Chief Executive Officer
Planned Parenthood Great Northwest, Hawai'i, Alaska, Indiana, Kentucky

Dear Ms. Gibron:

The Subcommittee on Delivering on Government Efficiency is investigating Planned Parenthood Federation of America, Inc. (Planned Parenthood) and its affiliates' provision of abortion services and "gender affirming care" for minors. On June 13, 2025, the Subcommittee sent a letter to Planned Parenthood requesting documents and communications related to the increased provision of abortion services and the provision of gender affirming care services to minors without parental consent.¹ As of now—nearly one year later—Planned Parenthood has yet to fully comply with the Subcommittee's letter and provide the requested documents and communications.

Planned Parenthood received nearly \$800 million in federal funds in fiscal year (FY) 2023² and is the second largest provider of gender hormone therapies in the United States.³ The Subcommittee is concerned that Planned Parenthood and its affiliates, including Planned Parenthood Great Northwest, Hawai'i, Alaska, Indiana, Kentucky (PPGNHAIK), may be commingling federal funds and using them for unpermitted purposes. It is imperative that federal funds provided to Planned Parenthood via Title X of the Public Health Service Act (Title X), Medicaid, and the Children's Health Insurance Program (CHIP) are administered in compliance with applicable laws and regulations.⁴

Therefore, the Subcommittee seeks documents and information from PPGNHAIK about its delivery of these services and stewardship of taxpayer funds. To assist the Subcommittee's oversight of this matter, we request the following information, covering the period January 1, 2020, to present, as soon as possible but no later than June 1, 2026:
