The Honorable Tina Kotek

State of Oregon

Dr. Sejal Hathi  
Director  
Oregon Health Authority

Salem, OR 97301

Dear Governor Kotek and Director Hathi:

The Committee on Oversight and Government Reform is continuing its oversight of the Biden Administration’s open-border policies, their devastating social and fiscal impact on American citizens, and critical federally funded health care programs and services. Specifically, the Committee is investigating waste, fraud and abuse in several Medicaid programs due to the Biden Administration’s failure to enforce U.S. immigration laws and the resulting expansion of benefits for illegal aliens. According to the Congressional Budget Office, federal and state taxpayers paid more than \$16.2 billion to provide Medicaid-funded emergency services to illegal aliens during the first three years of the Biden Administration as a result of the influx.<sup>1</sup> The Committee requests documents and communications related to the state of Oregon’s Medicaid program.

Medicaid provides critical health coverage for America’s most vulnerable citizens — low-income families, children, pregnant women, seniors, and individuals with disabilities.<sup>2</sup> It is “jointly funded by the states and federal government” and “[t]he federal government pays states for a specified percentage of program medical expenditures [].”<sup>3</sup> Federal Medicaid funding is “generally only available for limited Medicaid coverage necessary for treatment of an emergency medical condition, including emergency labor and delivery, and not related to an organ transplant procedure, for individuals who meet all Medicaid eligibility requirements except satisfactory immigration status.”<sup>4</sup>

To determine how federal money is being used to pay for health care and other services for illegal aliens in the aftermath of the Biden Administration’s disastrous immigration policies,
