United States Code (U.S.C.) requires the Department of Veterans Affairs (VA) Inspector General (IG) to determine and report on the five occupations of personnel of title 38 of the Department covered under 38 U.S.C. 7401 for which there are the largest staffing shortages throughout the Department as calculated over the 5-year period preceding the determination. The Secretary is required to publish these findings in the Federal Register. Based on its review, the IG identified the following five occupations as having the largest staffing shortages in the identified time period: Medical Officer, Nurse, Physician Assistant, Physical Therapist, and Psychologist. Additional information and analysis can be found at: www.va.gov/OIG.	2015-23968	https://www.federalregister.gov/documents/2015/09/22/2015-23968/annual-determination-of-staffing-shortages	https://www.gpo.gov/fdsys/pkg/FR-2015-09-22/pdf/2015-23968.pdf	9/22/2015
Policy and Implementation Plan for Public Access to Scientific Publications and Digital Data from Research Funded by the Department of Veterans Affairs	Notice	This Federal Register Notice announces an opportunity for public review and comment on the Policy and Implementation Plan for Public Access to Scientific Publications and Digital Data from Research Funded by the Department of Veterans Affairs.	2015-25448	https://www.federalregister.gov/documents/2015/10/07/2015-25448/policy-and-implementation-plan-for-public-access-to-scientific-publications-and-digital-data-from	https://www.gpo.gov/fdsys/pkg/FR-2015-10-07/pdf/2015-25448.pdf	10/7/2015
Loan Guaranty: Assistance to Eligible Individuals in Acquiring Specially Adapted Housing; Cost-of-Construction Index	Notice	The U.S. Department of Veterans Affairs (VA) announces that the aggregate amounts of assistance available under the specially adapted housing (SAH) grant program will increase by 4.688 percent for fiscal year (FY) 2016.	2015-25792	https://www.federalregister.gov/documents/2015/10/09/2015-25792/loan-guaranty-assistance-to-eligible-individuals-in-acquiring-specially-adapted-housing	https://www.gpo.gov/fdsys/pkg/FR-2015-10-09/pdf/2015-25792.pdf	10/9/2015
Non-VA Care Core Provider Network	Notice	The Department of Veterans Affairs (VA), Veterans Health Administration (VHA) is seeking a Tribal Consultation on VHA's effort to improve continuity of care and health care access via the development of a non-VA care core provider network utilizing agreements with high quality partners who also share the privilege of serving Veterans.	2015-26254	https://www.federalregister.gov/documents/2015/10/15/2015-26254/non-v-a-care-core-provider-network	https://www.gpo.gov/fdsys/pkg/FR-2015-10-15/pdf/2015-26254.pdf	10/15/2015
Notice of Availability of the Record of Decision (ROD) for the San Francisco VA Medical Center Long Range Development Plan and Environmental Impact Statement, San Francisco VA Medical Center	Notice	The Department of Veterans Affairs (VA), San Francisco Health Care System (SFHCS) announces the availability of the Record of Decision (ROD) for the Long Range Development Plan (LRDP)/Environmental Impact Statement (EIS) for the San Francisco VA Medical Center (SFVAMC).	2015-26731	https://www.federalregister.gov/documents/2015/10/21/2015-26731/notice-of-availability-of-the-record-of-decision-rod-for-the-san-francisco-v-a-medical-center-long	https://www.gpo.gov/fdsys/pkg/FR-2015-10-21/pdf/2015-26731.pdf	10/21/2015
West Los Angeles VA Medical Center; Preliminary Draft Final Master Plan-Public Comment Period	Notice	This Federal Register Notice announces an opportunity for public comment on the Preliminary Draft Final Master Plan for the West Los Angeles (WLA) Department of Veterans Affairs (VA) campus (hereinafter referred to as the "Preliminary Draft Final Master Plan"). The WLA campus is approximately 387 acres in the heart of Los Angeles. There are 104 buildings across the campus of which 39 are designated as historic, 12 are considered to be exceptionally high risk for a seismic event, and a number are vacant or closed. The purpose of this Preliminary Draft Final Master Plan is to support VA's ongoing efforts to revitalize the campus into a more Veteran-focused environment, notably for severely disabled, aging, female, and homeless Veterans. This master planning effort is consistent with VA's goal to help end Veteran homelessness nationwide, particularly in the Greater Los Angeles region, one of the largest homeless Veteran populations in the country. This notice solicits public comments on the Preliminary Draft Final Master Plan. At the end of the public comment period, VA will review the comments received, post summary responses into the Federal Register via a second notice, ready the Preliminary Draft Final Master Plan for environmental and historic preservation due diligence, and prepare a Final Master Plan for the WLA campus.	2015-26945	https://www.federalregister.gov/documents/2015/10/22/2015-26945/west-los-angeles-v-a-medical-center-preliminary-draft-final-master-plan-public-comment-period	https://www.gpo.gov/fdsys/pkg/FR-2015-10-22/pdf/2015-26945.pdf	10/22/2015

Expanded Access to Non-VA Care Through the Veterans Choice Program	Rule	This document amends the Department of Veterans Affairs (VA) medical regulations implementing section 101 of the Veterans Access, Choice, and Accountability Act of 2014, which directed VA to establish a program to furnish hospital care and medical services through eligible non-VA health care providers to eligible veterans who either cannot be seen within the wait-time goals of the Veterans Health Administration or who qualify based on their place of residence (hereafter referred to as the ``Veterans Choice Program", or the ``Program"). VA published an interim final rule implementing the Veterans Choice Program on November 5, 2014, and published a subsequent interim final rule making further amendments on April 24, 2015. This final rule responds to public comments received from both interim final rules and amends the regulations to modify payment rates under the Program.	2015-27481	https://www.federalregister.gov/documents/2015/10/29/2015-27481/expanded-access-to-non-v-a-care-through-the-veterans-choice-program	https://www.gpo.gov/fdsys/pkg/FR-2015-10-29/pdf/2015-27481.pdf	10/29/2015
Notice of Availability of a Draft Environmental Impact Statement (EIS) for the Reconfiguration of VA Black Hills Health Care System (BHHCS)	Notice	VA proposes to reconfigure health care services throughout the 100,000-square mile VA BHHCS service area, including the addition of purchased care for Veterans from community providers to improve geographic access to care. In accordance with the National Environmental Policy Act (NEPA), VA has prepared a Draft EIS that analyzes the potential impacts of six alternatives for changes to VA's facilities in Hot Springs and Rapid City, South Dakota, to support the proposed services reconfiguration. The Draft EIS uses the substitution approach for integrating compliance with Section 106 of the National Historic Preservation Act into the EIS process. The Draft EIS is available for review on the agency Web site and at public libraries in the service area.	2015-27684	https://www.federalregister.gov/documents/2015/10/30/2015-27684/notice-of-availability-of-a-draft-environmental-impact-statement-eis-for-the-reconfiguration-of-v-a	https://www.gpo.gov/fdsys/pkg/FR-2015-10-30/pdf/2015-27684.pdf	10/30/2015
Notice of Intent To Prepare an Environmental Impact Statement for a Replacement Robley Rex Veterans Affairs Medical Center, Louisville, Kentucky	Notice	Pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. 4321, et seq.), VA intends to prepare an Environmental Impact Statement (EIS) for constructing and operating a new campus to replace the existing VA Medical Center, Veterans Benefits Administration office, and three community-based outpatient clinics in Louisville, Kentucky. VA seeks public scoping input on the EIS.	2015-27658	https://www.federalregister.gov/documents/2015/10/30/2015-27658/notice-of-intent-to-prepare-an-environmental-impact-statement-for-a-replacement-robley-rex-veterans	https://www.gpo.gov/fdsys/pkg/FR-2015-10-30/pdf/2015-27658.pdf	10/30/2015
Exempting Mental Health Peer Support Services From Copayments	Rule	The Department of Veterans Affairs (VA) published a direct final rule amending its regulation that governs VA services that are not subject to copayment requirements for inpatient hospital care or outpatient medical care. Specifically, the regulation is amended to exempt mental health peer support services from having any required copayment. VA received no adverse comments concerning the direct final rule or its companion substantially identical proposed rule published in the Federal Register on the same date. This document confirms that the direct final rule became effective on January 27, 2015. In a companion document in this issue of the Federal Register, we are withdrawing as unnecessary the proposed rule.	2015-28259	https://www.federalregister.gov/documents/2015/11/05/2015-28259/exempting-mental-health-peer-support-services-from-copayments	https://www.gpo.gov/fdsys/pkg/FR-2015-11-05/pdf/2015-28259.pdf	11/5/2015
Loan Guaranty: Net Value Percentage Update	Notice	This notice provides information to lenders and mortgage holders in the U.S. Department of Veterans Affairs (VA) home loan guaranty program concerning the percentage to be used in calculating the purchase price of a property that secured a terminated loan. The new percentage is 15.95 percent.	2015-29787	https://www.federalregister.gov/documents/2015/11/23/2015-29787/loan-guaranty-net-value-percentage-update	https://www.gpo.gov/fdsys/pkg/FR-2015-11-23/pdf/2015-29787.pdf	11/23/2015

Expanded Access to Non-VA Care Through the Veterans Choice Program	Rule	The Department of Veterans Affairs (VA) revises its medical regulations that implement section 101 of the Veterans Access, Choice, and Accountability Act of 2014 (hereafter referred to as ``the Choice Act"), which requires VA to establish a program to furnish hospital care and medical services through eligible non-VA health care providers to eligible veterans who either cannot be seen within the wait-time goals of the Veterans Health Administration (VHA) or who qualify based on their place of residence (hereafter referred to as the ``Veterans Choice Program" or the ``Program"). These regulatory revisions are required by the most recent amendments to the Choice Act made by the Construction Authorization and Choice Improvement Act of 2014, and by the Surface Transportation and Veterans Health Care Choice Improvement Act of 2015. The Construction Authorization and Choice Improvement Act of 2014 amended the Choice Act to define additional criteria that VA may use to determine that a veteran's travel to a VA medical facility is an ``unusual or excessive burden," and the Surface Transportation and Veterans Health Care Choice Improvement Act of 2015 amended the Choice Act to cover all veterans enrolled in the VA health care system, remove the 60-day limit on an episode of care, modify the wait-time and 40-mile distance eligibility criteria, and expand provider eligibility based on criteria as determined by VA. This interim final rule revises VA regulations consistent with the changes made to the Choice Act as described above.	2015-29865	https://www.federalregister.gov/documents/2015/12/01/2015-29865/expanded-access-to-non-v-a-care-through-the-veterans-choice-program	https://www.gpo.gov/fdsys/pkg/FR-2015-12-01/pdf/2015-29865.pdf	12/1/2015
Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards; Updating References	Rule	This rule adopts as final, without change, interim final rule amending the Department of Veterans Affairs (VA) regulations governing Office of Management and Budget (OMB) citations and references for federal grant programs. This amendment is necessary to replace obsolete OMB references in VA regulations.	2015-30346	https://www.federalregister.gov/documents/2015/12/01/2015-30346/uniform-administrative-requirements-cost-principles-and-audit-requirements-for-federal-awards	https://www.gpo.gov/fdsys/pkg/FR-2015-12-01/pdf/2015-30346.pdf	12/1/2015
Loan Guaranty: Maximum Allowable Foreclosure Timeframes	Notice	This notice provides information to participants in the U.S. Department of Veterans Affairs (VA) home loan guaranty program concerning the state foreclosure timeframes allowable in the calculation of the maximum interest payable on a foreclosure of a VA- guaranteed loan. The table in this notice contains the timeframes the Secretary has determined to be reasonable and customary for all states, following an annual review of amounts allowed by other government- related home loan programs.	2015-30592	https://www.federalregister.gov/documents/2015/12/04/2015-30592/loan-guaranty-maximum-allowable-foreclosure-timeframes	https://www.gpo.gov/fdsys/pkg/FR-2015-12-04/pdf/2015-30592.pdf	12/4/2015
Reasonable Charges for Medical Care or Services; V3.18, 2016 Calendar Year Update and National Average Administrative Prescription Drug Charge Update	Notice	This Department of Veterans Affairs (VA) notice updates the data for calculating the ``Reasonable Charges" collected or recovered by VA for medical care or services. This notice also updates the ``National Average Administrative Costs" for purposes of calculating VA's charges for prescription drugs that were not administered during treatment but provided or furnished by VA to a veteran.	2015-31385	https://www.federalregister.gov/documents/2015/12/14/2015-31385/reasonable-charges-for-medical-care-or-services-v318-2016-calendar-year-update-and-national-average	https://www.gpo.gov/fdsys/pkg/FR-2015-12-14/pdf/2015-31385.pdf	12/14/2015
Allowance for Private Purchase of an Outer Burial Receptacle (or Grave Liner) in Lieu of a Government-Furnished Grave Liner for Use in a VA National Cemetery	Notice	The Department of Veterans Affairs (VA) is updating the monetary allowance payable for qualifying interments that occur during calendar year 2016, which applies toward the private purchase of an outer burial receptacle (or ``grave liner") for use in a VA national cemetery. The allowance is equal to the average cost of Government- furnished grave liners less any administrative costs to VA. The purpose of this Notice is to notify interested parties of the average cost of Government-furnished grave liners, administrative costs that relate to processing and paying the allowance, and the amount of the allowance payable for qualifying interments that occur during calendar year 2016.	2015-32006	https://www.federalregister.gov/documents/2015/12/22/2015-32006/allowance-for-private-purchase-of-an-outer-burial-receptacle-or-grave-liner-in-lieu-of-a	https://www.gpo.gov/fdsys/pkg/FR-2015-12-22/pdf/2015-32006.pdf	12/22/2015
Payment of Emergency Medication by VA	Rule	The Department of Veterans Affairs (VA) is amending its medical regulations that govern reimbursement of emergency treatment provided by non-VA medical care providers. VA is clarifying its regulations insofar as it involves the reimbursement of medications prescribed or provided to the veteran during the episode of non-VA emergency treatment.	2015-32098	https://www.federalregister.gov/documents/2015/12/22/2015-32098/payment-of-emergency-medication-by-v-a	https://www.gpo.gov/fdsys/pkg/FR-2015-12-22/pdf/2015-32098.pdf	12/22/2015

Removal of Requirement To File Direct-Pay Fee Agreements With the Office of the General Counsel	Rule	The Department of Veterans Affairs (VA) is amending its regulations concerning the payment of fees for representation by agents and attorneys in proceedings before VA. Specifically, this rule removes the requirement that an agent or attorney file a direct-pay fee agreement with both the VA Office of the General Counsel and the agency of original jurisdiction. The intended effect of this final rule is to require that direct-pay fee agreements be submitted only to the agency of original jurisdiction, thereby eliminating duplicate filings by agents and attorneys.	2015-32687	https://www.federalregister.gov/documents/2015/12/29/2015-32687/removal-of-requirement-to-file-direct-pay-fee-agreements-with-the-office-of-the-general-counsel	https://www.gpo.gov/fdsys/pkg/FR-2015-12-29/pdf/2015-32687.pdf	12/29/2015
Loan Guaranty: Specially Adapted Housing Assistive Technology Grant Program	Notice	The U. S. Department of Veterans Affairs (VA) announces the availability of funds for the Specially Adapted Housing Assistive Technology (SAHAT) Grant Program for fiscal year (FY) 2016. The objective of the grant is to encourage the development of new assistive technologies for specially adapted housing. This Notice is intended to provide applicants with the information necessary to apply for the SAHAT Grant Program. Registration will be available at www.Grants.gov . VA strongly recommends referring to the Loan Guaranty--Specially Adapted Housing Assistive Technology Grant Program final rule (38 CFR part 36) in conjunction with this Notice. The registration process described within this Notice applies only to applicants who will register to submit project applications for FY 2016 SAHAT Grant Program funds.	2015-33190	https://www.federalregister.gov/documents/2016/01/06/2015-33190/loan-guaranty-specially-adapted-housing-assistive-technology-grant-program	https://www.gpo.gov/fdsys/pkg/FR-2016-01-06/pdf/2015-33190.pdf	1/6/2016
Notice of Availability of a Draft Environmental Impact Statement for the Reconfiguration of VA Black Hills Health Care System; Comment Period Extension	Notice	The Department of Veterans Affairs (VA) published, in the Federal Register on October 30, 2015, the Notice of Availability of a Draft Environmental Impact Statement (EIS) for the Reconfiguration of VA Black Hills Health Care System (BHHCS) that analyzes the potential impacts of six alternatives for changes to VA's facilities in Hot Springs and Rapid City, South Dakota. Due to public requests and the fact that the original comment period included three major holidays, VA is extending the closing date for the comment period for the Draft EIS from January 5, 2016 to February 5, 2016.	2016-00064	https://www.federalregister.gov/documents/2016/01/07/2016-00064/notice-of-availability-of-a-draft-environmental-impact-statement-for-the-reconfiguration-of-va-black	https://www.gpo.gov/fdsys/pkg/FR-2016-01-07/pdf/2016-00064.pdf	1/7/2016
Reimbursement for Caskets and Urns for Burial of Unclaimed Remains in a National Cemetery	Notice	The Department of Veterans Affairs (VA) is updating the monetary reimbursement rates for caskets and urns purchased for the interment in a VA national cemetery of Veterans who die with no known next of kin and where there are insufficient resources for furnishing a burial container. The purpose of this notice is to notify interested parties of the rates that will apply to reimbursement claims that occur during calendar year (CY) 2016.	2016-00143	https://www.federalregister.gov/documents/2016/01/08/2016-00143/reimbursement-for-caskets-and-urns-for-burial-of-unclaimed-remains-in-a-national-cemetery	https://www.gpo.gov/fdsys/pkg/FR-2016-01-08/pdf/2016-00143.pdf	1/8/2016
Automobile or Other Conveyance and Adaptive Equipment Certificate of Eligibility for Veterans or Members of the Armed Forces With Amyotrophic Lateral Sclerosis Connected to Military Service	Rule	The Department of Veterans Affairs (VA) published an Interim Final Rule on February 25, 2015, to amend its adjudication regulations to provide a certificate of eligibility for financial assistance in the purchase of an automobile or other conveyance and adaptive equipment for all veterans with service-connected amyotrophic lateral sclerosis (ALS) and servicemembers serving on active duty with ALS. The amendment authorized automatic issuance of a certificate of eligibility for financial assistance in the purchase of an automobile or other conveyance and adaptive equipment to all veterans with service- connected ALS and members of the Armed Forces serving on active duty with ALS. The intent of this final rule is to confirm the amendment made by the interim final rule without change.	2016-00490	https://www.federalregister.gov/documents/2016/01/13/2016-00490/automobile-or-other-conveyance-and-adaptive-equipment-certificate-of-eligibility-for-veterans-or	https://www.gpo.gov/fdsys/pkg/FR-2016-01-13/pdf/2016-00490.pdf	1/13/2016
Funding Availability Under Supportive Services for Veteran Families Program	Notice	Funding Opportunity Title: Supportive Services for Veteran Families Program. Announcement Type: Initial. Funding Opportunity Number: VA-SSVF-011516. Catalog of Federal Domestic Assistance Number: 64.033, VA Supportive Services for Veteran Families Program. The Department of Veterans Affairs (VA) is announcing the availability of funds for supportive services grants under the Supportive Services for Veteran Families (SSVF) Program. This Notice of Fund Availability (NOFA) contains information concerning the SSVF Program, initial supportive services grant application processes, and the amount of funding available. Awards made for supportive services grants will fund operations beginning October 1, 2016.	2016-00727	https://www.federalregister.gov/documents/2016/01/15/2016-00727/funding-availability-under-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2016-01-15/pdf/2016-00727.pdf	1/15/2016

West Los Angeles VA Medical Center; Draft Master Plan	Notice	This Federal Register Notice announces publication of the Draft Master Plan for the West Los Angeles (WLA) Department of Veterans Affairs (VA) campus (hereinafter referred to as the ``Draft Master Plan"). This notice also responds to public comments received in response to the Preliminary Draft Master Plan that VA published on October 22, 2015 .	2016-01940	https://www.federalregister.gov/documents/2016/02/02/2016-01940/west-los-angeles-va-medical-center-draft-master-plan	https://www.gpo.gov/fdsys/pkg/FR-2016-02-02/pdf/2016-01940.pdf	2/2/2016
West Los Angeles VA Medical Center; Draft Master Plan	Notice	On February 2, 2016, the Department of Veterans Affairs (VA) published a notice in the Federal Register announcing publication of the Draft Master Plan for the West Los Angeles Department of Veterans Affairs campus. That notice contained language that we are now clarifying.	2016-02883	https://www.federalregister.gov/documents/2016/02/12/2016-02883/west-los-angeles-va-medical-center-draft-master-plan	https://www.gpo.gov/fdsys/pkg/FR-2016-02-12/pdf/2016-02883.pdf	2/12/2016
Veterans Transportation Service	Rule	This document adopts as a final rule, with changes, a Department of Veterans affairs (VA) proposed rule concerning VA's direct transportation of persons for the purposes of examination, treatment, and care. Section 202 of the Dignified Burial and Other Veterans' Benefits Improvement Act of 2012, as amended, authorized VA to carry out a program to transport any person to or from a VA facility or VA-authorized facility, for the purpose of examination, treatment, or care. VA is authorized to carry out this program until December 31, 2016. These regulations provide guidelines for veterans and the public regarding this program, hereafter referred to as the Veterans Transportation Service (VTS).	2016-04281	https://www.federalregister.gov/documents/2016/03/01/2016-04281/veterans-transportation-service	https://www.gpo.gov/fdsys/pkg/FR-2016-03-01/pdf/2016-04281.pdf	3/1/2016
Applicants for VA Memorialization Benefits	Rule	The Department of Veterans Affairs (VA) amends its regulations defining who may apply for a headstone or marker. The rule expands the types of individuals who may request headstones and markers on behalf of decedents.	2016-04553	https://www.federalregister.gov/documents/2016/03/02/2016-04553/applicants-for-va-memorialization-benefits	https://www.gpo.gov/fdsys/pkg/FR-2016-03-02/pdf/2016-04553.pdf	3/2/2016
Vet Centers	Rule	The Department of Veterans Affairs (VA) adopts as final an interim final rule that amends its medical regulation that governs Vet Center services. The National Defense Authorization Act for Fiscal Year 2013 (the 2013 Act) requires Vet Centers to provide readjustment counseling services to broader groups of veterans, members of the Armed Forces, including a member of a reserve component of the Armed Forces, and family members of such veterans and members. This final rule adopts as final the regulatory criteria to conform to the 2013 Act, to include new and revised definitions.	2016-04552	https://www.federalregister.gov/documents/2016/03/02/2016-04552/vet-centers	https://www.gpo.gov/fdsys/pkg/FR-2016-03-02/pdf/2016-04552.pdf	3/2/2016
Notice of Availability of a Draft Environmental Impact Statement for the Reconfiguration of VA Black Hills Health Care System; Comment Period Extension	Notice	The Department of Veterans Affairs (VA) published, in the Federal Register on October 30, 2015, the Notice of Availability of a Draft Environmental Impact Statement (EIS) for the Reconfiguration of VA Black Hills Health Care System (BHHCS) that analyzes the potential impacts of six alternatives for changes to VA's facilities in Hot Springs and Rapid City, South Dakota. Due to requests from the public and other stakeholders, VA is extending the closing date for the comment period for the Draft EIS through May 5, 2016.	2016-05837	https://www.federalregister.gov/documents/2016/03/16/2016-05837/notice-of-availability-of-a-draft-environmental-impact-statement-for-the-reconfiguration-of-va-black	https://www.gpo.gov/fdsys/pkg/FR-2016-03-16/pdf/2016-05837.pdf	3/16/2016
Telephone Enrollment in the VA Healthcare System	Rule	This rulemaking amends VA's medical regulations to allow veterans to complete applications for health care enrollment by telephone by providing application information to a VA employee, agreeing to VA's provisions regarding copayment liability and assignment of third-party insurance benefits, and attesting to the accuracy and authenticity of the information provided over the phone. This action will make it easier for veterans to apply to enroll and will speed VA processing of applications.	2016-05680	https://www.federalregister.gov/documents/2016/03/16/2016-05680/telephone-enrollment-in-the-va-healthcare-system	https://www.gpo.gov/fdsys/pkg/FR-2016-03-16/pdf/2016-05680.pdf	3/16/2016
Federal Agency Final Regulations Implementing Executive Order 13559: Fundamental Principles and Policymaking Criteria for Partnerships With Faith-Based and Other Neighborhood Organizations	Rule	The Agencies publishing this final rule amend or establish their regulations to implement Executive Order 13279, as amended by Executive Order 13559. Executive Order 13279 established fundamental principles to guide the policies of Federal agencies regarding the participation of faith-based and other community organizations in programs that the Federal agencies administer. Executive Order 13559 amended Executive Order 13279 to clarify those principles and add certain protections for beneficiaries of Federal social service programs.	2016-07339	https://www.federalregister.gov/documents/2016/04/04/2016-07339/federal-agency-final-regulations-implementing-executive-order-13559-fundamental-principles-and	https://www.gpo.gov/fdsys/pkg/FR-2016-04-04/pdf/2016-07339.pdf	4/4/2016

Health Care for Certain Children of Vietnam Veterans and Certain Korea Veterans-Covered Birth Defects and Spina Bifida	Rule	This rule adopts as final a proposed rule of the Department of Veterans Affairs (VA) to amend its regulations concerning the provision of health care to birth children of Vietnam veterans and veterans of covered service in Korea diagnosed with spina bifida, except for spina bifida occulta, and certain other birth defects. In the proposed rule published on May 15, 2015, VA proposed changes to more clearly define the types of health care VA provides, including day health care and health-related services, which we defined as homemaker or home health aide services that provide assistance with Activities of Daily Living or Instrumental Activities of Daily Living that have therapeutic value. We also proposed changes to the list of health care services that require preauthorization by VA. This final rule addresses comments received from the public and adopts as final the proposed rule, without change.	2016-07897	https://www.federalregister.gov/documents/2016/04/06/2016-07897/health-care-for-certain-children-of-vietnam-veterans-and-certain-korea-veterans-covered-birth	https://www.gpo.gov/fdsys/pkg/FR-2016-04-06/pdf/2016-07897.pdf	4/6/2016
Servicemembers' Group Life Insurance and Veterans' Group Life Insurance-Slayer's Rule Exclusion	Rule	The Department of Veterans Affairs adopts as final, without change, the final rule seeking comments published on October 3, 2012, amending its regulations governing Servicemembers' Group Life Insurance (SGLI) and Veterans' Group Life Insurance (VGLI). Specifically, this rule prohibits paying insurance proceeds because of the death of a person (decedent) whose life was insured under SGLI or VGLI, or paying a SGLI Traumatic Injury Protection (TSGLI) benefit to a person (slayer) convicted of intentionally and wrongfully killing the decedent or determined in a civil proceeding to intentionally and wrongfully killing the decedent. This prohibition of payment also applies to any family member of the slayer who is not related to the decedent and to any person who assisted the slayer in causing the death of the decedent. Additionally, the term ``domestic partner" is removed from the definition of ``member of the family".	2016-08381	https://www.federalregister.gov/documents/2016/04/12/2016-08381/servicemembers-group-life-insurance-and-veterans-group-life-insurance-slayers-rule-exclusion	https://www.gpo.gov/fdsys/pkg/FR-2016-04-12/pdf/2016-08381.pdf	4/12/2016
Enhanced-Use Lease of Department of Veterans Affairs Real Property for the Development of Affordable Housing Facility in Minneapolis, Minnesota	Notice	The Secretary of Veterans Affairs intends to enter into an Enhanced-Use Lease (EUL) on approximately 3 acres of land for the purpose of developing 100 units of affordable housing for Veterans. The EUL lessee, CHDC Veterans Limited Partnership, will finance, design, develop, manage, maintain, and operate housing for eligible homeless Veterans, or Veterans at risk of homelessness, on a priority placement basis, and provide services that guide resident Veterans toward attaining long-term self-sufficiency.	2016-09153	https://www.federalregister.gov/documents/2016/04/20/2016-09153/enhanced-use-lease-of-department-of-veterans-affairs-real-property-for-the-development-of-affordable	https://www.gpo.gov/fdsys/pkg/FR-2016-04-20/pdf/2016-09153.pdf	4/20/2016
Expanded Access to Non-VA Care Through the Veterans Choice Program; Correction	Rule	The Department of Veterans Affairs published in the Federal Register of December 1, 2015, a document amending its medical regulations that implement section 101 of the Veterans Access, Choice, and Accountability Act of 2014. In that rule, two paragraphs were inadvertently removed. This document corrects that error.	2016-09475	https://www.federalregister.gov/documents/2016/04/25/2016-09475/expanded-access-to-non-va-care-through-the-veterans-choice-program-correction	https://www.gpo.gov/fdsys/pkg/FR-2016-04-25/pdf/2016-09475.pdf	4/25/2016
Technical Corrections-VA Vocational Rehabilitation and Employment Nomenclature Change for Position Title	Rule	The Department of Veterans Affairs is amending its regulations by making nonsubstantive changes to ensure consistency within its regulations regarding a nomenclature change in the title of a Vocational Rehabilitation and Employment position.	2016-10112	https://www.federalregister.gov/documents/2016/05/02/2016-10112/technical-corrections-va-vocational-rehabilitation-and-employment-nomenclature-change-for-position	https://www.gpo.gov/fdsys/pkg/FR-2016-05-02/pdf/2016-10112.pdf	5/2/2016
Increase in Maximum Tuition and Fee Amounts Payable Under the Post-9/11 GI Bill	Notice	The purpose of this notice is to inform the public of the increase in the Post-9/11 GI Bill maximum tuition and fee amounts payable and the increase in the amount used to determine an individual's entitlement charge for reimbursement of a licensing, certification, or national test for the 2016-2017 academic year (August 1, 2016-July 31, 2017).	2016-10744	https://www.federalregister.gov/documents/2016/05/09/2016-10744/increase-in-maximum-tuition-and-fee-amounts-payable-under-the-post-911-gi-bill	https://www.gpo.gov/fdsys/pkg/FR-2016-05-09/pdf/2016-10744.pdf	5/9/2016

Enhanced-Use Lease of the Department of Veterans Affairs Real Property for the Continued Management, Maintenance, and Operation of a Mixed-Use Development, Including an Office Building, on a Parcel of Land Totaling Approximately 15 Acres in Columbia, South Carolina	Notice	The Secretary of VA intends to amend the scope and terms of an existing Enhanced Use Lease (EUL) that was entered into on November 19, 2007, for a parcel of approximately 28 acres of land, for the purpose of developing, financing, constructing, managing, maintaining, and operating a mixed use development. Since that time, the needs of the local VA Medical Center have changed such that VA now requires taking back control of a 13 acre portion of the original parcel included in the EUL in order to renovate an existing historical building, construct additional facilities on the parcel, and obtain parking spaces. This notice provides details on the scope of the amended EUL. The EUL Lessee will continue to manage, maintain, and operate a mixed-use development on 15 acres, including a 137,000 square foot office building. The Lessee will also provide ground lease rent payments to support additional Veteran services.	2016-10858	https://www.federalregister.gov/documents/2016/05/10/2016-10858/enhanced-use-lease-of-the-department-of-veterans-affairs-real-property-for-the-continued-management	https://www.gpo.gov/fdsys/pkg/FR-2016-05-10/pdf/2016-10858.pdf	5/10/2016
Notice of Funding Availability (NOFA)	Notice	The Department of Veterans Affairs (VA) is announcing the availability of 1-year funding for the 21 currently operational fiscal year (FY) 2015 VA Homeless Providers Grant and Per Diem (GPD) Special Need Grant Recipients and their collaborative VA Special Need partners (as applicable) to submit renewal applications for assistance under the Special Need Grant component of VA's Homeless Providers GPD Program. The focus of this NOFA is to encourage applicants to continue to deliver services to the homeless special need Veteran population. This NOFA contains information concerning the program, application process, and amount of funding available.	2016-11849	https://www.federalregister.gov/documents/2016/05/20/2016-11849/notice-of-funding-availability-nofa	https://www.gpo.gov/fdsys/pkg/FR-2016-05-20/pdf/2016-11849.pdf	5/20/2016
Mailing Address of the Board of Veterans' Appeals	Rule	The Department of Veterans Affairs (VA) is amending its regulations on representation of claimants and the Rules of Practice of the Board of Veterans' Appeals (Board) to update the Board's mailing address and titles of certain individuals and offices at the Board to whom mail is addressed. These amendments are necessary because of a mailing address change and to ensure that correct titles of certain individuals and offices at the Board are reflected in the regulations.	2016-12111	https://www.federalregister.gov/documents/2016/05/24/2016-12111/mailling-address-of-the-board-of-veterans-appeals	https://www.gpo.gov/fdsys/pkg/FR-2016-05-24/pdf/2016-12111.pdf	5/24/2016
Notice of Availability of a Draft Environmental Impact Statement for the Reconfiguration of VA Black Hills Health Care System; Comment Period Extension	Notice	The Department of Veterans Affairs (VA) published, in the Federal Register on October 30, 2015, the Notice of Availability of a Draft Environmental Impact Statement (EIS) for the Reconfiguration of VA Black Hills Health Care System (BHHCS) that analyzes the potential impacts of six alternatives for changes to VA's facilities in Hot Springs and Rapid City, South Dakota. In order to successfully complete historic property consultation relating to this proposed action, VA is extending the closing date for the comment period for the Draft EIS from May 5, 2016 to June 20, 2016.	2016-14049	https://www.federalregister.gov/documents/2016/06/15/2016-14049/notice-of-availability-of-a-draft-environmental-impact-statement-for-the-reconfiguration-of-va-black	https://www.gpo.gov/fdsys/pkg/FR-2016-06-15/pdf/2016-14049.pdf	6/15/2016
Federal Civil Penalties Adjustment Act Amendments	Rule	The Federal Civil Monetary Penalties Act of 1990, as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, sets forth a formula increasing the maximum statutory amounts for civil monetary penalties and requires federal agencies to give notice of the new maximum amounts by regulation. Accordingly, this document gives notice that the Department of Veterans Affairs (VA) is increasing maximum civil monetary penalties from \$10,000 to \$21,563 for false loan guaranty certifications and from \$5,500 to \$10,781 for fraudulent claims or fraudulent statements in any VA program.	2016-14592	https://www.federalregister.gov/documents/2016/06/22/2016-14592/federal-civil-penalties-adjustment-act-amendments	https://www.gpo.gov/fdsys/pkg/FR-2016-06-22/pdf/2016-14592.pdf	6/22/2016
Cost-Based and Inter-Agency Billing Rates for Medical Care or Services Provided by the Department of Veterans Affairs	Notice	This document updates the Cost-Based and Inter-Agency billing rates for medical care or services provided by the Department of Veterans Affairs (VA) that apply in certain circumstances.	2016-15956	https://www.federalregister.gov/documents/2016/07/07/2016-15956/cost-based-and-inter-agency-billing-rates-for-medical-care-or-services-provided-by-the-department-of	https://www.gpo.gov/fdsys/pkg/FR-2016-07-07/pdf/2016-15956.pdf	7/7/2016

Authority To Solicit Gifts and Donations	Rule	The Department of Veterans Affairs (VA) amends its National Cemeteries regulation on the prohibition of officials and employees of VA from soliciting contributions from the public or authorizing the use of their names, name of the Secretary, or the name of VA for the purpose of making a gift or donation to VA. The amended regulation gives the Under Secretary of Memorial Affairs (USMA), or his designee, authority to solicit gifts and donations, which include monetary donations, in-kind goods and services, and personal property, or authorize the use of their names, the name of the Secretary, or the name of VA by an individual or organization in any campaign or drive for donation of money or articles to VA for the purpose of beautifying, or for the benefit of, one or more national cemeteries.	2016-16234	https://www.federalregister.gov/documents/2016/07/11/2016-16234/authority-to-solicit-gifts-and-donations	https://www.gpo.gov/fdsys/pkg/FR-2016-07-11/pdf/2016-16234.pdf	7/11/2016
Hospital Care and Medical Services for Camp Lejeune Veterans	Rule	This document amends Department of Veterans Affairs (VA) regulations to reflect a statutory mandate that VA provide health care to certain veterans who served at Camp Lejeune, North Carolina, for at least 30 days during the period beginning on August 1, 1953, and ending on December 31, 1956. The law requires VA to furnish hospital care and medical services for these veterans for certain illnesses and conditions that may be attributed to exposure to toxins in the water system at Camp Lejeune. This rule does not address the statutory provision requiring VA to provide health care to these veterans' family members; regulations applicable to such family members will be promulgated through a separate final rule.	2016-16917	https://www.federalregister.gov/documents/2016/07/18/2016-16917/hospital-care-and-medical-services-for-camp-lejeune-veterans	https://www.gpo.gov/fdsys/pkg/FR-2016-07-18/pdf/2016-16917.pdf	7/18/2016
Prescriptions in Alaska and U.S. Territories and Possessions	Rule	The Department of Veterans Affairs (VA) is removing its medical regulation that governs medications provided in Alaska and territories and possessions of the United States because this regulation is otherwise subsumed by another VA medical regulation related to provision of medications that are prescribed by non-VA providers.	2016-16908	https://www.federalregister.gov/documents/2016/07/18/2016-16908/prescriptions-in-alaska-and-us-territories-and-posessions	https://www.gpo.gov/fdsys/pkg/FR-2016-07-18/pdf/2016-16908.pdf	7/18/2016
Veterans Employment Pay for Success Grant Program	Rule	The Department of Veterans Affairs (VA) is establishing a grant program (Veterans Employment Pay for Success (VEPFS)) under the authority of the U.S.C. to award grants to eligible entities to fund projects that are successful in accomplishing employment rehabilitation for Veterans with service-connected disabilities. VA will award grants on the basis of an eligible entity's proposed use of a Pay for Success (PFS) strategy to achieve goals. This interim final rule establishes regulations for awarding a VEPFS grant, including the general process for awarding the grant, criteria and parameters for evaluating grant applications, priorities related to the award of a grant, and general requirements and guidance for administering a VEPFS grant program.	2016-18721	https://www.federalregister.gov/documents/2016/08/10/2016-18721/veterans-employment-pay-for-success-grant-program	https://www.gpo.gov/fdsys/pkg/FR-2016-08-10/pdf/2016-18721.pdf	8/10/2016
Fund Availability under the Grants for Transportation of Veterans in Highly Rural Areas	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds under the Grants for Transportation of Veterans in Highly Rural Areas. This Notice of Funding Availability (Notice) contains information concerning the Grants for Transportation of Veterans in Highly Rural Areas program, grant renewal application process, and amount of funding available.	2016-19163	https://www.federalregister.gov/documents/2016/08/11/2016-19163/fund-availability-under-the-grants-for-transportation-of-veterans-in-highly-rural-areas	https://www.gpo.gov/fdsys/pkg/FR-2016-08-11/pdf/2016-19163.pdf	8/11/2016
Veterans Employment Pay for Success Grant Program	Notice	The Department of Veterans Affairs (VA) is establishing a grant program (Veterans Employment Pay for Success (VEPFS)) under the authority of 38 U.S.C. 3119 to award grants to eligible entities to fund projects that are successful in accomplishing employment rehabilitation for Veterans with a Service-connected Disability. VA will award grants on the basis of an eligible entity's proposed use of a Pay for Success (PFS) strategy to achieve goals. This Notice includes the general process for awarding the grant, criteria and parameters for evaluating grant applications, priorities related to the award of a grant, and general requirements and guidance for administering a VEPFS grant program.	2016-19304	https://www.federalregister.gov/documents/2016/08/15/2016-19304/veterans-employment-pay-for-success-grant-program-vepfs-program	https://www.gpo.gov/fdsys/pkg/FR-2016-08-15/pdf/2016-19304.pdf	8/15/2016
Loan Guaranty: Delegation of Authority	Rule	This document amends the Department of Veterans Affairs (VA) loan guaranty regulations to correct an oversight in the delegation of authority to exercise the powers and functions of the Secretary with respect to the guaranty or insurance of loans and the rights and liabilities arising therefrom. This document also incorporates into regulatory form delegatory authority already granted certain VA loan guaranty officials to administer and manage properties acquired by VA.	2016-20499	https://www.federalregister.gov/documents/2016/08/29/2016-20499/loan-guaranty-delegation-of-authority	https://www.gpo.gov/fdsys/pkg/FR-2016-08-29/pdf/2016-20499.pdf	8/29/2016

Annual Pay Ranges for Physicians and Dentists of the Veterans Health Administration (VHA)	Notice	As required by the "Department of Veterans Affairs Health Care Personnel Enhancement Act of 2004" (Pub. L. 108-445, dated December 3, 2004) the Department of Veterans Affairs (VA) is hereby giving notice of annual pay ranges for Veterans Health Administration (VHA) physicians and dentists as prescribed by the Secretary for Department-wide applicability. These annual pay ranges are intended to enhance the flexibility of the Department to recruit, develop, and retain the most highly qualified providers to serve our Nation's Veterans and maintain a standard of excellence in the VA health care system.	2016-20910	https://www.federalregister.gov/documents/2016/09/01/2016-20910/annual-pay-ranges-for-physicians-and-dentists-of-the-veterans-health-administration-vha	https://www.gpo.gov/fdsys/pkg/FR-2016-09-01/pdf/2016-20910.pdf	9/1/2016
Telephone Enrollment in the VA Healthcare System	Rule	The Department of Veterans Affairs (VA) adopts as final, without change, an interim final rule amending its medical regulations. Specifically, this rule allows veterans to complete applications for health care enrollment by providing application information, agreeing to VA's provisions regarding copayment liability and assignment of third-party insurance benefits, and attesting to the accuracy and authenticity of the information provided to a VA employee over the phone. This action makes it easier for veterans to apply to enroll and speeds VA processing of applications.	2016-21830	https://www.federalregister.gov/documents/2016/09/12/2016-21830/telephone-enrollment-in-the-va-healthcare-system	https://www.gpo.gov/fdsys/pkg/FR-2016-09-12/pdf/2016-21830.pdf	9/12/2016
Reasonable Charges for Inpatient MS-DRGs and SNF Medical Services; v3.19, Fiscal Year 2017 Update	Notice	This document updates the acute inpatient and the skilled nursing facility (SNF)/sub-acute inpatient facility charges. The updated charges are based on the 2017 Medicare severity diagnosis related groups (MS-DRG).	2016-21959	https://www.federalregister.gov/documents/2016/09/13/2016-21959/reasonable-charges-for-inpatient-ms-drgs-and-snf-medical-services-v319-fiscal-year-2017-update	https://www.gpo.gov/fdsys/pkg/FR-2016-09-13/pdf/2016-21959.pdf	9/13/2016
Authority To Solicit Gifts and Donations	Rule	On July 11, 2016, the Department of Veterans Affairs (VA) published a direct final rule amending its regulation that governs soliciting contributions from the public by officials and employees of NCA, or authorizing the use of officials' or employees' names, name of the Secretary, or the name of VA for the purpose of making a gift or donation to VA. VA received two supportive comments and no adverse comments concerning the direct final rule and its companion substantially identical proposed rule published in the Federal Register on the same date. This document confirms that the direct final rule became effective on September 9, 2016. In a companion document in this issue of the Federal Register, we are withdrawing as unnecessary the proposed rule.	2016-22834	https://www.federalregister.gov/documents/2016/09/22/2016-22834/authority-to-solicit-gifts-and-donations	https://www.gpo.gov/fdsys/pkg/FR-2016-09-22/pdf/2016-22834.pdf	9/22/2016
Federal Civil Penalties Adjustment Act Amendments	Rule	The Federal Civil Monetary Penalties Act of 1990, as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015, sets forth a formula increasing the maximum statutory amounts for civil monetary penalties and requires federal agencies to give notice of the new maximum amounts by regulation. This final rule of the Department of Veterans Affairs (VA) adopts without change VA's interim final rule, which increased maximum civil monetary penalties from \$10,000 to \$21,563 for false loan guaranty certifications and from \$5,500 to \$10,781 for fraudulent claims or fraudulent statements in any VA program.	2016-22732	https://www.federalregister.gov/documents/2016/09/23/2016-22732/federal-civil-penalties-adjustment-act-amendments	https://www.gpo.gov/fdsys/pkg/FR-2016-09-23/pdf/2016-22732.pdf	9/23/2016
Revision to a Previously Approved Information Collection (Veterans Benefits Administration (VBA) Voice of the Veteran Customer Satisfaction Continuous Measurement Survey) Activity: Comment Request	Notice	The Veterans Benefits Administration (VBA), Department of Veterans Affairs (VA), is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act (PRA) of 1995, Federal agencies are required to publish notice in the Federal Register concerning each proposed collection of information, including each proposed revision of a currently approved collection, and allow 60 days for public comment in response to the notice.	2016-23241	https://www.federalregister.gov/documents/2016/09/27/2016-23241/revision-to-a-previously-approved-information-collection-veterans-benefits-administration-vba-voice	https://www.gpo.gov/fdsys/pkg/FR-2016-09-27/pdf/2016-23241.pdf	9/27/2016
Repayment by VA of Educational Loans for Certain Psychiatrists	Rule	The Department of Veterans Affairs (VA) is adding to its medical regulations a program for the repayment of educational loans for certain psychiatrists who agree to a period of obligated service with VA. This program is intended to increase the pool of qualified VA psychiatrists and increase veterans' access to mental health care.	2016-23360	https://www.federalregister.gov/documents/2016/09/29/2016-23360/repayment-by-va-of-educational-loans-for-certain-psychiatrists	https://www.gpo.gov/fdsys/pkg/FR-2016-09-29/pdf/2016-23360.pdf	9/29/2016

Tribal Health Programs-Community Care Consolidation	Notice	The Department of Veterans Affairs (VA), Veterans Health Administration (VHA) will facilitate a Tribal Consultation on the VHA's effort to improve continuity of care and health care access for Veterans by consolidating multiple community care programs, previously known as non-VA care, into one standard program with standard rates. In October 2015, VA submitted to Congress the Plan to Consolidate Programs of Department of Veterans Affairs to Improve Access to Care, http://www.va.gov/opa/publications/VA_Community_Care_Report_11_03_2015.pdf , which lays out the vision for a consolidated community care program that is easy to understand, simple to administer, and meets the needs of Veterans, community providers, and VA staff. As VA continues to move forward with implementing the vision of the Plan, we again seek tribal input to assist VA in developing the network of providers in a manner that would build on VA's existing relationships with tribal health programs and facilitate future collaboration to improve health care services provided to all eligible, VA-enrolled Veterans, regardless of whether they are eligible for Indian Health Service-funded health care or not. We are seeking tribal consultation regarding the tribal health programs' participation in the core provider network, as outlined in the Plan, and potentially transitioning from the current reimbursement agreement structure to a model under which tribal health programs deliver care to all eligible, VA enrolled Veterans using a standard reimbursement rate based on Medicare rates.	2016-23483	https://www.federalregister.gov/documents/2016/09/29/2016-23483/tribal-health-programs-community-care-consolidation	https://www.gpo.gov/fdsys/pkg/FR-2016-09-29/pdf/2016-23483.pdf	9/29/2016
Extension of the Presumptive Period for Compensation for Gulf War Veterans	Rule	The Department of Veterans Affairs (VA) is issuing this interim final rule to amend its adjudication regulations regarding compensation for disabilities resulting from undiagnosed illnesses suffered by veterans who served in the Persian Gulf War. This amendment is necessary to extend the presumptive period for qualifying chronic disabilities resulting from undiagnosed illnesses that must become manifest to a compensable degree in order that entitlement for compensation be established. The intended effect of this amendment is to provide consistency in VA adjudication policy and preserve certain rights afforded to Persian Gulf War veterans and ensure fairness for current and future Persian Gulf War veterans.	2016-25017	https://www.federalregister.gov/documents/2016/10/17/2016-25017/extension-of-the-presumptive-period-for-compensation-for-gulf-war-veterans	https://www.gpo.gov/fdsys/pkg/FR-2016-10-17/pdf/2016-25017.pdf	10/17/2016
Loan Guaranty: Assistance to Eligible Individuals in Acquiring Specially Adapted Housing; Cost-of-Construction Index	Notice	The U.S. Department of Veterans Affairs (VA) announces that the aggregate amounts of assistance available under the Specially Adapted Housing (SAH) grant program will increase by 4.797 percent for Fiscal Year (FY) 2017.	2016-25398	https://www.federalregister.gov/documents/2016/10/20/2016-25398/loan-guaranty-assistance-to-eligible-individuals-in-acquiring-specially-adapted-housing	https://www.gpo.gov/fdsys/pkg/FR-2016-10-20/pdf/2016-25398.pdf	10/20/2016
Notice of Availability of a Draft Environmental Impact Statement (EIS) for a Replacement Veterans Affairs Medical Center, Louisville, Kentucky	Notice	VA proposes to site, construct and operate a new campus to replace the existing Robley Rex VA Medical Center (VAMC), Veterans Benefits Administration (VBA) regional office, and three community- based outpatient clinics (CBOC) in Louisville, Kentucky. In accordance with the National Environmental Policy Act (NEPA), VA has prepared a Draft EIS that analyzes the potential impacts of three alternatives for the replacement VAMC. The Draft EIS is available for review on the agency Web site and at the St. Matthews and Westport Branches of the Louisville Free Public Library system.	2016-25964	https://www.federalregister.gov/documents/2016/10/27/2016-25964/notice-of-availability-of-a-draft-environmental-impact-statement-eis-for-a-replacement-veterans	https://www.gpo.gov/fdsys/pkg/FR-2016-10-27/pdf/2016-25964.pdf	10/27/2016
Notice of Availability of a Final Environmental Impact Statement (EIS) for the Reconfiguration of VA Black Hills Health Care System (BHHCS)	Notice	VA announces the availability of the Final EIS for the Reconfiguration of the VA Black Hills Health Care System (BHHCS). Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended (42 U.S.C. 4321, et seq.), the Council on Environmental Quality's (CEQ's) regulations for implementing the procedural provisions of NEPA (40 Code of Federal Regulations [CFR] Parts 1500- 1508), VA's NEPA regulations titled ``Environmental Effects of the Department of Veterans Affairs Actions" (38 CFR part 26), and VA's ``NEPA Interim Guidance for Projects" (VA 2010), VA has considered comments received on the Draft EIS, which was issued in October 2015 and identifies VA's preferred alternative in the Final EIS. The Final EIS uses the substitution approach for integrating compliance with Section 106 of the National Historic Preservation Act (NHPA) into the EIS process.	2016-27207	https://www.federalregister.gov/documents/2016/11/10/2016-27207/notice-of-availability-of-a-final-environmental-impact-statement-eis-for-the-reconfiguration-of-va	https://www.gpo.gov/fdsys/pkg/FR-2016-11-10/pdf/2016-27207.pdf	11/10/2016

Tribal Health Programs-Community Care Consolidation	Notice	The Department of Veterans Affairs (VA), Veterans Health Administration (VHA) will facilitate a Tribal Consultation on VHA's effort to improve continuity of care and health care access for Veterans by consolidating multiple community care programs, previously known as non-VA care, into one standard program with standard rates. In October 2015, VA submitted to Congress the Plan to Consolidate Programs of Department of Veterans Affairs to Improve Access to Care, http://www.va.gov/opa/publications/VA_Community_Care_Report_11_03_2015.pdf , which lays out the vision for a consolidated community care program that is easy to understand, simple to administer, and meets the needs of Veterans, community providers, and VA staff. As VA continues to move forward with implementing the vision of the Plan, we again seek tribal input to assist VA in developing the network of providers in a manner that would build on VA's existing relationships with tribal health programs and facilitate future collaboration to improve health care services provided to all eligible, VA-enrolled Veterans, regardless of whether they are eligible for Indian Health Service-funded health care or not. Annual Determination of Staffing Shortages	Notice	Section 7412 of title 38, United States Code (U.S.C.) requires the Department of Veterans Affairs (VA) Inspector General (IG) to determine and report on the top five occupations of VA personnel covered under 38 U.S.C. 7401, for which there are the largest staffing shortages. The top five occupations are calculated over the five-year period preceding the determination, and the Secretary of Veterans Affairs is required to publish these findings in the Federal Register. Based on its review, the IG identified the following six occupations as having the largest staffing shortages in the identified time period: Medical Officer, Nurse, Psychologist, Physician Assistant, Physical Therapist and Medical Technologist. Six occupations are identified because the Psychologist and Physician Assistant positions tied for the third position, and the Physical Therapist and Medical Technologist positions tied for the fifth position. Additional information and analysis can be found at: www.va.gov/OIG .	2016-27976	https://www.federalregister.gov/documents/2016/11/21/2016-27976/annual-determination-of-staffing-shortages	https://www.gpo.gov/fdsys/pkg/FR-2016-11-21/pdf/2016-27976.pdf	11/21/2016
Allowance for Private Purchase of an Outer Burial Receptacle in Lieu of a Government-Furnished Graveliner for a Grave in a VA National Cemetery	Notice	The Department of Veterans Affairs (VA) is updating the monetary allowance payable for qualifying interments that occur during calendar year 2017, which applies toward the private purchase of an outer burial receptacle (or "graveliner") for use in a VA national cemetery. The allowance is equal to the average cost of Government-furnished graveliners less any administrative costs to VA. The purpose of this Notice is to notify interested parties of the average cost of Government-furnished graveliners, administrative costs that relate to processing and paying the allowance and the amount of the allowance payable for qualifying interments that occur during calendar year 2017.	2016-29273	https://www.federalregister.gov/documents/2016/12/07/2016-29273/allowance-for-private-purchase-of-an-outer-burial-receptacle-in-lieu-of-a-government-furnished	https://www.gpo.gov/fdsys/pkg/FR-2016-12-07/pdf/2016-29273.pdf	12/7/2016
Extension of Pharmacy Copayments for Medications	Rule	The Department of Veterans Affairs (VA) amends its medical regulations concerning the copayment required for certain medications. This rulemaking freezes copayments at the current rate for veterans in priority groups 2 through 8 through February 26, 2017.	2016-29337	https://www.federalregister.gov/documents/2016/12/07/2016-29337/extension-of-pharmacy-copayments-for-medications	https://www.gpo.gov/fdsys/pkg/FR-2016-12-07/pdf/2016-29337.pdf	12/7/2016

Funding Availability Under Supportive Services for Veteran Families Program	Notice	Funding Opportunity Title: Supportive Services for Veteran Families Program; Announcement Type: Initial; Funding Opportunity Number: VA-SSVF-120516; Catalog of Federal Domestic Assistance Number: 64.033, VA Supportive Services for Veteran Families Program. The Department of Veterans Affairs (VA) is announcing the availability of funds for supportive services grants under the Supportive Services for Veteran Families (SSVF) program. This Notice of Fund Availability (NOFA) contains information concerning the SSVF program, initial and renewal supportive services grant application processes, and the amount of funding available. Awards made for supportive services grants will fund operations beginning October 1, 2017.	2016-29269	https://www.federalregister.gov/documents/2016/12/07/2016-29269/funding-availability-under-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2016-12-07/pdf/2016-29269.pdf	12/7/2016
Tiered Pharmacy Copayments for Medications	Rule	The Department of Veterans Affairs (VA) adopts as a final rule, with changes, a proposal to amend its regulations concerning copayments charged to certain veterans for medication required on an outpatient basis to treat nonservice-connected conditions. Prior to this final rule, VA charged non-exempt veterans either \$8 or \$9 for each 30-day or less supply of medication, and that amount may have changed in future years. This rulemaking replaces those rates and establishes three classes of medications for copayment purposes, identified as Tier 1, Tier 2, and Tier 3. These tiers are defined further in the rulemaking and are distinguished in part based on whether the medications are available from multiple sources or a single source, with some exceptions. Copayment amounts are fixed and would vary depending upon the class of medication. The following medication copayment amounts are applicable on the effective date of this final rule: \$5 for a 30-day or less supply of a Tier 1 medication, \$8 for a 30-day or less supply of a Tier 2 medication, and \$11 for a 30-day or less supply of a Tier 3 medication. For non-exempt veterans these copayment amounts will result in lower out-of-pocket costs, thereby encouraging greater adherence to taking prescribed medications and reducing the risk of fragmented care that results when veterans use non-VA pharmacies to fill their prescriptions. The proposed rule was published on January 5, 2016 and the public comment period closed on March 7, 2016. We received nine comments and respond to these comments here.	2016-29515	https://www.federalregister.gov/documents/2016/12/12/2016-29515/tiered-pharmacy-copayments-for-medications	https://www.gpo.gov/fdsys/pkg/FR-2016-12-12/pdf/2016-29515.pdf	12/12/2016
Notice of Availability of a Draft Environmental Impact Statement for a Replacement Veterans Affairs Medical Center, Louisville, Kentucky; Comment Period Extension	Notice	On October 27, 2016, the Department of Veterans Affairs (VA) published, in the Federal Register, the Notice of Availability of a Draft Environmental Impact Statement (EIS) for a Replacement VA Medical Center (VAMC) and Veterans Benefits Administration (VBA) regional office in Louisville, Kentucky, that analyzes the potential impacts of three alternatives for changes to VA's facilities in the Louisville area. Two public hearings on the Draft EIS were held in Louisville on November 15, 2016, which were attended by over 200 people. Since then, VA has received many requests from stakeholders for more time to review and analyze the document due to its size and the controversy surrounding the preferred alternative. After considering these requests and other factors, VA is extending the comment period for the Draft EIS by 30 days, from December 12, 2016 to January 11, 2017.	2016-29871	https://www.federalregister.gov/documents/2016/12/13/2016-29871/notice-of-availability-of-a-draft-environmental-impact-statement-for-a-replacement-veterans-affairs	https://www.gpo.gov/fdsys/pkg/FR-2016-12-13/pdf/2016-29871.pdf	12/13/2016

Advanced Practice Registered Nurses	Rule	The Department of Veterans Affairs (VA) is amending its medical regulations to permit full practice authority of three roles of VA advanced practice registered nurses (APRN) when they are acting within the scope of their VA employment. Certified Registered Nurse Anesthetists (CRNA) will not be included in VA's full practice authority under this final rule, but comment is requested on whether there are access issues or other unconsidered circumstances that might warrant their inclusion in a future rulemaking. The final rulemaking establishes the professional qualifications an individual must possess to be appointed as an APRN within VA, establishes the criteria under which VA may grant full practice authority to an APRN, and defines the scope of full practice authority for each of the three roles of APRN. The services provided by an APRN under full practice authority in VA are consistent with the nursing profession's standards of practice for such roles. This rulemaking increases veterans' access to VA health care by expanding the pool of qualified health care professionals who are authorized to provide primary health care and other related health care services to the full extent of their education, training, and certification, without the clinical supervision of physicians, and it permits VA to use its health care resources more effectively and in a manner that is consistent with the role of APRNs in the non-VA health care sector, while maintaining the patient-centered, safe, high-quality health care that veterans receive from VA.	2016-29950	https://www.federalregister.gov/documents/2016/12/14/2016-29950/advanced-practice-registered-nurses	https://www.gpo.gov/fdsys/pkg/FR-2016-12-14/pdf/2016-29950.pdf	12/14/2016
Reasonable Charges for Medical Care or Services; v3.21, 2017 Calendar Year Update and National Average Administrative Prescription Drug Charge Update	Notice	This Department of Veterans Affairs (VA) notice updates the data for calculating the ``Reasonable Charges" collected or recovered by VA for medical care or services. This notice also updates the ``National Average Administrative Prescription Costs" for purposes of calculating VA's charges for prescription drugs that were not administered during treatment, but provided or furnished by VA to a veteran.	2016-30008	https://www.federalregister.gov/documents/2016/12/14/2016-30008/reasonable-charges-for-medical-care-or-services-v321-2017-calendar-year-update-and-national-average	https://www.gpo.gov/fdsys/pkg/FR-2016-12-14/pdf/2016-30008.pdf	12/14/2016
Reimbursement for Caskets and Urns for Burial of Unclaimed Remains in a National Cemetery	Notice	The Department of Veterans Affairs (VA) is updating the monetary reimbursement rates for caskets and urns purchased for the interment in a VA national cemetery of Veterans who die with no known next of kin and where there are insufficient resources for furnishing a burial container. The purpose of this notice is to notify interested parties of the rates that will apply to reimbursement claims that occur during calendar year (CY) 2017.	2016-30510	https://www.federalregister.gov/documents/2016/12/20/2016-30510/reimbursement-for-caskets-and-urns-for-burial-of-unclaimed-remains-in-a-national-cemetery	https://www.gpo.gov/fdsys/pkg/FR-2016-12-20/pdf/2016-30510.pdf	12/20/2016
Funding Availability: Homeless Providers Grant and Per Diem Program	Notice	VA is announcing the availability of per diem funds to currently operational GPD grantees which have their current transitional housing grants under VA's Homeless Providers GPD Program whose grants are scheduled to be terminated as discussed in an accompanying Federal Register notice. VA expects to fund 24 existing service centers and 12,000 beds with this NOFA for applicants who will operate service centers or use one or a combination of the following housing models: Bridge Housing, Low Demand, Respite Care, Clinical Treatment, and Service-Intensive Transitional Housing.	2016-30957	https://www.federalregister.gov/documents/2016/12/23/2016-30957/funding-availability-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2016-12-23/pdf/2016-30957.pdf	12/23/2016
Notice that Certain VA Homeless Providers Grants Will Be Terminated	Notice	VA is announcing that all per diem funding for grants awarded during fiscal year (FY) 1994 through FY 2016 under VA's Homeless Providers GPD will be terminated, in accordance with the grant award agreements. This does not apply to special need grants and Transition in Place (TIP) grants. Prior to September 30, 2017, VA will offer the opportunity to compete for new grants through a Notice of Funding Availability (NOFA) to grantees whose transitional housing and service center grants will be terminated. This will allow the Department and grantees to refocus programs and resources to better serve the homeless Veteran population.	2016-30958	https://www.federalregister.gov/documents/2016/12/23/2016-30958/notice-that-certain-va-homeless-providers-grants-will-be-terminated	https://www.gpo.gov/fdsys/pkg/FR-2016-12-23/pdf/2016-30958.pdf	12/23/2016
Revision to a Previously Approved Information Collection (Veterans Benefits Administration (VBA) Voice of the Veteran (VOV) Customer Satisfaction Continuous Measurement Survey)	Notice	In compliance with the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3521), this notice announces that the Veterans Benefits Administration (VBA), Department of Veterans Affairs, will submit the collection of information abstracted below to the Office of Management and Budget (OMB) for review and comment. The PRA submission describes the nature of the information collection and its expected cost and burden; it includes the actual data collection instrument.	2016-30961	https://www.federalregister.gov/documents/2016/12/23/2016-30961/revision-to-a-previously-approved-information-collection-veterans-benefits-administration-vba-voice	https://www.gpo.gov/fdsys/pkg/FR-2016-12-23/pdf/2016-30961.pdf	12/23/2016

Notice of Availability of a Record of Decision (ROD) for the Reconfiguration of VA Black Hills Health Care System (BHHCS)	Notice	VA announces the availability of the ROD for the Reconfiguration of VA Black Hills Health Care System (BHHCS). The ROD states the decision to implement VA's preferred alternative as described in the Final EIS. Environmental consequences of the action are discussed in the ROD, along with the required minimization and mitigation measures.	2017-00278	https://www.federalregister.gov/documents/2017/01/11/2017-00278/notice-of-availability-of-a-record-of-decision-rod-for-the-reconfiguration-of-va-black-hills-health	https://www.gpo.gov/fdsys/pkg/FR-2017-01-11/pdf/2017-00278.pdf	1/11/2017
Diseases Associated With Exposure to Contaminants in the Water Supply at Camp Lejeune	Rule	The Department of Veterans Affairs (VA) amends its adjudication regulations regarding presumptive service connection, adding certain diseases associated with contaminants present in the base water supply at U.S. Marine Corps Base Camp Lejeune (Camp Lejeune), North Carolina, from August 1, 1953, to December 31, 1987. This final rule establishes that veterans, former reservists, and former National Guard members, who served at Camp Lejeune for no less than 30 days (consecutive or nonconsecutive) during this period, and who have been diagnosed with any of eight associated diseases, are presumed to have incurred or aggravated the disease in service for purposes of entitlement to VA benefits. In addition, this final rule establishes a presumption that these individuals were disabled during the relevant period of service for purposes of establishing active military service for benefits purposes. Under this presumption, affected former reservists and National Guard members have veteran status for purposes of entitlement to some VA benefits. This amendment implements a decision by the Secretary of Veterans Affairs that service connection on a presumptive basis is warranted for claimants who served at Camp Lejeune during the relevant period and for the requisite amount of time and later develop certain diseases.	2017-00499	https://www.federalregister.gov/documents/2017/01/13/2017-00499/diseases-associated-with-exposure-to-contaminants-in-the-water-supply-at-camp-lejeune	https://www.gpo.gov/fdsys/pkg/FR-2017-01-13/pdf/2017-00499.pdf	1/13/2017
Loan Guaranty: Specially Adapted Housing Assistive Technology Grant Program	Notice	The Department of Veterans Affairs (VA), is announcing the availability of funds for the Specially Adapted Housing Assistive Technology (SAHAT) Grant Program for fiscal year (FY) 2017. The objective of the grant is to encourage the development of new assistive technologies for specially adapted housing. This Notice is intended to provide applicants with the information necessary to apply for the SAHAT Grant Program. Registration will be available at www.Grants.gov . VA strongly recommends referring to the Loan Guaranty--Specially Adapted Housing Assistive Technology Grant Program final rule (38 CFR 36.4412) in conjunction with this Notice. The registration process described within this Notice applies only to applicants who will register to submit project applications for FY 2017 SAHAT Grant Program funds.	2017-00797	https://www.federalregister.gov/documents/2017/01/17/2017-00797/loan-guaranty-specially-adapted-housing-assistive-technology-grant-program	https://www.gpo.gov/fdsys/pkg/FR-2017-01-17/pdf/2017-00797.pdf	1/17/2017
Repayment by VA of Educational Loans for Certain Psychiatrists; Correction	Rule	The Department of Veterans Affairs published in the Federal Register on September 29, 2016, a document amending its regulations concerning the repayment of educational loans for certain psychiatrists who agree to a period of obligated service with VA. The document contained several section and paragraph numbering errors. This document corrects the errors and does not make any substantive change to the content of the final rule.	2017-00232	https://www.federalregister.gov/documents/2017/01/17/2017-00232/repayment-by-va-of-educational-loans-for-certain-psychiatrists-correction	https://www.gpo.gov/fdsys/pkg/FR-2017-01-17/pdf/2017-00232.pdf	1/17/2017
Federal Policy for the Protection of Human Subjects	Rule	The departments and agencies listed in this document announce revisions to modernize, strengthen, and make more effective the Federal Policy for the Protection of Human Subjects that was originally promulgated as a Common Rule in 1991. This final rule is intended to better protect human subjects involved in research, while facilitating valuable research and reducing burden, delay, and ambiguity for investigators. These revisions are an effort to modernize, simplify, and enhance the current system of oversight.	2017-01058	https://www.federalregister.gov/documents/2017/01/19/2017-01058/federal-policy-for-the-protection-of-human-subjects	https://www.gpo.gov/fdsys/pkg/FR-2017-01-19/pdf/2017-01058.pdf	1/19/2017

Fertility Counseling and Treatment for Certain Veterans and Spouses	Rule	The Department of Veterans Affairs (VA) amends its regulation regarding fertility counseling and treatment available to certain veterans and spouses. VA currently provides certain infertility services other than in vitro fertilization (IVF) to veterans as part of the medical benefits package. IVF is the process of fertilization by manually fertilizing an egg, and then transferring the embryo to the uterus. This interim final rulemaking adds a new section authorizing IVF for a veteran with a service-connected disability that results in the inability of the veteran to procreate without the use of fertility treatment. In addition, we add a new section stating that VA may provide fertility counseling and treatment using assisted reproductive technologies (ART), including IVF, to a spouse of a veteran with a service-connected disability that results in the inability of the veteran to procreate without the use of fertility treatment. VA will provide ART treatment, including IVF, to these veterans and spouses as specified in the Continuing Appropriations and Military Construction, Veterans Affairs, and Related Agencies Appropriations Act, 2017, and Zika Response and Preparedness Act to the extent such services are consistent with the services available to enrolled veterans under the medical benefits package.	2017-00280	https://www.federalregister.gov/documents/2017/01/19/2017-00280/fertility-counseling-and-treatment-for-certain-veterans-and-spouses	https://www.gpo.gov/fdsys/pkg/FR-2017-01-19/pdf/2017-00280.pdf	1/19/2017
Information Collection Activity: (Presidential Memorial Certificate Form)	Notice	The National Cemetery Administration (NCA), Department of Veterans Affairs (VA), is announcing an opportunity for public comment on the proposed collection of certain information by the agency. Under the Paperwork Reduction Act (PRA) of 1995, Federal agencies are required to publish notice in the Federal Register concerning each proposed collection of information, including each revised collection allow 60 days for public comment in response to the notice.	2017-01144	https://www.federalregister.gov/documents/2017/01/19/2017-01144/information-collection-activity-presidential-memorial-certificate-form	https://www.gpo.gov/fdsys/pkg/FR-2017-01-19/pdf/2017-01144.pdf	1/19/2017
Recognition of Tribal Organizations for Representation of VA Claimants	Rule	The Department of Veterans Affairs (VA) is amending its regulations concerning recognition of certain national, State, and regional or local organizations for purposes of VA claims representation. Specifically, this rulemaking allows the Secretary to recognize tribal organizations in a similar manner as the Secretary recognizes State organizations. The final rule allows a tribal organization that is established and funded by one or more tribal governments to be recognized for the purpose of providing assistance on VA benefit claims. In addition, the final rule allows an employee of a tribal government to become accredited through a recognized State organization in a similar manner as a County Veterans' Service Officer (CVSO) may become accredited through a recognized State organization. The effect of this action is to address the needs of Native American populations who are geographically isolated from existing recognized Veterans Service Organizations (VSOs) or who may not be utilizing other recognized VSOs due to cultural barriers or lack of familiarity with those organizations.	2017-00947	https://www.federalregister.gov/documents/2017/01/19/2017-00947/recognition-of-tribal-organizations-for-representation-of-va-claimants	https://www.gpo.gov/fdsys/pkg/FR-2017-01-19/pdf/2017-00947.pdf	1/19/2017
Cost-of-Living Adjustments Effective December 1, 2016	Notice	As required by law, the Department of Veterans Affairs (VA) is hereby giving notice of cost-of-living adjustments (COLAs) in certain benefit rates. These COLAs affect the dependency and indemnity compensation (DIC) program. The rate of the adjustment is tied to the increase in Social Security benefits effective December 1, 2016, as announced by the Social Security Administration (SSA). SSA has announced an increase of 0.3%.	2017-01458	https://www.federalregister.gov/documents/2017/01/24/2017-01458/cost-of-living-adjustments-effective-december-1-2016	https://www.gpo.gov/fdsys/pkg/FR-2017-01-24/pdf/2017-01458.pdf	1/24/2017
Loan Guaranty: Maximum Allowable Attorney Fees	Notice	This notice provides updated information to participants in the Department of Veterans Affairs (VA) Home Loan Guaranty program concerning the maximum allowable bankruptcy attorney fees that are incurred by a servicer for legal services performed on their behalf. The notice also provides the allowable maximum attorney fees in calculating the indebtedness used to determine the guaranty claim payable upon loan termination. The table in this notice contains the amounts the Secretary has determined to be reasonable and customary for all States, following an annual review of amounts allowed by other government-related home loan programs.	2017-02474	https://www.federalregister.gov/documents/2017/02/07/2017-02474/loan-guaranty-maximum-allowable-attorney-fees	https://www.gpo.gov/fdsys/pkg/FR-2017-02-07/pdf/2017-02474.pdf	2/7/2017

Fertility Counseling and Treatment for Certain Veterans and Spouses, Correction	Rule	The Department of Veterans Affairs published in the Federal Register on January 19, 2017, an interim final rulemaking adding a new section authorizing in vitro fertilization (IVF) for a veteran with a service-connected disability that results in the inability of the veteran to procreate without the use of fertility treatment. In addition, we added a new section authorizing VA to provide fertility counseling and treatment using assisted reproductive technologies (ART), including IVF, to a spouse of a veteran with a service-connected disability that results in the inability of the veteran to procreate without the use of fertility treatment. These sections contain an error regarding the expiration date VA's authority to provide health care services. This document corrects the errors and does not make any substantive change to the content of the interim final rule.	2017-03319	https://www.federalregister.gov/documents/2017/02/21/2017-03319/fertility-counseling-and-treatment-for-certain-veterans-and-spouses-correction	https://www.gpo.gov/fdsys/pkg/FR-2017-02-21/pdf/2017-03319.pdf	2/21/2017
Recognition of Tribal Organizations for Representation of VA Claimants; Delay of Effective Date	Rule	In accordance with the memorandum of January 20, 2017, from the Assistant to the President and Chief of Staff, entitled ``Regulatory Freeze Pending Review," this action delays the effective date of the final rule (``Recognition of Tribal Organizations for Representation of VA Claimants") published January 19, 2017, from February 21, 2017, until <u>March 21, 2017</u> .	2017-03328	https://www.federalregister.gov/documents/2017/02/21/2017-03328/recognition-of-tribal-organizations-for-representation-of-v-a-claimants-delay-of-effective-date	https://www.gpo.gov/fdsys/pkg/FR-2017-02-21/pdf/2017-03328.pdf	2/21/2017
VA Veteran-Owned Small Business Verification Guidelines	Rule	This document implements a portion of the Veterans Benefits, Health Care, and Information Technology Act of 2006, which requires the Department of Veterans Affairs (VA) to verify ownership and control of veteran-owned small businesses (VOSB), including service-disabled veteran-owned small businesses (SDVOSB) in order for these firms to participate in VA acquisitions set-aside for SDVOSB/VOSBs. This interim final rule contains a minor revision to require re-verification of SDVOSB/VOSB status only every three years rather than biennially. The purpose of this change is to reduce the administrative burden on SDVOSB/VOSBs regarding participation in VA acquisitions set asides for these types of firms.	2017-03331	https://www.federalregister.gov/documents/2017/02/21/2017-03331/va-veteran-owned-small-business-verification-guidelines	https://www.gpo.gov/fdsys/pkg/FR-2017-02-21/pdf/2017-03331.pdf	2/21/2017
Veterans Benefits Administration; Loan Guaranty: Technical Corrections	Rule	On June 15, 2010, VA published a document in the Federal Register eliminating redundant provisions from its loan guaranty regulations following the implementation of a new electronic reporting system and redesignating the section numbers of these regulations. At that time, VA did not update cross-reference citations to conform to the redesignated sections. A subsequent notice updated some, but not all, cross-reference citations. VA is now updating the remaining non- substantive, cross-reference citations for clarity and accuracy.	2017-03329	https://www.federalregister.gov/documents/2017/02/21/2017-03329/veterans-benefits-administration-loan-guaranty-technical-corrections	https://www.gpo.gov/fdsys/pkg/FR-2017-02-21/pdf/2017-03329.pdf	2/21/2017
Cost of Living Adjustments Effective December 1, 2016	Notice	As required by law, the Department of Veterans Affairs (VA) is hereby giving notice of cost-of-living adjustments (COLAs) in certain benefit rates and income limitations. These COLAs affect the pension, and parents' dependency and indemnity compensation (DIC) programs. The rate of the adjustment is tied to the increase in Social Security benefits effective December 1, 2016, as announced by the Social Security Administration (SSA). SSA has announced an increase of 0.3%.	2017-04356	https://www.federalregister.gov/documents/2017/03/07/2017-04356/cost-of-living-adjustments-effective-december-1-2016	https://www.gpo.gov/fdsys/pkg/FR-2017-03-07/pdf/2017-04356.pdf	3/7/2017
Enhanced-Use Lease of U.S. Department of Veterans Affairs (VA) Real Property for the Development of Permanent Supportive Housing Facility at the VA Greater Los Angeles Healthcare System-West Los Angeles, Los Angeles, California	Notice	The Secretary of VA intends to enter into an EUL for the purpose of utilizing Building 209, located on the grounds of the VA Greater Los Angeles Healthcare System--West Los Angeles Campus, Los Angeles, California, and consisting of 55 housing units of permanent supportive housing for Veterans. The EUL lessee, Veterans Housing Partnership, LLC, will finance, design, manage, operate, and maintain, permanent supportive housing for eligible homeless Veterans, or Veterans at risk of homelessness, and their families. Additionally, the Developer/Lessee will be required to provide supportive services that guide Veteran residents towards long-term independence and self-sufficiency.	2017-05449	https://www.federalregister.gov/documents/2017/03/20/2017-05449/enhanced-use-lease-of-us-department-of-veterans-affairs-v-a-real-property-for-the-development-of	https://www.gpo.gov/fdsys/pkg/FR-2017-03-20/pdf/2017-05449.pdf	3/20/2017

Release of VA Records Relating to HIV	Rule	The Department of Veterans Affairs (VA) is amending its medical regulations governing the release of VA medical records. Specifically, VA is eliminating the restriction on sharing a negative test result for the human immunodeficiency virus (HIV) with veterans' outside providers. HIV testing is a common practice today in healthcare and the stigma of testing that may have been seen in the 1980s when HIV was first discovered is no longer prevalent. Continuing to protect negative HIV tests causes delays and an unnecessary burden on veterans when VA tries to share electronic medical information with the veterans' outside providers through electronic health information exchanges. For this same reason, VA will also eliminate restrictions on negative test results of sickle cell anemia. This final rule eliminates the current barriers to electronic medical information exchange.	2017-05799	https://www.federalregister.gov/documents/2017/03/23/2017-05799/release-of-va-records-relating-to-hiv	https://www.gpo.gov/fdsys/pkg/FR-2017-03-23/pdf/2017-05799.pdf	3/23/2017
Cost of Living Adjustments for Service-Connected Benefits	Notice	As required by the Veterans' Compensation COLA Act of 2016, the Department of Veterans Affairs (VA) is hereby giving notice of adjustments in certain benefit rates. These adjustments affect the compensation program.	2017-06059	https://www.federalregister.gov/documents/2017/03/28/2017-06059/cost-of-living-adjustments-for-service-connected-benefits	https://www.gpo.gov/fdsys/pkg/FR-2017-03-28/pdf/2017-06059.pdf	3/28/2017
Increase in Maximum Tuition and Fee Amounts Payable Under the Post-9/11 GI Bill	Notice	The purpose of this notice is to inform the public of the increase in the Post-9/11 GI Bill maximum tuition and fee amounts payable and the increase in the amount used to determine an individual's entitlement charge for reimbursement of a licensing, certification, or national test for the 2017-2018 academic year (August 1, 2017-July 31, 2018).	2017-06192	https://www.federalregister.gov/documents/2017/03/29/2017-06192/increase-in-maximum-tuition-and-fee-amounts-payable-under-the-post-911-gi-bill	https://www.gpo.gov/fdsys/pkg/FR-2017-03-29/pdf/2017-06192.pdf	3/29/2017
Conflicting Interests Certification for Proprietary Schools Comment Request	Notice	The Department of Veterans Affairs (VA) published a collection of information notice in a Federal Register on Wednesday, March 8, 2017 that contained an error. The intent was to publish a 60-day Public Comment notice. However, the notice incorrectly stated an insert date 30 days after date of publication in the Federal Register in the DATES section. This document corrects the error by updating the public comment date.	2017-06572	https://www.federalregister.gov/documents/2017/04/04/2017-06572/conflicting-interests-certification-for-proprietary-schools-comment-request	https://www.gpo.gov/fdsys/pkg/FR-2017-04-04/pdf/2017-06572.pdf	4/4/2017
VA Dental Insurance Program	Rule	This document revises Department of Veterans Affairs (VA) medical regulations to reflect the codification of the authority for the VA Dental Insurance Program (VADIP), a program through which VA contracts with private dental insurers to offer premium-based dental insurance to enrolled veterans and certain survivors and dependents of veterans. The VA Dental Insurance Reauthorization Act of 2016 codified the authority of the VADIP, and this final rulemaking accordingly revises the authority citation in the VA medical regulations that implement VADIP.	2017-06579	https://www.federalregister.gov/documents/2017/04/04/2017-06579/va-dental-insurance-program	https://www.gpo.gov/fdsys/pkg/FR-2017-04-04/pdf/2017-06579.pdf	4/4/2017
Compliance Inspection Report	Notice	The Department of Veterans Affairs (VA) published a collection of information notice in the Federal Register on Wednesday, April 5, 2017 that contained an error. The 60-day Public Comment notice identified of the wrong title for the Agency Information Collection Activity. This document corrects the notice by replacing the title in error: ``Compliance Report" with the correct title: ``Credit Underwriting Standards and Procedures for Processing VA Guaranteed Loans."	2017-07480	https://www.federalregister.gov/documents/2017/04/13/2017-07480/compliance-inspection-report	https://www.gpo.gov/fdsys/pkg/FR-2017-04-13/pdf/2017-07480.pdf	4/13/2017
Notice of Availability of a Final Environmental Impact Statement for a Replacement Robley Rex Veterans Affairs Medical Center, Louisville, Kentucky	Notice	The Department of Veterans Affairs (VA) announces the availability of the Final Environmental Impact Statement (EIS) for the siting, construction, and operation of a new campus to replace the existing Robley Rex VA Medical Center (VAMC), Veterans Benefits Administration (VBA) regional office, and three community-based outpatient clinics (CBOC) in Louisville, Kentucky. Pursuant to the National Environmental Policy Act (NEPA) of 1969, as amended, the Council on Environmental Quality's (CEQ's) regulations for implementing the procedural provisions of NEPA, and VA's NEPA regulations titled ``Environmental Effects of the Department of Veterans Affairs Actions," VA has considered comments received on the Draft EIS, which was issued in October 2016 and identifies VA's preferred alternative in the Final EIS.	2017-08562	https://www.federalregister.gov/documents/2017/04/28/2017-08562/notice-of-availability-of-a-final-environmental-impact-statement-for-a-replacement-robley-rex	https://www.gpo.gov/fdsys/pkg/FR-2017-04-28/pdf/2017-08562.pdf	4/28/2017

Status of Dependents Questionnaire	Notice	The Department of Veterans Affairs (VA) published a collection of information notice in the Federal Register on Monday, January 23, 2017 that contained an error. The 60-day Public Comment notice identified the wrong title for the Agency Information Collection Activity. This document serves as Notice for change of the title: ``Status of Dependents Questionnaire" with the revised title: ``Mandatory Status of Dependents."	2017-08929	https://www.federalregister.gov/documents/2017/05/03/2017-08929/status-of-dependents-questionnaire	https://www.gpo.gov/fdsys/pkg/FR-2017-05-03/pdf/2017-08929.pdf	5/3/2017
Extension of Pharmacy Copayments for Medications	Rule	The Department of Veterans Affairs (VA) notifies the public that an interim final rule freezing medication copayments for veterans in priority groups 2 through 8, published on December 7, 2016, was superseded by a final rule amending its regulations concerning copayments that published on December 12, 2016. The interim final rule received no public comments	2017-09081	https://www.federalregister.gov/documents/2017/05/05/2017-09081/extension-of-pharmacy-copayments-for-medications	https://www.gpo.gov/fdsys/pkg/FR-2017-05-05/pdf/2017-09081.pdf	5/5/2017
Payment or Reimbursement for Certain Medical Expenses for Camp Lejeune Family Members	Rule	The Department of Veterans Affairs (VA) adopts as final an interim final rule addressing payment or reimbursement of certain medical expenses for family members of Camp Lejeune veterans. Under this rule, VA reimburses family members, or pays providers, for medical expenses incurred as a result of certain illnesses and conditions that may be associated with contaminants present in the base water supply at U.S. Marine Corps Base Camp Lejeune (Camp Lejeune), North Carolina, from August 1, 1953, to December 31, 1987. Payment or reimbursement is made within the limitations set forth in statute and Camp Lejeune family members receive hospital care and medical services that are consistent with the manner in which we provide hospital care and medical services to Camp Lejeune veterans. The statutory authority has since been amended to also include certain veterans' family members who resided at Camp Lejeune, North Carolina, for no less than 30 days (consecutive or nonconsecutive) between August 1, 1953, and December 31, 1987. This final rule will reflect that statutory change and will address public comments received in response to the interim final rule.	2017-09163	https://www.federalregister.gov/documents/2017/05/05/2017-09163/payment-or-reimbursement-for-certain-medical-expenses-for-camp-lejeune-family-members	https://www.gpo.gov/fdsys/pkg/FR-2017-05-05/pdf/2017-09163.pdf	5/5/2017
Notice of Intent To Prepare a Programmatic Environmental Impact Statement for the Department of Veterans Affairs, VA Greater Los Angeles Healthcare System (GLAHS), West Los Angeles Medical Center Campus, Proposed Master Plan for Improvements and Reconfiguration	Notice	VA intends to prepare a programmatic Environmental Impact Statement (EIS) for proposed improvements to and reconfiguration of the VA West Los Angeles Medical Center Campus (WLA). The WLA is part of the larger VA Greater Los Angeles Healthcare System (GLAHS) which serves tens of thousands of unique Veterans in Kern, Los Angeles, San Luis Obispo, Santa Barbara, and Ventura Counties	2017-10158	https://www.federalregister.gov/documents/2017/05/19/2017-10158/notice-of-intent-to-prepare-a-programmatic-environmental-impact-statement-for-the-department-of	https://www.gpo.gov/fdsys/pkg/FR-2017-05-19/pdf/2017-10158.pdf	5/19/2017
VA Homeless Providers Grant and Per Diem Program	Notice	The Department of Veterans Affairs (VA) announces the availability of 1-year renewal funding for the 16 currently-operational fiscal year (FY) 2016 VA Homeless Providers Grant and Per Diem (GPD) Program Special Need Grant recipients and their collaborative VA Special Need partners (as applicable), to enable them to submit renewal applications for assistance under the Special Need Grant component of VA's Homeless Providers GPD Program. The focus of this NOFA is to encourage applicants to continue to deliver services to the homeless special-need Veteran population. This NOFA contains information concerning the program, application process, and amount of funding available.	2017-10657	https://www.federalregister.gov/documents/2017/05/24/2017-10657/va-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2017-05-24/pdf/2017-10657.pdf	5/24/2017
Notice of Intent To Grant an Exclusive License	Notice	Notice is hereby given that the Department of Veterans Affairs (VA), Office of Research and Development, Technology Transfer Program, intends to grant to Avicenna Medical, Inc., 3090 Dhu Varren Court, Ann Arbor, MI 48105, an exclusive license to the know-how documented in VA Invention Disclosure number 2016-186, titled ``Med Rec Tool Plus (Navigator Tool)." The tool is a series of algorithms, embodied in software applications, to improve medication reconciliation. Currently, medical reconciliation is one of the most onerous and dangerous aspects of discharge (and admission). The tool streamlines the process of medication reconciliation, leaves fewer opportunities for error, and provides the patient with a clear and concise medication list upon discharge.	2017-11140	https://www.federalregister.gov/documents/2017/05/31/2017-11140/notice-of-intent-to-grant-an-exclusive-license	https://www.gpo.gov/fdsys/pkg/FR-2017-05-31/pdf/2017-11140.pdf	5/31/2017

Fisher Houses and Other Temporary Lodging	Rule	The Department of Veterans Affairs (VA) is amending its regulations concerning Fisher House and other temporary lodging furnished by VA while a veteran is experiencing an episode of care at a VA medical facility. Such lodging is generally furnished at no cost to veterans' relatives, close friends, and caregivers, because VA's experience has shown that veterans' treatment outcomes are improved by having loved ones nearby. The final rule updates current regulations and better describes the application process for this lodging along with generally reflecting current VA policy and practice.	2017-11888	https://www.federalregister.gov/documents/2017/06/08/2017-11888/fisher-houses-and-other-temporary-lodging	https://www.gpo.gov/fdsys/pkg/FR-2017-06-08/pdf/2017-11888.pdf	6/8/2017
Expanded Delegation Authority for Procedures Related to Representation of Claimants	Rule	The Department of Veterans Affairs (VA) is amending its regulations on representation of claimants for VA benefits to specifically permit additional delegations of authority within the Office of the General Counsel (OGC), update the titles of certain individuals and offices in OGC, and make a minor procedural clarification. These amendments are necessary to allow OGC to streamline the procedures related to representation of claimants and to ensure correct titles of certain individuals and offices in OGC are reflected in the regulations. In addition, a procedural clarification is being made by adding a sentence that was inadvertently omitted from a previous final rule.	2017-11977	https://www.federalregister.gov/documents/2017/06/09/2017-11977/expanded-delegation-authority-for-procedures-related-to-representation-of-claimants	https://www.gpo.gov/fdsys/pkg/FR-2017-06-09/pdf/2017-11977.pdf	6/9/2017
VA Veteran-Owned Small Business Verification Guidelines	Rule	This document implements a portion of the Veterans Benefits, Health Care, and Information Technology Act of 2006, which requires the Department of Veterans Affairs (VA) to verify ownership and control of veteran-owned small businesses (VOSBs), including service-disabled veteran-owned small businesses (SDVOSBs) in order for these firms to participate in VA acquisitions set-aside for SDVOSB/VOSBs. This rule contains a minor revision to require re-verification of SDVOSB/VOSB status once every three years rather than biennially. The purpose of this change is to reduce the administrative burden on SDVOSB/VOSBs regarding participation in VA acquisitions set asides for these types of firms.	2017-14600	https://www.federalregister.gov/documents/2017/07/12/2017-14600/va-veteran-owned-small-business-verification-guidelines	https://www.gpo.gov/fdsys/pkg/FR-2017-07-12/pdf/2017-14600.pdf	7/12/2017
Disciplinary Appeals Board Panel	Notice	This notice announces that the roster of employees on the Disciplinary Appeals Board Panel is available for review and comment. Employees, employee organizations, and other interested parties shall be provided, without charge, a list of the names of employees on the Panel upon request and may submit comments concerning the suitability for service on the Panel of any employee whose name is on the list.	2017-14980	https://www.federalregister.gov/documents/2017/07/18/2017-14980/disciplinary-appeals-board-panel	https://www.gpo.gov/fdsys/pkg/FR-2017-07-18/pdf/2017-14980.pdf	7/18/2017
Fund Availability Under the Grants for Transportation of Veterans in Highly Rural Areas Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds under the Grants for Transportation of Veterans in Highly Rural Areas program. This Notice of Funding Availability (Notice) contains information concerning the Grants for Transportation of Veterans in Highly Rural Areas program, grant renewal application process, and amount of funding available.	2017-15167	https://www.federalregister.gov/documents/2017/07/19/2017-15167/fund-availability-under-the-grants-for-transportation-of-veterans-in-highly-rural-areas-program	https://www.gpo.gov/fdsys/pkg/FR-2017-07-19/pdf/2017-15167.pdf	7/19/2017
Ensuring a Safe Environment for Community Residential Care Residents	Rule	The Department of Veterans Affairs (VA) adopts as final, with changes, a proposed rule governing the approval of a community residential care facility (CRC). The final rule prohibits a CRC from employing an individual who has been convicted in a court of law of certain listed crimes within 7 years of conviction, or has had a finding within 6 months entered into an applicable State registry or with the applicable licensing authority concerning abuse, neglect, mistreatment of individuals or misappropriation of property. The CRC is required to conduct an individual assessment of suitability for employment for any conviction or finding outside either the 7 year or 6 month parameters. The CRCs is also required to develop and implement written policies and procedures that prohibit mistreatment, neglect, and abuse of residents and misappropriation of resident property. The CRC must report and investigate any allegations of abuse or mistreatment. The CRC must also screen individuals who are not CRC residents, but have direct access to a veteran living in a CRC. In addition, we are amending the rule regarding the maximum number of beds allowed in a resident's bedroom. VA published the proposed rule on November 12, 2015, and we received four public comments. We also received correspondence from a federal agency with recommendations. This final rule responds to public comments and feedback from that federal agency.	2017-15519	https://www.federalregister.gov/documents/2017/07/25/2017-15519/ensuring-a-safe-environment-for-community-residential-care-residents	https://www.gpo.gov/fdsys/pkg/FR-2017-07-25/pdf/2017-15519.pdf	7/25/2017

Ensuring a Safe Environment for Community Residential Care Residents; Correction	Rule	The Department of Veterans Affairs is correcting a final rule that added to its medical regulations new standards that must be met by a Community Residential Care facility seeking approval by VA that was published in the Federal Register on July 25, 2017.	2017-16034	https://www.federalregister.gov/documents/2017/07/31/2017-16034/ensuring-a-safe-environment-for-community-residential-care-residents-correction	https://www.gpo.gov/fdsys/pkg/FR-2017-07-31/pdf/2017-16034.pdf	7/31/2017
Fisher Houses and Other Temporary Lodging; Correction	Rule	The Department of Veterans Affairs is correcting a final rule that eliminated the use of VA Form 10-0408A when veterans receiving treatment or care seek temporary lodging at a VA Fisher House for their relatives, close friends, or caregivers that was published in the Federal Register (82 FR 26592) on June 8, 2017.	2017-16196	https://www.federalregister.gov/documents/2017/08/02/2017-16196/fisher-houses-and-other-temporary-lodging-correction	https://www.gpo.gov/fdsys/pkg/FR-2017-08-02/pdf/2017-16196.pdf	8/2/2017
Loan Guaranty: Vendee Loan Fees	Rule	This document adopts as final a proposed rule of the Department of Veterans Affairs (VA) Loan Guaranty Service to amend its regulations to establish reasonable fees that VA may charge in connection with the origination and servicing of vendee loans made by VA. Fees mentioned in this rulemaking are consistent with those charged in the private mortgage industry, and such fees will help VA to ensure the sustainability of this vendee loan program. The loans that will be subject to the fees are not veterans' benefits. This rule will also ensure that all direct and vendee loans made by the Secretary are safe harbor qualified mortgages.	2017-16106	https://www.federalregister.gov/documents/2017/08/02/2017-16106/loan-guaranty-vendee-loan-fees	https://www.gpo.gov/fdsys/pkg/FR-2017-08-02/pdf/2017-16106.pdf	8/2/2017
Schedule for Rating Disabilities; Dental and Oral Conditions	Rule	This document amends the Department of Veterans Affairs (VA) Schedule for Rating Disabilities by revising the portion of the schedule that addresses dental and oral conditions. The effect of this action is to ensure that the rating schedule uses current medical terminology and to provide detailed and updated criteria for evaluation of dental and oral conditions for disability rating purposes.	2017-16132	https://www.federalregister.gov/documents/2017/08/03/2017-16132/schedule-for-rating-disabilities-dental-and-oral-conditions	https://www.gpo.gov/fdsys/pkg/FR-2017-08-03/pdf/2017-16132.pdf	8/3/2017
Notice of Request for Information To Assist the Department of Veterans Affairs To Determine the Feasibility and Need for Providing Interments in Veterans' National Cemeteries on Saturdays and Sundays	Notice	The Department of Veterans Affairs (VA) is requesting feedback to assist in implementing section 304 of the Jeff Miller and Richard Blumenthal Veterans Health Care and Benefits Improvement Act of 2016, which requires VA to conduct a study on the feasibility and need for providing increased interments in VA national cemeteries on Saturdays and Sundays. This notice requests comments from interested parties to help inform VA as it conducts this study, to include specific questions for comment with regard to the perceived need for such increased interments.	2017-16721	https://www.federalregister.gov/documents/2017/08/09/2017-16721/notice-of-request-for-information-to-assist-the-department-of-veterans-affairs-to-determine-the	https://www.gpo.gov/fdsys/pkg/FR-2017-08-09/pdf/2017-16721.pdf	8/9/2017
Loan Guaranty: Loans To Purchase Manufactured Homes; Correction	Rule	On July 14, 1993, the Department of Veterans Affairs (VA) published a final rule in the Federal Register amending its manufactured home loan guaranty regulations to comply with certain provisions of the Veterans' Home Loan Program Improvements and Property Rehabilitation Act of 1987. That document erred in redesignating certain paragraphs in the regulatory provision pertaining to maximum loan amounts and terms. This document corrects that final rule.	2017-18037	https://www.federalregister.gov/documents/2017/08/28/2017-18037/loan-guaranty-loans-to-purchase-manufactured-homes-correction	https://www.gpo.gov/fdsys/pkg/FR-2017-08-28/pdf/2017-18037.pdf	8/28/2017
Cost-Based and Inter-Agency Billing Rates for Medical Care or Services Provided by the Department of Veterans Affairs	Notice	This document updates the Cost-Based and Inter-Agency billing rates for medical care or services provided by the Department of Veterans Affairs (VA) that apply in certain circumstances.	2017-18219	https://www.federalregister.gov/documents/2017/08/29/2017-18219/cost-based-and-inter-agency-billing-rates-for-medical-care-or-services-provided-by-the-department-of	https://www.gpo.gov/fdsys/pkg/FR-2017-08-29/pdf/2017-18219.pdf	8/29/2017

Notice of Intent To Grant an Exclusive License	Notice	Notice is hereby given that the Department of Veterans Affairs (VA), Office of Research and Development, Technology Transfer Program, intends to grant to the Arizona Board of Regents, for and on behalf of Northern Arizona University (NAU), 1395 South Knoles Drive, PO Box 4087, Flagstaff, AZ 86011-4087, an exclusive license to U.S. Patent No. 9,457,009 ("Methods and Compositions for Preventing and Treating Auditory Dysfunctions") and related patent applications associated with VA Invention Disclosure number 10-148, titled, "Otoprotective Uncaria Tomentosa." The invention provides methods for treating auditory impairments in a subject in need of treatment comprising administering to said subject an effective amount of a composition comprising, as an active agent, one or more of a carboxy alkyl ester, a quinic acid derivative, a caffeic acid derivative, a ferulic acid derivative, or a quinic acid lactone or derivative thereof or pharmaceutically acceptable salt thereof and an acceptable carrier or excipient, so as to treat auditory impairments in the subject. Ultimately, this invention provides a novel therapeutic option for otoprotection and/or hearing recovery following injury.	2017-18370	https://www.federalregister.gov/documents/2017/08/30/2017-18370/notice-of-intent-to-grant-an-exclusive-license	https://www.gpo.gov/fdsys/pkg/FR-2017-08-30/pdf/2017-18370.pdf	8/30/2017
Disposition of Enhanced-Use Leased Property at the U.S. Department of Veterans Affairs (VA)-Brecksville, Ohio, Campus Known as 10000 Brecksville Road, Brecksville, OH 44141	Notice	The Secretary of Veterans Affairs intends to dispose of approximately 102 acres of property at the VA Medical Center in Brecksville, Ohio, which is currently being leased by the City of Brecksville. The Secretary has determined that VA no longer needs such property, and that a transfer to the City of Brecksville of all right, title, and interest of the United States in the property would be in the best interest of VA.	2017-18519	https://www.federalregister.gov/documents/2017/09/01/2017-18519/disposition-of-enhanced-use-leased-property-at-the-us-department-of-veterans-affairs-va-brecksville	https://www.gpo.gov/fdsys/pkg/FR-2017-09-01/pdf/2017-18519.pdf	9/1/2017
Supportive Services for Veteran Families Program	Rule	The Department of Veterans Affairs (VA) is amending its regulations that govern the Supportive Services for Veteran Families (SSVF) Program. This rulemaking clarifies VA's procedures for continuing to fund SSVF Program services in communities that have lost grants due to the non-renewal or termination of services of an existing award to a grantee. VA can now award the non-renewed or deobligated funds to other existing SSVF grantees in or near the affected community. This award of non-renewed or deobligated funds prevents potential access issues associated with grant termination. This rulemaking also reduces the number of satisfaction surveys grantees are required to provide to participants in order to reduce the burden on grantees and participants.	2017-18574	https://www.federalregister.gov/documents/2017/09/01/2017-18574/supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2017-09-01/pdf/2017-18574.pdf	9/1/2017
Public Availability of the Department of Veterans Affairs Fiscal Year (FY) 2015 Service Contract Inventory Report and FY 2016 Service Contract Proposed Analysis	Notice	In accordance with Section 743 of Division C of the Consolidated Appropriations Act of 2010, Department of Veterans Affairs is publishing this notice to advise the public of the availability of the FY 2015 Service Contract Inventory Analysis Report and FY 2016 proposed analysis. The FY 2015 analysis report discusses the methodology, analysis, and special interest functions studied from the FY 2015 inventory, as well actions, planned and taken, to address any identified weaknesses or challenges. The inventory information is organized by function to show how contracted resources are distributed throughout the agency. The report and inventory were developed in accordance with guidance issued on November 5, 2010, and updated on December 19, 2011, by the Office of Management and Budget's Office of Federal Procurement Policy (OFPP). OFPP's guidance is available at http://www.whitehouse.gov/omb/procurement-service-contract-inventories . The Department of Veterans Affairs has posted the report, inventory, and a summary of the inventory on the Department of Veterans Affairs, Office of Procurement Policy Web site at the following link: www.va.gov/oal/business/pps/scaInventory.asp . This information is also publicly available at www.acquisition.gov/service-contract-inventory , where the government-wide inventory can be filtered to display the Department of Veterans Affairs inventory data.	2017-19228	https://www.federalregister.gov/documents/2017/09/12/2017-19228/public-availability-of-the-department-of-veterans-affairs-fiscal-year-fy-2015-service-contract	https://www.gpo.gov/fdsys/pkg/FR-2017-09-12/pdf/2017-19228.pdf	9/12/2017

Employees Whose Association With For-Profit Educational Institutions Poses No Detriment to Veterans	Notice	The Department of Veterans Affairs (VA) intends to waive the application of applicable Federal regulations (see SUPPLEMENTARY INFORMATION) for all VA employees who receive any wages, salary, dividends, profits, gratuities, or services from, or own any interest in, a for-profit educational institution in which an eligible person or veteran is pursuing a program of education under a VA education benefits program.	2017-19480	https://www.federalregister.gov/documents/2017/09/14/2017-19480/employees-whose-association-with-for-profit-educational-institutions-poses-no-detriment-to-veterans	https://www.gpo.gov/fdsys/pkg/FR-2017-09-14/pdf/2017-19480.pdf	9/14/2017
Reasonable Charges for Inpatient MS-DRGs and SNF Medical Services; v3.22, Fiscal Year 2018 Update	Notice	This document updates the acute inpatient and the skilled nursing facility (SNF)/sub-acute inpatient facility charges. The updated charges are based on the 2018 Medicare severity diagnosis related groups (MS-DRG).	2017-20423	https://www.federalregister.gov/documents/2017/09/25/2017-20423/reasonable-charges-for-inpatient-ms-drgs-and-snf-medical-services-v322-fiscal-year-2018-update	https://www.gpo.gov/fdsys/pkg/FR-2017-09-25/pdf/2017-20423.pdf	9/25/2017
Employees Whose Association With For-Profit Educational Institutions Poses No Detriment to Veterans	Notice	The Department of Veterans Affairs (VA) published a Notice of intent and request for comments in the Federal Register on September 14, 2017. This document withdraws the Notice of intent and request for comments that published in the Federal Register on September 14, 2017.	2017-22352	https://www.federalregister.gov/documents/2017/10/16/2017-22352/employees-whose-association-with-for-profit-educational-institutions-poses-no-detriment-to-veterans	https://www.gpo.gov/fdsys/pkg/FR-2017-10-16/pdf/2017-22352.pdf	10/16/2017
Veterans' Mortgage Life Insurance-Coverage Amendment	Rule	This document amends Department of Veterans Affairs (VA) regulations governing the Veterans' Mortgage Life Insurance (VMLI) program in order to provide VMLI-eligible individuals the option to lower their premiums by purchasing less than the minimum coverage amount required under current VA regulations. The final rule also amends current VA regulations to reflect that the statutory maximum amount of coverage available under the VMLI program was previously increased to \$200,000, to define the term "eligible individual," and to clarify that eligibility for VMLI coverage has been extended to include servicemembers as well as veterans.	2017-22667	https://www.federalregister.gov/documents/2017/10/19/2017-22667/veterans-mortgage-life-insurance-coverage-amendment	https://www.gpo.gov/fdsys/pkg/FR-2017-10-19/pdf/2017-22667.pdf	10/19/2017
Notice of Availability of a Record of Decision for a Replacement Robley Rex Department of Veterans Affairs Medical Center, Louisville, Kentucky	Notice	The Department of Veterans Affairs (VA) announces the availability of the Record of Decision (ROD) for the siting, construction, and operation of a new campus to replace the existing Robley Rex VA Medical Center (VAMC), and three community-based outpatient clinics in Louisville, Kentucky. VA considered comments received on the Draft EIS issued in October 2016; identified VA's preferred alternative in the Final EIS issued on April 28, 2017; and hereby incorporates by reference the Final EIS into the ROD.	2017-22842	https://www.federalregister.gov/documents/2017/10/20/2017-22842/notice-of-availability-of-a-record-of-decision-for-a-replacement-robley-rex-department-of-veterans	https://www.gpo.gov/fdsys/pkg/FR-2017-10-20/pdf/2017-22842.pdf	10/20/2017
Extension of the Presumptive Period for Compensation for Gulf War Veterans	Rule	The Department of Veterans Affairs (VA) is issuing this final rule to affirm its adjudication regulations regarding compensation for disabilities resulting from undiagnosed illnesses suffered by veterans who served in the Persian Gulf War. This amendment is necessary to extend the period during which disabilities associated with undiagnosed illnesses and medically unexplained chronic multi-symptom illnesses must become manifest in order for a Veteran to be eligible for compensation. The intended effect of this amendment is to provide consistency in VA adjudication policy, preserve certain rights afforded to Persian Gulf War (GW) veterans, and ensure fairness for current and future GW veterans.	2017-22970	https://www.federalregister.gov/documents/2017/10/24/2017-22970/extension-of-the-presumptive-period-for-compensation-for-gulf-war-veterans	https://www.gpo.gov/fdsys/pkg/FR-2017-10-24/pdf/2017-22970.pdf	10/24/2017
Funding Availability: Homeless Providers Grant and Per Diem Program	Notice	VA is announcing the availability of per diem funds to eligible entities to provide transitional housing beds under VA's Homeless Providers GPD Program models. VA expects to fund 1,500 beds with this NOFA for applicants who will use one or a combination of the following housing models: Bridge Housing, Low Demand, Hospital-to-Housing, Clinical Treatment, and Service-Intensive Transitional Housing and Service Centers.	2017-23906	https://www.federalregister.gov/documents/2017/11/02/2017-23906/funding-availability-homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2017-11-02/pdf/2017-23906.pdf	11/2/2017
Schedule for Rating Disabilities; The Endocrine System	Rule	This document amends the Department of Veterans Affairs (VA) Schedule for Rating Disabilities (VASRD) by revising the portion of the Schedule that addresses endocrine conditions and disorders of the endocrine system. The effect of this action is to ensure that the VASRD uses current medical terminology and to provide detailed and updated criteria for evaluation of endocrine disorders.	2017-23044	https://www.federalregister.gov/documents/2017/11/02/2017-23044/schedule-for-rating-disabilities-the-endocrine-system	https://www.gpo.gov/fdsys/pkg/FR-2017-11-02/pdf/2017-23044.pdf	11/2/2017

Homeless Veterans	Rule	The Department of Veterans Affairs (VA) is amending its regulations that govern homeless veterans to conform to recent statutory requirements. VA is amending the definition of homeless veterans by including veterans who would otherwise be ineligible to receive certain benefits because of their length of service or type of discharge from the Armed Forces. This rule will also increase the payment of per diem in cases where homeless veterans are placed in transitional housing that will become permanent housing. This final rule is an essential part of VA's attempts to eliminate homelessness among the veteran population.	2017-23945	https://www.federalregister.gov/documents/2017/11/03/2017-23945/homeless-veterans	https://www.gpo.gov/fdsys/pkg/FR-2017-11-03/pdf/2017-23945.pdf	11/3/2017
Funding Availability Under Supportive Services for Veteran Families Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for supportive services grants under the Supportive Services for Veteran Families (SSVF) Program. This Notice of Fund Availability (NOFA) contains information concerning the SSVF Program, renewal supportive services grant application processes, and the amount of funding available. Awards made for supportive services grants will fund operations beginning October 1, 2018.	2017-24118	https://www.federalregister.gov/documents/2017/11/06/2017-24118/funding-availability-under-supportive-services-for-veteran-families-program	https://www.gpo.gov/fdsys/pkg/FR-2017-11-06/pdf/2017-24118.pdf	11/6/2017
Homeless Providers Grant and Per Diem Program	Notice	The Department of Veterans Affairs (VA) is announcing the availability of funds for assistance under the Per Diem Only component of VA's Homeless Providers Grant and Per Diem (GPD) Program. This Notice of Funding Availability (NOFA) encourages reapplication for those applicants who seek to continue providing ``Transition in Place" (TIP) grants and new applicants that will serve the homeless Veteran population through a TIP housing model to facilitate housing stabilization. This Notice contains information concerning the program, funding priorities, application process, and amount of funding available.	2017-24086	https://www.federalregister.gov/documents/2017/11/06/2017-24086/homeless-providers-grant-and-per-diem-program	https://www.gpo.gov/fdsys/pkg/FR-2017-11-06/pdf/2017-24086.pdf	11/6/2017
Ecclesiastical Endorsing Organizations	Rule	The Department of Veterans Affairs (VA) is amending its medical regulations by establishing in regulation the eligibility requirements that ecclesiastical endorsing organizations must meet in order to provide ecclesiastical endorsements of individuals seeking employment as VA chaplains, or of individuals who are seeking to be engaged by VA under contract or appointed as on-facility fee basis VA chaplains under the United States Code. VA considers veterans' spiritual care an integral part of their overall health care. As such, VA is committed to providing qualified VA chaplains to address the veterans' spiritual needs by engaging chaplains that are ecclesiastically endorsed. Ecclesiastical endorsement certifies that the individual is qualified to perform all the religious sacraments, rites, rituals, ceremonies and ordinances needed by members of a particular faith.	2017-24320	https://www.federalregister.gov/documents/2017/11/08/2017-24320/ecclesiastical-endorsing-organizations	https://www.gpo.gov/fdsys/pkg/FR-2017-11-08/pdf/2017-24320.pdf	11/8/2017
VA Vocational Rehabilitation and Employment Nomenclature Change for Position Title-Revision	Rule	The Department of Veterans Affairs (VA) published a final rule in the Federal Register on May 2, 2016, which amended a number of regulations in the Code of Federal Regulations (CFR) to authorize personnel hired by VA's Vocational Rehabilitation and Employment (VR&E) Service under the title ``Vocational Rehabilitation Counselor" (VRC) to make the same determinations with respect to Chapter 31 services and benefits as personnel who had been hired under the title ``Counseling Psychologist" (CP). The preamble to that final rule cited supporting documents inaccurately and failed to properly explain the qualifications for and duties of this VR&E position responsible for making determinations with respect to Chapter 31 services and benefits. This interim final rule corrects those inaccuracies, more clearly explains the basis for the final rule, and invites public comment on the changes made to VA's regulations in the May 2, 2016, final rule.	2017-24949	https://www.federalregister.gov/documents/2017/11/17/2017-24949/va-vocational-rehabilitation-and-employment-nomenclature-change-for-position-title-revision	https://www.gpo.gov/fdsys/pkg/FR-2017-11-17/pdf/2017-24949.pdf	11/17/2017
Reimbursement for Caskets and Urns for Burial of Unclaimed Remains in a National Cemetery or a VA-funded State or Tribal Veterans' Cemetery	Notice	The Department of Veterans Affairs (VA) is updating the monetary reimbursement rates for caskets and urns purchased for the interment in a VA national cemetery or a VA-funded state or tribal veterans' cemetery of Veterans who die with no known next of kin and where there are insufficient resources for furnishing a burial container. The purpose of this notice is to notify interested parties of the rates that will apply to reimbursement claims that occur during calendar year (CY) 2018.	2017-25067	https://www.federalregister.gov/documents/2017/11/20/2017-25067/reimbursement-for-caskets-and-urns-for-burial-of-unclaimed-remains-in-a-national-cemetery-or-a	https://www.gpo.gov/fdsys/pkg/FR-2017-11-20/pdf/2017-25067.pdf	11/20/2017

Allowance for Private Purchase of an Outer Burial Receptacle in Lieu of a Government-Furnished Graveliner for a Grave in a VA National Cemetery	Notice	The Department of Veterans Affairs (VA) is updating the monetary allowance payable for qualifying interments that occur during calendar year 2018, which applies toward the private purchase of an outer burial receptacle (or "graveliner") for use in a VA national cemetery. The allowance is equal to the average cost of Government-furnished graveliners less any administrative costs to VA. The purpose of this Notice is to notify interested parties of the average cost of Government-furnished graveliners, administrative costs that relate to processing and paying the allowance and the amount of the allowance payable for qualifying interments that occur during calendar year 2018.	2017-26262	https://www.federalregister.gov/documents/2017/12/06/2017-26262/allowance-for-private-purchase-of-an-outer-burial-receptacle-in-lieu-of-a-government-furnished	https://www.gpo.gov/fdsys/pkg/FR-2017-12-06/pdf/2017-26262.pdf	12/6/2017
Extra-Schedular Evaluations for Individual Disabilities	Rule	The Department of Veterans Affairs (VA) amends its adjudication regulation pertaining to extra-schedular consideration of a service-connected disability in exceptional compensation cases. This rule clarifies that an extra-schedular evaluation is to be applied to an individual service-connected disability when the disability is so exceptional or unusual that it makes application of the regular rating schedule impractical. An extra-schedular evaluation may not be based on the combined effect of more than one service-connected disability. For the reasons set forth in the proposed rule and in this final rule, VA is adopting the proposed rule as final, with two changes, as explained below.	2017-26523	https://www.federalregister.gov/documents/2017/12/08/2017-26523/extra-schedular-evaluations-for-individual-disabilities	https://www.gpo.gov/fdsys/pkg/FR-2017-12-08/pdf/2017-26523.pdf	12/8/2017
Reasonable Charges for Medical Care or Services; v3.23, 2018 Calendar Year Update and National Average Administrative Prescription Drug Charge Update	Notice	This Department of Veterans Affairs (VA) notice updates the data for calculating the "Reasonable Charges" collected or recovered by VA for medical care or services. This notice also updates the "National Average Administrative Prescription Costs" for purposes of calculating VA's charges for prescription drugs that were not administered during treatment, but provided or furnished by VA to a veteran.	2017-26950	https://www.federalregister.gov/documents/2017/12/14/2017-26950/reasonable-charges-for-medical-care-or-services-v323-2018-calendar-year-update-and-national-average	https://www.gpo.gov/fdsys/pkg/FR-2017-12-14/pdf/2017-26950.pdf	12/14/2017
Loan Guaranty: Assistance to Eligible Individuals in Acquiring Specially Adapted Housing; Cost-of-Construction Index	Notice	The Department of Veterans Affairs (VA) announces that the aggregate amounts of assistance available under the Specially Adapted Housing (SAH) grant program will increase by 4.88 percent for Fiscal Year (FY) 2018.	2017-27162	https://www.federalregister.gov/documents/2017/12/18/2017-27162/loan-guaranty-assistance-to-eligible-individuals-in-acquiring-specially-adapted-housing	https://www.gpo.gov/fdsys/pkg/FR-2017-12-18/pdf/2017-27162.pdf	12/18/2017
Publication of the Date on Which All Amounts Deposited in the Veterans Choice Fund Will Be Exhausted	Notice	The Veterans Access, Choice, and Accountability Act of 2014, Public Law 113-146, as amended, directs the Department of Veterans Affairs (VA) to publish in the Federal Register the date on which the Secretary will have exhausted all amounts deposited in the Veterans Choice Fund. This Federal Register Notice is VA's publication of <u>this date</u> .	2017-27376	https://www.federalregister.gov/documents/2017/12/20/2017-27376/publication-of-the-date-on-which-all-amounts-deposited-in-the-veterans-choice-fund-will-be-exhausted	https://www.gpo.gov/fdsys/pkg/FR-2017-12-20/pdf/2017-27376.pdf	12/20/2017
Cost of Living Adjustments Effective December 1, 2017	Notice	As required by law, the Department of Veterans Affairs (VA) is hereby giving notice of cost-of-living adjustments (COLA) in certain benefit rates and income limitations. These COLAs affect the pension and parents' dependency and indemnity compensation (DIC) programs. The rate of the adjustment is tied to the increase in Social Security benefits effective December 1, 2017, as announced by the Social Security Administration (SSA). SSA has announced an increase of 2.0 percent.	2017-27992	https://www.federalregister.gov/documents/2017/12/28/2017-27992/cost-of-living-adjustments-effective-december-1-2017	https://www.gpo.gov/fdsys/pkg/FR-2017-12-28/pdf/2017-27992.pdf	12/28/2017
Cost-of-Living Adjustments Effective December 1, 2017	Notice	As required by law, the Department of Veterans Affairs (VA) is hereby giving notice of cost-of-living adjustments (COLA) in certain benefit rates. These COLAs affect the dependency and indemnity compensation (DIC) program. The rate of the adjustment is tied to the increase in Social Security benefits, effective December 1, 2017, as announced by the Social Security Administration (SSA). SSA has announced an increase of 2.0 percent.	2017-27991	https://www.federalregister.gov/documents/2017/12/28/2017-27991/cost-of-living-adjustments-effective-december-1-2017	https://www.gpo.gov/fdsys/pkg/FR-2017-12-28/pdf/2017-27991.pdf	12/28/2017
