Dear Ms. Biden:

The House Committee on Oversight and Accountability (Oversight Committee) and the House Committee on the Judiciary (Judiciary Committee, and with the Oversight Committee, the Committees) are investigating whether sufficient grounds exist to draft articles of impeachment against President Biden for consideration by the full House. Along with House Ways and Means Chairman Jason Smith, we set forth in a September 27, 2023 memorandum the evidence justifying the inquiry and the scope of this impeachment investigation.¹

The Oversight Committee has reviewed bank records of individuals and entities associated with the Biden family as well as other evidence. This review uncovered a pattern of financial complexity. As detailed in the Impeachment Memorandum² and the Oversight Committee's Bank Memoranda, the Biden family used corporate bank accounts of third-party associates to receive wires from foreign companies and foreign nationals.³ The Biden business associates then dispersed money to various Biden family members in incremental payments over time.⁴

Evidence also shows that President Biden was at least aware of some of his family's business ventures and sought to influence potential business deals that financially benefited his family. Indeed, a Biden business associate, Devon Archer, testified how the Biden "brand" was used in retaining business, and that Joe Biden met with some of the foreign nationals who paid his family.⁵ The Committees have identified you as possessing information relevant to their investigation and seek your testimony regarding these and other related topics. This request is made pursuant to that inquiry.

⁵ Transcript of Devon Archer, H. Comm. on Oversight & Accountability (July 31, 2023).

In particular, the Committees have reviewed bank records that show you have received tens of thousands of dollars from Hunter Biden's domestic and international business associates. For example, bank records show that in March 2017 Robinson Walker, LLC wired \$25,000 to you, which originated from an entity affiliated with the Chinese energy company CEFC, State Energy HK Limited.⁶ Through a similar series of complicated financial transactions, Joe Biden also received proceeds from CEFC entities in 2018.⁷ Additionally, you received \$10,000 from the Robinson Walker, LLC account in February 2017 after payments from a Cypriot company—Bladon Enterprises Limited—controlled by the Romanian business associate of Hunter Biden, Gabriel Popoviciu.⁸ The Committees seek to understand the services you and others provided to these foreign nationals and their companies in connection with these payments.

As part of their investigation, the Committees also seek to craft legislative solutions aimed at deficiencies they have identified in the current legal framework regarding ethics laws and the disclosure of financial interests related to the immediate family members of Vice Presidents and Presidents—deficiencies that may place American national security and interests at risk. Specifically, the Committees are concerned that foreign nationals appear to have sought access and influence by engaging in lucrative business relationships with high-profile political figures' immediate family members.

The Committees are investigating the national security implications of a Vice President's or President's (and candidates for such offices) immediate family members receiving millions of dollars from foreign nationals, foreign companies, or foreign governments without any oversight. Current financial disclosure laws and regulations do not require non-dependent family members of senior elected officials to provide any information to the public. The Committees are seeking meaningful reforms to government ethics and disclosure laws that will provide necessary transparency into a Vice President's or President's immediate family members' income, assets, and financial relationships.

The Committees also intend to craft legislation that would strengthen reporting requirements related to certain foreign transactions involving senior elected officials' family members and that would implement robust financial disclosure requirements that shed light on ownership of opaque corporate entities. Moreover, in order to prevent financial transactions from being structured in a way to evade oversight, the Committees are examining whether certain reporting requirements, including any new reporting requirements for senior elected officials' family members, should extend for a period of time after a President or Vice President leaves office.

The Committees aim to draft legislation that delivers more transparency to the American people, deters foreign interests from attempting to obtain influence over and access to the highest levels of the federal government by entering into business deals with Presidential and Vice-Presidential family members, discourages such family members from profiting from their relative's public service, and ensures the nation is safe from our foreign adversaries.

Accordingly, we request you make yourself available for a transcribed interview with Committee counsel. If you have any questions regarding this interview, please coordinate with James Mandolfo and Jake Greenberg with Oversight Committee staff at (202) 225-5074 and Steve Castor with Judiciary Committee staff at (202) 225-6906. Please contact staff by November 15, 2023, to schedule the interview.

Thank you for your prompt attention to this important investigation.

Sincerely,

James Comer
